VOL. 41 NO 20 | OFFICIAL CITY PAPER | WRIGHT COUNTY, IOWA—THURSDAY, FEBRUARY 18, 1960 | OFFICIAL COUNTY PAPER | 14 PAGES THIS ISSUE

2-14-85

MAIN STREET

BY PAT, DICK, DUANE

If it has struck you that there have been one heck of a lot of tank cars on various and sundry tracks in the General Mills vicinity the past week or so, you may give yourself "A" for perceptiveness. There HAVE been. "The General" has been making up a complete half-train of 40 cars of soybean oil for shipment to a single purchaser, the Bunge Corporation of New York. The General Mills office says this is by all odds the biggest single oil order the local plant has ever filled. Two or three carloads is customarily looked upon as a "big" order.

Apparently the switchmen responsible for loading the cars and making up the train were a bit overwhelmed by the whole proposition. A couple of tank cars were shoved through the block adjacent to the bridge just south of the M. & St. L. crossing and one of 'em pretty near ended up in the river!

Mill officials weren't too concerned over this development, as it was the M. & St. L.'s problem to solve. They were simply glad to see so much oil moved off their hands in one fell swoop. The market hasn't been so hot. Explanation of the large order is that special freight rates are allowed for a full or half-train shipment, with further concessions if the shipment is for export — which this one is. Its immediate destination, as it departed Wednesday, was New Orleans. Presumably the oil was due for ship delivery to a number of foreign ports from there.

Ward Martin handed us this clip from the Lake Park News, which he thinks ought to give the most of us pause for a bit of contemplation: "These days there are too many people in too many cars in too much of a hurry going in too many directions to nowhere for nothing."

We hope our good friend John Van Der Linden, editor of the Northwood Anchor, won't take offense if we admit that we got a chuckle out of an editorial he ran last week on attending basketball games. He opened with, "Have you been to a basketball game recently?" The editorial then continued, "If you haven't, you should — and we don't mean to see the boys play basketball (although you'll certainly enjoy that).

"But parents — and other oldsters — may easily forget what tremendous enthusiasm young people generate at these games — screaming when their team makes a basket, moaning when a crucial score is missed, cheering their team to greater efforts. The din is terrific — and wonderful!"

What amused us was the fact that the Anchor reports sports only in the high school news section, in extremely brief form — and, sometimes, not at all. Several times we've looked carefully for the details of a Northwood game and couldn't find a word about it. Perhaps The Independent goes a bit overboard on sports coverage; but we figure that's one section that will interest some readers if none of the rest of the paper does.

Last week we sent to all boxholders in Rowan and on the Rowan rural route sample copies of The Independent carrying the picture of Rowan High's fine basketball team and the story on its achievements this season. (We note that the Trojans were spilled Friday night by Thornton, 58-43, giving the Cerro Gordo quintet the regular season Iowa Westfork conference championship; Rowan had earlier won the IWC tournament title.)

It pleased us to receive from Mrs. Bob Avery at Rowan a note of thanks for the picture, expressing appreciation of "all the Rowan people" for the recognition given the Trojans and their coach, Bob Isenhower.

Mrs. Avery added, "So many of us in this community wish you would consider having a regular Rowan column. I'm sure you would have many more Rowan subscribers than ever before." We wish Mrs. Avery and other Rowan friends to know that nothing would please us more; but present mechanical limitations make this impossible. We hope the day will come when we CAN add Rowan to our "family."

From Mrs. Eva Olson comes an appreciated word of thanks for The Independent's very willing efforts to publicize the 1959 Christmas seal sale of the Wright County Tuberculosis and Health association in Belmond.

She says, "The Culture Study club and I (she served as campaign chairman — most capably, we might observe) wish to thank you for the publicity given during the Christmas seal campaign."

Mrs. Olson then adds that this year's local sale was the second highest on record, reaching a total of $719.40 compared to 1958's $613.81 and the all-time high of $733.95 in '56. . . . A good job well done, ladies!

Nassen Gets Job At Missile Plant

Paul Nassen, son of Mr. and Mrs. H. M. Nassen, on Monday of last week went to work for the Martin Aviation company at its missile plant at Denver, Colo., in a secretarial position. He had been working in the shoe department of the May company's department store at Denver, previously.

His brother Harlan is also a Martin employee, having taken a job at the missile plant a year ago last September. Prior to joining the Martin company, Harlan had graduated from the University of Colorado at Boulder with a Bachelor's degree in both electrical engineering and business administration.

Paul had had two years at St. Olaf college, Northfield, Minn., before going to Denver last fall.

PLEA FOR RAIL CROSSING SAFETY DEVICES ANSWERED

● ● ● ● ● ●

M. & St. L. Installs Blinker Signals

Now in operation at the M. & St. L. crossing on south River avenue are new electrical warning signals to advise traffic on Highway 69 when a train is approaching. A determined campaign to induce the railroad to install such signals was launched by the Chamber of Commerce and the city administration nearly five years ago after two fatal accidents and several less serious mishaps had occurred at the crossing.

On Dec. 21, 1955, a 21-year-old Clarion truck driver, Kenneth Hennigar, was crushed to death in the cab of a cattle truck when he rammed a switch engine so hard that it was derailed. Less than three months later a Des Moines woman, Goldie Beasy, 42, died of a crushed chest two hours after colliding with the side of an engine at the same spot.

Since numerous local people had had narrow escapes from accidents at the same location, indignation reached a high pitch with the second death and demands for a warning signal became sharply insistent.

A promise that such a signal would be installed was made by the M. & St. L. two or three years ago, but earlier commitments delayed the installation until early this year.

Preliminary work of installing electrical connections and doing other preparatory work took about a month's time, before it was possible to put the signals on both the east and west sides of the crossing into operation last weekend.

Shown by one of the new signals is Maurice "Barney" Dillon, state highway commission employee, who was an interested onlooker as the time neared to give the signals their initial test. In background are railroad section men who were part of the installation crew.

OH, THE EAGLES THEY FLY HIGH!

Probably a poll Wednesday morning at Osage High school on expelling Britt from the North Iowa conference would have brought a 100 per cent favorable vote. For Tuesday night, the Eagles "did it again."

Last fall, Britt handed Osage its only NIC football loss and forced the Imps into sharing the gridiron title with the Eagles and Belmond. Tuesday night the Britt cagers pulled the conference season's biggest shocker by nosing out Osage 63 to 62.

This left Belmond in position to stake exclusive claim to the NIC basketball crown if the Broncos can take the measure of Garner here tomorrow night.

Bob Nielsen and Jim Bartik, who had led the Eagles to their gridiron triumph over Osage, played key roles again Tuesday. Each scored 17 points. John VanVoorhis paced the Imps with 18. Britt led at the half 31-30.

Broncs vs. Alden Tuesday Evening

Next week will find Belmond's Broncos on the tournament trail. They are slated to meet Alden at the Franklin Consolidated gymnasium at 8:15 p. m. Tuesday. Alden has enjoyed one of its best seasons ever.

Last week the Redskins lost the second game of their current campaign, bowing to Williams 64 to 45. Williams, ranked 6th among the state's Class B teams, has been beaten only by Blairsburg — who in turn has twice been defeated by Rowan.

Alden has a pair of tall boys, who have paced the Hardin county team to their fine record.

Belmond is in the same bracket as Clarion, who opens play Monday night against Dows. Should Coach Lou Cilliers' Cowboys post a victory as predicted, Clarion would then be matched with Franklin Consolidated at 8:15 Wednesday.

The lower bracket semi-final game is scheduled for 8:15 p. m. Thursday. In the upper bracket, the strong Rockwell-Swaledale team rates as probable favorite, with Sheffield, Kanawha, Iowa Falls and Hampton completing the field.

New ASC Policy On Corn Sampling

Because of the increasing cost of corn sampling, the Wright county ASC office wishes to announce that it is changing its policy of taking samples.

If a producer wishes to seal his corn, he must bring a sample to the county office for each crib he wishes sealed.

The county office will then inform the sealers if the corn is dry enough to be sealed. This also applies to the first time a producer calls a sealer.

Award Highlight of Ladies Night—

Lions Name Cecil Carstens '59 "Man of Year"

Cecil Carstens, division commercial manager for the Iowa Electric Light and Power company, Monday at the annual Ladies Night dinner of the Lions club was named Belmond's "Man of the Year" for 1959. A group of approximately 75 Lions and guests at Costa's restaurant near Mason City heartily applauded the selection, which had been unanimous on the part of the club at a meeting held last month.

Mayor L. T. "Bud" Trafford served as master-of-ceremonies for the after-dinner program. He introduced Roy Carwell, president of the Lions; Duane Arnold of Cedar Rapids, general manager of IEL&P; and H. O Sandberg, division manager for the utilities company at Garner.

Both Mr. Arnold and Mr. Sandberg expressed their thorough approval of the Lions' choice for "Man of the Year" and spoke highly of Mr. Carstens' loyalty to his company and his civic-mindedness.

Duane Dewel, editor-publisher of the Kossuth County Advance at Algona, was speaker of the evening. He pointed up a number of shortcomings of our present-day political activities, basing his remarks on three terms in the Iowa legislature as state senator from the 49th District.

He spoke of his admiration for the late Clark McNeal, whom he had assisted as a member of the legislative investigating committee on election procedures. He said that a number of highly pertinent discoveries still lie hidden in the files of this committee which promise to create a sensation at such time as they are made public.

Mr. Dewel remarked on the increasing difficulty in getting truly capable men to run for public office and offered several explanations of why this has become the case. He also spoke in a humorous vein of some of the trials and tribulations of a candidate running for office.

In identifying Mr. Carstens as Belmond's "Man of the Year," Mr. Trafford pointed out that the choice was based less on the recipient's civic contributions during the past year than on the great accumulation of services he has willingly and efficiently performed for his community in the nearly 20 years of his residence in Belmond.

Mr. Carstens is a past president of the Lions club and has been a dependable leader in many of its activities. He has served as president of the Community Chest Council and was chairman of one of the Chest's distinctly successful fund campaigns.

JCC "Exhausted Rooster"

Although beyond the age limit for membership in the Junior Chamber of Commerce, he has been a valued aide of that organization in his capacity of an "Exhausted Rooster." This is the official title the Jaycees bestow on older men who give generously of their time and efforts to the JCC.

"Cec" has also been active in the Chamber of Commerce and served on its planning board for a year. In the years Red Cross and Boy Scout funds were independently solicited, before the Comunity Chest was formed, he assisted in fund-raising drives of both organizations.

He has held the office of finance chairman on the Camp Fire Girls Council for six years and annually directs the Camp Fire candy sale. In 1956 he was a member of the Belmond Centennial committee and gave innumerable hours toward making the centennial celebration a success.

Past Master of Masons

Mr. Carstens is a Past Master of King Solomon Masonic lodge and was a member of the building committee at the time the new Methodist church was in the planning stage.

His services to his community have extended far beyond those required by formal assignments and committee responsibilities that have fallen his lot since he came to Belmond in November of 1940. Because of his unflagging readiness to perform any civic task needing to be done, it has become virtually automatic on Main street when a necessary job isn't getting done to suggest, "Get 'Cec' to do it."

● ● ● ● ● ●

CARSTENS CONGRATULATED BY IEL&P MANAGER ARNOLD

New Ordinances In This Issue

Attention of the Independent's readers is called to the full publication of Belmond's new zoning-planning ordinance and new ordinance governing sub-divisions which appears on pages 3 and 4 of this issue. Publication is required by law, that citizens of this community may have full opportunity to acquaint themselves with the provisions of newly adopted ordinances. Admittedly, it would be quite a chore to read the ordinances in entirety; but perusal of them is recommended. Headings will help direct the reader's attention to any aspects in which he has particular interest. The Independent has provided a zoning map of the city which will help give one an understanding of how districts for specific purposes have been set up.

"Farm Programs" Night Class Topic

Aaron Bowman, Wright county extension director, will discuss the controversial subject of "Farm Programs" at the weekly meeting of the night school class in agriculture to be held next Monday. As usual, the class will meet at 7:30 p. m. at the high school shop building.

Effects of past programs upon agriculture, and what might have transpired in the absence of these programs, will be duscussed by Mr. Bowman.

Darwin Schroder, class director, says, "A discussion will also be held on the farm outlook in the complete absence of a farm program — a possibility that is within the realm of reality if certain political factions should have their way."

Consideration will also be given the proper objectives of a farm program and what effect such a program would have on prices.

School Hires New Phys. Ed. Teacher

Mrs. Donald Howell of Goldfield has been hired by the Belmond Community School board to fill the position of instructor in girls' physical education for the balance of the current school year.

She is replacing Frances Rasmussen, who plans to marry soon and resigned.

Mrs. Howell, wife of a Goldfield insuranceman, is a 1942 graduate of Eagle Grove High school. She later resumed her schooling, graduating from Eagle Grove Junior college in 1948 and in 1950 completing work for a Bachelor of Arts degree in physical education from Iowa State Teachers college, Cedar Falls.

She has not previously taught.

McGrann Funeral Conducted at EG

Funeral services were held Monday of last week at Eagle Grove for Owen McGrann of Wilmar, Minn., brother of Mrs. A. C. Hinman. The rites were conducted at Saquety funeral chapel with Dr. Thomas Hoover of the Congregational church officiating.

On Sunday evening, memorial rites for Mr. McGrann were held by the Eagle Grove Masonic lodge.

Attending the funeral from Belmond in addition to Mrs. Hinman were Mr. and Mrs. Stephen Hinman, Mr. and Mrs. Robert Hinman, Mr. and Mrs. George Hinman and Mr. and Mrs. Gunnar Ahlstrom.

School Bonds Go On Sale Feb. 23

Sale of Belmond Community School district's $575,000 in bonds for construction of the new high school is scheduled for Tuesday evening of next week. Sealed bids will be accepted up to 8:00 o'clock that night, at which time they will be opened and referred to the board, which will be assembled to consider the offers.

It is the school directors' intention to sell the bonds to the highest bidder for cash if a satisfactory offer is made and is approved by the Des Moines legal firm of Bannister, Carpenter, Ahlers and Cooney, the school district's legal counsel in this matter.

Mrs. Al Mennenga, president of the board, says the directors decided upon endeavoring to sell the bonds at this time because few such issues are being offered right now — which might improve the market for them.

In addition, financial experts are predicting a further upturn in interest rates later in the year and the board hopes a satisfactory sale of the bonds can be achieved before that trend materializes.

It is taken for granted that the interest consideration on this issue of bonds will run considerably higher than the rates prevailing when bonds to build Ramsay Elementary, and later to build the Goodell school and the bus barn and shop building, were sold.

HOMEBUILDERS FOOD SALE

The Homebuilders club will hold a food sale Saturday morning at the P&G grocery. Selling will begin at 9:00 o'clock.

Cub Pack Charter Presented Monday

A highlight of the grade school Parent-Teachers association meeting held Monday evening was presentation of the charter of Cub Scout Pack 16 to the PTA, its institutional sponsor.

In addition, a plaque was presented showing that all Cubs in the Pack are subscribers to the official Scout magazine, Boy's Life. The subscriptions were paid for from proceeds of last year's Cub Scout Penny Carnival.

Tickets for all local Den Mothers and their husbands for attendance at Monday night's Scout Recognition Dinner of Winnebago Council were provided by the PTA. This event was held at Holy Family church, Mason City.

Guy McClenahan, Cub Scout committee chairman, and Mrs. McClenahan also attended the dinner, pinch-hitting for Cubmaster Carl Trager and his wife, who were unable to be present.

All seven Cub Scout Dens met Tuesday night at the hot lunch room for the monthly Pack meeting of Cubs and their parents. Hereafter the Pack meetings will be held regularly on the second Monday of each month, the next meeting to be on March 14.

Harold Buseman Finishing Course

Harold Buseman, son of Mr. and Mrs. Lester Buseman, is among 39 students on the Iowa State university campus at Ames who on Wednesday of next week will complete a course on farm operations that has been offered during the winter quarter.

Subjects studied included livestock feeding, selection and marketing, farm crops, soils and farm management. The courses carry college credit.

A 1959 graduate of Belmond High school, Harold is assisting his father in operation of the family farm.

Jaycees to Honor Bosses at Dinner

Next Monday evening the Belmond Junior Chamber of Commerce will present its annual "Distinguished Service" award and a plaque to the "Outstanding Jaycee" of the year as a highlight of the organization's annual Bosses' Night dinner at Veterans' Memorial hall.

Recipients of these awards a year ago were George Sharp and Al Korthas, respectively.

Main speaker on the program will be Max Hibbs of Marshalltown, a past president of the Iowa Junior Chamber of Commerce. He recently attended the international convention of the JCC at Rio de Janeiro, Brazil, and will bring the local Jaycees a report on its proceedings along with other news of the Junior Chamber movement.

Other distinguished guests expected to be present are: Dean Arbuckle, Marshalltown, current state president of the Jaycees; Bob St. Clair, Mason City, state vice president for the district in which Belmond is located; and Jim Karsjens, Fort Dodge, National JCC director.

As customary, employers of the Jaycees will also be special guests at Monday night's event.

Farm Bureau Working On 3-Point National Program

"A three-point program to boost farm income is being worked out by the American Farm Bureau Federation," according to Tory Nodland of Kanawha, District 2 Farm Bureau director. These three points were emphasized at a district meeting of county Farm Bureau national policy committees in Mason City last Thursday.

Farmers from Kossuth, Winnebago, Worth, Mitchell, Hancock, Cerro Gordo, Floyd, Butler, Franklin, Wright and Humboldt counties attended the meeting.

Mr. Nodland says, "First, we're for freezing our storable surpluses so they won't be fed back on the market, depressing prices. This is necessary if farmers are to receive higher prices. The storable surplus would only be used in foreign aid programs and other ways outside of the regular markets.

"Second, Farm Bureau is insisting on a 60 million acre land retirement program to balance current production with demand. To cut our surplus, we have to cut production.

"Taking land from production is cheaper in the long run than paying storage costs and it helps conserve our national resources for future use.

"Third, we are for price supports on storable commodities at levels that help cushion the market, add stability to the market — and allow farmers to market crops on an orderly market."

Attending the Mason City meeting from Wright county were the following members of the county Farm Bureau's national policy committee: Jack Burt, Rowan, chairman: Olaf Watne and Lyle Lewellyn, Galt; Dale Bubeck and Jim White, Clarion; Jay Legvold, Eagle Grove; and Donald Mrazek, Goldfield. Mr. Watne is present president of the Wright County Farm Bureau.

PLAN DIRECTORS' MEETING

Executive committee of the Wright County Tuberculosis and Health association met in Clarion on Wednesday evening of last week to draft the 1960 budget and lay plans for the annual meeting of directors.

MRS. LUICK BREAKS HIP

Mrs. Bill Luick fell Wednesday of last week and broke her hip. She is a patient at the University of Iowa Children's hospital, Iowa City, and would appreciate mail from her friends.

GGD Greenbacks Go Unclaimed

As the mercury crept downward Tuesday afternoon, all this week's Cash Gift Day prizes stayed "frozen." Not a single winning number was turned in. The award total will be kept at $250 for next Tuesday, permitting the posting of six $25 prizes at 2:00 p. m. and a couple of $50's at 3:00 o'clock.

25 from Belmond Earn Top Ratings

Twenty-five Belmond junior high and grade school instrumental musicians received Division I, or "superior," ratings at the 4th annual Grade School Music Festival conducted last Saturday at Mason City. All of Belmond's remaining 10 entries received "excellent," or Division II ratings.

A total of 1,638 students from 57 schools participated in the festival, sponsored by Mason City High school and supervised by its band director, Paul Behm.

Belmond entrants rated "superior" were: Jeanne Finn and Sue Wilmarth, flute: Barbara Packard, oboe; Jon Hruska and Holly Dahlgran, bassoon; Kristine Thompson, Carol Watkins, Karol Thompson, Pamela Modderman, Debbie Boller, Lynnette Tomson and Kathy Jenison, clarinet.

Also Bill Schubert and Pamela Meints, saxophone; Jerry Green, Norma Watne, Candy McClenahan, Janice Porter, Alan Hattel and Blair Brandmeyer, cornet; Rochelle Fuller, French horn; Jim Erickson and Dudley Bonte, trombone; and Jane Hill, snare drum.

Recipients of "excellent" ratings were: Merry Bamford, flute; Jolene Vanness, Marilyn King, Kristin McNeal and Joan Leinbach, clarinet; Sharon Fuller, bass clarinet; Diane Hauge, Lee Roberts and Glenn Fuller, cornet; and Rhonda Kamm, trombone.

Boelman New Soil Commissioner—

R&T Awards to Two Belmond Farms

Conservation projects on two farms in the Belmond vicinity were given recognition at the biennial dinner meeting of the Wright County Soil Conservation district held Wednesday of last week at the Clarion Methodist church.

Receiving Des Moines Register and Tribune Conservation Awards from the soil district's farm-planner, Bob Locke, were: Mrs. Erma Leonard and her tenant, Herman Heimstra, for the best one-year owner-tenant conservation project; and Don Fraser of Ames, who with his tenant, Roger Toft, won the award for the best long range owner-tenant project. Both of the farms involved are located west of Belmond.

Mr. and Mrs. Paul Thul, who farm southwest of Clarion, got the county R&T award for the best project on an owner-operated farm. They also received a nine-county regional award on this project.

Major business at the meeting was the election of a new soil commissioner to succeed Hubert Heimstra of Norway township, who retires next month after having served 10 years on the commission. Jelto "Jake" Boelman of Belmond was chosen as Mr. Heimstra's successor. Continuing on the commission are Boyd Patterson of Dows and Grant Nesheim of Goldfield.

Both Mr. Heimstra and the intended speaker, Dr. Charles Brown, geologist on the staff of the University of Iowa, were prevented by the day's snowstorm from arriving for the meeting. Mr. Heimstra had been attending a meeting on soil drainage at SUI and neither of the men was able to make it from Iowa City.

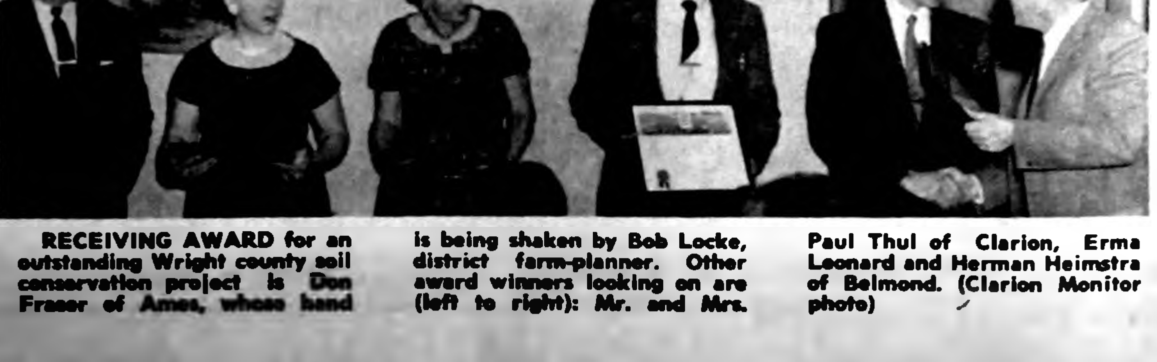
Mr. Nesheim conducted the meeting and Mr. Lock pinch-hit as speaker. All ministers in the county had been invited as special guests. Musical entertainment was provided on the electric organ and accordion by young Stephen and David Hinman of Belmond.

In a report on soil conservation activities in Wright county, Mr. Locke said that 60 miles of tile drain was installed on 103 different farms during the past year. Federal assistance was obtained to meet the cost on most of these drainage installations, he added.

He also told something of the variety of soil types and conservation problems existing in the county. To the end of attacking these problems, some eight to 10 thousand acres of new soil mapping is undertaken by the conservation district each year and to date 127,000 acres have been mapped in detail.

Conservation work in the county during 1959 included contour farming of 500 acres and the construction of two miles of terraces. Also, a considerable number of grassed waterways were shaped and seeded to prevent erosion. Mrs. Leonard's project featured the building of a large farm pond. It was stocked with fish and its margins planted with shrubbery to provide shelter for wildlife.

● ● ● ● ● ●



RECEIVING AWARD for an outstanding Wright county soil conservation project is Don Fraser of Ames, whose hand is being shaken by Bob Locke, district farm-planner. Other award winners looking on are (left to right): Mr. and Mrs. Paul Thul of Clarion, Erma Leonard and Herman Heimstra of Belmond. (Clarion Monitor photo)

Certificate of Merit Winner—

Mary Lu Cox Scholarship Finalist

Mary Lu Cox, Belmond High school senior, has been named a finalist in the 1959-60 competition of the National Merit Scholarship Corporation program and has been awarded a Certificate of Merit, according to Principal Ernest Doeringsfeld.

Miss Cox, daughter of Mr. and Mrs Luin Cox, distinguished herself by her high scores on two college aptitude tests used in the National Merit Scholarship competition. About six-tenths of one per cent of the seniors in each state received the awards. A national total of 10,000 students were honored.

Over 550,000 students were tested in the 1959-60 National Merit Scholarship competition, which began last April. The test results have pared the competitors down to 10,000 finalists, from which the Merit Scholars will be selected.

They, and the colleges they have chosen, will share in the several million dollars in Merit Scholarship funds to be offered by over 110 different organizations and individuals and by the corporation itself. The winners will be announced about April 27.

At an earlier stage of the competition the names of all who had reached the semi-finals of the competition were published in a booklet which has been widely distributed to colleges, universities and other scholarship agencies for consideration of other scholarships offered outside of the Merit Program.

Previous experience indicates that the finalists will be offered some $2.5 million worth of freshman-year scholarship assistance from these sources, in addition to the awards made to those selected as Merit Scholars.

Merit scholarships are four-year awards, and carry stipends that range from $100 a year to $1,500 a year. Each stipend is individually determined on the basis of need. The amount is based upon family resources, summer earnings and college costs, all of which vary for each winner.

No Merit Scholar may accept other major scholarship assistance in addition to his Merit Scholarship stipend, a rule followed by most private scholarship donors.

MUELLER STUDIO PHOTO—

ZEROING IN FOR A KISS after crowning the BHS 1960 Basketball Queen, Linda Wolters, Co-Captain Lynn Jenison is shown about to exercise the prerogatives of his team position at last Friday night's coronation ceremonies. Crowning of the queen was highlight of the intermission program held between halves of the Northwood-Belmond basketball game. Miss Wolters is a senior and the daughter of Mr. and Mrs. Elwin Wolters. A bouquet of roses was presented to her by Roger Ginapp, who shares the team captaincy with Lynn; and her scepter of office was received by Linda from the retiring queen, Judy Larson.

ALEXANDER NEWS

MRS. H. B. JANSSEN

Jr. Hi Musicians Shine at Festival

Six Alexander students who participated in the Junior High Music Festival at Mason City received Division I or "superior" ratings. Marilyn Junker, music instructor for the Alexander school, took 10 of her junior high musicians to the event.

Winning top ratings were: Don Latham, Gene Pastour, Kathy Hensel, Dilene Bradley, Paul Hoekstra and Charles Scott. All of the other four entrants got Division II or "excellent" ratings. They were Vivian Blewett, Dwight Aldinger, Ilene Burger and Merle Bailey.

Mr. and Mrs. George Blau were Sunday dinner guests in Fort Dodge at the home of Mr. and Mrs. Bernard Hayden and visited a niece who had undergone surgery at the Lutheran hospital, Mrs. Ray Sullivan of Fort Dodge. Mrs. Gussie Stoffer of Belmond was a supper guest of the Blaus.

Mr. and Mrs. W. H. Tinkey were Sunday visitors at the home of Mr. and Mrs. Frank Ostendorf at Ventura.

Mr. and Mrs. Ross Riggins were Sunday visitors at Dougherty at the home of Mr. and Mrs. Hubert Merrick.

Mrs. Ogretta Reed of Dows was a Friday forenoon visitor at the home of Mr. and Mrs. John Hill.

Mrs. Marvin Hopkey and Mrs. Keith Meyers were among those attending the 4-H training school at Hampton Monday.

Mr. and Mrs. W. C. Westaby, the Keith Myers, Marlo Westaby, Fred Bruns and Max Bruns families were among those attending the 40th wedding anniversary Sunday of Mr. and Mrs. Fred Stadtlander at the Coulter hall.

Farm Bureau Ladies Met At Dohrmann Home, Latimer

The Franklin county Farm Bureau met at Latimer Friday at the home of Mrs. Ted Dohrmann. Thirteen ladies were present. Mrs. Lavern Plagge gave the lesson on "Men's Clothing." Lunch was served by the hostess.

Guest Minister Speaks At Race Relations Service

Race Relations Day was observed at the Community Methodist church Sunday forenoon. Rev. O. E. Blanks of Mason City gave the sermon. He had exchanged pulpits with Rev. B. R. Price, local pastor. Rex Aldinger read a letter from a former pastor, Rev. C. R. Buckwalter of Storm Lake, who had visited Rust college in Mississippi.

Mrs. Minnie Eden was a Sunday dinner guest at the Mervin Reese home at Rowan. Mr. and Mrs. Else Eden of Waterloo were last Sunday guests of Mr. and Mrs. Hannas Pals.

COMMUNITY METHODIST CHURCH

Rev. B. R. Price, pastor
Church school 10:00 a. m.
Morning worship 11:00 a. m.

Thursday, 7:30 p. m. — Regular meeting of M. Y. F.

Feb. 29 — Father-Son banquet.

REFORMED CHURCH

Rev. J. Hoekstra, Pastor
Morning worship 9:30 a. m.
Sunday school 10:45 a. m.

Monday, 7:30 p. m. — Teachers' training course.

Wednesday, 7:00 p. m. Catechism classes Grades 1-9. 8:00 p. m. 10th grade catechism.

Thursday, Feb. 18 at 7:30 p. m. — Young People's League. Topic: "Light Africa." Leader: Sandra Blau.

Thursday, 8:30 p. m. (this week) Choir meeting following League.

Mr. and Mrs. Richard Schmidt and Mrs. D. R. Schmidt went to Des Moines Thursday and brought Walter Schmidt home from the hospital where he had undergone surgery on Monday.

Mrs. Dallas Schear was honored at a coffee Monday afternoon for her birthday anniversary. Several neighbor ladies came to her home.

Mr. and Mrs. L. B. Bell and Mr. and Mrs. F. N. Larsen visited Saturday at the J. W. Veeder home at Hampton.

The Dallas Card family were Sunday visitors at the Larry Neal home in Garner. The Eldon Bell family of Thornton and Mr. and Mrs. Glen Neal were Sunday visitors at the home of Mr. and Mrs. L. B. Bell.

Daniel Anderson, son of Mr. and Mrs. George Anderson of Clear Lake, spent several days at the Art Peters home.

Mrs. Rex Aldinger honored Mrs. W. P. Aldinger at a birthday anniversary coffee party at the home of the honoree, Friday afternoon.

Mrs. H. B. Janssen with Mrs. Fred Wenzel, Jr., of Belmond attended funeral services for John Young of Sheffield at the Lutheran church at Sheffield Monday afternoon. Mr. Young is the father-in-law of Mrs. Janssens' brother, Elmer Kieslich of Sheffield.

Mrs. D. L. Schofield of Rockwell spent Monday assisting Mrs. Deloris Dorenkamp and other relatives in getting Mrs. Dorenkamp's house in town ready to move into the last of this week.

Mrs. Dan Grove of Clarion spent two days with her daughter, Mrs. Delores Dorenkamp, and family during their farm sale.

- CHURCHES -

ST. JOHN LUTHERAN CHURCH

William Heinzig, Pastor
Robert Hein, S. S. Supt.

9:30 a. m. Sunday school and Bible classes.

"For cash farm income, we Iowa farmers can give top credit to America's brewing industry as one of our best customers. Last year, for example, the industry bought over $240,000,000.00 worth of farm products for use in making beer. And No. 1 on the list was Iowa's own No. 1 cash crop, corn.

...more for Iowa

"But that is only part of the benefits we Iowans derive from this great industry. It creates jobs for over 23,000 Iowa workers, has over $62,000,000.00 invested in our state, and pays more than $25,000,000.00 a year taxes on beer sold in Iowa. Farmers and townsmen alike, we can all agree . . .

...the Brewing Industry helps Build Iowa

In Belmond — Budget Priced Quality Merchandise

If it hasn't got it HERE
it hasn't got it!

Intensive cropping practices employed these days require heavy fertilization. If soil nutrients aren't replaced by the application of adequate amounts of commercial fertilizer, the soil DOESN'T HAVE IT! And your crops CAN'T GET IT!

The best way for you to accomplish an adequate fertilization program is with Ris-Van . . the complete analysis liquid fertilizer . . the premium quality fertilizer . . that costs no more than ordinary dry fertilizer, but does so much more for you!

With Ris-Van, you get a product that is 100% water soluble. It is immediately available to the plant. Ris-Van is not only faster acting . . . but longer lasting. And the labor saved applying Ris-Van adds up to lower crop production costs.

Before the Spring work starts, drop in and let us show you the best, most economical method of putting plant nutrients within roots' reach with Ris-Van, Man . . . that's fertilizer!

City Ordinance No. 117 on Zoning-Planning

ORDINANCE NO. 117

AN ORDINANCE TO REGULATE AND RESTRICT THE LOCATION AND USE OF BUILDINGS, STRUCTURES, AND LAND FOR TRADE, INDUSTRY, COMMERCE, RESIDENCE OR OTHER PURPOSE; TO REGULATE AND RESTRICT THE HEIGHT OF BUILDINGS HEREAFTER ERECTED OR ALTERED; TO REGULATE AND DETERMINE THE AREA OF YARDS AND OTHER OPEN SPACES ABOUT BUILDINGS; TO REGULATE AND DETERMINE THE DENSITY OF USE OF LAND AND LOT AREAS; AND FOR SAID PURPOSES TO DIVIDE THE CITY INTO DISTRICTS; TO PROVIDE FOR ENFORCEMENT AND A BOARD OF ADJUSTMENT, AND TO PRESCRIBE PENALTIES FOR THE VIOLATION OF ITS PROVISIONS.

WHEREAS, the City Council of the City of Belmond deems it necessary in order to lessen congestion in the streets; to secure safety from fire, panic and other dangers; to promote health and the general welfare; to provide adequate light and air; to prevent the over-crowding of land; to avoid undue concentration of population; to facilitate the adequate provision of transportation, water, sewerage, schools, parks, and other public requirements; to conserve the value of buildings and property, and to encourage the most appropriate use of land throughout the City with reasonable consideration, and in accordance with a comprehensive plan.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BELMOND, IOWA:

ARTICLE I
TITLE

SECTION 1. This Ordinance shall be known, and may be referred to as the "Zoning Ordinance" of the City of Belmond, Iowa.

ARTICLE II
INTERPRETATION OF STANDARDS

SECTION 1. In their interpretation and application, the provisions of this Ordinance shall be held to be minimum requirements. Where this Ordinance imposes a greater restriction than is imposed, or required by other provisions of law, or by other rules or regulations or ordinances, the provisions of this Ordinance shall control. Where for specific land, the requirements of any other ordinance of the City of Belmond are more stringent or restrictive than the requirements set forth herein, nothing herein shall be construed to waive compliance with the provisions of such other ordinance.

ARTICLE III
DEFINITIONS

SECTION 1. For the purpose of this Ordinance, certain terms and words are hereby defined. Words used in the present tense shall include the future, the singular number shall include the plural, and the plural the singular. The word "building" shall include the word "structure", the word "shall" is mandatory, and not directory.

Accessory Use or Structure: A use or structure subordinate to the principal use of a building on the lot, and serving a purpose customarily incidental to the use of the principal building.

Alley: A public way, for the use of vehicles affording a secondary means of access to abutting property.

Apartment: A room or suite of rooms in a multi-family dwelling intended or designed for use as a residence by a single family.

Basement: A story having part, but not more than one-half of its height below grade. A basement is counted as a story.

Beginning of Construction: The incorporation of labor and materials within the walls of the building or buildings.

Building: Any structure designed or intended for the support, enclosure, shelter, or protection of persons, animals, or property.

Building, Height of: The Vertical distance from the average, natural grade at the building line, to the highest point of the coping of a flat roof, or to the mean height level between eaves and ridge for gable, hip, and gambrel roofs.

Bulk Stations: Distributing stations commonly known as bulk or tank stations, used for the storage and distribution of flammable liquids, or liquefied petroleum products.

Cellar: That portion of a building having more than one-half of its height below grade. A cellar is not counted as a story.

District: A section or sections of the City within which the regulations governing the use of buildings and premises, or the height and area of buildings and premises are uniform.

Dwelling: Any building, or portion thereof, which is designed or used exclusively for residential purposes.

Dwelling, Single-family: A dwelling designed for or occupied exclusively for residence purposes by one family or housekeeping unit.

Dwelling, Two-family: A dwelling designed for or occupied exclusively by two families, or housekeeping units, living independently of each other.

Dwelling, Multi-family: A dwelling designed for, or occupied by more than two families, or housekeeping units, living independently of each other.

Family: A group of one or more persons occupying a premises and living as a single housekeeping unit, as distinguished from a group occupying a boarding house, lodging house, or hotel, as defined herein.

Frontage: All the property on one side of a street between two intersecting streets measured along the line of the street, or if the street is dead-ended, then all of the property abutting on one side between an intersecting street and the dead-end of the street.

Garage, Private: A garage intended for, and used by, the private motor vehicles of the families resident upon the premises; however, such garage shall not be used for more than one (1) small commercial vehicle per family resident upon the premises.

Grade: For buildings having walls adjoining one street only, the elevation of the regularly established sidewalk grade at the center of the wall adjoining the street.

For buildings having walls adjoining more than one street, the average of the elevation of the regularly established sidewalk grades at the center of all walls adjoining the streets.

For buildings having no wall adjoining the street, the average level of the finished surface of the ground adjacent to the exterior walls of the building.

Home Occupation: Any occupation or activity carried on by a member of the immediate family residing on the premises, in connection with which there is used no sign other than a name plate affixed to the outer wall, of not more than one square foot' in area, which will indicate from the exterior that the building is being utilized in part for any purpose other than that of a dwelling; there is kept no stock in trade nor commodity sold upon the premises; no person is employed other than a member of the immediate family residing on the premises.

Hotel: A building in which lodging, or boarding and lodging are provided and offered to the public for compensation, and in which ingress and egress to and from all rooms is made through an inside lobby or office supervised by a person in charge at all hours.

Junk Yard: Any area where waste, discarded or salvaged materials are bought, sold, exchanged, baled or packed, disassembled or handled, including house wrecking yards, used lumber yards and places or yards for storage of salvaged house wrecking and structural steel materials and equipment, automobile, tractor, or machinery wrecking and used parts yards, but not including areas where such uses are conducted entirely within a completely enclosed building, and not including the processing of used, discarded, or salvaged materials as part of the manufacturing operation.

Lot: A parcel of land occupied, or intended for occupancy by one main building, together with its accessory buildings officially approved, and having frontage upon a public street.

Lot, Corner: A lot abutting upon two (2) or more streets at their intersection.

Lot, Depth of: The mean horizontal distance between the front and rear lot lines.

Lot, Double Frontage: A lot having a frontage on two (2) non-intersecting streets, as distinguished from a corner lot.

Lot, Interior: A lot other than a corner lot.

Lot, Lines: The lines bounding a lot.

Lot of Record: A lot which is part of a subdivision, the plat of which has been recorded in the office of the County Recorder of Wright County, or a parcel of land, the deed of which was recorded in the office of the County Recorder of Wright County prior to the adoption of this Ordinance.

Lot Width: The width of a lot measured at the building line and at right angles to its depth.

Motel, Auto Court: A building, or group of attached or detached buildings containing individual sleeping, or living units for overnight auto tourists, with garage attached, or parking facilities conveniently located near each such unit.

Non-conforming Use: Any building, or land lawfully occupied by a use at the time of passage of this Ordinance or amendments hereto, which does not conform after the passage of this Ordinance, or amendments thereto with the use regulations of the district in which it is situated.

Parking Space: An area of not less than two hundred fifty (250) square feet, either within a structure or in the open, exclusive of the driveway or access drives, for the parking of a motor vehicle.

Story: That portion of a building included between the surface of any floor and the surface of the floor next above it, or if there be no floor above it, then the space between the floor and the ceiling or roof next above it.

Story, Half: A space under a sloping roof which has the line of intersection of roof decking and the wall face not more than four feet above the top floor level. A half-story containing independent apartments or living quarters shall be counted as a full story.

Street: A public or private thoroughfare which affords the principal means of access to abutting property, and is measured from street line to street line.

Street Line: A dividing line between a lot, tract, or parcel of land and a contiguous street.

Structure: Anything constructed or erected, the sum of which requires permanent location on the ground, or attached to something having a permanent location on the ground.

Structural Alterations: Any replacement or changes in the type of construction, or in the supporting members of a building or structure, such as bearing walls or partitions, columns, beams or girders, beyond ordinary repairs and maintenance, as may be required for the safety of the building.

Tourist Home: A residential building in which rooms are available for rental purposes as overnight sleeping accommodations primarily for automobile travelers.

Trailer: Any structure, including a mobile home, used for living, sleeping, business, or storage purposes having no foundation other than wheels, blocks, skids, jacks, or skirtings, and which has been, or reasonably may be, equipped with wheels or other devices for transporting the structure from place to place, whether by motive power or other means. The term "trailer" shall include camp car and house car. For the purposes of this Ordinance, a trailer is a single-family dwelling, and shall conform to all regulations therefore, except when located in a trailer or tourist camp.

Trailer Park: Any lot, or portion of a lot upon which two (2) or more trailers or mobile homes, occupied for dwelling or sleeping purposes, are located, regardless of whether or not a charge is made for such accommodation.

Yard: An open space on the same lot with a building, unoccupied and unobstructed by any portion of a structure from the ground upward, excepting as otherwise provided herein. In measuring a lot for the purpose of determining the depth of a front yard, or the depth of the rear yard, the least distance between the lot line and the main building shall be used.

Yard, Front: A yard extending across the full width of the lot and measured between the front lot line and the building, or any projection thereof, other than the projection of the usual steps or unenclosed porches.

Yard, Rear: A yard extending across the full width of the lot and measured between the rear lot line and the building, or any projections other than steps, unenclosed balconies, or porches. On corner lots, the rear yard shall be considered as parallel to the street upon which the lot has its least dimension. The rear yard, shall in all cases, be at the opposite end of the lot from the front yard.

Yard, Side: A yard extending from the front yard to the rear yard and measured between the side lot lines and the building, or any projection thereof.

Zoning Administrative Officer: The individual appointed by the City Council to administer and enforce the provsions of this Ordinance.

ARTICLE IV
DISTRICTS AND BOUNDARIES

SECTION 1. In order to classify, regulate, and restrict the location of trades, industries, and the location of buildings designed for specified uses, to regulate and limit the height and bulk of buildings hereafter erected or altered, to regulate and limit the intensity of the use of lot areas, and to regulate and determine the area of yards, courts, and other open spaces within and surrounding such buildings, the City of Belmond, Iowa, is hereby divided into six (6) classes of districts. The use, height, and area regulations are uniform in each class of district, and said districts shall be known as:

A-1 Rural Restricted
R-1 Residential District
R-2 Residential District
C-1 Commercial District
I-1 Industrial District
I-2 Industrial District

SECTION 2. The boundaries of these districts are indicated upon the Zone Plan of the City of Belmond, Iowa, which plan is made a part of this Ordinance by reference. The said Zone Plan, and all the notations, references, and other matters shown thereon, shall be as much a part of this Ordinance as if the notations, references, and other matters set forth by said plan were all fully described herein: the original of which is properly attested, and is on file in the office of the City Clerk of the City of Belmond, Iowa.

The district boundaries are either lot lines, or the center lines of streets and alleys, unless otherwise shown, and where the districts designated are bounded approximately by street, alley, or lot lines, and are not dimensioned otherwise, the lot lines or center lines of streets and alleys shall be construed to be the boundary of the district.

SECTION 3. All territory which may hereafter be annexed to the City of Belmond, Iowa, shall be considered as being in the "A-1" Rural Restricted District until otherwise changed by ordinance.

SECTION 4. All areas within the corporate limits of the City of Belmond which are under water, and not shown as included within any district, shall be subject to all regulations of the district which immediately adjoins the water area.

ARTICLE V
GENERAL REGULATIONS

SECTION 1. CONFORMANCE REQUIRED. Except as herinafter specified, no building or structure shall be erected, converted, enlarged, reconstructed, moved, or structurally altered, nor shall any building or land be used which does not comply with all of the district regulations established by this Ordinance for the district in which the building or land is located.

SECTION 2. NON-CONFORMING USES. The lawful use of a building or land existing on the effective date of this Ordinance may be continued, although such use does not conform to the provisions hereof. If no structural alterations are made, the non-conforming use of a building may be changed to another non-conforming use of the same, or of a more restricted classification. Whenever a non-conforming use has been changed to a more restricted use, or to a conforming use, such use shall not thereafter be changed to a less restricted use. The non-conforming use of a building may be hereafter extended throughout those parts of a building which were manifestly arranged or designed for such use at the time of the enactment of this Ordinance.

SECTION 3. DISCONTINUANCE OF NON-CONFORMING USE: No premises, building, or portion thereof, used in whole or part for non-conforming purposes according to the provisions of this Ordinance, which hereafter become and remain vacant for a continued period of two (2) calendar years shall again be used except in conformity with the regulations of the district in which such building or premises is situated.

SECTION 4. DAMAGED NON-CONFORMING BUILDINGS. No building which has been damaged by fire, explosion, Act of God, or the public enemy, to the extent of more than sixty-five (65) percent of the fair market value of the building immediately prior to damage, shall be restored except in conformity with the regulations of this Ordinance. If a building is damaged by less than sixty-five (65) percent of the fair market value, it may be repaired or reconstructed, and used as before the time of damage, provided that such repairs and reconstruction be done within twelve (12) months of the date of such damage.

SECTION 5. ACCESSORY BUILDINGS No accessory building shall be erected in any required court, or in any yard other than a rear yard except as provided hereinafter. Accessory buildings shall be at least two (2) feet from lot lines of adjoining lots which are in any "R" District; on a corner lot they shall conform to the set-back regulations on the side street; there shall be at least five (5) feet from any other separate building or structure on the same lot, and at least five (5) feet from any alley line, except that, when any entrance to an accessory building faces the alley, said accessory building shall be at least twenty (20) feet from any alley line. Accessory buildings may be erected as part of the principal building, or may be connected thereto by a breeze-way, or similar structure, and such accessory building shall be considered as part of the principal building for all yard requirements. A carport or garage for a residence may be in a side yard provided that a full required side yard is provided between the garage or carport and the side lot line. An accessory building within sixty (60) feet of the front lot line shall have a full side yard between it and the side lot line. Accessory buildings which are not a part of the main building shall not occupy more than thirty (30) percent of the rear yard, and shall not exceed fifteen (15) feet in height; however, this regulation shall not be interpreted to prohibit the construction of a five hundred fifty (550) square foot garage on a minimum rear yard.

SECTION 6. CORNER LOTS. For corner lots platted after the effective date of this Ordinance, the side street yard shall be equal in width to the set-back regulation of the lots to the rear having frontage on the intersecting street. If there are no lots to the rear having frontage on the intersecting street, the side yard shall be not less than fifty (50) percent of the front yard requirement.

On corner lots platted and of record at the time of the effective date of this Ordinance, the same regulations shall apply, except that this regulation shall not be so interpreted as to reduce the buildable width of the corner lot facing an intersecting street to less than twenty-eight (28) feet nor to prohibit the erection of an accessory building.

SECTION 7. FRONT YARD. In any "R" District there shall be a minimum front yard required as stated in the yard requirements for that particular district: provided, that in no case shall the front yard depth be less than the smallest front yard depth of an existing building within two hundred (200), feet of either side lot line.

SECTION 8. REQUIRED YARD CANNOT BE REDUCED. No lot shall be reduced in size so as to make the width or total area of the lot, or any yard, or any other open space, less than the minimum required by this Ordinance. No part of a yard, or other open space provided about a building or structure for the purpose of complying with the provisions of this Ordinance, shall be included as a part of a yard, or other open space required under this Ordinance for another building or structure. Off-street parking and loading areas may occupy all or part of any required yard or open space, except as otherwise specified in this ordinance.

SECTION 9. BUILDING LINES ON APPROVED PLATS. Whenever the plat of a land subdivision approved by the City Planning and Zoning Commission, and on record in the office of the County Recorder shows a set-back building line along any frontage for the purpose of creating a front or side yard line, the building line thus shown shall apply along such frontage in place of any other yard line required in this Ordinance, unless specific yard requirements in this Ordinance require a greater set-back.

ARTICLE VI
A-1 RURAL RESTRICTED DISTRICT

SECTION 1. REGULATIONS. The regulations set forth in this Article, or elsewhere in this Ordinance, when referred to in this Article shall apply in the "A-1" Rural Restricted District.

SECTION 2. USE REGULATIONS. A building or premises shall be used only for the following purposes:

A. Principal Permitted Uses:

1. Single-family dwellings.
2. Farms, truck gardens, orchards and nurseries, provided that no poultry or livestock shall be raised within 100 feet of any residence or residential district.
3. Transient amusement enterprises, such as carnival, circus, rides and shows, subject to approval by the City Council.
4. Extraction of minerals or raw material, subject to prior recommendation from the Planning and Zoning Commission and approval by the City Council.
5. Churches, institutions of a religious, philanthropic, or charitable nature except penal or correctional institutions.
6. Public schools, public parks, playgrounds, community buildings, and similar community facilities.
7. Public and private forests and wildlife reservations, or similar conservation projects.
8. Public utility structures and equipment necessary for the operation thereof.
9. Outdoor advertising signs and billboards, provided that prior recommendation is obtained for such signs and/or billboards from the Planning and Zoning Commission, and approval granted by the City Council.

B. Accessory Uses:

1. Accessory buildings and uses customarily incident to any of the above uses.
2. Bulletin boards and signs pertaining to the lease, hire, or sale of a building or premises; or signs pertaining to any material that is grown or treated within the district; provided, however, that such signs shall be located upon, or immediately adjacent to the building, or in the area in which such materials are treated, processed, or stored.

SECTION 3. HEIGHT REGULATIONS. No building shall exceed two and one-half (2½) stories, or shall it exceed thirty-five (35) feet in height, except as hereinafter provided.

SECTION 4. LOT AREA, LOT FRONTAGE AND YARD REQUIREMENTS. The following minimum requirements shall be observed:

USE	LOT AREA	LOT WIDTH	LOT AREA PER FAMILY	FRONT YARD DEPTHS	SIDE YARD WIDTHS LEAST WIDTH ON ANY ONE SIDE	SIDE YARD WIDTHS MINIMUM SUM OF BOTH SIDE YARDS	REAR YARD DEPTHS
Dwellings	1 acre		1 acre	50 ft.	15 ft.	30 ft.	50 ft.
Other permitted uses				50 ft.	15 ft.	30 ft.	50 ft.

ARTICLE VII
"R-1" SINGLE FAMILY RESIDENTIAL DISTRICT

SECTION 1. REGULATIONS. The regulations set forth in this Article, or elsewhere in this Ordinance which are applicable, shall apply in the "R-1" Residential District.

SECTION 2. USE REGULATIONS. A building or premises shall be used only for the following purposes:

A. Principal Permitted Uses:

1. Single-family dwellings.
2. Churches and accessory buildings.
3. Public and private schools, or other educational institutions.
4. Non-commercial parks, playgrounds, and community buildings owned or operated by public or semi-public agencies.
5. Agriculture, including truck gardening, but not the raising of poultry, pets, or livestock for commercial purposes, or on a schedule that would be objectionable because of noise or odor to surrounding residences.

B. Accessory Uses:

1. Home occupations.
2. Bulletin boards, or signs not exceeding fifty (50) square feet in area pertaining to the construction, lease, hire, or sale of a building or premises, which board or sign shall be removed as soon as the premises are leased, hired, sold, or construction completed.
3. Church bulletin boards.

SECTION 3. HEIGHT REGULATIONS. No building shall exceed two and one-half (2½) stories, or thirty-five (35) feet in height, and no accessory structure shall exceed one (1) story, or fifteen (15) feet in height.

SECTION 4. LOT AREA, FRONTAGE, AND YARD REQUIREMENTS. The following minimum requirements shall be observed, subject to the modifications contained in Article XIII.

USE	LOT AREA	LOT WIDTH	LOT AREA PER FAMILY	FRONT YARD DEPTHS	SIDE YARD WIDTHS LEAST WIDTH ON ANY ONE SIDE	SIDE YARD WIDTHS MINIMUM SUM OF BOTH SIDE YARDS	REAR YARD DEPTHS
Dwellings	7,500 sq. ft.	60 ft.	7,500 sq. ft.	30 ft.	7 ft.	15 ft.	35 ft.
Other Permitted Uses:	10,000 sq. ft.	80 ft.		35 ft.	8 ft.	20 ft.	35 ft.

ARTICLE VIII
"R-2" RESIDENTIAL DISTRICT

SECTION 1. REGULATIONS. The regulations set forth in this Article, or elsewhere in this Ordinance which are applicable, shall apply in the "R-2" Residential District.

SECTION 2. USE REGULATIONS: A building or premises shall be used only for the following purposes:

A. Principal Permitted Uses:

1. Any use permitted in the "R-1" District.
2. Two-family and multi-family dwellings.
3. Funeral homes and mortuaries.
4. Boarding and lodging houses.
5. Institutions of a religious, educational, or philanthropic nature.
6. Hospitals, clinics, nursing and convalescent homes, excepting animal hospitals and clinics.
7. The office or studio of a doctor, dentist, lawyer, teacher, or other member of a recognized profession in his dwelling, provided that not more than the equivalent of one third (1/3) of the area of the dwelling shall be used for such purposes.

B. Accessory Uses:

1. Accessory uses permitted in the "R-1" District.

SECTION 3. HEIGHT REGULATIONS. No building shall exceed two and one-half (2½) stories or thirty-five (35) feet in height.

SECTION 4. LOT AREA, LOT FRONTAGE, AND YARD REQUIREMENTS. The following minimum requirements shall be observed, subject to the modifications contained in Article XIII.

USE	LOT AREA	LOT WIDTH	LOT AREA PER FAMILY	FRONT YARD DEPTHS	SIDE YARD WIDTHS LEAST WIDTH ON ANY ONE SIDE	SIDE YARD WIDTHS MINIMUM SUM OF BOTH SIDE YARDS	REAR YARD DEPTHS
One-Family:	6,000 sq. ft.	50 ft.	6,000 sq. ft.	30 ft.	5 ft.	12 ft.	30 ft.
Two-Family:	6,000 sq. ft.	60 ft.	3,000 sq. ft.	30 ft.	7 ft.	15 ft.	30 ft.
Multi-Family:	7,500 sq. ft.	70 ft.	2,500 sq. ft. for 1st 3 families & 1,000 for each added family	30 ft.	7 ft.	15 ft.	30 ft.
Other Permitted Uses:	6,000 sq. ft.	50 ft.		30 ft.	5 ft.	12 ft.	30 ft.

ARTICLE IX
"C-1" COMMERCIAL DISTRICT

SECTION 1. REGULATIONS. The regulations set forth in this Article, or elsewhere in this Ordinance which are applicable, shall apply in the "C-1" Commercial District.

SECTION 2. USE REGULATIONS. A building or premises shall be used only for the following purposes:

A. Principal Permitted Uses:

1. Any use permitted in the "R-2" Residential District.
2. Shops for sale of goods and products at retail, including gasoline service stations.
3. Shops for repair and servicing of electrical, radio and television appliances, bicycles, and similar articles.
4. Laundry, dry cleaning, shoe repair, tailoring, dressmaking, and similar trade.
5. Banks, offices, and studios.
6. Personal service shops, such as barber shops and beauty parlors.
7. Animal hospitals and clinics where there are no open kennels or yards.
8. Parking lots and storage garages.
9. Theatres.
10. Heating, plumbing, sheet metal, and electrical shops.
11. Auto service garages, new and used car lots.
12. Farm implement sales and repair shops.
13. Ballrooms, billiard parlors, pool halls, and bowling alleys.
14. Restaurants, cafes, and soda fountains.
15. Lumber yards, carpenter, and cabinet shops.
16. Hotels, motels, and auto courts.
17. Outdoor advertising signs.
18. Trailer Parks.
19. Wholesale business or storage warehouse.

In the "C-1" Commercial District, as long as the uses are not obnoxious or offensive, due to the emission of noise, odor, dust, or vibration, there may also be:

1. Dairy products manufacturing.
2. Commercial bakeries.
3. Cleaning, dyeing, and laundry works.
4. Food and fiber products manufacturing.
5. Sign painting shops.
6. Truck terminals, trailer and truck services.
7. Wood products manufacturing.
8. Other uses similar to the above in accordance with requirements shown in Article XIV.

B. Accessory Uses:

1. Accessory uses permitted in the "R-2" District.
2. Outdoor advertising signs and billboards, provided that no such sign or billboard shall be permitted where the majority of the buildings on a block are exclusively residence on both sides of the street, or which faces the front or side lot line of any lot in any "R" District used for residential purpose; or which faces any public parkway, public square, or entrance to any public park, school, church, or similar institution within 300 feet thereof. No sign shall be located in such a manner or place as will constitute a hazard to endanger or impair the safety of pedestrians or motorists. No flashing signs shall be allowed on the sides of lots adjacent to a residential district.
3. Accessory uses and structures customarily incidental to any permitted principal use.
4. No building shall exceed 3 stories, or thirty-five (35) feet in height.

SECTION 4. LOT AREA, LOT FRONTAGE, AND YARD REQUIREMENTS. The following minimum requirements shall be observed, subject to the modifications contained in Article Thirteen (XIII).

USE	LOT AREA	LOT WIDTH	LOT AREA PER FAMILY	FRONT YARD DEPTHS	SIDE YARD WIDTHS LEAST WIDTH ON ANY ONE SIDE	SIDE YARD WIDTHS MINIMUM SUM OF BOTH SIDE YARDS	REAR YARD DEPTHS
Dwellings			Same as specified in the "R-2" District.				
Motels & Auto Courts:	½ acre	100 ft.	1,500 sq. ft.	30 ft.	15 ft.	30 ft.	20 ft.
Trailer Parks:	½ acre	100 ft.	See*	30 ft.	15 ft.	30 ft.	20 ft.
Other Permitted Uses:				None	None, except adjacent to an "R" District in which case not less than 10 ft.		30 ft.

*Trailer courts shall provide a minimum of twelve hundred fifty (1,250) square feet of space, excluding drives, automobile parking spaces, and accessory buildings for each and every trailer accommodated. Each trailer space shall be at least twenty-five (25) feet wide, and shall provide a yard not less than five (5) feet wide on every side of the trailer. No trailer shall be located closer than fifteen (15) feet from any property line bounding the court.

ARTICLE X
"I-1" INDUSTRIAL DISTRICT

SECTION 1. REGULATIONS. The regulations set forth in this Article, or elsewhere in this Ordinance which are applicable, shall apply in the "I-1" Industrial District.

SECTION 2. USE REGULATIONS. A building or premises shall be used only for the following purposes:

A. Principal Permitted Uses:

1. Grain elevators.
2. Light foundry casting.
3. Iron works, ornamental.
4. Paper products manufacturing.
5. Plastic products manufacturing. (previously prepared material).
6. Contractor's storage yard.
7. Well drilling services.
8. Seed corn processing.
9. Other uses similar to the above, which will not be obnoxious or offensive by reason of emission of odor, dust, smoke, gas, or noise, provided that permission is granted in accordance with the procedure outlined in Article Fourteen (XIV.).

B. Accessory Uses.

1. Any accessory use permitted in "C-1" Commercial District.
2. Any accessory uses customarily incidental to a permitted principal use.

SECTION 3. REQUIRED CONDITIONS. No use shall be permitted to be established or maintained, which by reason of its nature or manner of operation is, or may become hazardous, obnoxious, or offensive, due to the emission of odor, dust, smoke, gas fumes, noise, vibrations, refuse matter, or water-carried waste.

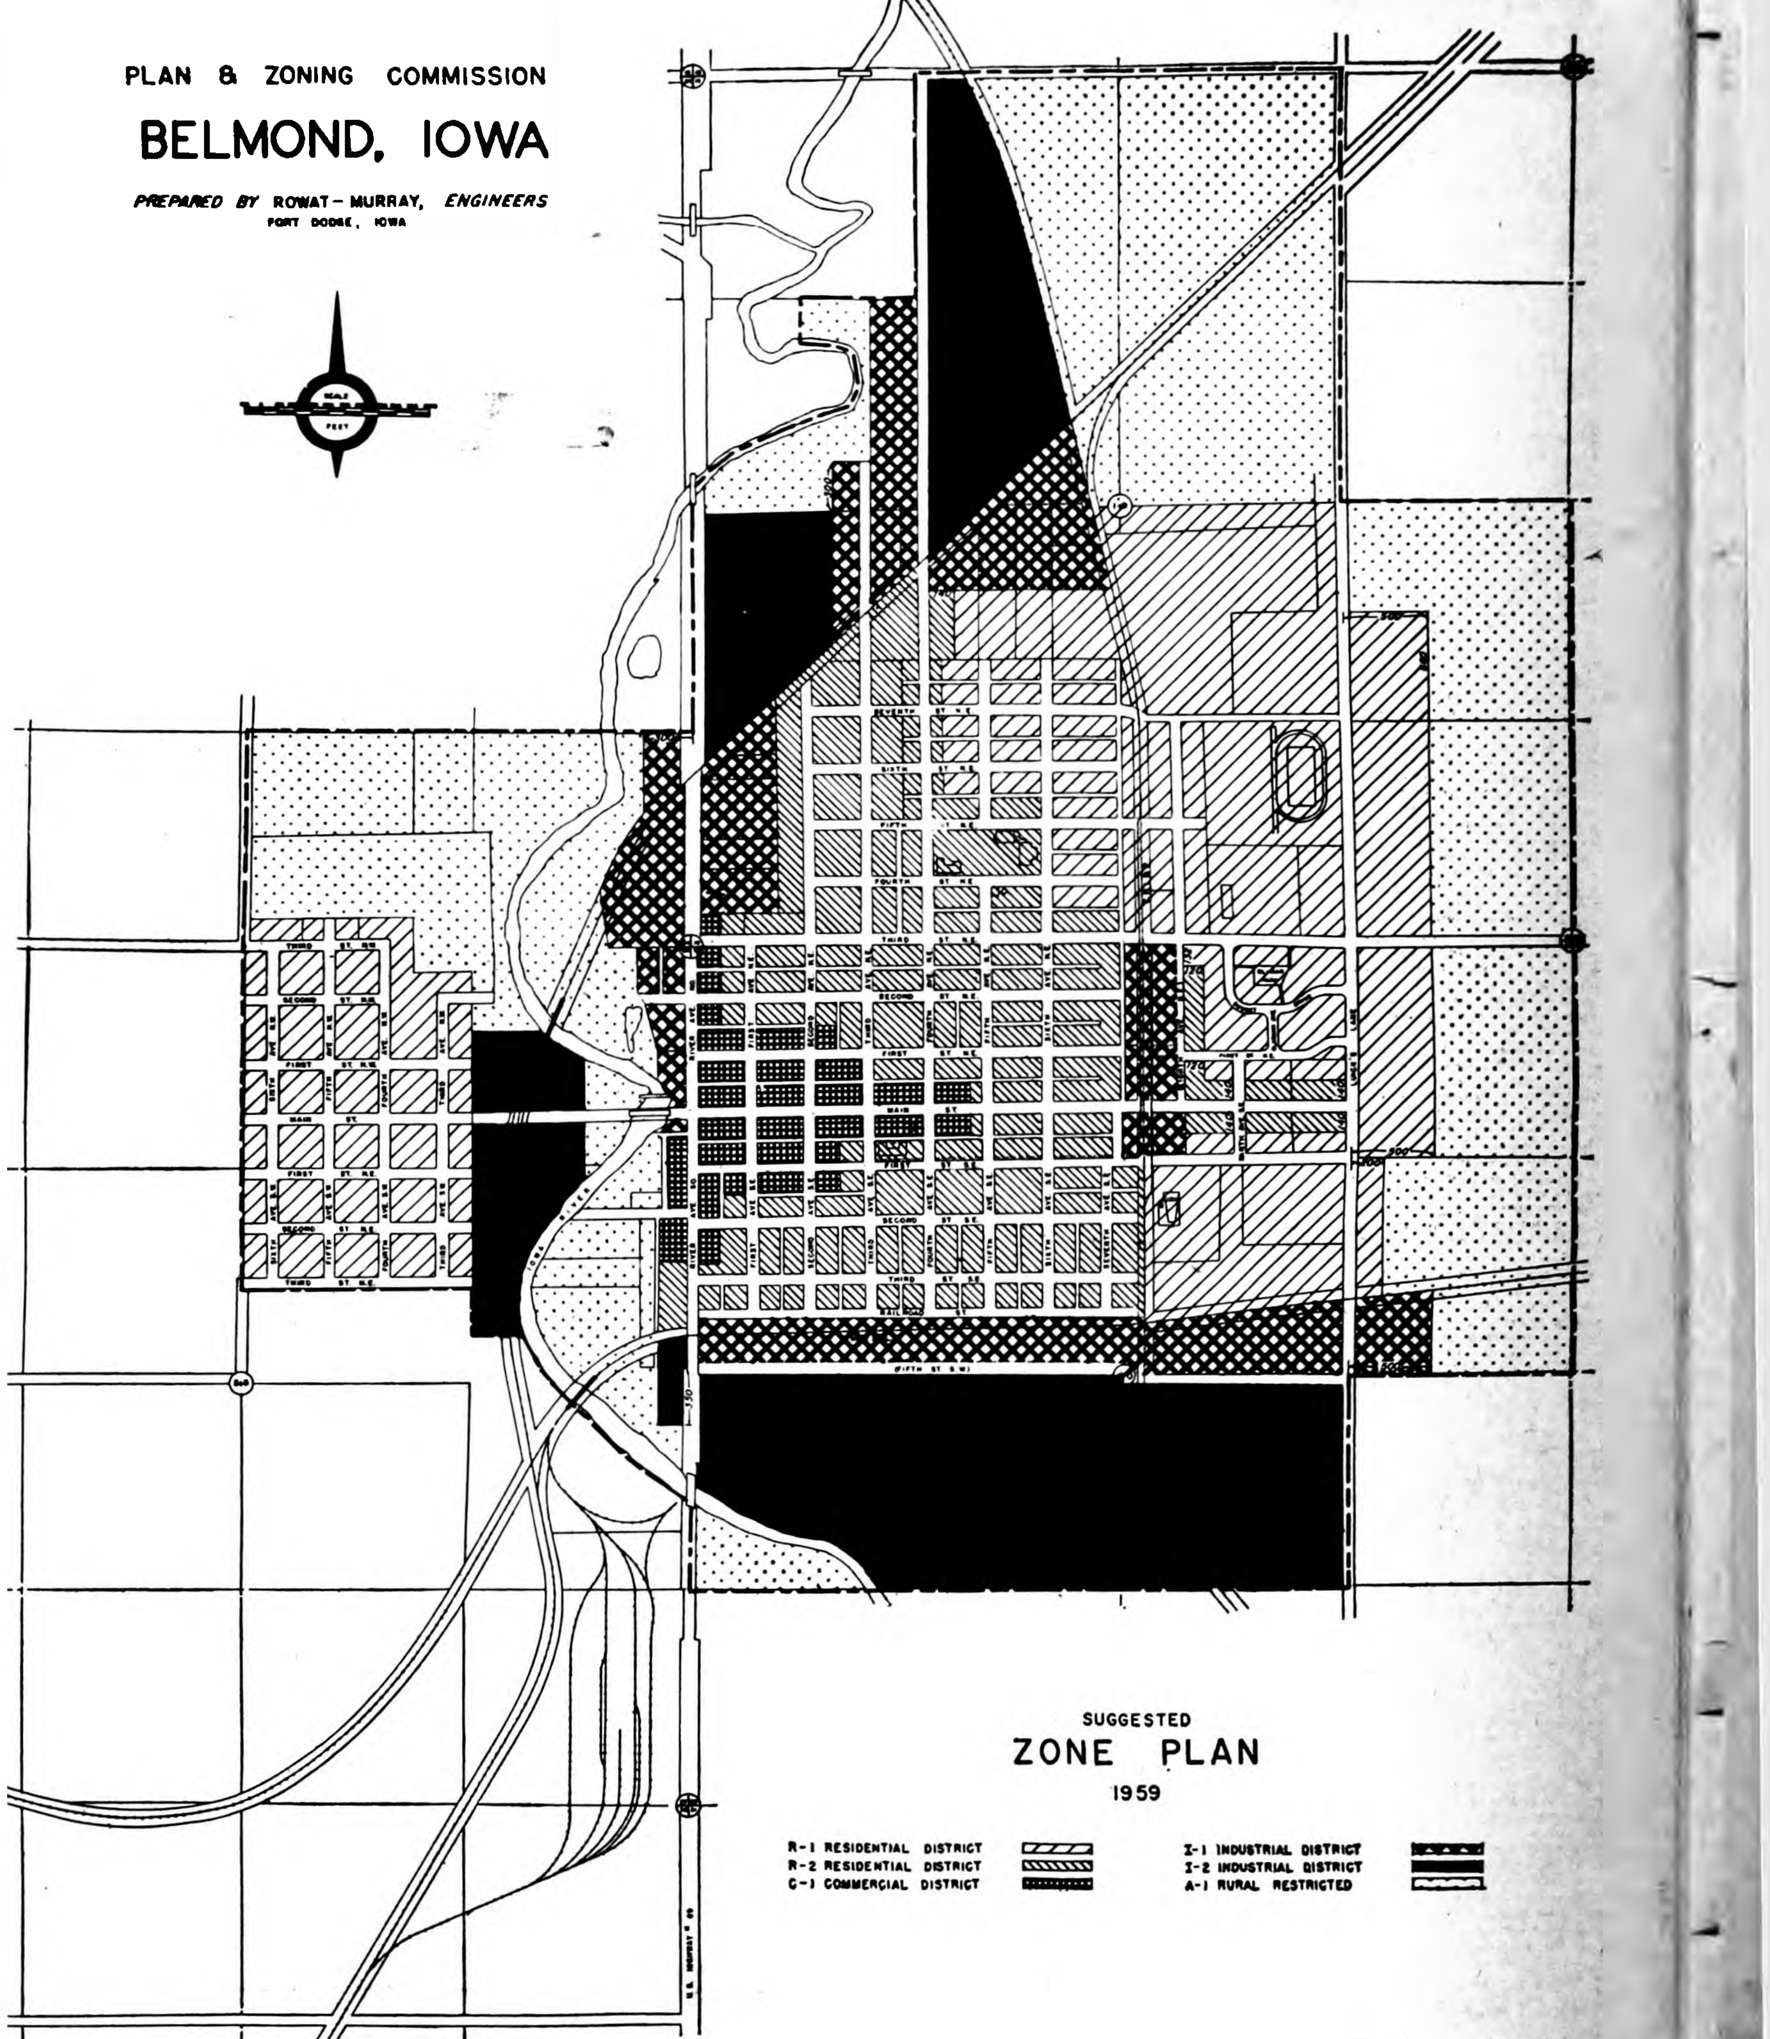
SECTION 4. HEIGHT REGULATIONS. No structure shall exceed in height the distance measured to the right of way line of the nearest street, or one-half the distance of a line measured to the closest lot line of a more restrictive classification of property. From any portion of the proposed building or structure except hereinafter modified by Article XIII.

SECTION 5. YARD REQUIREMENTS. The following minimum requirements shall be observed subject to the modifications contained in Article XIII.

USE	LOT AREA	LOT WIDTH	LOT AREA PER FAMILY	FRONT YARD DEPTHS	SIDE YARD WIDTHS Each Side Yard	REAR YARD DEPTHS
Dwellings			Same as specified in the "R-2" District			
Trailer Parks			Same as specified in the "C-1" District			
Motels and Auto Courts			Same as specified in the "C-1" District			
Other permitted uses				40 ft.	None required except adjacent to an "R" District in which case not less than 25 ft.	40 ft.

ARTICLE XI
"I-2" INDUSTRIAL DISTRICT

SECTION 1. REGULATIONS. The regulations set forth in this Article, or elsewhere in this ordinance which are applicable, shall apply in the "I-2" Industrial District.



THIS ZONE PLAN for the City of Belmond, as prepared by Rowat-Murray, Engineers, becomes law with publication of the accompanying Ordinance No. 117, which was passed by the city council on Monday of last week. Map is provided through the courtesy of The Independent to make the provisions of the city zoning plan more easily understandable. Note key at lower right of map which indicates districting of the city according to provisions of the zoning-planning ordinance. Black areas, for example, are those that have been specified for industrial purposes.

SECTION 2. USE REGULATIONS. A building or premises may be used for any purpose, subject to the requirements and conditions contained in this Article:

A. Principal Permitted Uses:

1. No zoning permit shall be issued for any use in conflict with any Ordinance of the City of Belmond, or law of the State of Iowa regulating nuisances.
2. No zoning permit shall be issued for any dwelling, school, hospital, clinic, or other institutions for human care, except where incidental to a permitted principal use.
3. No zoning permit shall be issued for any of the following uses until, and unless, the location of such use shall have been authorized by the City Council after reports by the 'Planning and Zoning Commission, City Engineer, Chief of the Fire Department, and the local Health Officer:

a. Abattoirs and slaughterhouses, or stockyards.
b. Acid manufacturing or wholesale storage of acids.
c. Cement, lime, gypsum, or plaster of paris manufacture.
d. Chemical manufacturing.
e. Distillation of bones, or fat rendering.
f. Explosive manufacture, or storage.
g. Fertilizer manufacture.
h. Garbage, offal or dead animal reduction or dumping, provided that all refuse is earth-covered daily.
i. Gas manufacture and cylinder recharging.
J. Glue, size, or gelatine manufacture.
k. Junkyards, where the premises upon which such activities are conducted are wholly enclosed within a building, wall, or fence, not less than six (6) feet in height, and completely obscuring the activity from sight from surrounding lots, streets, or highways.
l. Petroleum, or its products, refining, or wholesale storage of.
m. Rubber goods manufacture.
n. Sand or gravel pits.

SECTION 3. REQUIRED CONDITIONS.

A. The best practical means known for the disposal of refuse matter, or water-carried waste, the abatement of obnoxious or offensive odor, dust, smoke, gas, noise, or similar nuisance, shall be employed.

B. All principal buildings, and all accessory buildings or structures, including loading and unloading facilities, shall be located at least one hundred (100) feet from any residential district, and not less than fifty (50) feet from any commercial district.

SECTION 4. HEIGHT REGULATIONS. No structure shall exceed in height the distance measured to the center line of the nearest street from any portion of the proposed building or structure, except as hereinafter modified by Article XIII.

SECTION 5. YARD REGULATIONS. The following minimum requirements shall be observed subject to the modified requirements contained in Article XIII.

USE	LOT AREA	LOT WIDTH	LOT AREA PER FAMILY	FRONT YARD DEPTHS	SIDE YARD WIDTHS	REAR YARD DEPTHS
Permitted Uses				40 ft.	None required except adjacent to an "R" District in which case not less than 100 ft.	40 ft.

ARTICLE XII
PARKING AND LOADING AREAS REQUIRED

SECTION 1. OFF-STREET LOADING SPACES REQUIRED.

A. In any district, except the "C-1" Commercial District, in connection with every building, or part thereof hereafter erected, having a gross floor area of ten thousand (10,000) square feet or more, which is occupied by manufacturing, storage, goods display, retail store, wholesale store, hotel, hospital, or other use similarly requiring the receipt or distribution by vehicles of material or merchandise, there shall be provided and maintained on the same lot with such building, at least one (1) off-street loading space plus one (1) additional such loading space for each twenty thousand (20,000) square feet, or major fraction thereof, of gross floor area so used. Each loading space shall be not less than ten (10) feet in width and twenty-five (25) feet in length. Such space may occupy any part of the required yard, or court space.

SECTION 2. OFF-STREET PARKING AREA REQUIRED.

A. In all districts, except the "C-1" Commercial District, in connection with every industrial, business, institutional, recreational, or dwelling use, and for similar uses, space for parking and storage of vehicles shall be provided of sufficient area to care for the normal parking demands of the building involved. However, in no case shall the parking area provided be less than that shown on the following schedule:

1. Automobile sales and service garages, banks, business and professional offices, retail stores — fifty (50%) percent of the floor area.
2. Bowling alleys — five (5) spaces for each alley.
3. Churches and schools — one (1) space for each five (5) seats in the principal auditorium. If there is no auditorium, one (1) space for each office and each classroom.
4. Dance halls, assembly halls, restaurants — two hundred (200%) percent of the floor area.
5. Dwelling — one (1) parking space for each family or dwelling unit; however, no parking space shall be located in the front yard.
6. Hospitals — one (1) space for each four (4) beds.
7. Manufacturing plants — one (1) space for each three (3) employees on the maximum working shift.
8. Retail stores and super markets, over two thousand (2,000) square feet floor area — two hundred (200%) percent of the floor area.
9. Theatres or assembly halls with fixed seats — one (1) parking space for each four (4) seats.
10. Wholesale establishments or warehouses — one (1) space for each employee.

B. In case of any building, structure, or premises, the use of which is not specifically mentioned herein, the provisions for a use which is mentioned and to which said use is similar, shall apply.

C. Where a lot does not abut on a public or private alley or easment of access, there shall be provided an access drive not less than eight (8) feet in width in the case of a dwelling, and not less than sixteen (16) feet in width in all cases leading to the loading or unloading spaces and parking or storage areas required hereunder.

D. Every parcel of land hereafter used as a public or private parking area, including a commercial parking lot, shall be developed and maintained in accordance with the following requirements:

1. No part of any parking space shall be closer than five (5) feet to any established street right of way, or alley line.
2. Any off-street parking area, including any commercial parking lot, for more than two (2) vehicles, shall be surfaced with a material approved by the City Engineer, so as to provide a durable surface; shall be graded and drained so as to dispose of all surface water accumulation within the area; and shall be so arranged and marked as to provide for orderly and safe loading or unloading, and parking and storage of self-propelled vehicles.
3. Any lighting used to illuminate any off-street parking area, including any commercial parking lot, shall be so arranged as to reflect the light away from adjoining premises in any residential district.

ARTICLE XIII
EXCEPTIONS AND MODIFICATIONS

SECTION 1. The regulations specified in this Ordinance shall be subject to the following exceptions and interpretations:

A. **Use of Existing Lots of Record:** In any district where dwellings are permitted, a single-family dwelling may be located on any lot or plot of official record as of the effective date of this Ordinance, irrespective of its area or width, provided, however:

1. The side yard width of any such lot shall not be less than ten (10%) percent of the width of the lot, and in no case less than five (5) feet.
2. The depth of the rear yard of any such lot shall be not less than twenty (20%) percent of the depth of the lot, but in no case less than ten (10) feet.

B. **Structures Permitted Above Height Limit:** The building height limitations of this Ordinance shall be modified as follows:

1. Chimneys, fire towers, monuments, water towers, ornamental towers and spirals, radio or television towers, or necessary mechanical appurtenances may be erected to a height in excess of the height regulations shown for a particular district, provided that a report and recommendation is made by the Planning and Zoning Commission, and final approval for such exception is granted by the City Council.
2. Public, semi-public, or public service buildings, hospitals, or schools, when permitted in a district, may be erected to a height in excess of the height allowed in the district, provided that the building is set back from each property line at least one (1) foot for each foot of additional building height above the height limit in the district.

C. **Area Requirements:** In any district, where neither public water supply nor public sanitary sewer is available, the lot area requirements shall be fifteen thousand (15,000) square feet minimum, and lot widths at Building line one hundred (100) feet minimum. Where either public water supply, or sanitary sewer is accessible, these requirements shall be reduced to twelve thousand (12,000) square feet and seventy five (75) feet, respectively.

D. **Double Frontage Lots:** Buildings on through lots and extending through from street to street, shall provide the required front yard on both streets.

E. **Exceptions to Prohibited Uses:** The City Council of the City of Belmond may, by special permit after public hearing, authorize the location of any of the following buildings or uses in any district from which they are prohibited by this Ordinance:

1. Any public building erected and used by any department of the City, County, State, or Federal Government.
2. Airport or landing field.
3. Community building or recreation field.
4. Country clubs and golf courses.
5. Public and private cemeteries.

Before issuance of any special permit for any of the above buildings or uses, the City Council shall refer the proposed application to the City Planning and Zoning Commission, which shall make a report within forty-five (45) days regarding the effect of such proposed building or use upon the character of the neighborhood, traffic conditions, public utility facilities, and other matters pertaining to the general welfare. No action shall be taken upon any application for a proposed building, or use above referred to until and unless the report of the Planning and Zoning Commission has been filed: provided, however, that if no report is received within forty-five (45) days, it shall be assumed that the approval of the application has been given by the said commission.

F. **Utilities and Railroads:** Existing utilities and railroads may continue to be operated and maintained in dwelling and commercial districts, but no new utility or railroad structure, other than the usual poles, wires, and underground utilities, shall be established in such districts, except when so authorized by the Board of Adjustment.

G. **Fences:** In any residential district, no fence, structure, or planting shall be maintained within thirty (30) feet of any corner lot street line intersection, which would impair the sight distance of the operator of a motor vehicle.

ARTICLE XIV
BOARD OF ADJUSTMENT

SECTION 1. BOARD CREATED. A Board of Adjustment is hereby established, which shall consist of five (5) members of which not more than two (2) shall be from the Planning and Zoning Commission. The terms of office of the members of the Board of Adjustment and the manner of their appointment, shall be as provided by statute.

SECTION 2. MEETINGS. The meetings of the Board of Adjustment shall be held at the call of the chairman, and at such other times as the Board may determine. Such chairman, or in his absence the acting chairman, may administer oaths, and compel the attendance of witnesses. All meetings of the Board shall be open to the public. The Board shall adopt its own rules of procedure not in conflict with this Ordinance, or with the Iowa Statute, and may select or appoint such officers as it deems necessary. The Board shall keep minutes of its proceedings showing the vote of each member on each question, or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the Board, and shall be a public record. The presence of three (3) members shall be necessary to constitute a quorum.

SECTION 3. APPEALS. Appeals to the Board of Adjustment may be taken by any person aggrieved, or by any officer, department, or board of the City of Belmond affected by any decision of the Zoning Administrative Officer. Such appeal shall be taken within ten (10) days by filing with the Zoning Administrative Officer, and with the Board of Adjustment, a notice of appeal specifying the grounds thereof. The Zoning Administrative Officer shall forthwith transmit to the Board, all papers constituting the record upon which the action appealed from is taken. An appeal stays all proceedings in furtherance of the action appealed from, unless the Zoning Administrative Officer certifies to the Board, after notice of appeal shall have been fild with him, that by reason of the facts stated in the certificate, a stay would, in his opinion, cause imminent peril to life or property. In such case, proceedings shall not be stayed otherwise than by a restraining order, which may be granted by the Board, or by a court of record on application on notice to the Zoning Administrative Officer, and on due cause shown. The Board shall fix a reasonable time for the hearing on the appeal, give public notice therof, as well as due notice to the parties in interest, and decide the same within a reasonable time. Before the appeal is filed with the Board of Adjustment, the appellant shall pay a fee of five ($5) dollars to the City Treasurer to be credited to the general fund of the City of Belmond.

SECTION 4. JURISDICTION. The Board of Adjustment shall have the following powers, and it shall be its duty:

A. To hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by the Zoning Administrative Officer in the enforcement of this Ordinance.

B. In hearing and deciding appeals, the Board shall have the power to grant an exception in the following instances:

1. Permit the extension of a district where the boundary line of a district divides a lot-of-record held in a single ownership.
2. To grant a variation in the regulations when a property owner can show that his property was acquired in good faith, and where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property, or where by reason of exceptional topographical conditions, or other extraordinary situations, the strict application of the terms of this Ordinance actually prohibits the use of his property in a manner reasonably similar to that of other property in the district, and where the Board is satisfied under the evidence before it, that the granting of such variation will alleviate a clearly demonstrable hardship; provided, however, that all variations granted under this clause shall be in harmony with the intended spirit and purpose of this Ordinance.
3. Permit the erection and use of a building, or the use of premises for railroads, or public utility purposes.
4. Permit the reconstruction of a non-conforming building, which has been damaged by explosion, fire, Act of God, or the public enemy to the extent of more than sixty-five (65%) percent of its fair market value, where the Board finds some compelling necessity requiring a continuance of the non-conforming use, and the primary purpose of continuing the non-conforming use is not to continue a monopoly.
5. To reduce the parking and loading requirements in any of the districts whenever the character or use of the buildings is such as to make unnecessary the full provision of parking or loading facilities, or where such regulations would impose an unreasonable hardship upon the use of the lot, as contrasted with merely granting an advantage or a convenience.
6. To determine the district in which a commercial venture or industry should be located where such commercial venture or industry is not specifically mentioned in this Ordinance. Such classification shall be based upon comparison with other similar uses specifically mentioned, and on an evaluation of its operation and effect upon uses within the surrounding district, or districts.

In considering all appeals, and all proposed exceptions or variations to this Ordinance, the Board shall, before making any exceptions or variations, first determine that it will not impair the safety and welfare of the occupants of adjoining and surrounding property, that health has been adequately safeguarded.

(Continued On Next Page)

Ordinance No. 118 Governs City Sub-Divisions

ORDINANCE NO. 118

AN ORDINANCE REGULATING THE SUBDIVISION OF LAND: PRESCRIBING STANDARDS FOR NEW SUBDIVISIONS AND FOR THE IMPROVEMENT THEREOF: AND PERTAINING THERETO: AND PROVIDING PENALTIES FOR THE VIOLATION OF SUCH ORDINANCE.

WHEAREAS, the City Council of the City of Belmond deems it necessary in order to assure the systematic, economical and orderly development of the land within the corporate limits of the city and to encourage proper and appropriate use of the unplatted land within the city.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BELMOND, IOWA:

ARTICLE I
TITLE AND PURPOSE

SECTION 1. TITLE This Ordinance shall be known, referred to and cited as "Land Subdivision Ordinance of the City of Belmond, Iowa."

SECTION 2. PURPOSE This Ordinance is to provide for the harmonious development of Belmond for the coordination of streets within subdivisions with other existing or planned streets or with other features of the City Plan of Belmond: for adequate open spaces for traffic, recreation, light and air; and for a distribution of population and traffic which will tend to create conditions favorable to health, safety, convenience and prosperity.

ARTICLE II
DEFINITIONS

For the purpose of this Ordinance, certain words used herein are defined as follows: Words used in present tense shall include the future. Singular shall include the plural, and the plural the singular. The word "shall" is mandatory, and not directory. The Title Planning Commission shall include Planning and Zoning Commission.

SECTION 1. SUBDIVISION The term "Subdivision" means the division of a parcel of land into two (2) or more lots or parcels for the purpose of transfer of ownership or building development, or, if a new street is involved, any division of a parcel of land; provided that a division of land for agricultural purposes into lots or parcels of five (5) acres or more and not involving a new street shall not be deemed a subdivision. The term includes resubdivision and, when appropriate to the context, shall relate to the process of subdividing or to the land subdivided.

SECTION 2. — STREETS AND ALLEYS The term "street" means a way for vehicular traffic, whether designated as a street, highway, thoroughfare, parkway, throughway, road, avenue, boulevard, lane, place, or however otherwise designated.

A. **Arterial streets** and highways are those which are used primarily for fast or heavy traffic.

B. **Collector streets** are those which carry traffic from minor streets to the major system of arterial streets and highways, including the principal entrance streets of a residential development and streets for circulation within such a development.

C. **Minor streets** are those which are used primarily for access to the abutting properties.

D. **Marginal access streets** are minor streets which are parellel to and adjacent to arterial streets and highways; and which provide access to abutting properties and protection from through traffic.

E. **Alleys** are minor ways which are used primarily for vehicular service access to the back or the side of properties otherwise abutting on a street.

ARTICLE III
PROCEDURE

SECTION 1. PRE-APPLICATION PROCEDURE

A. Previous to the filing of an application for conditional approval of the Preliminary Plat (General Subdivision Plan) the Subdivider shall submit to the City Planning Commission plans and data as specified in Article IV. This step does not require formal application, fee, or filing of plat with the Planning Commission.

B. Within 30 days the Planning Commission shall inform the Subdivider that the plans and data as submitted or as modified do or do not meet the objectives of these regulations. When the Planning Commission finds the plans and data do not meet the objectives of these regulations it shall express its reasons therefor.

SECTION 2. PROCEDURE FOR CONDITIONAL APPROVAL OF PRELIMINARY PLAT

A. On reaching conclusions, informally as recommended in 1. above, regarding his general program and objectives, the Subdivider shall cause to be prepared a preliminary plat, together with improvement plans and other supplementary material as specified in Article VI.

B. Five copies of the Preliminary Plat and supplementary material specified shall be submitted to the Planning Commission with written application for conditional approval at least 5 days prior to the meeting at which it is to be considered.

C. Following (1) review of the Preliminary Plat and other material submitted for conformity thereof to these regulations, and (2) negotiations with the subdivider on changes deemed advisable and the kind and extent of improvements to be made by him, The Planning Commission shall, within 30 days, act thereon as submitted, or modified, and if approved, the Planning Commission shall express its approval as Conditional Approval and state the conditions of such approval, if any, or if disapproved, shall express its disapproval and its reasons therefor.

D. The action of the Planning Commission shall be noted on two copies of the Preliminary Plat, referenced and attached to any conditions determined. One copy shall be returned to the Subdivider and the other retained by the Planning Commission.

E. Conditional Approval of a Preliminary Plat shall not constitute approval of the Final Plat (Subdivision Plat). Rather it shall be deemed an expression of approval to the layout submitted on the Preliminary Plat as a guide to the Preparation of the Final Plat which will be submitted for approval of the Planning Commission and for recording upon fulfillment of the requirements of these regulations and the conditions of the Conditional Approval, if any.

SECTION 3. PROCEDURE FOR APPROVAL OF FINAL PLAT

A. The Final Plat shall conform substantially to the Preliminary Plat as approved, and, if desired by the Subdivider, it may constitute only that portion of the approved Preliminary Plat which he proposes to record and develop at the time, provided however, that such portion conforms to all requirements of these regulations.

B. Application for approval of the Final Plat shall be submitted in writing to the Planning Commission at least 7 days prior to the meeting at which it is to be considered.

C. Five copies of the Final Plat and other exhibits required for approval shall be prepared as specified in Article VI, and shall be submitted to the Planning Commission within 12 months after approval of the Preliminary Plat; otherwise such approval shall become null and void unless an extension of time is applied for and granted by the Planning Commission.

ARTICLE IV
DESIGN STANDARDS

SECTION 1. STREETS

A. The arrangement, character, extent, width, grade, and location of all streets shall conform to the General Community Master Plan and shall be considered in their relation to existing and planned streets, to topographical conditions, to public convenience and safety, and in their appropriate relation to the proposed uses of the land to be served by such streets.

B. Where such is not shown in the General Community Master Plan, the arrangement of streets in a subdivision shall either:

1. Provide for the continuation or appropriate projection of existing principal streets in surrounding areas; or
2. Conform to a plan for the neighborhood approved or adopted by the Planning Commission to meet a particular situation where topographical or other conditions make continuance or conformance to existing streets impracticable.

C. Minor streets may be so laid out that their use by through traffic will be discouraged.

D. Where a subdivision abuts or contains an existing or proposed arterial street, the Planning Commission may require marginal access streets, reverse frontage with screen planting contained in a nonaccess reservation along the rear property line, deep lots with rear service alleys, or such other treatment as may be necessary for adequate protection of residential properties and to afford separation of through and local traffic.

E. Where a subdivision borders on or contains a railroad right-of-way or limited access highway right-of-way, the Planning Commission may require a street approximately parallel to and on each side of such right-of-way, at a distance suitable for the appropriate use of the intervening land, as for park purposes in residential districts, or for commercial or industrial purposes in appropriate districts. Such distances shall also be determined with due regard for the requirements of approach grades and future grade separations.

F. Reserve strips controlling access to streets shall be prohibited except where their control is definitely placed in the city under conditions approved by the Planning Commission.

G. Street jogs with centerline offsets of less than one hundred and twenty-five (125) feet shall be avoided, where possible.

H. A tangent at least one hundred (100) feet long shall be introduced between reverse curves on arterial and collector streets.

I. When connecting street lines deflect from each other at any one point by more than ten (10) degrees, they shall be connected by a curve with a radius adequate to insure a sight distance of not less than 100 feet for minor and collector streets, and of such greater radii as the Planning Commission shall determine for special cases.

J. Streets shall be laid out so as to intersect as nearly as possible at right angles and no street shall intersect any other street at less than 60 degrees.

K. Street right-of-way widths shall be as shown in the General Community Master Plan and where not shown therein shall be not less than as follows: All streets minimum width 60 feet.

L. Half streets shall be prohibited, except where essential to the reasonable development of the subdivision in conformity with the other requirements of these regulations; and where the Planning Commission finds it will be practicable to require the dedication of the other half when the adjoining property is subdivided. Wherever a half street is adjacent to a tract to be subdivided, the other half of the street shall be platted within such tract.

M. Dead-end streets, designed to be so permanently, shall not be longer than 500 feet and shall be provided at the closed end with a turn-around having an outside roadway diameter of at least 80 feet, and a street property line diameter of at least 100 feet.

N. No street names shall be used which will duplicate or be confused with the names of existing streets. Street names shall be subject to the approval of the Planning Commission.

O. Street grades, wherever feasible, shall not exceed the following, with due allowance for reasonable vertical curves: Maximum — 6% Arterial & Collector: 8% Minor.

P. No street grade shall be less than .3 (3/10) percent.

SECTION 2. ALLEYS

A. Alleys shall be provided in commercial and industrial districts, except that the Planning Commission may waive this requirement where other definite and assured provision is made for service access, such as off-street loading, unloading, and parking consistent with and adequate for the uses proposed.

B. The width of an alley shall be 16½ feet.

C. Alley intersections and sharp changes in alignment shall be avoided, but where necessary, corners shall be cut off sufficiently to permit safe vehicular movement.

D. Dead-end alleys shall be avoided where possible, but if unavoidable, shall be provided with adequate turn-around facilities at the dead-end, as determined by the Planning Commission.

SECTION 3. EASEMENTS

A. Easements across lots or centered on rear or side lot lines shall be provided for utilities where necessary and shall be at least 12 feet wide.

B. Where a subdivision is traversed by a water course, drainage way, channel, or stream, there shall be provided a storm water easement or drainage right-of-way conforming substantially with the lines of such water course, and such further width or construction, or both, as will be adequate for the purpose. Parallel streets or parkways may be required in connection therewith.

SECTION 4. BLOCKS

A. The lengths, widths and shapes of blocks shall be determined with due regard to:

1. Provision of adequate building sites suitable to the special needs of the type of use contemplated.
2. Zoning requirements as to lot sizes and dimensions.
3. Needs for convenient access, circulation, control and safety of street traffic.
4. Limitations and opportunities of topography.

B. Block lengths shall not exceed 1800 feet, or be less than 280 feet.

C. Pedestrian crosswalks, not less than ten (10) feet wide, shall be required where deemed essential to provide circulation, or access to schools, playgrounds, shopping centers, transportation, and other community facilities.

SECTION 5. LOTS

A. The lot size, width, depth, shape, and orientation, and the minimum building setback lines shall be appropriate for the location of the subdivision and for the type of development and use contemplated.

B. Lot dimensions shall conform to the requirements of the zoning ordinance, and

1. Residential lots where not served by public sewer shall not be less than 75 feet wide nor less than twelve thousand (12,000) sq. feet in area.
2. Depth and width of properties reserved or laid out for commercial and industrial purposes shall be adequate to provide for the off-street service and parking facilities required by the type of use and development contemplated.

C. Corner lots for residential use shall have extra width to permit appropriate building setback from and orientation to both streets.

D. The subdividing of the land shall be such as to provide, by means of a public street, each lot with satisfactory access to an existing public street.

E. Double frontage, and reverse frontage lots, should be avoided except where essential to provide separation of residential development from traffic arteries or to overcome specific disadvantages of topography and orientation. A planting screen easement of at least ten (10) feet, and across which there shall be no right of access, should be provided along the line of lots abutting such a traffic artery or other disadvantageous use.

F. Side lot lines shall be substantially at right angles or radial to street lines.

SECTION 6. PUBLIC SITES AND OPEN SPACES

Where a proposed park, playground, school or other public use shown in a General Community Master Plan is located in whole or in part in a subdivision, the Planning Commission may require the dedication or reservation of such area within the subdivision in those cases in which the Planning Commission deems such requirements to be reasonable.

ARTICLE V
REQUIRED IMPROVEMENTS

SECTION 1. MONUMENTS

1. Monuments shall be placed at all block corners, angle points, points of curves in streets, and at intermediate points as shall be required by the City Engineer. The monuments shall be of such material, size, and length as may be approved by the City Engineer.

SECTION 2. UTILITY AND STREET IMPROVEMENTS

Utility and street improvements shall be provided in each new subdivision in accordance with the standards and requirements described in the following schedules.

A. **Public Water.** Main to be installed by the city at no expense to the subdivider. Water Main will be installed on North or East side of sanitary sewer in accordance with state regulations, and stubbed into each lot line with a shut off valve installed at end of stub. Sub divider will pay cost of running stub from main to lot line.

B. **Public Sewer.** To be installed by Sub divider and installed according to city standards and approved by City Engineer. Sanitary sewer will be installed in center of Public Street as near as practical with manholes at each street intersection but in no case shall manholes be farther than 500 feet apart. Sewer shall be stubbed into each lot line at time of installation of sewer mains.

C. **Streets:**

Arterial Streets: To be approved by City Engineer.

Collector Streets: Shall be minimum width of 60 feet with minimum of 30' roadway.

Minor Streets: Shall be minimum of width of 60 feet with minimum of 30' of roadway.

D. **Alleys:** Will be paved full width per city specifications.

E. All streets shall be graded to grade and surfaced to comply with city specifications. Grading and center lines gradients: per plans and profiles approved by City Engineer.

F. Storm sewer system and other drainage improvement: Per plans approved by City Engineer at Sub divider expense.

G. **Curb and Gutter.** To be installed according to city specifications at subdividers expense at the time the city so directs.

H. Sidewalks: When installed shall meet city specifications.

I. Street Trees: May be planted in parking area according to city specifications.

ARTICLE VI
PLATS AND DATA

SECTION 1. PRE-APPLICATION PLANS AND DATA

A. GENERAL SUBDIVISION INFORMATION shall describe or outline the existing conditions of the site and the proposed development as necessary to supplement the drawings required below. This information may include data on existing covenants, land characteristics, and available community facilities and utilities; and information describing the subdvision proposal such as number of residential lots typical lot width and depth, price range, business areas, play grounds, park areas, and other public areas, proposed covenants and proposed utilities and street improvements.

B. SKETCH PLAN ON topographic survey shall show in simple sketch form the proposed layout of streets, lots, and other features in relation to existing conditions. The sketch plan may be a free-hand pencil sketch made directly on a print of the topographic survey. In any event the sketch plan shall be either the existing topographic data listed in SECTION 2A below or such of these data as the Planning Commission determines is necessary for its consideration of the proposed sketch plan.

SECTION 2. PLATS AND DATA FOR CONDITIONAL APPROVAL

A. TOPOGRAPHIC DATA required as a basis for the Preliminary Plat, in Section 2B below, shall include existing conditions as follows except when otherwise specified by the Planning Commission:

1. Boundary lines: bearings and distances.
2. Easements: location, width and purpose.
3. Streets on and adjacent to the tract: name and right-of-way width and location; type, width and elevation of surfacing; any legally established centerline elevations; walks, curbs, gutters, culverts, etc.
4. Utilities on and adjacent to the tract location, size and invert elevation of sanitary, storm and combined sewers; location and size of water mains; location of gas lines, fire hydrants, electric and telephone poles, and street light; if water mains and sewers are not on or adjacent to the tract, indicate the direction and distance to, and size of nearest ones, showing invert elevation of sewers.
5. Ground elevations on the tract, based on a datum plane approved by the City Engineer: for land that slopes less than approximately 2 per cent show spot elevations at all breaks in grade, along all drainage channels or swales, and at selected points not more than 100 feet apart in all directions; for land that slopes more than approximately 2 percent either show contours with an interval of not more than 5 feet if ground slope is regular and such information is sufficient for planning purposes, or show contours with an interval of not more than 2 feet if necessary because of irregular land or need for more detailed data for preparing plans and construction drawings.
6. Other conditions on the tract: water courses, marshes, rock outcrop, wooded areas, isolated preservable trees one foot or more in diameter, houses, barns, shacks, and other significant features.

B. PRELIMINARY PLAT shall be at a scale of two hundred (200) feet to one (1) inch or larger (preferred scale of 100 feet to one (1) inch.) It shall show all existing conditions required above in SECTION 2A, Topographic Data, and shall show all proposals including the following:

1. Streets: names; right-of-way and roadway widths; approximate grades and gradients; similar data for alleys, if any.
2. Other right-of-way or easements: location, width and purpose.
3. Location of utilities, if not shown on other exhibits.
4. Lot lines, lot numbers and block numbers.
5. Sites, if any, to be reserved or dedicated for parks, playgrounds, or other public uses.
6. Sites, if any, for multifamily dwellings, shopping centers, churches, industry or other nonpublic uses exclusive of single-family dwellings.
7. Minimum building setback lines.
8. Site data, including number of residential lots, typical lot size, and acres in parks, etc.
9. Title, scale, north arrow, and date.

C. OTHER PRELIMINARY PLANS. When required by the Planning Commission, the Preliminary Plat shall be accompanied by profiles showing existing ground surface and proposed street grades, including extensions for a reasonable distance beyond the limits of the proposed subdivision; typical cross sections of the proposed grading, roadway and sidewalk; and preliminary plan of proposed sanitary and storm water sewers with grades and sizes indicated. All elevations shall be based on a datum plane approved by the City Engineer.

D. DRAFT OR PROTECTIVE COVENANTS whereby the subdivider proposes to regulate land use in the subdivision and otherwise protect the proposed development.

SECTION 3. PLATS AND DATA FOR FINAL APPROVAL

A. FINAL PLAT shall be on sheets suitable for reproduction 24 inches wide by 36 inches long and shall be at a scale of one hundred (100) feet to one (1) inch or larger (preferred scale of 50 feet to one (1) inch). Where necessary, the plat may be on several sheets accompanied by an index sheet showing the entire subdivision. For large subdivisions the Final Plat may be submitted for approval progressively in contiguous sections satisfactory to the Planning Commission. The Final Plat shall show the following:

1. Primary control points, approved by the City Engineer, or descriptions and "ties" to such control points, to which all dimensions, angles, bearings, and similer data on the plat shall be referred.
2. Tract boundary lines, right-of-way lines of streets, easements and other rights-of-way, and property lines of residential lots and other sites; with accurate dimensions, bearings or deflection angles, and radii, arcs, and central angles of all curves.
3. Name and right-of-way width of each street or other right-of-way.
4. Location, dimensions and purpose of any easements.
5. Number to identify each lot or site.
6. Purpose for which sites, other than residential lots, are dedicated or reserved.
7. Minimum building setback line on all lots and other sites.
8. Location and description of monuments.
9. Names of record owners of adjoining unplatted lands.
10. Certification by surveyor or engineer certifying to accuracy of survey and plat.
11. Certification of title showing that applicant is the land owner.
12. Statement by owner dedicating streets, rights-of-way and any sites for public uses.
13. Title, scale, north arrow, and date.

B. CROSS SECTIONS AND PROFILES of streets showing grades approved by the City Engineer. The profiles shall be drawn to city standard scales and elevations and shall be based on a datum plane approved by the City Engineer.

C. A CERTIFICATE BY THE CITY ENGINEER certifying that the subdivider has complied with one of the following alternatives:

1. All improvements have been installed in accord with the requirements of these regulations and with the action of the Planning Commission giving Conditional approval of the Preliminary Plat, or
2. A bond or certified check has been posted, which is available to the city, and in sufficient amount to assure such completion of all required improvements.

D. PROTECTIVE COVENANTS in form for recording.

E. OTHER DATA: Such other certificates, affidavits, endorsements, or deductions as may be required by the Planning Commission in the enforcement of these regulations.

ARTICLE VII
VARIANCES

SECTION 1. HARDSHIP

Where the Planning Commission finds that extraordinary hardships may result from strict compliance with these regulations, it may vary the regulations so that substantial justice may be done and the public interest secured; provided that such variation will not have the effect of nullifying the intent and purpose of the General Community Plan or these regulations.

SECTION 2. CONDITIONS

In granting variances and modifications, the Planning Commission may require such conditions as will, in its judgment, secure substantially the objectives of the standards or requirements so varied or modified.

ARTICLE VIII
VALIDITY

SECTION I

If any section, sub-section, sentence, clause or phrase of this regulation is for any reason held to be unconstitutional or void, such decision shall not invalidate the remaining portions of this regulation.

ARTICLE IX
PENALTIES

SECTION 1. Whoever, being the owner or agent of the owner of any land located within or adjacent to the City of Belmond, knowingly or with intent to defraud, transfers or sells by reference to or exhibition of, or by other use of a plat of subdivision of such land before the final plat has been approved by the City Planning Commission, shall forfeit and pay the penalty of not more than one hundred dollars ($100.00) for each lot so transferred or sold or agreed or negotiated to be sold, and a description by metes and bounds shall not exempt the transaction from such penalties. Each day that a violation is permitted to exist constitutes a separate offense.

ARTICLE X

SECTION 1. CONFLICTING ORDINANCES REPEALED. All regulations or parts of regulations in conflict herewith are herby repealed, except any regulation that imposes more restrictive regulations than are imposed herein.

ARTICLE XI

SECTION 1. EFFECTIVE DATE

This ordinance shall be in effect after its final passage, approval and publication as provided by law.

Passed, ordained, and adopted by vote of the City Council in special session this 8th day of February, A. D. 1960.

L. T. TRAFFORD
Mayor

Lois J. Hammond
City Clerk

Zoning Ordinance 117 Continued

(Continued from preceeding page)

that it will not impair an adequate supply of light and air to adjacent property, shall not increase congestion in the public streets, shall not increase public danger of fire and safety, and shall not diminish or impair established property values in surrounding areas. The concurring vote of three (3) members of the Board shall be necessary to reverse any order or decision of the Zoning Administrative Officer, or to decide in favor of the applicant on any matter upon which it is authorized by this Ordinance to render a decision.

Nothing herein contained shall be construed to give or grant to the Board of Adjustment the power or authority to alter or change the Zoning Ordinance, or the Zone Plan, such power and authority being reserved to the City Council of Belmond in the manner hereinafter provided in Article XVII.

SECTION 5. NOTICE. The Board shall make no finding except in a specific case, and after a public hearing conducted by the Board. A notice of the time and place of such public hearing shall be published in a Wright County publication of general circulation in the City of Belmond at least fifteen (15) days previous to the hearing. Such notice shall contain the address or location of the property for which variation, or other ruling by the Board is sought, as well as a brief description of the nature of the appeal.

SECTION 6. RECORDS. The action of the Board shall not become effective until after the resolution of the Board, setting forth the full reason for its decision, and the vote of each member participating therein, has been recorded in the minutes. Such resolution, immediately following the Board's final decision, shall be filed in the office of the Board, and it shall be open to public inspection. Every variation and exception granted or denied by the Board shall be supported by a written testimony, or evidence submitted in connection therewith.

SECTION 7. RELIEF. Any taxpayer, or any officer, department, or board of the City of Belmond, or any person, or persons jointly or separately aggrieved by any decision of the Board, may present to a court of record a petition to be verified, setting forth that such decision is illegal, in whole, or in part, specifying the grounds of the illegality. Such petition shall be presented to the court within thirty (30) days after the filing of the decision in the office of the Board. Upon the presentation of such petition, the court may direct the Board to review such decision of the Board, and shall prescribe therein the time within which a return thereto shall be made, which shall be not less than ten (10) days, and may be extended by the court. The allowance of the writ shall not stay proceedings on the decision appealed from, but the court may, on application, upon notice to the Board, and on due cause shown, grant a restraining order. If, upon the hearing, it shall appear to the court that testimony is necessary for proper disposition of the matter, it may take such evidence, or appoint a referee to take such evidence as it may direct, and report the same to the court with his findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made. The court may reverse or affirm, wholly or in part, or may modify the decision brought up for review. Costs shall not be allowed against the Board, unless it shall appear to the court that it acted with gross negligence, or in bad faith, or with malice in making the decision appealed from.

ARTICLE XV
ZONING PERMITS

SECTION 1. ZONING PERMITS. No land shall be occupied or used, and no building hereafter erected, or structurally altered, shall be occupied or used, in whole or in part for any purpose whatsoever, until a certificate is issued by the Zoning Administrative Officer, stating that the building and use comply with the provisions of this Ordinance and other building and health ordinances of the City of Belmond. No change of use shall be made in any building, or part thereof, now or hereafter erected, or structurally altered, without a permit being issued therefore by the Zoning Administrative Officer. No permit shall be issued to make a change unless the changes are in conformity with the provisions of this Ordinance.

Nothing in this Article shall prevent the continuance of a non-conforming use as herein before authorized, unless a discontinuance is necessary for the safety of life or property. Zoning permits shall be applied for before the beginning of construction, and shall be issued within ten (10) days after the lawful erection, or alteration of the building is completed. A record of all certificates shall be kept on file in the office of the Zoning Administrative Officer, and copies shall be furnished upon request to any person having a proprietary, or tenancy interest in the building affected.

No permit for excavation for, or the erection or alteration of any building shall be issued before the application has been made for a zoning permit, and no building or premises shall be occupied until this permit is issued.

ARTICLE XVI
PLATS

SECTION 1. PLATS. Each application for a zoning permit shall be accompanied by a plat in duplicate, drawn to scale, showing the actual dimensions of the lot to be built upon, the size, shape, and location of the building to be erected, and such other information as may be necessary to provide for the enforcement of this Ordinance. The record of applications and plats shall be kept in the Zoning Administrative Officer's office.

ARTICLE XVII
AMENDMENTS

SECTION 1. AMENDMENTS. The City Council may from time to time, on its own action, or on petition, after public notice and hearings as provided by law, and after report by the Planning and Zoning Commission, amend, supplement, or change the boundaries or regulations herein, or subsequently established, and such amendment shall not become effective except by the favorable vote of a majority of all the members of the City Council.

Whenever any person, firm, or corporation desires that any amendment, or change be made in this Ordinance, including the text and/or Zone Plan, as to any property in the City, and there shall be presented to the Council a petition requesting such change or amendment, and clearly describing the property and its boundaries as to which the change or amendment is desired, duly signed by the owners of fifty (50%) percent of the area of all real estate included within the boundaries of said tract as described in said petition, and in addition, duly signed by the owners of fifty (50%) percent of the area of all real estate lying outside of said tract, but within two hundred fifty (250) feet of the boundaries thereof, and intervening streets and alleys not to be included in computing such two hundred fifty (250) feet, it shall be the duty of the Council to vote upon such petition within ninety (90) days after the filing of such petition with the City Clerk.

In case the proposed amendment, supplement, or change be disapproved by the Planning and Zoning Commission, or a protest be presented duly signed by the owners of twenty (20%) percent or more, either of the area of the lots included in such proposed change, or of those immediately adjacent in the rear thereof, extending the depth of one lot, or not to exceed two hundred (200) feet therefrom, or of those directly opposite thereto, extending the depth of one lot, or not to exceed two hundred (200) feet from the street frontage of such opposite lots, such amendment shall not become effective except by the favorable vote of at least three-fourths of all the members of the Council. Whenever any petition for an amendment, supplement, or change of the zoning, or regulations herein contained, or subsequently established shall have been denied by the City Council, then no new petition covering the same property, or the same property and additional property, shall be filed with, or considered by the City Council until one (1) year shall have elapsed from the date of the filing of the first petition.

Before any action shall be taken as provided in this part, the party or parties proposing or recommending a change in the district regulations, or district boundaries shall deposit with the City Treasurer the sum of fifteen dollars ($15) to cover the approximate costs of this procedure, and under no conditions shall said sum, or any part thereof, be refunded for failure of said amendment to be enacted into law.

ARTICLE XVIII
VIOLATIONS, PENALTIES, AND ENFORCEMENT

SECTION 1. VIOLATION AND PENALTIES. Any person, firm, or corporation who violates, disobeys, omits, neglects, or refuses to comply with, or who resists the enforcement of any of the provisions of this Ordinance, upon conviction shall be fined not more than one hundred ($100) dollars for each offense. Each day that a violation is permitted to exist constitutes a separate offense. The Zoning Administrative Officer is hereby designated and ordered to enforce this Ordinance.

SECTION 2. ENFORCEMENT. In case any building or structure is erected, constructed, reconstructed, altered, repaired, converted, or maintained, or any building, structure, or land is used in violation of this Ordinance, the Zoning Administrative Officer, in addition to other remedies, shall institute any proper action or proceedings in the name of the City of Belmond, Iowa, to prevent such unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance, or use, to restrain, correct, or abate such violation to prevent the occupancy of said building, stucture, or land, or to prevent any illegal act, conduct business, or use in or about said premises.

ARTICLE XIX
VALIDITY

SECTION 1. VALIDITY. Should any section or provision of this Ordinance be declared by a court of competent jurisdiction to be invalid, that decision shall not affect the validity of the Ordinance as a whole, or any part thereof, other than the part so declared to be invalid.

ARTCLE XX
WHEN EFFECTIVE

SECTION 1. EFFECTIVE DATE. This Ordinance shall be in force and effect after its passage, approval, and publication as provided by law.

Passed, ordained, and adopted by vote of the City Council in special session this 8th day of February, A. D. 1960.

LOOK AT THE LOWER PRICES

List prices as much as $76.05 lower on popular models with popular equipment

The '60 Chevrolet models most people buy, equipped the way most people want them, are actually priced lower than last year's models. This two-tone Bel Air V8 sedan, for example—with Turboglide, push-button radio and de luxe heater—lists for a whole $76.05 *less!* Prices are lower for all comparable V8 models throughout the line. Also for all comparable 6-cylinder models with Powerglide. Yet Chevy's loaded with more of the things that put pleasure into owning a car. (Just look at the list!) It's the greatest year yet to get into a Chevy!

Softer, more silent ride with coil springs at all four wheels and new butyl rubber-cushioned body mounts.

Big brakes for quicker, surer stops. Rivetless bonded linings mean they last longer, too.

More room to relax in. Chevy sedans offer roomier seating than any car in their class. Lower, narrower transmission tunnel means more foot room.

Only full wraparound windshield among the leading low-priced cars.

Electric windshield wipers keep sweeping even when you speed up to pass.

Vent windows crank open and closed. So much simpler than fighting those tricky little catches.

Keyless locking of all doors. Quick and easy. The same key opens door, glovebox, trunk and starts the car.

Economy Turbo-Fire V8. Or how to get up to 10% more miles per gallon of regular and still have lots of "git."

Thriftiest 6 in any full-size car. It's the '60 version of the engine that got 22.38 miles per gallon in the 1959 Mobilgas Economy Run.

Widest choice of power teams. 24 engine-transmission teams in all, with output up to 335 h.p.

A trunk that's made for long trips with up to 22.5% more actual luggage space. Sill's lower for easier loading.

Fisher Body craftsmanship. Look at the finish, the fabrics, the detail work. You'll see the difference.

FROSHMORE CAGERS comprising this season's Junior Bronco basketball squad are pictured above as follows (left to right): bottom row — Vernon Pastour, Merrill Kalkwarf, Dennis Hauge, Ray Roberts, Jerry Pals, Bob Burk, Tom Downs; back row — Tom Lerdal, Marlo Luick, Dennis Fuller, Bill Heinzig, John Kaduce, Dennis Gallagher and Randy Brandmeyer.

• • •

Loss Ruins Title Hopes, But—

Froshmores Ending Good Season

Last Friday night's heartbreaking defeat at the hands of the much taller Northwood froshmore team in overtime shut the door on Coach Rich Koolbeck's freshman-sophomore's chances to share championship honors in their division of North Iowa conference play.

They needed a win over the Junior Vikings to go into tomorrow night's encounter with Garner just one viotory away from a tie for the title.

Nevertheless, the BHS underclassmen have enjoyed a good season and hold a comfortable edge on wins over losses, 11 to six. And they have inspiration tomorrow night to conquer the Cardinal Chicks as they lost to the Garner crew in their first meeting.

Of the 15 men carried on the froshmore squad this season, only five will advance from the Junior Bronc ranks next season. Coach Koolbeck considers that he should have more experienced cagers to work with next year than he had at the start of the current season.

Vernon Pastour was the team's standout player and Coach Jack Steinberg has varsity plans for him, already. The other sophomore members of the squad are Bob Burk, who has also shown quite bright promise, Merrill Kalkwarf, Jerry Pals and Bill Heinzig.

Left as kingpins of next season's froshmore aggregation are: Tom Downs, who despite his half-pint stature exhibited genuine varsity potential for the future; Dennis Fuller and Dennis Hauge, both of whom played a lot of good ball during the campaign just closing; and big Ray Roberts, who saw quite a bit of time at center in late weeks.

Supplementing this group are Dennis Gallagher, Marlo Luick, John Kaduce, Randy Brandmeyer and Tom Lerdal, who undoubtedwill see a lot more floor time next season.

No scoring records on froshmore play are readily available, but it would not be surprising if this was the highest-scoring Junior Bronco team in BHS history. Their offensive average was slightly better than 43 points per game. Playing only six-minute quarters, this was the equivalent of about 55 per game on a regulation basis. They held their oponents to an average of 36 points, which would compare to a 48-point average on a varsity basis.

Following is the froshmores' season's record, up to Friday night's finale:

38,	Eagle Grove 37
44,	Hampton 33
35,	Osage 43
37,	Garner 45
34,	Britt 29
49,	Lake Mills 45
45,	Northwood 44
34,	Clarion 39
57,	Buffalo Center 12
34,	Forest City 42
28,	Britt 42
52,	Osage 23
48,	Buffalo Center 17
53,	Lake Mills 42
44,	Forest City 27
50,	Clear Lake 40
53,	Northwood 54

BELMOND BUSY BEES

Regular meeting of the Belmond Busy Bees 4-H club was held Saturday, Feb. 6 with 28 members, three leaders and three guests present.

Demonstrations were given as follows: "Making a Simple Placket," Diane Shobe; "Putting in a Hem," Kay Soma; "Putting in a Zipper," Faye Homervold; "Hemming a Full Skirt," Rochelle Fuller.

Merry Bamford gave an illustrated talk on "Measuring for Skirt Material." Music study was given by Sharon Fuller. Mrs. Carol Miner gave a talk on how to select material for skirts.

Marcia Stoltenberg was chosen as queen candidate for Fun Night, which will be March 25, at Clarion. Merry Bamford and Karen Soma were chosen as voting delegates and Glenda Cunningham and Theresa Quigley as alternates. Theresa Quigley was chosen as usher.

During workshop the girls worked on aprons.

Recreation was led by Julie Zook and Diane Baker.

Hostesses were Teresa Quigley, Marcia Stoltenberg and Linda Thompsen. Assistant hostesses were Janet Stadtlander, JoAnn, Kay and Karen Soma.

Merrie Bamford,
Reporter

● OBITUARY

EMILY ANN VESTERMARK

Emily Ann Vestermark, granddaughter of two or Rowan's earliest settlers, Mr. and Mrs. Edwin Ballou, Sr., died Dec. 23, 1959, at Lansing, Mich., at the age of 77.

She was born June 30, 1882, at Rowan, daughter of Edwin and Carrie Ballou Lynk. She was wed to Herbert F. Aldrich of Galt and four children were born to them, three of whom survive. A daughter, Leone, died as a child.

Until 1917, the deceased lived at Galt, then moving to Cedar Rapids and in 1925 to Lansing, Mich. She went to Long Beach, Calif., in 1933 to care for her aunt, Mrs. Viola Tibbits Morse and the latter's mother, Carrie Wright. On Nov. 16, 1936, she was married to Nes P. Vestermark and they lived in Hunting Park, Calif.

Following his death on Dec. 24, 1954, Mrs. Vestermark suffered a stroke the following April and she was taken to Lansing, Mich., to be cared for by her daughters, Mrs. Enid Giza and Mrs. Ione Allen.

Besides the daughters, she is survived by a son, Edwin Herbert Aldrich of Huntington Park, Calif.; also four grandchildren and four great grandchildren.

Memorial services were held at Huntington Park on Dec. 29 and burial was in Rose Hill Memorial Cemetery, Whittier, Calif.

Mrs. Vestermark was a past president of the D. A. R. and belonged to the Eastern Star lodge of Huntington and South Gate, Calif.

● Belmond Locals

Veterinary Medicine

The Veterinarian's work is divided into three phases: (1) Prevention of animal diseases by the use of vaccines and by helping owners to improve sanitary practices, feeding standards, and management methods. (2) Medical and surgical treatment of ailments and injuries. (3) Safeguarding and improving the nation's supply of foods derived from animals—meat, dairy products, poultry, and eggs—and cooperating with the medical doctor to protect the public from diseases which may be transmitted from animals to man, such as brucellosis, rabies, and leptospirosis.

These broad and varied responsibilities of the general practitioner explain why today's students must train six years in college to obtain a degree in veterinary medicine.

Timely Health Hints . . .

Recent hog cholera outbreaks make us aware of the necessity of vaccination. A frank discussion with your veterinarian about hog cholera vaccines and serums might be of value to the client.

Swine erysipelas organisms live in soil for many years. Prevent loss from death and crippling by use of an effective immunizing agent. Sows should be vaccinated one month prior to farrowing.

Most weak ewes near lambing time are suffering from "pregnancy disease". This is a nutritional problem which should be discussed with your veterinarian. Prompt treatment is a must if any of the animals are to be saved.

Removal of tails and castration of lambs should be done at two to three weeks of age.

IMPORTANT: Frequent consultation with your veterinarian is a sound practice in this scientific age of farming.

THE ABOVE INFORMATION IS CONTRIBUTED BY THE
Wright County Veterinary Medical Assoc.

County Groups Will Get Invitations To Lend Support to Heart Campaign

Letters are bing mailed to Wright county clubs and other organizations this week soliciting their support of the Heart Fund campaign currently in progress.

Mr. and Mrs. Gail Cundall of Clarion, co-chairmen of the drive, say, "We felt that many county groups might be interested in lending their support to this annual effort to reduce the ravages of America's No. 1 killer."

Plastic heart coin-collectors have been set up in many public places to receive donations from persons who are not directly solicited for contributions. They will accommodate coins of any size — "and will receive paper currency all right, too," the Cundalls add.

To the dismay of the co-chairmen, they have learned from several sources during the past week that a rumor is circulating to the effect that they are to receive a portion of the campaign proceeds.

"This is absurd, of course," says Mrs. Cundall. "Our services are volunteered, as are those of all the other campaign workers. We receive not a nickel for our efforts; but as a retired couple we felt we could better spare the large amount of time that setting up the campaign requires than a person tied down with a full-time job."

"We only hope that contributors to the Heart Fund will get as much satisfaction out of assisting this worthy cause as we are deriving from directing the campaign."

The Cundalls say that returns from the campaign are already coming in at an encouraging rate. They point out that 75 per cent of all funds collected in Iowa will remain in this state to be devoted to heart research and education.

NOTE ON SOCIAL SECURITY

Because of the legal holiday, the district social security representative will be in Clarion next Wednesday, Feb. 24, instead of Feb 22. Anyone wishing to file an application for social security payments or obtain information about social security may contact the representative at the court house between the hours of 9:30 a. m. and 2:00 p. m.

GOP WOMEN TO MEET

Mrs. Alice Hedges, president of the Belmond Republican Women, urges a good turn-out of party members at a coffee to be held tomorrow (Friday) morning at 9:30 o'clock at the home of Mrs Clark McNeal. Plans for the 1960 election year will be discussed. All women are cordially invited.

$50 GIFT TO HOSPITAL

A gift of $50 in memory of the late Thomas P. McNulty has been received by Belmond Community hospital from Mrs. McNulty. Such gifts are turned over to the Hospital Auxiliary's memorial gifts committee and are applied on needed equipment, unless donors have specified a certain purpose for the money.

We are receiving big consignments of native stocker and feeder cattle and calves each week. If you need replacement cattle come to Clear Lake. The market his been moving higher each week on replacement cattle. It looks like a good time to move those you have for sale.

We have consigned for this week:
50 Holstein Steers, weight 650 to 750 lbs.
15 Whiteface cows to calve in March—Tested
120 Hereford and Angus Steer & Heifer Calves, wgh. 425 to 475 lbs. from three farms.
30 Hereford yearling steers, wgt. 725 lbs.
Also a good run of butcher cows and warmed-up cattle.
We appreciate your consignments.

FAT CATTLE SALE EVERY MONDAY
10:30 A. M.

Choice grading cattle of all weights were fully steady with cattle grading good and below, lower. It looks like a good time to move those better grading cattle. Some of the consignors were:
McArthur Farms were back again with another load of cattle—their top heifers brought $26.60.
Glen Roben & Son, Sheffield, 22 fat steers—Their top steers brought $26.60.
Vince Dolan, Dougherty, 44 fat heifers—29 hd, wgt 958 at $26.60 and 15 hd, wgt 874 at $26.40.
Ernest Hansen, Tenold, 41 Fat heifers.
Lawrence Miller & Son, Thornton, 42 fat steers.
John Howe, Charles City, 24 fat steers and heifers.
W. F. Sanders, Sheffield, 38 fat steers.
Walter Eno, Sheffield, a load of fat heifers.
Also: 16 black steers, Wgt. 1192 at $26.70; 22 WF steers, Wgt. 1201 at $26.60; 14 black steers, Wgt. 1283 at $25.95; 22 black steers, Wgt. 1180 at $25.60.

Consign your fat cattle and butcher cows to the Fat Cattle Auction. The commission is 25c per hundred pounds.

—SOCIETY—

BETROTHAL of their daughter Margaret Jane is announced by Mr. and Mrs. Lee O. Mussell of Des Moines, former Belmond residents. An August ceremony is planned for her marriage to Larry Gene Piepergerdes, son of Mr. and Mrs. Glen G. Piepergerdes of Stewartsville, Mo. Margaret is a graduate of Belmond High school and at present is homemaking instructor at Winterset High school. Her fiance is doing graduate work in zoology at Iowa State university, Ames.

VEEDERS FETED ON 25TH ANNIVERSARY

Over 200 friends and relatives attended the open house Sunday afternoon to honor Mr. and Mrs. Claude Veeder on their 25th wedding anniversary

Relatives were present from Austin, Minn., Raleigh, Bayard, Mason City, Kensett, Goldfield, Boone, Hampton, Blairsburg, Rowan and Klemme.

Members of the Homebuilders club, of which Mrs. Veeder is a member, were in charge of the open house.

Verna Carothers of Garner, who at the time was a nurse at Mercy hospital in Mason City, and Claude Veeder were married Feb. 12, 1935, at the Peace Reformed church at Garner.

Mrs. Veeder's sister, Mrs. Willis (Velva) Niederfrank of Garner, who was the bridesmaid, was present at the open house.

CAMP FIRE BANQUET FOR DADS-DAUGHTERS

Annual Camp Fire Dad-Daughter dinner will be held tonight (Thursday) at 6:30 o'clock at the Methodist church. George Sharp will em-cee the program.

Rev. M. L. Jones, pastor of the Methodist church, will invoke the blessing. Group singing will be led by Dr. Paul Rietz.

Margaret Harrison of Des Moines, district diretcor, will introduce Candace McClenahan as local Candy Queen. Candace is the daughter of Mr. and Mrs. Guy McClenahan.

She sold 100 boxes of candy during last year's candy campaign and for that effort will be awarded a week's stay at Camp Hantesa, Boone. Cecil Carstens will crown the Queen.

Mrs. Keith Madsen Honored On Birthday Anniversary

Mrs. Keith Madsen was honored guest at a dinner Friday evening in the parental Fred Madsen home celebrating her birthday. Keith was also a guest.

Farewell Party Honors The Albert Rabe Family

Families living in the former school district Pleasant No. 3 gave a farewell party Saturday evening for the Albert Rabe family. The self-invited guests brought a basket lunch and presented a gift to the Rabes.

Present were Mr. and Mrs. Duane Jenison, Mr. and Mrs. Paul Jenison, Mr. and Mrs. Ed Schmalle, Mr. and Mrs. Melvin Buseman, Mr. and Mrs. Virgil Nolte, Ben Nolte, Mr. and Mrs. Gerald McNulty, Mr. and Mrs. Pete Bohning, Mr. and Mrs. Ronald Johnson, Mr. and Mrs. Lyle Erickson, Mr. and Mrs. Carl Robbins. Four families were unable to be present.

Adolph Dorrs Observe 56th Wedding Anniversary

Mr. and Mrs. Adolph Dorr celebrated their 56th wedding anniversary on Feb. 3 with many gifts and cards from friends and relatives. There was no special observance as Mrs. Dorr was ill.

Vernon Swenson Family Honored By Farewell Party

Thirty-five families met at the IOOF hall Friday evening for a pot-luck supper as a farewell to the Vernon Swenson family.

A cash gift was presented the Swensons from the neighborhood families.

The Swenson family will move to a farm near Swea City in the near future.

"THAT'S A PLUNGING NECKLINE?"

Valentine Party Held By Beta Sigma Phi

Beta Sigma Phi sorority met Feb. 1st at the home of Carolyn Klaassen. Alice Jacobmeyer and Elaine Sharp gave an interesting lesson showing pictures of modern art.

The Valentine party was held Monday evening at the Clair Dorr home with JoAnn Dorr as hostess. After several games were played, the annual Valentine exchange was held.

Plan Instruction School For Eastern Star Officers

Mrs Luella Hanson of Britt, district instructor, will conduct a school of instruction at the Masonic Temple for the Order of Eastern Star on Friday at 1:00 p.m.

Inspection will be held in the evening at 8:00 o'clock.

A luncheon for local and visiting officers will be held at the Blue Bell tea room at 11:30 a. m. preceding the school.

Susan Jenison's 3rd Birthday Celebrated

Mrs. George Jenison entertained at a party a week ago Monday in honor of the third birthday of her daughter Susan.

Guests were Mrs George Baxter, Mrs. Ron Hummel and Neil, Mrs. Russell Dougherty, Stevie and Randy, Mrs. Nellie Leebrick, Mrs. James Peterson, Rex and Theresa and Mrs. Don Nelson and Ronnie.

Two Farm Sales Advertised Today

Keith "Sonny" Greenfield announces in this issue that he will hold a closing out sale of his farm equipment and livestock Saturday at the Clyde Ambrose farm he has been operating three miles north of Belmond

He has accepted a position as assistant manager of the Sheffield Co-op Elevator at Sheffield and will take up his duties on March 1. He had farmed the Ambrose place during the past year.

Thursday of next week, Melvin Kreitlow will hold a public auction of his livestock and farm machinery at the place he has been farming 7¼ miles east of Goodell. He has sold the farm.

"Coonie" Smith is crying the Greenfield sale and auctioneers for the Kreitlow sale will be for the Kreitlow sale will be Leonard Wiemann and Cliff Howlett.

Also advertised in this issue is a sale of household goods Saturday at Klemme by the estate of the late Anna Swenson.

HELLO WORLD

A 7 lb. 8¾ oz. baby boy was born Feb. 14 to Mr. and Mrs. Donald Conrad of Kanawha.

MRS. MOODY QUANDT

Brownie Scouts' Dad Date Night Held Last Friday

Meservey Brownies and their fathers — with their leader Mrs. Lloyd Faaborg — last Friday evening at the Meservey schoolhouse entertained the Goodell Brownies, Scouts, dads and leaders at the annual Dad-Daughter Date Night.

Decorations for the supper represented St. Valentine's Day and the girls had their lunch boxes beautifully decorated with this decor.

Approximately 80 dads and daughters enjoyed the evening with lunch, games, a film strip on the Girl Scout Cabana in Mexico and slides shown by Janet Messelheiser of the National Round-Up in Colorado.

Girl Scout Director Mrs. Fick and Brownie Director Joan Valentine from Mason City were special guests

Mrs. Elmer Messelheiser, neighborhood chairman, with Mrs. A. Fred Sprau, Mrs. Albert Kuhlers, Mrs. Sterling Sprau and Mrs. G. E. Jurgenson aided in dining room decorations and serving.

Mr. and Mrs. Harlan Buseman entertained Monday evening at a card party with Mr. and Mrs. Edward Kuhlers, Mr. and Mrs. Roger Fekkers and Mr. and Mrs. Marlyn Kuhlers as guests.

REFORMED CHURCH

Rev. Charles Johnson, Minister
Morning service at 9:30.
Sunday school at 10:30.
Evening service at 7:30.
Catechism every Saturday at 1:30.

E. U. B. CHURCH

Rev. V. E. Shickell, Minister
Sunday school at 9:30.
Morning service at 10:30.
Evening service at 7:30.

Greers' Son Died Sunday Morning

Mr. and Mrs. Gordon Greer received word of the death of their grandson, Steven Greer, son of Mr. and Mrs. Morgan Greer of Ames last Sunday morning.

The lad had been ill for some time and had submitted to brain surgery quite a while ago.

Besides his parents, he is survived by a younger brother.

The funeral was held Tuesday, with burial in Mason City.

Mr. and Mrs. C. John Clemons drove to Clear Lake and Montezuma Saturday where they attended funeral services of the former's grandmother Toppin who passed away in a Mason City hospital. She had been making her home in Clear Lake.

Theodore Wendel is much improved after a bout with "flu" and is able to be about once again in his home.

Mrs. Vic Nordman Elected President Of Federated Club

The Meservey Federated Woman's club met Friday in the home of Mrs. Richard Pals. A special topic "Youth and Teen-Age Marriage," was discussed by Mrs. Harland Blewett. The lesson, "International clubs," was given by Mrs. Robert Raecker. She also showed letters, cards and gifts received from pen Pals in Scotland, Germany, England and Australia.

Election was held with the following results: president, Mrs. Vic Nordman; vice president, Mrs. Richard Halfpop; secretary, Mrs. Don Moore; assistant secretary, Mrs. Andrew Boelman; treasurer, Mrs. Walter Koehler; assistant treasurer, Mrs. Harland Blewett. These women will take office in September

A valentine corsage was presented to the incumbent president, Mrs. Jacob E. Pals, as "Club Woman of the Year." A tribute to her was given by Mrs. Robert Raecker.

Valentine gifts were exchanged by all members with their secret club sisters of the year. Music was provided by Mrs. Elmer Dorenkamp and Carolyn Pals. Lunch was served by the hostess.

Legion Auxiliary Meets Wednesday Of Next Week

American Legion Auxiliary will meet Wednesday evening, Feb. 24, at 7:30 p. m. in the home of Mrs. Leland Koenen.

HOME AFTER SURGERY

Walter Schmidt of Alexander, son-in-law of Mr. and Mrs. Jacob Pals, has returned to his home following cranial surgery in Lutheran hospital in Des Moines. Surgery was necessary from complications of a fall suffered 12 years ago.

Belated Birthday Party Honors Carroll Morris

A surprise, belated birthday celebration was held Monday afternoon at the Fashion Farm for Carroll Morris by his employees.

A cake decorated with a farm motif and all the extras were enjoyed by all. Carroll had been ill on his birthday last week.

Meservey Home Elevator Entertains Group of Farmers

Meservey Home Elevator entertained another group of local farmers last Thursday evening to oyster stew at the school dining room.

Moody Quandt Observes Birthday Anniversary

Moody E. Quandt quietly celebrated his birthday in his home Monday with his wife and only daughter, Mrs. Robert Raecker, and grandson, Greg Evan Raecker.

Helping Hand Society Meets This Afternoon (Thursday)

EUB Helping Hand society will meet Thursday, Feb. 18, at 2:00 p. m. in the church parlors with Mrs. Jacob Pals, Mrs. Lloyd Faaborg and Mrs. Grace Nissen as hostesses.

Elaine Kuhlers Honored By Miscellaneous Shower

A miscellaneous shower was held Friday evening in the First Reformed church parlors honoring Elaine Kuhlers. Corsages were presented and a short program.

Elaine opened her many gifts and expressed her appreciation, followed by lunch by a committee. She becomes the bride of Marvin Woodfill of Ames on Feb. 27.

Sharyl Schluter's Birthday Celebrated

Mrs. Vern Schluter entertained for her daughter Sharyl's 13th birthday last Thursday by having her friends, Betty Vierkant and Barbara Ahlstrom, there for supper and the evening.

Mr. and Mrs. Leslie Pals and children accompanied by Mr. and Mrs. William Morris were at Joice Saturday where they were supper guests at the Clarence Willand home.

Mrs. Gertrude Musgjerd of Britt came last Wednesday to visit at the parental Mrs. Grace Pals home and her brother's and sister's families. She returned home to Britt on Sunday.

Mr. and Mrs. Henry Vierkant attended the funeral services of Roy Blaverlander in Marshalltown last Saturday. He passed away suddenly last Thursday. He was a salesman for Mac Tools and had visited frequently in Meservey while on his route.

Mr and Mrs. Haspany and Mr. and Mrs Overson of Fertile and Albert Pals were Friday visitors at the Dena Kuhlers home.

Rev. and Mrs. Charles Johnson and children are spending this week in Michigan visiting with relatives and friends.

Mr and Mrs. G E. Jurgenson and Mrs. Gordon Greer drove to Ames Saturday, called by the illness of Steven Greer, son of Mr. and Mrs Morgan Greer.

Mrs. Ralph Schmidt entered a Mason City hospital for minor surgery Monday morning.

● Belmond Locals

Mr. and Mrs George Legge of Garner spent Sunday evening in the Alfred Stadtlander home.

Cathy Bonte spent the weekend with her sister Linda at Iowa State University, Ames.

Sharon Bamford visited a couple of days with Mrs. L. R. Stark at Clarion.

David Suntken visited John Henn, student at Iowa State University, Ames, over the weekend.

GOODELL NEWS

BY MRS. AMOS HANSON

Friend of "Ike" Goodell Visitor

Recent guest in the home of Mr. and Mrs. Donald Varce was Rev. Irvin Dayhoff of Oskaloosa, an uncle of Mrs. Varce. He and his wife served as missionaries in Africa from 1919 to 1959, starting as an independent missionary team supported largely by their relatives. Now retired, their son is carrying on similar work in Africa.

Home town of Mr. Dayhoff is Abilene, Kans., where he was a childhood schoolmate of President Dwight Eisenhower and also attended Sunday School with the president.

At the EUB church services a week ago Sunday, of which the WSWS was in charge, a special offering was taken to be shared between the Dayhoffs and mission work.

Wilbert Moss and his uncle, Herman Schilke, of St. Joseph, Mich., visited Saturday morning in the home of the former's relative, Amos Hanson. They were trucking 12 new Studebaker cars from South Bend, Ind., to Billings, Mont. They expected to stop in Goodell again Tuesday on their return trip.

EUB Ladies Aid Met Wednesday Of Last Week

Mrs. Emmett King and Mrs. Earl Ver Helst were hostesses to the EUB Ladies Aid Wednesday of last week.

Mrs. Amos Hanson led devotions and read articles entitled "Friends" which were written by the late Mrs. Paul (Leah Jane) Smith of Rock Rapids, a former local girl. The society is planning to donate to the fund for the new piano for the church.

March 9th hostesses are Mrs. Walter Boller and Mrs. Paul Halfpop. Mrs. Melvin Sorenson is devotional leader.

AVERY YOUNG FARMERS

The Avery Young Farmers 4-H club held its regular February meeting at the home of Darrell Avery. Fourteen members answered roll call. Two new members were present, Richard and John Doonan. Darrell Avery gave a talk on repairing chairs. The March meeting will be held at the home of Allyn and Arlyn Boelman.

Allyn Boelman
Reporter

Mr. and Mrs. George Anderson moved Tuesday to Galt and are employed on a farm there.

Theresa Lowenberg and Loraine Fuller attended the Catholic Youth Fellowship meeting and party last Thursday evening at the library basement in Belmond.

Rev. and Mrs. Park E. Miller went to Clarion a week ago Wednesday and attended the Soil Conservation program and dinner held in the Methodist church dining room. They were guests from the Galt vicinity.

Former Residents' Daughter Places In Beauty Contest

Friends of Mr. and Mrs. William Panhoff, who for a number of years farmed southeast of Goodell, will be interested to learn of an unusual honor recently bestowed upon their daughter Bonnie.

She placed among the top 10 among more than 150 entrants in a Miss Minnesota contest held last month, representing her present home of Annandale, Minn.

Judging was based on high school grades, poise, personality, charm, beauty and the contestants ideas on life in general, education, plans for the future, and results of a written test. The test covered the past, present and future of Minnesota.

The top 50 contestants were selected at a luncheon in Minneapolis, Jan. 30. In the afternoon the girls attended the St. Paul winter carnival parade and were presented to Governor Freeman.

On Feb. 6 the contestants, escorts and parents attended a dance where the top ten teen-agers were selected. Here Bonnie placed ninth in the group of 50. She received a grant of $500 specified to be used for education.

Her plans are not definite at present, although she is interested in sketching and drawing.

Bonnie is a senior at the Annandale High school and was named Homecoming Queen last fall.

Mr. and Mrs. Nels Back went to Gilmore City Monday and enjoyed the day in the home of her daughter, Mrs. Ronald Kee.

Mrs. Lee Milsap of Williams spent the weekend in the home of her sister, Mrs. Laton Avery. The latter accompanied her home on Monday.

NEW MARINE OFFICER joins the Corps as 2nd Lt.. Terry Koerner, (left) Goodell, receives the congratulations of Capt. D. U. Davidson of the Des Moines office of the USMC officer procurement service. Lieutenant Koerner joined the Marines during an officer-procurement visit by the Marines on the campus of the State University of Iowa and was sworn in for active duty on the same day that he graduated from SUI, Saturday, Feb. 6.

ST. MARY'S CHURCH

Rev. R. A. Ormsby, Pastor

Confession before early Mass.

Early Mass at 8:00 o'clock on the second and fourth Sundays of the month.

Late Mass at 10:00 o'clock on the first, third and fifth Sundays of the month.

TWIN LAKE HUSTLERS

Regular meeting of the Twin Lake Hustlers 4-H club was held Feb. 8 at Center school. Projects for the year were recorded.

Special activity this year will be to learn the different cuts of meat. A special meeting for this purpose was held Wednesday night, Feb. 10, at the Goodell Grocery and Lockers.

Bill Langlitz gave a demonstration of purity analysis of seed.

The leaders presented the lesson on special cuts of meat. Eighteen members and two leaders were present. Mr. and Mrs. Ira Langlitz served lunch.

Bob Burk
Reporter

Mr. and Mrs. Henry Brede accompanied their son and daughter-in-law, Mr. and Mrs. Bob Brede of Dows, on a week's trip, returning home last week Wednesday. They visited the latters' son Tony who is in the armed forces at Fort Leonard Wood, Mo., and Mrs. Henry Brede's brother and sister-in-law, Mr. and Mrs. C. H. Andersen, at Rogers, Ark. They did sight-seeing in New Orleans, La., and Hot Springs, Ark.

Mr. and Mrs. O. C. Evenson of Northwood spent Sunday evening in the J. J. Cook home en route from Fort Dodge where they had spent the weekend in the home of their son Everett.

Mr. and Mrs. Frank Smith of Mason City visited Sunday in the home of his cousin, Mrs. T. R. Burgess, and in the home of friends, Rev. and Mrs. Park Miller.

Mr and Mrs. Albert Schlichting of Ventura were Sunday afternoon callers in the home of their niece, Mrs. Melvin Sorenson, and enjoyed supper and the evening in the home of his sister, Mrs. Gilbert Kropp.

Mrs. M. C. Fuller went to Cedar Falls Friday and brought Loretta home for a weekend visit. Mr. and Mrs Alan Fuller took her back Sunday evening. Loretta is a senior at Iowa State Teachers college.

Mrs. George Lieuwen, Johanna Albers and Mrs. Jack Fulton spent Friday in Fort Dodge.

Mr. and Mrs. Henry Nolte, the John Peterson family, Barbara Peterson, Ione Christie and the Ernie Woiwood family went to Rowan Sunday to attend open house honoring their relatives, Mr. and Mrs. Frank Retleff, on their Silver Wedding anniversary.

Alice Iorio and Robert Bryant of Minneapolis, Minn., spent Tuesday in the home of Alice's parents, the George Lieuwens.

The Stanley Ahlstroms entertained at Sunday dinner Mr. and Mrs. George Lieuwen, Mike Iorio, Mrs. Jack Fulton and Mr. and Mrs. Bob Hinman They celebrated Mr. Lieuwen's birthday.

Mr. and Mrs. Melvin Sorenson, Larry and Jean went to Elk Point, S. D., to see his grandmother who is very ill.

Mr. and Mrs. Dale Steenblock, Randy, Delores, Judy and Gloria moved last week from the Laurice Hall farm east of town to their own farm at New Hampton.

VOL. 41 NO 20 OFFICIAL CITY PAPER WRIGHT COUNTY, IOWA—THURSDAY, FEBRUARY 18, 1960 OFFICIAL COUNTY PAPER 14 PAGES THIS ISSUE

Title Share Hangs On Garner-Bronco Game Here Friday

Barring an upset of jarring proportions, Belmond and Osage figure to end up the North Iowa conference basketball season right where they concluded the football season — tied for championship honors. Of course, they had to share the gridiron crown with Britt, whereas they are the only claimants to the cage title.

While the outcome of Tuesday night's Osage-Britt encounter on the latter's floor was not known at the time the sports page went to press, a victory by the Eagles appeared only the remotest sort of possibility. Recent return to action by Monte Kloberdanz, the Imps' all-conference forward of a year ago, gave Coach Ray Patterson's team added strength at the close of the campaign.

Kloberdanz had been sidelined much of this season from the effects of an ankle injury suffered late in the season of 1958-59.

Garner plays here tomorrow night, and certainly there is nothing the Cardinals would like better than to wreck the Broncos' hopes for a share of the championship. Garner has lost three of its last four starts, however, and should not be too serious a threat to Belmond if the Broncs play up to par.

They have the loop's leading scorer in Bill Roe, who has averaged almost 27 points per game; but no other Cardinal has scored well consistently, whereas scoring balance has been one of Belmond's big assets. An overflow crowd to match that of last week's Northwood game can be expected to jam back the local gymnasium for the battle between these arch rivals.

Bill Roe Assured NIC Scoring Title

With regular season play concluding this week, Bill Roe of Garner last weekend already had the North Iowa conference individual scoring title all wrapped up. His 26.3 average for 13 games left him well out of the range of all other NIC cagers.

Mickey Costigan, despite only a seven-point performance for Buffalo Center in the final Bison game against Osage, has Vernon "Snookey" Brackey of Lake Mills edged for the runner-up spot. Mick wound up with a 21.8 average to Brackey's 21.3.

Only possible change in the top rankings that could occur would require a "big night" on the part of Lynn Jenison tomorrow against Garner. Even so, if Britt's Bob Nielsen hit his customary pace against Osage on Tuesday, he would likely be out of Lynn's reach as the Eagle star has a 20.2 average to "Jenny's" 19.3.

Following are the top dozen individual scorers in the NIC, showing number of games played and point average.

Player	G.	Ave.
Bill Roe (G)	13	26.2
Mickey Costigan (BC)	14	21.8
Vernon Brackey (LM)	14	21.3
Bob Nielsen (Br.)	13	20.2
Lynn Jenison (Bel.)	13	19.3
Gene Parr (O)	12*	16.3
Glen Tjaden (BC)	13*	14.7
Jim Fauske (FC)	14	14.3
John VanVoorhis (O)	13	14.1
Roger Ginapp (Bel.)	13	12.6
Jere Mackin (O)	12*	12.3
Larry VanOort (FC)	14	11.7

Froshmores Lose In Overtime—

Broncos Rack Up Vikings 75 to 60

Northwood made the Broncos work to chalk up their 13th consecutive victory and 16th in 18 games, but the Belmond bunch had too much all-around strength for the Vikings and wound up with a 75-60 win here Friday night.

Actually, the highlight of the night was the freshman-sophomore rather than the varsity fray. The Junior Broncs had their hopes for a share of the froshmore championship dashed when they dropped a 54-53 decision on a pair of free-throws scored by Northwood's Dave Skellenger. Just one second showed on the clock as the visiting guard posted his only two points of the game.

A Northwood fielder by Mike Beaver with two seconds left tied the score at 49-all to send the game into overtime. In the extra period, it appeared the Junior Broncs had the job done until a last-second foul gave the Junior Norsemen their chance to salvage victory.

In the varsity encounter, Belmond held a 15-8 first quarter advantage and halftime found the Broncs ahead 33 to 21. By the three-quarter mark, the Purple and White margin stood at 57-43.

Northwood managed a brief rally in the final period that momentarily cut the Broncos' lead to only seven points, 61-54. However, Belmond promptly buckled down to business and ran off 14 points while the Vikings were notching a pair of freethrows to race into a 75-56 lead before giving Northwood a final basket and a couple of gift conversions.

Balanced scoring featured the attacks of both teams, although Lynn Jenison with 19 points for Belmond and Phil Johnson with 17 for Northwood were the standouts.

Roger Ginapp collected 13 for the Broncos, Mark Mason, Dennis Pastour and Jerry Jenison 10 apiece, Mike Long seven and Dean Pals six. For the Vikings, Harry Rogers and John Roberts got 12 each, Gordon Anderson nine and Mike Lein six, while Roger Hrubetz and Bob Pike trailed with two apiece.

Northwood had remarkable success from the freethrow line, missing only two out of 18 chances. Belmond couldn't match that pace, but with 11 for 16 had its best evening on charity tosses since the game at Forest City just a month earlier. Johnson, the Vikings' sophomore star, made good on all nine of his gift chances.

Belmond Rated Top Class A Team In Central District by AP Poll

A surge in prestige reminiscent of the days of BHS basketball glory back in 1954-55 last week swept the Belmond Broncos up among the top-rated Class A teams of the state.

The long, slow climb that was started a number of weeks ago after the Broncos proved their two early defeats were not indicative of their actual strength reached its highest peak yet. Last Friday's Associated Press poll ratings had Belmond in 7th place in the Central District with a total of 28 vote-points.

This made the Broncos the top Class A team in the district — above both Humboldt and Clarion — and compared to a total of 12 points that gave them 9th place in the district a week earlier.

In addition, the weekly rating of Class A teams in the Des Moines Register on the same day had Belmond in 10th place — the first time that the Broncs have made the Des Moines paper's Top 10.

In the AP poll, Belmond edged ahead of Humboldt, in 8th place with 24 points, and had a 10-point margin over Clarion, in 9th place with 18. The Broncos were also rated over such highly regarded teams as Newton, two-point loser to Ames in a recent game; and Marshalltown St. Mary's, conqueror of Mason City Holy Family in a recent diocesan tournament.

Webster City zoomed from the previous week's lowly position of 11th place with 10 points up to 6th with 31 points. Top five in the Central District are Ames, Marshalltown, Des Moines Roosevelt, Boone and Des Moines Dowling.

Only North Iowa conference team rated by the AP poll, in addition to Belmond, is Osage in a tie for 13th place in the Northeast District with one vote-point.

Junior High Fives Win Another Pair

Belmond's junior high cagers posted a pair of wins at Kanawha on Wednesday afternoon of last week, the 8th-graders swamping their hosts 39-32 and the 7th-graders nosing out their foes 11 to 9.

Neal Waddington and Larry Ackerman paced the 8th grade winners with 13 and 10 points, respectively. Both also did good jobs on rebounding.

Bob Misner was high-point man for the 7th grade Colts with four points.

Gordon Rolls High Series of Season

Two performances previously unmatched this season were turned in during league competition at Bowl-Mor Lanes last week.

Fred Gordon registered the highest series to date, a 695 topped by a 249 game. A pin that wobbled but refused to fall in the ninth frame robbed Fred of a 700 series.

In a women's league match, Alice Busick won the distinction of picking off the first "Big Four" split to be converted at the local alleys this season.

She picked off the 4-7, getting No. 4 so thin that it skidded against the front of the 10-pin. After almost toppling backward, the No. 10 rocked forward and fell into the No. 6.

The achievement will bring Mrs. Busick and ABC arm patch.

Men Will Start Pin Meet Friday

Annual men's city bowling tournament will get underway at Bowl-Mor Lanes this Friday. The size of this year's field will require tourney play on the alleys Friday through next Monday afternoon and Friday through Sunday of the next weekend.

An unusually large number of entries — 32 in all — will compete for the team title. Singles entries total 100 and 50 doubles teams will vie for duo honors. Ninety-nine bowlers entered all-events.

PUBLIC AUCTION

As I have sold my farm, I will sell the following livestock and machinery to the highest bidder, without reserve, at the farm located ½ mile north and ¼ east of Meservey; or 7¼ miles east of Goodell; or 1½ miles south and 4¾ west of Thornton on

THURSDAY, FEB. 25

Sale Will Begin at 1 P. M. Sharp

78 Head of Livestock

20 head of Hampshire sows, bred to Poland-China boar, to start farrowing April 1st.

5 Hampshire sows with pigs.

These are good sows and have been fed a well balanced ration.

51 thrifty Hampshire pigs, weighing around 80 lbs.

Poultry - Hay - Straw - Silage - Brooder Houses

POULTRY

350 DeKalb pullets
350 Mixed pullets and yearling hens
11 Geese

BROODER HOUSES

1—12x16 ft. very good
1—10x12 and 1—12x14

HAY—STRAW—SILAGE

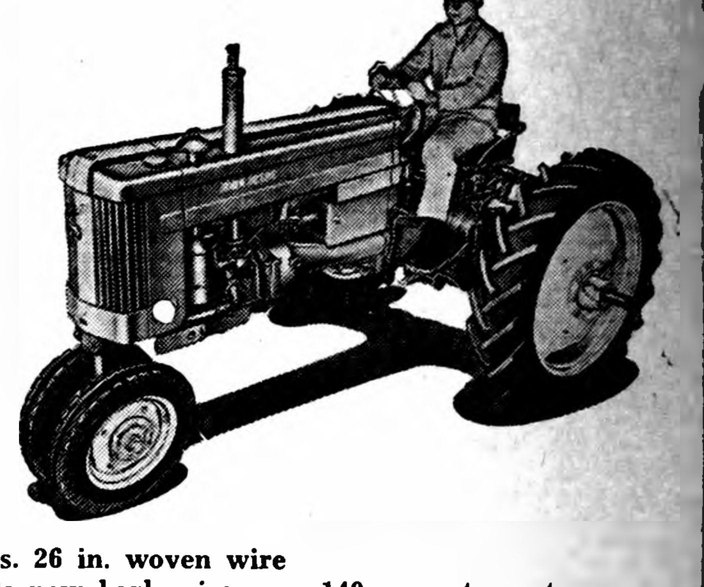
1000 bales of mixed hay
150 bales of straw
20 ft. silage in silo

MACHINERY & EQUIPMENT

AUCTIONEER'S COMMENT—

This is another very good line of machinery. It has been shedded and has been kept in the best of condition.

1955 John Deere 60 tractor, live powr, powr-steering and Roll-O-Matic action.
1951 John Deere A tractor, Roll-O-Matic and powr-trol.
Both these tratcors are in A-1 shape.
1958 John Deere 4-row cultivator
1951 John Deere 2-row cultivator
1955 John Deere 3-14" number 55 plow, PTO
1959 John Deere 13-ft. tandem disc
1959 John Deere 4-row rotary hoe
1954 John Deere 490 corn planter with fertilizer attach.
1959 PTO New Holland spreader
John Deere No. 5 mower
John Deere 15-ft. disc
John Deere 12-ft. spring tooth
Allis Chalmers No. 60 combine
New Idea No. 6 corn picker
New Idea side rake
4-Section harrow — corn binder
14-in. MW PTO hammermill with auger
New Idea Horn loader and snow bucket
4 Anthony trailers
6x12 and 6x11 wagon boxes
7x16 flat rack and 1 flare box
2 Midwest hoists — Steel wheel truck wagon
Buzz saw with 2 blades — Walk-in hog feeder
85-gal. hog waterer — several tanks
Johnson gas tank heater
2 feed bunks — creep feeder
2 Kellogg swinging feeders
100 rds. 32-in. woven wire



90 rds. 26 in. woven wire
2 rolls new barb wire — 140 creosote posts
40 steel posts — 330 gal gas barrel
260 gal gas barrel
2 heat housers — 3 wheel weights
2 sets of tractor chains 11x38 and 10x28
Koyer corn shield — Litter carrier
2 unit Surge milker with pump and pipeline
2 brooder stoves, gas and oil
7 Hen Made rollaway nests
Poultry feeders and waterers
Egg washer — Incubator
PTO pump and hand sprayer
pressure grease gun — Powr-trol cylinder & hoses
Grease gun filler — post drill
Forks, shovels and small tools. Many other articles too numerous to mention

TERMS: CASH. No property to be removed until settled for. Not responsible for accidents.

Let us not therefore judge one another any more; but judge this rather, that no man put a stumblingblock or an occasion to fall in his brother's way. — Rom. 14:13

Lesson No. 1 from Course in American Problems

Much state publicity has been given the semester test in American Problems that found 23 out of 102 Roosevelt High school (Des Moines) seniors receiving failing grades. Any adults who looked over the excerpts from the test that appeared in last Thursday's Des Moines Register likely were impressed by how little they have retained from their school days course in civics (as it was called in our day, rather than American Problems).

As a general thing, government courses are probably labelled among the dullest that the child of any generation is obliged to take. This is unfortunate, for few required courses have so much direct bearing on their future lives — whether they appreciate the fact, or not.

One question, in particular, that was included in the Roosevelt test was of vast, present pertinence to the state of Iowa. It pointed up a truth that is about to be disregarded by the general body politic of this state.

This question was: "Which of the following is a procedure which is NOT designed to give voters a more direct voice in law-making?"

The choices were: "(a) recall; (b) initiative; (c) referendum; (d) convention."

It so happened that that was one of the questions we didn't flub. Of the four procedures, the convention is the one that is NOT designed to give voters a more direct voice in law-making. And THAT, good friend, is exactly why the constitutional convention is being so strongly advocated by the urban dwellers who would like to see the rural folk put in their place in the matter of reapportionment.

It also explains the refusal of Gov. Herschel Loveless to call a special session of the legislature to give our duly elected lawmakers a last opportunity to take care of the rapportionment problem.

While the legislators did not succeed in whipping the problem during the regular session of the 58th General Assembly, they made much progress toward reaching a compromise. Certainly there would have been good reason to hope that, with the white light of publicity focussed on their deliberations on this one issue alone, the lawmakers in special session would have gotten the job done.

If a constitutional convention is called by the vote of electors this year, a truly deplorable split between Iowa's urban and rural residents is in almost certain prospect.

Sen. Duane Dewel of Algona, who is in a better position than most to forecast the outcome accurately, predicts that if a constitutional convention is voted "the hassle over how it is to be set up will make the scrap in 1959 over reapportionment look like a Sunday afternoon picnic."

Those Roosevelt students, if they trouble to recall the correct answer to Question 20, will be able to witness a graphic demonstration of the fact that a convention is NOT a procedure attuned to the majority voice of the voters.

Lesson No. 2 from Same Controversial Course

While we're using that Roosevelt High "civics" test to fill this week's editorial column, we'd just as well go whole hog.

So . . . let us cite still another question and answer pertinent to the day. Question 12 was: "Which of the following was a principal weakness of the government under the Articles of Confederation (before the constitution was adopted)?"

The alternatives were: (a) lack of capable leaders; (b) lack of power to tax; (c) lack of an army and navy; (d) lack of interest on the part of the people. The correct answer was (b), lack of power to tax.

This brings us to the following comment on "The Power to Tax" clipped from the issue of the Christian Science Monitor of Tuesday of last week:

"The Indianapolis Star and the Arizona Republic, under the publishership of Eugene C. Pulliam, have launched an ambitious campaign to abolish the personal income tax in the United States. This would involve a reversal of the Sixteenth Amendment, which was adoped only after long litigation and which has become the basis of the greater part of the federal government's revenue.

"It may well be — in fact, many would agree — that the rates of the graduated income tax, both for persons and for corporations, have far exceeded good fiscal management. But thoroughgoing revision seems a more desireable and certainly more feasible goal than repeal.

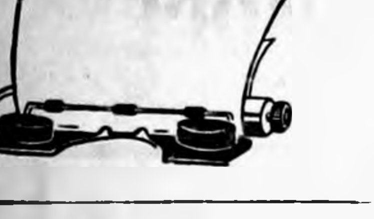
"The Star quotes the proposition of Chief Justice John Marshall of the United States Supreme Court that "The power to tax involves the power to destroy" (McCulloch vs. Maryland). This is, as Marshall said, a proposition 'not to be denied.'

"Yet there is validity also in the words of Justice Rufus W. Peckham in a unanimous opinion for the court in the Union Stockyards case of 1898 (Nicol vs. Ames):

" 'The power to tax is the one great power upon which the whole national fabric is based. It is as necessary to the existence and prosperity of a nation as is the air he breathes to the natural man. It is not only the power to destroy, but it is also the power to keep alive'."

It was the Confederation's experience that a strong national fabric could not be created in absence of the power to tax.

Since we're going in circles here, we'd just as well drag our good friend Mr. Dewel in again. Contemplating the hard tax-facts of life in his "Hodgepodge" column he observed plaintively, "Maybe we need a Patrick Henry to comment on taxation WITH representation."



Clipped Comment

From the Typewriters of Other Editors

Social Security Bites Grow Bigger

Two dollars and seventy-five cents a week doesn't sound like a lot of money. Yet it will buy the best dinner offered by any restaurant in Osage, it will buy a carton of cigarettes with enough left over for a couple of short beers, or if saved each and every week over the course of a year it will total nearly $150 by the time Christmas rolls around.

THAT'S THE AMOUNT OF MONEY Uncle Sam takes for social security purposes from the payroll of every man and woman who earns at least $4,800 a year. And it's also the amount of money contributed to the program by the employer for each man and woman on his payroll.

Effective Jan. 1, annual maximum contributions by both employee and employer jumped a whopping twenty per cent, from $120 to $144.

THE AVERAGE EMPLOYER OF 10 persons in Mitchell county probably contributes $25 a week or $1,300 annually to this program. This is something little realized by the average citizen. He knows that Uncle Sam takes a bigger and bigger bite out of his weekly paycheck but he rarely stops to think that his employer, too, is matching his retirement fund penny by penny.

For 23 years this has been going on and the end is not yet in sight. In fact more and more social security benefits are a certainty as the politicians battle to see who can dream up the biggest and best "declaration of rights" for our older citizens.

IT IS PERHAPS A GOOD SIGN of the times to recognize that social security, attacked bitterly in the 1930's by Republicans as "socialistic dreaming" is now accepted by the Republicans. Indeed, "accepted" is too mild a term to use, because GOP legislators, just like their Democratic colleagues, are in the forefront of those urging more liberalization.

In 1963 the social security tax, matched of course by a tax on employers, goes up to three and one-half per cent (it is three per cent now), and in 1966 to four per cent and in 1969 to four and one-half per cent, which will be $216 apiece for employee and employer.

BUT YOU CAN WAGER YOUR bottom dollar that one thing is certain about the social security system in the years just ahead. It will pay higher benefits and these increased benefits will result in higher and higher social security taxes.

Where it all will stop is anyone's guess. Social security is a vital and necessary factor in the nation's economy. It is an important factor in the economy of Mitchell county.

BUT HERE'S A SOBERING thought. A person who started work at the age of 21 in 1937 will have paid in $5,436 and his employer a like amount, a total of $10,892, before he reaches the present retirement age. And if no changes occur, a most unlikely prospect, a man beginning work this year at the age of 21 will probably pay in $9,000 or more before he is able to receive any benefits.

Yes, as the editorial writers say, "sit tight. You haven't seen anything yet." — **Osage Press-News**

Better to be Teacher Than Coach

At the beginning of every season in every sport in every conference it is taken for granted, by all reasonable and thinking persons, that one team will be first, another second and so on through the roster until one team is last.

It must be so.

Alas, without regard to the inevitability of this pattern, the caliber of material that may prevail in the various teams or other variables, the guy who coaches the cellar team is expected to try his talents in other fields the coming season.

HE MAY BE AN EXCELLENT teacher and a fine guy. He may be a real credit to the senior school system and the profession.

But, as it must to some one, defeat came to his team.

And so he must go.

At this point we part company with the whole philosophy behind athletics in this day of leisure time and rah-rah-rah spectator sports.

In any school system in the land there are teachers whose teaching abilities or techniques are something shy of perfect.

THESE SHORTCOMINGS ARE known to pupils, to parents, to school board members to other faculty members and to school administrators. In some cases their deficiencies are indeed pretty glaring.

Yet they are "just teachers." So their careers are assured so long as they don't tipple publicly or get fresh with the high school girls.

BUT THE COACH, WHOSE PERformance must be pitted publicly before the community, his is indeed a different story.

Do we send our kids to school to learn? Or do we send 'em to go to school to win so we can go and applaud?

And if we demand that kind of perfection on the court or the diamond or the gridiron, why not in the class room? — **Hardin County Times**

SCANNING THE HORIZON

WITH YE ED

HENRY BOWLED 'EM OVER—

Old timers will get a chuckle out of this account from The Herald-Press of 40 years ago recalling the days of the Model T Ford, variously called the "Henry," "Tin Lizzie," and a variety of other names less printable:

"Harry Hillweg, office manager of the Minneapolis National bank, bought himself a Henry. The first day he drove it, he started something on Hennepin avenue.

In his erratic course he knocked over practically all the mail boxes, waste paper boxes, packing boxes and every other kind of box that was along the busy street.

"He managed to hit 22 of these — but missed the 23rd. However, a man who had been watching his successful performance called out, 'Needn't bother to come back after this one, young fellow. I'll kick it over for you.'

"The result of this escapade was the following ad in the papers:

FOR SALE

"One Ford car with piston rings; two rear wheels, one front spring.

Has no fenders, seat or plank; burns lots of gas, hard to crank.

Carburetor busted all way through; engine missing, hits on two.

Three years old, four in the spring; has shock absorbers and everything.

Radiator busted, sure does leak; differential dry, you can hear it squeak.

Ten spokes missing, front all bent. Tires blowed out, ain't worth a cent.

Got lots of speed, runs like the deuce — burns either gas or tobacco juice.

Tires all off; been run on the rim — but a d-- good Ford for the shape it's in!"

RUN ON THE RIM—

That business of "been run on the rim" may mean nothing to today's hot-rodders, but it was a revelation not to be taken lightly in considering a used car purchase 40 years ago.

Rims were stationary in those days. In case of a flat (and you had 'em with regularity), you removed the tire FROM the rim, rather than rim and all. If you happened to run out of tire patches or the old hand pump was on the blink and you had to travel to the nearest town on the rim, said rim developed a vicious saw-toothed edge that subsequently chewed up Innertubes like a dog going through a chicken bone.

Consequently, a wheel that had been run on the rim was a ceaseless source of flats until either filed smooth or — if in a really sorry state — wholly replaced.

Ye Ed once had a Model T that was thus afflicted. Starting out on a trip of a couple of hundred miles one morning soon after its acquisition we had four flats between 4:30 and 6:00 a. m.

We'd traveled about 35 miles and reached a town of sufficient size to have a well-equipped junk yard. This we visited in hopeful search for a wheel to substitute for our tube-chewer.

Fortune smiled on us, we found a wheel that would fit and went the remaining 165 miles with only one flat — an achievement of high order, indeed!

We're going to have to write a full column on that Model T one of these times Ownership of it was an experience not to be forgotten.

MORE VOTING MACHINES —

We noted with interest an item in the state press last week to the effect that four more Iowa counties, in addition to Hancock, will be using voting machines for the first time in the election year of 1960. They are Carroll, Buena Vista, Butler and Tama. They bring to 36 the total number of counties in the state that have been equipped for voting with machine.

Some of the machines'purchased in 1908 by Franklin (first county in Iowa to vote by this method) are still in use!

Last year we urged on several occasions via editorials that Wright join the economy-minded counties voting by machine. There is more than ample proof that they assure very sizeable savings over the long run, in addition to providing results of elections much quicker and more accurately than by hand counting.

SOME time we'll have 'em — inevitably. And the SOONER Wright joins the ranks, the larger the sum of money we'll save over the long haul. So why delay?

● **A passing fancy is often caused** by something fancy passing. — **Algona Advance**

● **Even one's brains are taxed,** these income tax days. — **Algona Advance**

● **He worked and saved and wore** himself out. His reward is the finest gravestone in the cemetery. — **Meriwether (Ga.) Vindicator**

From our EARLY FILES

AS REPORTED IN:
The Independent
The Herald-Press
And The
Iowa Valley Press

TEN YEARS AGO—

Supervisor Alex Smith died Sunday of a cerebral thrombosis. He had been incapacitated since a fall on the ice Jan. 23.

—1950—

L. M. Helland was quite seriously hurt last Friday night in an auto crash four miles south of Forest City while he was en route there for the high school basketball game. A St. Olaf college student was fatally injured in the accident.

—1950—

Nolan Drug store will hold its official Grand Opening this Saturday.

—1950—

Belmond's Broncos pulled into a tie with Forest City in the NIC standings last Friday night by defeating the Indians 44 to 24. Tuesday night they gained the top rung all by themselves by whipping Garner while Britt handed the Indians their second loss in five days.

—1950—

Members of the Belmond Co-op Creamery were told at the firm's annual meeting yesterday at the IOOF hall that butter manufacture last year was up to 468,088 pounds, compared to 1949's total of 428,626.

—1950—

George Sharp set a new single-game high score for Bowl-Mor Lanes recently by scattering the maples for a hefty 257, three pins over the previous record.

—1950—

Herman Schultz last week was honored with a life membership in the Chamber of Commerce. He was a businessman here 45 years before selling out to Don Nolan.

TWENTY YEARS AGO—

Phyllis Pals of the ABC grocery will celebrate completion of her sixth year in business next Saturday by serving free coffee and cookies.

—1940—

Charles Dorr was high point man for the Broncos last Friday with eight points as Garner downed Belmond here 29 to 19. Halftime score was 20-16 with the visitors in the lead.

—1940—

June Boelman of Pleasant No. 4 was one of only three out of 146 rural 8th grade pupils in Wright county who got 100 in a spelling test given Feb. 2. Myron Goeman of Pleasant No. 5 got a grade of 98.

—1940—

Another $56.30 was added to the school Milk Fund by the benefit movie shown at the Lyric theater Tuesday evening, bringing the fund's total up to $305.28.

—1940—

The CWG waiting room was a busy place last weekend when 27½ tons of catalogs from a mail order house arrived. There were 13,000 of them for distribution to 52 towns. The books were unloaded, stamped, labeled, baled and trucked from here to their various destinations.

—1940—

About 40 neighbors and friends gathered at the home of Mr. and Mrs. Oren Hanson last Tuesday evening. It was a combination birthday party for Mrs. Hanson and farewell event, as the Hansons are moving to another farm.

THIRTY YEARS AGO—

Belmond High school debaters lost two close matches to Eagle Grove last Thursday by 2-1 decisions. On the affirmative team were Mary Blake and Amelia Greenlander and on the negative, Lola Berghefer and Jean Elder.

—1930—

George Hake, proprietor of the Lyric theater, is having equipment installed this week for the showing of talking pictures.

—1930—

Mrs Fred Thompson, wife of the buttermaker at the creamery, is opening a new beauty parlor in the George Goelz barber shop.

—1930—

The Belmond Broncos proved too tough for the Clarion Cowboys to ride Wednesday evening, the BHS basketball team winning 22 to 10. Clarion did not make a single field goal during the game, scoring all of its points on freethrows.

—1930—

Last Thursday, the stop and go sign on the highway at Main street was covered up at the suggestion of the State Highway Commission. Stop signs were placed on each side of the highway so local traffic must all stop before crossing the highway.

—1930—

In the hog calling contest that was part of the entertainment program last Saturday at the Opera House, Ralph Thayer placed 1st and W. H. Collins 2nd.

FORTY YEARS AGO—

Directors of the State Bank of Belmond met last Thursday evening to go over the plans and contract for the new building for that bank. The building will go up on the corner of Spruce and State streets occupying the two lots formerly covered by the Harr building.

—1920—

The town of Sheffield has received some publicity the past week on its plans to build a $25,000 memorial building honoring soldiers and sailors of the World War. Why not a memorial building in Belmond of artistic design, planned for the exclusive use of Eimbrink post of the American Legion?

—1920—

George Kalkwarf of Wesley was in Belmond last week making arrangements to move onto the farm east of Belmond he purchased last summer from E. Bock.

—1920—

Prof. Diesing went to Eagle Grove last Friday evening to attend the basket ball tournament being played there.

—1920—

Raymond Finn of Goodell was in Belmond last week en route to Avoca, where he has accepted a position as athletic instructor in the public schools. He is a Belmond High school graduate.

—1920—

Friday the 13th proved to be an unlucky day for the Belmond basket ball team. They lost to Goldfield in the Wright county tournament 42 to 15. They spent most of the first half watching the Goldfield center shoot baskets.

FIFTY YEARS AGO—

A new 1912 banner has been placed in the high school room. Supt. P. J. Scarbro says, "The Sophomores are a live bunch and are doing their part to make our school a success."

—1910—

Real estate transfers: David Luick to R. H. Klemme, NE Lt. 4 Block 4 Luick's addition to Belmond, $500.

—1910—

Misses Nellie and Mary Barry will leave Saturday for Chicago, where they will select their spring and summer millinery. They expect to be gone about two weeks.

—1910—

Mr. and Mrs. B. R. Briggs celebrated their fifth wedding anniversary last Saturday evening. The guests were entertained by a short literary and musical program after which an elegant three-course supper was served.

—1910—

The high school orchestra and boys glee club will furnish music at the home declamatory contest Friday evening.

—1910—

A. Wagner at Cornelia has traded his house and store for some Texas land. J. A. Jones of Des Moines came up Friday to take possession of the store and will move his family there.

—1910—

John Dorenkamp and family are moving from Schleswig and will occupy the old Dorenkamp home in the grove.

Know Your Businessmen—

George Learned Auto Electric Trade in USAF

George Swaroff of George's Auto Electric Service will tell you "There isn't a thing to this third-time's-the-charm business."

There was a time, though, that he wasn't so convinced. That was back in World War II days when he was a Staff Sergeant on the mechanical crew of a B-17 squadron based at Foggia, Italy.

Buddies of his were taking up a repaired B-17 for a test flight and with some urging had coaxed him into going along. At the last minute he recalled he had to repair the magneto on another plane that was due for combat the next day.

A bit regretfully he begged off the flight. A few hours later the plane that had left without him was found dashed against a mountainside, all five of its occupants dead.

Not long afterward he was in the repair crew of another plane that had been grounded by engine trouble and was to be flown back to base after installation of a pair of substitute engines. It was a couple of hundred feet off the ground when the engines began to smoke and seconds later the plane crashed into some trees. George, the co-pilot and one other man were thrown free. Six others aboard died in the burning wreckage!

That was when George became more than a little dubious about this third-time business. He'd decided he'd make a darned good ground crewman — exclusively — when a pilot friend finally talked him into the air once more. The officer not only got him into the air, he turned the controls over to George and insisted he fly the plane — and land it! Sweating copiously George broght it in not only for one landing, but for six! That cured him of his third-time fears and he resumed flying duty — safely, for the rest of the war.

If you think that tending an auto electric shop must seem a bit prosaic after such experiences, George will put you right in a hurry. He still does some flying (he's a local CAP member), but he likes working in his shop just FINE.

Next month will mark his sixth anniversary of being in business here. He had 10 years' experience in the same line of work at Floyd & Leonard Auto Electric in Mason City, his home town, before buying his present business.

A Mason City High school graduate of 1936, George was a darkroom man for a couple of photographic firms for three years after he got his sheepskin. Then he worked a couple of summers on the Alcan Highway — arriving home the second time just as his number came up in the draft. He promptly enlisted in the Air Force to get an extra week at home before reporting for duty.

He had three years in the service, but emerged with trade skills that put him in his present business. He figures that service time did him quite a favor. He'd married a schoolmate, Opal Sandvik, not long before shipping overseas and when he got home made the acquaintance of a 14-month-old daughter, Ruth Ann, whom he'd never seen up to that time. He's acquired a couple of sons, Tom and David, since.

George's particular specialty is starters, generators, motors and electric motors. In addition, he took 18 weeks of schooling in carburetion while working at Mason City and mastered that phase of repair work — but his first love is still the electrical end of his business.

To his viewpoint, the great variety of jobs that come into his shop gives his work a particular attraction. He readily admits he doesn't know of any other line he could be in which would provide him equal contentment.

"Sure, there are bad days when jobs prove stubborn," he admits, "but it's fun whipping one of those mean ones, when you finally get 'er done."

George is a fishing enthusiast — and a couple of years ago the golf bug hit him bad. He's ordered a full new set of irons and can hardly wait for their arrival so he can start swinging in preparation for the coming season.

During the summer, you can find George taking practice swings in his repair stall about any time that work slacks up. He's resolved he's going to become a golfer if it's the last thing he does. Last season he was making pretty good progress, too.

Aged Assistance Received by 171 In Wright County

Wright county's Old Age Assistance recipients received grants totaling $13,285 in January. This averaged $77.69 each for 171 individuals and included payments made directly to doctors and druggists for services and drugs provided to recipients.

Aid to Blind payments for January totaled $497.50 and were paid to five individuals, averaging $99.50 each. These totals also included amounts paid for drugs and medical services.

Wright's Aid to Dependent Children families, including 85 individuals, received grants totaling $2,869.50 in January, including drugs and medical services. Grants averaged $103.50 per family, and $29.57 per individual.

No persons in this county received grants in January under the new Aid to Disabled program.

On a state-wide basis in January, there were 34,348 Old Age Assistance cases. They received a total og $2,563,777 or an average of $74.64 each. Aid to Blind recipients totaled 1,406 and received a total of $125,590 or an average of $89.32 each.

There were 8,560 Aid to Dependent Children families composed of 31,865 individuals. They received a total of $1,168,778. This averaged $136.54 per family, or $36.68 per individual.

Aid to Disabled payments were made to 41 cases, averaging $86 each, or a total of $3,526.

Claims for Stock Dogs Destroyed Ran High in '58

Last year saw Wright county paying the largest amount in claims against the domestic animal fund that has been laid out in a number of years. Payment of $2,904 was made on claims of $3,824.75 for livestock and poultry killed by dogs.

Other high totals in recent years were the $2,819.45 paid in 1958 and $2,867.40 in 1956. In 1957 the total in claims paid came to only $1,523.

Last year's claims included payments to 26 farmers who lost lambs or ewes due to the depredations of dogs, six poultry claims, two for calves, one for hogs and one for rabbits.

Heaviest loss was that of Richard Thompson of Clarion, who had 31 hogs killed by dogs. He put in a claim for $775, which was settled for $558. Other major claims were those of: Russell Christopher of Eagle Grove, 20 ewes on which $360 was paid; Martin Larson of Eagle Grove, six ewes and eight lambs on which $288 was paid; and George Pyle of Eagle Grove, 10 ewes on which $180 was paid.

There were only two claimants from the Belmond area. Mrs. Bob Tracy had 16 ducks killed, for which she was reimbursed in the amount of $12; and Bob Boelman had 14 chickens killed, for which he was paid $7.

TED THOMPSON'S ADDRESS

Friends of Ted Thompson who would like to write him may use the following address: Rct. Tedmar J. Thompson RA 17564335, Co. A 4th Bn. 3rd Trg. Rgt. (Basic), Fort Leonard Wood, Mo.

NEW BELMOND
Film Highlights
—from—
COMING ATTRACTIONS

In case the title of Thursday-through-Saturday's feature—which is simply "30" — perplexes you, let us explain that the number stands for "end of story" in newspaper lingo. This is the tale of the night shift on a big metropolitan newspaper, with Managing Editor Jack Webb assigning his staff to cover the variety of drama-packed developments that occur. As in his familiar "Dragnet" role, Webb is after "only the facts, Ma'm." They add up to a lot of suspense and excitement.

Sunday through Wednesday brings Rock Hudson and Doris Day in "Pillow Talk," which critics say reveals "the Rock" can handle a comedy role just as adeptly as his more common dramatic assignments of the past.

Thelma Ritter fans will find this fine comedienne is prominent evidence as Doris's maid and confidante.

As big a surprise as Hudson's knack for comedy is the pleasing singing voice he displays in one solo and a duet with Miss Day. Julia Meade, a TV headliner, and Tony Randall contribute to the fun and frolic.

Boosting Iowa Farm Income...

"For cash farm income, we Iowa farmers can give top credit to America's brewing industry as one of our best customers. Last year, for example, the industry bought over $240,000,000.00 worth of farm products for use in making beer. And No. 1 on the list was Iowa's own No. 1 cash crop, corn.

...more for Iowa

"But that is only part of the benefits we Iowans derive from this great industry. It creates jobs for over 23,000 Iowa workers, has over $62,000,000.00 invested in our state, and pays more than $25,000,000.00 a year taxes on beer sold in Iowa. Farmers and townsmen alike, we can all agree . . .

...the Brewing Industry helps Build Iowa

UNITED STATES BREWERS FOUNDATION—IOWA DIVISION—814 LIBERTY BLDG.—DES MOINES, IA.

Herbert Pals Now Based in Germany

U. S. FORCES, GERMANY (AHTNC) — Army Pvt. Herbert L. Pals, son of Mr. and Mrs. John D. L. Pals of Route 1, Belmond, Ia., recently arrived in Germany and is now a member of the 317th Engineer Battalion.

Pals, a combat construction specialist in the battalion's Company B, entered the Army last May and completed basic training at Fort Leonard Wood, Mo.

The 23-year-old soldier is a 1954 graduate of the Belmond High school. Before entering the Army, he was employed by the Forest City Industries, Inc.

NORMAN RUTER COMPLETES ARMY COURSE IN FINANCE

FORT BENJAMIN HARRISON, IND. (AHTNC) — Army Pvt. Norman D. Ruter, son of Mr. and Mrs. John C. Ruter of Route 2, Kanawha, Ia., on Jan. 29 completed the eight-week finance procedures course at The Finance School, Fort Benjamin Harrison, Ind.

He was trained in matters relating to the acquiring, disbursing and accounting of funds. Ruter, 23, entered the Army last September. He is a 1954 graduate of Kanawha High school and attended Hamilton Business school in Mason City.

Motion by Kennedy, seconded by Hill to approve the 4th quarter report of Cecil Winbigler, Justice of the Peace in Pleasant Township. Motion carried.

That on January 18, 1960 a petition was filed with the Board of Supervisors by the Western Surety Company of Sioux Falls, South Dakota, requesting release as surety upon the bond of Clinton R. McCoy, as Justice of the Peace in Eagle Grove Township, Wright County, Iowa.

That date of hearing was filed on said petition for February 1, 1960 at 10:00 A. M., at the Board of Supervisors room, court house in Clarion, Iowa, and due notice of such hearing was given said Clinton R. McCoy.

That on February 1, 1960 no appearance was made by said Clinton R. McCoy or on his behalf: that motion by Kennedy, seconded by Weidemann to terminate the liability of the Western Surety Company as surety upon bond number 901045 of Clinton R. McCoy. Motion carried.

Motion by Nelson, seconded by Hill to adjourn. Motion carried.

Albert W. Christopher, Chairman
Myron Price, Auditor

Hy-Line® LAYERS Earned Popularity
Hy-Line white-egg layers earn their position as the world's most popular by improving your chances for egg profits.
These harder-working layers consistently prove their superiority in thousands of laying houses and in official Random Sample Laying Tests. Compared to the average of 9 other nationally-sold layers entered in 18 Random Sample Tests during 1957 and 1958, Hy-Line layers showed these advantages: 17½ more eggs per bird; 4.2% higher livability; .3 pound less feed per dozen eggs; ½¢ higher market price per dozen eggs.
Hy-Line layers . . . by excelling in these 4 important income factors . . . can improve your profit chances. Order now.

I never imagined there was so much pleasure and benefit in wearing an ear-level hearing aid!
I have worn other types of hearing aids for years . . . then I tried Qualitone's Miniature Hidden Ear and I immediately realized how inconspicuous it is to wear, and how superior in performance because there is no clothing noise or body static. Best of all, it's tiny and comfortable and can be worn behind either ear easily and inconspicuously by either men or women. I'd never be without it again.
Improved hearing provides happier living for you and those around you.

VOL. 41 NO. 21 OFFICIAL CITY PAPER WRIGHT COUNTY, IOWA—THURSDAY, FEBRUARY 25, 1960 2-21 45 OFFICIAL COUNTY PAPER 12 PAGES THIS ISSUE

MAIN STREET

BY PAT, DICK, DUANE

If you thought the only existing habitats of wolves in the Wright county area in this A-bomb Age to be the front parlor and the parked car, guess again. A couple of Eagle Grove farmers bagged a 50-pound wolf a couple of weeks ago.

Whether it was an honest-to-goodness timber wolf or an over-sized prairie wolf (coyote), we don't know. Because of its size, Game Warden Bill Ayers guesses it was probably the offspring of a coyote and a large dog.

There was reason to believe it had been participating in costly assaults on livestock in the Eagle Grove area. If so, it was not alone, though; for the depredations still continue. Dog-pack killings of livestock have become extensive in recent weeks.

Dallas Greenbush, the St. Paul visitor who was aprehended here last Friday night — not waiting for a streetcar, but seeking a phone to call his mama — took a good deal of pride in his professional skill as a break-in artist as he talked over his career with Deputy Sheriff "Pink" Walrod.

By his own admission, he's been a busy little bee in St. Paul the past year or so. Apparently he hadn't the misfortune up there of entering a house disadvantageously located across the street from an officer of the law, as was his poor luck here.

He told with a grin of one house he entered via the front door, only to find three interlopers already in the kitchen who'd broken in the back door! The culprits took to their heels, assuming him to be the legal resident — leaving Greenbush to search at his leisure for what cash he could find.

Truth won the day as four violators of Belmond's double-parking ordinance appeared Monday evening before Mayor L. T. Trafford. Feeling in a beneficent mood because the defendants all so readily confessed their guilt in a spirit proper to Washington's birthday, hizonner waived fines that might have been assessed against Tolford Johnson, Hermia Shefveland, Pat Quigley and Jackie Albers. He asked each to initial the public warning that had been published in regard to double-parking, to serve as a reminder — should they appear in mayor's court again for this misdemeanor, that they'd been given a break the first time through. A second time . . . the fine'll stick.

Remember a while back when we told about some gent in Chicago wanting to be The Independent's "Chicago correspondent"? Now one Joseph Errol Brant of Sao Paulo, Brazil wants to be our Special Correspondent in that land south of the border. He aspires to landing at least 30 U. S. newspapers at $15 a month.

He doesn't spare the malarky in making his pitch. Writes Herr Brant (he's a native of Berlin): "Knowing your great experience in the newspaper field it is only natural that I should call upon you to guide my steps in an enterprise which I'm about to begin."

Accompanying the letter was a specimen "release," which would fill more than a column of space in The Independent. In purple prose, it told of a modern highway lately built through the jungle. Sorry, Joseph, but we're too hard-pressed finding room for news of Belmond and environs to spare a half-page or more a month to Brazil.

The Clyde Jennings may be taking their ease in sunny Texas, but Mrs. J. doesn't let that excuse her from the responsibility of keeping Belmondites posted on the comings and goings of the Goodwill truck. Last week we got a note from her advising that the truck's next appearance here will be on March 3rd — one week from today. Get stuff ready.

We're doing Mrs. Jennings the favor of printing the announcement, even though she (a bit smugly, we thought) inserted in her note: "Heard Iowa had been having snow, etc. 'Twas around 90-plus here yesterday."

Well, Mrs. J., just let us tell you that the good Christian folks of Belmond were spared when the worst blizzards were being inflicted upon the heathens elsewhere in the state. We didn't get any more than a spit of snow — just enough to make us appreciate our blessings. The groundhog didn't see his shadow; and we're watching for robins. So there!

Received on Monday a copy of the official 1960 Iowa highway map, just issued by the state highway commission. Not many changes to be detected in the general Belmond area.

Woolstock road blacktop is marked in, as is new paving from Meservey to Thornton. The roadside park where No. 69 turns west toward Clarion is indicated as an "electrified" campsite, which it wasn't a year ago.

Morse lake continues to be designated (with its deceased twin) as Twin Sisters lake. That's probably just as well. It'd probably be called "Morris lake" if the name were changed!

HOSPITAL NOTES

Mrs. William Morris of Meservey entered Feb. 16 as a medical patient.

Harlan Fisher of Renwick entered Feb. 17 as an accident patient.

Noel Katter of Klemme entered Feb. 18 as a medical patient.

Mrs. Ellen Aseltine of Rowan entered Feb. 18 as a medical patient.

Mrs. Tom O'Donnell of Sheffield entered Feb. 18 as a medical patient.

Dick [illegible], Sr., entered Feb. 19 for [illegible].

[illegible] entered Feb. 20 [illegible].

[illegible] of Sioux City [illegible] medical patient.

PARTICIPANTS in the pageant that will be a feature of the World Day of Prayer observance on Friday evening of next week are shown above (left to right): Mrs. Bob Foss, representing China; Mary Lu Cox, Japan; Mrs. Max Whitney, India; Mrs. Roger Boelman, American Indian; Nancy Gallagher, Fiji Islands; and Mrs. Alvin Braner, migrant worker. If absence of conflicts permit, Wright county's speech therapist, Richard Adams, will represent Africa in the pageant.

4 Churches Plan Observance—

World Day of Prayer March 4th

Four Belmond churches are joining in sponsorship of the annual World Day of Prayer observance that is scheduled for Friday of next week at the Methodist church. Participating are the Congregational, Methodist, Bethany Reformed and Immanuel Reformed churches.

In direct charge of this year's observances is the Congregational church, but the Methodists offered use of their church for the program because of its larger seating capacity. An evening program will be held, starting at 7:30 o'clock.

"Labourers Together with God" is theme of the 1960 World Day of Prayer. Each year's program is prepared by a different nation. Responsible for planning this year's was the Women's Inter-Church Council of Canada.

This is the 74th annual observance of the World Day of Prayer, which since its origination has been held annually on the first Friday in Lent. Thousands of Christians the world around unite in the service of prayer, which is held in 60 different languages and 1,000 dialects.

Services begin on the Tonga Islands, west of the International Date Line, where Queen Salote leads her subjects in prayer. Throughout the day observances are to be held in 145 countries on six continents, concluding with a program on St. Lawrence Island, Alaska.

A pageant which is a major feature of the local observance will have the following individuals representing various nationalities and other groups as follows:

China, Mrs. Bob Foss; Fiji Islands, Nancy Gallagher; India, Mrs. Max Whitney; Japan, Mary Lu Cox; American Indian, Mrs. Roger Boelman; migrant workers, Mrs. Alvin Braner and son Kevin. Director of the pageant is Mrs. Elmer Vander Ploeg.

General chairman of the program is Mrs. William Hill. Ministers of all four churches — Mr. Hill, Congregational; Mr. Vander Ploeg, Bethany; Rev. M. L. Jones, Methodist; and Rev. Julius Brandt, Immanuel Reformed — will take part in the program. A youth choir of junior and senior high school students will provide music.

The public is invited to participate in this universal program of prayer and thanksgiving. A fellowship hour will follow, during which the host churches will serve coffee, milk and cookies.

Study Series Set On Public Affairs

Reapportionment and farm programs will be discussed in three meetings of a public affairs study series to be sponsored by the Wright county extension service, one night a week, during the first three weeks of March.

First of the study meetings will be held next Tuesday evening. The first topic is "Reapportionment" and discussion leader will be Dr. Donald Boles of the history and government department of Iowa State university, Ames.

Farm programs will be discussed on the evenings of Tuesday, March 8, and Thursday, March 17. Specialists from Iowa State university economics department will be discussion leaders at these sessions, Eber Eldridge and Dr. Wallace Ogg, respectively.

These meetings are open to the public. Both men and women, urban and rural, are urged to attend since the topics should be of interest to everyone.

All meetings will start at 8:00 p.m. and will be held in the basement of the First National Bank building in Clarion.

Aaron R. Bowman, County Extension Director, says that the evening's discussions will be in two parts. The subject will first be presented by the guest speaker and then as coffee is served the last half of the period will be devoted to questions and expression of opinions by those attending.

ON LUTHER HONOR ROLL

Sandra Swenson earned a place on the honor roll at Luther college for the first half of the current school year with a 2.72 total in grade points, compared to a maximum of 3.0. Miss Swenson is currently serving as business manager of the campus yearbook, "The Pioneer."

FUNERAL FRIDAY AFTERNOON FOR MRS JOHN LARSON, 80

Funeral services will be held Friday afternoon at 2:00 o'clock at the Methodist church for Mrs. John Larson, who died at her home here Tuesday evening. She would have been 81 years old on March 17.

Johnston Funeral Home is in charge of arrangements for the rites. Burial will be in the Belmond cemetery. A full obituary will appear in next week's issue of The Independent.

Jackson Winner Of Toastmasters' Speech Contest

Annual speech contest of the Belmond Toastmasters club was held last Sunday evening at the St. John Lutheran church dining room as a highlight of the club's Ladies Night dinner.

Rev. Richard Jackson, pastor of the Rowan Methodist church, was judged winner of the contest. Other members contending for the honor of representing the Belmond club in area competition were Dave Hallowell, Al Nolte and Stuart Kutz.

Mr. Jackson this Sunday evening will speak in the Area 2 contest at Osage. Five other clubs, in addition to Belmond, will have local contest winners in this contest.

HELLO WORLD

Mr. and Mrs. Harold Thompson are parents of a 4 lb. 6¾ oz. son born Feb. 18. They have named him Michael Alan.

Rondalee Ann is the name chosen by Mr. and Mrs. Ronald Kraft of Corwith for the 6 lb. daughter born to them Feb. 21.

A 9 lb. 14 oz. baby boy was born Feb. 22 to Mr. and Mrs. Ardell Kaduce.

A baby girl, weighing 8 lbs. 1½ oz., was born Feb. 22 to Mr. and Mrs. Kenneth Johnson of Kanawha.

New Assignment To Bob Jenison

Bob Jenison, who for the past 2½ years has been "customer engineer" for the International Business Machine corporation in charge of maintaining IBM machines at Dr. Salisbury Laboratories, Charles City, has been given a new assignment.

After a 20-week period of training at the company headquarters at Poughkeepsie, N. Y., Bob will go to Cedar Rapids to superivse installation of a large transistorized computor at the Collins Radio corporation. He will then be responsible for maintenance of this machine.

This computor is one of the very latest developed by IBM and is, to the best of Bob's knowledge, the first to be rented by an Iowa firm.

Bob, a 1950 graduate of Belmond High school, has been with IBM for 3½ years.

The Jenisons have sold the new home they had purchased at Charles City. Mrs. Jenison and the two children, Ricky and Jane, will live during Bob's training period with her parents, Mr. and Mrs. Harold Johnson. Bob left on Monday of this week for Poughkeepsie.

DOING PRACTICE TEACHING

Arlo W. Stoltenberg is one of 23 Central college students currently doing practice teaching at Pella and Monroe, as training for teaching careers. Arlo, a senior at Central, is teaching world history at Pella High school.

Rivals Matched In Sectional—

Broncos vs. Cowboys: Act II Tonight

Tonight at Franklin Consolidated, THE game of the season faces the Belmond Broncos.

They've already captured "the cake" — in the form of an undisputed North Iowa conference basketball championship and top Class A rating in the Central District of the state in the final Associated Press poll of the season.

Now the Broncos want frosting on that cake, in the form of a second victory over the Clarion Cowboys. Clarion partisans have never considered very significant the 63-51 win Belmond chalked up against the Cowboys on Jan. 5 when Dan Stober was out of the line-up with an ankle sprain.

There is little question but what Clarion backers figure on a fairly decisive victory over Belmond tonight. And if the Broncos are to upset the dope bucket, there is equally little question that they will have to come up with their best game of the season to date — an appreciably better effort than they put forth in advancing to the sectional semi-finals with a 66-61 decision over Alden on Tuesday evening.

Alden led only twice during the game, at 2-0 and 4-3; but Coach Ed Weeks' Redskins gave the Broncos all the opposition they could handle before going down to defeat. Although Belmond led twice in the first half by 13 points and by 10 with a little over four minutes of the game left, the game wasn't "in the bag" until Jerry Jenison netted a pair of freethrows to give the Broncs their final five-point margin with just 26 seconds remaining.

Belmond surprised the Redskins with a full-court press at the very outset of the game and ran up a 23-10 first quarter advantage before Alden adjusted to the maneuver. Then they came up with the answer in a fast break offense that slashed the Bronco margin to five points, 23-18, before Belmond could break the ice in the second stanza.

With about 2½ minutes left in the half, the Broncs had their 13-point bulge back again at 33-20, but halftime found it pared to seven, 37 to 30.

The third quarter followed the pattern of the first two. Belmond fought to an 11-point lead, 50-39, only to see the Redskins rally to go into the final period only six behind, 50 to 44.

Halfway through the fourth quarter the Broncos' 61-51 margin looked relatively safe, but Alden's 6-5 center, Ron Keller, hit four freethrows in a row to make the difference six points again with 3:36 left. Bemond went into a stall at that time, but lost the ball a minute or so later and Terry Petrie hit a fielder to make the count 61-57.

After Dean Pals had made good on one out of three freethrow chances, Jerry Jenison boosted the margin to 64-57 with 1:16 to go, but was called for charging and Allen Craig cancelled the field goal by hitting both of his charity tries.

Matters looked serious when Keith Monson bagged a fielder that left Belmond ahead only 64 to 61; but the younger Jenison took the pressure off by hitting the bull's eye on his two gift shots with just 26 seconds left.

Alden has a considerably better than average team, but it was the Broncos' own mistakes that hampered them most. They were called at costly lane violations, failed to set defense quickly enough on the Redskins' fast break and made too many bad passes.

Roger Ginapp played the leading role in the Belmond victory, poking in 19 points and doing a good job on defense. Lynn Jenison, handicapped by four fouls before the mid-point of the final quarter, came through with 14 and Jerry tallied 11 — six coming when the chips were down.

Mark Mason and Mike Long each contributed six points, Dennis Pastour four, Dean Pals and Ron Thompson three apiece. Alden had well balanced scoring. Keller paced the Redskins with 23, but Monson, Petrie and Randy Schultz each pitched in 10 and Craig six.

High School Bonds Sold Tuesday At Better Price Than Anticipated

Directors of Belmond Community School district were highly pleased by the figure offered by the successful bidder as the $575,000 in bonds for construction of the new high school were sold Tuesday night.

Their most optimistic hope had been that the bonds might go at an average interest figure of four per cent — and though they would have been disappointed, they would not have been too much surprised if their best offer had run a bit higher than that.

As it turned out, the average interest rate the district will have to pay on the issue will figure at just 3.8247 per cent—a very favorable interest consideration in view of prevailing investment returns.

Joint Bid of Four Firms

White-Phillips Company, Inc., of Cedar Rapids, with three Des Moines associates bid in the bonds with the following offer: the $74,000 to be redeemed during 1961-66 at 4.25 per cent; the $115,000 to be redeemed 1967-71, at an even 4.0 per cent; the $255,000 to be redeemed 1972-76 at 3.75 per cent; and the $131,000 redeemable in 1977-78 at 3.8 per cent.

Affiliated with White-Phillips in making this bid were Iowa Des Moines National bank, Becker and Cownie, Inc., and the Beh company. Their successful bid was closely approached by two other combinations of investment firms, who were only a small fraction of a per cent off the winners' figure.

Bank Here in on Bid

Next after the successful bidders were John Nuveen and company and William Blair and company, both of Chicago.

First State bank of Belmond was an affiliate in the combine that entered the third bid. This group also included Shaw-McDermott and company, Shearson, Hammill and company, Quail and company and the First of Iowa Corporation.

With sale of the bonds successfully transacted, the school directors now expect that construction of the new high school — and the Fred and Alice Luick Memorial community center that will adjoin it — can be started in June or July of this year. Final modifications in the plans are at present being made.

Empty Bucket For 2nd Week

For the second week in a row, no Cash Gift Day dollars were "liberated" Tuesday of this week. Not happy with this state of affairs, the CGD committee has decided to pitch another $50 in the kitty for next Tuesday to bring the award total up to $300. This will once again allow for six $25 prize numbers to be posted at 2:00 p. m. — but an extra $50 number to make three in all — will be drawn for at 3:00 o'clock. Gotta get some money in circulation, say the Cash Gift Day sponsors.

Play and 2 BHS Speech Entrants Rated Division I

Two individual entrants and the one-act play that represented Belmond High school at last week's district speech contest at Clarion earned Division I ratings and the right to advance to the state level of competition. These top-rated contestants will appear in the final contest to be held at Hartley on March 18-19.

This year's BHS one-act play is the first since 1952 to win the right to compete in the state contest. Its members are Lynne Boller, Ronda Urban, Erwin Hill, Cathy Bonte, Jim Pals and Mark McNulty.

Individual contestants who were awarded "superior" ratings at Clarion were: Randy Brandmeyer, in humorous declamation with "How to be Reared by a Small Child," and Kathy Jones, in oratorical declamation with "The War Inevitable."

All the other BHS speakers who competed at Clarion received Division II or "excellent" ratings. They were Mike Goecke, Sharon Christensen, Sheila Musselman and Lynne Boller.

The Belmond entrants, including the play cast, were coached by Marilyn Schroeder. She reports that district judging was much more severe this year than last, in her opinion, and that some of the entries who got Division II ratings did very commendably, despite their failure to qualify for the state contest.

Damage by Dogs Among Livestock Becoming Heavy

Claims amounting to $1,417 for poultry and livestock killed by marauding dogs have been entered since the first of the year against Wright county's domestic animal fund.

Sheriff Bob Blecker said this week that he could not remember when killer dogs had represented a bigger problem in the county and declared that deliberate action to deal with these dogs will have to be taken.

As usual, sheep have been the most frequent victims, but the dogs have by no means limited their depredations to the woolies. Hogs, a cow and turkeys have also been destroyed.

Farmers who have had losses since the start of the year and the amounts of their claims are:

Mrs. Rudolph Lenz, Dows — 67 turkeys, $433; Russell Christopher, Eagle Grove — nine ewes, $198; Donald Blue, Eagle Grove — 12 ewes, $360.

Milford Thompson, Kanawha — two ewes killed, three injured, $100; Cleo Wilson, Belmond — two hogs, $36; Arthur Jewell, Galt — two ewes killed, one injured, $50; Larry Fjetland, Clarion — one cow, $240.

WCARC MEETS NEXT WEEK

The Wright County Association for Retarded Children will hold its regular monthly meeting at the Lincoln Elementary school in Eagle Grove next Wednesday at 8:00 p. m. S. R. Christensen, executive director of the Iowa Association for Retarded Children, will be speaker. The public is invited to attend.

SALE DATE CLAIMED

Hilko Pals has claimed the date of March 21 for holding a closing out sale at the farm he is operating 2½ miles north of Alexander. Leonard Wiemann and Cliff Howlett will be the auctioneers.

Memorials to Buy Belmond Hospital Modern Incubator

Belmond Community hospital will soon have a new baby incubator of the latest type in that line of equipment, through action taken by the Hospital Auxiliary. At its annual business meeting on Wednesday of last week, the Auxiliary voted to apply an accumulation of $700 in memorial gifts to the purchase, adding $50 of its own funds to meet the price of the equipment.

A major portion of the Isolette's cost was met by the recent gift of $350 from Lloyd Rudisill of Clarion in memory of his late wife, Lillian. Mrs. Rudisill, shortly before her death from cancer, had endowed the nursery with a $1,500 contribution toward the construction of Belmond Community hospital.

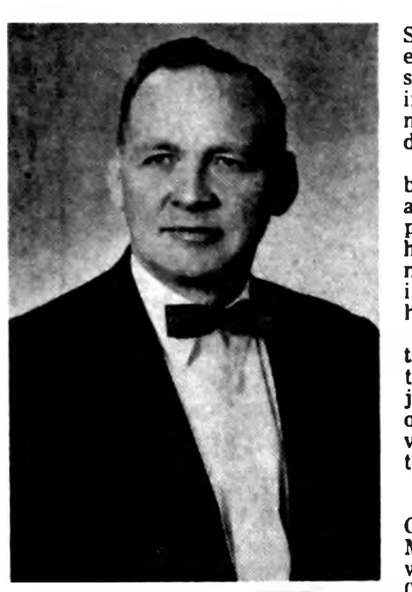
Two new officers were elected at the Auxiliary meeting. Mrs. J. R. Gallagher became secretary and Miss Agnes Rikansrud, treasurer. They succeed Mrs. Jelto Boelman and Mrs. Leland Jenison, respectively. Continuing in office for another year are Mrs. R. H. Gowdy, president, and Josephine Dominy of Goodell, vice president.

Committee chairmen were named as follows: volunteer services, Mrs. L. M. Helland; sewing, Mrs. S. M. Helgeland; hospitality, Mrs. L. A. Collier. Division chairmen will be: Mrs. Amos Hanson, for Goodell; Mrs. Herbert Basener, Meservey; and Mrs. Henry Johnson, Alexander.

It was voted by the Auxiliary to provide each new baby born at the hospital with a handmade bib upon its departure. The sewing committee was instructed to start work on the project so there will be a ready supply of bibs on hand.

PUBLIC CARD PARTY

St. Patricia Circle of St. Francis church is holding a public card party this Sunday evening at the library basement. There will be tables of both 500 and bridge.



FIRST PULPIT appearances in his new charge, the Trinity-St. Olaf Lutheran parish, will be made Sunday by Rev. Oscar Laaveg, who was called by the local churches last December. He plans to move here with his family from Camrose, Alberta, Canada, on Friday or Saturday. The Laavegs have four sons ranging from three to 12 years in age. The new pastor will preach at St. Olaf at 9:30 a. m. and at Trinity at 11:00 a. m.

ADVERTISEMENTS CARRIED ON 3 UP-COMING AUCTIONS

Three public sales — two scheduled for this Saturday and the other for Monday of next week — are advertised in this issue of The Independent.

The Saturday sales are those of Ben Loats, who is quitting farming, and of heirs of the late Henry Peck of Garner, who are selling a variety of blacksmith and plumbing supplies, plus other items.

On Monday, Vernon Swenson is holding a closing out sale of his farm machinery and livestock. "Coonie" Smith and Raye Frye are crying this sale and also the Loats sale. Cliff Howlett is auctioneer for the Peck sale.

JCC Honors Roger Johnson—

Ed Gabrielson Jaycee DSA Winner

Belmond Junior Chamber of Commerce paid honor to two of its members, Ed Gabrielson and Roger Johnson, at the Jaycees' 2nd annual Bosses' Night dinner held at Veterans' Memorial hall Monday evening.

Mr. Gabrielson was awarded the Belmond JCC chapter's Distinguished Service Award for 1959 and Mr. Johnson was chosen as the year's Outstanding Jaycee.

Presentation of the plaques was made by the respective winners of the two awards for the previous year, George Sharp and Al Korthas.

A major consideration in the selection of Mr. Gabrielson for the Distinguished Service Award was the efficient manner in which he served as general chairman of the Jaycees' combined beauty pageant and 4th of July celebration last summer.

Mr. Sharp said, "Ed has the knack of generating great enthusiasm for anything he undertakes — and imparting that same enthusiasm to all who are working with him."

Ed is a member of the Chamber of Commerce as well as the JCC and has participated extensively in undertakings of the senior group. He was one of the founders of the Belmond Community chorus and served as its president from January of 1958 until June of last year.

He is a member of the Belmond volunteer fire department, of the Veterans of Foreign Wars and of the Methodist church. He sings with the Methodist choir, teaches a Sunday school class and is active in the Methodist Family Fellowship.

As a typical member of the Jaycees, he has given generously in both time and effort to promote JCC activities. The same has been true of Roger Johnson and was instrumental in bringing him the Outstanding Jaycee award.

Mr. Korthas noted that Roger carried more than his full share of the load in assisting in all aspects of the Jaycee program during 1959. This recognition is given less for a specific contribution to the JCC cause than for constant loyalty to the organization and participation in its activities above and beyond the normal call of allegiance.

Roger is a member of the Congregational church and serves as an usher.

Main speaker on the Bosses' Night program was Max Hibbs of Marshalltown, past president of the Iowa Junior Chamber of Commerce. He gave a highly entertaining account of his experiences in traveling to Rio de Janeiro, Brazil, last November to attend the international conference of Jaycees from all over the world.

He told graphically how pursuit of the "Yankee dollar" appears to be among the top pastimes in nations south of the border. His tale was highlighted by an account of how his party's private plane alighted in the Dominican Republic on a "secret" military airfield which they not only weren't supposed to land on — but which they weren't even supposed to know existed.

Other distinguished guests present were Dean Arbuckle of Jefferson, current state Jaycee president, and Jim Karsjens of Fort Dodge, National JCC director.

Duane Anderson served as master-of-ceremonies of the after-dinner program. A feature of the program was a report by President Ray Borgstrom on the numerous projects undertaken by the local Jaycees during 1959.

F. Johnson Rites Conducted Here

Funeral services for Fred Johnson, 76, were held Wednesday afternoon at Fulton Funeral Home, with Rev. William Hill of the Congregational church officiating.

Military services were conducted by the honor guard of the Veterans of Foreign Wars. Burial was in Belmon cemetery, with Fulton Funeral Home in charge.

Fred Johnson was born Feb. 14, 1884, son of Henry and Helen Johnson of Belmond. He was one of 12 children. He died Monday at the Veterans Administration hospital in Des Moines.

He leaves one sister, Mrs. Lillian Poschelke of Jamestown, N. D., and two brothers, Howard of Jamestown, N. D., and Harold, Belmond.

FOOD SALE SATURDAY

Trinity Ladies Aid will hold a food sale Saturday at Hattel's Super Valu store. Selling will begin at 10:00 a. m.

Patrolman Views Proceedings—

Wrong House Picked for Break-in

Dallas M. Greenbush, 22, of St. Paul, Minn., is being held in the Wright county jail at Clarion awaiting appearance before the grand jury on a charge of breaking and entering here Friday night of last week.

When apprehended in the home of Dr. and Mrs. L. A. Parson, he told the arresting officers, Patrolman John Graham and Night Marshal Marvin Miller, "You probably won't believe this, but I was only looking for a telephone to call my mother."

His guess on the doubts regarding his veracity proved well founded.

Two companions who were parked in a car a block and a half from the Parson home were arrested later and hailed before Mayor L. T. Trafford on charges of intoxication.

Norman Lourie, 23, and Gerald Scherbel, 22, also of St. Paul, were each given a 25-day jail sentence. When Lourie was able to prove that he has a steady job — and two children to support — his sentence was suspended. Scherbel is sharing the jail accommodations with Greenbush, who was unable to post $2,500 appearance bond.

Patrolmen Graham's wife noticed Greenbush lurking around the Parson residence as she and her husband were preparing to retire about 10:00 p. m. Friday. As her husband was putting on his clothes to investigate, the young man disappeared into the house, which is unoccupied during its owners absence in Florida.

After several tours of the home, Patrolmen Graham found the intruder crouched under a small table in a sewing room — where he'd been overlooked on three other quick inspections of the room.

Taken to the city hall, Greenbush told that he was traveling with two campanions and he guided another patrolman to the location of the car. The trio had been caught in a patrol radar net at the outskirts of Garner and paid a fine there en route to Belmond.

Questioned by Deputy Sheriff Dale Walrod, Greenbush said h was on parole as a result of breaking and entering convicti in Bremerton, Wash., last Ap He further admitted in a sign statement that he has, in the pa year, entered two dozen or mo homes in St. Paul. He stated h burglaries had netted him an est mated $500 — his largest "tak being $80.

Before entering the Parso home, he had knocked on the door of the adjacent home of Harry Sorenson — but when his knock was answered he asked if someone of fictitious identity lived there and then beat a hurried retreat.

Absence of footprints in the snow at the front and back of the Parson residence, plus an accumulation of circulars at the doorway, offered clear indication that the home was not currently occupied.

Greenbush nevertheless, with straight face, clung to his explanation that he was simply in search of a phone so he could call his mother.

"CANDY QUEEN" HONORS were bestowed upon Candy McClenahan last Thursday evening at the Camp Fire Girls' and Bluebirds' Dad-Daughter banquet at the Methodist church. Candy earned the crown by selling 100 boxes during last year's annual Camp Fire candy sale. Looking on is "Princess" Diane Hopkey, who sold 72 boxes. Bestowing the queen's crown is Cecil Carstens, finance chairman of the Camp Fire committee. A special guest was Mrs. Margaret Harrison of Des Moines, at left, area field director for Heart of the Hawkeye Council.

SOCIETY

Farewell Party Honors Melvin Homervold Family

The Melvin Homervold family of Dows was honored at a farewell party Friday evening at the home of Mr. and Mrs. Herbert Hill with ten families in attendance.

The Homervolds are moving to St. Paul, Minn. The guests brought a basket lunch and a cash gift for the honorees.

Guests present were Mr. and Mrs. Kenneth Severson of Clarion, Mr. and Mrs. Sanford Severson, Mr. and Mrs. Donald Moore, Mr. and Mrs. Gerhard Gabrielson and Jimmy, Mr. and Mrs. C. A. Didio, Mary Beth and Danny, Mr. and Mrs. Arthur Homervold and Mr. and Mrs. Chester Hill and Jane. The John Christensons were unable to attend.

The Hommervolds were overnight guests in the Hill home.

CARL DORENKAMPS OBSERVE 40TH WEDDING ANNIVERSARY

Mr. and Mrs. Carl Dorenkamp observed their 40th wedding anniversary Friday evening at the library basement. After a short program and a social time, lunch was served. The honorees received many gifts and cards.

About 70 relatives and friends were present from Belmond, Meservey, Latimer, Sheffield, Alexander, Geneva, Thornton, Rowan and Goodell.

The Dorenkamps have two sons, Elmer and Marvin of Meservey, and a daughter, Mrs. Bud (Marie) Boelman. They and their families were present for the notable occasion.

ENGAGEMENT of her daughter Catherine is announced by Mrs. Nicholas Polydores of Worcester, Mass. Her fiance is A2/c Allen L. Meyers, son of Mr. and Mrs. Henry H. Meyers of Belmond. Miss Polydores, whose father is deceased, is a graduate of the Worcester High School of Commerce and is employed at Worcester by the State Mutual Life Assurance Company of America. Airman Meyers attended Belmond High school and is at present stationed at Kindley Air Force Base in Bermuda. The wedding will take place April 30 at St. Spyridon Greek Orthodox church, Worcester.

ENGAGEMENT of their daughter Eloise Ann is announced by Mr. and Mrs. Clarence Kirkendall. She will wed Aage I. Carlsen of St. Paul, Minn., son of Mr. and Mrs. Ejnar Carlson of Capron, Ill. Miss Kirkendall is attending St. Olaf college, Northfield, Minn., and her fiance is a student at Luther Theological seminary, St. Paul. A June wedding is planned.

Mr. and Mrs. D. McCormick Honored At Farewell Dinner

Mr. and Mrs. Duane McCormick were honored at a farewell pot luck dinner Friday noon at the Arthur Homervold home.

The McCormicks, who will leave this week for Landrum, S. C., were presented a cash gift by the guests.

Present at the dinner were the John Christensons, Paul Trees', Glen Slinings, Chester Hill, Alvin Charlson, Jim Moore, Donald Moore, Pete Kastler, Rush Marshall and Sherman Ekeland.

Mrs. Chris Wagner Hostess For G. E. M. Club Meeting

G. E. M. club met at the home of Mrs. Chris Wagner last Thursday evening. Guests were Mrs. Clara Thayer, Mrs. Floyd Doctor, Mrs. Howard Shahan and Mrs. Albert Fetrow.

Mrs. Hauko Barkema received a birthday gift from the club members. 500 was played with high score going to Mrs. Floyd Doctor, second high to Mrs. Clara Thayer and low to Mrs. Howard Shahan. Lunch was served by the hostess.

Farewell Courtesy Honors The Vernon Swenson Family

A group of friends and their families held a pot luck supper Saturday evening at the library basement as a farewell courtesy for the Vernon Swenson family. About 60 folks were present. A purse of money was presented to the Swenson family.

Farewell Supper Party Honors Sharon Swenson

Pheobe Watne and Janice Bamford were hostesses at a supper Friday night at the John Watne home. The occasion was a farewell courtesy for their classmate, Sharon Swenson, who is moving to Swea City.

Guests were Sharon Gabrielson, Lynda Hinman, Karen Swenson, Karen Pringnitz, Linda Hanson, Pam Gabrielson, Carol Kennedy and Beverly Buseman. The group presented a gift to the honoree.

Wright County Board Proceedings

January 20, 1960
Clarion, Iowa

The Board of Supervisors of Wright County, Iowa met in adjourned session at the court house in Clarion, Iowa with the following mmebers present: Albert W. Christopher, Harland E. Hill, Ed Kennedy, Everett Nelson, Walter Weidemann, with the County Auditor in attendance.

Minutes of the last meeting were read and approved.

This being the time and date set to meet with the said Board regarding the application of Morse F. Nielson and Glen Wilson, Jr. filed with the Iowa Natural Resources Council to construct a new channel for White Fox Creek in Section 12, T90N, R25 W. Wollstock Township, Wright County Iowa.

Those appearing for this matter were as follows:

Othie R. McMurry, Director, INRC
Merwin Dougal, Staff Engineer for INPO
Robert Locke, Work Unit Conservationist
A. F. Draheim, Jr., County Attorney for Wright County
Ed Kirstein, Landowner in Drainage District 131
Clark Shillington, Landowner in Drainage District 131
Glen Wilson, Jr., Applicant
Arliss Nielson, appearing for applicant, Norse Nielson

Considerable discussion occurred concerning said application as it applies to the outlet for Drainage District 131, Wright County, Iowa.

It was stated by Mr. McMurry that no permit had been issued to applicants, and that the Determination of the Iowa Natural Desources Council of November 24, 1958 was still in effect. The County Attorney called attention to a letter to the Board of Supervisors of December 31, 1959 from Mr. McMurry whereby it stated a diversion of the White Fox Creek in Section 12, T 90 N, R 25 W. Woolstock Township, Wright County, Iowa, had been made and such was in violation of the instruction outlined in the determination of fact issued by the Resources Council on November 24, 1958.

Mr. McMurry informed Messrs. Wilson and Nielson that no further diversion or construction work be made until a permit had been granted.

It was stated by Mr. Locke that his agency would, upon application by Morse Nielson and Glen Wilsen, Jr., provide a preliminary survey with plans and specifications for the extension of tile in Drainage District 131 from the present outlet to the proposed channel diversion, and that the Board of Supervisors could examine and study such survey and specifications when submitted to them.

As a result of this meeting it was concluded as follows:

1. That no futher diversion or excavation work be made until a permit from the Iowa Natural Resources Council be granted to applicants, as stated in the Iowa Natural Resources Council's determination of November 24, 1958.
2. That the said applicant must submit to the Board of Supervisors and the Iowa Natural Resources Council for their approval sufficient plans and specifications for the proposed tile extension of Drainage District 131 to the proposed channel change, as also provided in the said determination of November 24, 1958.
3. That the said applicants could petition the Board of Supervisors for an extension of Drainage District 131, as provided by law.
4. That the matter of repair, maintenance and construction costs of any proposed extension of Drainage District 131 from the present outlet to a proposed new channel change shall be deferred by the Board of Supervisors until said Board shall approve any plans and specifications submitted to them by the said applicants.

Motion by Weidemann and seconded by Nelson that the meeting be adjourned. Motion carried.

ALBERT W. CHRISTOPHER, Chairman
MYRON PRICE, Auditor

LITTLE CATTLE FEEDERS

Grimes Little Cattle Feeders 4-H club held its February meeting at the home of Donnie Fischer. Fourteen members were present. The members voted to have a basketball team.

Kathy Kuhlers and Barbara Williams held a discussion on table settings. A demonstration on repairing chairs with glue was given by Kathy Kuhlers and Barbara Williams. Lunch was served by Mrs. Dale Fischer.

Mary DeOn Nelson, David Colby Wed In Nuptial Rites Performed at Ames

Against a background of pedestal baskets of white double stock, calla lilies and tiered candelabra with greenery and white satin bows, Miss Mary DeOn Nelson and David L. Colby repeated their wedding vows Saturday afternoon, Jan. 30, at 3:00 o'clock. The double-ring ceremony was performed at the First Christian church at Ames by the pastor, Rev. Luvern Erwin.

The bride is the daughter of Mr. and Mrs. George E. Nelson of Cherokee and the groom's parents are Mr. and Mrs. Hubert Colby.

Pews were marked with nosegays of white pompons and fernery in white satin bows.

Mrs. Berniece Fulhart of Ames provided organ music and accompanied the soloist, John Gill of Ames, who sang "At Dawning" and "I'll Walk With God" preceding the ceremony. The "Wedding Prayer" was sung while the couple knelt at the altar.

Candles were lighted by Ronald Nelson, brother of the bride, and Fred Loats, close friend of the groom.

Given in marriage by her father, the bride approached the altar on a white carpet. Her bridal gown was fashioned of silk mist taffeta and hand run embroidered Alencon lace. The sculptured bodice was styled with a portrait neckline, inlaid with lace embellished with seed pearls and irridescents and had long tapered sleeves with shoulder accents to match the neckline. A bias fold of taffeta formed an empire effect descending into an isle wide floor-length skirt. A large pouff bow accented the back. Her finger-tip veil of imported silk illusion fell from a cap of lace sequins and pearls.

She wore pearl earrings and carried a white orchid arrangement with streamers on a white Bible, a gift of the groom.

Maid of honor was the bride's cousin, Betty Jean White of Cedar Rapids. The bridesmaid was Bethel Haberkamp of Garner. They wore identical gowns of deep turquoise taffeta styled with fitted bodices, scoop necklines and brief sleeves. Their bouffant, ballerina-length skirts were accented by crushed cummerbunds of the two-toned taffeta and large back bows. Their matching headbands were trimmed with circles of net. Elbow-length tapered mits and pearl earrings to match the dresses completed their attire. They carried cascade bouquets of white roses and hyacinths.

Kimberly Jo and Polly Ann Nelson, nieces of the bride, served as ringbearer and flower girl. They were dressed in identical white taffeta, with two-toned turquoise sashes accented with large back bows and short white gloves. They wore white lace headbands.

Alvin Halfpap, close friend of the groom, served as best man. Groomsman was Dean Nelson of Clinton, twin brother of the bride. Sherm Nelson of Aurelia, brother of the bride, and Joe Ziller served as ushers.

The bride's mother was attired in a navy blue dress with white accessories and the groom's mother in a steel grey dress with pink complements. Each wore a pink rose corsage.

Presiding at the guest book was Mrs. Richard Wooden, sister of the groom. Gayle Price and Mrs. Beverlie Ayouh of Newton, former roommates of the bride, had charge of the gifts.

The church parlor was the setting for the reception. Centering the table was a four-tiered wedding cake trimmed with white bells and hearts entwined with smilax. Silver candelabra completed the bridal table.

Mrs. Virginia Dorn of Ames, sorority sister of the bride, presided at the coffee service. Mrs. Sherm Nelson of Aurelia and Mrs. Dean Nelson of Clinton, sisters-in-law of the bride, cut and served the wedding cake. Marlys Idso of Newton, roommate of the bride, served as dining room hostess. Celia Wright and Sharon Benjamin of Newton served the punch.

The bride chose for her traveling costume a navy, light wool suit with white accessories. She wore the orchid from her bridal arrangement. Following a wedding trip to points of interest in the south, Mr. and Mrs. Colby are at home at Eagle Grove.

Out of town guests attending the ceremony were from Ann Arbor, Mich., Downers Grove, Ill., Louisville, Ky., Fort Riley, Kans., Des Moines, Iowa City, Centerville, Newton, Belmond, Cherokee, Lake Mills, Hanlontown, Aurelia, Garner, Cedar Rapids, Mason City, Clinton and Marshalltown.

8 Broncos In Last Home Game—

Garner Bows 69-38; Title to BHS

SPORTS

(More Sports Next Page)

Belmond's Broncos tied the North Iowa conference basketball championship up in a gaudy bow of royal purple ribbon Friday night by thoroughly whipping the Garner Cardinals, 69 to 38. The win, Belmond's 14th in a row and 17th out of 19 starts this season, gave the Broncos a 12-2 NIC mark and exclusive claim to the cage title.

This game marked the final home appearance for eight seniors, and it was clear from the outset that the veterans were determined to bow out in style. Garner got the first point on a freethrow by Keith Christensen, but that was the one and only time the Cards held the lead.

By the end of the first quarter the victors were in front 16 to 7 and at halftime they still held a 2-to-1 advantage, 36 to 18. At the intermission, Garner's high-scoring Bill Roe had racked up 11 points — but Mark Mason and Roger Ginapp were right on his heels with 10 apiece.

It is noteworthy that Roe, who had a 26-point scoring average going into Friday night's game, totalled only 29 points in the two games he played against Belmond. He fouled out late in the third period of the first encounter and ended up with only 12 points. In his second meeting with the Broncs he netted 17 — not bad, but well under par for him.

During the second half Friday night, the Broncos didn't keep the pressure on the Cards quite so strenuously as in the two opening quarters; but they never permitted their rivals to launch the slightest suggestion of a rally. Belmond was sailing along with a 26-point lead as the final stanza got underway, 56-30.

Scoring was sparce in the first half of the fourth quarter, the first four minutes altering the score only three points — 57-32. Then the Broncs got to buckling again and out-tallied the Cards 12 to 6 the rest of the way to fix the final count at 69-38.

Although he began to tire and saw a fair amount of bench time after the intermission, Mason matched his first half's output of points to rate as high man for the evening with 20.

Ginapp ended up with 14, Lynn Jenison accounted for 13, Mike Long for eight, Ron Thompson six, Jerry Jenison five, Bobby Finn two and Dennis Pastour one. After Roe's 17, Dick Rockwood got eight for Garner, Christensen seven and Don Cataldo six.

While Lynn Jenison's shooting eye was not as sharp as usual, he showed his calibre by breaking the school record for rebounds by cleaning the boards 24 times. For a boy only 5-10 in height, it was a most remarkable achievement.

In the froshmore curtain-raiser, Garner clinched a tie with Northwood for the NIC freshman-sophomore championship by larruping the Junior Broncos 44 to 24. Both the Cardinal Chicks and Junior Vikings ended their loop cards with 11-3 records.

Despite playing under a great height disadvantage, the Belmond Broncos stayed in contention until midway in the third period. They had pulled within two points of the visitors, 20-22; but the wheel came off for Coach Rich Koolbeck's proteges then, and Garner made it a run-away the rest of the distance.

Garner has an exceptionally fine varsity prospect in Mark Boehnke, who cracked the net for 19 points. Paul Nedved accounted for 11. Bob Burk topped the losers with eight as Vernon Pastour was held to his shortest count of the season, only six points.

A crowd of more than 1,000 jammed the gymnasium for the Broncos' title-clinching fray. The seniors who were making their last home appearance were Lynn Jenison, Ginapp, Mason, Pastour, Long, Thompson, Dean Pals and Dave Suntken.

VFW Team Takes First in District

Belmond bowlers did well at the VFW district pin tournament held Sunday at Fort Dodge, headed by the local team entry which finished in first place.

Maynard Holmgaard paced the Belmond fivesome with a scratch 612. With handicap, the Belmond team harvested 3,038 pins.

Arlo Stoltenberg took third in the singles, rolling a scratch 605 and posting a 673 with handicap. A single-pin blow in the 10th frame of his second game beat him out of second place, which was won with a 675.

Besides Holmgaard and Stoltenberg, Ozzie Nelson, Ed Albers and Jack Lobdell rolled with the championship team. Cecil Mosiman also competed in the singles and doubles.

Several Belmond performances figured in the money, in addition to Stoltenberg's singles and the team score.

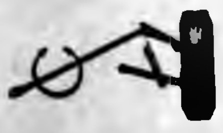
WORTH MORE BECAUSE THEY WORK MORE!

Compare this list of Chevy advances with the features ordinary trucks are still talking about. You'll see why Chevy trucks get more work done in a day ... why they go extra thousands of miles before trade-in time. These Sturdi-Bilt Sixties aren't just new, they're a full scale revolution!



TORSION-SPRING RIDE

Each front wheel, suspended independently of the other, is free to step *individually* over bumps. And shockproof torsion springs up front soak up the jars and jolts *before* they reach the body. With three rugged new tailored-to-the-truck rear suspensions to further reduce road shocks, Chevy gives you the smoothest truck ride you've ever felt.

NO SHIMMY, NO WHEEL FIGHT

Drive a '60 Chevy. Just once. Right away you'll notice the absence of I-beam shimmy and wheel fight common on ordinary trucks.

With independent front suspension there's a brand-new, smoother, easier handling feel behind the wheel.

CABS FOR BIG GUYS

Big guys get a bigger break in a Chevy cab. There's plenty of space inside to stretch out and relax; more room for hats and hips, more room for wide shoulders and long legs. There's horizon-wide visibility through a windshield with 26% more glass area; a new see-at-a-glance instrument panel. Cabs are safer, too, up to 67% more rigid.

6'S SWORN TO SAVE

Chevy's 6-cylinder engines are set to squeeze extra miles out of every drop of fuel. They're long famous for low fuel consumption, high performance.

SHORT STROKE V8'S

Power-packed for peak performance, Chevy's husky V8's make child's play out of the toughest hauls. They have a mind tuned to economy, too, that keeps costs down, profits up.

SLICK NEW SUBURBAN CARRYALLS

These handsome new handy haulers "double in brass"—can transport eight passengers or up to 950 lbs. of payload. Rear and center seats are easy to remove and replace when necessary. For work or for pleasure, these double-duty beauties are best for both!

NEW DOLLAR-SAVING PRICES

Chevrolet's low prices make big truck news for '60. They mean money in your pocket on model after model. Step-Vans, 4-Wheel Drives, many light-duty models with automatic transmissions—all are lower priced. Also, prices have been reduced on all optional V8's.

SEE YOUR DEALER

It could be the most important visit you make in '60. When you've seen these new Chevies, you'll agree they're the world's most advanced trucks. Then drive one and find out why.

Broncos Reach Highest Vote Total In Concluding AP Basketball Poll

SPORTS

(More Sports Preceeding Page)

Last Friday's final Associated Press basketball poll of the 1959-60 season found the Belmond Broncos occupying the highest notch ever achieved by a BHS team in this rating round-up.

Picking up six more points than the 28 they'd totalled the week before, the Broncos held the No. 5 spot in the Central District with their final figure of 34 vote points.

Belmond's North Iowa conference champs of 1954-55 went as high as 5th in the Northwest District, in which they were then rated, with a total of 32 points.

Ahead of Belmond in the final AP Central ratings were Marshalltown with 90 points, Ames 79, Roosevelt of Des Moines 70, and Boone 62. Right behind the Broncos were the highly regarded Webster City Lynx with 32.

Next in line were Marshalltown St. Mary's 24, Clarion 21, Newton 17, Roland 14 and Humboldt, in 11th place, with nine.

Des Moines Register ratings of last week had Humboldt in 4th place among the state's Class A teams and Belmond in the 9th position.

There is no question but what the Clarion Cowboys and their followers would be disposed to argue the comparative strength of the county seat team and the Broncos as implied by the AP poll.

Clarion led Belmond in poll support from the time the Broncos first were rated in mid-January at 14th place with five votes until they climbed to 7th week before last with 28. In the mid-January poll Clarion was 9th with 13 points. The Cowboys' highest climb was to 6th with 22 votes three weeks ago. The Broncs were then 9th with 12 votes.

If both Clarion and Belmond survived early-round play in this week's sectional at Franklin, they were destined to meet in the semi-finals this (Thursday) evening.

The outcome of those games wasn't known as this page went to press. The results will be found elsewhere in this issue.

Roe Sets New NIC Mark With Scoring Gait of 25.6

Fourteen North Iowa conference cagers wound up the loop basketball campaign with individual scoring averages in excess of 10 points per game. Leading the scoring parade by a generous margin was Garner's Bill Roe, who not only took top honors for the season but established a new NIC record with his average of 25.6 per game.

Best previous individual average was 25 per game, set in 1955 by Norris Julson of Northwood.

It may come as a surprise to most NIC fans that Lake Mills' remarkable offensive average of 69.9 per game against league foes was NOT a new team mark. But their Bulldog predecessors of 1955-56 singed the nets for a 73.7 average that stands as high in that department.

Garner, Britt (with Bob Nielsen at 19.9) and Northwood (with Phil Johnson, averaging 11.1) were the only loop teams that had a single man among the scorers who averaged 10 or more points. Osage had the most, Gene Parr, John VanVoorhis (who missed three games) and Jere Mackin all hitting over 12.5.

Vernon "Snookey" Brackey and Al Kloppen of Lake Mills comprised the highest scoring pair for a single team, the former hitting at a 21.3 pace and the latter at 16.2 for an average of 37.5 per game, between them.

Files of the Belmond Independent provide statistics on team and individual statistics for the eight NIC seasons preceding the one just ended. One exception is the point average of Lake Mills' Loren Moen in taking the individual scoring title in 1956.

In that year, the conference coaches interrupted the practice of having all-NIC teams picked by the league's sports editors — and no specific data on the all-conference choices were provided. Moen, as a junior, did not make the 1st team in spite of being the top scorer.

Individual scoring leaders over the past eight seasons have been: 1951-52 — Eldean Matheson (LM) and Ron Fredericks (BC) 16 points; 1952-53 — Allen Housh (G) 17; 1953-54 — Jon Swenson (LM) 20; 1954-55 — Norris Julson (N) 25; 1955-56 — Loren Moen (LM) average not known; 1956-57 — Loren Moen (LM) 22.5; 1957-58 — Tom Costigan (BC) 17.4; 1958-59 — Hal Johnson (N) 20.7.

Team scoring leaders over the same period have been: 1951-52 — Lake Mills, 60.0; 1952-53 Garner, 61.7; 1953-54—Belmond, 55.0; 1954-55 — Lake Mills, 68.6; 1955-56 — Lake Mills, 73.7; 1956-57 — Lake Mills 67.9; 1957-58 — Northwood, 65.2; 1958-59 — Lake Mills, 67.6

Although Lake Mills has had the best offense in the conference six out of the last nine years, including 1959-60, the Bulldogs won the championship only in 1952 and 1957

Following are the current season's top individuals in scoring average:

Player	Ave.
Bill Roe (G)	25.6
Mickey Costigan (BC)	21.8
Vernon Brackey (LM)	21.5
Bob Nielsen (Br.)	19.9
Lynn Jenison (Bel.)	18.9
Al Kloppen (LM)	16.2
Gene Parr (O)	16.1
Jim Fauske (FC)	14.3
John VanVoorhis (O)	14.1
Glenn Tjaden (BC)	13.9
Roger Ginapp (Bel.)	12.6
Jere Mackin (O)	12.6
Larry VanOort (FC)	11.7
Phil Johnson (N)	11.1

● Belmond Locals
(Crowded out last week)

Mr. and Mrs. Hans Beenken of Britt visited Wednesday in the Jelto Beenken home. In the afternoon, Mr and Mrs. Nels Bach of Goodell called.

Mr. and Mrs. Jack Shepard and children of Dubuque spent the weekend in the C. C. Christie home.

Mr. and Mrs. Roger Brockmeyer of Anamosa spent from Friday until Sunday in the home of her parents, Mr. and Mrs. R. H. Gowdy.

WHEN YOU SET A POST —

— YOU TAMP IT!

because tamping packs the soil — makes it solid — less receptive to moisture.

WHEN YOU BOUNCE A DRIVE WHEEL —

— IT SPINS AND PACKS THE SOIL!

Every time your tractor bounces you lose traction, waste fuel, jolt your machinery, pack your soil harmfully, and take a beating yourself.

NEW "LED" BALLAST

adds weight and traction
AND
ELIMINATES BOUNCE

"LED" BALLAST is a compound of dry inert pulverized minerals and additives that is put in your tires. It adds weight, and acts as a shock-absorber, eliminating bounce, increasing traction and efficiency . . . decreasing slippage soil packing and jolting.

FAR SUPERIOR TO OLD FASHIONED LIQUID OR IRON WHEEL WEIGHTS

"LED" BALLAST costs less than liquid ballast and iron wheel weights and has been tested and proven to be the most economical method for increasing the weight, traction and efficiency of your tractor.

Weight alone does not eliminate bounce nor give maximum traction — "LED" BALLAST DOES

Pays for itself in one season
Let Us Give You a Demonstration

FRIENDLY NEIGHBORS CLUB HELD MEETING

Mrs. Henry Brede, Mrs. J. J. Cook, Mrs. Ray Miller, Mrs. John Lauen, Mrs. William Reinhart and Susan, and Mrs. Amos Hanson from this vicinity attended the Friendly Neighbors' Farm Bureau Club meeting Tuesday of last week at the home of Mrs. Victor Zimmerman in Meservey.

Mrs. Frank Guth and Mrs. George Kuhlers gave the lesson on "Floor Coverings And Their Care." Mrs. Zimmerman, Mrs. Vern Schulter and Mrs. Virgil Schluter were hostesses.

Mrs. Harry Ostendorf reported on a County board meeting and said Rural' Women's Day will be May 10.

March 15th hostesses are Mrs. Brede, Mrs. Hanson and Mrs. Harry Ostendorf at the latter's home in Meservey.

Mr. and Mrs. Donald Shaw, Kathy and Carl of Creston and Mr. and Mrs. Mike Luick of Belmond spent Sunday with relatives, the Cortland Luicks and Alan Fullers.

Marilyn Mason spent the weekend in the parental Edward Peterson home. Marilyn is employed with Bankers Life in Des Moines.

Oliver Bohning and his girl friend, Anita Frangquist, of Minneapolis, Minn., were guests from Friday until Monday in the William H. Sheriff home. Oliver also spent part of the weekend with his father, Sam Bohning, at Belmond.

Mrs. Alvin Haupt is spending much time at Belmond in the parental John Larson home as her mother is very ill.

Three Birthdays Honored Sunday At Nico Waage Home

A party was held in the Nico Waage home Sunday evening honoring the birthdays of Mrs. Eugene Waage and LaVonne of Belmond and Myron Waage. Folks present were the Eugene Waage family of Belmond, Judy Stahl of Klemme and Mr. and Mrs. Myron Waage.

Rev. R. A. Ormsby, Pastor

Confession before early Mass.

Early Mass at 8:00 o'clock on the second and fourth Sundays of the month.

Late Mass at 10:00 o'clock on the first, third and fifth Sundays of the month.

FOUNDATION DRIVE BRINGS $239 FROM TWO CHAIRMEN

Mrs. Donald Mewes, Twin Lake township March of Dimes chairman, reports $135 collected and Mrs. Amos Hanson, Goodell chairman, $104.80.

These amounts have been sent to Albert Cooper of Kanawha, who is Hancock county National Foundation treasurer.

Avery township was not solicited as Mr. Cooper was unable to get a chairman there.

Mr. and Mrs. Bill Boller spent Thursday out of town. They enjoyed dinner in the home of their niece, Mrs. Elroy Latch, at Charles City and supper with another niece, Mrs. Lawrence Christie, at Marble Rock.

Beverly Sheriff and Maxine Robbins of Des Moines came Friday to enjoy the weekend in their respective homes.

Mr. and Mrs. Glenn Bier and two sons moved Thursday to the Hall farm vacated by the Dale Steenblocks. Lyle Blomgren has rented the Fred Blank farm vacated by the Biers. However the Blomgrens will continue in business in the Standard Oil Highway Service station.

The Arthur Savogues and Walter Bollers returned Sunday from their three-week vacation. They visited their cousin, Esther Africa, in Miami, Fla., and Mrs. Savogue's sister and friends in Chicago.

Mr. and Mrs. Bernard Halfpop and Paul of Albert Lea, Minn., visited from Friday until Monday evening in the parental Paul Halfpop and Mrs. Mary E. Anderson homes. Mr. and Mrs. Harvey Anderson and children of Clarion also visited Sunday in the latter's home. They had been to Cresco for an overnight visit in the home of her father, Thomas Carlson.

Mrs. Susie Philpott of Hampton spent Tuesday visiting her cousins, Mesdames W. L. Sherwood, A. C. Carpenter and J. J. Cook.

A deal has been closed in which Glenn Weese sold his new house in the south part of town to Robert W. Berns of Belmond. The Weese family moved into their modern trailer at the parental George Weese property and the Berns family will be moving to Goodell this week.

Mrs. Laton Avery entertained in her home Sunday Mr. and Mrs. Daryl Hafermann and children of Meservey, Mrs. W. E. Tanner, Mr. and Mrs. Anson Avery.

T/Sgt. and Mrs. Darrell Meinders and Bill were guests from Friday until Monday in the home of his mother, Mrs. Nels Back. The former is with the U. S. Air Force and is being moved from a base in Ohio to the I. K. Sawyer Base, Marquette, Mich.

Mr. and Mrs. Bill Boller, Mrs. Ed Hughes and Mr. and Mrs. Will Eimbrink were Friday visitors in the Garrett Schreur home at Kanawha.

The Legion Auxiliary reports $66 netted at their food sale Saturday.

Weese Feed Firm To Hold Opening

Weese Feed Supply of Goodell, in cooperation with Foxbilt Feeds, will celebrate Grand Opening Day Thursday of next week.

Free refreshments will be served at the feed headquarters in the rear of Goodell Hardware and special premiums and gifts will be offered to introduce the complete line of Foxbilt Feeds and premixes.

Gifts include electric shavers, household tools, work gloves, and others. Special offers will be good on Opening Day.

Staff representatives of Foxbilt Feeds, who are specially trained in livestock and poultry nutrition, will be on hand to act as hosts and answer guestions on feeding and management problems.

Mrs. William H. Sheriff attended funeral services Friday for Mrs. George Barry of Waterloo held at St. Francis church in Belmond. The Sheriffs and Barrys were neighbors when both lived south of Belmond.

Mrs. George Stille spent Friday in the home of her daughter, Mrs. Max Drescher, near Mason City. In the afternoon the two ladies visited the former's sister, Mrs. Carroll Beenen, at Clear Lake.

Mrs. W. E. Ayers spent the weekend in Kanawha in the home of her daughter, Mrs. John Burrs, assisting them to move. They have been living on a farm southwest of Kanawha and have moved to the Arthur Chelsvig farm located 6¼ miles west of Goodell.

Mell Ver Helst has been helping his son Kenneth and family move from a farm near Meservey to the Charles Barkema farm near Denhart.

Mr. and Mrs. Bob Jenison and Jane Ellen visited Saturday afternoon in the home of his grandfather, O. Sandberg. They have sold their home in Charles City and will move to Cedar Rapids next summer after Bob had taken special training for five months on IBM machine maintenance.

Mrs. Florence Jones of Bassett spent last week in the home of her cousin, Lula Wilkins. Wednesday, the two ladies went to Rockwell and enjoyed the day with relatives, Mr. and Mrs. Glenn Latch.

Mr. and Mrs. Ben Riemer of Garner visited Friday evening the Gilbert Kropps. They had been to Belmond to see his sister, Mrs. Emil Beier of Klemme, who is a patient in the Community hospital.

Dale Brede left Saturday for St. Louis, Mo., to spend this week attending the National R. E. A. convention. Dale is one of the Hancock county directors.

Mrs. Roy Janssen and Janna of Rockwell visited last Wednesday in the Sandberg-Hanson home.

Olive Butts, senior English teacher at Fairmont, Minn., came home Friday and visited until Monday with her brothers, Warner and Bill Butts. Her school had vacation on Washington's birthday.

Mesdames Paul Veldhouse, Carl Green, Park Miller, W. E. Tanner, Bob Stille, John Peterson, Mell Ver Helst also Ione Christie and Margaret Brede in company with Mrs. Larry Langlitz and Mrs. Donald Peterson of Burchinal were guests last Wednesday afternoon to a party in the Martin Burrs home at Kanawha. Mrs. Martin Burrs and Mrs. John Burrs were hostesses.

Mrs. Ernie Kurtz was hostess to the Contract Bridge club last Wednesday evening. Mrs. Paul Halfpop substituted for Mrs. Walter Boller who is vacationing this month in the south.

Belmond Locals

Mr. and Mrs. Les Meres and children of Austin, Minn., and Mr. and Mrs. Freddie Bell and family of Klemme were visitors Saturday in the James Peterson home.

Mr. and Mrs. Donald Moore and family were dinner guests Saturday in the Max Moore home at Williams.

Market-Guessing Time Again—

Plans Laid for Annual Pork Feast

A varied program will highlight the Wright County Swine Producers' annual meeting and dinner this year, scheduled for Wednesday, March 16, at the Eagle Grove Legion Memorial hall. Dinner will start at 6:30 p.m.

Speakers on new swine techniques and marketing information, plus entertainment, will be on the evening's program.

A report of the marketing of pork in eastern U. S. cities will be given by Marion Steddom of Granger, president of the Iowa Swine Producers' association and a guest of Swift and company on an eastern marketing tour late last year.

Dr. H. L. Self, extension animal husbandman from Iowa State university, will discuss disease free herds and artificial insemination in swine.

To take their guests' minds off low hog prices, the county swine directors have invited the well-known entertainer Red Blanchard of Radio Station KSMN of Mason City to provide the climax of the evening's program.

Winners of last year's market guessing contest, another guess at this year's market, a report of the past year's association activities and election of two directors will complete the program.

Tickets for the annual meeting and dinner were distributed by the directors to township swine representative ticket sellers this week. Swine producers are asked to contact their township ticket sellers or their directors for tickets. Only 425 tickets, the hall's capacity, will be sold.

Township tickets sellers for this vicinity include: Steve Hinman, Belmond township, Dwight Tyrrell and Laurence Woodley, Iowa; Joyce Friedow, Norway; Richard Eckhoff, Pleasant.

Directors of the Swine Producers' association are: Bert Watts, Dayton township; Jack Burt, Iowa; Maurice White, Vernon; "Gus" Halverson, Belmond; Clarence Williamson, Troy; Donald Engh, Norway; and Bernard Collins, Lincoln.

—SOCIETY—

CLUB LITERARY GROUP PICKS NEW OFFICERS

The Literary Round Table division of the Federated Woman's club met recently at the home of Mrs. Faye Colby, with Mrs. Evelyn Mason as co-hostess. Members answered roll call by telling what they would like to do with six months' vacation.

Officers for the new year were elected as follows: Cecelia Holtzbauer, president; Mrs. DuWayne Kalkwarf, vice president; Mrs. Rex Elphic, secretary.

Miss Holtzbauer gave a report on the Crusade for Health being conducted by a U. S. Navy hospital ship which visits any country by which it is invited to teach health skills and techniques.

Grace Reed gave a book report on "The Heart is the Teacher" by Leonard Covel and Guido D' Agastina.

The lesson, led by Mrs. Marcella Halfwassen, was a continuation of the theme, "Our Heritage." It included discussions of early settlers in this community of the following nationalities:

Danish, by Mrs. Elphic; Pennsylvania Dutch, by Rhea Campbell; Irish, by Grace Reed; Austrians, by Cecelia Holtzbauer; and Czechoslovakians, Mrs. Marcella Halfwassen.

Mrs. Luella Hanson, Britt, Inspects O. E. S. Officers

Mrs. Luella Hanson of Britt was instructor at the O. E. S. school and inspection held Friday afternoon and evening at the Masonic temple.

Visitors were present from Clarion, Britt, Kanawha, Mason City, Williams, Dows, Webster City and Garner.

Those representing Grand chapter were introduced. Rhea Campbell, Grand Representative of Iowa in Nova Scotia; Mrs. A. M. Nelson and also Walter Harvey of Britt, Grand chapter committee members.

Mr. and Mrs. Mark Kline and Mrs. Ernest Johnson were in charge of the social hour.

Patrolman Graham Moves to Jewell

Patrolman John Graham on Wednesday of this week moved to Jewell which hereafter will be his home base. He and his family had lived in Belmond since last May.

John observes that if his plans had entailed moving a week earlier, a considerable amount of excitement might have been missed by law enforcement personnel of this area.

As reported elsewhere on this page, three young men from St. Paul, Minn., were taken in custody last Friday after one had the poor luck to break into the Dr. L. R. Parson home in view of the patrolman and his wife, who live across the street.

Before a half hour had passed, more than a dozen officers had assembled in Belmond in response to an alert put on the radio by Patrolman Graham.

Surprise Birthday Party Honors Mrs. A. C. Hinman

Sunday afternoon the children of Mrs. A. C. Hinman surprised her on her birthday, bringing gifts and a lunch.

Telephone messages were received in the afternoon from Mrs. Hinman's daughters, Mrs. Ray (Ruth) Baldwin of Boise, Ida., and Agnes Hinman of St. Paul, Minn.

Present were the Alvin Benson family of Clarion, the Gunnar Ahlstrom, Stephen, Robert, Earl and George Hinman families.

"Wet Corn" Topic Of Farm Meeting

High moisture corn problems will be discussed at a countywide meeting on "Wet Corn" to be held on Monday in the basement of the First National bank building at Clarion starting at 8:00 p.m.

The meeting is sponsored jointly by the Wright county ASC office and the Wright county extension service.

Results of a random spot survey of moisture in corn cribs in every township in the county will be announced at this meeting by Aaron Bowan, county extension director.

Jack Masters, county ASC manager, will give the results of comparisons on moisture testers and the number of corn cribs sealed to date.

Whether to dry and sell, dry and seal or sell without drying, and other alternatives for handling wet corn will be discussed by Larry Van Fossen, extension agricultural engineer from Iowa State university, Ames.

Other topics to be discussed will be the odds for good drying weather in the spring and varations in moisture in the cribs. Questions raised by those attending will be answered, too.

Traffic Offenses Brewing Trouble For BHS Senior

Tim Downs, BHS senior, appeared in court Monday evening for the fourth time in six months to answer to a traffic violation.

Mayor L. T. Trafford told the young man that he was going to leave an open charge on the books in regard to his latest offense — careless driving.

If Tim can go for a year without having another traffic count lodged against him, the careless driving charge will be forgotten. But another conviction on a traffic violation will bring him a fine of $100 or 30 days in jail — plus whatever the penalty might be for the new offense.

A similarly suspended penalty was held in abeyance by Justice of the Peace Cecil Winbigler when young Downs had to answer in J. P. court to a stop sign violation committed last weekend.

The two magistrates agreed on leniance for the young offender, with the promise of "bad trouble" if he isn't able to keep clear of their courts for a full year to come.

CLEAR LAKE AUCTION CO.

Mrs. George Barry Rites Held Friday

Funeral services were held Friday at St. Francis Catholic church for Mrs. George Barry, 69, who died Tuesday evening of last week at her home in Waterloo. Her death resulted from a heart ailment.

She and her husband were for many years residents of Belmond, before moving to Cedar Falls in 1945.

Rev. John Stark, pastor of Sacred Heart Catholic church at Waterloo, and Rev. R. A. Ormsby officiated over the rites conducted here for Mrs. Barry. Fulton Funeral Home was in charge.

Pallbearers were Duane and Donald Dorr, Elmer Sheriff, James T. Barry, James W. Barry and Ira Studebaker, Jr. Burial was in St. Francis cemetery.

Mrs. Barry was born Mary Margaret Sullivan at Albany, Mo., on July 15, 1890. She was married to George Barry here at Belmond, where she'd made her home for some years before they were wed on Sept. 29, 1909. They farmed south of Belmond until moving to Cedar Falls. Since 1954 they had made their home at Waterloo.

She was a member of the Sacred Heart church, Waterloo, and the Third Order of St. Francis.

In addition to her husband she leaves three children: two daughters, Mrs. Everett Corcoran of Waterloo and Mrs. Charles Weyer of Moline, Ill.; and one son, Dr. David Barry of Pittsburg, Kans.

Other survivors include a sister, Mrs. A. E. Webster, Tacoma, Wash.; a brother, Eugene Sullivan, Encino, Calif.; and seven grandchildren.

Scouts to Assist Heart Fund Drive

Ready-addressed envelopes in which contributions to the Wright County Heart Fund campaign may be mailed will be distributed througout Belmond sometime before the end of the week by local Boy Scouts.

Ray Borgstrom has assumed responsibility for directing the Scouts in distribution of these envelopes. He joins with Mr. and Mrs. Gail Cundall of Clarion, co-chairman of the Heart Fund drive in this county, in urging a generous response to the Heart association's appeal.

No report has been received as yet from Dave Hallowell, who agreed to serve as business district chairman for the local campaign; or from Robert Wilson, who is chairman of the solicitation in the local schools.

Other chairmen serving as territory leaders in this vicinity are: Mrs. Archie Lee, Belmond township; Mrs. Bert Kalkwarf, Pleasant; Mrs. James Jergenson, Norway; and Mrs. Boyd Wickman, Iowa.

Jury List Drawn For March Term; 10 from Belmond

March term of district court at Clarion will convene two weeks from next Monday, March 14, with Judge Ed J. Kelley on the bench.

This will be a four-week term, the petit jurors having been instructed to report on Monday, March 21, at 10:00 a.m.

Only 10 Belmond names were drawn on the March jury list. They were: Minnie Leebrick, Lucille Chapman, Dorothy Waddington, Erma Cunningham, Jean Bamford, Mary Jane Cox, Darlyne Slining, George Wessels and George Smith.

On the list from Clarion are: Robert Davison, Jess Spitler, Bernice Attwooll, Emory Barker, Carolyn Eyler, Jean Menke, William Lane, Frances Haskins, Burr Nagle, John Mack, Erma Tomke, John Bacon, Joyce Bisbe, Florence Breckenridge, Betty Jean Anderson, Blanche Jergenson, Richard Sebert, Lorene Helgevold, James Sebby, Obed Larson and Alma Gaynor.

Drawn for the list from Eagle Grove were: Jonas Peterson, Emma Wooster, Owen Johnson, Bill Floyd, Kenneth Melhus, Ralph Horton, Betty Swanson, Vyvienne Van Zwol, Ann Reuvers, Lottie Vike, Bertha Saquety, Mildred Rising, Ed Newcomb, Clara Hardcastle, Mary Lichtenberg, Merrynell Rolland, Leo Peterson, Frances Thorson, Sally Thomas, Donald Brisbin, Almira Christopher and Martin Nervig.

An even dozen persons with Goldfield addresses were drawn: Don Slaikeu, Mabel Hansen, Harold Nelson, Paul Wilson, A. J. Cross, Arthur Jewell, Bennie Jacobson, Ruby Freeman, Lela Sherman, Ruth Jones, Chester Edwards and Frank Engstrom.

Completing the list are: Irvin Akers, Bluferd Cooper, Mary Ann Calvin, Viola Borden and Elise Denger of Dows; Ed Arndorfer, Galt; Verna State, Rowan; Mildred Anderson, Woolstock, Grace Trask, Renwick; and Pearl Pardun, Blairsburg.

● Belmond Locals

Mrs. Harlan Faris and son Richard of Dayton were Friday afternoon callers in the home of Mrs. J. H. Leebrick.

S. S. Le Ray Harty and wife of Kansas City, Mo., were weekend visitors in the Thomas Harty home.

COMING EVENTS —

TUESDAY, MARCH 1— Past Noble Grand circle will meet with Pearl Doctor. Ruby Morris and Bernice McMurray are assisting hostesses.

WEDNESDAY, MARCH 2— Home Study club will meet at the home of Mrs. Donald Baker with Mrs. Chester Hill as co-hostess. Roll call will be answered by "My Own Easter Hat Creation." Mrs. Ernest Johnson and Mrs Robert Foss will be leaders of the lesson — "Style Revue."

THURSDAY, MARCH 3— WSCS of the Methodist church will meet at 2:00 p. m. in the church parlors. Rhea Campbell will be in charge of the worship service. The lesson "How Total Is My Stewardship" will be presented by Mrs. William Walrod. The committee includes: Mesdames Charles Carlson, Lloyd Lewis, A. W. Loats, L. M. Long, A. C. Lieuwen, Jack Lobdell, R. F. Lowman, Cortland Luick, Mike Luick, Art Trager, Stuart Kutz, David Kennedy, Jack Ketchum, John Leebrick, Louis Loth, Nursery — Mrs. Clair Bonte.

● Belmond Locals

Mrs. Darwin Bode and twins, Kaye and Ray, of Cudahy, Wis., arrived this week to visit her parents, Mr. and Mrs. Tom Harty. The Hartys will observe their 58th wedding anniversary on Feb. 26.

Cards of Thanks

I wish to thank all my friends, relatives and neighbors who remembered me with cards, gifts and flowers on my birthday. Mrs Geo. D. Pals. 21t1*

I wish to thank all my friends and relatives for remembering me with cards, gifts and flowers while I was in the hospital. A special thanks to the doctors, nurses and aides for their wonderful care, to the blood donors and to Rev. Heinzig for his visits and prayers. It was all very much appreciated. Mrs. Don Friesleben. 21t1*

May we take this method of thanking our neighbors and friends for their kind expressions of sympathy in our bereavement. Special thanks to Rev. Miller and to the doctors and nurses at the Belmond hospital. These expressions have been deeply appreciated. The family of Lyle Green. g21t1

FOR SALE — Formal with matching redingote, size 14. Phone 288. g21t1

A big thank-you to all who called on me, sent cards, flowers and gifts while I was hospitalized. These gestures are deeply appreciated. Thera Fitts. 21t1

Ag. Class to Hear Economist Speak

W. J. Turner, extension agricultural economist from Iowa State university at Ames, will be speaker at next Monday evening's meeting of the adult night school class in agriculture. He will discuss the type of livestock program best suited to a 240-acre Wright county farm.

As usual, the meeting will start at 7:30 o'clock at the high school shop building and visitors will be welcome.

Darwin Schroeder, class director, observes that economists have widely expressed the opinion that most present-day farms have too much machinery and not enough livestock.

It was brought out at the Feb. 8 meeting of the adult class that expansion of farming operations can take the horizontal form of adding more land, or the vertical form of increasing the livestock program.

Records of the Central Iowa Business association, Mr. Schroeder says, show that of the association's affiliate farms those with good livestock programs show the highest management return per man. There are even examples of a 120-acre farm with a good livestock program bringing a better management return than a 240-acre farm with an inadequate livestock program.

BHS Chapter Has 33 Members—

Future Farmers Mark FFA Week

Members of Belmond High school's Friendly Service chapter of the Future Farmers of America are joining this week in observance of National FFA Week, which seeks to focus attention on the Future Farmers and their activities.

Adolph Ehresmann is current president of the BHS chapter of FFA, whose advisor is Darwin Schroder, vocational agriculture instructor. Other officers are:

Allen Payne, vice president; Dwight Mennenga, secretary; Charles Soma, treasurer; Dennis Barkema, reporter; and Tim Downs, sentinel.

Mr. Schroeder says Friendly Service chapter has 33 members. Their training in FFA gives them experience in parliamentary procedure and the conduct of their own organization. Personal farm projects carried on in conjunction with their class work add appreciably to the knowledge they gain in the classroom.

"Vocational agriculture and the FFA constitute a most effective program for training boys to be good farmers and helping them to become established in farming," Mr. Schroeder declares.

"In view of the nation's need for new farmers," he adds, "it is fitting that recognition be given these young men who are preparing for careers in farming. Encouragement at this time will do much to stimulate them to harder work and greater achievement."

This nation must have a constant supply of new farmers to replace those who die, retire, or otherwise leave the farm, Mr. Schroeder points out.

"These must be men with experience and training," he continues, "for the sucessful farmer today is a scientist and businessman, mechanic and laborer; and he must also be capable of leadership in affairs of his community.

Generally they must be men who have begun farming at an early age, so that by the time they are ready to marry and start a family they will be firmly established in a farming program that promises a good future. In providing this kind of a start, the FFA plays a very important role in providing essential training."

TWO BHS SENIORS INVITED TO VIE FOR SCHOLARSHIP

Nancy Gallagher and Clark McNeal, BHS seniors, have been invited to participate in the William Fletcher King Scholarship competition Saturday at Cornell college, Mount Vernon. Each will compete for an award among the two $4,000 and two $2,000 scholarships granted annually to outstanding entering freshmen at Cornell. They will participate in tests, interviews, and meetings with members of the Cornell faculty.

Robertson High In Pin Tourney

Eleanor Robertson of Chapman's One-Stop bowling team took over the top spot in both singles and all-events of Class B at the state women's bowling tournament at Waterloo a week ago Sunday. She had a fine 532 in the singles, helping her achieve a total of 1,492 in all-events.

While neither score is likely to stand up during the length of the tournament, which extends into May, both are highly respectable for Class B and should give the local bowler a good "money spot" in the final standings.

Wednesday, 7:00 p. m. Catechism classes Grades 1-9. 8:00 p. m. 10th grade catechism.

Thursday, 7:30 p. m. — Young People's League. Leader: Judy banquet.

Friday, March 4, at 2:00 p. m. — The ladies of the church are invited to attend the World Day of Prayer Service at the Zion Reformed church, west of Chapin.

George Wenzel and Dick Dirksen were named to serve as trustees. Harold Eckhoff was recently ordained and installed as a deacon.

Kenneth Myers with four other Franklin county men is in St. Louis, Mo., attending the National Rural Electric convention.

Mr. and Mrs. Merlin Braun and children of Sheffield have moved into the farm home vacated by Mrs. Delores Dorenkamp and family.

Mr. and Mrs. Delbert Tinkey and son of Mankato, Minn., and Mrs. Harold Bryan and children of Plainfield were Saturday overnight and Sunday visitors in the Will Tinkey home. Other Sunday visitors were, Mr. and Mrs. Loren Tinkey of Hampton, Mr. and Mrs. John Halfwassen and sons and Mr. and Mrs. Marvin Jaacks and children.

Rev. and Mrs. Kenneth Hardin of Chapin and Mrs. Addie Hardin of Hampton were Friday evening visitors in the Laurel Burger home.

Glenn Myers of Davenport was a weekend visitor in the home of his parents, Mr. and Mrs. Kenneth Myers.

Fred Wenzels, Sr., Observed Wedding Anniversary Sunday

Mr. and Mrs. Eldred Tabbert and children of Osage, Mr. and Mrs. Tony Servantez and children of Mason City, Joice Bruns of Latimer, Wayne Zeigler of Kanawha, Mr. and Mrs. Fred Wenzel, Jr., and children, Mr. and Mrs. George Wenzel and children and Betty Mennenga, all of Belmond, were Sunday guests in the Fred Wenzel, Sr., home in honor of their wedding anniversary.

Mrs. Laurel Burger and T. O. Markwardt visited Wednesday afternoon with Mrs. W. N. Nicholson in the hospital in Grundy Center.

Mr. and Mrs. George Blau visited Monday in the A. L. Hayden home in Fort Dodge.

Mrs Dick Schmidt, Mrs. Otto Ostendorf, Mrs. Clyde Blau and Mrs. John Blau were Thursday visitors in the Mrs. Tillie Pals home in Meservey honoring her on her birthday.

TWO BABIES BAPTIZED

Loren Keith Wenzel, son of Mr. and Mrs. Fred Wenzel, Jr., and Daryl Bennie Dorenkamp, son of Mrs. Delores Dorenkamp and the late Daryl Dorenkamp, were presented in baptism at the Reformed church last Sunday morning.

Mr. and Mrs T. O. Markwardt were Friday visitors in the Willis Nicholson home at Woolstock.

Mr. and Mrs. Richard Eckhoff and children attended a farewell pot-luck dinner Friday evening in honor of the Vernon Swensons in their home near Belmond.

Betty Vannasse spent the weekend in the Herbie Ross home at Dows.

Mr and Mrs Bruce Banwell of Clarion and Beth Sheffield of Belmond were Sunday guests in the Gaehart Hopkey home, celebrating the Banwells' second wedding anniversary.

Mr. and Mrs. Laurell Burger were Friday guests in the W. A. Lauritzen home at Austin, Minn., honoring Mrs. Lauritzen on her 75th birthday.

Mrs Harold Shipley and Connie of Boscobel, Wis., visited a few days in the Henry Stoffer home in Sheffield and in the Henry Koenen home. They were called here by the illness of Mrs. Shipley's mother, Mrs. Henry Stoffer, confined to the hospital in Hampton.

Mr. and Mrs. Jelto Dirksen and sons were Sunday guests in the Loren Kalkwarf home at Belmond, celebrating the sixth birthday of Charlotte Kalkwarf.

Mr. and Mrs. George Barkema, Mrs. George Schulte, Gilbert Schulte and Clyde Janssen attended the basketball tournament Saturday evening held in Webster City. Northwestern college of Orange City vs. Marshalltown and Ellsworth of Iowa Falls vs. Eagle Grove were teams playing. Jim Barkema; son of Mr. and Mrs. George Barkema, a Northwestern college student, attended and with five other students spent Saturday and Sunday in the Barkema home, returning Sunday afternoon to Orange City.

FRANK TOLENTINO DIES

Frank Tolentino, husband of the former Edith Beenen of Alexander, died last week at Chicago, Ill. Funeral services were held there Friday. Surviving are his widow; a daughter, Mrs. Nicholas (Gloria) Balica; and a son, Freddie; also a granddaughter.

ALEXANDER BLUEBIRDS

February meeting of the Alexander Bluebirds 4-H club was held at the home of Joan Hofacre. The leaders showed the right and wrong clothing for men and boys by the use of clothes models.

A demonstration "Setting in Sleeves" was given by Joan Hofacre. Linda Greenfield, Delorus Hopkey, Joan Hofacre and LuRay Price gave a report on the Mock Night Club.

For group activity the members discussed the Rule of Fourteen, which indicates if a girl is overdressed.

Lunch was served by Mrs. Marion Hofacre and Joan Hofacre.

Nine members, four mothers and two leaders were present.

Brethren, if a man be overtaken in a fault, ye which are spiritual, restore such an one in the spirit of meekness; considering thyself, lest thou also be tempted. — Gal. 6:1.

State Rehabilitation Gives Disabled A "Chance"

When we turn down a pan-handling "deaf mute" (and we turn 'em ALL down), we rarely, if ever, receive a look of indignation from the rejectee. Maybe it's our imagination, but it has struck us on more than a few occasions that the ready smile that was a response to our refusal of alms implied a joke shared between us and the "mute." We've suspected the guy (or, occasionally, the gal) was admitting to himself, "Here's a bird who's not so dumb."

The fact of the matter is, we much more readily reach for a coin to hand an out-and-out, unemployable bum than a person who flaunts an actual or pretended physical handicap as an excuse for mooching his way through life.

We pity the bum. His rags, his lethargy, his downcast or shifty eyes make it evident that life has whipped him. Whether this state of affairs is his own fault, or whether family background, environment or other circumstances brought it about is neither here nor there. He's a beaten man, and we give in thankfulness that we do not share his lot.

This sentimentality is not evoked, however, by the jaunty, well-dressed "handicapped" individual who offers us a nickel gimcrack for the quarter, four-bits or buck we might see fit to slip him. He's a moocher by choice, not necessity.

Last year through the division of vocational rehabilitation of the Iowa department of public instruction, 1,253 disabled Iowans received training, counseling and related rehabilitation services that fit the large majority of them for gainful employment.

While it was difficult to compute dollar earnings for the 31 housewives, 35 farmers and 19 family workers, the other 1,168 after rehabilitation were earning at a rate of $3,251,716 a year. Of 400 who before receiving special training and counseling were getting public assistance at a rate of $636,552 annually, only 80 remained on public assistance and their benefits from the public purse were reduced to $93,048 annually.

The 655 who were gainfully employed before vocational rehabilitation were averaging $1,200 in annual income. After getting aid and guidance, they and those who had battled their way off the relief roles were earning at the average annual rate of $2,784. What they had gained in self respect, in addition to income, is incalculable.

By job classification, the types of work these disabled Iowans went into included the following: professional (59), semi-professional (40), managerial or official (27), clerical (198), personal services (134), skilled occupations (181), semi-skilled occupations (186), building service (65), agriculture (92), unskilled occupations (98), salesman (51).

The division of vocational rehabilitation stands ready to help any Iowan who needs its services — including those "handicapped" beggars who find their way of life more pleasant then working for a living.

Riehm Will Need Party Support to Unseat Coad

Attorney Curtis G. Riehm of Garner should be rated high on the list of Iowa's most determined Republicans. This week he tossed his hat into the political ring to fill the void that had previously existed for want of a GOP opponent audacious enough to buck Congressman Merwin Coad in the 6th District.

Two years ago, Mr. Riehm took a sound whipping in contending with Bob Waggoner of Fort Dodge for the 6th District Republican nomination. It must have cost Curt a pretty penny to make his unsuccessful run in the primary — and it is indicative of strong convictions on his part that he is willing to try again.

It should be of more than casual concern to Republicans interested in the welfare of their party to determine what they can do to mend their fences that were so badly trampled by the Democratic stampede of two years back.

Mr. Riehm should have one advantage over Bob Waggoner. There was never much question but what the Fort Dodge recruit was a strong choice of the GOP's conservative "inner guard" to make the run against Coad in 1958. (That this was the case has since become patently clear by the "political payola" of a well-paying Civil Defense Administration job for Waggoner as a reward for his ill-starred effort.) Curt, while a staunch Republican, is his own man insofar as obligation to any particular faction in the GOP is concerned.

That should appeal to some of the Republican ticket-splitters who abandoned Waggoner in the November election. And he was abandoned by PLENTY. Of 26 counties in Iowa where one party or the other has shown a 10 per cent shift in party support since 1900, EIGHT are in the 6th District; and this desertion of the Republicans cause was not apparent in the heyday of Rep. Jim Dolliver.

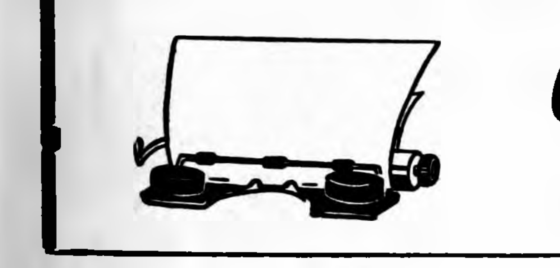
In all of these eight turn-coat counties, the switch has been to increased Democratic voting. Out of the eight 6th District counties, the biggest switch of all has been in Humboldt (21.2 per cent), Winnebago (20.3 per cent) and Wright (18.2 per cent). It would be our guess that the very larger part of the switch in this county transpired in the 1958 election.

The other 6th District counties that have reflected the same trend and the percentage of drift in the Democratic direction are: Boone (11 per cent), Calhoun (11.1), Hancock (12), Webster (12.3) and Hamilton (14.5).

We aren't ready to believe that Wright county has made a permanent shift to Democratic side of the policical balance sheet. We believe that Republicans remain in a very definite majority. Similarly, we're convinced that the 6th District is still essentially a Republican district.

But . . . and it's a very BIG but . . . Republican survival as the majority party in Wright county and the 6th District is going to rest importantly on the kind of candidates that can be attracted to run for office. And good candidates will be available only so long as they can count on thorough party support.

It is that sort of support that Curtis Riehm is gambling on as he volunteers to "send the hog after the hide" by running once more for the 6th District Congressional post. The GOP had better get behind him — or whoever the primary survivor might be, if opposition develops—or they're going to find the Democrats becoming so firmly entrenched that they'll be virtually impossible to dislodge.



Clipped Comment

From the Typewriters of Other Editors

George Had A Different Problem

When George Washington was President he had a problem that he wouldn't have today. He headed a group of states and citizens who were so independent they were downright unruly. Under his leadership they had thrown off an oppressive government, and most of them were perfectly happy to tend to their own affairs with no help or interference from the new U. S. government.

Washington and several of his successors had to work long and hard to persuade those early Americans to give up a few local rights and powers in order to strengthen the infant nation.

MANY OF TODAY'S DECENDants of those rugged independents are willing enough to turn over local rights and powers to the federal government — if it will take over their local problems. They accept high taxes as a matter of course.

But in exchange they seem to expect that federal bureaucrats will somehow magically see that everyone has a good job, good pay, good home, good roads, good education, good health and carefree old age.

Washington's problem was to get the people to support the government. We doubt if it ever crossed his mind that a day might come when the people would expect the government to support them. — **Industrial Press Service**

Skills vs. Cash

When one thinks of foreign aid he thinks, usually, of the billions the United States spends annually, some of which appears to be wasted. But foreign aid does not always mean vast sums; in the case of the technical assistance experts from the United Nations, much is being accomplished for very little money.

In a condensation from Western World, the January Reader's Digest describes how a technical assistance expert in Afganistan doubled grain harvests by teaching farmers to use scythes instead of sickles.

IN THE HIMALAYAS, ANOTHER expert greatly increased the production of timber from the mountain forests by showing the people that they didn't have to carry out the trees on their backs — simply wait until winter, and slide them down on the snow.

The United Nations Expanded Program of Technical Assistance spends about one per cent of what the United States spends every year in nonmilitary foreign aid.

This idea of supplying skills rather than unlimited sums of cash ought to appeal to every United States taxpayer. — **Cleveland Plain Dealer**

Soil Bank Robbery

For Americans wondering why the U. S. soilbank program has not been more successful in holding down the staggering farm surpluses, U. S. Comptroller General Joseph Campbell had an answer last week:

Of the 23 million acres that have gone into the soil bank, nearly one-quarter (or 5.4 million acres) of the "idle" land had not been producing crops anyway.

Non-productive land has taken a $270 million bite in five years.

Bad law or bad administration? — **Independence Bulletin-Journal**

Read the Legals?

Do you follow the legal publications in the News-Tribune?

We hope you do, for they are one of the most important parts of your county paper. You won't find home-town legals in any of the daily papers you get.

Last week, for example, the N-T carried the proceedings of the first two town council meetings of the year, since organization of the new council.

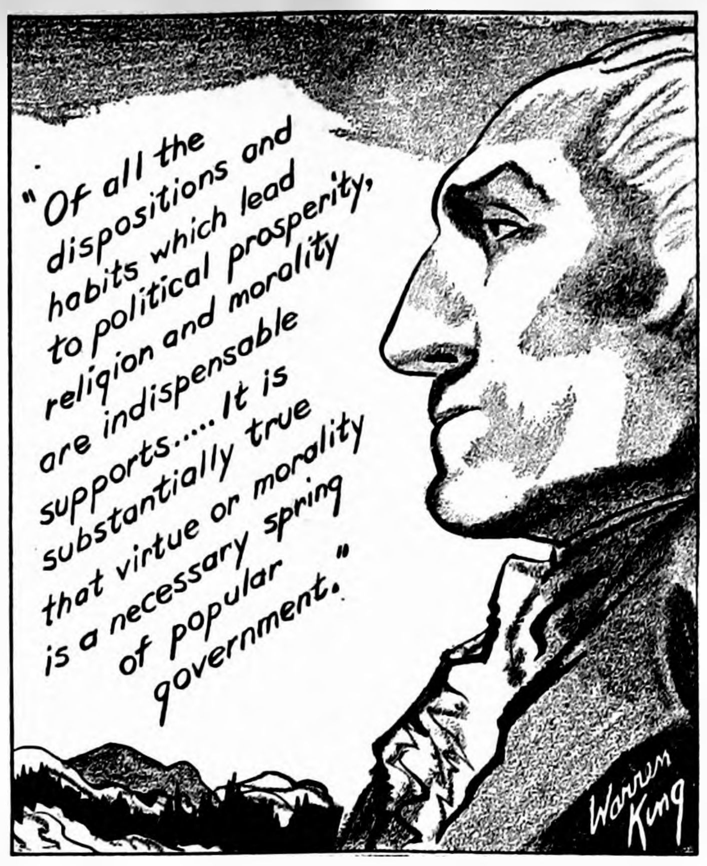
BUT COUNCIL PROCEEDINGS are only part of the legals. There are county board proceedings, school board reports, etc., all required by law to be published regularly for the information for you, the citizen.

Practically every issue of the N-T contains some legals; often there are several columns of them. Watch for these special publications; they're specially for you! — **Britt News-Tribune**

We're Lucky, Too!

An indication of the times were notices published in last week's Northwood Anchor by the creameries at Northwood and Hanlontown. Both were advertising annual meetings at which the principal business would be the dissolution of the creamery associations. With the local creameries it is becoming a question of survival of the fittest . . . and largest.

AS THE EXPENSES AND OVERhead eat up the margin that formerly went back to the dairy farmers on their milk and cream the creameries run into financial trouble. Forest City is fortunate to have a well established, progressive cooperative creamery and dairy — it's a home-town industry! — **Forest City Summit**



"Of all the dispositions and habits which lead to political prosperity, religion and morality are indispensable supports..... It is substantially true that virtue or morality is a necessary spring of popular government."
Warren King

LEST WE FORGET

SCANNING THE HORIZON

WITH YE ED

GET THE SCOUNDREL!—

Something over 20 years ago, the poet Arthur Guiterman wrote the following poem as the answer to the nation's ills. His tongue-in-cheek attack on the man in the White House has been outdated hardly a whit by the passing years; and "Ike" unquestionably would assure you that it represents the political theory of all too many people. We're grateful to Ella Luick Bliss for passing it on to us. Here 'tis . . .

If Wall Street grabbed your
final cent,

That's right, impeach the President.

If Europe seethes with discontent,

Denounce the cause — our President.

If China lacks a government,

Remove our laggard President.

If what you loaned is keeping lent,

Charge that against the President.

If industry seems hellward bent,

One can't forgive the President.

You don't see where your money went?

Investigate the President.

If all you had is rashly spent,

You'd best accuse the President.

If malefactors won't repent,

Inveigh against the President.

If all the world is indigent,

Who made it so? Our President!

For droughts and wars are consequent

On blunders by the President.

So give your feelings proper vent

By growling at the President.

It helps us all and pays the rent

To sit and blame the President.

MANY HAPPY RETURNS—

Today the U. S. income tax is 47 years old. When it was born in 1913 it nibbled a moderate one to six per cent of the income that were subject to it. But how the baby grew! Today it gobbles 20 to 91 per cent. Anyone disposed to honor the occasion with a zestful "Happy Birthday" could well be suspected of having rocks in his head.

Yep, many happy returns, folks. (Got your final amended one in yet?)

THAT'S HOW IT STARTED—

An article in the February issue of the Journal of the Iowa State Medical Society gives some interesting insight on how several medical techniques that are very familiar today got their start.

For example, it was back about 1800 that a young Austrian physician chanced to notice an inkeeper rapping on a beer keg to discover to what level it was filled. A gleam lit the doctor's eye — and the next time he was faced with a case of lung congestion he simply tapped the patient's chest — a la beer keg — to learn how extensive the congestion was.

That should be an humbling thought as the doctor taps YOU with his knuckles the next time.

It was only a decade or so later when a French medico was stymied by the need to tune in on the chest sounds of an especially well-upholstered young woman — without getting smacked on the chops.

Watching some Parisian children tapping coded messages to each other over the length of a long wooden beam gave him the inspiration he so desperately needed.

He forthwith devised the first rudimentary stethoscope, which enabled him to listen to the young lady's heart at a convenient — and in the case at hand, safe — distance.

STRICTLY NO RELATION—

Friend of ours asked us the other day, "Your wife got a brother who drives truck for Decker's packing plant?"

We didn't have to inquire what prompted the question. We knew. For about a year and a half, a red truck emblazoned with "Decker's Iowana Hams" has been parking on practically every Tuesday over the noon hour (darned long noon hour, actually) on the railroad street east of Ye Ed's abode.

It's a quiet spot, is shaded by a giant cottonwood in the summer. We assume the driver is napping.

We have never once seen the fellow. He's out of sight when we come home for lunch — and still ditto when we return to the office.

The whole thing rather perplexes us. What does he do every Monday night that leaves him so tired out every Tuesday noon? We feel we should put a "stake out" on him sometime to at least find out what he looks like.

We'd just as soon he'd pick another place to park. But, on the other hand, if he suddenly stopped showing up it'd probably concern us equally as much. THEN we'd stew about why he WASN'T parking in the shade of our cottonwood any longer.

● **Regardless of who got the new** law for longer terms for county officers through, we think it is a long overdue measure. We hope it will be an incentive to attract more good people to seek public office at the local level — **Indianola Record-Herald**

O. D. Jenison has gone out of the blind pig business. Last week he marketed the blind pig which he found wandering around in the field last spring and which no one would claim. The children raised and cared for the pig and now they have $15.30 to add to their bank account.

Know Your Businessmen—

Dr. Rietz Starting on 11th Year in Belmond

Dr. P. A. Rietz is an optometrist today because his father-in-law was a school teacher.

Perhaps that statement could stand a bit of explanation. You see, "Doc" initially had in mind a teaching career for himself. But his father-in-law, Ray Williams, now retired and living at Rowan, had spent a lifetime in one phase or another of teaching and did NOT recommend a similar career for Paul.

In preparation for teaching music, Paul had attended the University of Iowa and Iowa State Teachers college each for one year when World War II came along. He was drafted in April of 1942 and spent the next 3½ years in uniform.

When he got "out" in October of 1945 Paul took the hand of Mr. Williams' daughter in marriage (on Armistice Day) AND the gentleman's advice to stay away from teaching. As an alternative, Paul enrolled at what was then the Northern Illinois School of Optometry in Chicago and zipped through a four-year course in approximately 32 months by skipping summer vacations.

Graduation day, Sept. 26, 1948, found him in South Dakota appearing before the state's board of optometry. His tests there completed, he came to Iowa and passed the board tests here. That gave him a two-state choice as to where he could hang his shingle—and Feb. 1, 1949, saw it waving in Belmond's prevailing northwest breeze.

His original office was in the frame building adjacent to Howell's Laundromat. He'd been established there only a month, however, when A. C. Hanson told Paul of plans he had to erect a two-office building and Al asked if he'd like to share the new quarters. That was most satisfactory with "Doc" and in June he moved into the location where he's practiced ever since.

Paul says that in the relatively brief time that he's been a general optometrist, two innovations have taken ahold that have affected — or promise to affect — his profession considerably. One was a technical advance, the other an esthetic one.

The first is the growing use of contact lenses. He says they have had little impact on this immediate area to date; he doubts that more than a meager handful of individuals in the Belmond trade territory are wearing contact lenses today.

But he foresees that the trend toward contact lenses will be more and more widely felt and that there's no question but what they are "here to stay." For one thing, only contact lenses can provide satisfactory vision to persons with certain optical defects. And for a second, they have a strong appeal for persons who object to wearing conventional glasses.

Should the demand for contact lenses become appreciable in the area he serves, "Doc" says he will take additional training in prescribing and fitting the devices. As matters stand, he can properly prescribe the necessary formulas for the making of such lenses — and considers that adequate for the time being.

While contact lenses are generally regarded as a revoluntionary new development in vision correction, "Doc" says the idea actually originated in Germany as long ago as 1870. Only in the past five or six years, though have advanced techniques prompted a popular demand for them.

DR. RIETZ — HE ONCE ASPIRED TO TEACHING CAREER

Compared to their cost of $250 to $300 only a few years ago, good contact lenses may now be obtained for about $175 — still a "high" price compared to the average of $25 to $30 for conventional glasses that make the same eye corrections.

The second innovation of late years is the ornate frame that has become so commonplace since World War II. While they don't enable the wearer to see any better, they do (particularly from the viewpoint of many women) permit them to "look" better. As a consequence, many persons whose vanity would not tolerate the pedagogical appearance that the ultra practical frames of pre-war days bestowed on the wearer very willingly don the fancy frames now so common.

Availability of "becoming" frames, "Doc" attests, have induced many a young lady to bow to the use of glasses who otherwise would have stumbled through life to preserve her attractiveness unmarred by a vision aid.

Paul generates a lot of enthusiasm when he talks about his profession. You gather he fosters no regrets that his father-in-law swerved him from a classroom career.

Riehm Announces Himself Candidate for Congress

Former State Representative Curtis G. Riehm of Garner yesterday announced his candidacy for election to the U. S. House of Representatives from the 6th District. He unsuccessfully opposed Robert Waggoner of Fort Dodge for the Republican nomination to the same office in the 1958 primary.

To date, Mr. Riehm is the only Republican who has tossed his hat in the ring seeking to oppose the Democratic incumbent, Congressman Merwin Coad of Boone.

Mr. Riehm's grandparents were pioneer settlers in Hancock county, where he was born 45 years ago and where he has practiced law since 1946. He worked his way through the University of Iowa to obtain both a Bachelor of Arts and Doctor of Laws degree. His entry into his profession was delayed by four years of service with the Army Engineers during World War II.

He represented Hancock county in the state legislature for two terms and during 1947-50 was Hancock county attorney. He is city attorney for both Garner and Kanawha.

He has been active in civic and community affairs. He is current president of the Winnebago Boy Scout Council. He belongs to the First Methodist church of Garner and is a member of the Rotary club, Elks ladge, American Legion, VFW, Masonic lodge and its Consistory and Shrine.

• • •

CURTIS G. RIEHM

Mr. Riehm has scored Congressman Coad for a "spendthrift voting record, disregard for sound fiscal policies" and "hypocritical voting" on both sides of many questions "to keep himself in office."

Fertilizer Meeting Slated This Evening at Clarion

A pile-up of spring field work has caused three important problems that will be discussed at a countywide fertilizer meeting to be held this (Thursday) evening in the basement of the First National Bank at Clarion. The meeting, sponsored by the Wright county extension service, will start at 8:00 o'clock.

Joe Stritzel, extension agronomist from Iowa State university at Ames, will discuss the use of commercial fertilizer on land to be plowed this spring. This discussion will bring out how soon and the maximum amounts that can be spread before plowing and the maximum amounts that can be used with either the split boot or disk opener type of fertilizer attachment on the corn planter.

Dr. Stritzel will also tell about recent research findings in the use of fertilizer — especially at the Clarion-Webster experiment farm and also obtained from research carried on in Wright county.

Extension Director Aaron Bowman says that with the pile up of field work for this spring, Wright county farmers are interested in the least field preparation for crops they can get by with and maintain yields. Dr. E. R. Duncan, extension agronomist from Iowa State university, will discuss the type of soil management required of an operator to grow continuous row crops.

Farm operators, as well as landlords, are urged to attend this meeting. It will deal with additional topics related to the sound use of commercial fertilizer.

For more and better corn at harvest!

KILL soil insects with RIS-VAN, aldrin

TREATED
UNTREATED

Each season, destructive soil insects greatly reduce corn yields. Stop these harmful root-damagers on your corn acreage by knocking them out with powerful Ris-Van Aldrin.

Ris-Van Aldrin stops rootworms, wireworms, white grubs, seed corn maggots and other harmful insects. It's doubly effective when applied in conjunction with Ris-Van liquid fertilizer.

Ris-Van liquid fertilizer gives your corn the nutrients it needs to produce bumper yields in any kind of season. And you save money again when Ris-Van Aldrin and Ris-Van liquid fertilizer are applied together.

So why be satisfied with half a job on your corn? One application will both fertilize your corn crop and protect it through harvest when you use Ris-Van liquid fertilizer with Ris-Van Aldrin.

This year make it RIS-VAN all the way!

Film Highlights
—from—
COMING ATTRACTIONS

Why teen-age marriages have the highest break-up rate of all is dealt with in "Diary of a High School Bride," which shares double billing Thursday through Saturday with "Ghost of Dragstrip Hollow." The latter is a spoof on drag racing.

"Imitation of Life," by Iowa-born novelist Fannie Hurst, was a solid best-seller as a book and now makes its second appearance on the silver screen. It was filmed in 1934, starring Claudette Colbert. Top role in the version showing Sunday through Tuesday is filled by Lana Turner, who heads an all-star cast.

Wednesday and Thursday's feature HAS to be a comedy, you know from the title, "The Man Who Understood Women." Pert Leslie Caron and suave Henry Fonda join forces with a newcomer, Cesare Danova in this amusing, but sometimes romantically tender and suspensefully dramatic story with a background of the Carnival of Flowers at Nice, France.

Mr. and Mrs. Charles Nelson of Madison, Wis., visited over the weekend in the home of her parents, Mr. and Mrs. Harold Simerson.

● Belmond Locals

Vickie Musselman, employed as reservationist by United Airlines in Chicago, Ill., was a recent visitor in the home of her parents, Mr. and Mrs. Glen Musselman.

Philip Warner of Goldfield spent the weekend with his grandparents, Mr. and Mrs. Earl Watts.

Gunnar Lindass of Minneapolis, Minn., was a weekend visitor in the Donald Stoffer home.

Meservey Parent-Teachers met Monday evening at the school gym. The program was furnished by the third grade taught by Miss Hunst. Lunch was served by a committee.

EUB Youth Fellowship Meets Monday, Feb. 29

E. U. B. Youth Fellowship meet Monday evening, Feb. 29 at 7:30 o'clock at the church parlors for their business meeting and social.

Mr. and Mrs. John Clemons Entertained At Card Party

Mr. and Mrs. John Clemons entertained Thursday evening Mr. and Mrs. Merlin Ruiter, Mr. and Mrs. Jake E. Koenen and Mr. and Mrs. Richard Stille, the latter couple of Thornton.

"500" was played with high prizes to Mr. and Mrs. Ruiter.

Mmes. Robert Raecker, John Brown, Jacob Pals, John Clemons and Merlin Ruiter spent Monday in Des Moines where they attended the Home and Flower show.

Mr. and Mrs. Bill Slusher of Omaha, Nebr., spent the weekend with Dr. and Mrs. G. E. Jurgenson, Susan and Judy.

Mrs. Ralph Schmidt returned home from Mercy hospital, Mason City, following surgery.

Mr. and Mrs. Bob Thedinger of Hutchinson, Kan., visited this past week in the parental Lu Verne Enabnit home.

Mr. and Mrs. John Brown, Mr. and Mrs. Robert Raecker and Richard Nissen drove to Ames Friday night where Robert Raecker and Richard Nissen left by train for Richmond, Ind. They spent Sunday night in Rock Falls, Ill., returning home Monday with new school buses for Raecker Chevrolet Sales.

Mrs. Robert Raecker and Mrs. John Clemons attended the dinner meeting Wednesday evening of the North Iowa Postmasters Group in the Gold Room of the Hampton cafe at Hampton.

Elizabeth Lemke of Osage spent last weekend with her mother, Mrs. Amalia Lemke.

Mrs. Clarence Willard of Joice was called home Saturday evening to be with her mother, Mrs. William Morris, who is quite ill in the Belmond hospital where she was taken last Tuesday. The Morris children are with her at the hospital at all times.

Albert Pals has bought a house at Clear Lake where he and his daughter Jerolyn will move soon. Mr. and Mrs. Leonard Pals and boys will farm the home place this year.

David Dorenkamp's 8th Birthday Celebrated

Mr. and Mrs. Donald Dorenkamp entertained Saturday afternoon in honor of their oldest son David on his eighth birthday.

Boys of his second grade were guests. Games were enjoyed and David received many gifts. Mrs. Dorenkamp served lunch.

Helping Hand Society Met Last Week Thursday

The E. U. B. Helping Hand Society met last Thursday at the church parlors. The afternoon was spent sewing quilts, after which lunch was served by Mrs. Grace Nissen, Kate Pals and Beverly Faaborg.

Shower Monday Evening Honors Mrs. D. Frohling

A shower was held at the E.U.B. church parlors Monday evening for Mrs. Dale Frohling, the former Miss Zieman.

Robert Ostendorfs Given Surprise House Warming

Mr. and Mrs. Robert Ostendorf and children were pleasantly surprised Friday evening when a group of people came in for a house warming.

The Ostendorfs recently moved into the big house and the Harry Ostendorfs moved the small house into town and added to it.

The couples present were the Roger Fekkers', Carroll Morris', Dale Lages, Donald Dorenkamps, Donald Ruiters, Ferdinand Lemkes and Bethel Haberkamp.

The self-invited guests brought a basket lunch.

Mr. and Mrs. Onno J. Suntken and family moved from the farm near Garner to the former Jesse Althen house southeast of Meservey.

Final Rites Held For Mrs. Vierkant

Funeral services for Mrs. Gasena Vierkant, 84, were held at the First Reformed church in Meservey on Tuesday afternnon, with Johnston Funeral Home of Belmond in charge. Burial was in the Meservey cemetery.

Pallbearers were Bernhard Vierkant, Arlyn Vierkant, Maurice Frazier, Edward Esk, Bernard Harms and Clarence Schwierjohann.

A resident of the Meservey area for more than 50 years, Mrs. Vierkant died Sunday afternoon at her home after a brief illness.

She was born Jan. 1, 1876, in Germany, the daughter of Bye and Grace Ahrenholtz. She came to this country as a child. On Jan. 18, 1904, she married Ben Vierkant.

They farmed for more than 40 years in the Meservey-Alexander area, retiring in 1947 and moving to Meservey. They were the parents of seven children, all of whom survive.

Mrs. Vierkant leaves four sons— Herman of Meservey, Bernard and Henry of Thornton and George of Glenville, Minn.; and three daughters — Mrs. Jake Harms of Siren, Wis., Mrs. Luke Esk of Belmond and Mrs. Floyd Christiansen of Clear Lake.

Also surviving are a sister, Mrs. Lena Loats of Belmond; and three brothers, George Ahrenholtz of Buck Grove, Ia., Ben Ahrenholtz of Hettinger, N. D., and Herman Ahrenholtz of Platte, S. D.

In addition to her parents and husband, she was preceded in death by one brother.

MR. AND MRS. MARVIN E. THOMPSON

• • • • • •

Margie Pals Wed on February 8th To Marvin E. Thompson of Belmond

Miss Margie Jo Ann Pals, daughter of Mrs. Vergena Pals, became the bride of Marvin E. Thompson, son of Mr. and Mrs. Emory Thompson of Belmond, Monday evening, Feb. 8, at 7:30 o'clock in the First Reformed church. Rev. Peter Koenen of Aplington, great uncle of the bride, performed the double-ring ceremony.

Large baskets of lavender and white mums and lavender gladioli with lavender satin bows decorated the chancel along with candelabra.

Mrs. Elmer Dorenkamp, organist, provided the wedding music and accompanied Rev. and Mrs. Charles Johnson as they sang "The Wedding Prayer" and "Because".

The bride, given in marriage by her mother and uncle, Louie Pals of Belmond, wore a waltz-length gown of white lace over acetate-taffeta styled with a scoop neckline, tiny cap sleeves and a skirt of tiered ruffles over nylon net. Her cover-up jacket of lace had a tiny Peter Pan collar and long tapered sleeves. A coronet of lace embroidered with pearls and sequins held her finger-tip veil. She carried an orchid on a white Bible.

Vivian Pals, sister of the bride, was maid of honor. She wore a dress of lavender net over taffeta and a headband of white flowers. The bridesmaid was Cheryl Pals, cousin of the bride. Her dress was fashioned of pale peach lace over taffeta and white flowers formed her headband. They carried colonial bouquets of lavender and white mums.

Lynne Thompson of Belmond, cousin of the groom, was flower girl. She wore a white eyelet dress over a lavender skirt and carried a white basket trimmed with lavender satin streamers and filled with mum petals. Darwin Pals, cousin of the bride, was ring bearer. He carried the rings on a heart-shaped, white satin pillow, trimmed with lace.

The groom's brothers, Gerald and Ronald Thompson of Belmond, served as best man and groomsman respectively. The ushers were Harold Thompson of Belmond, brother of the groom, and Donavon Pals, cousin of the bride. They all wore white mum boutonnieres, as did the candle-lighters, Jimmie Pals, brother of the bride, and Charles Passmore of Britt, cousin of the groom.

Mrs. Albert L. Sturn, sister of the bride, was in charge of the guest book.

The mother of the bride was attired in a brown and gold print dress and hat with white accessories and the groom's mother wore a navy blue dress and hat with white accessories. Their corsages were of white and lavender mums.

Following the ceremony, a reception was held in the church parlors. Willie Pals of Alexander, uncle of the bride, was dining room host. Mrs. Robert Benson of Stratford, sister of the groom, cut the three-tiered wedding cake which was encircled by lavender mums and topped with a miniature bride and groom. Mrs. Harold Thompson poured.

The bride's table, laid for 20, was centered with a miniature bride and groom and decorated with lavender candles and paper carnation nut cups. The waitresses were Lois Faye Wood and Bonnie Lauden of Meservey and Marilyn Steenblock of Goodell. All wore white organdy aprons embroidered with lavender trim, made by the bride. Opening the gifts were Mrs. Louie Pals, Mrs. Bob Foss and Mrs. Derl Morris of Belmond and Mrs. Leonard Pals.

For going away, the bride chose a white dress with lavender accessories and a white hat.

The bride is a graduate of Meservey High school and has been employed by Aldinger's Produce at Alexander. The groom graduated from Belmond High school and is engaged in farming.

Mr. and Mrs. Thompson are now at home on a farm near Latimer.

GRIMES GOLDEN GALS

Regular meeting of the Grimes Golden Gals 4-H club was held Feb. 8th at Jan Ferstl's home, 12 girls attending.

Janet Messelheiser gave a demonstration on individual measurements and correct lines for the individual. Jan Ferstl gave a junior demonstration on seams.

Dixie Koenen gave a demonstration on "Waistbands and interfacing."

Donna Sorenson and Carolyn Pals served lunch.

VOL. 41 NO. 22 OFFICIAL CITY PAPER WRIGHT COUNTY, IOWA—THURSDAY, MARCH 3, 1960 2-28-85 OFFICIAL COUNTY PAPER 12 PAGES THIS ISSUE

MAIN STREET

BY PAT, DICK, DUANE

Considering the size of their family and the ages of their children, it could have been the source of some embarrassment to Mr. and Mrs. "Stu" Kutz to announce on Monday of this week the celebration of their 4th wedding anniversary.

Actually, the Kutzes have been married since 1944; but their wedding date was Feb. 29th, explaining the dearth of anniversaries.

Marilyn's birth date is Feb. 28, so lucky "Stu" can get by with "something extra nice" to do for both a birthday and anniversary present when they celebrate their marriage three years out of four on the 28th. Bet the cuss does it, too!

Another Leap Year Day anniversary involves the birthday of Gloria Arends, daughter of Mr. and Mrs. Henry Arends of Route 1, Belmond. Gloria, who is a teacher at Clarion now, celebrated her 5th birthday Monday! She always observes the event on March 1, considering that that WOULD have been her birthday had she not been born on Leap Year.

We direct your attention to the drawing of the economical farmer (a "Fertilizer Miser," he is) that appears in the Ris-Van ad in this issue. The tight-fisted gentleman is a product of the pen of "Bud" Trafford, Ris-Van's gifted advertising manager — known on other occasions as Hizzoner the Mayor. The guy's (the farmer's, that is) bay window particularly caught Ye Ed's eye, serving as a reminder of his Ever-Lovin's threat that "we're going on a diet any day now."

In case the event should be of any significance to YOU, the period of March 1-7 has been officially designated as Return the Borrowed Book Week. Just who cooks up a week like that, we wouldn't be for knowin' — but if you have a book whose owner has been patiently awaiting its return, take the thing BACK! This should be as good a time as any.

We were a little too subtle for The Forman company of Monmouth, Ill., which each year makes bound files of the previous year's issues of The Independent for us and for the city library. Got a letter this week from the bindery firm saying it needed new copies of the March 19 issue of last year.

The explanation: "There is a picture missing from the front page."

Readers of The Independent will recall that as an illustration of the fourth blizzard in about a month's time, we ran a square of blank space pretending to be a photo taken by auto headlight at the height of the snowstorm. Our tongue-in-cheek "picture" went over Forman's head like a tent!

While bloopers are a continual threat of embarrassment to all newspaper editors, they can laugh as loud as anybody when it happens to "the other fellow." Consequently, the editor of the Mankato (Minn.) Free-Press gave his brethren a healthy guffaw by admitting this dandy regarding a young lady on an entertainment program who "played a selection on her electric garter." The sad part of the story is, the booboo was caught in proofreading and never got in print. A pity!

Just in case the Belmond school authorities do not make a practice of reading the Garner Leader, we feel we should pass on an observation gleaned from Editor "Chubb" Elling's write-up of the recent Garner-Belmond fray:

"The Belmond school officials did a very poor job of reserving space for the Garner fans — and in the future, it is felt that this should be properly handled."

We don't know if Chubb regards that the last 250 Belmond spectators to arrive should be kept outside the gym door until the Garner attendance is fully determined, or just what "proper handling" would entail.

In case you wonder how we got the angle we did on the shot of the Bronco basketball "regulars" that appears on this page, permit us to advise you that it wasn't easy.

Ye Ed intended to "shoot" from the top of a tall stepladder, but the durned thing wobbled too much; so he clambered onto the supports holding the east basket in the gymnasium. From that vantage point, we got just the angle we wanted.

We'd like to say, though, that some pretty sloppy housekeeping's been going on at that gym. We'd swear that those bangboard supports hadn't been dusted in months!

HELLO WORLD

Mrs. William Kaduce received a telegram Thursday morning from Starke, Fla., that announced Mr. and Mrs. Jake Gruis became the parents of a baby boy born that morning, Feb. 25. Jake Gruis is the son of Mrs. William Kaduce.

Mr. and Mrs. Henry B. Nelson received a cablegram from Durban, South Africa, announcing the birth of a baby girl on Feb. 27 to Rev. and Mrs. Herbert B. Nelson. She has been named Naomi Joy.

A baby boy, weighing 2 lbs. 8½ oz., was born Feb. 25 to Mr. and Mrs. Robert Voyles. They have named him Brian Clifford.

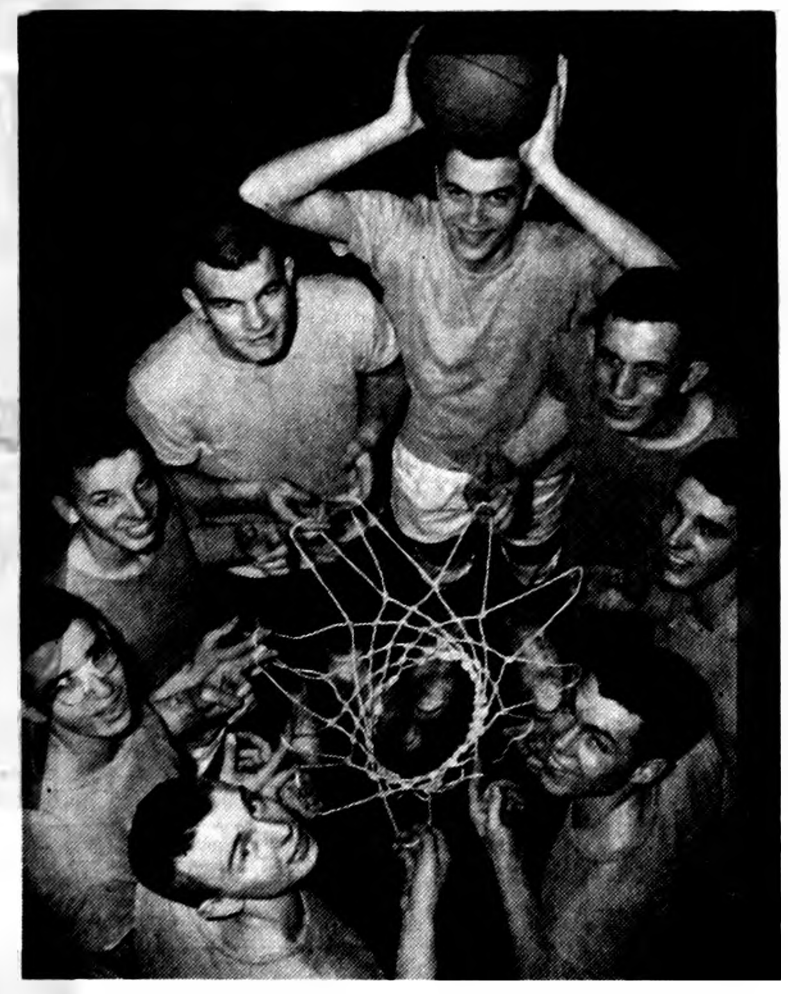
Angela Jo is the name chosen by Mr. and Mrs. Lynn Knoll of Kanawha for the 6 lb. 14½ oz. daughter born to them Feb. 25.

A 7 lb. 8½ oz. son was born Feb. 28 to Mr. and Mrs. Elmer Larsen of Alexander.

Mr. and Mrs. Clarence Hrubes of Britt are parents of an 8 lb. 11½ oz. baby boy born March 1.

ATTEND BEAUTY CLINIC

[illegible], Mrs. M. B. [illegible], Mrs. Eva Olson and [illegible] attended [illegible] beauty clinic [illegible] Mason City.



THERE ARE SMILES that accompany an athletic victory by the Broncos of Belmond High over Clarion — and a full set of them may be observed in the picture above. It was taken Friday afternoon, after that sizzling hot 66-65 conquest of the Cowboys the night before and prior to the Broncs' subsequent defeat by Rockwell-Swaledale in the sectional tournament finals. Roger Ginapp is about to demonstrate how he sent that 35-foot shot through the hoop to dump Clarion, while his cohorts hold the very net that the ball settled through as a throng of Belmond rooters roared themselves hoarse. Shown clockwise from lower left are: Dean Pals, Mike Long, Jerry Jenison, Mark Mason, Ginapp, Ron Thompson, Lynn Jenison and Denny Pastour. 'Twas a great night for the Purple and White!

World Prayer Day Helps Carry on Mission Work

Money received in the offering at the annual World Day of Prayer observance here Friday evening will go to serve a wide variety of mission purposes, according to Mrs. M. L. Jones, publicity chairman for the event.

Jointly sponsoring the service starting at 7:30 p. m. at the Methodist church are the Congregational church, which is in general charge, the Bethany Reformed, Immanuel Reformed and Methodist churches. Mrs. W. H. Hill is chairman of the program.

Administration of offering money gathered at observances held in some 2,200 communities in this country is the responsibility of the Division of Home and Foreign Missions of the National Council of Churches of Christ.

These funds will go to: develop Christian leadership in India, Pakistan, Korea, Japan, Africa and Latin America; provide Christian literature for women and children in those lands; develop villages in West Pakistan, where Christians are 90 per cent illiterate.

Also to furnish two nursery orphanages in French African Cameroun; broadcast Christian programs in Korea; carry on a program of Christian hospitality in the U. S. A. for 30,000 students from other lands.

And to reach 100,000 migrant agricultural workers here in America with recreational, health and religious services; provide religious education in 11 government Indian schools and training for Indian leaders at Cook Christian Training school; train Christian leaders for service to low-income farming communities.

After the union service, to which the general public is cordially invited, a fellowship hour will be held during which coffee, milk and cookies will be served.

• • •

Lutherans to Hold World Prayer Day

Friday at 2:00 p. m. the St. John Lutheran church will be joined by the Trinity and St. Olaf Lutheran churches in presentation of a World Day of Prayer program at the St. John church. Mrs. Robert Hein, president of the St. John Mission Society, is in general charge of the program.

Assisting Mrs. Hein will be: Mrs. Jens P. Johnson, president of the Trinity Ladies Aid; Mrs. Clarence Johnson, president of the St. Olaf Ladies Aid; and Mrs. William Swenson, president of the Trinity Mission Guild. Rev. Oscar Laaveg, pastor of the Trinity-St. Olaf parish, and Rev. William Heinzig of St. John will have parts in the program.

This is a program prepared for use of American Lutheran churches throughout the nation by the ALC Women's Missionary Federation.

HOSPITAL NOTES

Kelly Jean Doughan of Corwith entered Feb. 26 as a medical patient.

Homer Hammond entered Feb. 26 as a medical patient.

Joan Kalkwarf entered Feb. 27 as a medical patient.

Wiert Willemssen of Kanawha entered Feb. 28 as a medical patient.

Phillip Jergensen of Kanawha entered Feb. 28 for surgery.

Mrs. Peter Juhl of Thornton entered Feb. 29 for surgery.

Fred Stockwell of Garner entered Feb. 29 as a medical patient.

Ronald Assink of Kanawha entered Feb. 29 as a medical patient.

Claire Hildman entered Feb. 29 for surgery.

Thompson Injured In Fall at Work

Don Thompson suffered serious injury Monday of last week when he took a bad fall at the north plant of Thompson Hybrid Corn company while carrying two bags of seed corn on his back.

He fractured one vertebra and so badly damaged two spinal discs that they had to be removed by surgery performed Tuesday of this week at Mercy hospital, Mason City.

While he is recuperating from the operation, Don would appreciate receiving mail from his friends. He may be addressed at Room 443 at Mercy hospital.

One Purchased, One Leased with Option—

Ris-Van Acquires 2 More Production Plants

Expansion of Ris-Van, Inc., which was augured by its merger a month and a half ago with Stepan Chemical company of Chicago, took material form this week with addition of two more links to the local firm's chain of production sites.

Negotiations were completed for purchase of the Willmar Liquid Fertilizer company of Willmar, Minn., and arrangements were made for Ris-Van to operate during the coming season the Richfield Chemical company of Sycamore, Ill. An option was obtained for purchase of the Illinois concern.

Both plants will be operated under the Ris-Van name. They will add very considerably to the area previously serviced with Ris-Van brand liquid fertilizers.

The new acquisitions bring to seven the number of plants the Belmond firm will have in operation this season. In addition to the local plant and those at West Union, Sanborn, and at Blue Earth in Minnesota, purchase of a liquid fertilizer plant at Vinton was announced simultaneously with news of Ris-Van's merger with Stepan Chemical.

Plants Smaller Than Local

Roy Carwell, Ris-Van treasurer, says that the Vinton, Willmar and Sycamore plants are not so large as those which Ris-Van itself had set up. However, all will lend themselves to expansion as market development requires.

This year will mark the third season of operation for the Willmar plant. It will be managed by Paul Lehman, who has been managing it and was one of the former co-owners. It will be very largely operated by the previous personnel.

In Sugar Beet Area

Willmar is adjacent to the fertile Red River valley and is in the heart of Minnesota's sugar beet area. Ris-Van already had about a dozen dealers operating in the Willmar area. This sales organization will be augmented by 15 to 20 outlets that the Willmar Fertilizer company was servicing the territory with and still further expansion in the sales and distribution set-up is in prospect.

The Willmar plant has an unusual asset in the form of approximately 650,000-gallon storage capacity, which originally belonged to an oil refinery. Mr. Carwell says the facilities will require only minor changes to suit Ris-Van's purposes ideally.

Sycamore in DeKalb County

Sycamore, Ill., is located in DeKalb county, famed as one of the nation's most fertile counties. The Richfield Chemical plant there has been in operation for three or four years and is well established in the liquid fertilizer field.

Mr. Carwell and R-V President Kenneth Van Duzer planned to fly to Sycamore today in the former's leased plane to interview personnel and determine what changes in or additions to the staff might be required. A manager for this plant has not yet been named.

Already the world's largest producer of liquid fertilizer before its merger with Stepan Chemical, Ris-Van's expansion since the first of the year contributes further to its position of leadership in its field.

6 Wild Hours Monday

Spurred by the success of a Six-Wild-Hours promotion held last year, a number of Belmond merchants are joining forces in the conduct of another Six Wild Hours next Monday. They are advertising in this issue of The Independent some very fancy bargains that will be available to shoppers during the period from 3:00 to 9:00 p. m. Dollars can be saved in goodly number by careful perusal of the "specials" advertised — plus a visit to Main street while the extra-low prices are in effect.

Funeral Services For Dick Barkema Held Wednesday

Final rites for Dick Barkema, 77, were held Wednesday afternoon at Immanuel Reformed church, Rev. Julius Brandt officiating. Johnston Funeral Home was in charge and burial was in the church cemetery. Pallbearers were Lambert Barkema, Hauko Barkema, Benjamin Barkema, Arnold Barkema, Dick Barkema, Jr., and Raymond Pals.

Mr. Barkema had been in poor health for two years prior to his death at Belmond Community hospital on Saturday of last week.

Born in Ostfriesland, Germany

He was born Sept. 29, 1882, at Ditzummer Verlaat, Ostfriesland, Germany. He emigrated to this country with his parents in 1891 and he made his home thereafter in Wright county.

On March 11, 1908, Mr. Barkema wed Minnie Pals at Alexander. They had the privilege of observing their Golden Wedding anniversary last spring. They were the parents of 10 children, all of whom survive.

For 37 years, Mr. and Mrs. Barkema lived on and operated a farm northeast of Belmond. He retired from farming in 1945. He was faithful in attendance at the Immanuel Reformed church, of which he became a member in 1946.

Leaves 38 Grandchildren

Surviving are his widow and children: Lambert and Dick, Jr., of Goodell; Hauko, Benjamin, Mrs. Benjamin, (Tena) Suntken, Arnold, and Mrs. Herman (Mildred) Suntken, all of Belmond; Mrs. Harry (Marthe) Gealow, Rockwell; Mrs. Dick (Esther) Dorenkamp, Sheffield; and Mrs. Eugene (Amelia) Guth, Meservey.

Mr. Barkema also leaves 38 grandchildren and six great grandchildren; two brothers, Charlie of Belmond and Hauko of Garner; and three sisters, Mrs. Kate Pals of Thornton, Mrs. Ernest Eckhoff of Belmond and Mrs. Lillie Faaborg of Meservey.

Three brothers and an infant grandson preceded him in death.

Thompson Baby's Final Rites Held

Funeral services were held Monday at Johnston Funeral Home for Michael Alan Thompson, nine-day-old son of Mr. and Mrs. Harold J. Thompson. Rev. H. J. McKinney officiated and burial was in the Belmond cemetery.

The infant was born Feb. 18 and died at Belmond Community hospital last Saturday.

Surviving in addition to his parents are Michael's grandparents, Mr. and Mrs. Emory Thompson of Belmond and Mr. and Mrs. George Tillman of Kirksville, Mo.

Greenbush Given Term of 5 Years

Dallas Greenbush, the young man from St. Paul, Minn., who was recently arrested for breaking and entering at the L. R. Parson home, last Saturday was sentenced to a term of not more than five years at the Anamosa state reformatory.

Toastmaster 1st In Area Contest To Belmond Entry

Belmond Toastmasters' representative in the Area 2 speaking contest held Sunday evening at Osage, Rev. Richard Jackson of Rowan, was awarded first place and will advance to the state contest. This event will be held at Davenport on May 14.

Mr. Jackson, pastor of the Rowan Methodist church, competed against Toastmasters from Mason City, Hampton, Algona, Charles City and Osage.

Schorman Was State Winner

Contestants were given their topics Sunday noon and had until 6:00 p. m. to prepare their talks. Mr. Jackson's topic was, "The Best Advice I Ever Had."

He told how, as a native Bostonian, he had been given the traditional advice credited to Horace Greeley to "go west, young man," and how that advice has influenced his life.

Dick McFarlin of the Belmond club was among the judges and Dave Hallowell was a ballot-counter.

Mr. Jackson is the first area winner Belmond has had since 1955, when Rev. William Schorman, former Congregational minister here, went on to win in the state contest and then placed second in regional competition.

Area 2 Has Done Well

Area 2 has had a remarkably fine record in Toastmaster contests in the past decade. Mason City has had two national winners and last year had the Iowa winner, who later took second place at the regional contest.

Awards at last Sunday's contest were presented to the place winners by Ralph Hoover of Cedar Rapids, a lieutenant-governor of the Iowa Toastmasters.

HOUSEHOLD GOODS SALE

Merle Olinger of Goodell is holding an auction sale of household goods Saturday at Goodell, starting at 1:00 p. m. He has been employed by Bill Sheriff, Sr., but is leaving that position and he and his wife and family are moving to Florida. "Coonie" Smith is auctioneering the sale and it will be clerked by the State Savings bank of Goodell.

E. L. "JACK" SCHRODER
Highway Patrolman Seven Years

• • •

Schroder to Seek Office of Sheriff; Former Patrolman

E. L. "Jack" Schroder, 31, of Dows has announced that he will seek the Republican nomination for the office of county sheriff in the primary election on June 6. He is a Dows High school graduate, is married to the former Doris Boggs of Clarion and has two sons, three and six years of age. He is a member of the Rowan Congregational church.

For the past two years Mr. Schroder has been farming near Dows. Before that he was a member of the Iowa State Highway Patrol for seven years. He was on leave from that duty for two years, in 1953-54, while serving in the U. S. Army. A good share of his military service was performed overseas, in Germany.

He was stationed for two years at Forest City as a patrolman and for three at Garner. Te believes both his military and patrol experience would equip him well for the office he seeks. He says, "I believe the Wright county sheriff's office could be operated more economically without any loss in efficiency and will endeavor to demonstrate that this is true, if elected."

Swea City Couple Buys Town House

Mr. and Mrs. Carrol Gander, lately of Swea City, on Monday of this week took possession of the Town House cafe. Clifford Larson, who had been proprietor of the business for the past year, is now driving a bread truck route.

This will be the Ganders first experience in the restaurant business, having previously engaged in farming. They had farmed only the past year in the Swea City vicinity; prior to that time they had farmed near their native home, Panora, in Guthrie county.

They have five children, two still living at home — their daughters Delorse, 12, and Beverly, 10. Another daughter, Betty, is a high school senior at Panora, where she remained this past year because she held a position on the girls basketball team.

Two sons, Dean — who is married, and Delbert make their home at Panora. There is one grandson who is soon to be three years old.

Mr. and Mrs. Gander plan to hold open house at the cafe Monday morning and invite the public to visit the Town House at that time for free rolls and coffee.

CGD Total Put at $350

Dismayed by the occurrence of another no-winner week, the Cash Gift Day committee's adding another $50 to the total in prizes that will be represented by numbers posted next Tuesday afternoon. Nine awards amounting to $300 in all went begging Tuesday of this week. Next week's $350 will be divided into six $25 prizes at 2:00 p. m. and four $50's at 3:00 o'clock.

BIRD AIR-CONDITIONS CAR

Mrs. H. J. Classick spent last Thursday and Friday in Hurley, S. D., visiting her brother, Hugo Jongewaard, and wife, and also other relatives. On her return trip, a pheasant flew into the windshield smashing a hole in the right hand side. She was unhurt, but the rest of the trip was a little cool.

Would Surpass Total of 300—

Hospital Auxiliary After Members

Belmond Community Hospital Auxiliary on Tuesday of this week opened a 10-day membership drive that will continue through next Thursday. Mrs. Ray Borgstrom is again serving as membership chairman. She says the auxiliary's hope is to exceed the 291 membership total of 1959.

An option is to be given those women solicited to become either active or inactive members upon payment of the annual fee of $1.00. Active members participate regularly in the organization's services to the hospital, whereas inactive members are called upon for direct assistance only at the time of Hospital Appreciation Day in the fall.

Last year there were five associate members, who paid a fee of $5 each; and one life member paid a $25 fee for that distinction. All women will be urged to pay at least the $1.00 fee regardless of whether they can take part in the volunteer services or not.

Projects of the auxiliary since it was organized in 1955 have included: (1) providing stationery and stamps for writing thank-you notes in acknowledgement of memorial gifts to the hospital; (2) redecorating the nurses' lounge with fresh paint and new upholstery; and replacing draperies in the children's room; (3) maintaining and stocking a service cart for the convenience of patients and visitors.

(4) Purchasing plants and seeds for beautification of the hospital grounds; (5) helping purchase a suction machine for the hospital; (6) preparing and printing 1,500 pamphlets entitled "So You're to be Our Patient;" (7) presenting gift-filled stockings to all patients at Christmastime; (8) purchasing 14 chairs, a conference table, four bedside cabinets and draperies for the Rowan Room.

(9) Purchasing a high-humidity oxygen tent for use in treatment of respiratory diseases; (10) paying for a professional engineering survey of the best method of air-conditioning the hospital; (11) contributing toward the purchase of an incubator of latest design, paid for mainly by memorial gifts.

Proceeds from the annual Hospital Appreciation Day have in four years amounted to $2,772.65, clear, and have been spent to the benefit of the hospital. In addition, the hospital has been saved many dollars by the work of the mending and sewing committees.

Volunteers for hospital services are given a choice of sewing and mending; doing hostess work; doing clerical work; serving on the flower committee; reading to patients; making gift or fancywork items for the gift cart; telephoning; assisting in decorating and furnishing as needed by the hospital.

Block chairmen are now in the process of contacting all women in the territory served by the hospital, soliciting memberships.

LeRoy Smith Gets Iowa State Degree

LeRoy Smith received his Bachelor's degree in business administration Saturday morning at Iowa State university, Ames.

Mr. and Mrs. Leo Smith and their daughter Sandra from Minneapolis, Minn., Frank Dominy and Marilyn of Goodell attended the graduation.

LeRoy has accepted a position with the Pacific Mutual Insurance company in Des Moines.

Marine Discharge To Richard White

Richard D. White was discharged Feb. 23 from the Marine Corps at Long Beach, Calif., with the rank of Acting Corporal.

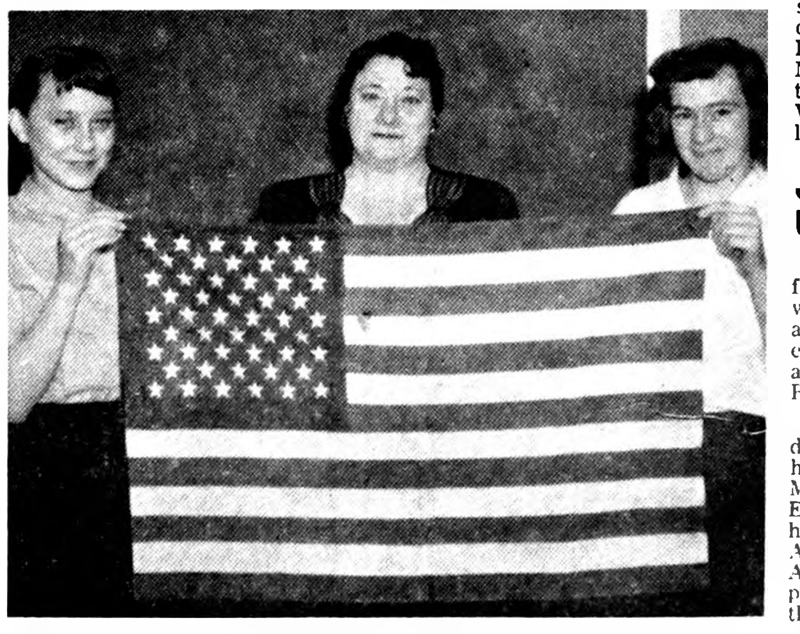
Of his three years in service, six months were spent in the Marine schools at Jacksonville, Fla., and Memphis, Tenn., studying aviation structural mechanics.

He arrived home Friday with his parents, Mr. and Mrs. Asa White, who had been on the coast visiting Mr. White's brother John.

One Gold Rating Earned by BHS

Rick Kamm, Belmond High school's representative in the Freshman Creed speaking contest at the sub-district FFA contest held Friday at Webster City, won a gold medal rating. His rating carried with it, however, the stipulation that the Clarion and Webster City entries would advance to district competition.

Only other entry of Friendly Service chapter of the Future Farmers of America was the parliamentary procedure team, which was awarded a silver medal rating.



FIRST 50-STAR FLAG to take its place in a Belmond school room is the banner held by Janet Lipscomb (left) and Janet Stadtlander. Back of "Old Glory" is Mrs. Ray Ainger, president of the Belmond VFW Auxiliary, which presented the flag to the home room of which Andris Polis is in charge. It is one of the rooms created by partitioning part of the auditorium for classroom use and was the only room not possessed of a flag of its own.

Final Rites Held For Mary Larson

Funeral services were held Friday afternoon at the Methodist church for Mrs. Mary Larson, 80, who died Tuesday evening of last week at her home after a lengthy illness. Rev. M. L. Jones officiated and Johnston Funeral Home was in charge.

Burial was in the Belmond cemetery. Serving as pallbearers were: Edwin Jensen, Marvin Jensen, Robert Jensen, Hans Jensen, Elfred Jensen and Ralph Brock, all of Jewell.

Mary Kelling was born in Denmark on March 17, 1879, daughter of Rasmus and Helena Kelling. She came to this country when she was 17 years old and four years later, Dec. 26, 1900, she was married to John Larson. Nine children were born to them, all of whom survive.

For many years the Larsons farmed in Hamilton county and later in Hancock county, near Klemme. They retired in 1948 and moved to Belmond.

In addition to her husband and children, Mrs. Larson is survived by a brother, Anthon Kelling of Jewell; also 20 grandchildren and eight great grandchildren.

The children are Harry and James Larson of Belmond, Ralph Larson of Clear Lake, Elmer Larson of Ventura, Mrs. Sylvia Early of Mason City, Mrs. Walter (Clara) Lauden and Mrs. Herman (Lenora) Meints of Klemme, Mrs. Alvin (Esther) Haupt of Goodell and Mrs. William (Bessie) Lindeman of Ackley.

Jenison Receives USAF Discharge

Marlin Jenison, lately discharged from the U. S. Air Force, left this week for Ilion, N. Y., to undergo an 18-week course of training in electronic computor maintenance at the headquarters of Remington-Rand, Inc.

He and his wife and two children have been visiting in the homes of their parents, Mr. and Mrs. Paul Jenison and Mr. and Mrs. Ervin Johnson, since he received his discharge Feb. 14 at Robbins AFB, Georgia. He held the rate of Airman 2/c at the time of completing his four-year enlistment in the USAF.

When his training is ended, Marlin will receive an assignment as a Univac computor maintenance specialist — somewhere in the midwest, he hopes. During his training period, Mrs. Jenison and the two children will make their home with her parents.

Percentage Gain Here Area's Best—

3rd Quarter 1959 Retail Sales Near Record

Belmond showed a larger gain in retail trade during the third quarter of 1959, compared to the same period in 1958, that any other trade center in this area. In so doing, a near all-time local high for trade in a single quarter was approached during the June-through-September period of last year.

Figures released by the state sales tax commission this week showed Belmond's third-quarter taxable retail trade amounted to $1,415,527. Discounting $35,000 worth of equimpment sold to Ris-Van dealers, which doesn't represent bona fide local business, the amount strictly attributable to retail sales still came to $1,380,500.

This total has been surpassed here only once — in the final quarter of 1958 when a peak of $1,393,100 was attained, Ris-Van equipment sales being omitted from the figure. It probably can be safely assumed that the 1959 fourth quarter trade surpassed that of the third, but figures on the final quarter have not yet been released.

Actual gain in trade for the third quarter of last year, compared to the equivalent period in '58, was $157,000 — an increase of 12.8 per cent over the previous year's quarter total of $1,223,500.

Closest approach to that gain was shown by Hampton, whose $3,086,600 third-quarter total was up $353,000 — or 12.6 per cent — over the same period in 1958.

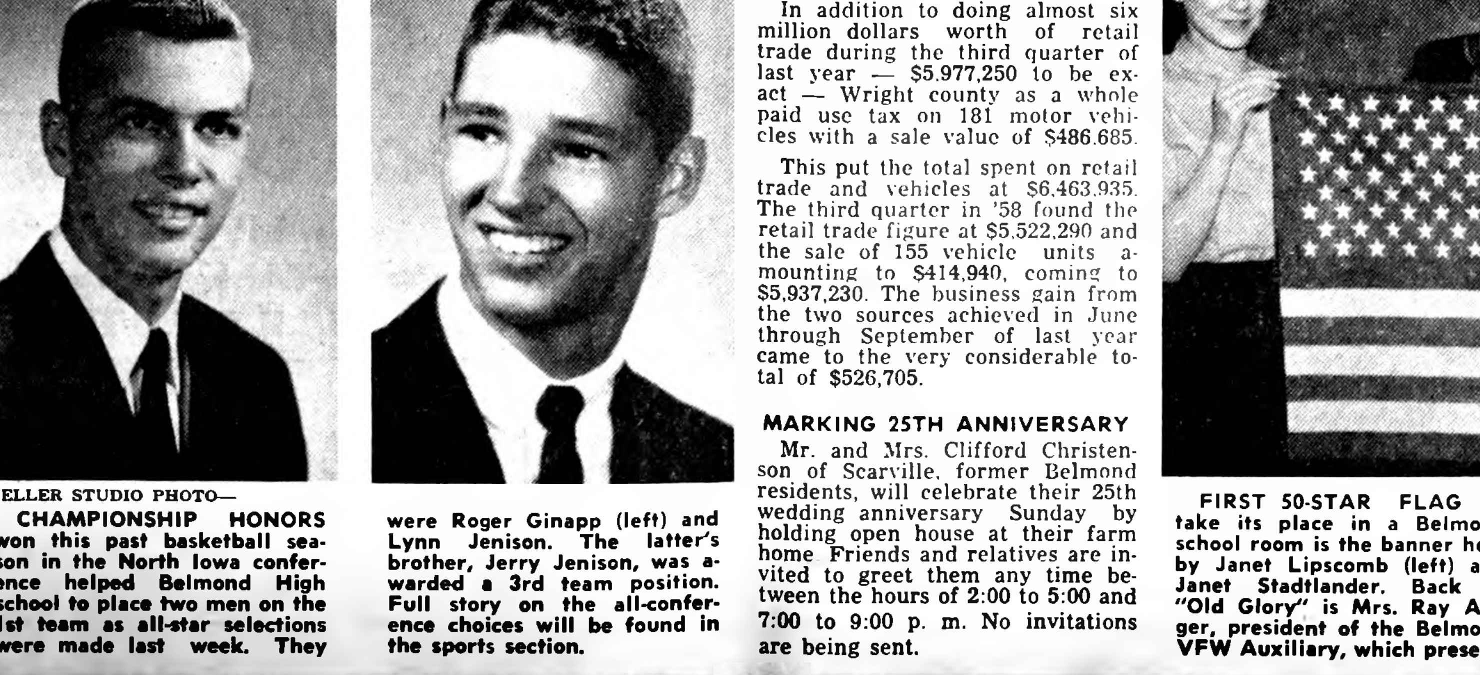
Clarion also showed a good increase, amounting to 12.4 per cent, on a rise of $189,750 over 1958's third quarter to a trade total of $1,719,800 for June through September of last year.

Garner experienced a gain of only 1.2 per cent over the third quarter of '58, its $1,284,065 total representing an increase of only $15,600. Rural Wright county, taking in all retail outlets except Belmond, Clarion and Eagle Grove, showed a similar 1.2 per cent increase. Its $1,163,635 quarter total was only $14,000 more than the previous year's third tax period.

Eagle Grove barely held its own, comparing the two years. June through September of last year saw it do retail trade totalling $1,675,150, a rise of only $7,300 — or four-tenths of one per cent.

In addition to doing almost six million dollars worth of retail trade during the third quarter of last year — $5,977,250 to be exact — Wright county as a whole paid use tax on 181 motor vehicles with a sale value of $486,685.

This put the total spent on retail trade and vehicles at $6,463,935. The third quarter in '58 found the retail trade figure at $5,522,290 and the sale of 155 vehicle units amounting to $414,940, coming to $5,937,230. The business gain from the two sources achieved in June through September of last year came to the very considerable total of $526,705.



MUELLER STUDIO PHOTO—

CHAMPIONSHIP HONORS won this past basketball season in the North Iowa conference helped Belmond High school to place two men on the 1st team as all-star selections were made last week. They were Roger Ginapp (left) and Lynn Jenison. The latter's brother, Jerry Jenison, was awarded a 3rd team position. Full story on the all-conference choices will be found in the sports section.

MARKING 25TH ANNIVERSARY

Mr. and Mrs. Clifford Christenson of Scarville, former Belmond residents, will celebrate their 25th wedding anniversary Sunday by holding open house at their farm home. Friends and relatives are invited to greet them any time between the hours of 2:00 to 5:00 and 7:00 to 9:00 p. m. No invitations are being sent.

MESERVEY NEWS

MRS. MOODY QUANDT

Theodore Wendel Observed His 91st Birthday Feb. 25

Mrs. Dale Fischer, Donnie, Randy and Mark took a birthday cake to her grandfather, Theodore Wendel, last Thursday and enjoyed a treat together. Other callers were Henry Wendel and Fred Benn and son-in-law of Rockwell. It was Grandpa Wendel's 91st birthday.

Steven Nissen's 9th Birthday Celebrated

Mr. and Mrs. Richard Nissen entertained Sunday honoring their oldest son Steven's 9th birthday. Dinner guests were Mr. and Mrs. Leslie Muhlenbruch of Thornton, Dot Blankenship of Hampton, Mr. and Mrs. Richard Halfpap and boys and Mrs. Grace Nissen. Mr. and Mrs. Al Nassen of Iowa Falls were afternoon visitors. Stevie received some nice gifts.

Birds and Gardens Lesson At Garden Club Meeting

The Meservey Garden Club met Tuesday of last week at the home of Mrs. Philip Prestholt. Thirteen members responded to roll call by bringing a picture of a bird. After the business meeting, Mae Messelheiser presented the lesson on "Birds of Our Gardens." Mrs. Prestholt had an arrangement using birds for her study. Lunch was served by the hostess.

Rev. Charles Johnson was at Waterloo Sunday to give the sermon in the Reformed church there. Mr. Albers of Sheffield gave the sermon in the local Reformed church.

Dr. and Mrs. G. E. Jurgenson drove to Des Moines Sunday where they attended the Home and Flower show.

Herman C. Fischer and William H. Fischer of Fischer Implement left Monday afternoon for Moline, Ill., where they will attend several days of meetings and instruction.

Mrs. Clifford Hulick of Rochester, N. Y., arrived Sunday to visit her mother, Mrs. William Morris, who is a patient in the Belmond Community hospital. She arrived by plane at Des Moines and was met by her brother and family, Mr. and Mrs. Marvin Morris.

Mr. and Mrs. Larry Braga and three children of Mason City and Mr. and Mrs. Gary Braga of Des Moines visited Sunday with the men's grandmother, Mrs. Anna Braga.

WSWS Meeting Today (Thursday) At Parsonage

The E.U.B. Women's Society of World Service will meet Thursday afternoon at 2:00 o'clock in the home of Mrs. Virgil Shickell for their regular business meeting and yearly election. The lesson will be presented by Mrs. C. J. Wendel.

World Day Of Prayer Friday At EUB Church

World Day Of Prayer will be observed Friday evening at 7:30 o'clock in the E. U. B. church with the First Reformed church pastor, Rev. Charles Johnson, speaking on "Labourers Together with God". This is a union service and all are urged to attend.

Greg Evan Raecker's 8th Birthday Observed Sunday

Mr. and Mrs. Robert Raecker entertained Sunday in honor of their son Greg Evan who will be eight years of age on March first. Present to help celebrate were Mr. and Mrs. James Hungerford and children of Osage, Mr. and Mrs. James Hemming of Thornton (great aunt and uncle); and the grandparents, Mr. and Mrs. Garfield Raecker and Mr. and Mrs. Moody E. Quandt. Greg had three birthday cakes brought to him as well as other gifts.

Camera Club To See Slides Taken In Europe

The Meservey Camera club will meet Monday evening at 7:30 in the school dining rooms. Slides will be shown by Frank Hafermann, taken by him and his parents while visiting Europe last year. Lunch will be served.

Mr. and Mrs. Mervin Morris drove to Des Moines Saturday where they attended the Home and Flower show.

Robert Raecker drove to Des Moines Wednesday where he attended a meeting and luncheon of Chevrolet dealers at the Hotel Savory.

Jr. Woman's Club Honors President

Mrs. Ray Miller, president, was honored by the Meservey Junior Federated club as its "Club Woman of the Year" at the group's regular monthly meeting Wednesday evening of last week. The meeting was held at the home of Mrs. C. John Clemons, with 13 members present.

Officers to assume their duties next fall were elected as follows: president, Mrs. Richard Lauen; vice president, Janice Waddingham; secretary, Mrs. William Fischer; assistant secretary, Mrs. C. John Clemons; treasurer, Mrs. Jake Koenen; assistant treasurer, Mrs. Marvin Dorenkamp.

A corsage was presented to Mrs. Miller in recognition of the honor bestowed upon her. Mrs. Leslie Pals presented the Lesson, "Family Fun." Special topic was read by Mrs. Leslie Pals, "Running the Household," a chapter from the book, "Absolute Perfect Housekeeping."

Lunch was served by the hostess. Mrs. Robert Ostendorf was a guest.

March 1st Brings Numerous Moves

A number of Meservey families were on the move with the arrival of March 1st this week.

Mr. and Mrs. Donald Ruiter and Karla Kristin will make their home at Goldfield. The house they vacated is being occupied by Ronald's parents, Mr. and Mrs. John Ruiter.

Mr. and Mrs. Jacob Pals will reside in the home that the John Ruiters were living in. Mr. and Mrs. Merlin Ruiter and Roxanne will occupy the house next to the Ruiters' produce and bottled gas business, vacated by Mr. and Mrs. Pals.

Mr. and Mrs. Theodore Pals and family moved from the Meinders farm northeast of Meservey to a farm near Rockwell.

Mr. and Mrs. Kenneth Blau and Kathy are moving from the Ingebretson farm northwest of town to another near Goodell; and the Thomas Proctor family of Swaledale is to occupy the Ingebretson farm.

The farm north of Meservey that has been left by Mr. and Mrs. Lee Gruis and Mickey will become the home of Mr. and Mrs. Donnie Ruiter and family.

REFORMED CHURCH

Rev. Charles Johnson, Minister
Morning service at 9:30.
Sunday school at 10:30.
Evening service at 7:30.
Catechism every Saturday at 1:30.

E. U. B. CHURCH

Rev. V. E. Shickell, Minister
Sunday school at 9:30.
Morning service at 10:30.
Evening service at 7:30.

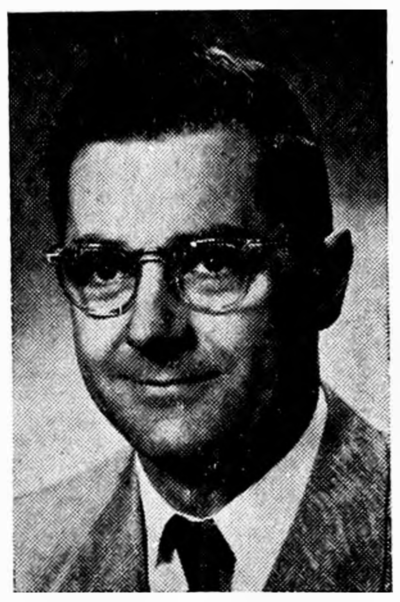
Legion Auxiliary Met Last Wednesday Evening

The American Legion Auxiliary unit met Wednesday evening in the home of Mrs. Leland Koenen with Mrs. A. Sprau as co-hostess. President Beulah Langlitz presided at the meeting. Mrs. Louis Stadtlander joined the unit. Committee reports were heard. Committees were appointed for the Father and Son banquet to be held this month. Lunch was served at the close of the meeting.

Mrs. Theodore Pals is a patient in the Mercy hospital following major surgery.

Sunday evening dinner guests of Mr. and Mrs. John Clemons were Mr. and Mrs. Tony Schneiderman and son and Mr. and Mrs. Leslie Clemons and Janet of Thornton and Ruth Toppin of Clear Lake.

Mr. and Mrs. Bert Lauen of Pocahontas visited Wednesday with Mrs. William Morris at the Belmond hospital. The ladies are sisters.



DR. MALCOLM SHURTLEFF

Test Farm Assn. Will Hold 30th Annual Meeting

Iowa's oldest Agricultural Experiment association will hold its 30th annual meeting at the Roxy theatre in Kanawha next Thursday. The morning program will get underway at 10 o'clock with a discussion of oat varieties and corn hybrids for 1960 by Agronomist K. J. Frey of Iowa State university, Ames.

Botanist D. R. Grabe will discuss the pre-inoculation of legume seeds. Another Iowa State botanist, D. W. Staniforth, will discuss herbicides to conclude the morning's presentations.

Dr. Clyde Berry of the Institute of Agricultural Medicine, Iowa City, will be the featured speaker at the free noon dinner at the Kanawha Methodist church. He will speak on "How Dangerous are Farm Chemicals?"

Plant Pathologist Malcolm Shurtleff of Iowa State university is chairman of the afternoon program, which includes a discussion of "You and Farm Records" by W. J. Turner, "How a Corn Plant Uses Fertilizer" by J. J. Hanway and the annual report by W. H. Bragonier.

Everyone is welcome to attend.

● Belmond Locals

Mr. and Mrs. Allen Shahan and family have returned to their home in Sioux City after three weeks spent in the parental Stanley Shahan home. Allen was called here because of the illness of his son Samuel, who was a patient for a week in the Belmond Community hospital.

Mr. and Mrs. Dick Middleton, Marc and Ronny, Mrs. Clara Thayer and Mrs. E. R. Klinefelter of Goodell attended the women's bowling tournament at Waterloo Sunday afternoon. Mrs. Middleton and Mrs. Klinefelter were participants. Afterward they all visited in the home of Mrs. Thayer's brother, Reeve Spurlin, in Waterloo.

Mr. and Mrs. Elmer Smith and son Jay visited Saturday in the "Chuck" Smith home at Boone.

Clarion Defeat "One for the Books"—

Ginapp Shot in Last 2 Seconds Raps Cowboys

A multitude of 1,850 bug-eyed fans watched a basketball, launched nearly 35 feet from the basket, leave the steady right hand of Roger Ginapp as two seconds showed on the clock. It would have been 1,851 pairs of eyes — but Coach Jack Steinberg couldn't bear to watch. Without touching the rim, the sphere settled cozily into the net just as the timer's gun barked. Lights flicked on the scoreboard fixing the final score of the Class A sectional semi-final game between Belmond and Clarion.

And there it glowed . . .

BELMOND 66, CLARION 65

Perhaps some passing thoughts were directed to the final game which would pit the Broncos against the Rockwell-Swaledale Rebels two nights later. But this was Thursday night. The Purple and White battlers had just nudged their arch rivals — who happened in this instance also to be co-champions of the North Central conference — with the Cowboys' star, Dan Stober IN the line-up.

That was an important facet of the victory, for Clarion was supremely confident that Belmond couldn't do it with Stober in good health and playing the full 32 minutes. He'd been sidelined with an ankle sprain when the Cowboys had bowed to the Broncos in an earlier game, 63 to 51.

It couldn't have happened to a finer bunch of scrappers. The Broncos had to overcome some team faults that were extremely costly (it wasn't one of their most smoothly played games of the season); they had to out-connive Lady Luck, who kept a lid on the Belmond basket at crucial stages of the second half; and they had to contend with a height disadvantage that was very considerable.

But in the "heart" department they were amply endowed. They refused to be beaten, when practically everyone in the Franklin Consolidated gym was convinced the game was "gone" — except themselves.

Stober, who kept Clarion in command through most of the game with a phenominal string of 15 consecutive freethrows without a miss — backed by five field goals, had followed a pair of gift conversions with a field goal to put Clarion ahead 65-59 with 1:39 left in the game. That could have been the signal for a less courageous team to accept defeat as inevitable; but the Broncos kept briskly about their business.

A minute and 22 seconds was showing when Jim Anderson fouled Mike Long while the latter was attempting a shot — but neither of his freethrows found the mark. He was promptly fouled again by Anderson, and this time made good on both tries as the one-and-one went into effect with Clarion's fifth foul of the half.

That made it 65-61 — and once again Anderson fouled the bespectacled Bronco senior. This time Mike made the first, missed the next Seconds relentlessly ticked away on the clock as Belmond regained possession of the ball and Lynn Jenison weaved his way to a shot that brought the score to 65-64 with less than a half minute remaining.

Lynn barely missed an interception as Clarion brought the ball down the floor — but he DID miss it, and the situation looked hopeless to the pleading Belmond fans. But Lynn saw a job to be done and he did it. He fouled Gary Meyer, who had failed on the only two previous freethrow attempts he'd had during the game. The one-and-one was on for Clarion, too, and two charity points by the Cowboy guard would have put victory firmly in his team's hands.

SPORTS

(More Sports Next Page)

But the first shot bounded off the rim. Lynn came up with the rebound. He passed to his brother Jerry, and Jerry lobbed the ball to Ginapp — who had drifted to the center of the court. Rog took a dribble or two to get set for his shot and let fly.

Coach Steinberg could just as well have watched. The ball arched unerringly for the hoop. From the moment it left his hand it looked just as good as it was. After the Broncos had left the floor, they returned from the dressing room to dismount from the basket the net that had so graciously received Ginapp's effort. It will be a souvenir highly prized as long as this breathtaking victory is remembered. And it won't be forgotten in a hurry.

The Broncos had started out the game in a manner to give their followers high hopes for a pleasant evening. They were hitting well, went into a 4-2 and then a 6-4 lead and kept in front of the Cowboys until Clarion went ahead at 15-14. Belmond briefly recovered at 16-15, but Clarion then took command again and at the quarter's end enjoyed a 21-16 advantage.

Belmond was never again ahead until the final score went on the board! The outlook began to look pretty dismal when the Cowpokes padded their margin to 29-21 in the second stanza, but the Broncos fought back to knot the count at 34-all and halftime found them trailing by only two, 38-36

With about three minutes of the third quarter left, Clarion had its biggest lead of the night — 51-42; but the Broncos refused to buckle, and they went into the final period behind by only six, 54-48.

In the wind-up quarter, the Belmond crew worked like trojans to get good shots at the basket — only to see the ball refuse to settle through the ring time and time again. It was downright discouraging! But they kept hacking away, and brought joy to the hearts of their retinue of 500 or more followers by tying the score at 59-all as 2:40 showed on the clock.

Then Hugh Townsend got an easy fielder, Stober matched it with 1:56 left and appeared to lock the door with his brace of freethrows as only 99 seconds remained for the Broncos to salvage matters. That's when the heroics already described ensued — capped by Ginapp's clincher.

Lynn Jenison, held to nine points in the first 22 minutes of play, bagged 10 more in the final 10 minutes to top the Broncos in scoring with 19. Right on his heels was Ginapp with 18. Mark Mason came through with eight, Jerry Jenison with seven, Dennis Pastour with four and Ron Thompson the same an a quick pair of vital fielders midway in the last quarter. Long's three gift tosses completed Belmond't total.

Clarion enjoyed good scoring balance. After Stober's 25 came a contribution of 14 by John Phillips and 12 each by Anderson and Townsend. Meyer was held to just two points.

Each team was called for 14 fouls and got 21 freethrow chances; but with the help of Stober's accuracy, the Cowboys counted 17 points from the foul line to only 14 for the Broncos.

It was a heartbreaker for Clarion to lose; but it was a glorious conquest for the Broncos. It brought their season's won-lost mark to 19-2 — one of the very finest in BHS history.

Colt 5 Avenges Loss to Garner

Belmond's 8th grade cagers last week gained revenge for an earlier two-point defeat and handed Garner's 8th-graders their first defeat of the season, 33 to 31. The victory marked the Colts' third win in a row to give them a 4-3 record.

Larry Ackerman posted a new high individual scoring total for the campaign by pouring in 17 points for the winners. Terry Armour hit on four out of five long set shots to contribute eight important points.

Coach Jerry Torgerson's 7th graders chalked up another win, drubbing their Garner opponents 26 to 11. For the sixth consecutive game, "Torgy" platooned his squad by quarters, using a different five each period. Arlyn Boelman was top scorer with six points.

Rebels Win in Final Minutes—

Tired Broncs Bow to R-S, 58-48

Very clearly squeezed dry, both physically and emotionally, the Belmond Broncos were unable to make the grade in the sectional basketball finals at Franklin Consolidated last Saturday night and bowed to Rockwell-Swaledale, 58 to 48.

It was much more of a game than the score indicates, as the Belmond cagers played desperately determined ball until a wheel came off for them late in the final quarter. When the break came, they simply had no resources to call on and the Rebels turned the contest into a rout in the last 2½ minutes.

Belmond last held the lead at 40-38 with a little under six minutes of playing time left. But when Rockwell-Swaledale edged ahead 42-40 with approximately 3:00 to go, the exertion of two tough games under their belts in the four preceding days told on the Broncs and their exhausted efforts to stem the Rebel onslaught simply couldn't measure up to the need.

While they were relatively fresh, in the first half, the Broncos had led much of the time. They held a 9-3 advantage in the first quarter, which ended 9-5. Lynn Jenison picked up a third foul with 5:56 left in the second period and sat out the rest of the half. At the intermission, the R-S five held a 26-24 margin.

Belmond trailed throughout the third stanza, except for a momentary tie at 36-36 before the Rebels' Harlan Rice hit a freethrow to make it 37-36 at the period's end. Lynn Jenison and Mike Long then hit fielders to give the Broncos their last lead before the roof fell in.

Suddenly the tired Belmond brigade could do nothing right; and the Rebels, smelling victory, poured it on. In one minute's time the Broncos' deficit grew from 40-42 to 42-53 and with only 1:50 left, the game was over to all intents and purposes.

Coach Sid McConnell's Rebels are a fine team and deserved Saturday night's win. But the Broncos' fans will always believe the outcome might have been radically different if Rockwell-Swaledale had the pair of tough battles against Alden and Clarion behind them, while Belmond had had easy going against a pair of foes like Kanawha and Hampton. That's basketball, though, and no apologies need be made for the Broncos, who wound up their season with a fine 19-3 record.

Rice and Robert Sturges were the winners' big guns, with 19 and 16 points, respectively. They received able support from little Larry Eddy with 11 and Gary Cole with eight. Darrell Heaford contributed a good floor game.

None of the Broncos were able to hit the hoop with their normal accuracy, and it was not just because of the Rebels' capable defense. Lynn Jenison and Mark Mason shared high point honors with only 11 apiece. Roger Ginapp, held to a single field goal, got only six — a total matched by Jerry Jenison.

Osage was the only North Iowa conference team to survive sectional play. The Imps, with home floor advantage, nicked New Hampton in their tourney finals 64-63 and will meet Holy Family of Mason City in the first round of district competition. The HF Maroons whipped Garner in the Forest City finals, 73-55, after the Cards had nicked Forest City and Lake Mills in a pair of thrillers to gain the championship bracket.

Those Broncs Set Fine Example for Our Small-fry

What a wonderful bunch of kids!

We're speaking, of course, of those never-say-die Broncos who last Thursday night tripped the highly vaunted Clarion Cowboys in as dramatic a finish as it will ever be the exhausting pleasure of Belmond sports fans to witness.

Their achievement set us to thinking of the situation that prevailed at BHS when we came to Belmond just 10 years ago. We were dismayed to find that some of the high school's top sports stars were — to put it bluntly — darned poor examples for hero worship on the part of Belmond's small-fry.

They were solid believers in the well known military dictum, R. H. I. P. (rank has its privileges). Because they were "hot shots," they gave training regulations only casual attention, at best; and in the worst instances they openly flaunted the rules in the firm conviction that the coach couldn't get along without 'em. Sad to say, the tolerant coaches gave them good reason for taking this attitude.

It was an unhappy situation that perpetuated itself, because youngsters advancing through junior high to the varsity ranks are given to emulating their heroes. Then came a thorough "house cleaning" during Jim Crimmings' coaching regime — and the order of things changed.

It became an obligation on BHS sports stars to conduct themselves as responsible athletes should. Dick Hobbs carried on the tradition; and Coaches Rich Koolbeck and Jack Steinberg have maintained it in admirable fashion.

We have a young sprout in our own home who was coached in peewee ball last summer by Roger Ginapp. To say that he worships "Rog" would not be exaggerating in the least. And we are devoutly happy that he aspires to pattern himself after such a clean-cut example of young manhood.

It could as well have been one of the Jenison brothers, Lynn or Jerry; or Mark Mason . . . or Denny Pastour . . . or Mike Long. Shucks, read off the squad roster and you wouldn't be going far wrong.

Performances such as the Broncos turned in against Clarion are achieved only by young men made of pretty stern stuff. Everybody in the Franklin gym last Thursday night KNEW the Broncs were beaten. But the boys, themselves, were a little harder to convince. This one, they HAD to have. And there was more than a little natural justice in the kind fate that permitted them to pull the game out of the fire.

Yep, those Broncos have set a mighty fine pattern for their small-fry admirers to follow. And the whole thing makes you feel proud that in the cream of America's youth — which is certainly epitomized by the Broncs — the old U. S. of A. is still in pretty good hands.

Worn to a frazzle and up against their third tough foe in five days, the boys lost in Saturday's sectional finals; but for us, that didn't dim their glory one iota.

Federal Aid to Education Isn't the Right Answer

Federal aid to education is being busily promoted in Congress by the pie-in-the-sky boys these days and the proposition will likely be coming up for action in the U. S. Senate in the near future.

Typical of the attitude of those Congressmen who believe in giving everybody everything, with no thought to the cost, is a recent comment by Rep. Merwin Coad on the subject.

"Estimated allotments to Iowa for the first four years of operation of the Murray-Metcalf bill are as follows: 1st year, $17,260,000; 2nd, $35,250,000; 3rd, $53,700,000; and 4th, $73,000,000. . . . These amounts, significant as they are, would be a small percentage of the total cost of education in Iowa, the burden of which now falls on the shoulders of local governments."

It is the estimate of the Iowa State Education association that $55,000,000 needs to be appropriated from state funds to provide the amount of state aid to schools presently NEEDED in Iowa. But the legislators are hard pressed to find a tax source for raising that much money.

Anybody who thinks Iowa could draw almost $180,000,000 in federal funds for education over a four-year period of time without its citizens putting that much in the kitty is either stupid or is deliberately choosing to disregard plain facts. The truth of the matter is, it would unquestionably cost Iowa MORE in federal taxes than the amount they would get out of any federal program to aid education. That's simply how it is with these give-away programs.

The Iowa Taxpayers Association strongly opposes federal aid for education for three reasons:

1: The attainment of fiscal integrity at the federal level to combat the dollar shrinking inflationary trend can be realized only when people stop looking to Washington for the solution to problems that can be solved more readily and more economically at the local level. Local school finance is one such problem.

2: Federal aid programs for any purpose are accompanied by federal supervision; supervision means domination.

3: The people of this state have demonstrated conclusively that they are capable of operating and financing their own school systems without federal assistance.

The Taxpayers association squelches the delusion that federal funds for education would constitute "property tax replacement" with this observation:

"Last year the local property tax increase in Iowa for all purposes — cities, counties and schools — was 8.5 per cent; the increase for all county purposes (including welfare) was 3.9 per cent. But, the property taxes for public welfare purposes (an area being 'helped' by federal funds) jumped 9.7 per cent.

"The federal aid 'gimmick' to relieve local tax burden is completely unworkable and, in fact, can even have the opposite effect."

We have a school financing problem in Iowa, sure enough. But federal aid in the form of shrunken dollars isn't the answer. Best we should steel ourselves to the necessity of state aid — which at least will give us a dollar received for a dollar paid and keep administration of our schools wholly in local hands.

Teachers' Salaries Have Gone Up

It is around to that time of year again when teachers and school boards and school administrators and tax payers all begin considering, rather uneasily in some cases, this matter of teachers salaries for the coming year.

In the last year or two or three the matter of teachers salaries has been considered in a somewhat different light than was the case for so many, many years before that. Probably as long as public education has been an institution in this country, teachers have been — or at least were — poorly paid.

That this should be true is ironical in a nation which places so much stress on education and in a democracy where the very well-being of the government itself depends upon a well informed citizenry.

BE THAT AS IT MAY, PUBLIC school teachers have been poorly paid. And it is for that reason that taxpayers have, almost without a single whimper, stood still for the adoption of salary schedules which provided for yearly pay boosts, based on service, and in addition have put "extras" on the salary schedules each year for a good many years.

This has gone on long enough now so that the total effect on teaching salaries has indeed been appreciable. As a matter of fact it has gone on to the point where teachers cannot be, in the average community, classed as among the "poorly paid."

It is true that they are not overly paid, considering the training demanded for their jobs and the responsibilities which they carry. It is true also that there are glaring examples of inequities where a person with only a fraction of the training of some school teachers do a great deal better financially.

THOSE EXCEPTIONS NOTwithstanding, the average person looking at teaching salaries is no longer inclined to classify the staff at the local school system as being greatly underpaid.

But we are now reaping the benefits of our long years of sub-standard pay scales in this field. Young people have not been encouraged to enter the teaching field. The number of college graduates interested in teaching is far short of the need which exists. Under these circumstances the better teachers — if they have an opportunity — are going to the better paid jobs.

There is intense competition for teachers, particularly good ones. And school systems which want to keep a good teaching staff will probably continue to increase salaries, not because of any great compassion for teachers, highly regarded as they are in all communities, but simply because they must increase salaries if they are going to maintain the caliber of their teaching staffs.

PARENTS WOULD NOT WANT it otherwise. For every parent wants his or her child to have the best possible teacher. Given the choice in an ordinary teacher paid $4,500 a year and a superior teacher drawing $5,000 a year, the parent would unhesitatingly support the higher paid staff member.

So we are in a position where, if we want good teachers and want to maintain the caliber of our school system, we are going to have to pay these teachers. And the salaries we pay them cannot necessarily be related to the cost of living or the price of beans or what some other class of employee — or some other individual — may be receiving. — **Iowa Falls Citizen**

Fodder for Thought

Every now and then we get a glimpse of ourselves as others see us. It is not always the same glimpse because there are so many others.

Take us newspapers. During World War II the editors of The Times, of London, worked hard for maximum news coverage in minimum space, for intelligent comment even when information was scarce. And they received a letter from an irate subscriber telling them that the paper was of such poor quality that it had become almost useless for lighting the morning fire.

But it is possible to look at newspapers in another way. As if they were hay, for example, not fuel. That would be called the cow's-eye view.

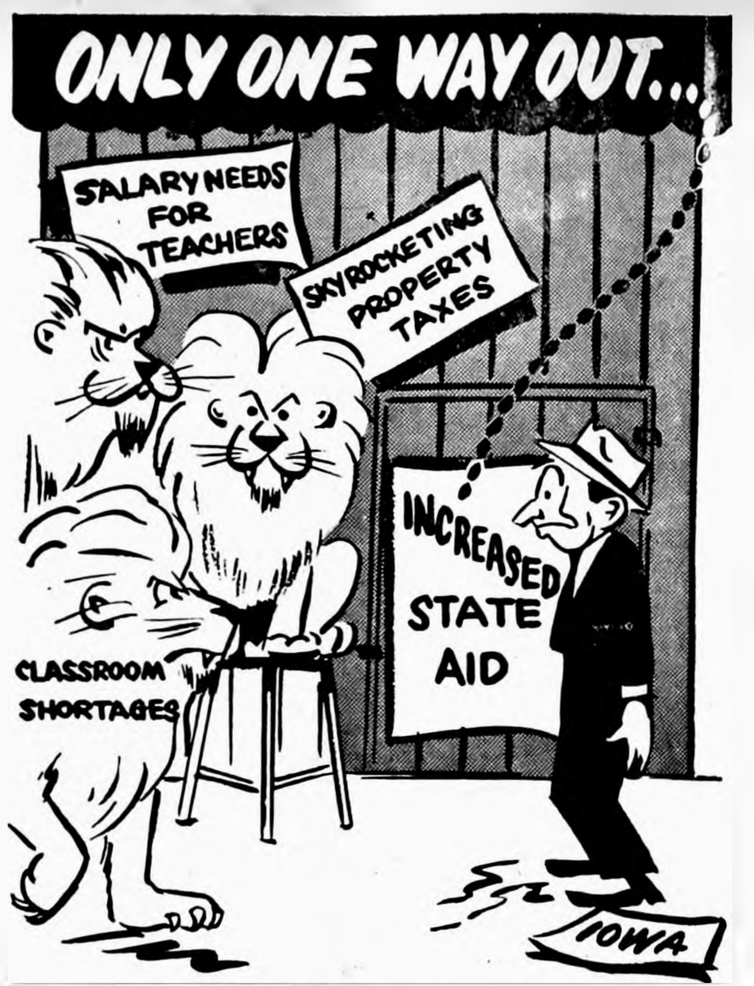
BEING 90 PER CENT CELLUlose (apparently only 10 per cent news) newspapers provide something besides food for thought.

Scandinavian cattle already are accustomed to ruminating on the same intake that readers digest less deliberately. The fare seems equally appropriate to the black-and-whites and to the well-reds.

The pulpy paper, when thus thoughtfully consumed, breaks down into edible starch. And what becomes of the printing? Perhaps the researchers now at work on Operation Newssteak will soon tell us. We are relieved for editors who used to have to eat their own words. But we'd hate to meet some headlines we remember on the next sirloin we order. — **Christian Science Monitor**

- **Famous Last Lines** — "Of course you're going to stay; there's enough for everybody." — **Forest City Summit**

- **Inflation is a state of affairs** when you never had it so good or parted with it so fast. — **Laurens Sun**



IOWA'S SCHOOL PROBLEMS

SCANNING THE HORIZON

WITH YE ED

AFRICAN-STYLE WEEKLY—

Ye Ed's eldest son recently received from his Pen Pal, Lorraine Wilson of Uvongo Beach, South Coast, Natal, an issue of the weekly newspaper that serves the corner of the Dark Continent in which she lives. The South Coast Herald is what we would call over here a suburban paper.

Its masthead states, "We serve the important and progressive Natal South Coast communities of Umkomaas, Scottburgh, Port Shepstone, Uvongo, Margate, Ramsgate, Bizana and Harding — a territory of 2,000 square miles with at total population exceeding 250,000."

The Herald is an eight-page paper, 19 inches long and six columns wide. By U. S. Standards it would be regarded a very mediocre publication. It is well printed, though.

This particular issue reviewed to some extent the big news of 1959, which was topped by a serious flood which wreaked much havoc throughout the African resort area that Port Shepstone centers. The death toll was 37 persons and damage was extensive.

SMALL WORLD, HUH?—

We got a particular kick out of one front-page item that read as follows:

"People working in business houses in Margate, Natal, thave been asked by the Hibiscus Coast Chamber of Commerce to avoid parking their cars through the day on the main street of the town during the holiday season. The intention is to leave the parking for holidaymakers who want to shop in town."

Now where have we heard THAT before?

THEY LIKE CHEESECAKE—

Prominently displayed among the "Memories of 1959" was the picture of an extremely comely miss, bathing-suit attired, who had been judged Margate Maytime Queen — one Miss Hilda Hesper of Cape Town. Another picture showed Queen Hilda with the other contest finalist. Even at Ye Ed's advanced age of 47 years, he was inspired to expell a vociferous "wow!" under his breath.

You wouldn't find a half dozen lasses of superior beauty at the Atlantic City "Miss America" finals. . . . Fine country down there!

THE BRIDE WORE . . . —

A wedding write-up caught our eye, involving the marriage of Miss Joan Daddy, daughter of Mr. and Mrs. Herbert Daddy, to Michael, son of Mr. Tinker Legward "in perfect weather at the Methodist church."

For our feminine readers' benefit, "The lovely bride looked radiant in a superb gown in white chantilly lace over slipper satin with beaded embroidery on the fitted bodice and full skirt, a cascade of tulle frills fell into a semi-train, a delicate circular elbow length veil was secured by a coronet of mother of pearl and tulle lace, her bouquet was of agapanthus and orchids."

FISHING IS GOOD—

A column devoted to fishing reported the following:

"Headline news of the week goes to Chris Fourie of the Tuna Angling club who landed a large shark which turned the scales at 210 lbs. after a gruelling fight lasting one hour and 35 minutes. A large crowd approximating 200 persons witnessed the final stages of the encounter and rendered a hearty cheer to Chris when the shark was finally defeated and brought near enough to the steep rockface for George Scott to drive home the gaff in a most adept manner."

WHAT A CLIMATE!—

It is not surprising that the South Coast is popular as a resort area. Although the 1959 weather was reported as "some of the worst in the past 35 or 40 years," the coldest temperature was recorded in November (spring, there) — a moderate 59; and the HIGHEST was 87. However, rain fell on 98 days and the total rainfall came to 47.75 inches, "this figure being 10 inches above the yearly average." During the May floods, 10.38 inches fell, "of which 6.80 inches fell in 11 hours on the 17th."

CLASSIFIED SECTION—

We were intrigued by the Herald's classified section, which included everything from soup to nuts. . . . BIRTHS—A bonny daughter born to Russell and Betty Saddington. . . . IN MEMORIAM—In loving memory of our dearest dad and oupa who passed away 1st January, 1958. . . . And this insertion of Noble Tailors & Costumers: "WHAT IS YOUR OLD SUIT WORTH? Trade in that old suit of yours as a part payment for a new made-to-measure suit!"

- **He may say little and his** thoughts may be slow, but he is a joy to all his friends — you ought to hear him listen! — **Algona Upper Des Moines**

Know Your Businessmen—

Candy Kitchen Oldest Business in Belmond

• • • • • •

PETE AND IDA ENGLISH; THEY ENJOY THEIR LOT

Oldest business establishment in Belmond today is the Belmond Candy Kitchen, of which Pete English has been co-oproprietor or sole owner since 1922.

Pete, a Greek and proud of it, says the native spelling of his name is Eglezos — which simply means English. He suspects he either has an Englishman lurking somewhere in his family tree, or an emigre to Greece from an English colony who was originally tabbed with the name Eglezos.

When he first came to this country as a young man in 1909, Pete worked in a glass factory where he made the princely sum of 80 cents a day by working from 7:00 p.m. to 7:00 a.m. He decided there MUST be a better way to make a living and shifted to a job in a candy store operated by a fellow Greek in Pittsburgh, Pa.

There he learned the art of candy-making, which he still practices to this day. He came to Iowa in 1916 and opened a store of his own in Eagle Grove. About five years later he joined partnership with Steve Antonio here. At the time, and for about a decade afterward, the Candy Kitchen was the main hang-out of local high school students.

Pete bought out his partner in 1933, when the depth of the depression made it tough going for the business to produce a living for two, and Steve moved to Ames. In an effort to keep his business afloat, Pete about the same time obtained the first beer permit in Belmond — when 3.2 became legal — and he regretfully watched his high school trade diminish abruptly at that point.

Candy-making was, and remains (along with ice cream sales), the most important phase of Pete's business. When he and Antonio were still in partnership they made a full line of candies, including hand-dipped chocolates.

Working with soft ingredients, as was required, this was strictly a two-man operation that took both skill and speed. Candy canes for Chirstmas trade were for many years produced by the partners, too. But Pete now finds it more practical to buy such wares, and limits himself to types of candy that can be made at a reasonable profit — and without assistance.

No. 1 favorite of his customers is peanut brittle, for which he buys the peanuts raw and roasts them himself. Next are caramels and then peanut clusters.

A quarter century ago, peanut brittle sold for 20 cents a pound, chocolates at 25 or 30 cents with a top price of 40. Advancing costs of the quality ingredients he uses has driven Pete's prices up to 80 and 90 cents a pound and for some varieties of candy even higher.

But people swear by his home-made confections, and his candy trade remains good. Some people from southern Iowan who come here annually to hunt always stop in for four or five pounds to take home, Pete says. He adds that there is still one candy-maker at Iowa Falls, one at Algona and one at Mason City; but it's a skill that's passing from the scene.

Pete is, himself, an ardent hunter and fisherman. He's hauled some big ones out of the river, the largest of the lot being a 10-lb. Northern that he has mounted at the store. It was caught near Pike's Timber southwest of town.

In 1955, Pete ended his bachelor days by marrying Ida Harbison, an acquaintance of many years' standing. He thereby acquired a ready-made family of nine sons and daughters, six of them the children of Ida and her first husband, Bill Harbison, and three born to Bill and his first wife.

Mrs. English contributes to the shop's income by making amazingly true-to-life flowers from wood fiber and plastic, which she "bakes" in the oven. They attract lots of customers, no few of which are transients who see the artificial flowers displayed in the store window.

Ida and Pete both hunt driftwood along the river, which also has a good sale. Much of their best driftwood comes from a stretch of the Boone river near Eagle Grove.

Pete and Ida are both happy with their lot in life. They have a good little business that doesn't push them too much but brings a very comfortable living. And they think Belmond is about as nice a place as they could have it.

ARCHIE LEES MARKING SILVER WEDDING DATE

Mr. and Mrs. Archie Lee will celebrate their 25th wedding anniversary Sunday. As a courtesy honoring the event, their daughters are holding open house for them at the Lee home from 2:00 to 5:00 p. m. and 7:00 to 9:00 p. m.

Their daughters are Mrs. Richard Goeman, Mrs. Odean Severseike and Leone.

No invitations are being sent, this announcement being intended as an invitation to all their friends, neighbors and relatives to greet the honored couple during the open house hours.

Harold Buseman Graduates From Farm Operation Course

Mr. and Mrs. Lester Buseman and Donna Barkema attended a reception, dinner and program at Memorial Union, Iowa State University, Ames, on Wednesday evening of last week.

Harold Buseman was among the graduates of a Farm Operation course taken this past quarter.

Four Birthday Anniversaries Honored At Muhlenbruch Home

Four birthday anniversaries were celebrated at a dinner in the W. L. Muhlenbruch home Sunday.

The guests were the Willis Muhlenbruch family of Iowa Falls, Robert Dishman family of Hampton, Mr. and Mrs. Ralph Denger, Mr. and Mrs. O. L. Ingraham and Mr. and Mrs. Everett Nelson, all of Dows, and Mr. and Mrs. Gerald Ersland.

Those honored were Ralph Denger, Mark Muhlenbruch, Rodney Dishman and Mrs. W. L. Muhlenbruch.

Century Club Met Tuesday

Regular meeting of the Century club was held Tuesday evening at the home of Sylvia Tyrrell. The lesson, on poetry, was given by Eleanor Misner.

Mrs. Warren Thompson Elected President Of Culture Study Club

Culture Study club met Wednesday evening of last week at the home of Mrs. Wesley Boller after a theatre party.

Mrs. Warren Thompson was elected president for next year at the election held during the meeting. Other officers elected were: Mrs. Donald Stoffer, vice-president; Mrs. Rex Fetrow, recording secretary; and Mrs. Lloyd Cunningham, corresponding secretary and treasurer.

Leap Year Day Birthday Celebrated By Gloria Arends

Mr. and Mrs. Henry Arends entertained relatives Sunday afternoon honoring their daughter Gloria on her birthday which falls on Feb. 29. Other years she celebrates on March 1. She is 20 years old with but five birthdays behind her.

Relatives who were present have helped her celebrate each leap year. They include Mr. and Mrs. Leonard Van Dusseldorp and family of Thornton, Mr. and Mrs. Richard Arends, Mr. and Mrs. Kenneth Pogge and daughters of Kanawha, Mr. and Mrs. Lyle Zeigler and twins of Renwick, Mr. and Mrs. Gary Smit and son of Clarion, Mr. and Mrs. Orville Arends and family of Alexander, Mrs. James Tucker and Mrs. Anna Arends of Tampton.

MUELLER STUDIO PHOTO—

BETROTHAL of their daughter Sharon Kay is announced by Mr. and Mrs. Art Kramer of Garner. She will wed Richard Smith, son of Mr. and Mrs. LaVerne Smith of Belmond. An April ceremony is planned.

Helmer Svendsens Honored On 10th Wedding Anniversary

Saturday evening, Mr and Mrs. Helmer Svendsen were pleasantly surprised when relatives came to their home to observe their 10th wedding anniversary which was on Feb. 24. Guests were Mr. and Mrs. Peter Svendsen and Mr. and Mrs. Harold Svendsen and children.

COMING EVENTS —

MONDAY, MARCH 7—

Homebuliders club will meet at the home of Mrs. Ralph Wendel.

WEDNESDAY, MARCH 9—

Mrs. W. A. Cramer will entertain Culture Study club at the Blue Bell tea room. Mrs. Donald McNulty, hospital laboratory technician, will be guest speaker. Roll call will be, "Do you have your personal health card completed?"

THURSDAY, MARCH 10—

St. Elizabeth Study club will meet with Mrs. Eugene McLaughlin.

Notice is called to a change in meeting place for the Ruth circle of the Methodist church. The group will meet with Marie Baxter.

Mr. and Mrs. Claire Hildman attended Mardi Gras at Marycrest college, Davenport, during the March 19th weekend, returning home the following Monday. Their daughter Sandra is a student at Marycrest.

Mrs. Lester Buseman and Beverly spent from Saturday until Tuesday of last week in Detroit, Mich., visiting Mr. and Mrs. Robert Rodemeyer and family.

Barbara Post of Marion and Mary Lou Hintz of Remsen, students at Iowa State Teachers college, Cedar Falls, were weekend guests of their college friend, Janis Kalkwarf, at the Ernest Kalkwarf home.

Cards of Thanks

We wish to thank everyone who in any way expressed their sympathy to us during the illness and death of our mother. The floral offerings, memorials, calls, cards lunch an dother acts of kindness were all deeply appreciated. The family of Mrs. Ben Vierkant. 22t1*

We wish to thank friends, relatives, doctors and nurses for their many acts of kindness and expressions of sympathy during the death of our infant son. A special thanks to those who helped with the dinner and sent in food.

Mr. and Mrs. Harold Thompson 22t1*

I wish to thank all those who remembered me with cards, gifts and visits during my stay at the hospital; also the doctors and nurses for the wonderful care. Mrs. Lambert Pals, Meservey. 22t1*

My sincere thanks for the many cards, letters, gifts and flowers I received during my long stay in the hospital. We are very grateful for the many kind things that have been done for us at this time. Mrs. Sumner Fuller. 22t1*

Our heartfelt thanks to neighbors, friends and relatives for memorials, floral offerings and food brought in during our bereavement in the death of our wife and mother, Mrs. John C. Larson. A special thanks to Rev. Jones and the Ladies Aid for serving lunch. John C. Larson and children. 22t1*

In Memoriam

In memory of Jackie Loeffler.

When we come to the end of life's journey
And our work on earth is done
God opens the portals of heaven,
And bids us each to come.
Tho' the days are long and dreary
And the burden seems all we can bear
We know that our loved ones are waiting;
In that beautiful land of somewhere.
Missed by all. 22t1*

CLEAR LAKE AUCTION CO.
LIVESTOCK AUCTION EVERY FRIDAY
12:00 P. M.
Again this Friday there will be a large run of all classes of stocker and feeder cattle and calves. If you need replacement cattle, come to Clar Lake this Friday. All cattle are directly off the farm.
CONSIGNED FOR THIS FRIDAY:
60 Hereford cows, bred to registered Hereford Bulls. This is a good quality set of cows due to start calfing the middle of April. They will be sold in lots to suit the buyer.
35 Angus Steers & Heifer calves, wgt. 425 to 500 lbs.
40 Hereford Steer & Heifer calves, wgt. 450 to 525 lbs.
28 Hereford Steer & Heifer calves, wgt. 400 to 450 lbs.
25 Holstein Steers, wgt. 650 to 700 lbs.
30 Choice Hereford Steers, wgt. 725 lbs.
And many more consignments. Also a good run of warmed-up cattle and butcher cows. The cow market is much higher.
We Appreciate Your Consignments.
FAT CATTLE AUCTION EVERY MONDAY
10:30 A. M.
There was a good active market with all classes of cattle selling at steady to strong prices. We have a very good demand for choice grading cattle. We sold 150 head of killing cows last Monday. Top cow brought $18.10, weighed 1490—$269.69.
SOME OF THE CONSIGNORS WERE:
Geo. Steenhardt, Rockwell sold 17 cattle. Best end of his steers bringing $27.15 & heifers at $26.40.
Art Kingland, Manly sold 40 heifers with the best end of the cattle bringing $25.20.
Eddy & Christensen, Clear Lake sold a load of cattle with best end bringing $26.90.
C. J. Sheppard, Jr., Hampton sold 20 Steers
Carlson Bros., Clear Lake, sold 23 Holstein steers
Paul Helskul, Hansell, sold 22 Holstein steers
Earl Mack & Dale Hyde, Clear Lake sold 67 fat cattle
Robert Juhl, Sheffield, sold 13 Black heifers
Consign your fat cattle & Butcher cows to the fat cattle auction. This auction is growing in size every week, both in number of cattle and buyers. The commission on the Fat Cattle Auction is 25c per hundred pounds.

4-H Dress Revues Slated for Spring

4-H girls in the 16 clubs in Wright county will be having dress revues at their meetings during March, April and May. Girls participating in the revue will be judged in a washable, school garment. The garment may or may not be made by the girl and need not be a new one.

Personal grooming, clothing grooming, posture and carriage, accessories, appropriateness of color and design to the girl, appropriateness to the occasion, and whether the design is suitable to the material will be some of the important points in judging. An up-to-date, neat record book will also be considered.

From the winners in each club a senior girl will be chosen at Rally Day to represent Wright county at the state convention in June.

Following are dress revue dates and places for clubs of this vicinity: Belmond Busy Bees, Club House, April 2; Iowa U-Go-I-Go, Rowan community room (schoolhouse), April 2; Norway Jolly Joy Makers, Norway community center, May 7.

Members of the 4-H county committee who will serve as judges are: Mrs. Enfred Pearson, Mrs. Marvin Hilpipre, Mrs. C. C. Woodin, Mrs. Arthur Homervold, Mrs. Melvin Richardson, Mrs. Clarence Johnson, Mrs. Phillip Ketchum, Mrs. Bob McKee, Mrs. Joe Hunst, Mrs. Maurice Martin, Mrs. L. W. Sellers, Mrs. Harold Baker, Mrs. Ira Studebaker, Jr., Mrs. Merle Poolman and Mrs. Gerhard Thompson.

NEW BELMOND

Film Highlights

—from—

COMING ATTRACTIONS

Sharing double billing this Friday and Saturday is "A Dog's Best Friend," which tells the story of a "bad" boy and a "killer" dog that work out their salvations together. It will chill your heart one moment and warm it the next.

Companion feature is "The Oregon Trail," a tale of "54-40 or bust" days.

Fred MacMurray plays a pioneer newspaperman sent by his paper to cover developments on opening of the Oregon territory. It's good western fare of a type that McMurray's at his best in. Lot's of action — and dust bitin'.

Al Capp's comic strip characters are enacted with amazing accuracy in colorful, tuneful, rib-splitting "Lil Abner" which takes over the New Belmond screen Sunday through Wednesday. This musical was a resounding Broadway hit before being filmed — and it's easy to understand why. Mammy and Pappy Yokum, General Bullmoose, Evil Eye Fleagle and all the other Capp funsters have a hand in as brisk a piece of entertainment as you'll let yourself in for in many a moon.

BONNIE NOLAN ON TOUR

Bonnie Nolan, daughter of Mr. and Mrs. Don Nolan, is a member of the Marycrest college chorus that this week made a three-dav concert tour in Wisconsin. Singers from Marycrest and from St. Ambrose college, also of Davenport, formed a 120-voice chorus for the tour. The singers were accompanied by the St. Ambrose band.

INDEPENDENT PHONE 331 BUYERS GUIDE

670 Members In This County—

March 5-12 Specified "4-H Week"

"learn, live, serve, through 4-H"
NATIONAL
4-H
CLUB WEEK

About 670 young people of Wright county will join in observing National 4-H Club Week, March 5-12. Boys and girls 10 to 21 years of age make up the 2¼ million 4-H'ers of America, who belong to some 93,000 clubs in rural, urban, and suburban communities. Iowa has a 4-H enrollment of 54,000.

Wright county's 336 4-H girls are enrolled in the clothing project this year. In this project the girls learn clothing selection and construction, care of clothing and how to be well groomed.

They may also carry a special activity project in gardening, personal accounts, poultry, home grounds improvement, reading, music, health, fire prevention, home safety, courtesy, conservation or citizenship.

The 335 Wright county 4-H boys may select one or more crop, livestock, collection or construction projects from the 36 different ones offered. Most popular projects are baby beef, swine, dairy, sheep and crops.

This year the boys' 4-H special activity is "recognizing meat cuts and quality." They will learn to recognize various common retail and wholesome meat cuts and the factors that affect their quality.

Their 4-H club experience helps members develop their ability to give talks, demonstrations, keep records and develop managerial skills.

4-H club work in the county is conducted by the extension service. Helping to form policy with the county extension staff are the Boys' and Girls' 4-H County Committees.

Members of the home economics county committee, headed by Mrs. Arthur Homervold, of Belmond, are: Mrs. Phillip Ketchum, Rowan; Mrs. Melvin Richardson and Mrs. Roy Crawford, Clarion; Mrs. Enfred Pearson, Renwick; Mrs. Marvin Hilpipre, Woolstock; Mrs. Clarence Johnson, Kanawha; and Mrs. C. C. Woodin, Belmond.

Members of the farm project committee are: Bob Dawson, Clarion, chairman; Ray Aldrich, Belmond; Cliff Bosworth, Goldfield; Grant Jergensen, Kanawha; Bob Hanson, Eagle Grove; Clarence Hokinson, Woolstock; Virgil Martin, Dows; and Merle Poolman, Galt.

Nationally, 4-H Club Week will be highlighted in Washington, D. C., when six previously selected members will present the annual 4-H "Report to the Nation." The report will summarize in story and pictures outstanding 4-H accomplishments and current projects.

4-H'ers everywhere will share honors with the 296,000 adult volunteer leaders who guide 4-H work in local communities throughout the 50 states and Puerto Rico. The main purposes of 4-H Club Week are: to acquaint more young people with opportunities available to them through joining or forming 4-H clubs, to assist new members in starting projects in farming, homemaking, community service, and other activities; and to inform the public about 4-H aims and methods.

Marketing Year For Wool to End On 31st of March

The Wright County Agricultural Stabilization and Conservation committee today reminded wool growers that the marketing year for purposes of the 1959 wool program will end March 31.

The wool program is conducted under the National Wool Act of 1954. Payments under the 1959 program will be made this summer when payment rates are determined on the basis of the national average price received by producers for shorn wool during the 1959 marketing year.

For a completed sale, the committee said, title must have passed to the buyer, the wool must have been delivered to the buyer (either physically or through documents), and the last of the factors (price per pound, weight, yield) needed to determine the total purchase price must be available.

If any condition concerning the sale is not settled by March 31, the sale will not be considered as complete.

Applications for payment under the 1959 program must be filed with the county ASC office not later than April 30.

● Belmond Locals

Students home from Iowa State university, Ames, for quarter break are Linda Bonte, Cecil Eccles, Jim Fetrow, Larry Flanagan, John Henn, Roland Jenison, Marlin Pals and John Pulver.

Mr. and Mrs. Arvin Ellis returned Friday from Spirit Lake where they had spent several days visiting in the Myron Damon home.

Mr. and Mrs. Harold Toreen and daughter, Bonnie, of Hector, Minn., were weekend guests in the home of Thera Fitts.

POLITICAL ANNOUNCEMENTS

FOR COUNTY SHERIFF

I wish to announce that I will be a candidate on the Republican ticket for the office of Wright county sheriff subject to the will of the voters in the primary election on June 6th.

E. L. (Jack) Schroeder

Belmond Products Help in Bringing Federal Citation to General Mills

Products manufactured at the General Mills soybean processing plant here at Belmond played a role in obtaining for General Mills a recent citation from the government for contributions to official U. S. exhibits overseas during 1959.

The award was presented to GMI by the Office of International Trade Fairs, U. S. Department of Commerce. The company's participation in the government-sponsored showings was described as "a significant aid in the advancement of world understanding of peace and prosperity under the American system of free and competitive enterprise."

United States' 1959 successes in these overseas trade fairs were made possible, says the commerce department, by "American industry's continuing support of the program to tell the people of other lands the story of our free enterprises."

Thousands of Russian visitors inspected local soybean products and a variety of other General Mills products displayed at the American Exhibition in Moscow last fall.

Uses made of soybeans and soybean products in America were also demonstrated by General Mills exhibits at Madras, Calcutta, New Delhi and Bombay in India; also at Lima, Peru, and Cologne, Germany.

Fred Hafner, GMI's director of protein operations and known to a good many Belmond residents from his numerous visits to this community, spent several weeks personally at the Calcutta Trades Fair last year.

His experience led him to harbor high hopes for the part that local General Mills soybean products may perhaps play in the not too far distant future in alleviating malnutrition in underprivileged areas of the world.

A step in this direction is already being taken through distribution of locally produced Multi-Purpose Food through the Meals for Millions Foundation.

Hy-Line®
PRECISION GENETICS

Inbreeding, hybridizing, blood typing, testing — Hy-Line genetic blue-printing scientifically shapes the performance potential of your Hy-Line chicks.

These techniques — inbreeding to produce inbred lines with uniform, desirable traits, then hybridizing inbred lines to combine many good features into one bird — have undergone many refinements in 25 years. And new tools, like blood typing, further strengthen Hy-Line breeders' control over basic genetics.

Hy-Line Precision Genetics creates harder-working layers . . . the world's most popular, by far. Order now.

Don't be a fertilizer miser!

LIQUID FERTILIZER

To the cost-conscious farmer it might seem good economy to cut the application rate of the fertilizer applied. That is one item of crop cost, for example, that can be controlled at the beginning of the crop year when cash outlay is heavy.

But consider the chart at the right and see what happens when the fertilizer recommendation is cut in half: Cost per bushel rises; profit per acre goes down! By boosting yield 20 to 30 per cent, a farmer can often double his net profit.

A sound fertilizer program based on soil testing and Ris-Van Liquid Fertilizer applied as recommended is the best profit insurance you can buy this year. It doesn't cost to use Ris-Van ....

Here's what happens if you skimp on fertilizer . . .

	Application	Cut in Half
COSTS PER ACRE		
fertilizer	$ 20.90	$ 10.45
fixed cost	39.00	39.00
total	59.90	49.45
YIELD PER ACRE	95	70
COST PER BUSHEL		
fixed	$ 0.41	$ 0.55
total	0.63	0.70
VALUE OF CROP	95.00	70.00

ONE EXTRA DOLLAR SPENT RETURNS $2.50

...it pays to use Ris-Van, Man!

Conference All-Stars Picked—

L. Jenison, Ginapp Make 1st Team

Three cagers on the North Iowa all-conference 1st team a year ago repeated for the current season. They were joined by the two main cogs from Belmond's championship team, who advanced from 2nd team berths — and by a sixth player who jumped all the way from a '58-59 3rd team assignment.

Capturing 1st team positions for the second time were Osage's Gene Parr, Buffalo Center's Mickey Costigan and Lake Mills' Vernon "Snooky" Brackey. Lynn Jenison and Roger Ginapp from the title-winning Bronco aggregation made the step up to the top rank; and Bill Roe of Garner, probably the loop's most improved player and new scoring record-holder, completed the six-man 1st team.

Selections were made Friday night at a meeting of conference sports writers at Forest City. They regarded their picks for the season just concluded as a fair stripe above those for 1958-59. This was substantiated by the fact that the experience plus playing ability of the top 12 men was such that only one junior found a place on one of the first two teams — Bob Nielsen, Britt's exceptionally fine little guard.

A year ago there were four juniors on the 1st team and three on the 2nd, indicating unusual weakness in the senior ranks. Four upcoming stars earned spots on the 3rd team, however, including a sophomore and three juniors. It was agreed by the sports scribes that the average quality of play in the NIC was appreciably better than that of the season preceding.

With Nielsen on the second six were Jere Mackin of Osage, Al Kloppen of Lake Mills, Glenn Tjaden of Buffalo Center, Jim Fauske and Tony Pitkin of Forest City.

Only seniors to get 3rd team assignments were Larry VanOort of Forest City and Gary Krull of Lake Mills. Belmond's Jerry Jenison, Osage's John Van Voorhis and Garner's Dick Rockwood were the juniors chosen and Northwood's promising sophomore prospect, Phil Johnson, was the lone underclassman to win a team berth.

Lynn Jenison and Ginapp were Belmond's major assets in the Broncos' drive to their third NIC cage title in the past seven years. Jenison was possibly the most polished player in the conference. He was fifth-high scorer, an excellent rebounder despite his modest height and a rugged defensive player.

Ginapp, hampered during the early part of the campaign by strained tendons in both legs, really came into his own as these injuries healed. From the holiday break on, he averaged 42 per cent on field goal attempts for a 14.6 scoring average and held his assigned opponents to an average of 8.2. Belmond lost its only two

SPORTS

(More Sports Preceding Page)

games while he was hobbled by his leg injuries.

Parr very well lived up to the reputation he had established as a junior and was instrumental in keeping the Green Devils in the thick of the title scrap until their final game. He was an adept rebounder and dependable scorer.

Versatile Mickey Costigan wound up a four-year career as a Bison varsity cager with what must stand as an NIC career scoring record of close to 1,250 points. He earned a 2nd team berth as a sophomore, before making the 1st team his final two years.

Brackey, of Dick Peterson's high-scoring Bulldog brigade, had the third highest per-game average in the league. He was the sparkplug of the aggressive Lake Mills team and cleared the boards his share of the time in addition to pouring in the points.

Roe, besides topping all scorers, likely had as good a rebound average as any in the loop with over 17.5 per game. He was a good example of a tall boy who's finally learned to coordinate his actions. He was a unanimous choice for the pivot spot, no other man being even a close contender.

In many a year most, if not all, of the 2nd team players would have been good enough to get serious consideration for 1st team positions. Nielsen was certainly one of the loop's best performers and would not have lowered the calibre of the first six one iota if there had been room for him.

Mackin, one of the smoothest-operating cagers in the league, and Kloppen, a good example of the bulldog type of basketball, were major factors in the successes of their respective teams. Both showed to excellent advantage when the going got the toughest.

Tjaden helped Costigan make what would otherwise have been a rather mediocre team an outfit highly respected by all its foes. His play was not always of the same level, but when he was "on" he was close to as good as the best.

In Fauske and Pitken, Coach Dick Tillou had a rough-and-ready pair that played key roles in earning the Indians an even break — and 4th place — in conference play. Fauske was the more consistent scorer, but Pitkin had several big nights and was an especially tough player under the boards.

VanOort and Krull of the third team were steady, seasoned performers; but it is the trio of juniors and Sophomore Phil Johnson on whom major attention fastens among the last half dozen all-conference choices. Johnson very conceivably could be threatening Roe's individual scoring mark a year or two hence.

Van Voorhis, Jenison and Rockwood all showed very special promise during the '59-60 season and should be decidedly classy cagers with this year's experience behind them.

Monte Kloberdanz, a 1st team choice last year as a junior, saw extremely limited action with Osage this past season due to complications produced by an ankle injury late in the '58-59 campaign. He would unquestionably have rated high during the campaign just closed, otherwise.

Hot Competition Marks Tourney—

Tie for All-Events in Men's City Pin Meet

Shifts in top pay places continued right down to the wire as the 10th annual men's city bowling tournament reached its conclusion Sunday night. It was one of the best tourneys in the series and saw all the winning scores at appreciably higher levels than a year ago.

A final, four-man shift starting at 9:00 p. m. Sunday saw Jim Havens come down to the last frame with a chance to cop the singles title. He collected a strike with his first ball but left one pin with his second, giving him a 696 that ranked just below "Swede" Smith's 1st-place 702 and Runner-up Harvey Sturm's 698.

Sunday action also saw the Tomahawk Corn team go into 1st place with a fine 3,143 and Harold "Harry" Nelson slip into a tie for the all-events championship with Henry Riekens by adding a scratch 551 in team play to two excellent performaces in the singles and doubles for a gross of 2,013.

It was also on one of the last doubles shifts, on Saturday night, that Arlo Stoltenberg and Larry Kinseth came through with their winning effort in the duo event. Larry splintered the maples for a 618, which with a 51 handicap gave him a 669; and Stoltenberg had 78 to add to his 562 actual pins for a 640.

Stoltenberg wound up as the tournament's top money winner with $16.10 as his share of the doubles prize, $14 for 4th in the singles and $8.91 for 5th in the all-events to pick up $39.01.

Best scratch series of the tournament was a 221-190-242—653 by Harry Nelson in the doubles. Besides his 561 with Farmers Grain he had a 557 in the singles for 1,761 actual pins. He carried a handicap of 84 pins per series. Riekens had a 621 with Kanawha Farmers Co-op, 525 in the doubles and 552 in the singles for 1,698. His handicap added 105 per series.

Ervin "Swede" Smith started out his title-winning singles series with a big 257. He sagged to 167-176 in his next two games, but the even 600 plus 102 handicap pins was still enough to give him the championship by four pins.

Every member of the Tomco quintet grossed better than 600 for his series to give Tomahawk Corn a 1st-place margin of 23 pins in the team event. Individual efforts were: Rex Fetrow 564-105—669, Don Busick 588-54—642, George Sharp 562-57—619, Bill Shirer 522-87—609 and Chuck Wilmarth 508-96—604. They had 2,744 actual pins plus 399 handicap for their gross 3,143.

Compared to this team total, GMI office won a year ago with 3,002. Smith's singles total of 702 compared to a 684 that won for Jack Lobdell in '59; Stoltenberg and Kinseth's 1,309 was 75 better than the 1,244 that won the doubles for Bob Cooke and Darwin Busick last season; and Nelson and Rieken's 2,013 was 120 better than Alex Zeiger's 1,883 that copped the all-events a year back.

Following are this year's prize winners, with prize money shown in parentheses:

All-events: tie for 1st, Harold Nelson ($13.12) and Henry Riekens ($13.12) each 2,013; tie for 3rd and 4th, Fred Loats ($10.40) and Pete Pals ($10.39) each 1,934; 5th Arlo Stoltenberg ($8.91) 1,927; 6th, John Thompson ($7.92) 1,916; 7th, Cecil Winbigler ($6.93) 1,915; 8th, Jim Havens ($5.94) 1,901; 9th, "Bud" Johnson ($5.44) 1,900; 10th, George Buterbaugh ($4.95) 1,894; 11th, Elmer Hopkey ($4.46) 1,881; 12th, Anson Avery ($3.96) 1,880; 13th, Harvey Sturm ($3.46) 1,870.

Singles: 1st, "Swede" Smith ($19.60) 702; 2nd, Harvey Sturm ($17.50) 698; 3rd, Havens ($15.40) 696; 4th, Arlo Stoltenberg ($14) 688; 5th, John Thompson ($12.60) 673; 6th, Lawrence Espe ($11.20) 667; 7th, "Bud" Johnson ($9.80) 664; 8th, Duan Thompson ($8.40) 660; 9th, Henry Riekens ($7.70) 657; 10th, Cecil Winbigler ($7.00) 655; 11th, "Dutch" Thompsen ($6.30) 645; 12th, Don Mathiason ($5.60) 643; 13th, Gene Pearson ($4.90) 642.

Doubles: 1st, Stoltenberg and L. Kinseth ($32.20) 1,309; 2nd, Ralph Jones and Dale Kessler ($28.00) 1,301; 3rd, John Robertson and Harold Kuper ($23.80) 1,295; 4th, Jim Carroll and Harold Nelson ($19.60) 1,283; 5th, George Buterbaugh and John Bohman ($15.40) 1,281; tie for 6th and 7th, Alf Assink and Harry Peters ($10.50) and "Swede" Smith and Pete Pals ($10.50) each 1,265.

Team: 1st, Tomahawk Corn ($49.28) 3,143; 2nd, Quint-City Extras ($40.32) 2,120; 3rd, Mello Maid ($31.36) 3,096; 4th, Farmers Co-op ($26.88) 3,084; 5th, Thompsen-Keleher ($22.40) 3,048; 6th, Goodnature Clothing ($20.16) 3,021; 7th Kinseth's Hot-Pointers ($17.92) 3,008; 8th, Kanawha Independents ($15.68) 2,988.

Kramer Gets 2nd In Invitation Mile

Larry Kramer got his 1960 track campaign off to an early start last Friday night when he had an opportunity to compete in an invitational mile at the Drake university fieldhouse, Des Moines. He ran in a field of 13 high school distance runners drawn mainly from the Des Moines area.

"Butch's" No. 1 rival, John Raveling of Saydel, took the race in the highly respectable early season time of slightly better than 4:35. Kramer was an easy second in 4:40.2 but couldn't keep up with Raveling, who has been working out every other day at the fieldhouse for a couple of months. In contrast, Kramer has had very little opportunity to get in condition.

He will be accompanied by a number of other Bronco runners when he next competes in the state junior AAU meet at Des Moines on March 12.

GOODELL NEWS

BY MRS. AMOS HANSON

Youth Fellowship To Hold Progressive Party Tonight

The E. U. B. Youth Fellowship will have their regular meeting Thursday evening and enjoy a "Progressive Party." The first stop will be in the Carl Madison home.

Cecil Watts Family Honored By Farewell Party Last Week

Mr. and Mrs. Cecil Watts and family were honored with a farewell party last Thursday evening as they are moving to LuVerne. They were presented a gift. A social time was spent and a nice lunch enjoyed.

Folks present were Mr. and Mrs. Harry Ruka, Mr. and Mrs. Wilmer Hauge, Mr. and Mrs. Arthur Lowenberg, Mr. and Mrs. Ed Haupt, the Merrel Carpenter, Arthur Zeigler and John Peterson families.

The Wavel Schaefer family of Klemme will be the new folks coming to the Arthur Lowenberg farm vacated by the Watts family.

The Myrl Miller family moved Monday to a farm near Thornton. Mr. and Mrs. Virgil Stahl, newlyweds, will move to the Virgil Cook farm vacated by the Millers.

BANK REDECORATED

The interior of the State Savings bank has been redecorated the past week. Henry Brede did the work.

Birthday Celebrated At Levi Klotzbach Home

Mr. and Mrs. Walter Braner, Lanna, Douglas, David and Lavonne of Belmond enjoyed dinner Sunday in the parental Levi Klotzbach home. They celebrated Lavonne's third birthday.

Birthday Party Sunday Honors Kathy Carolus

Kathy Carolus was five years old Feb. 14th and her parents, Mr. and Mrs. Harlan Carolus, entertained in her honor Sunday. Their dinner guests were her grandparents, Mr. and Mrs. Albert Carolus of Garner, her uncle, Leroy Carolus, and aunt's family, Mr. and Mrs. Maurice Nuehring and Marvin of Kanawha.

Steven Brunes Honored Sunday On 10th Birthday Anniversary

Mr. and Mrs. Stanton Brunes entertained Sunday honoring their son Steven on his 10th birthday. Guests were Steven's grandparents, Mr. and Mrs. Herman Brunes, and his aunt, Ethel Brunes of Belmond.

Mr. and Mrs. Herman Brunes returned Sunday from a two months' trip which they enjoyed through the west. They spent most of the time with their daughter Belva at Santa Monica, Calif. En route they visited Mrs. L. W. Wesenberg in the Loren Wilkinson home at Yuma, Ariz., the Earl Rukas, Mrs. Matt Smith, the Austin Child family and the Bollers who live in various places in California. They also visited Mrs. Brunes' cousins at Lancaster, Calif., and Phoenix, Ariz.

Mr. and Mrs. Larry Boller and Lonnie left Monday afternoon for San Luis Obispo, Calif., to enjoy two weeks with Larry's parents, the H. E. Bollers and other relatives.

Mrs. L. M. Naser of Britt spent a few days last week in the home of her daughter, Mrs. Dale Shelton. Sunday, they all were guests in the Harold Hunsley home at Britt. Mrs. Naser makes her home with her daughter, Mrs. Hunsley.

Mr. and Mrs. John Lauen and Mr. and Mrs. Donald Burk and Tom went to Meservey Saturday evening and were guests at the Kuhlers-Woodfill wedding held at the Reformed church. The Burks' daughter, Mrs. Marlyn Kuhlers, was one of the bride's attendants.

Guests in the Reid Chesnut home Sunday were his parents, Mr. and Mrs. Sam Chesnut, his brother-in-law and sister, Mr. and Mrs. Ernest Klunder and his aunt, Mae Burroughs, all of Clarksville, and friends, the John Roose family of Allison.

Mr. and Mrs. Dale McClure and his mother, Mrs. Harley McClure of St. Charles spent Sunday in the parental Dale Brede home. The formers' children, Ricky and Joyce who have been spending a few weeks with their grandparents, returned home with them.

Mrs. John Lauen and Lula Wilkins went to Meservey Saturday and attended the Busy Bee club meeting held in the Walter Lauster home. It was a 1:00 o'clock luncheon and the afternoon was enjoyed sewing and visiting.

Several from here went to Belmond Friday to attend the funeral services for Mrs. Alvin Haupt's mother, Mrs. John Larson. Two granddaughters, Mrs. Larry Boller and Mrs. George Gerdes, also live here.

Mr. and Mrs. Levi Klotzbach spent from Tuesday until Friday in the home of their grandson, George Anderson, at Galt.

Mrs. Albert Carolus of Garner visited Wednesday afternoon in the Sandberg-Hanson home.

Mr. and Mrs. George Stille accompanied by their son-in-law and daughter, Mr. and Mrs. Mac Dresbach of Mason City, spent Saturday evening in the home of the former's nephew, Harlan Stille, in Mason City

Mr. and Mrs. Raymond Hegland of Kanawha spent Sunday in the home of friends, the Anton Pannkuks.

F. C. Dominy and Marilyn accompanied Mr. and Mrs. Leo Smith of Belmond to Ames Saturday where they attended the commencement of Iowa State university. The Smiths' son Leroy received his degree in Business Education and he has a position in Des Moines. Leroy is a grandson of Mr. Dominy. Following the program, the folks were guests in the Leroy Smith home.

TWIN LAKE GO-GETTERS

February meeting of the Twin Lake Go-Getters 4-H club was held at the home of Adella Mehus. Appointed as a committee to set up a window display for 4-H week were Diane Hauge, Marilyn Ruka and Judy Eliason. Named on a committee to sell fair advertisements were Linda Abele, Karen Nuehring, Virginia Abele and Debbie Pringnitz.

Demonstrations were given by: Diane Hauge and Carol Zeigler on cutting and sewing a straight skirt; Janice Blank and Carol Eliason on how to make a placket; Debbie Pringnitz and Rita Hanson on how to gather a skirt.

The following talks were given: Judy Berhow, on how to choose material for a skirt; Marlys Eliason, on care of shoes; Kathleen Koerner, on care and proper use of shoes; and Janet Lange, on matching plaids.

Karen Nuehring

Sunday, 10:00 a. m. — Church school.

Sunday, 11:00 a. m. — Worship service.

Thursday at 7:30 p. m. Youth Fellowship.

ST. MARY'S CHURCH

Rev. R. A. Ormsby, Pastor

Early Mass at 8:00 o'clock on the second and fourth Sundays of the month.

Late Mass at 10:00 o'clock on the first, third and fifth Sundays of the month.

Confession before early Mass.

WSWS Will Observe World Day of Prayer

The W. S. W. S. will meet Friday at 1:30 p. m. in the Melvin Sorenson home.

The study book will be completed, World Day of Prayer service observed and Mrs. J. J. Cook will present the regular lesson. This is also the annual election of officers.

Legion Auxiliary Meets This Evening (Thursday)

Lula Wilkins and Mrs. Kenneth Boller are hostesses to the Legion Auxiliary Thursday at 8:00 p. m. in the Boller home.

EUB Ladies Aid Meets Wednesday Of Next Week

Mrs. Walter Boller and Mrs. Paul Halfpop are hostesses to the EUB Ladies Aid next week Wednesday. Mrs. Melvin Sorenson is devotional leader.

Rev. Donald Varce spent Tuesday and Wednesday of last week in Des Moines attending conference committee meetings. He also enjoyed visiting his mother and sisters while there.

Mrs. Anton Ahrenkiel of Klemme spent last Wednesday afternoon in the Mrs. Laton Avery home and also called on many other friends. She is feeling much improved since her recent illness.

Ed Crotty went to Hampton a week ago Tuesday to attend funeral services for his nephew, Bud Crotty, age 39, of Hampton. The latter was killed in a truck-car crash last Friday evening near Webster City. He is survived by his wife and three children. The baby was born at the Lutheran hospital in Hampton on the day of the funeral services.

Mr. and Mrs. William Janssen left last Wednesday for two weeks. They will enjoy the time in the Dr. Paul Given home at Birmingham, Ala. They went especially to get acquainted with their granddaughter, Deborah Given, who was born last September. Mrs. (Leona) Given is the older daughter of the Janssens.

Mrs. Herbert Basener accompanied Mrs. Faaborg of Meservey to Britt a week ago Tuesday to attend a district Girl Scout meeting. Mrs. Basener is one of the local Brownie leaders.

Reid Chestnut is employed at Sheffield, going daily to his work.

The Elmer Zeigler family, who have been living on the Arthur Chelsvig farm, have moved to Kanawha.

The Charles Comstock family who farmed the Comstock farm 2¼ miles south of town moved last week to a farm west of Emmons, Minn.

Goodell friends recently received word from Lois and Ruth Talbot who live in Evanston, Ill. Ruth has been very ill and was hospitalized twice and had major surgery. Lois is staying in the Presbyterian nursing home until Ruth is able to again give her needed care. These ladies are former local residents, both teaching school here, Ruth being superintendent of the Goodell Independent school and Lois teaching in a rural school. They are sisters of the late Mrs. Earl I. Doty. The late Rev. and Mrs. Doty served the Goodell EUB church for several years leaving here in 1919

Mr. and Mrs. Ray Miller are moving to the house on the Lambert Barkema farm 2¾ miles east of town. Their son Paul and family are moving to the Mrs. Ina Eldred farm vacated by his parents.

Mr. and Mrs. Jim Lande and children of Des Moines, the Kenneth Lerdal and Glenn Meints families were dinner guests Sunday in the Lloyd Lerdal home.

VOL. 41 NO. 23 OFFICIAL CITY PAPER WRIGHT COUNTY, IOWA—THURSDAY, MARCH 10, 1960 OFFICIAL COUNTY PAPER 12 PAGES THIS ISSU

MAIN STREET

BY PAT, DICK, DUANE

Boxholders out of the local post office to the number of 580 this week received samples of General Mills' Multi-Purpose Food, with an invitation to buy a trial 4½ pound tin (or a case of six of 'em) to give this new GMI product a more thorough test. It hasn't previously been offered for private purchase — except to local plant employees — so here's an opportunity to be among the VERY FIRST to give MPF a try.

Keith Wiggins, district sales manager for the protein sales department, is about to launch on a 12-day diet restricted to MPF solely — for the benefit of science and his own curiosity. He admits that his wife has an imminent date with the stork, which should provide him an ideal opportunity to get his experiment started.

One of those 4½-pound cans (at $1.50) provides this concentrated blend of essential minerals, vitamins and protein in an amount equivalent to 24 complete, balanced meals. Or put it this way, six nourishing breakfasts for a family of four at a complete cost of 25 cents per family meal! Locally produced Toasted Soy Protein is the basic ingredient. MPF can be served in a multitude of ways. Buy a can and give it a try, huh?

If you tried talking juvenile delinquency to the elderly folks at Friendship Haven in Fort Dodge this week, you'd probably get quite and argument. Fifteen members of the Methodist Youth Fellowship, accompanied by Rev. M. L. Jones, visited the home for retired oldsters last Sunday afternoon to conduct a vesper service. And they really made a hit!

Pastor Jones received a letter Tuesday from the secretary of the home saying, "That was the best MYF program we've ever had. It was so good to see and hear young people like them in contrast to what we usually hear about young people these days." An ardent invitation for the youngsters' early return was included in the letter.

Some 150 men and women averaging 80 years of age assembled in Friendship Haven's chapel for the service, highlighted by music and talks by the young people. A number of the youngsters told what they aspired to do with their lives. Mr. Jones reports, "It was truly an inspirational occasion. I have never seen those fine old folks respond as they did to these youngsters."

Seen by Ye Ed Tuesday morning, trotting along the edge of Highway 3 in Clarion after obviously having been downtown "shopping," a large, collie-type dog. Clutched between his jaws—a juicy bone? Nope, not at all. An orange!

Stood beside a fellow at the county auditor's office the other day who bought a dog tag and never cracked a smile. That may not sound much like "news," but believe us, it is!

For some reason or other, most men licensing their pooches are covered with embarrassment when asked the canine's name. Their reaction ranges anywhere from a sheepish grin to a school girl giggle. And it doesn't matter whether the name is a substantial dog name like "Spot" or "Blackie," or something more imaginative.

Most of the time an apology is offered that "the kids insisted on calling him that." Let's be forthright, men. After all, the poor cur's GOTTA be called something or other.

Most Belmond merchants who participated in Monday's "Six Wild Hours" wound up their day at 9:00 p. m. convinced that the six-hour period was wild enough to suit anybody. Bargain hunters were out in force, and it was about all your life was worth to venture near some of the counters heaped with "specials" as the kickoff hour of 3:00 o'clock approached.

Typical of the response was the flood of men's trousers and ladies' plain skirts that descended on Model Cleaners. Jim Havens reports that he and his help struggled to check in an average of two orders per minute for the first two hours and 20 minutes after the special price of 55 cents went into effect.

Gene DeLancey started from the store room to the front of the store with a huge armload of cleansing tissues and arrived at his destination with one box left — which was snatched from his hand before he could get it on the shelf. The Independent picked up more than 180 subscriptions, new and renewals. Seems every store did a bang-up six hours of business.

From the State Historical Society's "Iowa History News Flashes" for February we crib this paragraph on early Rural Free Delivery mail service around the turn of the century:

"Tomato cans, cigar boxes, drainage pipes up-ended, soap boxes, and even sections of discarded stovepipe were used as mail boxes. Mail routes were laboriously traveled by man and his faithful friend — the horse."

Considering the interest in the local RFD route soon to be open here, times have radically changed. A "rural route" is now quite a prize, and something less than a laborious job.

How South Front of Clarmond Clubhouse Now Appears

• • • • • • • • •

Clarmond Starting 40th Year—

New Section Added to Clubhouse

Steady progress has been made during the winter months on a major remodeling and expansion program being undertaken at Clarmond Country club. The clubhouse is being virtually doubled in size, counting space provided by a new 60x38-foot basement.

Largest undertaking was removal of the old west porch and its replacement with new construction extending 38 feet west from the dining room and extending the full 60-foot length of the clubhouse. A full basement lies beneath this new part.

A 40x38-foot dance floor is being created, so the dining room can be used solely for its intended purpose except when some additional space is needed to accommodate over-flow dance crowds. The lounge and pro shop is being expanded in size to cover approximately a 43x20-foot area.

Commodious locker rooms for both men and women will be provided in the basement, served by ramps at either end of the clubhouse so golf carts may be rolled inside. Present plans call for about 90 lockers in the men dressing room and probably somewhat less than half that number in the women's.

The main entrance to the clubhouse will be on the south, giving direct access to the dining room and adjoined by the ramp entrance to the men's locker room. An entry at the northwest corner will admit to the lounge and pro shop. Entrance to the women's dressing room will also be on the north.

C. C. Christie, who heads the building committee, says that plans called for letting of electrical and heating contracts for those phases of the construction work some time before the end of this week. A. R. Dorr Sons had the building contract.

It was just 40 years ago this spring that the Clarmond clubhouse was erected. Growth of the club membership required the addition of a south porch in 1948.

At the time plans for the orginal clubhouse were approved in 1920 on the 53-acre tract purchased by the Clarmond Country club stockholders, the Belmond Independent observed, "Train service will be ideal for members from north or south of Cornelia and roads leading to the club are as good as any in the county.

Initial cost of the land and clubhouse was about $20,000.

Stockholders of Clarmond Country club recently held their annual election of officers, Bob Davison of Clarion being retained in the position of president for another year. R. B. Thompson was elected vice president to fill a vacancy left by the death of Clark McNeal. Bob Hansen of Clarion continues as secretary.

Funeral Held Here For Elsie Johnson

Funeral services were held Tuesday at Fulton Funeral Home for Mrs. Elsie Johnson, former Belmond resident who died Wednesday of last week at Ukiah, Calif. Rev. M. L. Jones conducted the rites. Pallbearers were Otto Dorr, Ed Kennedy, Ralph Jones, Gerald Berns, Robert Berns and Claude Johnson. Burial was in the Belmond cemetery.

Elsie Eastman Johnson, daughter of Mr. and Mrs. J. L. Bowers, was born on Oct. 14, 1888, at Geneva, Ia. She was the last survivor of a family of eight children.

She came to Belmond with her parents when she was a young woman. It was here that she met and married Theodore A. Johnson. Five children were born to them: Clifford, deceased; Laura Bell Carlson, Boonville, Mo.; Theodore O., Cedar Rapids; Clark Maxwell, Ukiah, Calif.; Arthur, Portland, Ore.

She was preceded in death by her husband in 1920 and her eldest son, Clifford. After her husband's death she made her home in Belmond and raised her family. In 1935 she went to California to make her home with her son Clark.

She is survived by 21 grandchildren and five great grandchildren.

CASE SCHOOL HELD HERE

Charles "Chuck" Merrit, representative of the J. I. Case farm machinery company from Rock Island, Ill., was in Belmond last Friday to conduct a product sales school at Followwill Implement store. Some 20 dealers and salesmen from a four-county area attending the evening meeting.

Jaycees, Explorer Scouts to Clash In Benefit Basketball Game Friday

A benefit basketball game with Belmond's Jaycees and the Explorer Scouts as the combatants will be played at the high school gymnasium at 8:00 tomorrow (Friday). Proceeds will go to a worthy cause, or causes, agreed upon by the participating organizations.

A stirring battle is in prospect, as the Jaycees endeavor to prove that the years AREN'T catching up with them and the Explorers set out to prove just how wrong the Jaycees are.

Rumor had it, at midweek, that the Jaycees are planning as a "secret weapon" a full court press that would utilize five men at each end of the floor.

Whether the Explorers will make allowance for the doddering condition of the opposition and permit this fracturing of the rules could not be ascertained. Both foes, at any rate, guarantee some lively fun for all the spectators.

A curtain-raiser, starting at 7:00 o'clock, will be played by two teams of junior high cagers.

On the one team, captained by Dennis Swenson, will be Bob Misner, Arlyn Boelman, James McMannus, Mickey Ketchum, Bill Jenison and Bob Nelson. On the other, whose captain will be Ray Johnson, will be Keith Sheller, Dennis Dorenkamp, Gary Obrecht, Paul Hauge, Leslie Braner and Tony Mosiman.

HOSPITAL NOTES

Henry Trager of Meservey entered March 1 for surgery.

Joe Kaduce of Meservey entered March 1 for surgery.

Mrs. Willis Anderson entered March 2 as a medical patient.

Mrs. Marvin Plaage of Latimer entered March 4 as a medical patient.

Mrs. Wallace Kreitlow of Kanawha entered March 4 for surgery.

Mrs. Louis Loth entered March 6 for surgery.

Mrs. Elizabeth Olson of Kanawha entered March 7 as a medical patient.

Marion Veldhouse of Kanawha entered March 7 for surgery.

Mrs. Herman Paul of Klemme entered March 7 as a medical patient.

Mrs. J. L. Abele of Garner entered March 8 as a medical patient.

Alex'-Belmond School Merger Study Brings Agreement on Major Points

Agreement on what general principles should be observed in event of a Belmond-Alexander school reorganization was arrived at by a group of some 70 persons from the two districts who met in Alexander on Tuesday evening of last week.

Representing Alexander were members of committees that have been studying various aspects of reorganization. Belmond Community School district was represented by an advisory group drawn to assist the board of education in deliberations on reorganization.

Meeting with these groups was the Alexander-Belmond reorganization steering committee, which is headed by George Richards of Alexander. Also on this committee from Alexander are Vergene Andrews, Mrs. Wilbur Pletsch, Jelte Eden and Rex Aldinger, with Mrs. Carl Barkema as an alternate.

Four Points Agreed Upon

Belmond members of the committee are Cecil Carstens, C. E. Wilmarth and Roy McClure, and Emmett King is on the committee from Goodell.

Major points on which agreement was reached as a basis for continued study of the reorganization proposal were as follows:

(1) All grades from kindergarten through junior high would be continued at the Alexander school.

(2) The Alexander area would be assured of a director on the school board.

(3) Equal educational standards would be maintained at all schools in the district.

(4) School hours would be adjusted to give equal opportunity for participation in extra-curricular activities to all students.

Merger Advantages Noted

With these points as a foundation for further study, the steering committee will assemble again in the near future, Mr. Richards says, to devise in more detail a plan acceptable to both the Alexander and Belmond districts.

In the course of discussion of the reorganization proposal at last week's meeting, a number of advantages were noted that would adhere to the students of the Alexander and Belmond districts in event of a merger.

According to Mr. Richards, these advantages would include: providing guidance and counselling to both students planning to pursue college educations and those ending their formal educations with high school; expanded departments in the fields of science, mathematics, foreign languages and commercial subjects; and an expanded and better equipped school library.

More Vocational Classes

A further advantage would involve the offering of broader training in specialized fields for students not planning to attend college, including such vocational fields as auto mechanics, electrical work and welding.

Mr. Richards says, "The steering committee considers that very good headway has been made toward arriving at a concrete proposal to submit to the people of Alexander Consolidated and Belmond Community School districts.

"Members of the various Alexander committees on reorganization are interested in arriving at the merger plan that will best serve the educational requirements of the Alexander area from the long-range standpoint," he continued.

"It will be the steering committee's aim to cooperate to the fullest possible degree with these standing committees, to assist them in their investigations in any way possible, and to work out suggested compromises wherever such action is indicated."

Trafford Resigns Ris-Van Position; To Leave Belmond

L. T. "Bud" Trafford on Wednesday of this week submitted to Ris-Van, Inc., his resignation from the position of advertising manager which he has held since April 15 of last year. The resignation is to be effective April 14.

Mr. Trafford has accepted an offer to head a new department of public relations with the Farmers Elevator Service company, headquartered at Fort Dodge, whose Felco brand products are well known throughout this area. The department will be independent, whereas public relations has previously been an adjunct of the distribution department.

When Mr. Trafford will relinquish his position as mayor of Belmond will depend on the will of the city council, he says. He suggested that at the end of the first quarter, March 31, might be the most logical time.

Fort Dodge was the Traffords' home for five years, 1946-51, when "Bud" was art instructor on the high school faculty. He returned to Belmond, his native home, in 1951 to accept a position with Thompson Hybrid Corn company.

It is Mr. Trafford's intention to maintain his family home here until after the close of the school year.

MADSEN GOES TO SCHOOL

MARSHALLTOWN, (Special) — Heating, summer cooling, service and installation were the topics in a school held last week by Lennox Industries, Inc. Participating in that school was Fred E. Madsen of Madsen Plumbing and Heating, Belmond. Lennox schools in the Marshalltown division are held annually. Attendance averages between 30 and 40 for each school.

Blecker Announces Plans To Run for Sheriff Again

• • •

SHERIFF ROBERT BLECKER

Robert L. Blecker, Wright county sheriff, announced this week that he will be a candidate for renomination to that office in the June primary. He has run successfully five times as a Republican candidate since he was first appointed to the office as of Jan. 1, 1950, to fill a vacancy left by the resignation of R. E. Wilson.

Mr. Blecker first joined the sheriff's staff as a deputy under Wilson in June of 1947. He had previously served 18 months in the U. S. Army and gained experience in law enforcement by serving a year with the Military Police in Chicago.

During his 10 years in office, Sheriff Blecker has been responsible for a number of innovations. He was instrumental in forming the Wright County Peace Officers association, which at the time was one of the first such organizations in the state.

He also played a major role in establishing the annual Vehicle Safety Check in this county in 1952. This became a formal, national project four years later and for the past three years Wright county has won top national honors among counties in its population bracket. Sheriff Blecker has served as county chairman for each of these Safety Checks.

Extensive national publicity was won by Wright county by the Holiday Safety Rest-Stop project conceived by Sheriff Blecker and operated on five holiday weekends in recent years. Close to 40,000 persons have enjoyed a "refreshment stop" at these rest stations which business firms of the county — primarily insurance agencies — have helped to finance.

Sheriff Blecker is a past secretary of the Iowa Sheriffs association and served two years on its board of directors. He is at present legislative chairman for the organization.

In 1958, Mr. Blecker was recipient of the Clarion Junior Chamber of Commerce "Distinguished Service Award" for his important contributions to undertakings of that group and for his community and county civic activities.

Mr. Blecker is married and the father of four children. He belongs to the Clarion Congregational church.

In announcing his candidacy for a sixth term, Mr. Blecker said, "During my 10 years in office I have earnestly endeavored to provide Wright county with the best possible law enforcement and to protect the public peace and safety to the very best of my ability. If re-elected, this will continue to be my aim."

Precinct Caucuses Announced—

New GOP County Chairman Elected

Otto Knudsen, former Eagle Grove realtor who is currently engaged as a right-of-way purchaser for the state highway commission, was elected Monday evening as chairman of the Wright County Republican Central committee. That post was left vacant by resignation of Ray W. Hagie of Clarion, upon announcement of his candidacy for the position of state representative from Wright county.

Committeemen and committee women had assembled Monday at the Hagie home to elect a new chairman and to discuss plans pertinent to party activities during the current election year.

Several new appointees were introduced, who had been named by Mr. Hagie prior to his resignation. Among them were J. R. "Pat" Gallagher, who takes the Ward III committeeman's position left vacant by the death of Clark McNeal; and Mrs. Duane (Alpha) Sandage, a former Belmond resident, who was named committee woman for Clarion's Ward I.

A formula was approved by the central committee for allotting delegates to the county Republican presidential convention to be held on April 1. Each precinct will be allowed one delegate for each 25 votes cast in 1958 for the Republican candidate for secretary of state, or for a major portion of that figure.

That formula gives Belmond Ward I five delegates, Ward II six, and Ward II seven. Belmond township will have three, as will Pleasant and Norway. Five delegates are allotted Iowa township.

Clarion's four wards are allowed 11, four, three and six, in that order: and Eagle Grove's, three, four, 15 and 14, respectively.

It was also called to the committee's attention by Mr. Hagie that the state presidential convention will be held at Des Moines on April 22.

Precincts throughout the county are to hold caucuses by such time that their April 1 delegates can be reported to Mr. Knudsen by March 18.

Caucuses for the Belmond wards and for the two adjoining townships have been scheduled for next week as follows:

Ward I — Monday, 8:00 p. m., at city library basement; Ward II — Thursday, 8:00 p. m., Hale Mason home; Ward III — Monday, 8:00 p. m., Mrs. Clark McNeal home; Belmond township — Tuesday, 8:00 p. m., L. B. Oberhauser home; Pleasant — Monday, 8:00 p. m., Walter Hotvet home.

Mr. Hagie asked Newt Draheim of Clarion to review the names of persons who served on election boards for the 1958 election. The retiring chairman noted that some inroads will be made on Republican appointments due to the fact that 20 of Wright county's 28 precincts "went Democratic" two years ago.

In accepting election to the county chairmanship, Mr. Knudsen emphasized that the Republican party in Wright county faces a serious task in regaining support at the polls that was lost in 1958.

He stressed the need for "workers who will work," and expressed the hope that an active Young Republicans organization can be set up to strengthen the party's position in the county.

Jaycees to Fete BHS Cagers—

ISU Coach Will Speak at Banquet

• • •

COACH GLEN ANDERSON

Glen Anderson, who surprised the experts with the excellence of his Iowa State university basketball team his first season as Cyclone varsity coach, will be speaker at the annual Jaycee basketball banquet next Monday evening at the high school hot lunch room. Serving time will be 6:30 o'clock.

The Jaycees regard that they were most fortunate in obtaining the popular ISU mentor, who has stamped himself as one of the most promising young coaches in the nation. At only 28, he ranks with Sharm Scheuerman of Iowa as one of the youngest men currently filling a big-time coaching spot.

Anderson moved into the position of varsity coach at Iowa State after serving four years as freshman coach. He played his college ball at Colorado State, where he was three times an all-conference choice in the tough Skyline loop. He later played several seasons of AAU ball before coming to ISU.

The Cyclone varsity squad he took over last spring boasted only one regular from the 1958-59 Iowa State team. With more sophomores than experienced players from which to mould his Big Eight entry, he produced a scrappy, never-say-die aggregation that won the respect of all its opponents.

In the annual Big Eight tournament played prior to the start of the regular season, the Cyclones upset the dope bucket by carrying off the championship for only the second time in the 14-year history of the event.

Early rating of the Big Eight teams had Iowa State near the bottom of the conference. But in spite of their 59-57 loss at Missouri on Monday evening the Cyclones finished in fourth place in the loop with a record of seven wins and seven defeats.

For the entire season, Iowa State posted a 15-9 mark, which was a great deal better than had been forecast for Anderson's crew. After whipping both the Big Eight co-champions, Kansas State and Kansas, in the holiday tournament, the Cyclones dropped a pair of two-point decisions to KS during the regular campaign and broke even with Kansas, winning 72-60 and then bowing 70-64.

They chalked up "one for the books" in their second meeting with Colorado, rallying to tie at the end of regular playing time and then emerging with an 83-80 victory in five overtimes.

Purpose of Monday night's banquet is to pay honor to Belmond High school's North Iowa conference champions and to give recognition to the freshman-sophomore cagers who will be filling the varsity ranks in the next few years.

Letters earned by members of the high school squad will be presented by Coach Jack Steinberg.

Easter Seals Will Again Solicit Aid For Crippled Tots

Easter Seals were to go into the mail this week, carrying the annual appeal of the Iowa Society for Crippled Children to the residents of Belmond and of Belmond, Pleasant and Iowa townships.

Alta Gabrielson, local school nurse, is again serving as chairman of the seal campaign. She has been assisted by the BHS typing classes, whose members have addressed the envelopes and stuffed them for mailing.

It is noted by Mrs. Gabrielson that 90 per cent of the funds raised during the Easter Seal drive stay in Iowa. The remainder goes to support a national program of service, education and research.

"Contributions received through seal purchases provide the main source of finances for the work of the Easter Seal Societies in the rehabilitation of crippled children and adults," says the chairman.

"We need the cooperation of every family in the Belmond area if our crippled children are to continue to receive the necessary care and services."

HELLO WORLD

Mrs. Tim Wilson received word of the birth of a baby girl on Feb. 27 to her granddaughter and husband. The baby's parents are A/1c and Mrs. Doyce Mickelson of Plattsburgh, N. Y. She weighed a little over 8 lbs. and has been named Debra Gay. Mrs. Mickelson is the former Jeanette Mitchell of Forest City.

Mr. and Mrs. Delwyn Stromer of Garner are parents of an 8 lb 9¾ oz. baby boy born March 2. They have named him David Lee.

Next: $400 To Shoot At

As much money as was spent in Belmond during Monday's "Six Wild Hours" it was surprising that so few were on Main street Tuesday afternoon seeking a transfusion for their exchequers. But the crowd was an unusually slim one, which unquestionably accounted for the fact that once again not a single Cash Gift Day award found a claimant. This was not pleasing to the CGD committee, which firmly believes that money isn't worth much unless it circulates. Consequently, the committee is raising the prize total to $400 next Tuesday in the determined hope of shaking some money loose. That sum will be divided into eight $25 plums at 2:00 p. m. and four $50's at 3:00 o'clock.

Contracts Let for Three Projects—

County 1960 Road Surfacing to Set Record

Lettings were held Tuesday at Ames by the state highway commission for three road construction projects in Wright county that are slated for the current year. A few formalities remain to be met before official letting of the contracts, but they will go to Morgan Construction company of Fort Dodge.

This year will stand by all odds as the biggest road construction year in Wright county history, with a total of close to $475,000 in county funds and farm-to-market money being spent on construction.

Two of the projects will be financed by secondary road construction funds and the other by farm-to-market road funds. Altogether they will involve expenditure of $426,041.91, of which $284,-988.13 will be in county construction funds and $141,053.78 in farm-to-market money.

The sum being spent in secondary road construction funds is noteworthy in that it exceeds by slightly more than $100,000 the amount estimated as available for county road construction when the 10-year road building program was set up in 1955. A larger than expected surplus accrued in the construction fund due to savings in road maintenance expense made possible by reduction in size of the county road crew a year ago, and larger than anticipated amounts received in road use tax funds from the state.

As a result, county funds are available not only to pave approximately 4.5 miles on County K north of Clarion starting 3½ miles to the north of the county seat, but also approximately six miles of County K south of Clarion that was not scheduled for paving until 1964. This stretch joins the 3½ miles south of Clarion that was surfaced in 1956.

Farm-to-market funds will pave slightly more than six miles of the Holmes road, starting a mile north of Highway 3, just as was scheduled for this year under the long-range program.

This will put the 10-year plan about six miles ahead of schedule in regard to mileage surfaced by the end of this year.

Four contracting firms bid on the Wright county projects. Morgan's bids averaged over-all $25,-643.61 per mile. This was $778 less than the next lowest bidder, W. Hodgman and Sons, Inc., of Fairmont, Minn. Bids of both Brower Construction company of Sioux City and Middlestates Construction company of Omaha ran appreciably higher.

Both of the projects being financed with county funds ran a bit more than estimated. The County K job was about $5,700 more because some of the early grading on that stretch is not up to present standard. Some additional grading will have to be done on this piece and it will have to have an eight-inch rolled stone base instead of six-inch, which is customary with a good grade.

The Holmes job ran about $6,800 higher than estimated, primarily because a source of gravel that had been counted on will not be available. Consequently, the gravel cost will run higher than was expected.

Estimated aggregate cost for the 17.5 miles of asphaltic concrete surfacing was $25,430.36 per mile, about $213 less per mile than turned out to be the case. The higher than expected cost of the two county-cost jobs was discounted appreciably by the fact that the farm-to-market project went at $141,043 compared to the higher estimated cost of $150,000.

In addition to the county construction funds being spent on the two surfacing projects, approximately $20,000 more will be expended for buying right-of-way and graveling a six mile stretch of County U east of the Boone river near the west extremity of the county.

Supplementing this expenditure will be $30,000 or a little less in additional farm-to-market money that will go for drainage and grading on this same stretch of road.

Mary Barry Dies At Age 89 Years

Funeral services for Mary Barry, 89, were to be held at 9:30 a. m. today at St. Francis Catholic church with Rev. R. A. Ormsby in charge. Burial will be in St. Francis cemetery with the Fulton Funeral Home in charge.

Miss Barry died Monday at the Bishop Drumm Home in Des Moines, where she had been residing the last couple of years.

She leaves one sister, Mrs. Emil Bock, and one brother, George Barry of Waterloo; also two nieces, whom she reared from infancy, Mrs. Bud (Mary Elizabeth Blake) Pritchard of Mesa, Ariz., and Mrs. Robert (Kathryn Ann Blake) Denny of Clear Lake. Other nieces and nephews also survive.

Area 2's Best

CONGRATULATIONS are being offered above to Rev. Richard Jackson (right) of Rowan, winner of the recent Area 2 speech contest of the Toastmasters held at Osage. Shaking hands with the Belmond entry is William Biederman of Osage, who was chairman of the contest. Mr. Jackson is the second area winner the Belmond club has provided. The other was also a minister, the former Congregational pastor here, Rev. William Schorman, who is now at Cedar Falls. Mr. Jackson will next compete in the Toastmasters' state contest at Davenport in May. Picture above was provided through the courtesy of the Mitchell County Press-News of Osage.

The George Stille family spent Sunday in the Carroll Beenen home at Clear Lake. The ladies are sisters.

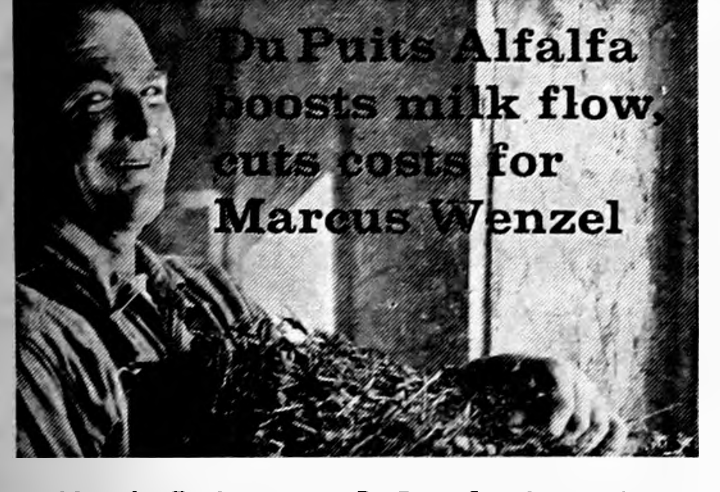
Jean Bates and her friend, Susan Hanson, were weekend guests in the home of the former's sister, Mrs. Merlin Hanson. Sunday afternoon, Mr. and Mrs. Hanson and Duane took the girls back to their home at Ruthven.

Mr. and Mrs. Keith Nuehring, Jimmy and Larry of Klemme moved Monday into the William H. Sheriff property vacated by the Merle Olinger family. Keith will be employed on the Sheriff farm. He is a brother of Mrs. Sheriff.

Mrs. Walter Boller was hostess to the Contract Bridge club last Wednesday evening. Substitute players were Mrs. Paul Halfpop, Mrs. Joe Burgess and Mrs. Bob Stille.

Mr. and Mrs. Arald Riekens and George went to Dubuque Sunday and enjoyed the day in the home of their son-in-law and daughter, Mr. and Mrs. Jon Mehus.

Beverly Sheriff of Des Moines spent the weekend in her home here.



"I can't afford not to use Du Puits. I took 4 cuttings off my 20-acre field. Then I pastured 72 head of cattle on it. Because of Du Puits' leafiness, I cut my feed ration from 15% protein to 12½%. My cows are producing more milk this year, too!"

GOODELL NEWS

BY MRS. AMOS HANSON

Mrs. McNutt Again WSWS President

W. S. W. S. of the EUB church met Friday afternoon at the Melvin Sorenson home. World Day of Prayer was observed and Mrs. Park Miller and Mrs. Henry Brede completed the review of the Study Book. Mrs. Cook led the regular lesson on Nigeria in Africa.

The officers were re-elected as follows: president, Mrs. R. C. McNutt; vice president, Mrs. A. G. Ruka; secretary, Mrs. Edgar Mayhew; treasurer, Mrs. Harry Carpenter.

Secretary of literature, Mrs. Ruka; spiritual life, Mrs. Robert Roths; children's work, Mrs. Sorenson.

The April 1st meeting will be held in the Rev. Donald Varce home at Stilson, with Mrs. Henry Brede lesson leader. The women are looking forward to seeing the Stilson church at that time. The ceiling has been lowered and the interior newly redecorated, the Varces and church members doing the work.

Three Birthdays Honored Sunday At LaFavre Home

Sunday dinner guests in the C. E. LaFavre home were Mrs. Henry Emmons and children of Emmons, Minn., and Mrs. W. L. Sherwood. In the afternoon, they were joined by Mr. and Mrs. J. J. Cook, Mr. and Mrs. William Reinhart, Merrie, Nancy and Susan. The occasion celebrated the birthdays of Margaret LaFavre and Sonja and Billy Emmons Ice cream and three-layer decorated birthday cake were served.

GOODELL EUB CHURCH

Rev. Donald Varce, Pastor

Sunday, 10:00 a. m. — Church school.

Sunday, 11:00 a. m. — Worship service.

Thursday at 7:30 p. m. Youth Fellowship.

ST. MARY'S CHURCH

Rev. R A. Ormsby, Pastor

Confession before early Mass.

Farm Bureau Club Meets Next Week At Ostendorfs

The Friendly Neighbors Farm Bureau club will meet next week on Tuesday at 1:30 p. m. in the Harry Ostendorf home in Meservey. The lesson will be on cross-stitch aprons. Mrs. Henry Brede, Mrs. Ostendorf and Mrs. Amos Hanson are hostesses.

George Weese Honored On Birthday Anniversary

Mr. and Mrs. C. L. Randall and children of Toledo, Mr. and Mrs. Glenn Weese, Gail and Cameron, Mr. and Mrs. Allen Avery and Richard, John and Tom Doonan enjoyed Sunday in the parental George Weese home. They celebrated Mr. Weese's birthday.

The Randalls recently sold their new home in Des Moines and moved to Toledo where Mr. Randall is in the heating and plumbing business.

Progressive Party Held By EUB Youth Fellowship

The Youth Fellowship held their regular meeting last Thursday evening in connection with a Progressive party. The first stop was at Carl Madisons where they enjoyed a fruit drink, next to the Bill Boller home for salad, Ira Langlitzs for relish plate, George Weeses' for Pizza Pie.

In the Weese home, the lesson was presented by Bob Burk and Richard Doonan led in prayer. Later the group enjoyed cake in the Cortland Luick home and ice cream at Merle Rukas. Mrs. Carl Green is leader of the Youth Fellowship.

Legion Auxiliary Hears Lesson On Census Taking

Lula Wilkins and Mrs. Kenneth Boller were hostesses to the Legion Auxiliary last Thursday evening in the Boller home. An amount of $70.05 was reported taken in at the food sale. Mrs. Hanson gave a review of the past census taking and explained the 1960 census. Mrs. Emmett King and Mrs. Bernard Nolte are hostesses April 7 in the King home.

Merle Olinger held a household goods sale Saturday afternoon. Mr. and Mrs. Olinger, Dawn and Dixie and Mr. and Mrs. Glenn Weese, Gail and Cameron are going soon to Florida where they plan to locate.

Randy Dishman of Hampton and his grandparents, Mr. and Mrs. William Muhlenbruch of Belmond, visited Saturday afternoon in the Sandberg-Hanson home. Folks will be pleased to hear that Randy, age 10, and a 5th grader is getting along nicely. He had a severe attack of polio several years ago but is now walking without his canes.

Mrs. W. Rasmussen of Osage and Mrs. Leo Tizor of Mason City visited last Thursday in the John Lauen home. They had been to Belmond to see their aunt, Mrs. Mike Kearney, who is a medical patient in the hospital.

Ione Christie and Margaret Brede went to Garner last Wednesday and spent the day in the home of their uncle, John Brede, and also visited another relative, Mrs. Tom Hamilton.

Duane Lowenberg, student at Loras college in Dubuque, spent the weekend with his parents, the Arthur Lowenbergs.

Mr. and Mrs. Theodore Krukow of Sheffield enjoyed supper and the evening Sunday in the Rev. Park Miller home. They became friends when the Millers served the Sheffield-West Fork churches for nine years.

Folks regret to hear that Tony Boller of Waterloo has been hospitalized for several days. He is a medical patient, suffering with severe headaches. He is a former Goodellian.

Mr. and Mrs. Arthur Lowenberg accompanied by her sister, Mrs. Lawrence Smith of Algona, went to Spencer Saturday to attend funeral services for Mrs. Christine Johnson, age 84. She was mother of Andy Johnson of Humboldt. The latter is a brother-in-law of Mrs. Lowenberg and Mrs. Smith.

The Edgar Reeds of Mason City were dinner guests Sunday in the home of his cousin, Dale Brede. They also visited their uncle and aunt, Roy and Bargaret Brede

Mr. and Mrs. James Trees of Belmond were supper and evening guests Sunday in the home of relatives, the Melvin Sorensons. They recently returned from a trip south, having visited in the home of their son Bill Trees at Lexington, Ky., and with Mrs. Trees' brother, H. L. Carpenter at Lake Wales and Lloyd Carpener at Lakeland, Fla.

Many from this comunity attended funeral services for Dick Barkema, Sr., of Belmond. They were held last Wednesday at the Reformed church east of Belmond. He was father of Lambert, Hauko, Ben and Dick, Jr., Barkema who live in this vicinity.

The Carl Greens entertained in their home Friday his mother, Mrs. C. C. Green of Belmond, his aunts, Mrs. J. P. Walker of Rodman and Mrs. Ellis Amick of Ruthven, and his brother's family, the C. L. Greens of Rockwell.

Frank Gayken and his son's family, the Lester Gaykens, of Britt spent Sunday in the home of the former's daughter, Mrs. Lyle Green. Mr. and Mrs. Luverne Schroeder of Klemme spent the afternoon in the Green home.

Mrs. Wayne Stille, Gene and Mark spent last week in the home of her brother, John Burrs, at Kanawha. She helped them getting settled with their recent moving.

Mr. and Mrs. Bob Brede and Tony of Dows visited Sunday in the parental Henry Brede home. They had been to Fertile to see Mrs. Brede's grandmother, Mrs. Will Luick of Belmond, who is being cared for in the home of a daughter. She is recovering from her hip fracture and pneumonia. Tony Brede is enjoying a two-week furlough from his duties with the U. S. Army, stationed at Fort Leonard Wood, Mo.

Mr. and Mrs. Charles Sprugel and Vicki of Ames visited last Wednesday in the parental Edgar Mayhew home. The former will graduate from the university in May, receiving his degree in veterinary medicine.

● Belmond Locals

Mr and Mrs. B. A. Wabshaw of Des Moines and Mr. and Mrs. T. L. Thompson of Clarion were visitors Monday afternoon in the home of Mr. and Mrs. Chester Hill.

Mr. and Mrs. Guy Barton of Buffalo Center visited Sunday afternoon in the Oren Hanson home.

Mr. and Mrs. R. C. Kennedy visited her mother, Mrs. Myrtle Myers, a patient in the Webster City hospital Friday evening.

Mrs. James Nauman and Sandra of Lime Springs were dinner guests Saturday in the Clair Bonte home. Sandy remained until Monday when she and Linda Bonte returned to Ames for the spring quarter. The girls are roommates.

Mr. and Mrs. Roger Hanson and family of Humboldt, Connie Benson of Alexander and Mr. and Mrs. Clement McLaughlin were Sunday dinner guests in the Ed McLaughlin home.

Highest Scoring Team to Date—

'59-60 Broncs Set Many Records

SPORTS

Although they didn't progress as far down the tournament trail as the BHS teams of 1949-50, 1953-54 and '54-55, this year's Belmond Broncos wound up their basketball season with a number of records — collective and individual — that will give future Belmond cagers something to shoot at.

Topping the lot are the Broncos' offensive average of 63 4 points per game and longest string of consecutive wins. From the time of their defeat at Garner on Dec. 8 until they lost in the sectional finals to Rockwell-Swaledale, Coach Jack Steinberg's crew posted 16 victories in a row. This was one more than the best previous win string, achieved by the North Iowa champions of 1953-54.

Lynn Jenison established a new, career scoring record by picking up 391 points this season for a three-year total of 773 points. This far surpassed the best previous mark set by Keith Madsen, who in three seasons racked up 602.

Also a new record was Lynn's per-game average of 17 7 points for the campaign just ended. The previous record was held by Ron Hansen, who in 1954-55 averaged 17.0 on 409 points in 24 games Jenison got his 391 in 22 games.

Another mark established by Jenison was his career total of 425 rebounds Statistics on rebounds have been kept only for the past four years; but with the greater amount of shooting that's been done in recent seasons, Lynn's total could very well be an all-time high. Gaylon Lathrop held the record previously with a total of 328.

Dean Pals and Roger Ginapp also had high rebound totals, the former having cleared the boards 351 times during his career and the latter 320 times. In the Garner game here, Jenison set a single-game record by hauling in 24 rebounds against the Cards.

Insofar as available statistics show, Lynn also heads all Broncos — past and present — in the matter of accuracy on field goal attempts. This past season he made good on 148 out of 332 tries for 45 per cent This was just one percentage point better than his career mark of 44 per cent on 300 baskets out of 678 attempts.

Information on individual scoring performances for a single season that is at present on file in the BHS athletic department gives Jenison both the second and sixth positions in the matter of total points scored In the top ten, with number of games and average also shown, are

1. Ron Hansen 409 (24 games) 17 0; 2 Lynn Jenison 391 (22) 17.7; LeRoy Smith 347 (24) 14 5; Kenny Loats 309 (26) 11.9; Roger Ginapp 298 (22) 13 5; 6. Lynn Jenison 294 (21) 14 0; 7 Odean Severseike (22) 12 4. 8 Keith Madsen 259 (26) 10 8; 9 Don Hoppel 259 (26) 10.0; 10. Bill Kaufman 253 (17) 14.9.

Following Jenison's 773 points as a career total come the following: 2 Keith Madsen 602; 3. Dave Helland 601; 4 Ron Hansen 585; 5. Jerry Chandler 565; 6 LeRoy Smith 554; 7. Kenny Loats 494; 8. Larry Schimp 488; 9. Roger Ginapp 478; 10 Odean Severseike 433. Ranking 15th on the career list is Mike Long with 306 points and 19th is Dean Pals with 228.

BRONCO BASKETEERS SAY 'THANKS'

From Co-Captains Lynn Jenison and Roger Ginapp in behalf of the Belmond High school basketball team the following expression of thanks came to The Independent:

"To the following —

"The basketball squad of 1959-60 wishes to extend their deepest 'thanks' to the following persons:

"The coaches, for all the work they put in to make us the team we were.

"The cheerleaders, for the job they did in producing and maintaining school spirit.

"The student body, for their loyal support throughout the season.

"The townspeople, for the support they gave us, especially during the tournament.

"The school administrators, for providing us with the necessities which made us a GOOD team.

"Pat Gallagher, for all the publicity he gave us as a team and as individuals, and for the work he did in getting us to be a 'ranked' ball club."

Signed, The 1959-60 BHS Basketball Team.

6 Broncos Going To Indoor Meet

Belmond High's track season will open this Saturday — the earliest that a Bronco thinclad team has ever launched its campaign — when Coach Rich Koolbeck takes a squad of six to the state AAU junior division indoor meet at Des Moines. They will compete in possibly eight different events at the Drake fieldhouse.

Larry Kramer, state Class A mile champion, will run in that event and in the 880, also, if he is not too tired after the mile effort. He will be competing with runners from all high school classifications, with his arch rival John Raveling of Saydel likely his toughest adversary

Dave Suntken, who tied for second in the Class A outdoor high jump last spring, will be entered in that event and also will run in the 50-yard dash Bob Whipple will compete in the shot put

Lynn Jenison, Mike Long and Bob O'Connor will complete the squad. From among them, Coach Koolbeck plans to have entries in the 440 and 880 A foursome will also be entered in the mile relay.

The Broncos will be seriously handicapped by the fact that they have had no opportunity to date to work out on a track, but Coach Koolbeck hopes that their opportunity to compete at Drake will enable them to make a better showing in the state Class A indoor meet at Iowa City later in the month.

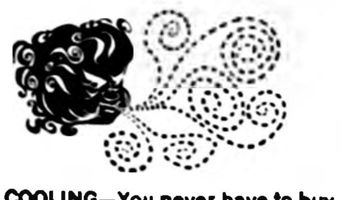
HOW MUCH
IS A 10-YEAR EDGE
IN A
COMPACT CAR DESIGN
WORTH?

YOU DECIDE HOW MUCH MORE CORVAIR GIVES YOU IN COMFORT, CONVENIENCE AND CONTROLLABILITY . . . WITH THESE EXCLUSIVE FEATURES. THEY DON'T COST ONE PENNY EXTRA!

REAR ENGINE TRACTION—You climb right out of snow, sand and mud where other compact cars bog down.



AIR COOLING—You never have to buy antifreeze—or repair a radiator. And air can't boil over, ever.

PRACTICALLY FLAT FLOOR—Here's a bonus in extra foot room—more than you'll find in many big cars.

FOLD-DOWN REAR SEAT—One quick flip and you increase cargo space to 28.9 cubic feet. And it's standard equipment!

BALANCED BRAKING—The quicker the stop, the more equal is the weight distribution on each wheel. Another great advantage of rear-engine design.

FOUR-WHEEL INDEPENDENT SUSPENSION—Each wheel "walks" independently over bumps . . . and how that smooths the ride!

SPORTS

Colt 8th-Graders Whip Britt 43-24

Belmond's junior high cagers wound up their season Wednesday evening of last week by splitting a double-header here with Britt. Coach Paul Hickman's 8th-grade Colts racked up their fifth win in eight starts by swamping the Eaglets 43 to 24.

Following his usual practice, Coach Jerry Torgerson platooned by quarters, using four full teams as his 7th-graders dropped their game 22 to 21. Bob Misner was high scorer for the losers with nine points.

In the 8th-grade victory, Neal Waddington and Larry Ackerman led in scoring with 15 and 10 points, respectively. Douglas Pals turned in an outstanding defensive game for the Colts.

Belmond jumped into a 12-4 quarter lead and held a 26-8 advantage at halftime as the Colts won without trouble. Every member of the 8th-grade squad got to play.

March Is National Egg Month

Eat Fresh Iowa Eggs Every Day

However you like them, fresh Iowa eggs are a delicious and nutritious treat any time. The protein in eggs is complete! Eggs contain vitamin A, all the B vitamins, plus vitamin D — all so necessary for growth and health.

Eggs are an important source of iron, phosphorous and calcium, too. And they're so low in calories! Make easy to digest, fresh Iowa eggs a part of your every day meal planning.

THERE'S NOTHING LIKE FRESH IOWA EGGS!

FROM

HENSEL BROS. PRODUCE
Belmond Alexander

MR. FARMER . . .

An Omen For The Future?

There is no question but what egg prices for the past 9 months or so have been anything but profitable. However, the very fact that prices have been and are now down, should be the best reason you have for making plans to place as many chicks in 1960 as you have been placing in recent years!

Don't Forget These Points-Please

YOU, Mr. Farmer, are **THE** one person who can produce quality eggs as economically as anyone in the business today. **YOU** are the one who can roll with the punches of low prices the easiest. Your farming operation is diversified and with that diversification, you do have strength.

The **BIG FEED COMPANIES** would like very much to scare you out of the egg production business with their aim to finance the 10,000 and more size type operations. They're trying to push you around . . . and clear out of the egg production business. But they **CANNOT** and **WILL NOT** get the job done if you make up your mind to ride this present price situation out! They will find it difficult if not **IMPOSSIBLE** to compete with you if you make up your mind to stay in the egg business. Their cost of production is little or none less than the **independent** farmer with a flock of 600-800 to 1000 or more birds. In many instances, these large operations are an "only source of income" operation. With your operation, it is one of two, three or even four sources of income for a year's time.

The **BIG FEED COMPANIES** are gambling . . . **GAMBLING** that you will not stay in the egg production business! If they can sell you on that . . . their battle is won! If you check the facts . . . think it thru clearly in your own mind. If you actually weigh all the angles we believe you will agree that **YOU SHOULD STAY IN THE CHICKEN BUSINESS**.

A good sized laying flock aids your diversification. It will provide you with a year around source of income. A flock of 500 or more layers of well bred egg production stock will more than keep you in groceries the year-round.

The future of the WORLD'S EGG BASKET depends on you! The Midwest farmer will not give up his egg production potential. He will fight to maintain it. And if he "fights" with any zeal at all he will win. It may take 2 or 3 years but he will win! Be sure you are a part of the winning team . . . be sure you raise as many chicks in 1960 as you have raised in recent years.

Welp's Chicks **MEINTS PRODUCE** Welp's Feeds

Special Speakers Slated to Appear At Baptist Church

Belmond's Fundamental Baptist church will be participating in a round-robin world-wide missionary conference with six other Baptist churches of this area. It will start this Sunday and extend through the following Sunday, with no meeting on Saturday, March 19. There will be meetings every evening and special speakers on the two Sunday mornings, also.

Cooperating with the Belmond church in bringing the guest speakers on mission work will be churches at Fort Dodge, Pocahontas, Rolfe, Algona, Corwith and Webster City.

Will Show Pictures

Rev. H. A. McKinney of the local church says the speakers will illustrate their messages with pictures in color and with displays of curios from the lands in which they have been doing mission work. The public is cordially invited to attend the meetings.

Schedule of speakers for their appearances at the Fundamental Baptist church is as follows:

Sunday (morning and evening) — Earl J. Dannenberg and wife Shirley of Holland, Mich., who have been serving as missionaries in French Equatorial Africa.

Missionaries to Japan

Monday — Paul Shook, Jr., and wife Vada. missionaries to the island of Kyushu in southern Japan.

Tuesday — Rev. Donald Brong of Monroe, member of the board of the Iowa Council of Evangelical Baptist Missions.

Wednesday — Rev. John L. Patten, president of the Omaha Baptist Bible Institute.

Serving in Dominica

Thursday — Robert E. Meyer and wife Lena of Omaha, Neb., missionaries to the Dominican Republic.

Friday — Rev. Robert L. Ryerse of Cleveland, O., vice president in charge of Deputation North with Baptist Mid-Missions, who has traveled extensively to foreign missions.

Sunday, March 20 (morning and evening) — Harold R. Niemand and wife Ruth of Spooner, Wis., serving under Hiawatha Land Independent Baptist Missions.

SINCE S&H GREEN STAMPS

Green Stamps help keep

IOWA

FRICES DOWN!

Like the ads of local merchants that you see in this newspaper, S&H Green Stamps boost business. At the same time they help keep prices down.

Here is why: When a store sells *more*, it can sell for *less*, since bigger volume brings *lower* costs.

Stores that use S&H Green Stamps must sell competitively. Iowa housewives are expert shoppers. They read the ads. They check and compare prices. And they can't be fooled!

Trading stamps are being saved today by two out of three American families—about 35 million in all. And their use is still growing in this and other States.

For the best values, shop at the stores in *your* community that give S&H Green Stamps.

Since 1896 . . .

FEBRUARY:

The interval between Christmas bills and income taxes; shortest month of the year. Spring is just around the corner, so this is a good time to make your assessment report.

F. ROSS HENRY
Wright County Assessor

● Belmond Locals

Mr. and Mrs. Ray Leebrick and Mrs. Mrs. Porter Faulhaber returned Wednesday night of last week from a trip of about two weeks to Phoenix, Ariz., and Albuquerque, N. M.

—SOCIETY—

COUNTY CONVENTION OF FEDERATED CLUBS MONDAY AT CLARION

Several Belmond women will appear on the program of the annual convention of the Wright County Federated clubs to be held next Monday at the Clarion Congregational church. Mrs. John Greenlander is current vice chairman of the county organization. Mrs. Bernard Collins of Clarion is the chairman.

Mrs. R. K. Bliss of the Progress club will give the response for guest clubs to the welcome expressed by Mrs. Bernard Case of Clarion at the start of the morning session.

"Consumer Education" is the county clubs' theme, and Mrs. Richard W. Smith will speak on the topic, "One Consumer Speaks Up." Mrs. Ray Licklider, 6th District director for the Iowa Federation, will give an address on "Federation Highlights."

Theme of the afternoon session, following lunch at the Methodist church, is to be "Faith, Fun and Fulfillment through the Fine Arts."

Mrs. Hale Mason of the Belmond Women's club will present several capsule book reviews. Mrs. Ernest Doeringsfeld, president of Progress club, will offer two vocal selections from "Music Man," "Till There Was You" and "Goodnight My Someone."

Lindsey Morris Celebrated 8th Birthday At Party Monday

Lindsey Morris, son of Mr. and Mrs. Derl Morris, celebrated his 8th birthday anniversary Monday afternoon with ten of his friends in the Morris home.

After playing games and opening gifts lunch was served by his mother and grandmother, Mrs. Glenn Morris.

Those who came in the evening to wish Lindsey a happy birthday were his grandparents, Mr. and Mrs. Henry Pals of Sheffield and Mr. and Mrs. Glenn Morris, and the Bob Foss family.

Honor Mrs. Florence Sturgeon On 75th Birthday Anniversary

A pot luck family dinner was held Sunday in observance of the 75th birthday of Mrs. Florence Sturgeon at her home.

Present were Mr. and Mrs. Roscoe White and family, Mr. and Mrs. Gordon White and family, Mr. and Mrs. Dave Perkins and Kathy of Austin, Minn., Mr. and Mrs. George Dieser and Linda of Medford, Minn., Mr. and Mrs. Gene Sturgeon and family of Dows, Mr. and Mrs. Gaylen Johnson and family of Kanawha, Mr. and Mrs. Duane Jenison and family and Phylis Soma.

Humorous Style Revue Held At Home Study Club Meeting

Home Study club met last Wednesday afternoon at the home of Mrs. Donald Baker at Kanawha with Mrs. Chester Hill as co-hostess.

Mrs. Bob Foss and Mrs. Ernest Johnson were in charge of a humorous style revue and Mrs. Duane Anderson, a guest, helped model.

Members answered roll call by displaying an individual Easter hat creation.

Three Youngsters Honored On 3rd Birthday Anniversary

The third birthdays of three little girls were honored Thursday of last week at the James Peterson home.

Present for the occasion were Mr. and Mrs. Arlon Lein and children of Garner and Mr. and Mrs. Robert Hein and children.

The birthdays celebrated were those of Susan Lein, Robert Hein and Theresa Peterson.

F. B. Membership Clean-up Planned

The Wright County Farm Bureau membership committee, with the help of the executive committee, has made detailed plans for a countywide membership clean up drive to be held next Monday and Tuesday.

The drive, to last two days, will begin with a kickoff meeting held at Gannon's cafe in Clarion. The meeting will start with coffee and doughnuts at 8:30 a. m. and at 9:00 sharp a half-hour meeting will be held.

Workers are scheduled to be on the road at 9:30 o'clock. All those who work, and report back in between 3:30 and 5:00 of either, or both, days of the two-day drive will have their car gas tank filled full. Top signer each day will earn a case of oil.

Membership in the county stands at 751 paid or 79 per cent of the goal.

Lincoln and Boone townships are closest to their goals, each township needing only three to meet its quota.

Maurice Birdsall Dies at 79 Years

Funeral services were held Monday of last week at Eyler Funeral Home, Clarion, for Maurice F. Birdsall, 79, prominent county seat attorney. He had succumbed to a heart attack the preceding Friday, which proved fatal only a few minutes after he was stricken at his home.

Mr. Birdsall was born at Alden on July 10, 1880, to Mr. and Mrs. Benjamin Birdsall. He made his home in Clarion from the age of eight until his death. He received his law degree from the University of Iowa when he was only 18 and studied law in the office of his father until he was old enough for admittance to the bar in 1901.

He was married on Oct. 31, 1905 to Fernelle Mickelson. They have one son, Maurice, Jr., who is on the faculty of Central college, Pella.

Mr. Birdsall was active in civic affairs and a loyal member of the Republican party, in whose activities he participated over a long span of years.

● Belmond Locals

Dr. and Mrs. W. W. Weisbrod spent the weekend in the parental Kenneth Kas home at Sioux Rapids. While there they celebrated Mrs. Weisbrod's birthday.

R. C. Kennedy attended the sale at Eagle Grove last Tuesday and bought a registered boar.

If you're going to buy a low price car...be sure you get the better one!

Many people figure that since the car they are considering has historically had a "low-price" name it must be, in fact, a low-price car.

This, at one time, was true. But today the names of cars, as you may know, have very little to do with their prices. Many cars with traditional low-price names cost more than Mercury—a name you have always associated with higher price cars. Our point is this:

A Mercury Monterey, with de luxe appointments, is now priced $31 to $66 less* than any of the best selling Fords, Chevrolets, and Plymouths (the V-8 powered Galaxies, Impalas, and Furys). Yet Mercury offers you far more of everything you want in a car.

Some new-car buyers are skeptical when we tell them this price story. Here are some of the questions they ask—and our answers:

Q. "Do you mean Mercury is now a low-price car? Did you reduce prices?"

A. "Yes. Monterey prices are now $174 lower, and include many extras that are now standard equipment."

Q. "But in your price comparison, aren't you talking about a 'stripped' Mercury—with rubber mats, plain interiors, no equipment, no glamour?"

A. "No, we're talking about a de luxe-appointed Monterey with beautiful nylon interior and deep, thick carpeting. The comparison is fair."

Q. "Do all Monterey models have as good a price story?"

A. "Yes, within a few dollars. It's the most amazing value story ever offered. Just read below."

*Based on comparison of manufacturers' suggested 1960 retail base prices for lowest priced V-8 powered models.

MERCURY ADDS UP TO A BETTER LOW-PRICE CAR—Mercury has a 7 to 8 inch longer wheelbase than Galaxie, Impala, and Fury + 289 to 494 pounds more weight + up to 23% more insulation + more spacious passenger compartment + self-adjusting brakes + up to 28% more visibility + more luxurious interior + finer quality (every Mercury is road-tested before it is shipped, not just spot-checked as *all* other low-price cars) = **Smoother ride, extra satisfaction.**

Mark Twain Characters Featured In Musical Show of Junior High

"Mississippi Melody," an operetta adapted from Mark Twain's "Adventures of Tom Sawyer" and "Huckleberry Finn," will be presented by the Belmond junior high school music department a week from tomorrow, March 18, at the high school auditorium. Curtain time will be 7:30 p.m. and the production will be under the direction of DeEtta Brownfield, grade and junior high vocal music instructor.

Miss Brownfield predicts this will be the finest operetta the junior high has presented, thanks to exceptionally good talent and the excellent writing and lilting music that "Mississippi Melody" offers.

All the familiar Mark Twain characters are brought to life in this new operetta, written only last year. Its principal roles will be filled by Jim Erickson as Tom Sawyer and Stephen Hinman as Huckleberry Finn, with Barbara Packard playing Tom's sweetheart, Becky Thatcher.

A typical musical episode involves the famous fence-whitewashing scene, during which the happy painters carol, "Ain't It Fun to Do What You Don't Have to Do?"

Artistic license permits addition to the cast of Twain's beloved Puddin'-head Wilson, from another book, with Dudley Bonte playing the part. Terry Armour is cast as Joe Harper, Jim Gabrielson as Ben Rogers, Mickey Ketchum as Tom's "sissy" half-brother Sidney and Dixie Steenblock as Widow Douglas.

Matching the romance between Tom and Becky is that involving Tom's cousin Mary, portrayed by Lynne Trafford, and Dennis McNulty as Steamboat Sam.

Other roles are filled as follows: Mary Jane Waddington as Aunt Polly, Janet Lipscomb as Miss Watson, Connie Benway as Mrs. Phelps, Jeanne Finn as Ella Mae, Tony Mosiman as Jim the Negro boy and Twyla Stadtlander as his Mammy, Virginia McClure as Mrs. Harper and Cindy Musselman as her daughter Susy.

An eigth-voice ensemble will support the principal singers and an ensemble of 60 boys and girls will take part in the production numbers.

COMING EVENTS —

THURSDAY, MARCH 10—

Circles of the WSCS of the Methodist church will meet at 2:00 p. m.

Esther circle meets with Doris Musselman. Co-hostesses are Jane Walrod and Marian Smith.

Martha circle will meet with Mrs. R. W. Courson. Assisting her will be Mrs. Stanley Moe and Mrs Rex Fetrow.

Ruth circle is to meet with Marie Baxter. Assistant hostesses are Vanetta Black and Cora Greenlander.

Mary circle meets at the church Hostesses are Marie Berns, Mary Faulhaber and Lavonne McCoy.

TUESDAY, MARCH 15—

Newcomers club will hold a dinner meeting at Blue Bell tea room at 6:30 p. m.

● Belmond Locals

Mr. and Mrs. Tony Servantez and children of Mason City were dinner guests and visitors Sunday in the Fred Wenzel, Jr., home

Mrs. Helen Casperson of Garner was an over-Sunday guest of Mrs. E Purcell.

Mrs. Emma Leonard accompanied by Mrs. Arnold Mennenga and son Kyle returned home Friday after a three-week trip and visit in the home of Mrs. Mennenga's son-in-law and daughter, S/Sgt. and Mrs. R. J. Rothstein, at Gulf Port, Miss. The Rothstein family will leave soon for Watertown, N. Y., where they will make their future home and Staff Sergeant Rothstein will continue his radar work.

Hy-Line
LAYERS
Earned Popularity

Hy-Line white-egg layers earn their position as the world's most popular by improving your chances for egg profits.

These harder-working layers consistently prove their superiority in thousands of laying houses and in official Random Sample Laying Tests. Compared to the average of 9 other nationally-sold layers entered in 18 Random Sample Tests during 1957 and 1958, Hy-Line layers showed these advantages: 17½ more eggs per bird; 4.2% higher livability; .3 pound less feed per dozen eggs; ½¢ higher market price per dozen eggs.

Hy-Line layers . . . by excelling in these 4 important income factors . . . can improve your profit chances. Order now.

Dave Long Picked For ISTC Office

Dave Long, son of Mr. and Mrs. L. C. Long, was elected vice president of the Iowa State Teachers college Student League board as students on the Cedar Falls campus recently elected to fill leadership positions for the 1960-61 school year. Dave will be a senior next fall

He has held a variety of campus positions during the current school year, including on the Intra-Fraternity Council, Associated Men's Residence Halls and a lesser post on the Student League board.

It will also be of interest to Belmond people that the vice president-elect of the Associated Men's Residence Halls is Kent Leinbach of Rockwell City. He is a nephew of Dr. S. P. Leinbach and son of Roger Leinbach, former Belmondite. Kent is a freshman.

This area supplied other ISTC campus officers in Cozette Lau of Klemme, treasurer of the Associated Women Students; and Marcia Akers of Hampton, president of Campbell Hall.

In addition to Long, North Iowa conference schools had two other alumni elected to offices: Dennis Hendrickson of Northwood, secretary of the AMRH; and Jerry Fox, Osage, secretary of the Men's Union.

Last Night School Ag. Class Monday

Cost of farm machinery and budgeting for its purchase will be discussed at meeting of the adult class in agriculture to be held next Monday at 7:30 o'clock at the high school shop building.

Darwin Schroeder, class director, observes, "With the cost of farm machinery at its present level, it is difficult to maintain net worth if a large amount of unnecessary machinery is carried on the farm inventory."

For this reason, he says, a farmer should use one of the methods readily available for determining the per-acre cost of using a machine before investing in it.

"Many farmers on larger acreages have been buying diesel units without first figuring whether they are actually saving money or not in doing so," Mr. Schroeder continues.

He adds, "Expensive windrow machines cannot be made to pay out on low profit crops such as oats, unless some custom work is done."

This will be the final meeting of the current year's night school course in agriculture, Mr. Schroeder says this year's program was one of the most successful held in some time and expresses his gratitude to the class members for their faithful attendance.

BEN WILSON DIES AT 79

Mrs. Swen Swenson received word last week of the death on Thursday of her brother, Ben Wilson, at Minot, S. D. Funeral services were held Monday at Minot, where burial also took place. Mr. Wilson was 79.

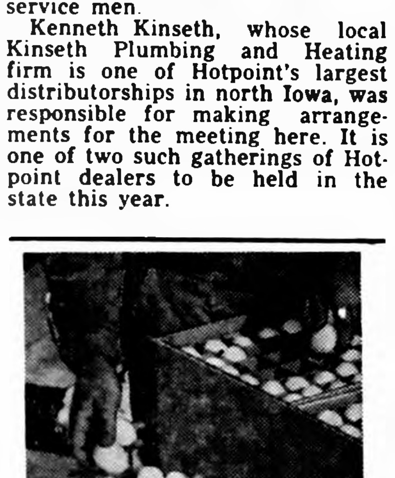
JEANNIE NUEHRING ILL

Ruth McLaughlin received word last week that Jeannie Nuehring, formerly of Belmond, is seriously ill and hospitalized. For those who would like to write to her, her address is: Bay City Community hospital, 600 South Hawthorne Blvd., Hawthorne, Calif.

Hotpoint Dealers Here for Parley

Veterans' Memorial hall today is the site of an all-day sales and service school for Hotpoint appliance dealers from throughout the north half of Iowa. Four district representatives of the appliance company and the operating manager for the Iowa division are here to pass the latest word on Hotpoint equipment to the salesmen and service men.

Kenneth Kinseth, whose local Kinseth Plumbing and Heating firm is one of Hotpoint's largest distributorships in north Iowa, was responsible for making arrangements for the meeting here. It is one of two such gatherings of Hotpoint dealers to be held in the state this year.



17 Extra Eggs
from
Hy-Line
LAYERS

High egg production is a big factor in earning high laying flock profits. And in 18 official 1957 and 1958 Random Sample Laying Tests, Hy-Line layers averaged 17½ more eggs per bird than the average of the 9 other nationally-sold chicks . . . 51¢ more income over feed and chick cost.

2 Farm Auctions Dairy Sale Listed

Three public auctions are advertised in this issue of The Independent for the next week's time. First is a dairy dispersal sale to be held Friday by Wallace Kreitlow, east of Kanawha, at which 29 head of Holstein cattle will be sold.

Next Monday, Oren Thompson is holding a close-out sale of his farm machinery and equipment, plus a herd of 54 Holstein cattle and various dairy equipment. This farm is northeast of Kanawha.

Howard Smith, who has been farming 1½ miles south of Alexander, next Thursday will sell his farm machinery and equipment, having decided to give up farming.

Library Official Visits Belmond

Christine Coffee of Des Moines, extension director for the Iowa State Traveling Library, conferred Tuesday with Librarian Faye Colby and members of the city library board.

Purpose of her visit was to inspect plans that have been drafted for expenditure of the $5,000 federal grant allowed the local library earlier this year.

Miss Coffee was accompanied by a Mrs. Womack, who is children's specialist with the traveling library.

DANIELS ON DEAN'S LIST

PELLA (Special) — Marlin Daniels of Belmond has been named to the dean's list for academic achievement during the first semester of the 1959-60 school year at Central college.

Cards of Thanks

My sincere thanks to all my relatives, neighbors and friends who remembered me with gifts, flowers and cards during my stay in the hospital and since my release. A special thanks to Rev. Hoekstra for his visits and prayers. It was all very much appreciated. Mrs. Ted Vierkant 23t1*

In the midst of our sorrows, we wish to express our heartfelt thanks and appreciation to our many relatives, friends and neighbors for the kindness and sympathy shown us in the loss of our beloved husband and father. For the many floral offerings, memorials, calls, cards and food that was brought in. The Mission Guild for serving lunch. We especially wish to thank Rev. Brandt for his consoling words. A thank you to the doctors and hospital staff of the Belmond hospital and to the blood donors. Mrs. Dick Barkema and children and families. 23t1*

I wish to thank all those who remembered me with cards, letters and gifts while I was a patient in Belmond Community hospital. A special thanks to the doctors and hospital staff for the fine care received. Rollin Mosiman. 23t1*

We wish to express our appreciation for acts of kindness and gifts during the illness and death of our loved one, Fred Johnson. A special thank-you to the VFW ladies for the lunch, to those who served during the military service and to Rev. Hill. The brothers and sisters. 23t1

In Memoriam

In loving memory of our husband, father, grandfather and great grandfather, Dirk Dirksen, who passed away one year ago, March 9, 1959.

Beyond the sunset
Lying silently at rest
Is our dear father,
The father we love the best.
What we would give if
We could say "Hello father"
In the same old way.
To hear your voice, to see your smile,
To sit with you and chat a while.
No one knows, only those who care
The heartache of a vacant chair.
Gone from our house, the earth no more to trod,
He was called up yonder,
It was the call of God.
God took him home, it was His will
But in our hearts he liveth still.

Sadly missed by his wife, children, grandchildren and great grandchildren. 23t1

Can I Rent a Hearing Aid?

At Physicians Hearing Aid Center in Mason City, you can try out a hearing aid for a small rental charge.

In many cases, it is advisable to try out a hearing aid before purchase. This gives the wearer an opportunity to test the hearing aid in actual use over a reasonable length of time. And when a purchase is made, the amount of rental paid is applied towards the cost of the hearing aid selected.

Physicians Hearing Aid Center Offers:

Professional testing and counselling facilities.

Qualitone and Acousticon hearing aids.

Vicon aids for very hard of hearing.

If you have been told "I am sorry I cannot help you" try "Vicon."

Hearing aid rental service.

MR. AND MRS. MARVIN C. WOODFILL

Elaine Kuhlers, Marvin Woodfill Spoke Nuptial Vows February 27

The First Reformed church of Meservey was the scene of the candlelight wedding of Miss Elaine Joann Kuhlers, daughter of Mr. and Mrs Edward Kuhlers of Meservey, and Marvin C. Woodfill, Ames, son of Mr. and Mrs. Marvin C. Woodfill of Strahan. Rev. Charles P Johnson performed the double-ring ceremony Saturday evening, Feb. 27, at 7:30 o'clock before the chancel which was decked with baskets of white gladioli.

Mrs Elmer Dorenkamp played nuptial music and accompanied Mrs Dudley Conner, aunt of the groom, as she sang "Until", "Oh Promise Me" and "Oh Perfect Love".

The bride, given in marriage by her father, wore a bridal gown of white taffeta combined with Chantilly lace The molded bodice featured a pleated taffeta band emphasizing the Empire line; a scalloped scoop neckline and long tapered sleeves extending to bridal points at the wrists. The taffeta skirt, highlighted by sequin embroidered lace applique, had a graceful chapel train. She wore a finger-tip veil of pure silk, illusion tulle with hand-rolled edges held in place by a pearl edged, lace crown with pearl and sequin trim. She carried a white Bible with a bouquet of pink sweetheart roses.

Joan Schreiber of Knoxville, college friend of the bride, was maid of honor Bridesmaids were Mrs Edward Gene Kuhlers and Mrs. Marlyn Kuhlers, sisters-in-law of the bride. All three wore ballerina-length gowns of shades of blue satin with a fitted bodice and bouffant skirt. The colors were royal blue, copen blue and baby blue respectively. They wore white gloves and white veil headdresses. They carried bouquets of white carnations.

Denelda Johnson, daughter of Rev. and Mrs. Charles P. Johnson, was flower girl. Her dress was of copen blue satin, styled with a short, full skirt and trimmed with white lace.

Samuel Leffler, a college friend of the groom, served as best man. Groomsmen were Edward Gene and Marlyn Kuhlers, brothers of the bride Mark Fischer, son of Mr. and Mrs. Dale Fischer, was ring bearer. All the men in the wedding party wore dark suits and white carnation boutonnieres. Robert Woodfill and Ellen Conner, brother and cousin of the groom, were candlelighters. Ushers were Jerry Suntken, cousin of the bride, Fritz Burns, Chester Comstock and Roger Risdall, college friends of the groom.

The mothers wore gowns of powder blue lace with blue and white accessories Their corsages were of pink sweetheart roses with white carnations The grandmothers, Mrs. Henry Suntken, Meservey, and Mrs. Carl Wilson, Malvern, wore corsages of pink carnations.

Following the ceremony, a reception was held in the church parlors. Mr. and Mrs. Dale Fischer, cousins of the bride, were the dining room hosts. Mr. Fischer also headed the receiving line. Mrs. Wayne Anderson of Des Moines, cousin of the groom, was in charge of the guest book.

Mrs. Genevieve Suntken of Belmond cut the five-tiered wedding cake. Dena Kuhlers of Meservey and Mrs. Emil Dorenkamp of Thornton served coffee and Mrs. Bert Suntken of Meservey served punch. They are aunts of the bride. The gifts were opened and displayed by Dorothy Waddingham, Meservey, Mrs. Gary Wood, Klemme and Martha Schotten, Steen, Minn.

The waitresses were Janice Waddingham, Mardell Stadtlander, Judy Suntken, Janice Meinders, Mrs. Ronnie Symens and Mrs. Bill Neuberger.

The bride wore a beige suit with brown accessories and a corsage of pink sweethearts roses for going away. Following a short trip the couple will live in Ames. The groom is an instructor at Iowa State university in the department of electrical engineering. The bride, who previously attended Central college in Pella, will continue her studies at Iowa State.

Mrs. Harry Kuhlers drove to Mason City Saturday to bring Harry home from the hospital after he had undergone surgery on Tuesday.

Harold Bieman is still quite sick at his home after having been a patient at the hospital at Mason City.

Mr and Mrs. Chuck Goll and sons from Garner were Sunday visitors at the Onno J. Suntken home. Evening visitors were the Herman Stadtlander family.

Joyce Nordman, Donnie Dirks and Glenn Greer returned Monday to Iowa State university at Ames after spending the past 10 days at home.

Mrs. Onno Suntken and Audry, Patty Standlander and Mrs. Engle Fekkers went to Clear Lake Sunday for the home show.

Mr and Mrs. George Dirks, Mr. and Mrs. Herman Kuhlers and Alvina Kuhlers visited last weekend at the home of the Kuhlers' daughter and family the Rev. and Mrs. Moss at Parkersburg.

Dixie Lee Koenen entertained a group of young people at a theatre party followed by a lunch and entertainment at her home on Saturday evening.

● Belmond Locals

Mr. and Mrs. Duane Young and daughter Mary Beth of Waverly were visitors in the Harley Thompson home on Tuesday of last week.

Mr and Mrs. Ed Landsberg and daughter Martha Ann of Britt were Sunday evening dinner guests in the Ed Schmidt home.

If there be any other commandment, it is briefly comprehended in this saying, namely, Thou shalt love they neighbour as thyself.
—Rom.13:9

Hampton Plans Curb-and-Gutter; Belmond Doesn't

Most of the time we're pretty satisfied to be living in Belmond. We're fortunate beyond most Iowa communities of our size from a great many standpoints. It's a friendly town; it's endowed with industries that have kept it flourishing while many of corresponding size are languishing; it is exceptionally well equipped with good schools, good medical and hospital facilities and recreational facilities; it has an excellent library, fine churches.

But we're ashamed . . . ashamed . . . ASHAMED of Belmond's streets. This statement will come as no sudden shock to readers of this column, because the same sentiment has been expressed here dozens of times.

Why, then, this latest outburst? It is prompted by reading in the Hampton Times that the neighboring Franklin county seat on Tuesday of next week is holding a hearing on the construction of curb and gutter on all streets in the east half of Hampton.

If, after the hearing is held, the city council decides to go ahead with the plan — and it is privileged to do so, regardless of the number of objections that might be received — contract for the job will be let promptly with the intention of having the improvement completed by the end of the summer.

We are frankly envious of Hampton. Not so envious that we're of a mind to move there in hope of enjoying a paved street in front of our home this side of the millenium. We'll still take Belmond, thank you. But for the life of us we can't see why Hampton residents can any better afford this important step toward good, permanently-surfaced streets than OUR home town.

SOMETIME, we remain convinced, the people of Belmond are going to see the light and DEMAND that they be provided streets that are on a par with the comforts and conveniences of their homes. It is utterly ridiculous that privately we can afford television sets, automatic washers, hi-fi's and the multitude of other luxuries the typical Belmond home possesses — and CAN'T, as a community, afford the basic convenience and economy of good streets.

One aggressive municipal administration could get the ball rolling with enough momentum that it wouldn't stop until we HAD the kind of streets we need and CAN afford. Speed the day when we may find such administration with the reins in hand.

The mortality tables give yours truly another 30 years or so before we need anticipate the man with the scythe taking a swipe at us. It would pleasure us considerable if, by the time the day arrives, the hearse could haul us to the southeast pasture without dropping bolts on the way.

Manufacturers, Farmers Make Strange Bedfellows

It is not too often that you find the Iowa Farm Bureau Federation and the Iowa Manufacturers association trotting amiably in double harness. Not that many of their objectives are unalterably opposed; but, as a general rule, they simply haven't too many objectives in common.

Consequently, it was enough to give some pause for thought when the IMA board of directors went on record a couple of weeks ago as opposing a constitutional convention for the purpose of revising and amending the Iowa constitution.

Primary purpose of such a convention would be to achieve reapportionment of the legislature. As an alternative, the IMA board called upon the 1961 Iowa legislature to reapportion the membership of its two houses "on an area basis in one and on the population basis in the other."

That recommendation could, of course, be lifted word for word from the Farm Bureau's resolution pertaining to the same matter. The IMA puts its finger on the reason for its stand when it declares that reapportionment can be "more effectively and practically accomplished" through the legislature — and then adds, "in that way, the amendment to the Iowa constitution can be limited to reapportionment."

It further emphasizes the true reason for its stand by pointing out that "a constitutional convention could change other provisions of the constitution and the changes or constitutional revision WOULD NOT HAVE TO BE SUBMITTED TO THE VOTERS FOR THEIR APPROVAL."

The capital letters are ours, to underline the drastically different incentive the IMA has for a stand on reapportionment that duplicates that of the Farm Bureau. The IMA is actually much less concerned over equitable representation in the legislature that it is with other eggs that might find their way into the constitutional convention basket.

What the Iowa Manufacturers fear is that our "right to work" law will be axed if a constitutional convention is called. Iowans in general have good reason to harbor the same fear. Two factors, above all others, have created the favorable climate that has attracted vast amounts of new industry to this state in recent years — an ample pool of intelligent, skilled labor . . . and the "right to work" law that prevents irresponsible labor leadership from obtaining stranglehold control over Iowa's workers.

It's a very real factor to be considered in deciding on the advisability — or inadvisability — of holding a constitutional convention. It is a question that the voters will be called upon to settle in November; and it will behoove the rank and file of them to remember that the action of such a convention CAN prove much less democratic than correcting our faults by legislation.

Clipped Comment

From the Typewriters of Other Editors

Price of Political Office "in Orbit"

Bill Murray, who was defeated for Iowa governor at the last election, had ambitions to become a candidate for the United State senate. He was encouraged by many of his friends to enter the senate race, but the friends who wanted him to run were unable and unwilling to put up the money to finance the campaign.

IT IS ESTIMATED THAT IT would take at least $100,000 to pay the expenses of a primary and a general election campaign for U. S. senator in Iowa. Prof. Murray doesn't have that kind of money. The late campaign for governor is said to have cost upwards of $50,000.

The money was put up by friends and political organizations. They won't do it again because he did not do well as a candidate. A political campaign is somewhat like a horse race. A candidate who has been a loser, like a horse which has never come in first in a race, isn't one that promoters are willing to put their money on

COST OF POLITICAL CAMPAIGNS have gone up so high that only the rich can afford to run for a high office with any fair chance to be elected There are both national and state laws to limit campaign expenses but they haven't helped. There are too many ways of getting around these laws without openly violating them.

The high cost of getting an office has been keeping many good men out of them. —**Grundy Center Register**

Blankety-blank Forms!

This week we have an observation from a Sheldon man who had just gone through the painful process of preparing a fistful of government and state tax forms, including W-2, IT-54, Schedule A and Schedule B of 940, IT-5, (Rev.), W-3, 941 and ST-50.

He says that when he finally finished the last one and threw it with the rest on a sizable pile, a phrase came, unbidden to his mind, as follows: "I'd like to get my hand on the blank blank blank blank that makes up those forms!"

THIS WAS ALL THE MORE UNUSUAL because he does not make a habit of using language of this nature, which might be fit enough for a paper back novel but does not pass approval for a family-type newspaper such as ours.

Regardless of this, we listened to him with deep sympathy, because we knew exactly how he felt.

When you come right down to it, that's precisely the right phrase. — **Sheldon Mail**

Labor Hasn't Been Farmer's Friend

We'd wager there were all too few "city folks" watching a television interview with Secy. of Ag. Ezra Benson Sunday when he stated that the cost of food at the grocery store could not be blamed on the farmer producer.

An interview on a farm subject is not what "city folks" would give a high viewing rating, but they could have learned a lot on farm economics.

BENSON KNOWS THE CAUSE of the "farm recession" but can he do anything about it? He blamed ever-increasing costs of things the farmer has to buy, while at the same time he is receiving the same or decreasing prices for things he sells.

The price to farmers for their products has been stable, but the retail cost at the store has gone up in many cases. This is due to increasing costs of distribution, packaging, and preparation. Labor costs are the big end of it.

The government is spending $1 million daily on storage costs but little of it is going to the farmer. Commercial warehouses and storage firms are getting a good share of it.

HE OPPOSED THE ESTABLISHMENT of a minimum wage for farm labor, saying that he is supporting efforts to keep farm costs from rising. He should also go to bat for farmers in other areas of farm costs and get powerful labor unions to hold the line on wages

Farm costs have risen mainly on the things made by members of big unions which have dictated conditions to manufacturers. The manufacturer then has only one way to go with prices and that is up. Then the farmer is the scapegoat and winds up paying the bill for everyone.

AUTOMATION IN INDUSTRY is a wonderful thing but monopolistic unions will not allow manufacturers to pass on savings in the form of lower prices. The big unions want an ever-in-creasing slice of the pie, and suffer in the end by inflating the costs of the very things they themselves buy.

The federal government acted 40 years ago to bust up big business monopolies and the time is approaching when it will have to include some labor unions under similar anti-trust laws. — **Britt News-Tribune**

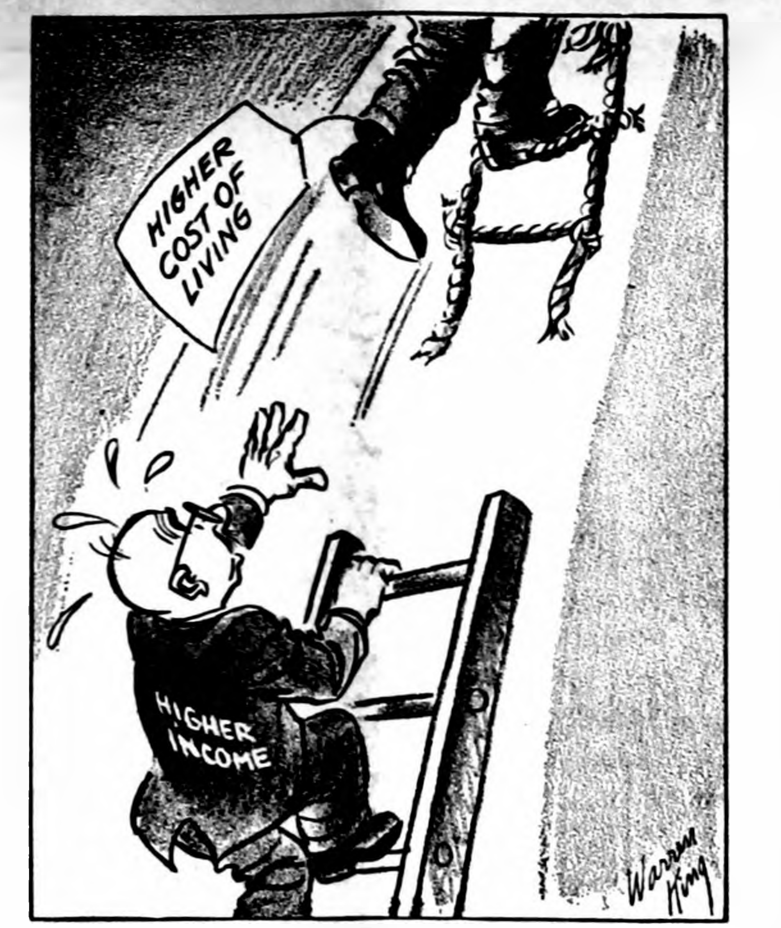
For a Happier Family

The world is heavily populated with individuals who would do "great things" if they had fine positions or plenty of money. However, the world has very few men or women who are striving to do the little things in life in a manner that befits the doing of the greater things.

There is much talk today, for example, about the value of family life. What do the average father and mother, in this day, do for the benefit of family life?

FOR THAT MATTER, WHAT contribution does the young son, or the young daughter, feel impelled to make in developing a happy family circle that, in too many instances, is but a theory?

Happy family life is a cooperative affair. It does not depend on father or mother, or son or daughter, alone. Unless all work for the common good, unless all members of the family try to be as unselfish as possible, then there can be no completely happy family circle. But it is worth thinking about and working for. What are you going to do about it? — **Lake Mills Graphic**



Another Space Race

SCANNING THE HORIZON

WITH YE ED

"RATHER UNIQUE"—

As we were just now riding down to the office, listening to a snatch of radio program, we heard an announcer making what is one of the most common mistakes of word usage in the English language.

"Yes," he said, "it IS rather unique."

How often you hear that something is "rather" unique . . . or "sort of" unique . . . or "especially" unique.

What the person is saying is that the object of conversation is "rather" or "sort of" or "especially" the only one of its kind. Makes sense? Not very much, does it?

Yet, a field representative of the U. S. Department of Health, Education and Welfare recently explained a visit to Mason City to see how KGLO's television class in Spanish is conducted said the trip was prompted by the fact that the class is "rather unique."

Webster defines "unique" as "Single; sole. Being without like or equal; single in kind or excellence; unequalled."

It's almost reached the point where it's next to unique to hear the word correctly used. Or should we say, rather unique?

IT ALL DEPENDS—

From Standard Oil company's new "Digest of Farm News" (whose Volume I, Issue 1 has just come off the presses) we borrow this one which reminds us of certain second-guessers we've known:

One of the greatest marksmen of the FBI was passing through a small town and everywhere he saw evidences of the most amazing shooting. On trees, on walls and on fences there were numberless bull's-eyes with the bullet hole in the absolute center. He asked to meet the person responsible for this remarkable feat. The man turned out to be the village idiot.

"This is the most wonderful marksmanship I have ever seen," said the FBI man. "How in the world do you do it?"

"Easy as pie," replied the village idiot. "I shoot first and draw the circle afterward."

GETTIN' FAT CHEEKS—

Guess that until we trim down a bit, as our missus urges we should, Yours Truly had better skip tongue-in-cheek remarks. Apparently the chipmonk cheeks prevent the tongue bulge from being detected

Last week in Main Street we made a kidding remark about dust on the basketball bangboard supports we clambered on top of to get that picture of the Bronco cagers.

Janitor Bill Gifford thought we were actually criticizing his housekeeping at the gym. Needless to say, we weren't. But Bill takes justifiable pride in the slick-as-a-whistle condition he keeps the gym in and didn't like the crack, all the same.

We've tendered our apologies to Bill — and you yahoos up at school who have been kidding him about it, lay off!

FROM A. NONY MOUS—

We hear from time to time from that periodical correspondent of all newspapers, A. Nony Mous. It's a strange thing; more often than not, the subject of the unsigned missive is a matter that isn't too much of the writer's business.

This letter we got last week wanted to know why The Independent hadn't published any report of an engagement of the writer's knowledge.

While it is probable that news of most of this area's betrothals are duly reported to this newspaper and thereupon made public, usually accompanied by a picture of the bride-to-be, the announcement is not made BY the Independent.

It is the responsibility of the betrothed girl's parents to make the matter public. And if they choose not to do so, we feel it's a private enough matter to be none of our concern.

SCHOOL ELECTION? —

In case the three dozen or so conscientious voters who used to cast ballots in the annual March school elections are wondering what's up, we wish them to know that starting this year Iowa school directors are being elected the second Monday in September.

The 58th General Assembly amended the law on school elections, setting the new date. The second Monday in March previously was the day that voters stayed away from the polls in droves.

Time was when March was local election month, both for the choosing of municipal officers and school directors. Several years back, the time of city elections was shifted to the traditional November election day of the first Tuesday after the first Monday — in "off" years, when no state and federal officers are being elected.

Although in late years it's been the exception rather than the rule, a few decades ago Belmond used to witness some pretty red hot municipal ballot battles. Note this week's 'Way Back When item of 30 years ago which reports FOUR mayorality candidates with their hats in the ring — and a fifth in prospect!

● **Modern child guidance books** seem to make the big point of the lesson that the parent shouldn't talk back. — **Algona Advance**

From our EARLY FILES

AS REPORTED IN:
The Independent
The Herald-Press
And The
Iowa Valley Press

TEN YEARS AGO—

H. E. "Hub" Colby has been promoted by Manager Gene Woolley to the position of elevator supervisor at the General Mills plant. The position had not been previously filled.

—1950—

Roger Ubben and Dick Elliott have been selected to receive expense-paid trips to the National Boy Scout Jamboree at Valley Forge, Pa., this summer. Their expenses will be met from the proceeds of the Town and Country Quiz recently sponsored by the Scouts.

—1950—

Curtis Rise, for more than 10 years an employee of the Belmond Co-op Creamery, has been named by the board of directors to succeed Harold Hemmingsen as creamery manager as of April 1.

—1950—

In the school election to be conducted next Monday, R. A. Henderson will be seeking a fifth term as a member of the Belmond school board.

—1950—

A good share of the some 150 followers of the BHS basketball team who witnessed the Broncos' 34-31 win over Algona at the Humboldt sectional tournament Tuesday night were unable to make it home on account of the blizzard.

—1950—

Bonnie Abbas of Belmond was winner of the annual Wright county spelling contest held last Saturday at Clarion.

TWENTY YEARS AGO—

O. H. Leary, local M. & St. L. depot agent, is being transferred to a similar position at Newton as of March 16.

—1940—

Mr. and Mrs. E. L. Tiede, who in the early years of Belmond operated here one of the outstanding department stores of north Iowa, on March 3 at their home in Santa Ana, Calif., celebrated their 63rd wedding anniversary.

—1940—

An announcement is made today by Guy Baker of the Baker Dairy that he has purchased a modern pasteurization plant.

—1940—

In Monday's school election, Dr. S. P. Leinbach was elected to the board to succeed W. H. Trafford. Only 61 ballots were cast.

—1940—

Incumbent city officers will be unopposed in the election to be held March 25, as no other ticket was filed ahead of the deadline. Dr. R. T. Coe will again run for mayor and candidates for the council are R. L. Kinseth, Stephen Hardwick, A. J. Meints, Fred Fulton and A. C. Hanson.

—1940—

Goodell voters last Thursday approved a new 20-year franchise for Central States Electric company. Favorable ballots were cast by 73 and 39 were opposed.

—1940—

Frances Braun and Dwight Tyrrell will represent Belmond in the county spelling contest Saturday at Clarion.

THIRTY YEARS AGO—

About 150 Dads and Legionnaires assembled Thursday night for the post's annual Dad's Night. A talk was given by Dick Dirks, former German soldier. After the program at the Legion Hall, the group went to the Lyric theater and everyone seemed to enjoy the picture, "Loose Ankles."

—1930—

Belmond's Broncos upset the heavily favored Goldfield team in the finals of the sectional basketball tournament at Goldfield last Saturday night, 25-24. They will now play Britt in the first round of the district tournament at Mason City.

—1930—

S. G. Thompson of Des Moines has purchased the stock and plumbing business of W. J. Pech. Mr. Thompson is a former Clarion resident.

—1930—

A red hot mayorality race is in prospect in Belmond. Four candidates have already filed, including the incumbent, T. A. Davenport. Others are J. H. Fetrow, E. F. Bailey and H. C. Thompson. It is reported that A. W. Russell is also getting petitions signed.

—1930—

Christian Hill, 90, father of A. W. and H. N. Hill, was killed in an accident Sunday when he fell down the cellar stairs at the S. W. Luick home.

—1930—

Within a period of four hours last Thursday, Sheriff Dan Leonard sold five farms at mortgage sale, which is believed to be a record.

FORTY YEARS AGO—

Land transfers and deals in which settlement was made through the Belmond banks and real estate offices on March 1 reached the enormous sum of $2,622,000.

—1920—

Miss K. Liddle has been employed to serve Wright county as a public health nurse, her salary to be paid jointly by the Red Cross chapters at Belmond, Clarion and Eagle Grove.

—1920—

Construction of the clubhouse at Clarmond Country club is to start as soon as weather permits and it is expected that the grounds and building will be complete for the grand opening on July 4th. The grounds cover 53 acres.

—1920—

The Belmond Home Building Co. is now perfecting plans to build 24 new residences in Belmond this year.

—1920—

Some sneak thief has been doing a lot of thievery in Belmond lately. His specialty is taking the removable parts of autos. Magnetos, spark plugs and extra tires have been disappearing in quantity.

—1920—

Jerry Beenen of Alexander who has been attending school at Iowa Falls spent over Sunday with home folks.

—1920—

Last Wednesday's blizzard cut local school attendance to the lowest point reached during the current school year.

FIFTY YEARS AGO—

The announcement of County Supt. O. H. Benson for re-election appears in this issue. He has proved a model superintendent and will undoubtedly be accorded another term as he deserves.

—1910—

It was Simon Simerson instead of Simon Bohning who bought the C. J. Dorr farm recently.

—1910—

A. C. Hinman had 10 ears of corn tested. Only one of them was fit to plant and that was picked before the frost.

—1910—

Theodore Ziska has thrown up his job at Council Bluffs on account of having to work 19 hours out of the 24. He left today for Kanawha, where he will work for Geo. Baldridge.

—1910—

About an $80 house greeted the home talent production at the Opera House last night. The play, "Davy Crockett," was well staged. Mr. Hodge's work with the Indian clubs and baton verged on the professional and Dell Rankins' acrobats received merited applause.

—1910—

J. H. Fetrow is running the express wagon in order to give "Bob" Tomlinson a fair fight with the grippe.

—1910—

Theo. Wendel of Meservey returned last Saturday from his trip to Germany. He makes this trip every year and this time was gone about three months.

Know Your Businessmen—

Berns Runs "Service," Not "Filling" Station

Some gasoline and motor oil emporiums may be called "filling stations," but Gerald Berns will have you know that his Conoco business on Highway 69 is a "service station." He puts a lot of emphasis on that "service." He gives it credit for the fact that since he took over the location in 1947, in every year his volume of business has exceeded that of the one before.

Gerald was born at Des Moines, but the capital city was his home for only four years. Then his father died, and in the years that followed — particularly after he got old enough to fend for himself he lived as he puts it "in a whole lot of places."

He became a resident of the Belmond area when his mother remarried, her second husband being the late Frank Wolters, who farmed southeast of here. Gerald was a student at Belmond High school until a siege of ill health forced him to quit school in his junior year.

He "sunk stakes" in Belmond when he obtained a job as service man at Belmond Auto company in 1934. For the next 13 years he worked for George Heginger and Louie Tokman and picked up a great many tricks of the trade that have been valuable in better serving his customers since he's been in business for himself.

He bought what was then the local D-X business from Ray Barry, leasing the station proper from Ralph Hofer of Clear Lake. About five years ago, Gerald switched to the Conoco line of petroleum products.

Business was good from the outset — but not so good but what, as has been noted, it grew a fair bit better year by year. It was back in 1950 when he and his landlord first began talking of adding another wash-and-grease stall to the station.

The Korean conflict put the quietus on those plans for the time being; but last year no choice remained but to expand the station's facilities. Gerald and his crew simply couldn't handle all the trade that was coming the station's way without more room to work in.

So last fall, the new stall was started — and it went into use about the first of this year. Gerald says his business is about evenly divided between the sale of petroleum products and allied items, and the servicing of his customers' cars.

"We try to give the best service possible, in order to win — and to keep — the confidence of the people who trade with us" Gerald says.

That "we" includes Ray Pals, who went to work for Gerald about six months after he acquired the station; Cloe "Joe" Angus, who's been an employee for seven or eight years; and Fred Cronk, who joined the Conoco staff about a year ago.

Gerald admits there is a "pesky" side to the business, such as wrestling off truck tires and making rust-frozen bolts submit to the wrench. It's enough to set a man talking to himself, now and then.

But by and large, Gerald — and he believes his help, too — finds a great deal of satisfaction in the variety of services performed at the station.

He adds, "A lot of the time little extra things we do to make a job 'special' seem to go unnoticed; but we get enough compliments on our efforts to know that most folks really do appreciate careful attention, even if they don't mention it."

GERALD BERNS INSPECTS INNARDS OF "PATIENT"

Gerald says the station has acquired quite a few "repeaters" among transient motorists, who drive in for gas and oil and remind him of some little favor performed for them on a previous stop.

One development in the service station business that has been particularly noticeable in the past four or five years, according to Gerald is the increasing use of credit cards. He declares that a large share of the "traveling public" now avails itself of this convenience, and each year more of his regular customers are making use of credit cards.

A chronic problem of all service stations is articles left in the waiting rooms by transients. Billfolds are left behind with fair regularity — and one lady was so absent-minded as to depart leaving a pair of diamond earrings on the edge of the sink.

Gerald's managed to return all such articles except one serviceman's billfold. Complete with a $5 bill inside it, it still awaits its owner's return.

We asked Gerald what, of all aspects of his business, gave him the most pleasure. He didn't hesitate a moment in replying, "A satisfied customer."

Kin of W. Jenkins' Seriously Injured

Raymond Ross of Byron, Minn., son-in-law of Mr. and Mrs. William Jenkins, is recovering at St. Mary's hospital, Rochester, Minn., from serious injuries suffered Feb. 17 in a farm accident.

His survival has confounded the staff doctors, who regarded his chances of recovery as very scant. He received severe burns about the neck and shoulders and both his arms were broken when his clothing caught in a tractor's power take-off.

Almost all of Raymond's clothing was stripped from him, except socks and shoes as he reached to turn off the power take-off after completing a job of feed grinding and apparently slipped.

His father, Omer Ross, Sr., was working with him and probably saved his son's life by quickly shutting off the engine. Raymond was rushed to Rochester, 10 miles away.

It has been necessary to keep his arms in traction until his burns have sufficiently healed that the fractures can be set.

Trouble has been besetting the Ross family in great quantity during the past year or so. The Rosses' four-year-old daughter, Lynette, is in a cast following surgery on her neck. An older daughter, Barbara, 13, was released from St. Mary's hospital only Feb. 11 with a cast on one leg following corrective surgery on her knee.

Mr. and Mrs. Ross have two other children.

2 BHS Alumnae Of Class of '97 Enjoy Reunion

Two early alumnae of Belmond High school had the pleasure of a reunion recently in Portland, Ore. They were Mrs. G. W. Wright, the former Zetta Thompson, and Mrs. Mabel Meeker Farrell, both of the Class of '97.

Mrs. Wright was visiting her son Carroll at Portland, where Mrs. Farrell moved some time ago from South Dakota and is now living at 1515 N Ainsworth street. Mrs. Wright makes her home with her daughter Loretta at 1901 Geneva street, Denver 8, Colo.

While in the northwest, Mrs. Wright also had the pleasure of visiting a member of the class of '96, Mrs. Sadie Cuppett Englet, who lives at 4034 Latona avenue, Seattle, Wash.

Besides Mrs. Wright and Mrs. Farrell, two other members of the Class of '97 are still living — Mrs. Maud Dunlap Cornell of Long Beach, Calif., and Frank Reese of Albert Lea, Minn.

Deceased members of the class are Anna Wallace Finch, Gail Clark, Harry Bryan, Edwin Sands and Willard Stapley.

DeLancey Attends Managers' Parley

Gene DeLancey, manager of the local Anthony department store, returned recently after spending six days attending the annual business meeting of C. R. Anthony store meeting of C. R. Anthony store managers at Oklohoma City, Okla.

Some 265 managers from all over the nation assembled at the Anthony headquarters for the occasion. A complete line of merchandise was displayed during the event to enable the managers to do their buying of fall stock.

C. R. Anthony, president of the Anthony chain, told the managers that 1959 was the biggest business year in the stores' history.

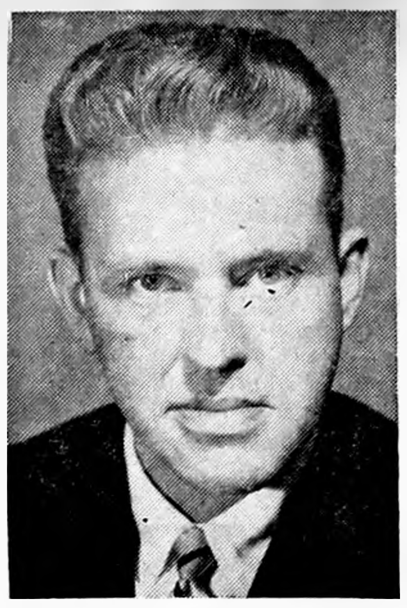
Hansen in States After Essex Tour

MAYPORT, Fla. (FHTNC) — Larry R. Hansen, airman, USN, son of Mr. and Mrs. Herman Kaduce of Belmond, Ia., returned to Mayport, Fla., Feb. 26, aboard the attack aircraft carrier USS Essex after a seven-month tour of duty with the U. S. Sixth Fleet in the Mediterranean.

The oldest active duty carrier in the Navy and second only to the old USS Saratoga in number of arrested landings made, the Essex is scheduled to enter the New York Naval shipyard for conversion to an anti-submarine warfare carrier.

During the cruise, which brought the Essex and her crew to all the major ports in the Mediterranean, she participated in various operational exercises and during December, in conjunction with President Eisenhower's goodwill tour, was host to 75 news media representatives and transported them from Greece to Africa and on to France.

As an anti-submarine aircraft carrier, the Essex's new home port will be Quonset Point, R. I.



JOHN HEALY

Rural Women Hear John Healy, Iowa Cancer Executive

Wright County Rural Women's Day was held at the Legion Memorial Hall in Eagle Grove last Wednesday night, at 7:30 o'clock.

John Healy of Mason City, executive director for the American Cancer Society's Iowa division; was the speaker. He joined the Iowa Division after serving overseas with the United States state department and the U. S. information agency.

He is a native of Philadelphia, Pa. He did his undergraduate college work at Georgetown university, the University of Alabama and Gettysburg college in Pennsylvania. Graduate study for his M. A. and Ph. D. followed at the University of Pennsylvania and at Marburg University in Germany.

Most recently in Iran, Mr. Healy was responsible for the information program of the United States government in southern Iran. Prior to joining the Department of State, he was a member of the political science faculty at Gettysburg college.

During World War II he saw service in Europe, both in combat and military government. He won the Bronze Star while a soldier.

Jack Burt Among Leading Farmers Visiting Capital

Jack Burt of Rowan was one of the 130 Iowa farm leaders who were visiting Washington, D.C., March 6-10.

The group conferred with Iowa's congressional delegation to discuss farm policy and other legislative issues. This is the fourth year that farm leaders from Iowa have made a Farm Bureau sponsored trip to Washington, D.C.

Leaving Chicago last Sunday, the Iowans arrived in Washington early Monday morning. After stopping at the office of Civil and Defense Mobilization, the group visited with two former Iowans — Marvin McLain, assistant secretary of agriculture, and Kermit Hanson, administrator of Farmers Home Administration.

The remainder of the day was spent in sightseeing, with stops at Mt. Vernon, Lincoln Memorial, Tomb of the Unknown Soldier and many other historic spots.

The second day in Washington started with a briefing breakfast with Farm Bureau legislative representatives in Washington. The Iowans were informed of the status of proposed legislation.

The farm leaders then visited Capitol Hill to sit in on hearings, view the two houses in session and visit with congressmen and senators. In the evening, the Iowans were host to Iowa's congressional delegation.

Wednesday was spent sightseeing and visiting the American Farm Bureau office. Leaving late Wednesday, the group returned to Chicago for stops today at the American Farm Bureau office and the Chicago Board of Trade. They are to return to Iowa late today.

COMING ATTRACTIONS

What's with the Beatniks? The opinion of Steve Cochran, who stars in "The Beat Generation," is: "They're nothing but deadbeat bums. They shirk work and responsibility, while pretending they are intellectuals. They're about as intellectual as they look." If you want to "dig" the beatniks and avoid being a "moldy fig," your best bet is to see "The Beat Generation," playing Thursday through Saturday. It'll open your eyes — but wide.

Put Doris Day, Jack Lemon and Ernie Kovacs together under one tent, you've got sure-fire ingredients for an entertaining show. The potpourri this trio is cooking up at the New Belmond this coming Sunday through Wednesday happens to to be called, "It Happened to Jane." It's a delightful story of a lady, a lawyer, a tycoon and — of all things! — a locomotive! Columbia Pictures claims it's "The year's liveliest, sparkiest, maddest comedy!" See it. You'll likely not be disposed to argue.

JOINS HISTORICAL SOCIETY

Mrs. Arba Selgilid, Belmond 6th-grade teacher, was among 49 persons elected to membership in the State Historical Society of Iowa during February.

Can I Rent a
Hearing Aid?

At Physicians Hearing Aid Center in Mason City, you can try out a hearing aid for a small rental charge.

In many cases, it is advisable to try out a hearing aid before purchase. This gives the wearer an opportunity to test the hearing aid in actual use over a reasonable length of time. And when a purchase is made, the amount of rental paid is applied towards the cost of the hearing aid selected.

Physicians
Hearing Aid
Center Offers:

Ubben to Receive Ford Sales Award

John Ubben of Belmond Motors, Inc., will be presented Ford Motor company's 300-500 Club award Saturday at a banquet in Des Moines honoring high-ranking Ford dealership car and truck salesmen of 1959 in Ford Division's Des Moines sales district.

J. T. Cavnar, Des Moines district sales manager, said 300-500 Club membership awards are presented for excellent retail sales performance and added that efforts of winning salesmen are of particular significance because they resulted in Ford leading all other makes in sales last year.

Mr. Cavnar added that the average 300-500 Club member sold the equivalent of 100 new cars and 70 used cars in qualifying for the national honors, and that club members in the aggrgate sold more than three billion dollars worth of automotive merchandise.

Mr. and Mrs. Bill Swenson and Mrs. Hazel Brooks were visitors in the Jake Ter Hark home in Clarion a week ago Sunday evening.

Mr and Mrs Joe Veeder, Mr and Mrs. Harry Hardy and Mr. and Mrs Joe Hansen were Sunday evening visitors and dinner guests in the Clarence Smith home.

Mr. and Mrs. Otto Ostendorf accompanied the Tom Jessen family to Meservey Sunday evening to a special young people's service in the Reformed church. Gary Jessen and Don Pals had a musical selection in the service.

Mr. and Mrs. Laurell Burger, Marilyn and Illene were Saturday evening dinner guests in the Howard Markwardt home near Sheffield.

Band Mothers meeting is this Thursday afternoon. Hostesses are Mrs. Jelto Eden and Mrs. Herman Boelman.

Game Attended In Des Moines By Basketball-Baseball Boys

Twenty-eight basketball and baseball boys with Supt. Jim Carroll and Coaches Olson and Erickson spent Wednesday in Des Moines and attended the Drake and Iowa State game played in the Vets auditorium.

Mr. and Mrs. Robert Lauritzen and children and Vicki Veith of Austin, Minn., were Sunday guests in the Laurell Burger home.

COMING UP — March 25, Senior Class play "The Custers Last Stand."

● Belmond Locals

Mr and Mrs Burdette Nelson of Cedar Falls, Mr. and Mrs. Jerry Hinton and boys of Holmes, Douglas Nodland of St. Olaf college at Northfield, Minn.; and Mrs. Julia Nelson spent Sunday afternoon in the Arnold Nodland home.

Mr. and Mrs. Helge Rokke and family of Minneapolis, Minn., were weekend visitors in the Jon Rokke home.

ATTENDING THE 25TH annual State Assembly for Young Adults at Iowa State university, Ames, weekend before last, were representatives of the Franklin County Farm Bureau Young People pictured above. Shown left to right are: Margaret Janssen, Hampton; "Butch" Olk, Latimer; Norma Foster, Hampton; and Clyde Janssen, Alexander. Others from the Franklin organization who attended as delegates were: Anna Berghorn, Eleanor Peters, Earl Hansen, Sherwood Larsen, Leonard Olk and Ken Alert of Hampton; Janice Olk, Latimer; Bryan Knudson, Coulter; Ivan Butt and Darwin Tripp, Dows. Theme of the assembly, which was attended by more than 300 young adults, was "Getting to Know Me and the Values that Guide My Life." This is a program for young people and their advisors seeking solutions to the problems that young adults of today must face.

ALEXANDER HUSTLERS

Monthly meeting of the Alexander Hustlers 4-H club was held at the Alexander Methodist church on Feb 26.

During the business meeting it was decided to take tours through the civil defense building and the Chamberlin Trailer factory in Hampton.

A demonstration was presented by Ronnie Dirksen on "How to Tie Your Necktie." The leaders showed a film strip on "The Ninety Per Cent You" and also gave the first lesson on men's and boys' clothing. Lunch was served by the leaders' wives.

● Belmond Locals

Dinner guests in the Donald Moore home Sunday were Mr. and Mrs. Percy Moore of Dows, Max Moore family of Williams and Teela Muir of Rippey.

Mr. and Mrs. Donald Moore were dinner guests in the Walter Moore home at Ackley on Thursday.

Mr. and Mrs. Andrew Nelson of Rockwell and Mr. and Mrs. Bert Stadtlander of Meservey were Sunday dinner guests in the Bert Lauen home. Afternoon visitors were Mrs. Martha Bachman of Kanawha and Mrs. Henrietta Wilkins.

● Belmond Locals

Mr. and Mrs. Fred T. Peterson of Clear Lake and Mr. and Mrs. George Prescott and their grandchildren, Marvin and Janice Prescott, were dinner guests in the H. A. Summers home Sunday.

Mr. and Mrs. Harley Thompson, T A Thompson and his daughter, Mrs Earl Sizemore of Clarion, attended the funeral of a relative, Dean Olson, at Algona Monday afternoon.

Sunday, Mr. and Mrs. Leland Dorr met friends, Mr. and Mrs. Clarence Lambert of Harcourt and Mr. and Mrs. Burnett Piltingsrud of Callender, at Fort Dodge and all had dinner together at Treloars.

Mr. and Mrs. Claire Hildman went to Des Moines Tuesday to meet their daughter Sandra, her roommate for next year and Donna Nolan. The girls attend Marycrest college at Davenport and were having vacation until Friday. Donna spent the time in the parental Don Nolan home.

Mr. and Mrs. W. L. Muhlenbruch were overnight visitors Friday in the Robert Dishman home in Hampton. Randy Dishman came home with his grandparents to spend the weekend.

Courson Running On Cornell Team

MOUNT VERNON (Special) — Bill Pflasterer, Cornell college track coach, is expecting this year's track and field team to be one of the finest in the Mount Vernon school's history.

Headed by Ron Altenberg, one of the nation's top sprinters and a likely Olympic candidate, the Rams will be particularly strong in the dashes and sprint relays.

Almost in a class with Altenberg is Dave Arends of Cedar Rapids, who as a speed skater missed by only a fraction of a second qualifying for the U.S. Winter Olympics team.

Joining with Arends and a pair of seasoned veterans, Ortwin Kolewe and George Phelps, on the 880-yard relay team that competed for the Rams in the Midwest conference indoor meet last Saturday at Chicago was a promising newcomer, Ron Courson of Belmond.

● Belmond Locals

Mr. and Mrs. Ray Ellingston and girls were Saturday and Sunday visitors in the Elmer Michelson home and with other relatives in Minneapolis, Minn.

● Belmond Locals

Mr and Mrs. Mike McLaughlin and family sepnt Sunday in the Pat Grant home at Britt.

Eloise Kirkendall of St. Olaf college at Northfield, Minn., and Aage Carlsen of St. Paul, Minn., visited over the weekend in the home of her parents, Mr. and Mrs. Clarence Kirkendall.

Mr. and Mrs. Kenneth Lerdal and children and Tom Lerdal visited over the weekend with the Jim Lande family in Des Moines.

Mr and Mrs. Lloyd Lerdal spent Sunday afternoon at the Mrs. Anna Lerdal home in Goldfield.

POLITICAL ANNOUNCEMENTS

FOR COUNTY SHERIFF

I wish to announce that I will be a candidate on the Republican ticket for the office of Wright county sheriff subject to the will of the voters in the primary election on June 6th.

E. L. (Jack) Schroeder

FOR COUNTY SHERIFF

I wish to announce that I will be a candidate for renomination to the office of Wright county sheriff, subject to the will of the Republican voters in the primary election on June 6th.

VOL. 41 NO. 24 OFFICIAL CITY PAPER WRIGHT COUNTY, IOWA—THURSDAY, MARCH 17, 1960 OFFICIAL COUNTY PAPER 12 PAGES THIS ISSUE

MAIN STREET

BY PAT, DICK, DUANE

Could it be that we've been underestimating this man "Cec" Carstens? Last week the 1959 annual report of the Iowa Electric Light and Power company was distributed (a handsome brochure it is, too; 34 pages, generously illustrated and jam-packed with information). It contains numerous highlights of this venerable company's (counting its precursors) 77th year of operation.

In the entire book, though, appear pictures of only 10 individuals — and only two of them are identified by name. One was a gentleman by the name of Sutherland Dows, who happens to be IEL&P's president; the other, C. L. Carstens, Belmond division manager.

The latter is shown conversing with Mr. and Mrs. C. D. Shager and children of rural Alexander. Sharing the page with this shot is a half-page picture of the former Harvey Harberts home (now owned by John Halfpap) are the Schagers' farm home. Both are Gold Medallion Homes, meaning that everything from the heating system to the garbage disposal unit is electrical.

Those Corwith-Wesley gals, who did a bit of all right in the state basketball tournament last week, went into the big show with a record of 20 wins against four defeats. They had lost to the defending state champs, Gladbrook, by the slim margin of 63-59; to Ida Grove 83-82 (they avenged that one with a 73-72 reversal in the tourney quarter-finals); and to Franklin Consolidated 75-72.

Their fourth loss, though, was a puzzler — and a perfect demonstration of the fact that ANYTHING can happen in a basketball game.

This one came at the hands of Goldfield (who had its day of state glory during the coaching regime of Jim Carroll, now Alexander superintendent). In their first meeting of the season with Goldfield, the C-W sextet emerged with a solid 78-59 decision; and in the sectional finals they pasted the Wright county crew 81-53. But in a second regular season game, Goldfield came out a 48-47 winner!

Mrs. Harve Peterson dropped in on the Mainstreeters on Tuesday afternoon, armed with pictorial evidence that she and Harve enjoyed their usual fishing "luck" during their annual pilgrimage to Fort Pierce, Fla. They got back Monday of this week.

She showed us a picture of her and Harve with a couple they've been "buddying" with on their yearly Florida sojourns for 13 years — AND four sailfish that their party had hooked.

Dame Fortune was fair and allowed each of them to catch one of the monsters, but Mrs. P. told us HERS was the biggest — 7 ft. 5 in. in length. Harve's was an even 7 feet; that of Fred Hadaway of Elyria, O., 7 ft. 4 in. and Mrs. Hadaway's 6-9.

The front Mainstreeter is being glowered at by Mainstreeter No. 3 and his backshop confrere, Bob Foss, because Ye Ed expressed sympathy with the high schoolers' decision to change the official BHS colors. We suspect that some other loyal alumni may be miffed for a while over the abandonment of a long-standing tradition. To salve their concern (which we understand, even if we don't share it), we'd like to point out that tradition is born of performance — and that a tradition as proud as that which clothed the former Purple and White has already been well launched by wearers of the Columbia Blue and White.

Since these colors have been associated with BHS basketball, the Broncos have won three North Iowa conference championships in seven seasons — an unprecedented local achievement. They've also shared in their first NIC football title in 16 years — and enjoyed one of their seasons of greatest glory on the cinder track.

Clothes don't make the man, nor do uniforms make the athlete. Rather, it is the athlete who makes the uniform — and its colors — stand for something. Without intending the slightest reflection on the past, we'd like to observe that never has BHS been more proudly represented than by teams garbed in Blue and White. That, plus the fact that the kids were very serious-minded in their procedure of instituting the change in colors, should give followers of the Broncos good reason for pride in them and their new adornment. We're sure the Blue and White will "stick" and in short order be endowed with a tradition all its own.

Professors are forgiven a certain amount of absent-mindedness, but Goodellian William Janssen wonders if his son-in-law, Paul Givens, didn't recently abuse the privilege. He might have been a bit more critical if he (Bill) hadn't beeen an accessory after the fact. The whole thing added up to enough of a story that the Birmingham (Ala.) Post-Herald assigned a feature writer to the story and gave it a write-up, complete with picture.

The incident occurred during Mr. and Mrs. Janssens' visit with their daughter and son-in-law, Mr. Givens being an associate professor at Birmingham-Southern college. To the end of a family outing, the Janssens, the Givens and the latters' four children went to a bowling alley to roll a few lines. As it developed, the alleys were all busy so the party returned home.

As Mrs. Givens began preparing supper, she counted noses — and, lo and behold, there were only seven. Grandpa Bill remembered four-year-old Roddy had accompanied him into the bowling emporium, so they returned there to investigate. No Roddy. Next came a call to the police station. Yes, a four-year-old had been picked up a half block from the bowling alley — and was having the time of his life wearing a REAL policeman's hat and sleuthing with a magnifying glass.

THESE BUXOM BELLES (and contrary to common usage, the second "e" is NOT silent in this case) comprised a portion of the Jaycee basketball squad that took on the Explorer Scouts in a benefit game last Friday night. The final score was the subject of some dispute, but the glamour of the losers (the Jaycees DID, at least, concede their defeat) was beyond controversy. Pictured before battle had disarrayed their finery are, left to right: Elvina (Bob) Erdman, Katrina (Ardell) Kaduce, Gert (Dean) Gunderson, Katie (Al) Korthas, Amanda (Duane) Anderson, Maude (Bill) Maertens and Flossie (Pete) Followwill. In their do-or-die cause the "girls" helped net about $150, which will be jointly devoted to a worthy purpose.

Lifetime Missionary Assignment To Japan Accepted by Paul Griesy

BOSTON, Mass. (Special) — A young man from Iowa who spent two years in Japan as a teacher will soon return to that country for lifetime service as a missionary.

Paul V. Griesy, Yale Divinity School senior who has been appointed a Congregational Christian career missionary by the American Board of Commissioners for Foreign Missions, hopes to be ordained this summer in his hometown of Belmond, Ia., and sail for the Far East in August.

From 1955 to 1957 Mr. Griesy taught at Doshisha High school in Kyoto as a representative of the young people of Carleton college, Northfield, Minn., where he was graduated in 1955.

He directed Carleton House, a cooperative hostel in Kyoto near the school. There about 10 students of high school age made their home. The Carleton House project is supported by Carleton college students and is administered through the American Board.

While in Japan, Mr. Griesy also taught English conversation to several groups of students and to a group of professors from Doshisha university.

Mr. Griesy says that "nearly every student is faced with the difficulty of getting an adequate education in Japan's overcrowded schools." Admission to all high schools is by competitive examination.

"In high schools themselves the course of study is extremely demanding, some schools requiring students to take 12 to 14 subjects in one term," Paul adds.

"There is generally no time set aside in the school schedule for preparation or for leisure time. Students are in the classroom throughout the day."

While studying at Yale, Mr. Griesy served from 1957 to 1959 as youth assistant of the First Congregational church in Stratford, Conn. During the summer of 1958 he was assistant minister in three rural churches in McCone county parish, Circle, Mont.

The son of Mrs. Cato Griesy of Belmond, he graduated from Belmond High school in 1951 as valedictorian of his class. He was active for many years in the First Congregational church of Belmond, of which he is a member.

The American Board, under which Mr. Griesy will serve in Japan, was founded in 1810 and is the oldest foreign mission society in the United States. Its international headquarters are in Boston.

Coutesy M. C. Globe Gazette

PAUL GRIESY

• • •

In a letter received Tuesday by Paul's mother, Mrs. Selma Griesy, he related that two pieces of very good fortune had just come his way.

From the assistant secretary of the Board of Missions for the Far East he received last week a check to cover all of his expenses for the remainder of his school year at Yale Divinity School. This had not been anticipated and, Paul assured, was most gratefully received.

Even a bigger surprise was word from the Professional Studies committee of Yale university informing him that his high ranking in the senior class has earned him a scholarship for a year of graduate study at the New Haven, Conn., institution of learning.

He does not plan to take advantage of the scholarship at this time, but is taking a "rain check" on it and will make use of the scholarship after he returns to the States following his first five-year assignment to Japan.

Paul will come to Belmond in June for his ordination, which is to take place the 26th of that month.

Two Auction Sales Advertised Today

Two closing-out farm sales are advertised in this issue of The Independent. Hio Goeman anounces he has rented his farm northeast of town and on Saturday will sell his machinery and livestock at public auction, the sale to be cried by Ray Frye and "Coonie" Smith.

Hilko Pals, who lives north of Alexander, is quitting farming and consequently will sell his farm equipment and also some household goods. This sale will be Monday, with Leonard Wiemann and Cliff Howlett as the auctioneers.

ST. OLAF TRINITY CHURCHES TO INSTALL PASTOR SUNDAY

Dr. V. T. Jordahl of Mason City, president of the South Central district of the Evangelical Lutheran church, will be in charge of special services at the St. Olaf and Trinity churches Sunday in the course of which Rev. Oscar Laaveg will be installed as pastor.

Installation will be held at St. Olaf during the service starting at 9:30 a.m. and at Trinity during the 11:00 a.m. service. Mr. Laaveg, who was called to the St. Olaf-Trinity parish from Camrose, Alberta, Canada, conducted his first services here Sunday, Feb. 28.

Danas Will Head Local VFW Post And Its Auxiliary

Joe Dana was elected post commander and his wife, Ann Dana, was elected unit commander as new officers for the 1960-61 year were chosen by the Veterans of Foreign Wars and the VFW Auxiliary at meetings held since the first of this month. Retiring commander of the VFW is Stanley Moe and of the Auxiliary, Eva Ainger.

Other officers chosen by the Veterans are: Oscar Thompson, Senior Vice Commander; [illegible] Harty, Junior Vice Commander; Marvin Meinders, Quartermaster; Carroll Bamford, Chaplain; Faye Withers, Judge Advocate; Officer-of-the-Day, Earl Cronk; Service Officer, Keith Chandler; and Adjutant, Jim Peterson.

Moe Elected Trustee

Stanley Moe was elected to a three-year-term on the board of trustees, joining Stanley Ahlstrom and George Jenison.

Elected at the same time as Mrs. Dana were the following Auxiliary officers: Beulah Ahlstrom, Senior Vice President; Arlene Stoffer, Junior Vice President; Eva Ainger, Secretary; Ann Churchouse, Treasurer; Wima Korthas, Chaplain; Beryl Mennenga, Guard; Beverly Boyd, Patriotic Instructor; Bernie Chandler, Conductress; Beverly Boyd, Musician. The colorbearers are Edna Eccles, Laurel Chapman, Mary Harty and Caroline Summers.

Service Pins Awarded

Helen Nelson was elected to a three-year-term as trustee, joining Laura Sorenson and Cora Thompson. The trustees of both the VFW and Auxiliary also serve on the board of the Veterans' Memorial corporation.

As a highlight of the election meeting, service pins for 15, 10 and five years membership in the organization were presented to the eligible members who were present. Twenty-seven women have qualified for the 15-year pin, seven for the 10-year and six for the five-year.

Equitable Award Presented to Cox

Luin B. Cox, executive vice president of the First State bank, has received an Award of Merit for being one of the Top-Ten Farm Loan Correspondents in the four-state area served by the Des Moines branch office of the Equitable Life Assurance Society's Farm Loan Service, according to Carroll Brooks, local appraiser from Eagle Grove.

The First State Bank provides a complete financial service for the farmers of the community, by acting as agent for borrowers needing larger amounts for longer periods than can be afforded under standard banking procedures.

Each year a special tribute is paid to the Top-Ten in each of the 10 Equitable branch office areas.

Finishes Course In Photography

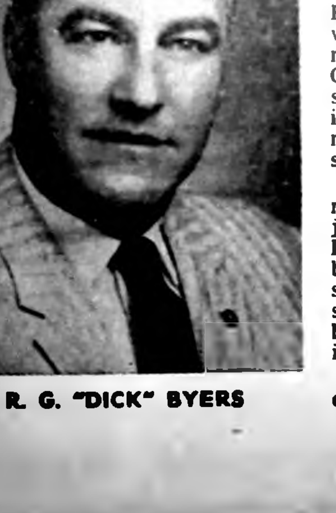
J. P. Minnihan, who with his wife Carmen is visiting in the home of her father, Jack McLaughlin, recently graduated from Brook's Institute of Photography at Santa Barbara, Calif., after completing a course in professional photography.

At Monday Dinner, IOOF Hall—

C-of-C to Hear Sales Specialist

Richard G. "Dick" Byers, sales promotion manager for the D. K. Baxter Frigidaire distributorship of Sioux City, will be guest speaker at a special meeting of the Chamber of Commerce next Monday evening at the IOOF hall.

• • •



R. G. "DICK" BYERS

Serving is to start at 6:30 o'clock.

Chamber members and their wives have been invited and members have been particularly urged to bring as their guests store personnel who are involved in selling. Mr. Beyers is a specialist who is nationally recognized in the field of selling.

He was speaker for the sales meeting of Ris-Van, Inc., at Clear Lake in 1958. Roy Carwell, Ris-Van controller, praises Mr. Byers' knowledge of selling and his presentation of the subject as "Really terrific!"

A native of St. Cloud, Minn., Mr. Byers got his introduction to sales work as a member of the sales promotion department of the Coca-Cola company in Minnesota. He served in the U. S. Air Force during World War II, completing 53 missions before his release from service.

He returned to Coca-Cola in the mid-forties and two years later joined the D. K. Baxter company. For more than a decade he has been in great demand as a sales specialist and has spoken at scores of conventions, sales assemblies and annual business meetings.

Typical of the comments received by Mr. Byers after speaking appearances is one received after he had spoken at the state convention of the Iowa Lions Clubs: "... your talk was to my mind the outstanding talk of the entire convention program;" and one from the Iowa Daily Press association: "Your talk and the manner in which you put it over was the highlight of the entire clinic meeting."

He was recently flown to Washington, D. C., by the Air Force to address an audience at the U. S. capital on the topic, "Human Relations or Handling People."

L. T. "Bud" Trafford will serve as master-of-ceremonies for the dinner program.

In order that the councilmen, as well as Mayor Trafford, may have the opportunity to hear Mr. Byers speak, the city council meeting regularly scheduled for Monday night will be postponed.

LERDAL GRANDCHILD HURT

Mr. and Mrs. Lloyd Lerdal, with their son Tom, spent Sunday with the Jim Lande family in Des Moines. They went especially to see their four-year-old granddaughter, Pamela Lande, who had suffered a bad fall that caused a concussion. After 48 hours spent in the hospital, she is getting along nicely.

County Road Machines, Labor to Help Build State-Financed Cornelia Park

Whaddya Know: $50 Claimed!

After "too long" a drouth, it rained Cash Gift Day dollars Tuesday afternoon — or, at least, there was a pretty good "sprinkle." Two holders of numbers posted at 2:00 o'clock showed up to claim their $25 prizes. They were Harm Dirks of Meservey and Mrs. Bill Sandry of Klemme. The latter has won several CGD awards in the past. The committee will keep the prize total for next Tuesday afternoon at $400, to allow for eight $25 awards and four of $50 each once again.

Union Sponsoring Scholarship Test; 59 Will Take It

Local No. 25 of the American Federation of Grain Millers is cooperating with the AFL-CIO in sponsoring local participation in a state scholarship competition being conducted by the Iowa State Federation of Labor.

Elden Boyd, educational chairman for the General Mills union, reports that 59 Belmond High school seniors will take the competitive test for the $500 state scholarship next month. This number represents just seven less than the full membership of the class.

The test will be given through the medium of the social problems class of which Cecil Elgin is teacher.

Local Prizes Total $100

Through the generosity of Local 25, prizes totalling $100 will be awarded the three top place winners in the BHS contest. This amount will be divided as follows: $50 for 1st, $30 for 2nd, and $20 for third.

These prizes will be paid in cash and may be used for college expenses, or not, as the winners wish. The test of the 1st place winner will be forwarded for judging in the state contest, to compete for the $500 scholarship to any college of the student's choice.

Must Write 250-Word Essay

Subject matter of the test will be in the area of union objectives. Study material will be given to all participating students prior to the time they take the test.

The examination will consist of 25 multiple choice questions and one essay-type question, which will require the writing of a theme no less than 250 words in length. Seventy-five per cent of the test score will depend on the 25 multiple choice answers and the rest on the essay.

Mr. Boyd is currently selecting a panel of four judges who will choose the local prize winners.

Couple Will Mark 50th Anniversary

Wednesday of next week, March 23, will mark the 50th wedding anniversary of Mr. and Mrs. Bruce Waddington of Rowan, who for many years were residents of Belmond.

Ill health prevents Mr. and Mrs. Waddington from holding open house to observe the occasion. It will, though, be celebrated with a family dinner Sunday at the home of their son and daughter-in-law, Mr. and Mrs. George Waddington of Belmond.

Besides their son George, they have a daughter, Mrs. Art (Naida) Nielsen of Clarion. The elder Waddingtons also have five grandchildren and one great grandchild.

Their son and daughter make this announcement of their parents' anniversary to give friends an opportunity to take note of the event by sending congratulatory cards to the elderly couple.

Kellerman Voted Chest President

Bob Kellerman was elected to succeed Al Korthas as president of the Belmond Community Chest Council at a meeting of that group held Tuesday evening of last week at the city hall.

Mrs. Al Nolte was elected vice president and the incumbent secretary and treasurer, Mrs. Warren Thompson and Luin Cox, respectively, will continue in those offices.

It was voted by the members of the council that all appropriations to affiliate agencies of the Chest be paid as they were budgeted. The amounts to be mailed were as follows:

American Red Cross $1,000, Boy Scouts of America (Winnebago Council) $1,100, Camp Fire Girls $400, Iowa Children's Home Society $450, PTA Summer Recreation Program $400, Salvation Army $350, Sister Kenny Foundation $220, United Fund of Iowa $330, Volunteers of America $75, Wright County Association for Retarded Children $100, Iowa Association for Mental Health $150 and Medical Research Program $75.

The settlement amount for the Boy Scouts was $300 less than had been applied for, the amount for the Volunteers of America was $75 less and for the United Fund was $15 less.

Mrs. Thompson reported that, when all pledges are paid, the yield from the 1959 Community Chest campaign will be approximately $4,870. The goal had been set at $4,800, allowing $150 for operating expenses.

As a matter of business at the Chest Council meeting, the group voted Mrs. Thompson a fee of $50 to repay her in small part for the many hours of work required by her secretarial responsibilities.

Newt Draheim Not To Run for County Attorney's Office

County Attorney Newt Draheim of Clarion at a Wright County Bar association luncheon held Monday at Clarion announced that he will not be a candidate for renomination to that post in the June primary. Mr. Draheim is a Republican and is serving his second term in the county attorney's office.

He gave as reasons for his decision that his duties as a member of the law firm of Archerd, Birdsall and Draheim are requiring an increasingly large amount of his time; and that precedent is quite well established that a county attorney's period in office should be limited to two years.

Interested in Youth

Mr. Draheim was first elected in 1956, defeating opponents in both the primary and general elections, and was unopposed for re-election in 1958.

Aside from the required duties of county attorney, Mr. Draheim has given considerable attention to the causes of juvenile delinquency, rather than effects. It has been his contention that "law enforcement and punishment alone do not reach the root of delinquency."

This philosophy led him in 1957 to institute in the county a "Council of First Resort," intended to guide away from further trouble youngsters accused of delinquency. He also conducted in 1959 a survey of high school youth in the county and from its results wrote a report that pointed out problems faced by both the young people and their parents.

Senatorship Prospect?

In announcing his retirement from county office at the end of this year, Mr. Draheim said, "The cooperation that has been extended to me by various public officials within the county has been very gratifying."

Within Republican circles, Mr. Draheim has been suggested as a prospective candidate in 1962 for the State Senatorship from the 37th District, currently held by John Walker of Williams. Mr. Draheim says he intends to remain active in politics, but that he has no comment to make at this time regarding his aspirations for elective office in the future.

Up to this week, no candidate has announced for the office of county attorney, but nomination papers have been taken out by Robert Maddocks of Clarion, a Republican and law partner of Robert Kay.

4-H'ers' Fun Nite Friday, Next Week

Wright county's 31 4-H clubs are busy preparing for annual 4-H Fun Nite, which will be held Friday evening of next week at the Clarion grade school auditorium. Two voting delegates from each boys' club will elect a queen from 15 candidates, and a king will be elected from the 15 candidates by voting delegates from the girls' clubs.

In addition to selecting their king and queen candidates the local clubs have also been planning and rehearsing the presentations they will make on Fun Nite. There will be a variety of skits, music and plays again this year.

Agreement has been obtained by the Wright county conservation commission from the board of supervisors for assistance in the way of county road machinery and personnel in creating a new park at the north end of Lake Cornelia. Payment will be made to the county road department for all assistance provided; but use of county labor and equipment will free the conservation group from the need for getting grading and fill work done by contract.

Stanley Shupe of Clarion, chairman of the conservation commission, says $14,000 in state funds has been appropriated for the park project upon recommendation of the state conservation commission. In addition, $2,000 in state money is being provided for construction of a boat ramp made of concrete slabs that is to be built just north of the Cornelia pump station.

Will Abandon Present Road

Mr. Shupe credits interest of Wilbur Rush of Des Moines, state commission employee who serves as liason between that body and the county conservation commissions, with helping materially to make the Cornelia project possible. Mr. Rush saw in the 56 acres of land that are part of the lake grounds and extend to the north of Cornelia unusual potentialities for a public park. It was through his intervention that the state appropriation totalling $16,000 was obtained.

Plans call for abandonment of the present road north of the lake and extensive grading and filling of the 56-acre plot preparatory to building of a new winding road somewhat farther north. Parking space for some 200 cars is to be provided.

To Preserve Some Trees

Some of the larger trees in the area will be preserved, but brush and the smaller trees will be cleared from the park grounds. Expansive picnic areas will be created and equipped with fireplaces, picnic tables and refuse recepticles.

Also in the plans are a sizeable shelter house and public rest rooms. Lake water will be carried to the restrooms by plastic, freeze-proof pipes.

A parking area to serve cars and boat trailers is to be constructed back of the boat ramp on the west shore.

In order to avoid even temporary utilization of county road funds for the conservation project, the cost of using county road machinery and labor on the park project will be covered with county conservation funds as the work is done, Mr. Shupe says.

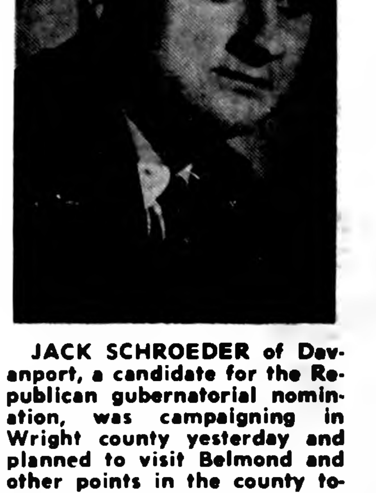
Hope for Further Aid

Quite a few details remain to be worked out before work plans on the project are completed, the county commission chairman adds. A large amount of grading work has already been planned for county equipment this coming summer, so some study will have to be devoted to making graders and trucks available to the park project.

Mr. Shupe also admits that he and the other conservation commission members are uncertain just how far the $14,000 state appropriation will carry work on the park during the current year. They are hopeful that another appropriation of no less than equal size may be obtained to apply on the project.

Definite arrangements are still in the negotiation stage, also, for obtaining the very considerable amount of dirt that will be required for fill.

However, the county conservation board believes these details can be satisfactorily worked out and is highly enthusiastic over the potentialities of the proposed park as one of Wright county's most popular recreation spots.



JACK SCHROEDER of Davenport, a candidate for the Republican gubernatorial nomination, was campaigning in Wright county yesterday and planned to visit Belmond and other points in the county today. He was majority leader in the Iowa senate during the 58th General Assembly and in that capacity was closely associated with the late Clark McNeal, House majority leader, in seeing that important legislative matters got the attention that they warranted.

Final Rites Today For Henry Trager

Funeral services are to be held this (Thursday) afternoon at 2:00 o'clock at the First Reformed church of Meservey for Henry Trager, 47.

He was admitted to Belmond Community hospital March 1, seriously ill following rupture of his appendix. Following prompt surgery he seemed to be making progress toward recovery, but complications that developed last Sunday proved fatal the following night.

Rev. Charles Johnson is officiating over the final rites. Burial will be in the Meservey cemetery.

Henry Trager was born Sept. 20, 1912, the son of Mr. and Mrs. Emil Trager, and had lived all his life in this vicinity. He was married March 18, 1931 to Grace Meints.

For a time he followed the carpentry trade and later worked at Belmond for General Mills. For the past 11 years he had farmed northwest of Meservey.

He is survived by his parents and his widow and three children: Mrs. Larry (Darlene) Braga of Mason City; Duane and Dennis at home.

Also surviving are four brothers and two sisters: August Trager, Jr., Carl, Mrs. Ted Kaduce and Mrs. Irene McMannus of Belmond; Fred of Alexander and Elmer of Riceville.

ATTENDS TRUSTEE MEETING

Harold Simerson spent four days of last week in Minneapolis, Minn., attending the board of trustees meeting of the Evangelical Lutheran church.

By Almost Four-to-One Margin—

BHS Pupils Approve New Colors

A majority vote of 79 per cent of the Belmond High school student body approved changing of the school colors from Purple and White to Columbia Blue and White via secret ballots cast in the home rooms Monday. The change is to be official with the start of the 1960-61 school year.

Principal Ernest Doeringsfeld says sentiment toward the change has been developing over a period of several years; but it was under auspices of the current Student Council, headed by Mark Mason, that a definite effort was made to determine how strong the sentiment had grown.

Mr. Doeringsfeld admits that he discouraged the proposal, mainly to assure that no effort would be made to effect so basic an innovation as a whim of the moment.

It was agreed by him and the Student Council that a minimum of 75 per cent of the student body should be required as a sufficiently strong indication of approval for the proposed change in colors. Several preliminary straw votes were taken by a showing of hands in the home rooms before any official action was broached.

To make certain that the students would be clearly aware that it was a two-sided question, a Council committee was appointed to draft a list of points in favor of retaining the present colors — and another favoring the change to Columbia blue.

These lists were circulated in advance of the voting, so there would be ample time for thorough discussion of the proposition. The practically 4-to-1 outcome of the secret election satisfied both the principal and the Student Council that the change was justified.

Actually, Columbia blue had replaced purple in the color scheme of BHS athletic uniforms as a matter of practical change prior to the official action. It was first introduced by new basketball uniforms purchased in 1953-54 during the coaching regime of Jim Crimmings.

When new track uniforms were bought last spring, they also featured Columbia blue instead of purple trim; and football uniforms acquired last fall were equipped with Columbia blue jerseys.

The athletic department, with permission of the school administration, converted to the new color because purple uniforms could be obtained only by special order and at higher cost than Columbia blue. It had also been noted by the coaches that the blue seemed less subject to fading than the official purple and consequently retained a satisfactory appearance over a longer period of use.

Both the more nominal price and the longer wearability of the blue uniforms are due to the dye used in manufacturing items of purple color. Mr. Doeringsfeld regarded that, due to the practical aspects involved, the students had a valid reason for considering the change — if a clearly strong majority favored it.

He and the members of the Student Council believed that if a minimum of three-fourths majority vote was established as a precedent, that would adequately discourage any further proposals of change inspired by less practical reasons. Since the complete conversion to blue uniforms for the athletic teams it had become a matter of some embarrassment to BHS sports followers when long-used cheers urged the athletes to victory.

It was not uncommon when yells went up for "the Purple and White" for backers of the opposing team to cast a second look at the Bronco performers and ask sarcastically, "That's purple?"

WINGS OF GOLD designating Ens. Samuel Leinbach, Jr., as a Naval Aviator were being pinned upon the breast of the Belmond flyer as this picture was taken recently at the Corpus Cristi, Tex., Naval Air Station. Bestowing the wings is Capt. H. E. Born, commanding officer of the air station. Ensign Leinbach is currently undergoing two months of special training in navigating and flying the Navy version of the Super Constellation before moving on May 1 to his next duty assignment at NAS Argentia, Newfoundland.

Meservey Women To Attend County Club Convention

Meservey Federated Woman's club met Friday afternoon in the home of Mrs. Elmer Dorenkamp. The lesson "Crafts" was presented by Mrs. Harland Blewett.

The Cerro Gordo county meeting was announced for March 22 at the Clear Lake Methodist church beginning at 8:30 a. m. with a coffee hour. Plans were made to attend.

Mrs. Vic Nordman reported on the program planning meeting held this past month at Sheffield.

Lunch was served by the hostess. Mrs. Herman Lauen, Jr., was a guest.

Sprau Families Attend Wedding In Minnesota

The Sprau families of Meservey and nearby drove to Elkton, Minn., Saturday afternoon where they attended the wedding of Sondra Sprau, daughter of Mr. and Mrs. Kenneth Sprau.

Sondra is the graddaughter of the late Mr. and Mrs. Fred C. Sprau of Meservey and Mr. and Mrs. Walter Fischer of Wahkon, Minn., also former local residents.

Pictures Taken In Europe Enjoyed By Camera Club

The Meservey Camera club met this month at the school dining room with Mrs. Bill Ferstl and Mrs. Melvin Kreitlow as hostesses. Pictures were shown by Frank Hafermann taken while he and his parents spent several months touring Europe last year. Guests were present from Belmond.

President Herman Fischer presided at the business meeting. A newly formed constitution was adopted as written by the executive board.

Lynn Koenen Entertains Friends At Theatre Party

Lynn Koenen entertained at the theater Monday evening four little friends from his second grade. Enjoying the evening together were Mark Stadtlander, Dennis Johnson, Greg Raecker, David Miller and Lynn Koenen. They were accompanied by Dixie Lee Koenen.

Honor Bertus Stadtlanders On 48th Wedding Anniversary

Mr. and Mrs. Bertus Stadtlander were honored on their 48th wedding anniversary Sunday by their children. Spending the day in the parental home were Mr. and Mrs. John Van Horn and family of Latimer; Mr. and Mrs. Leonard Schmidt of Alexander and Mr. and Mrs. Clarence Stadtlander and family.

INJURED IN FALL

Mrs. Rosa Strasburg had the misfortune to fall at her home early Monday morning and broke her leg. She is a patient in Belmond Community hospital.

Mr. and Mrs Clarence Kuhlers and family and Mrs. N. Unverfurth were Sunday visitors at the Marvin Prilipp home at Clear Lake.

Larry Pals spent the weekend with his brother Dallas at Pocahontas where the latter is teaching.

Coutesy M. C. Globe Gazette

APPROACHING MARRIAGE of their daughter Bethel Carol is announced by Mr. and Mrs. Harold Haberkamp of Garner. She will wed Ferdinand W. Lemke, son of Mrs. F. A. Lemke of Meservey and the late Mr. Lemke. The wedding will take place April 9 at the Peace Reformed church, Garner. Miss Haberkamp was a junior high teacher here for two years and has taught during the current year at Clear Lake.

Carl Hopkeys Honored On 41st Anniversary

Mr. and Mrs. Leland Koenen, Dixie Lee and Lynn and Mrs. Lizzie Hopkey with Mr. and Mrs. Ardell Hopkey and family of Belmond and Mr. and Mrs. Carl Hopkey of Meservey spent Sunday in the home of Mr. and Mrs. George Steenhard and family near Rockwell where they celebrated the 41st wedding anniversary of Mr. and Mrs. Carl Hopkey.

TWO FIRE CALLS ANSWERED

Meservey's Fire department answered two calls during the past week. One was to the feed mill at Meservey Home Elevator when a motor became too hot. On Sunday they were called to the Leonard Weimann farm by a passing motorist when he saw smoke coming from the pump house in the farmyard.

GRIMES CLOVER BELLES

Regular meeting of the Grimes Clover Belles 4-H club was held March 7 at the home of Janice Trampel, with nine members and two leaders present. The Better Grooming contest was discussed.

Linda Standtlander and Betty Vierkant gave a team demonstration on "Daily Care of Clothes." Russalyn Gaetzke gave a demonstration on "Hems." Bertha Shaw gave a demonstration on "Waistbands." The members started sewing on their skirts.

Mrs. Herman Trampel and Linda Trampel were guests. Lunch was served.

Betty Vierkant,
Reporter

Mr and Mrs. Albert Sturm, the former Karen Pals of Meservey, now of Clarion are the parents of a baby boy born Sunday in the Belmond hospital. This is the first grandchild of Mrs. Vergena Pals.

Mr. and Mrs. Arthur Braga and Bonnie of Wahkon, Minn., spent the weekend with his mother, Mrs. Anna Braga, and other relatives.

Mrs. William Morris left the Belmond Community hospital Wednesday and is recuperating in the farm home of her daughter, Mrs. Leslie Pals.

Mr. and Mrs. Leland Koenen and Lynn drove to Des Moines Saturday where they attended the Girls State Basketball tournament.

The Cub Scouts and their leaders enjoyed Sunday afternoon coasting and tobogganing. They held their regular meeting on Wednesday evening.

Mr. and Mrs. Wayne Waddingham and Mr. and Mrs. Charley Waddingham were at the Arnett Waddingham home at Clear Lake Tuesday evening where they were entertained with a group of friends to a luncheon.

Mr. and Mrs. Donnie Ruiter are now living in the former Janssen house, formerly rented by Lee Gruis. A group of friends spent Saturday evening with them.

Albert Pals left by plane this week to spend several weeks with his daughter, and family, Mr. and Mrs. Dick Reisinger and children, in Sarasota, Fla.

The Meservey High school basketball girls and their coach and Supt. Lovell Diddy left Friday for Des Moines where they spent the weekend. They attended the Girls State Basketball tournament. They returned home late Sunday afternoon.

● Belmond Locals

Mr. and Mrs. Percy Watnem of Ottosen and the Paul Watnem family of Klemme were dinner guests last Thursday evening in the home of Mrs. H. J. Classick.

Mr. and Mrs. J. E. Ketchum visited over the weekend in the Garold Vestweber home at Clearfield.

Mr. and Mrs. George Leggee of Garner visited in the Alfred Stadtlander home on Friday. Janet Stadtlander went home with them to spend the weekend.

Mr. and Mrs. Jerry Minnihan and son Mark of Santa Barbara, Calif., are visiting in the home of her father, Jack McLaughlin.

Mr. and Mrs. Roy Ahlstrom of Marion spent three days last week in the home of Mrs. Blenda Ahlstrom.

MRS. H. B. JANSSEN

WSCS Will Hold Church Clean-up Day on April 6th

The WSCS of the Methodist church met Wednesday afternoon at the church parlors. The men of the church have spent two days doing needed repair work on the church and the women voted to have a special cleaning day on Wednesday, April 6 at 9:00 a. m.

Election of officers for the coming year resulted as follows: president, Mrs. Wilbert Hansen; vice president, Mrs. Clarence Smith; secretary, Mrs. Nolan Colglazier; treasurer, Mrs. John Hill.

Promotion secretary, Mrs. Elmer Hopkey; missionary secretary, Mrs. George Richards; spiritual life, Mary Winwood; supply work, Mrs. Marvin Jaacks; literature and publications, Mrs. Bertha Rodemeyer. Youth work, Mrs. B. R. Price; childrens' work, Mrs. Ross Riggins; student work, Mrs. Dallas Card; Christian social relations and church activities, Mrs. Ben Peil and Mrs. W. C. Westaby; correspondence, Mrs. C. Floe Peters.

Hostesses were Mrs Alfred Jaacks, Mrs. Elmer Hopkey and Mrs. Lloyd Benson. Mrs. Bertha Rodemeyer led devotions and Mrs. B. R. Price had the lesson on the subject. "How Total Is My Stewardship?"

Friesleben Rites Held on Monday

Funeral services for Mrs. Elizabeth Sheetz Friesleben, 77, who died last Friday morning at the Lutheran hospital in Hampton, were held Monday afternoon at the Reformed church in Alexander. Burial was in the Belmond cemetery. Mrs. Friesleben had been confined to a wheelchair for the last four years.

Mrs. Friesleben was born Jan. 7, 1883 in Lenora, La Salle county, Ill. She was confirmed in the Lutheran church there on March 29, 1896. At the time of her death she was a member of the Alexander Reformed church.

On Feb. 15, 1900 she was married to Henry Friesleben. Seven children were born to them, three of whom preceded their mother in death. Her husband passed away in 1942.

Surviving are the four children: Mrs Louie (Anna) Wellner and Mrs. Lester (Bertha) Muhlenbruch, Hampton; August Friesleben, Alexander; and Dell Friesleben, Clear Lake.

Other survivors include six grandchildren and three great grandchildren; and three sisters: Mrs Anna Gilcher, Princeton, Ill.; Mrs Sophie Freeman, Tonica, Ill.; and Mrs. Kate Schultz, Streator, Ill.

Willard Latham and son Jim were in Castena Saturday on business.

Mr and Mrs Orville Arends and children were in Des Moines Saturday evening attending the girls basketball tournament held in the Vets' auditorium.

Mrs Ray Burns of Coulter, Mr. and Mrs. John Freeks and girls, Katie and Minnie Freeks were Sunday evening guests in the Jake Ammerman home near Dows. The Ammermans recently moved to this new home.

Mr and Mrs. Ted Barth of Latimer were Sunday evening visitors in the Fred Trager home.

Mr and Mrs Robert Goranson of Forest City announce the birth of a baby son on March 1st. The Goransons now have four children. Mrs Goranson will be remembered here as Helen Dunn.

Mr and Mrs Hilko Pals returned last week from their winter vacation in Lakeland, Fla., and are busy now preparing for their sale coming up soon.

SCOTT TWP. CAUCUS CALLED

A caucus of Scott township Republicans will be held at the Alexander city hall this (Thursday) evening at 8:00 o'clock to select delegates to the Franklin county presidential convention to be held at Hampton on April 1. Committeeman Willard Latham and the precinct committee woman, Mrs. Ruby Schager, urge a good turn-out for the caucus.

F. B. GROUP WILL DISCUSS REAPPORTIONMENT PROBLEM

Members of the Franklin County Farm Bureau discussion team have been invited by the Alexander Community club to be guests at a meeting scheduled for 7:15 p. m. next Tuesday at the Methodist church. The committee members will be entertained at a dinner prior to the meeting.

The public is cordially invited to attend the after-dinner meeting, at which the discussion group will review aspects of the reapportionment problem.

Mr and Mrs. Marlo Westaby and children were Sunday visitors in the Malcolm Helvick home at Bradgate.

Mr. and Mrs. Harold Bryan and children of Plainfield were Sunday afternoon visitors in the Will Tinkey home.

Mr. and Mrs Glenn Neal of Garner, Mr and Mrs. Cliff Poland and boys of Rockwell and Bobby and Ronnie Ginapp of Belmond were Sunday visitors in the Louie Bell home.

Seniors to Give Play March 25th

Seniors of Alexander Consolidated school will present their class play on Friday of next week, March 25, at 8:00 p. m. at the school gymnasium-auditorium.

It is a three-act comedy, "The Custers' Last Stand," and has to do with a sixth cousin — once removed — of famed General Custer. When the family name of Dad Custer is jeopardized, the whole family draws up for battle — and thereby hangs the plot.

Taking part in the play are Clyde Janssen, Dixie Hopkey, Joyce Carstens, Ron Dirksen, Bob Latham, Sharon Hopkey, Vernon Modderman, Kaye Modderman, Toni Beenen, Frances Burger, Judy Boelman and Vergene Trager.

COMMUNITY METHODIST CHURCH

Rev. B. R. Price, pastor
Church school 10:00 a. m.
Morning worship 11:00 a. m.

REFORMED CHURCH

Rev. J. Hoekstra, Pastor

Wednesday, 7:00 p. m. Catechism classes Grades 1-9. 8:00 p. m. 10th grade catechism.

Thursday, 7:30 p. m. — Young People's League — "Neighbors and Walls in Housing." Leader: Phyllis Wenzel.

$37 FOR HEART FUND

Mrs Herman Boelman and Mary Winwood report a total of $37 collected in the town of Alexander during the Heart Fund drive. The Hampton Business and Professional Women's club conducted the drive for Franklin county and report $1,835.15 taken in, with several township chairmen yet to report.

ATTEND TOURNAMENT

Twenty-five girls with coaches Olson and Erickson and chaperones, Miss Junker and Donna Frey, went to Des Moines last Thursday and spent the day sightseeing and attended the basketball games in the evening at the Vets' auditorium.

Corwin Schulte's 6th Birthday Celebrated

Mr and Mrs. Harold Markwardt and Roy of Sheffield, Mr. and Mrs. T. O. Markwardt and Mr. and Mrs. Laurell Burger and daughters were dinner guests Sunday in the Calvin Schulte home. This was a birthday dinner honoring Corwin Schulte's sixth birthday.

Mr and Mrs. George Anderson and family of Mason City were Sunday evening dinner guests and visitors in the Art Peters home.

Mr. and Mrs. John Reed of Des Moines and Mrs. Les S. Reed of Dows were Saturday afternoon visitors in the home of Mr. and Mrs. John Hill.

Theo Larsen of Mason City with Mr. and Mrs. Chris Larsen were weekend visitors in the Denver Scofield home at Rockwell.

JOE TRIPLETT SEZ:

This has been a tough winter! All this snow has made it difficult to get around and contact you folks. So far I've managed these farm lanes without getting stuck. Lester Buseman wasn't as fortunate, though. I stopped in to see him the other day and he was stuck in his own yard! I gave him a push and got him out. I can see my mistake, now! He kept right on going!

The Missus and I enjoyed a visit from the stork recently. Gene Anthony Triplett is sure welcome at our house but now, more than ever, I'll have to be beatin' the bushes for business. 'Cause baby needs a new pair of shoes!

Now that the crisis is over in the Triplett household, I'd like to see a lot of you folks before field work starts. I'll have to do something to increase the number of calls, though. The Barkema brothers, George, Carl and Foster invited me in the other day and we got to drinking coffee and I forgot all about the time. Twice, now, I've walked out of Foster's home with a "full" stomach and an "empty" order book!

Speaking of full stomachs . . . Helland and Long Implement Co., put on a dandy feed at their open house recently. Everyone gorged themselves on pancakes. I really enjoyed a good visit with a lot of you folks.

Met a fellow in town the other day that I'd sure like to sell . . . Joe Ziller. I learned from Joe that "Liquid Fertilizer" is not new to him. His father and all the neighbors were using "liquid fertilizer" when he was a boy in Germany. The cattle manufacture it over there! That's what Joe said!

The Suntken Clan still gives me as bad a time as they did last fall! Ris-Van has "rescued" Herman; I've managed (almost) to "save" Fred; and I'm still working on Ben and Jess. They could take the lead from their cousin, Klaas. He got himself a liquid planter and he's going to enjoy the ease of modern fertilizer application along with Herman this spring.

And on the subject of equipment . . . a lot of farmers were in to see the display we had here at the plant during the two-week display of new equipment to handle liquid fertilizer. In case you didn't get the opportunity to look it over . . . stop in. Some of the equipment is still here.

Regular customers of the North Central Grain Co., will be glad to know they can book their orders for Ris-Van Liquid Fertilizer through them this Spring if it's more convenient for them . . . or you can still call me. The important thing this Spring is to

Get RIS-VAN, Man,
. . . that's fertilizer!

Kramer Given 2nd in AAU Meet—

All But Judges Thought Larry Won

You've heard the old conundrum, "When is a door not a door?" Somewhat of a counterpart to it developed in the mile race at the Iowa Junior AAU track and field meet at Des Moines last Saturday. It went, "When is a winner not a winner."

Larry Kramer, Belmond High's distance ace, thought a spurt on the home stretch brought him to the finish tape just ahead of his perennial rival, John Raveling of Saydel.

So did Raveling, who congratulated Kramer on his victory; and so did Raveling's coach, who offered his congratulations to Coach Rich Koolbeck. So, for that matter, did the press photographer covering the meet — who took Kramer's picture as winner of the stirring race.

Then came announcement of the judges' placings: Raveling, 1st; Kramer, 2nd!

At any rate, "Butch's" time would have been no worse than identical with that of 4:32.9 credited to Raveling, which was better than a seven-second improvement over Kramer's first mile run of the season in an invitation race at Drake university fieldhouse two weeks earlier.

Drake's track, also site of the AAU meet, is 12 laps to the mile and its short length requires that the front-runners lap a good many stragglers. Larry was slowed up by one of these stragglers in his dash for the tape or he might have achieved a clear-cut victory. He had to overcome a five-yard deficit in the final lap to challenge Raveling, after having led the Saydel star earlier in the race.

Coach Koolbeck was well pleased, in general, with the performances of the Broncos, much of whose competition was drawn from Class AA schools.

Dave Suntken tied for second in the high jump at 5-10, after barely failing to clear 5-11. He also won two preliminary heats of the 50-yard dash in :05.8 before placing 5th in the finals. The winner's time was :05.7.

Only five places were counted in the meet. Kramer and Lynn Jenison, each with a fraction over 2:11 in the half-mile, had 6th and 7th best times in that event. Bob O'Connor and Mike Long each ran his 440 in a fraction over :55, O'Connor's time being slightly the fastest of the two.

In the shot put, Bob Whipple had a best effort of better than 41 fee but he fouled on all of his attempts so he didn't have a distance that counted.

Koolbeck and the Broncos are hoping that the weatherman will let up now and give them some chance to work out on the high school track before the state indoor meet at Iowa City on April 2.

Thirty senior and junior boys have been issued track equipment, representing undoubtedly the largest number of upperclassmen ever to participate in the spring sport here. Coach Koolbeck expected to have about the same number of freshmen and sophomores suit up this week.

KAUFMAN HITS NEW HIGH

Bill Kaufman, who brought BHS a share of the state Class A high jump title as a high school junior, last Saturday established a new personal "high" in that event. Jumping for Iowa State Teachers college in a quadrangular meet, Bill cleared 6 feet 1 5/8 inches to bring the Tutors a first place in the high jump.

NOTICE OF PROBATE OF WILL

STATE OF IOWA
Wright County, ss.

IN DISTRICT COURT

NO 7212 March 11th, A. D. 1960

TO ALL WHOM IT MAY CONCERN:

YOU ARE HEREBY NOTIFIED. That an instrument of writing purporting to be the last Will and Testament of Dick Barkema, deceased, dated November 18th, A. D. 1958 having been this day filed, opened and read, By Order the 23rd day of March, 1960, is fixed for hearing proof of same at the Court House in Clarion, Iowa, before the Clerk of said Court; and at 9:00 o'clock A. M. of the day above mentioned all persons interested are hereby notified and required to appear, and show cause if any they have, why said instrument should not be probated and allowed as and for the last Will and Testament of said deceased.

Dated at Clarion, Iowa, March 11th, A. D., 1960.

Pastour, Downs Sparked Jr. Broncs to 11-7 Mark

SPORTS

A glance at individual statistics compiled during the season just ended leaves little question as to who carried the brunt of the load for the BHS freshman-sophomore cagers. Vernon Pastour and Tom Downs, between them, took three more shots at the basket than all the rest of the squad together.

Pastour "let fly" 319 times and connected 116 for 36 per cent and Downs attempted 211 field goals, making good on 72 of those efforts for 34 per cent.

Among the Junior Broncs who had 30 or more chances from the freethrow line, Pastour was the most accurate with 37 hits on 61 chances for 61 per cent. He topped all scorers by a wide margin with his production of 269 points. Downs came next with 188, followed by Bob Burk with 106.

The Broncos finished fourth in the North Iowa conference froshmore standings with an 8-6 mark and were 11-7 for their entire campaign. Although they lacked height, they usually made up for this deficit in scrap unless the handicap was too great.

Only five of Coach Rich Koolbeck's 1959-60 squad are sophomores, so nine will be back next season to form an experienced nucleus for the 1960-61 campaign. Those who will be contending for varsity squad positions next season are Pastour, Burk, Merrill Kalkwarf, Jerry Pals and Bill Heinzig.

Those who will be returning as sophomores are Downs, Dennis Hauge, Dennis Fuller, Raymond Roberts, Dennis Gallagher, John Kaduce, Marlo Luick, Randy Brandmeyer and Tom Lerdal.

The Purple and White underclassmen held an edge on their foes in all statistical departments. They made 281 of 868 field goal attempts for 32 per cent compared to their opponents' 252 out of 890 for 28 per cent. From the freethrow line they converted 197 of 378 chances for 52 per cent compared to their adversaries 154 out of 325 for 47 per cent.

Belmond's point total was 759, while they allowed 658 to be scored against them. The Junior Broncs had 243 fouls called on them, 27 less than their opponents.

Following are individual statistics on the Junior Broncos:

	Field Goals			Freethrows			Pers.	Tot.
	Att.	Md.	%	Att.	Md.	%	Fouls	Pts.
Pastour	319	116	36	61	37	61	43	269
Downs	211	72	34	82	44	54	44	188
Burk	116	34	29	71	38	54	29	106
Pals	53	16	30	36	15	42	27	47
Hauge	43	15	35	38	17	45	24	47
Kalkwarf	53	10	19	48	25	52	24	45
Gallagher	16	6	38	11	5	45	4	17
Fuller	17	4	24	8	4	50	19	12
Roberts	6	2	33	8	5	63	13	9
Luick	8	3	38	5	2	40	4	8
Heinzig	4	1	25	5	3	60	6	5

Lerdal	0	0	—	3	2	67	0	2
Brandmeyer	5	0	00	0	0	—	1	0

Sharp Rolls 640 In State Tourney

George Sharp turned in the top performance among seven teams of Belmond bowlers who competed Saturday and Sunday in the men's state bowling tournament at Des Moines. His 640 series in the singles earned him a place among the top 10 in ranking up to the time that the local entries rolled.

In general, the Belmond contingent did not do as well as local pin-busters did a year ago at Cedar Rapids, although several turned in efforts that will get them "in the money."

Others besides Sharp who did respectably in the singles were: Ed Albers, 608; Dave Robertson, 585; Fred Loats, 552; and Rollie Kinseth, 538.

Three doubles teams exceeded 1,100 pins, topped by Don Busick and Vern Dippel with 579-587 for a total of 1,166. Roger Kinseth and Sharp combined a 569 and 568 for 1,137; and Larry Kinseth turned in a 602 to help him and his partner, Arlo Stoltenberg (519) gather 1,121 pins.

Team bowling on Sunday found all the Belmond keglers performing below par. Best score of the poor lot was a 2,600-plus series by Tomahawk Corn. Also competing were the Sheldon Chevrolet Southpaws, Downs Texaco, Swede's Tap, Kinseth Hot-Pointers, Hattel's Super Valu and the Independent.

NEW BELMOND Film Highlights —from— COMING ATTRACTIONS

One of the key Naval battles of World War II action in the Pacific was the Battle of the Coral Sea and one of the important pieces in this gigantic jigsaw of sea warfare was the fantastic saga of the submarine Dragonfish. It's story is told in "Battle of the Coral Sea," playing Thursday through Saturday. Cliff Robertson plays Sub Commander Jeff Conway and Gia Scala is the owner of a tiny island to which he's taken as a Japanese captive. Real raw adventure, this one.

Few films so controversial as "Anatomy of a Murder" have come along. But controversial or not, it's won praise as "great theater" and is guaranteed to keep you entranced from start to finish

Based on the top-best selling novel by Robert Traver, Sunday-through Wednesday's New Belmond feature will entrance adult viewers (it is NOT recommended for young film fans). James Stewart, Lee Remick, Eve Arden and Kathryn Grant head the extremely fine cast.

Iowans have particular interest in Attorney Joseph N. Welch, who plays the judge. He's a native of the Hawkeye state and Grinnell college graduate. In this, his first movie, he proves he's quite an actor, too.

29 Members of Class of '61 Take National Merit Scholarship Test

Twenty-three students at the Belmond Community High school took the National Merit Scholarship qualifying test administered at the high school Tuesday of last week.

The National Merit Scholarship qualifying test is a three-hour measure of educational development and college aptitude. Emphasis is on broad intaellectual skills, and on understanding and ability to use what can be learned, rather than on sheer knowledge of facts.

The test is the first step in the 6th annual competition for Merit Scholarships provided by some 100 corporations, foundations, professional societies and individuals, as well as by the National Merit Scholarship corporation itself. Over $15,000,000 has been awarded in the first four years of the program.

The number of scholarships awarded in any year depends upon the extent of sponsor participation. The basic continuing program is for $1,000,000 a year (for 10 annual programs). It is estimated that sponsor participation this year will add over $2 million in sponsored Merit Scholarships.

Some 10,000 semifinalists, the highest scorers in each state, will be named early next fall. Each semifinalist will be asked to take a second examination. Those who repeat their high performance in the second examination will become finalists in the Merit Program.

Winners of Merit Scholarships will be selected from this group of finalists on the basis of school records and recommendations, test scores, extracurricular and outside-of-school interests and accomplishments, and other indications of future promise.

Mary Lu Cox, daughter of Mr. and Mrs. Luin Cox, was chosen as a finalist in the 1960 competition and will learn on April 27 whether she was selected as one of the NMS winners.

Four-year scholarships are awarded to the winners with stipends depending on financial need. Minimum award in 1961 will be $100, the maximum will be $1,500. The average stipend in 1959 was $743. Supplementary cost-of-education grants are usually made to the colleges and universities which the scholars attend.

Students from the BHS Class of '61 who took the NMS qualifying test were: Dennis Anderson, Lynne Boller, Sharon Christensen, Kirk Cunningham, Diane Fetrow, Dale Gabrielson, Richard Henn, Diane Kessler, Erwin Hill, Michael Hunst.

Jerry Jenison, Bette Johnson, Nadyne Johnson, Kenneth Johnson, Dwight Mennenga, Barbara Musselman, Cathryn Nuehring, Howard Pals, Linda Pickle, Kay Stecher, Paul Thompson and George Wilson.

The Class of '60 was the first from BHS to take part in the NMS competition.

PEOPLE MAKE IOWA GREAT

...the working man

We Iowans can be proud of the great contribution our workers are making to the growth and welfare of our state. Nowhere in the nation are there higher standards, finer men and women.

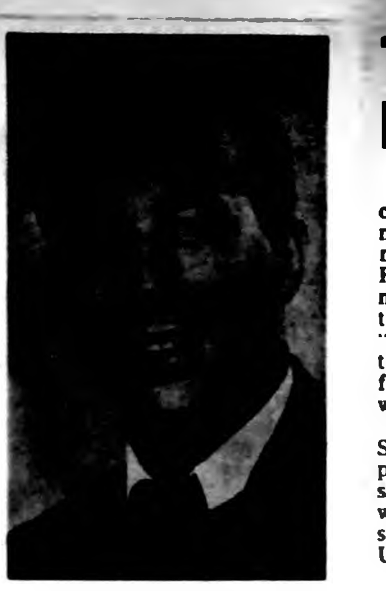
To maintain those standards, we need an ever-growing industry, steady jobs, stable payrolls. And the brewing industry is proud of the part it plays in that respect.

Today, Iowa workers' payrolls in the brewing industry total over $30,000,000 per year. Another $27,500,000 per year is spent in Iowa communities for general business costs . . . which means still more payrolls, better business.

For the worker, the farmer, the business man, the entire community, it all adds up . . .

THE BREWING INDUSTRY HELPS BUILD IOWA

FOUNDATION — IOWA DIVISION — 814 LIBERTY BLDG. — DES MOINES, IOWA



CHARLES BLOCZYNSKI

• • •

New Scout Exec' Hired by Council

Charles E. Bloczynski joined the professional staff of the Winnebago Council, Boy Scouts of America, this month. The Winnebago Council serves nine counties in North Central Iowa.

Mr Bloczynski will serve Arrowhead District (Franklin and Wright counties) and Pilot Knob District (Winnebago and Hancock counties). He and his wife Paula will live in Garner

Mr. Bloczynski is a graduate of Missouri Valley college, Marshall, Mo., with a major in human relations and sociology. While at college he served as student body president.

He completed a short hitch in the army, and is now in the US Army Reserve program He is a graduate of the National Training School for Scout Executives conducted at Schiff Scout Reservation, Mendham, N. J

Prior to entering the professional service, Mr Bloczynski served on camp staff in his local council for four years He was also program director or assistant program director for two years. He is an Eagle Scout and holds the Silver Award in Exploring.

Heart Fund Gets 4 Memorial Gifts

Memorial gifts in the amount of $119 have lately been received by the Wright county chapter of the Iowa Heart association, according to Mrs. Gail Cundall of Clarion, Wright county Heart Memorial Fund chairman.

A gift of $50 was received from Mrs. Leslie S. Reed of Dows in memory of her late husband; and one of $25 was received from the Lyle Oler family of Dows in memory of the late Mrs. Oler.

Mr. and Mrs. Marvin Hilpipre and Mr. and Mrs. Gary Snitselaar of Woolstock presented a gift in memory of the mother of Mrs. Hilpipre and Mrs. Snitzelaar, the late Mrs. Fannie Hilpipre, in the amount of $40.

Another gift recently received was in the memory of the late Howard Trees, received from his daughter. Mrs. Louis Kastler. This was in the amount of $4.

Mrs. Cundall says these gifts will be devoted to research to help combat heart disease, which causes more deaths on both the state and national level than any other illness.

ROLLAND JENISON ON TOUR TO AIRCRAFT FACTORIES

AMES (Special) — Forty aeronautical engineering juniors at Iowa State university visited aircraft plants of the Boeing and Cessna companies in Wichita, Kan., during the break between winter and spring quarters.

The contingent left Ames on Feb. 28 and returned on March 1. F. W. Struve and J. D. Iverson of the university staff accompanied the group on the tour. Among students making to tour was Rolland Jenison, son of Mr. and Mrs. Duane Jenison of Belmond.

Two-County Dairy Meeting at Britt

Dairymen from Wright and Hancock counties will meet at the Memorial Hall in Britt for an all-day meeting on Thursday of next week. Registration will start at 10:00 a. m. for valuable door prizes. Featured subject of the day will be "Prevention and Control of Mastitis." The effect of antibiotics if found in the milk or milk products will also be explained.

Three specialists from Iowa State university are on the all-day program. George Reinbold, extension dairyman in manufacturing, will speak at 10:30 a. m. on the subject, "Bacteria Causing and Use of Antibiotic Mastitis Control."

Free Lunch at Noon

At 11:15 a. m. Vernon Meyer, extension agricultural engineer, will discuss "Milking Machine Care in Mastitis Control." At 2:15 p. m. "Dairy Herd Management in Mastitis Control" will be discussed by Robert Fincham, extension dairyman

All attending will be guests for the noon lunch provided by the North Iowa Breeders Cooperative, Inc., Britt Commercial club and the Hancock County Dairy Quality Improvement association.

Breeders Co-op to Elect

The North Iowa Breeders Cooperative will have its annual meeting in the hour immediately following lunch. President of this artificial insemination association serving Wright and Hancock counties and adjoining areas is Clifford Schaper of Britt.

This annual event is sponsored by the extension services of Wright and Hancock counties and dairy interests of both counties. All Wright and Hancock dairymen and their wives are invited.

Eleanor Woodley To Direct Taking Of County Census

Appointment of crew leaders for the 1960 census of population and housing in this area was announced today by Supervisor Bill E. Algood of the census bureau's temporary district office in Fort Dodge.

Each crew leader will supervise about 20 enumerators in the nationwide census which begins April 1. Crew leader training will begin on March 9 for rural crew leaders while their city counterparts will start training on March 14

Topics to be covered in the training sessions include procedures for recruiting census takers, how to train these census takers, canvassing methods, preparation and submission of reports, and the supervision of census takers to insure a complete and accurate count.

The crew leader is one of the key people in the field operations of the 1960 census. It is his responsibility to recruit and train the census takers; plan and allocate work assignments; review the work of the census takers and take remedial action where necessary, and to handle problems of difficult enumeration.

Mrs Eleanor Woodley of Clarion is crew leader for Wright county. For Hancock, the crew leader is A. J. "Jack" Allen of Garner.

Dr. Ogg to Speak On "Farm Policy"

Farm policy will be discussed at the final meeting of the public affairs study series on Thursday of this week. This study series is sponsored by the Wright County Extension Service. The meeting will start at 8:00 p. m. and will be held in the basement of the First National Bank at Clarion.

"An Analysis of the Proposed Programs and What Congress and the People Will Approve" will be the topic next Thursday, with Dr. Wallace Ogg, extension specialist in public affairs for Iowa State university, as the discussion leader.

These meetings are open to the public and it is urged that both men and women, urban and rural, attend The speaker presents the subject matter in the first half of the evening and the last half is devoted to questions and expressions of opinion by those attending.

County Road Planning Shows Vast Improvement

Last summer when your writer attended the annual county budget hearing at Clarion, he pointed out that an unusually large surplus was building up in the road maintenance-construction fund. When he inquired why it was necessary to boost the tax levy for road construction in face of this assured surplus, he was told only that "more road surfacing" than initially planned for 1960 would be done with the extra money. Frankly, we were dubious. Now we would like to acknowledge that more-than-planned blacktopping IS to be done. More than that, we'd like to speak a good word for the drastic improvement in administration of road work that has come about in the past five year's time.

We've had plenty of criticism to level at road administration in years past. It gives us pleasure to turn-about and issue some praise, instead.

Prior to establishment of Wright county's 10-year plan of road construction in 1955, which was launched in 1956, construction received the very short end of this county's annual road budget. The Independent campaigned strenuously for a "new deal" in road administration and unquestionably had some influence in inspiring the board of supervisors to set up the road-building plan that was mapped out for the decade extending from 1956 through 1965.

Before that time, construction funds spent on actual surfacing ran in the preceding four years as follows: 1952, $38,500; 1953, $10,375; 1954, $13,700; 1955, $15,450.

During these years, tremendous annual sums were being spent on new maintenance machinery, which contributed heavily to the exorbitant amounts being spent yearly in the name of "maintenance." In 1952, new equipment purchases came to $113,151; in 1953, to $111,594; in 1954, to $104,597; and in 1955, to $71,053.

A little addition shows that in those four years, $400,375 was spent on new machinery and just $78,115 on road surfacing! More than FIVE TIMES as much was being spent on machinery as on surfacing.

Figures for 1959 show $27,958 spent for machinery and $156,165 for construction — and in 1958, $13,989 was spent on new machinery . . . and $154,856 went for SURFACING. In other words, well over SEVEN TIMES as much was spent for blacktopping secondary roads in Wright county as was spent on new machinery to maintain our rural roads in these two years.

This year, just short of $285,000 in Wright county road money is being spent on road surfacing. That is 3½ times as much as was spent in the FOUR YEARS of 1952-55.

A more abrupt about-face in road administration practice would be hard to conceive. And what especially pleases us at this particular time is the fact that the large surplus we KNEW to exist in the road construction fund at budget time last year IS — as promised — being applied as it SHOULD be, on building additional miles of permanently surfaced road.

Time was, not so long ago, when amounts like this ($100,000 or more) were blithely kicked around until they were "lost." We doff our hat to the board of supervisors for their new and enlightened approach to road administration — and to the engineer's office for the sound planning and guidance that has contributed immensely to making the new road policy WORK.

Schroeder Appears GOP's Best Governorship Bet

A study in contrasts is offered by early publicity given three Republican candidates for the governorship nomination in June.

Rep. Ken Stringer of Davenport, who served his first term in the legislature during the 58th General Assembly, made the headlines recently with the recommendation that all recipients of federal aid be required to sign a loyalty oath in the act of endorsing their checks.

A sillier bit of affected patriotism would be hard to dream up — particularly in view of the fact that Stringer is running for a state, not a congressional office. Just what influence a state governor would have in promulgating a flag-waving practice of this nature, we can't see.

If Mr. Stringer wishes to become a serious candidate for the nomination he seeks, he'd better dismount from Cloud 7 in a hurry and get down to such mundane matters as taxes, reapportionment, highways and others that the Iowa governor to be elected next fall will HAVE to face.

Meanwhile, Attorney General Norman Erbe has been making maximum capital of his anti-smut campaign. It is a worthy objective to keep salacious publications off of our magazine racks — but its worthiness did not impress Mr. Erbe until his aspirations for the governor's chair prompted him to grab a lance and come out four-square against sin.

How very different has been the responsible approach of Jack Schroeder to his campaign for the GOP nomination!

He has already tied into the subject of taxation. He promises to make his opinions fully known regarding reapportionment, highways and other key issues as the primary campaign progresses.

His private tax program would involve: (1) reduced property taxes; (2) removal of certain nuisance personal property taxes—such as those on TV sets, freezers and musical instruments; (3) reduction of millage on monies and credits from six to two mills; and (4) reduced state income tax for people over 65. He would also key state taxes on sales and income to clear, immediate need instead of allowing thees revenues to create unnecessarily large surpluses.

Mr. Schroeder insists that Iowa's thriving economy can provide from present sources adequate money to operate the government and at the same time provide some relief to the overburdened payer of property taxes. We don't doubt that he will elaborate upon his hypothesis as he is invited to do so by interested voters.

In contrast to Mr. Erbe, who hasn't too much to recommend him other than the blessing of the Old Guard faction of the Republican party, and Mr. Stringer, who has so far demonstrated none of the qualities that should be sought in a gubernatorial candidate, Jack Schroeder has stamped himself a man of unquestionable capability.

He has served two terms in the Iowa legislature as a representative and is serving now his third as state senator from the 21st District. After the latest session of the legislature he was honored by press and radio representatives who covered the 58th General Assembly as its outstanding legislator.

As majority leader of the senate he worked closely with the late Clark McNeal, who served the house of representatives in a similar capacity. Jointly, they deserved a large share of credit for winning the 58th General Assembly praise as a distinctly outstanding legislature.

We believe Jack Schroeder has already established himself as by far the best GOP candidate for the governorship nomination. As the campaign progresses, we confidently expect his stature to grow rather than diminish.

Those Legals Tell Important Facts

I'll make a bet with you.

I'll bet there are many of our readers who, although their eyes pass over the grayness of the Courier Northerner's legal publication section each week, have never taken the time to read a single one.

They don't know what they're missing.

Those small, uninteresting looking bits of type are more than just an extra source of revenue for the newspaper. In them beats the very heart of the news of our community.

The "legals" contain their own "personal" items, recording much of the successes, failures, sorrow and sometimes even humor of a community. They tell us what is happening in the government of our village, county and state, along with our school district and other divisions of government.

The full minutes of your village and township government meetings appear regularly in the legals.

Notices of voter registrations, regular and special elections, proposed zoning and other regulations, ordinances, planned public projects and dozens of other notices keep the public informed. Their publication is required by law so that nothing can be "put over" on you.

Months, and often years of discussion, planning and hard work can be condensed into one small "legal."

The legal advertisement tells the full story of what is going on in your community. Its stilted, formal language may be a high hurdle to reading enjoyment, but if you want to be really informed, it's worth the jump —**Paw Paw (Mich.) Courier Northerner**

Those Taxes Stick!

It is comparatively easy to pass a tax law, but it's all fired difficult to pry one loose. Take the present taxes on local phone calls and passenger fares.

If you will recall, these taxes were imposed hurriedly during World War II in order to reduce phone calls and ease the strain on travel facilities. At least that was the purpose we heard then. But that was 14 years ago, and the taxes still are collected, although the emergency has long since passed.

A tax once imposed sticks with leech-like tenacity until the public shows signs of annoyance. It would seem that in the matter of phone and travel taxes, at least, it is time to display our irritation. — **Ralph E. Shannon in Washington Journal**

Let's Know the Worst

Senate Bill 2755 deserves the vote of every single congressman who claims to represent the consumers of his district.

Senate 2755 is a consumer credit labeling bill submitted by Senator Douglas of Illinois. Its purpose is simple and unexceptionable: to let a borrower or installment buyer know exactly what rate of annual interest he is to be charged for a loan or purchase, and what his total cost will be.

NOW IT MAY BE ARGUED that when some prospective installment buyers learn they will have to pay 12-to-15 per cent interest (or even up to 40 per cent!), credit buying will be slowed down, and with it the economy. But what kind of economy is it that is based on deception? The consumer has every right to know exactly what he is getting into. (Right now consumer credit debt amounts to over 52 billion dollars.)

SENATOR DOUGLAS'S LABELING measure would simply help the millions of Americans who buy on time, borrow from loan companies, or use revolving bank loan accounts, to shop for the kind of credit they want and know exactly what the total cost of that new car is going to be.

The interest (literally) of a lot of constituents rides on Senate 2755. It ought to pass. — **Christian Science Monitor**

SCANNING THE HORIZON

WITH YE ED

CAN PUMP DEFY NATURE?—

Fishing and boating enthusiasts (not to mention property owners along the shore) watched hopefully last fall as Lake Cornelia's shoreline crept outward in response to the pumping done from the state-financed well on the west side. And they are waiting expectantly to see if continued pumping after spring arrives will prove the answer to the lake's gradual evaporation, which was threatening its very existence before the state conservation commission agreed to fiservation commission agreed to try the rehabilitation-by-pump experiment.

Old-timers of this vicinity will tell you that our land-locked lakes have been subject to periodic depletion over the years. Sometimes they've yielded good fishing sport one decade and a crop of corn (in the case of Morse lake, at least) a decade or two later.

Conservationists throughout the state are watching the Cornelia experiment with keen interest, for it might hold the key to preventing permanent disappearance of some highly prized, surviving lakes that geologically are little more than gigantic "pot holes."

"THE" GLACIER CREPT HERE—

The Hon. B. P. Birdsall's "History of Wright County," published in 1915, offers some interesting information on the chain of lakes which extends from Crystal lake in Hancock county down to Little Wall Lake in Hamilton. If you look at a map of Iowa, you will find that a ruler laid to intersect these two bodies of water comes very close to touching the lot of them — Eagle and Twin Lakes in Hancock, Twin Sisters (Morse), Cornelia, Elm and Wall Lake in Wright.

It is the geologists' theory that this chain demarks the farthest southeastward push of the gigantic glacier that made Minnesota "the Land of Ten Thousand Lakes."

Mr. Birdsall's history observes, "Traces of similar topography extend almost to Ackley and to Hampton, but the high hills of Dows and those about Iowa lake (now Beed's Lake?) are the most striking evidence of the glacier's pause. It is a remarkable fact that these high hills and lakes generally go together. The deepest and widest lakes are usually not far away from hills and knobs.

"That is to say, the lakes hereabouts owe their existence to the same conditions which have been cited in explanation of the hills. None of the lakes hereabouts are very deep. They are all marsh-like, only distinguished from a thousand other marshes by the courtesy of the pioneer, who called them lakes to suit his fancy.

"TWIN SISTERS" TO "MORSE"—

"Twin Lakes, the most northern in Wright county, recently called 'Twin Sisters,' in contradistinction from the larger Twin Lake in Hancock county, are small bodies of water, beautifully situated amid fine morainic (glacier-created) hills and knolls. . . . Perhaps 300 to 500 acres are here submerged at the ordinary stage of water."

The state geologists of that day was quoted to this affect regarding Cornelia.

"About three miles south, over hills so precipitous that there is as yet no road, we encounter Cornelia Lake, which is at present nothing but a rectangular marsh, covering about a half section, crowded from side to side with rank aquatic vegitation.

"The shores, however, are sufficiently high and there is no lack of sandy beach, marked as usual, where the water of our Iowa lakes is persistent, by a distinct ice terrace, or bench, formed by the long continued out-thrust of ice in winter."

GREELEY SENT MAN WEST —

This latter phenomenon was so marked at Wall Lake that a literal "wall" was formed around its edges by boulders that over the eons were shoved from the lake's bottom to its shores to form rock windrows.

It was these rock "walls" that gave not only Wright's Wall Lake but others in Hamilton and Sac counties their name. It was an early theory of pioneer settlers that the "walls" were actually the vestiges of masonry erected by some prehistoric race of people.

Horace Greely of the New York Tribune was so intrigued by this idea that he sent a writer to inspect Wright's Wall Lake to "write it up."

But Mr. Birdsall spoils the fun by noting, "the Hon Charles Aldrich and others, interested in keeping Iowa history straight, got geologists after the theory and after a visit their report made plain that the 'wall' was a fancy only, and could be accounted for on natural principals — that of heaving ice bringing up the stone from the lake's bed, as it usually froze to the very bottom in severe winters."

From our EARLY FILES

AS REPORTED IN:
The Independent
The Herald-Press
And The
Iowa Valley Press

TEN YEARS AGO—

Bob Churchouse was elected commander of the Belmond post of the Veterans of Foreign Wars at the annual election of that organization held last Thursday evening.

—1950—

L. B. Oberhauser has filed nomination papers as a candidate for soil conservation commissioner. In the Wright County Soil Conservation district election next Thursday. He will oppose Donald Frakes of Woolstock, incumbent who is seeking reelection.

—1950—

Belmond lost one of its most colorful citizens when death came Tuesday of last week to Josephine Friel McAlpine, who spent much of her life as an actress on the legitimate stage.

—1950—

Just 32 votes were cast in Monday's school election as Roy Henderson was returned to the board for a fifth term.

—1950—

A second ticket was filed Friday for the city election March 27, headed by A. W. "Andy" Loats as the mayorality candidate. Three incumbent councilmen are on the People's Ticket, Al Mennenga, Bob Tomson and A. J. Meints. Completing the slate are Orrin Jacobson and Ed Kennedy.

—1950—

An additional $19,000 in pledges for construction of the new hospital were received last week, bringing the present total up to $19,000.

TWENTY YEARS AGO—

"Roxy Fixes It" is the name of the home talent play to be given under PTA sponsorship on April 1. In the cast are: Dr. A. M. Larson, Mrs. A. M. Nelson, Mrs. Carl Wenzel, Betty Grovesnor, Dorothy Nicks, Luin Cox, Marcella Van Hauen, Harriett Marshall, T. A. Townsan, Jim Barber and Mrs. T. A. Townsan.

—1940—

Richard Banning, who attends Britt Junior college, spent the weekend with his parents, Mr. and Mrs. R. B. Banning.

—1940—

The Band Boosters club met Friday afternoon at the home of Mrs. Claude Thayer.

—1940—

Belmond's beauty shops announce that next week they are going on their spring schedule. They will take evening appointments for Wednesday and Saturday but none after 5:00 p. m. on the other days of the week.

—1940—

Kinseth Grocery specials for this weekend: 5 bars P&G soap, 16c; pure pork sausage, 2 lbs. 25c; fancy beef roast, 18c per lb.; Crisco, 3 lb. can 47c.

—1940—

The Belmond Roller Rink is now open every evening under the management of B. L. McFadden.

—1940—

Gertie Trampel spent Friday at the Harlow Helps home assisting with the canning of meat.

THIRTY YEARS AGO—

Census enumerators for this area have been named as follows: Belmond township, Albert E. Martin, Sr.; Pleasant, Ernest W. Luick; Norway, Homer Wicks of Clarion; Iowa township, Charles I. Rowen of Rowan.

—1930—

Dorothy Courson and Veona Townsan will represent Belmond in the county spelling bee at Clarion on Saturday. Entered from Pleasant township are George Earl Jenison and Ina Jenison.

—1930—

The state board of assessment accuses citizens of Clarion of not contributing their share of the public taxes on money and credits. The board cites that Indianola (pop. 3,681) reported $3,017,248; Pella (pop. 3,079) $2,726,912; and Clarion (pop. 2,743) only $234,680.

—1930—

Mr. and Mrs. Harold Johnson moved Monday to Mason City, where Harold will be agricultural clerk for the sugar beet factory.

—1930—

Mr. and Mrs. Clifford Johnson moved Monday to Kanawha, where Clifford will operate the hatchery this summer.

—1930—

Donald McNulty, who attends the University of Minnesota, is spending spring vacation at his home here.

—1930—

Belmond markets: heavy hens 18c, butterfate at creamery 38c, eggs 20c, No. 3 corn 63c.

FORTY YEARS AGO—

Henry Schultz is retiring from the barbering trade and last Thursday consumated a deal with Mr. Mallory for purchase of his jewelry stock. Henry is an experienced watch repairman.

—1920—

The Elite Cafe was re-opened last Saturday under the management of Ella Cleveland, who so successfully conducted a restaurant business in Belmond a year or two ago.

—1920—

Belmond can be thankful it put in its paving last year instead of this. J. P. Abrahamson of the Empire Construction company, which did the paving here, says the firm is paving at Garner this summer. At the rate Garner is having to pay, just one year later, Belmond's streets would have cost $62,000 more, Mr. Abrahamson reports.

—1920—

It is now believed to be practically certain that the states of Washington and Delaware will ratify the Woman Suffrage amendment next Monday, and as 34 states have already ratified, the additional two will make the total 36 as required to make the amendment effective.

—1920—

The Community Welfare club has elected officers for the new year as follows: Mrs. R. H. Klemme, president; Mrs. W. R. Ramsay, 1st vice president; Mrs. A. E. Martin, 2nd v. p.; Mrs. Ralph Christie, secretary; Miss Julia Johnson, treasurer.

FIFTY YEARS AGO—

We understand that Jas. McNamara and J. T. Rule, two of the present council who were defeated at the caucus, will come out as independent candidates at the city election next Monday.

—1910—

In a train wreck near Gladbrook Monday, 48 were killed and 29 injured. The wreck was caused by spreading rails.

—1910—

Cato Griesy will take the part of a 10-year-old boy in the Senior Class play to be given Monday.

—1910—

E. M. Lathrop advertises home grown seed corn for sale at $3.50 per bushel.

—1910—

"The Girl of the Eagle Ranch," who failed to get here last winter on account of the snow blockade, will be at the Opera House tonight.

—1910—

Lewis Schwarz has remodeled his building and put in city water for the Fong Yeu laundry which started up Monday.

—1910—

Harry Sorenson has been seriously ill with typhoid fever but is now able to sit up occasionally.

—1910—

Our Luni correspondent writes that some farmers in that neighborhood expect to begin seeding next week if the good weather continues.

● **For some reason being a candidate** for office makes one an authority on any subject under the sun. It is amazing how some candidates for U. S. Senator have all the answers to the farm problem when as near as they have come to a farm is stepping high in the feed lot in calling upon a voter. — **Algona Advance**

Know Your Businessmen—

Followwill's Carries Four Equipment Lines

When you visit Followwill Implement and Feed company, you will find a considerable amount of hardware hanging on the wall indicating the firm's excellence in sales performance. Milton "Pete" Followwill and Floyd Broshar, co-proprietors of the implement concern, are understandably proud of these plaques and certificates for they are a measure of their business success.

A quick glance shows Sales Achievement Awards for four of the past five years. One for 1956 is missing. Pete's explanation came as a question when we asked him about it: "Remember what farm prices were in '56?"

Followwill's was established here in January of 1951, when Pete's father, the late Matt Followwill, and brother Lowell purchased the Hub garage from the Tudor brothers. Centerville was their previous home. They confined themselves to implement sales and service, continuing the Allis-Chalmers dealership that their predecessors had operated.

Floyd Broshar, Matt's son-in-law (his wife is the former Carol Followwill) joined the business in August of '51. He'd been attending Kirksville (Mo.) State Teachers college and aspired to a teaching career. But a relative talked him out of that, and he quit college after his junior year to join with his father-in-law and Lowell.

The latter left the business in 1953 and now lives in Rock Island, Ill. Pete became a partner in the firm in September of 1954 after completing a four-year hitch in the U. S. Air Force. He was an armaments specialist, installing and keeping in repair bomber guns, bomb racks and rocket racks. He held a Staff Sergeant rating at the time of his discharge.

Floyd, incidentally, is also an ex-serviceman. He did a two-year hitch in the Navy in '45-46 and wound up as a Seaman 1/c striking for signalman.

Matt died in March of 1956, and the brothers-in-law have been sole proprietors of the business since that time. They have formed an aggressive team. In 1957 they added the New Holland line of implements and in '59 the full line of Case farm machinery. They also obtained a Larro Feed franchise in 1953.

Acquisition of the new equipment lines has enabled them to offer their customers a wide choice of machinery, in just about any price range or of any type in which they're interested. Followwill's also stocks the Kewanee short line of equipment, to supplement the other three.

Without any question the biggest forward step the young partners have taken was the construction of a new building to house their business in 1958. Trying to do business in the old, ramshackle structure that was their first location was tough, Floyd and Pete admit.

The attractive appearance—and Main street location — of their new store encourages prospective customers to "drop in for a look;" and then it's up to Pete and Floyd to take the next important step of getting them to buy something. They say that their business took a very pleasing upswing with the move to its new "home."

In the past month they have added a new business-builder in the form of a service truck with a 22-foot bed. Roger Toft uses it to do on-the-farm repairs (it's practically a "traveling shop," he says) and to take new equipment right to a prospect's farm, where he can try it out in the field. Followwill's is one of the few equipment firms in this north Iowa area to acquire a service truck of this nature. They are confident it will sell machinery for them, for it will give their farmer customers a chance to test personally on their own farm equipment they're interested in.

FLOYD BROSHAR, PETE FOLLOWWILL ARE PROUD OF AWARDS

Although they don't put the emphasis on their feed sales that they do on machinery, Pete and Floyd report they do a very nice business with the Larro line. They have a truck for bulk deliveries, or can provide whatever their customers want in bags, if that's preferred.

Anno TerHark and Jim Larson are Followwill's mechanics. Harry Anderson is responsible for the assembly and delivery of new machinery.

Both Floyd and Pete are active in the Belmond Junior Chamber of Commerce. They pretty largely limit their outside activities to this organization, but Floyd also is a member of the Odd Fellows lodge.

Former Belmond Resident Honored As Outstanding Teacher of Math

Belmond friends of a former resident, Mrs. Martin E. (Lillian) Casey, now of Bethesda, Md., will be interested to hear of a signal honor paid her last month for outstanding achievements as a mathematics teacher.

She is a daughter of the late Mr. and Mrs. David Finn and a sister of Ray Finn of Harlan and Mrs. James T. (Veronica) Barry. Word of the honor paid Mrs. Casey came to The Independent from her daughter, Mrs. Norbert F. (Carol) Mullaney of Milwaukee.

Last month at an annual Engineers, Scientists and Architects Day dinner held at Washington, D. C., Mrs. Casey was presented a parchment scroll as an outstanding teacher of mathematics. Citations were given to leaders in these fields from Maryland. Virginia and the District of Columbia.

Mrs. Casey teaches mathematics on a departmentalized basis in the Bethesda Elementary school. Maryland schools are operated on a county basis and Montgomery county, in which Bethesda is located, employs more than 3,000 teachers. Mrs. Casey was the only one from that number chosen for recognition.

Mrs. Casey has taught much of her life, reentering the teaching profession during World War II when she was called on to substitute for an army officer on leave.

Her unusual teaching ability was acknowledged last summer when she was selected to teach a class of exceptionally bright boys during a 10-week course in mathematics offered on a voluntary basis.

During the current year she has conducted several special classes for other sixth-grade teachers, introducing them to her practices for making arithmetic interesting.

Mrs. Mullaney wrote, "Mother was sorry to miss the reunion of her class (the BHS Class of '15) at the time of the Belmond Centennial in 1956."

Mrs. Casey was represented at the reunion of the class by her daughter. Her brother Ray, also a member of the class, was among those present.

League of Voters Officers Elected

Annual meeting of the town and rural units of the Belmond League of Women Voters was held Wednesday of last week at the Blue Bell tea room following a noon luncheon. Mrs. James Burt of Rowan, retiring president, conducted the meeting and election of new officers.

Chosen as officers of the organization for the coming year were: Mrs. Harold J. Johnson, president; Mrs. Albert Amundson of Clarion, treasurer; and as directors, Mrs. S. P. Leinbach and Mrs. L. B. Oberhauser.

Topic of the afternoon program was "Fair Representation." Material on reapportionment of the state legislature was presented by Mrs. Howard Dresser of Mason City, a director of the Iowa League of Women Voters.

Mrs. Donald Lambie of Clear Lake, former president of the Iowa League, accompanied Mrs. Dresser.

Bar Association Resolution Pays Honor to Birdsall

Respect to the memory of a highly respected, long-time member was paid by the Wright County Bar association Monday when it passed a resolution honoring the late Maurice F. Birdsall of Clarion.

Adopted at a luncheon meeting of the association held at Clarion, the resolution read.

"Whereas, in the death of M F. Birdsall, a member of the Wright County Bar association, there has been lost to the legal profession one of its distinguished, exemplary and illustrious members, a man of keen intellect and a counselor of great wisdom, and,

"Whereas, M. F. Birdsall possessed in large measure those qualities of character, fairness, loyalty, thoroughness and understanding which for more than 50 years he applied to the practice of law.

"Now, therefore, be it resolved:

"That the Wright County Bar association shall, and it does hereby, note in its records its tribute to the life and worth of M. F. Birdsall; that we express our great sorrow at his passing; and that this resolution evidence the affection and high regard in which he was held by the members of this association."

Mr. Birdsall died on Feb. 26 after having practiced law at Clarion since 1901.

COMING EVENTS —

WEDNESDAY, MARCH 23—
Culture Study club will meet at the home of Mrs. Clair Bonte. Bring about six magazine pictures.

Wright Countians Well on Schedule As to Bond Quota

Wright county, after lagging for the past several years in regard to meeting its annual quotas on U. S. savings bonds purchases, appears to be getting off on the right foot in 1960.

At the end of January its record stood at 13 per cent of quota achieved, on the basis of $169,526 worth of bonds purchased as compared to a quota of $1,310,015 for the year.

Only 28 Iowa counties had met a larger per cent of their quotas in the first month of the year, Robert Davison of Clarion, volunteer county chairman, reports.

This was also a shade better than the state achievement of 12 per cent of its over-all quota. Purchases of savings bond by Iowans in Januray totalled more than $18 million, an increase of $5 million over December sales.

National average, which Wright was unable to keep pace with last year, was at nine per cent of quota at the end of January.

With the more attractive interest now being paid on U. S. savings bonds, Mr. Davison is hopeful that Wright county in 1960 will re-establish itself as a loyal supporter of the savings bond program.

Purchases and per cent of quota achievement for other counties in this area were as follows for the month of January:

Hamilton, $216,886 for 16 per cent; Hardin, $356,179 for 15 per cent; Humboldt, $127,396 for 13 per cent; Franklin, $132,483 for 13 per cent; Hancock, $98,466 for nine per cent; Cerro Gordo, $185,495 for nine per cent; Kossuth, $134,758 for eight per cent.

● Belmond Locals

Mr. and Mrs. Donald Moore and children of Meservey, Mr. and Mrs. Ralph Borel and children and Mr. and Mrs. Arthur Skouge of Clarion were visitors in the Alvin Charlson home Sunday.

Mr. and Mrs. Ted Veeder and Mr. and Mrs. Glenn Veeder of Mason City were dinner guests Sunday in the home of Mrs. Robert Coulson. Mr. and Mrs. Claude Veeder joined them in the evening.

GOODELL NEWS

BY MRS. AMOS HANSON

Hospital Auxiliary Drive In Progress

Current members of the Belmond Hospital Auxiliary are conducting a campaign for expanded membership for the Goodell unit of the organization during the month of March.

Mrs. Amos Hanson is chairman of the drive. She says, "Women of Goodell are urged to join the auxiliary and to take a part in the many good works its performs in behalf of the hospital which serves this community."

Josephine Dominy is vice president of the organization.

Mrs. Hanson on Tuesday of last week attended a meeting of the auxiliary board held at the Belmond home of Mrs. P. A. Rietz. Miss Dominy was unable to be present.

Mildred Newgord Married Feb. 21 To Marvin Quanrud

Goodell friends received announcement the past week of the marriage of Marvin Quanrud and Mildred Marie Newgord. They were married Sunday, Feb. 21, in the Bethel English Lutheran church at Rochester, Minn.

Mildred is the daughter of the late Mr and Mrs. Harry Newgord. She received her education in the local school and attended Grinnell college. For the past few years she has been a laboratory technician at St. Mary's hospital in Rochester.

Mr. Quanrud is a contractor and they are now living in their new home at Harmony, Minn.

Street fund	$194.98
Utility Water	$123.15

AVERY SUNBEAMS

Avery Sunbeams 4-H club met on March 5 with Merrie June and Nancy Reinhart with half the membership present. Elaine Lacey was chosen to represent the club as Queen candidate at Fun Night on April 9 at Garner.

Workshop time was devoted by the girls to constructing and sewing on their blouses. The club was pleased to have Elsie Mae Van Wert, county home economist, visit and lend her help.

The other half of the club will meet Saturday with Marlene Koehler for a similar workship. Mrs. Ralph James and Mrs. Harry Ostendorf will assist the girls on that day.

Lunch was served by the hostesses, Merrie June and Nancy Reinhart.

Marlene Koehler

Mrs. Park Miller became very ill the fore part of last week and on Tuesday was taken by ambulance to Mercy hospital at Mason City for observation and treatment. She expected to have major surgery the fore part of this week. The Reverend Mr. Miller and their son Glenn who is employed at Deckers in Mason City are spending much time with her.

Mrs. Lambert Barkema went to Cedar Falls Friday and brought their daughter Donna home for a weekend visit. She is a freshman at Iowa State Teachers College.

Mr. and Mrs. William Janssen returned home Friday from their two-week vacation which they enjoyed in the home of their daughter, Mrs. Paul Given, at Birmingham, Ala. En route home they stopped over night Wednesday and Thursday with relatives at Lidderdale.

Mrs. Elmer Bausch and Kris Rae of Clear Lake spent the fore part of this week in the parental Walter Boller home.

Mr. and Mrs. Mell Ver Helst went to Webster City Monday and visited in the home of their daughter, Mrs. Arthur Carter.

Mr and Mrs. Roy Janssen, Gary, Jay and Janna of Rockwell visited Saturday in the parental William Janssen home.

TWIN LAKE GO-GETTERS

The Twin Lake Go-Getters 4-H club met Saturday at the home of Virginia and Linda Abele. The treasurer reported a balance in the club treasury of $156.17.

Janet Lange was elected by the club as Fun Nite Queen candidate. Debbie Pringnitz was chosen as voting delegate and Judy Blank as alternate.

Talks were given by: Rita Hanson, on "How Much Make-up to Use;" Marilyn Pals, "Storage of Winter Clothes;" and Virginia Abele, "Shoes Suited for the Occasion." A discussion on posture was held.

A demonstration on "How to Pleat a Skirt" was given by Judy Eliason and and Marilyn Pals; "Alternating Patterns," by Karen Nuehring and Connie Kuelters; and "How to Make a Waistband and Apply It to a Skirt," Judy Blank and Adella Mehus.

Lunch was served by Mrs. Abele.

Karen Nuehring

KIN OF LEE KLOTZBACH DIES AT CLEAR LAKE

Lee Klotzbach received a message Monday morning that his sister, Mrs. George Ulrich, had died Sunday at a nursing home in Clear Lake.

Funeral services were held Tuesday afternoon at a funeral home in Clear Lake with burial at Klemme.

Mrs. Ulrich was the mother of the late Mrs. Jimmy Wade, who was a local resident several years ago.

ST. MARY'S CHURCH

Rev. R. A. Ormsby, Pastor

Early Mass at 8:00 o'clock on the second and fourth Sundays of the month.

Late Mass at 10:00 o'clock on the first, third and fifth Sundays of the month.

Confession before early Mass.

GOODELL EUB CHURCH

Rev. Donald Varce, Pastor

Sunday, 10:00 a. m. — Church service.

Sunday, 11:00 a. m. — Worship school.

Thursday at 7:30 p. m. Youth Fellowship.

The Youth Fellowship will meet Thursday evening in the Allen Avery home. Richard Doonan is the leader.

Mr and Mrs. Arthur Savogue have invited the church choir to their home Thursday at 7:30 p. m. for the weekly practice.

Quarterly Conference will be held Monday at 7:30 p. m. in the EUB church. The conference superintendent, Rev. John Dowd of Fort Dodge, will preside. Delegate will be elected to attend annual conference in Fort Dodge in May.

Mr and Mrs. Howard Hanson of Albert Lea, Minn., spent Saturday afternoon in the home of his brother Amos Hanson. They were en route to Kanawha to spend the weekend with her relatives and to attend the farm sale on Monday of her brother, Oren Thompson.

Mr and Mrs. George Anderson recently moved from a farm at Galt to Hampton where George has work in the creamery. They visited the former's grandparents, the Levi Klotzbachs, Thursday evening.

Mr and Mrs. Glenn Weese, Gail and Cameron and Mr. and Mrs. Merle Olinger, Dawn and Dixie left Sunday for Florida where they plan to locate. The Weeses took their trailer house with them. En route they planned to visit Glenn's sister, Mrs. C. L. Randall, at Toledo and Mrs Weese's parents, the Ed Wynns, at St. Louis, Mo.

Mrs. L. W. Wesenberg returned home Friday from Yuma, Ariz., where she has enjoyed three months in the home of her daughter, Mrs. Loren Wilkinson. Mr. and Mrs. Ernie Kurtz met her at Mason City.

Mr. and Mrs. Bill Boller and Carolyn and Mrs. Kenneth Boller and Debra went to Mason City Saturday and visited in the home of relatives, the Richard Rusts.

Mr. and Mrs. Arthur Lowenberg and Theressa went to Minneapolis, Minn., Friday and spent the weekend in the home of their daughter, Mrs Bill Sanzone. They went especially to attend funeral services for Mrs. Alex Sanzone held Saturday morning. She was mother of Bill Sanzone.

Kenton Christenson of Garner was a weekend visitor in the Howard and Josephine Dominy home.

Mr. and Mrs. Henry Brede went to Fertile Sunday afternoon and visited their friend, Mrs. William Luick of Belmond who is being cared for in the home of her daughter, Mrs. Ethel Tuttle.

● Belmond Locals

Mr. and Mrs. W. L. Muhlenbruch visited in the Robert Dishman home on Friday at Hampton. Their grandson, Randy Dishman, came home with them to spend the night and visited his friend, David Paule, son of Mrs. Ardeth Paule, on Saturday and was an overnight guest.

Mr. and Mrs. Everett Nelson of Dows and daughter, Mrs. Jerry Osier, and son David of Cedar Falls were visitors in the W. L. Muhlenbruch home last Thursday evening.

St. Olaf Church Welcomes New Minister and Family

The St. Olaf church members honored their new pastor and his wife, Rev. and Mrs. Oscar Laaveg, and their sons at a reception last Sunday afternoon. Rev. and Mrs. William Heinzig of the St. John Lutheran church, and Rev. and Mrs. Curtis Sampson of Kanawha, attended as special guests.

Other guests invited but unable to attend were Dr. and Mrs. Fauske of Waldorf college and Rev. and Mrs. Hilker of Clarion.

The program consisted of special musical numbers on organ and piano, songs by a girls trio and a mens group, and a vocal solo.

Devotions and welcome message were given by Mr. Heinzig and Russell Lonnevik spoke on behalf of the congregation and presented a gift to the Laaveg family.

Following the program, refreshments were served in the church parlors. Mrs. Gerhard Thompson and Mrs. William Heinzig poured. The tea table, centered with a red carnation bouquet, was arranged by the WMF president, Mrs. Clarence Johnson, assisted by Mrs. Chet Hill and Mrs. Ernest Johnson.

LeRoy Tendalls Honored On 40th Anniversary

Mr. and Mrs. LeRoy Tendall were honored Sunday on their 40th wedding anniversary at the home of Mr. and Mrs. Carrol Bakken and family at Garner.

Other dinner guests were Mr. and Mrs. Cletis Huntermark and family of Ottosen, Mr. and Mrs. Roger Tendall and family of Alexander, Mr. and Mrs. Richard Howieson and Diane of Clarion and Adeline Tendall.

Larry Ackerman's 14th Birthday Celebrated

Mr. and Mrs. Roger Boelman entertained at dinner Sunday in honor of the 14th birthday of Larry Ackerman. Guests were Mr. and Mrs. Fred Hohensee of Pocahontas, Mr. and Mrs. Harold Nomann and family of Plover and the Edwin Ackerman family.

Three Birthdays Honored At James Peterson Home

Mrs. James Peterson entertained at a party Tuesday afternoon of last week honoring her daughter, Theresa, Paula Watnem of Klemme and Richard Burt of Rowan on their 3rd birthday anniversary.

Those present were the other mothers, Mrs. J. Louis Burt, and her daughter Terry of Rowan and Mrs. Paul Watnem and her son Philip of Klemme.

The grandmothers present were Mrs. Louis Burt of Rowan, Mrs. H. J. Classick and Mrs. J. H. Leebrick. Lunch was served by the hostess.

Belated Birthday Gathering Honors Mrs. Rena Landon

A family gathering at the home of Mrs. Rena Landon Sunday afternoon belatedly honored her birthday anniversary.

Those present were Mr. and Mrs. R. G. Watermiller and son David of Thornton, Mr. and Mrs. Ed Halfpop of Goodell, Mr. and Mrs. A. G. Thompson and family and Mr. and Mrs. Roger Halfpop of Mason City, Shirley Watermiller and a friend, Marlinda Drest, of Waverly and the Earl Hinman family. Lunch was served from well filled baskets brought by the guests.

Post Nuptial Shower Honors Mrs. Sidney Severson

Mrs. Sidney Severson, the former Anita Erickson, was honored at a post-nuptial, miscellaneous shower held Saturday afternoon at the St. Olaf church parlors. A program of musical numbers and a skit "Mock Wedding" was enjoyed by 100 guests.

Hostesses were Mrs. Marshall, Mrs. Seibert, Mrs. Tegland and Erin and Mrs. Lindval of Clarion, Mrs. Olson of Humboldt, Mrs. Erma Leonard, Mrs. S. Severson and Mrs. J. Tegland.

Mr. and Mrs. Henry H. Pals Honored On 52nd Anniversary

Mr. and Mrs Henry H. Pals, who observed their 52nd wedding anniversary last week were honored Sunday by a surprise dinner and party. Their daughter and husband and grandchildren came with well filled baskets and a wedding cake to help them celebrate.

Present were Mr. and Mrs. Engle Fekkers, Mr. and Mrs. Roger Fekkers, Herman Vierkant and Mr. and Mrs. Dale Lage and family, all of Meservey, and Mrs. Grace Henn.

The honorees are both enjoying fairly good health.

Century Club Held Meeting

Regular meeting of the Century club was held Tuesday evening at the home of Dorothy Christie. The lesson was given by Gladys Tyrrell, who reviewed Cornelia Otis Skinner's latest book, "The Ape in Me."

● Belmond Locals

Mr. and Mrs. Walter Moen of Kiester, Minn., and his sister, Mrs. Beatrice Hardy of Minneapolis, Minn., visited Tuesday of last week with Mrs. Moen's sister, Mrs. Maude Thompson.

Mrs. Maude Thompson spent Sunday at Forest City at the home of her son, Malcolm Thompson. She especially enjoyed a visit with her grandson, David Thompson, who was spending a furlough with his parents David had been stationed with the U. S. Marines at San Diego, Calif., and will report to a base in North Carolina.

Mr. and Mrs. Wayne Pastour entertained her parents, Mr. and Mrs. O. M. Ingle of Alexander, at dinner Sunday in honor of Mrs. Ingle's birthday.

Mr. and Mrs. Ellis Elliott accompanied by Mr. and Mrs. Elmer Soma and Phyllis spent Sunday at the Dick Elliott home at St. Paul, Minn.

Mr. and Mrs. Harry Mennenga returned last week from Chicago, Ill., having visited at the home of his sister, Mrs. A. T. Krebs. They also visited relatives at Freeport and German Valley, Ill.

Mr. and Mrs. John Christenson and Pam visited over the weekend in the Robert Hoelscher home near Byron, Minn. Sunday afternoon, all of these folks visited in the Rev. and Mrs. Richard Johnson home at St. Paul, Minn.

The Alvin Charlson family were guests a week ago Sunday in the home of Jean Strom of Fort Dodge. The occasion honored the birthday of Miss Strom.

Mr. and Mrs. Dallas Card and family of Alexander and Mr. and Mrs. Glen Neal of Garner were supper guests Sunday evening in the Kenet Ginapp home.

Mr. and Mrs. Claas Modderman and grandson Mark of Alexander were dinner guests Sunday in the Jelto Beenken home. Mr. and Mrs. Bob McClure and daughters of Klemme joined them in the evening.

POLITICAL ANNOUNCEMENTS

FOR COUNTY SHERIFF

I wish to announce that I will be a candidate on the Republican ticket for the office of Wright county sheriff subject to the will of the voters in the primary election on June 6th.

E. L. (Jack) Schroder

FOR COUNTY SHERIFF

I wish to announce that I will be a candidate for renomination to the office of Wright county sheriff, subject to the will of the Republican voters in the primary election on June 6th.

Robert L. Blecker

● Belmond Locals

Mr. and Mrs. Clyde Ambrose have moved from Des Moines to their farm located northeast of Belmond. The Loren Greenfields have moved to Sheffield, where he is now employed.

Mrs. Robert Larson and Cathy Claire of Pittsburg, Pa., arrived Sunday for a visit with her parents, Mr. and Mrs. A. C. Hanson.

Mr. and Mrs. Paul Quigley and family of West Des Moines spent the weekend with his mother, Mrs. Oranna Quigley, and grandmother, Mrs. Hena Kinseth. On Sunday, they were all dinner guests of Mrs. Paul Quigley's parents, Mr. and Mrs. Clyde Ambrose. Mr. and Mrs. Ambrose recently moved back to Belmond after living in West Des Moines for a time.

Shirley Pals of Des Moines was a dinner guest Sunday in the Jens Johnson home.

Jean Strom of Fort Dodge visited a couple of days last week in the Alvin Charlson home.

Mr. and Mrs. Ray Kinseth and daughters of Emmetsburg visited Sunday in the Lloyd Green home.

THANK YOU!

We who are responsible for law enforcement in Belmond wish to express our sincere appreciation to the driving public for the fine cooperation we have received in regard to observing the city ordinances on double parking and restricted parking areas.

There has been a VERY marked improvement in observance of these ordinances in response to our appeals for cooperation. It is cooperation of this sort that makes a GOOD community a BETTER community.

Mayor L. T. Trafford

Police Chief Ray Thompson

And Members of the City Council

VOL. 41 NO. 25 | OFFICIAL CITY PAPER | WRIGHT COUNTY, IOWA—THURSDAY, MARCH 24, 1960 | OFFICIAL COUNTY PAPER | 12 PAGES THIS ISSUE

MAIN STREET

BY PAT, DICK, DUANE

"What Has Happened to Them?" — a feature column in the Des Moines Tribune, which informs readers of the whereabouts and current activity of well known Iowa personages of years past — last week chose R. K. Bliss as one of its subjects. Ralph was often in the news during the lengthy period (1914-46) that he served as agricultural extension director of Iowa State university (then college) at Ames. It's Belmond's privilege to claim him as a "celebrity by adoption."

"Today," the column divulged, "at 79, he lives at Belmond. He still has an office at Iowa State and a weekly radio program there on agricultural subjects. He is on the campus about one day a week. He also does some writing on agricultural topics."

Mr. Bliss is a native of Diagonal. He joined the Iowa State staff immediately after being graduated from the institution in 1905, the "Trib" column related. And except for two years at the University of Nebraska, he has been affiliated with his alma mater. He retired as extension director in '46 but continued as an associate professor for several years before taking emeritus status. He's lived here since marrying the former Ella Luick.

Game Warden Bill Ayers asks that we call to the attention of fishin' enthusiasts that spearing of rough fish became permissible as of March 1 by action of the state conservation commission. If you have a current fishing license, you may spear carp and their unwanted brethren without concern for retribution. The decision was not promptly passed on to officers in the field, so there has been some confusion over whether it was or was not officially made. It was.

We note that the Iowa Falls school board has a building project scheduled for this year — in the same amount of Belmond's high school and Luick Memorial building, $875,000 — for which bonds were sold last week. As was the case with Belmond's recent bond sale, the winning Iowa Falls bidder was a combine headed by White-Phillips Co., Inc., of Cedar Rapids.

The low bid at Iowa Falls beat ours by approximately one-tenth of a per cent, 3.7245 compared to the winning bid here of 3.8247.

A factor which undoubtedly entered into the slightly more favorable interest consideration was the fact that Iowa Falls must raise the entire $875,00 for its new junior high by bonds — whereas (lucky us) we had only $575,000 to raise, thanks to Chester Luick's $300,000 gift for the memorial building. We suspect Iowa Falls would trade places with us.

Whenever Ye Ed has been requested to get a story in the paper from notes given him by Mrs. G., he remains on tenterhooks until he's got that issue of The Independent completely read. Meanwhile, we await nervously a dismayed, "Oh, no!" from the missus indicating that we've done it again.

For some reason or other, we have a particular penchant for lousing up stories which our helpmate has been instructed to "get in the paper."

Last week, it happened again. This time it was the League of Women Voters that was victimized by Ye Ed's nervous mis-translation of his wife's notes. So hear ye! Mrs. Jim Burt is the LWV's continuing president; and Mrs. Harold J. Johnson was elected as vice president. THAT'S how it was.

On one of the inside pages you'll find a headline: "Suntken, Stoltenberg Vie for 4-H King, Queen Title." If you want to read about Dave Suntken and Marcia Stoltenberg, stop right there — for "somebody goofed," and the story that follows has to do with distribution of the census advance report forms. We recommend you read the story, as it should be of interest to you. But you will have to search elsewhere for details of 4-H Fun Nite, which the Suntken-Stoltenberg head was SUPPOSED to lead into.

Fictitious names will be used in this particular item to "protect the innocent," as a certain TV thriller says. The small son of a customer of a store in a neighboring town on a recent visit trundled behind a partition setting off the meat department, having learned that a slice of cheese might be wangled if he worked it right.

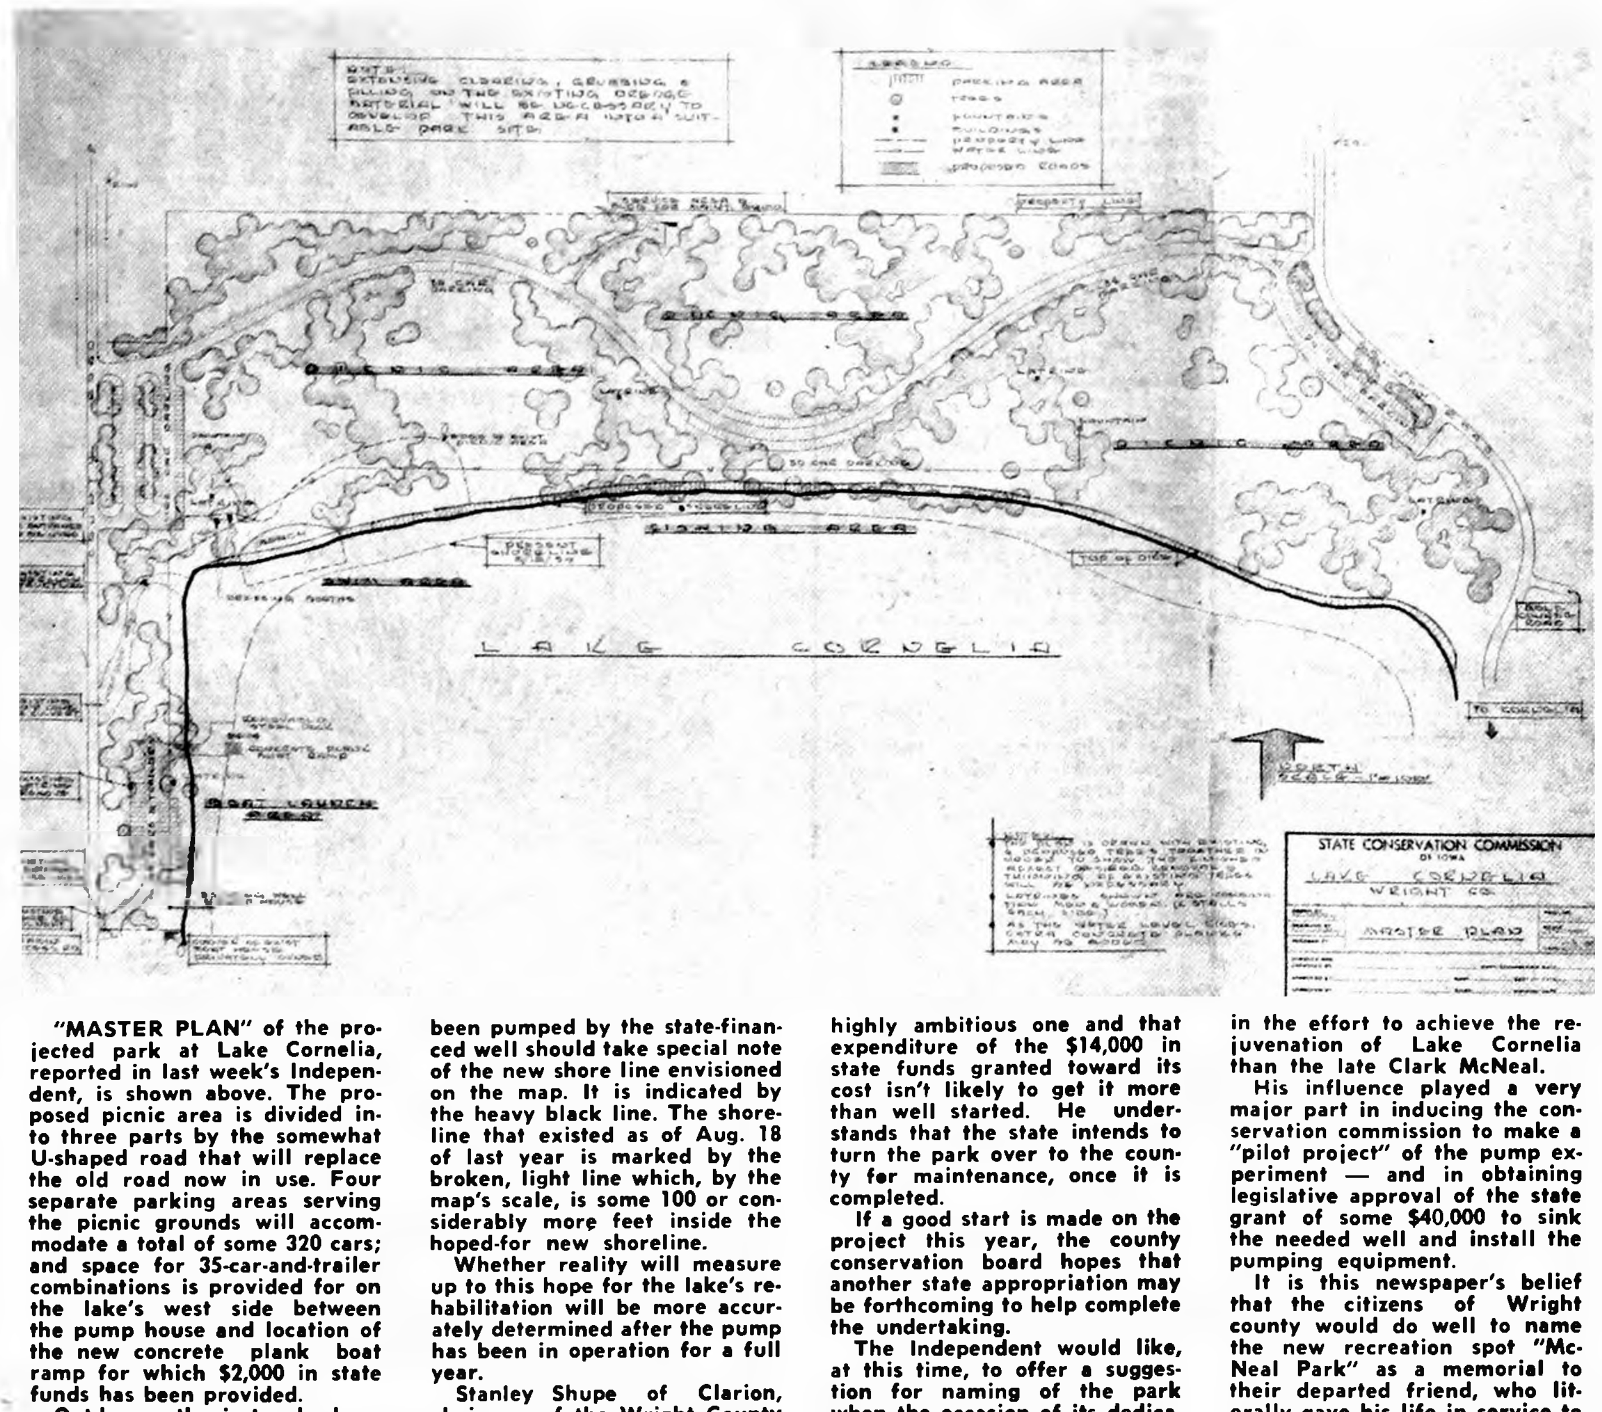
He was heard engaging in conversation with the meatcutter concealed by the partition. After some lapse of time, the pair of 'em emerged into view, the small-fry's adult companion noticeably pink around the ears.

Amused by this phenomenon and more than a little curious as to what had caused it, the youngun's mother inquired what he and his friend had been talking about. No light was offered by him of the pink ears; but sonny advised he'd been admiring a new calendar. "It's a girl," he said matter-of-factly, adding "She hasn't got any suit on!"

Officials of ASC At State Parley

Officials of the Wright county ASC organization on Tuesday and Wednesday of this week attended a state meeting of the federal farm agency in Des Moines. This was the first statewide ASC meeting since 1957.

The county was represented by H. B. Vanderlip, chairman; C. C. Woodin, vice chairman; Loren Hadley, regular member; Raymond F. Hurst, office manager trainee; and Jack G. Masters, county office manager.



"MASTER PLAN" of the projected park at Lake Cornelia, reported in last week's Independent, is shown above. The proposed picnic area is divided into three parts by the somewhat U-shaped road that will replace the old road now in use. Four separate parking areas serving the picnic grounds will accommodate a total of some 320 cars; and space for 35-car-and-trailer combinations is provided for on the lake's west side between the pump house and location of the new concrete plank boat ramp for which $2,000 in state funds has been provided.

Outdoor enthusiasts who have been hopefully watching the lake's level rise as water has been pumped by the state-financed well should take special note of the new shore line envisioned on the map. It is indicated by the heavy black line. The shoreline that existed as of Aug. 18 of last year is marked by the broken, light line which, by the map's scale, is some 100 or considerably more feet inside the hoped-for new shoreline.

Whether reality will measure up to this hope for the lake's rehabilitation will be more accurately determined after the pump has been in operation for a full year.

Stanley Shupe of Clarion, chairman of the Wright County Conservation commission, admits that the park project is a highly ambitious one and that expenditure of the $14,000 in state funds granted toward its cost isn't likely to get it more than well started. He understands that the state intends to turn the park over to the county for maintenance, once it is completed.

If a good start is made on the project this year, the county conservation board hopes that another state appropriation may be forthcoming to help complete the undertaking.

The Independent would like, at this time, to offer a suggestion for naming of the park when the occasion of its dedication finally arrives. No single individual played a larger role in the effort to achieve the rejuvenation of Lake Cornelia than the late Clark McNeal.

His influence played a very major part in inducing the conservation commission to make a "pilot project" of the pump experiment — and in obtaining legislative approval of the state grant of some $40,000 to sink the needed well and install the pumping equipment.

It is this newspaper's belief that the citizens of Wright county would do well to name the new recreation spot "McNeal Park" as a memorial to their departed friend, who literally gave his life in service to his state, county and community.

At Swine Producers' Dinner—

Price-Guessing Prize to Wilson

The entertainment of Red Blanchard of radio station KSMN, Mason City, climaxed a highly successful annual meeting and dinner of the Wright County Swine Producers' association held at Eagle Grove on Wednesday of last week.

Marion Steddon, president of the Iowa Swine Producers' association, told the 400 swine producers and guests who traveled the icy roads to the banquet, that there needs to be a lot of study on the marketing of red meats; and a lot of information about red meats, especially pork, needs to be given to the eastern consumers of these products.

Dr. H. L. Self, extension animal husbandman from Iowa State university, told about two recent developments in the swine industry. These are disease-free herds and artificial insemination. He stated that progress is being made in both of these fields but that more information would be required to determine the place that they will have in the commercial swine industry.

Tom Wilson of Kanawha was the first prize winner in the contest for last year when farmers guessed the date to avoid marketing hogs. County Extension Director Aaron R. Bowman, who announced the awards, said that Mr. Wilson had hit the date exactly by guessing Dec. 31, 1959, as the day when the prices would be the lowest between April 1, 1959, and Feb. 1, 1960.

He had guessed a price of $12.80 and the actual price was $12.50 for carload lots at Chicago on the specified date. His award was a $10 hat.

Arnold Olson of Clarion won second place by missing the date by one day and won a five-pound canned ham. Three others tied for third by missing the date two days and received 1½-pound canned hams.

Tying for third place were Raymond Southard, Clarion; Clair McOllough, Clarion; and Harlan Espe of Goldfield. Those attending guessed again on the date that the hogs would be the lowest this year.

John Rokke of Belmond township was elected at the business meeting as director to represent the northeast quarter of the county. Leland Sebby of Wall Lake township was elected for the southeast quarter of the county.

Garfield "Gus" Halverson, Jr., president of the Wright County Swine Producers association, complimented Bernard Collins of Clarion on the fine articles on swine production that he has written for several state papers and magazines. Mr. Collins is a swine producer in Lincoln township and vice president of the Iowa Swine Producers' association.

Rolland Paul, fieldman of the Iowa Swine Producers association, complimented Wright county on the lead it has taken in pork and other red meat production.

Mr. Halverson was assisted in conducting the meeting by the county association directors, who are: Maurice White, Clarence Williamson, Don Engh, Bernard Collins, Bert Watts, Jack Burt and Mr. Bowman. The latter is secretary-treasurer of the group.

4 BHS Students At Council Parley

A delegation of four representing the Belmond High school Student Council was to be in Mason City today attending the annual North Central district convention of the Iowa Association of Students Councils.

Eileen Morris, one of the local delegates, has been nominated by the local Student Council for the office of district treasurer.

Others who will represent BHS are Randi Dahlgran, Paul Thompson and Dennis Gallagher.

FB Group Meets For Discussion On Legislation

Members of the Wright County Farm Bureau legislative committee met Tuesday of last week at Mason City. The meeting held at the Cerro Gordo hotel was called on a district basis to discuss impending state actions.

The discussion centered on the legislative reapportionment issue and how it is related to a constitutional convention.

Members of the county committee are:

Hubert Hiemstra, Clarion, chairman; Joe Tokheim, Eagle Grove; Mrs. Ira Studebaker, Jr., Belmond; Mrs. Leo Woodley and Mrs. Henry Meineke, Clarion; and Oscar Holmes, Dows.

Division II to 3 Belmond Entries

Belmond High school's three entries in the state speech contest at Hartley last Saturday failed to bring home any Division I ratings, but all were awarded "excellent" or Division II ratings.

Those who qualified for the state contest were: Randy Brandmeyer, humorous declamation; Kathy Jones, oratorical declamation; and the one-act play cast which included Lynne Boller, Cathy Bonte, Ronda Urban, Erwin Hill, Jim Pals and Mark McNulty.

More than 2,000 finalists competed in state contests held at two sites, Hartley and Grinnell.

Belmond's speakers and play cast were coached by Marilyn Schroeder.

C-OF-C EVENT APRIL 5-7

Plans are steadily progressing in preparation for the Cooking School and Home Show which the Chamber of Commerce will conduct at Veterans' Memorial hall on April 5-7.

In contrast to past cooking schools held here, local talent will be in charge and will demonstrate favorite recipes. Many interesting home exhibits will contribute to the event's wide appeal.

A style show is planned in conjunction with the Cooking School and Home Show, with Mrs. Laura Guthrie in charge.

Complete details regarding the event will be published next week.

HELLO WORLD

A 6 lb. 8 oz. baby girl was born March 19 to Mr. and Mrs. James McLaughlin. She has been named Kathleen Ann.

Scott Alan is the name chose by Mr. and Mrs. Paul Kjar of Thornton for the 8 lb. 1½ oz. son born to them March 19.

Mr. and Mrs. Norman Pals are parents of an 8 lb. 5¼ oz. baby boy born March 20. They have named him Douglas Allen.

Senior and Junior Bands In Joint Concert Sunday

Belmond's junior and senior school bands will be presented in a joint concert Sunday afternoon at the high school gymnasium under the direction of Maurice Fahrney. The program will open at 2:30 o'clock with the 56-piece junior band presenting a group of three numbers.

This will be the first public appearance of the school year for the junior band and the second for the 64-piece senior band.

A highlight of the senior band concert will be Schanke's "Five Mellow Winds," which will feature five members of the woodwind section. They are: Nancy Halfwassen and Loree Baker, alto saxophones; Kay Stecher, tenor saxophone; Ronnie Heykants and Shirley Davis, clarinets.

This piece was composed as a memorial to the late, popular orchestra leader, Glenn Miller.

Selections to be offered by the junior band are: "Firework Music," Handel; "Emperor Waltz," Strauss; and "A-Roving" (old sea chanty), Barrett.

On the senior band program will be: "Overture for Winds," Carter; "Capriol Suite," Warlock; "Nocturne in the Modern Manner," Herman; "Exhibit Suite," Wilkinson; "Night Flight to Madrid," Leslie.

After "Five Mellow Winds," the concert will conclude with "Night Clouds," Budka; "Gold and Silver March," Lehar-Cofield; and "Them Basses," Huffine.

Personnel of the senior band was published at the time of its winter concert. Following are the musicians who comprise the junior band:

Flutes — Jeanne Finn, Merry Bamford, Sue Wilmarth, Janet Stadtlander, Janet Lipscomb, Suzanne Anderson; oboe — Barbara Packard; bassoons — Jon Hruska and Holly Dahlgran.

Clarinets — Kristine Thompson, Carol Watkins, Karol Thompson, Jolene Vanness, Pamela Modderman, Debbie Boller, Kristin McNeal, Carolyn Boller, Kathy Jenison, Kathy Soma, Lynnette Tomson, Karen Soma, Maxine Bardwell, Marilyn King, Joan Leinbach, Thomas Pulver, Bonita Whipple and Phyllis Lowenberg.

Alto saxophone — Bill Schubert, John Dickson; bass clarinet — Sharon Fuller; cornets — Jerry Green, Diane Hauge, Norma Watne, Janice Porter, Candy McClenahan, Alan Hattel, Jerry Soma, Kathy Proeger, John Faris, Darlene Stoffer, Gary Walrod, Terry Pals.

French horn — Rochelle Fuller; trombones — Jim Erickson, Dudley Bonte, Bob Misner, Rhonda Kamm, Deborah Barkema, Mary Didio; baritone — Tim Courson; tuba — Ed Olson; percussion — Jane Hill, Cindy Musselman, Carolyn Stecher, Norma Gabrielson.

ON ISTC HONOR ROLL

Loretta Fuller, a senior at Iowa State Teachers college, Cedar Falls, last week was named on the honor roll for the first semester for having maintained a grade-point average of 3.25 or better. She is majoring in commercial subjects. Loretta is a 1956 graduate of Belmond High school and is a daughter of Mr. and Mrs. Mac Fuller of Goodell.

TB Association To Hold Meeting

Annual meeting of the Wright County Tuberculosis and Health association will be held next Tuesday evening at 7:00 o'clock at the Dows Methodist church. Dinner will be served at that hour. with business to be conducted afterward.

Mrs. A. B. Parsons of Eagle Grove, president of the association, says all seal chairmen and workers are urged to attend.

Dr. Richard W. Smith of Clarion, president of the Wright County Medical Society, will be the program speaker.

No Green Stuff Was "Picked"

Springlike sunshine brightened Main street Tuesday afternoon — but none of that green stuff brought sunshine into the lives of any of the crowd of Cash Gift Day numberholders that thronged the business district. There was $400 there for the taking, but none of the right "takers" was on hand. Eager to get some spring shopping money into circulation, the CGD committee is keeping the award total at a fat $400 next Tuesday. That will again allow for the posting of eight $25 numbers at 2:00 p.m. and four $50's at 3:00 o'clock. You need a new spring dress? Have that number downtown!

State Police Radio Officials Inform Officers of Planned Circuit Change

Law enforcement officers and others concerned with the public peace and safety from 10 counties that utilize the services of the Belmond state police radio station gathered last Friday at the Belmond city hall. Purpose of the meeting was to explain to local and county officers a necessary change in radio service to local and county law enforcement agencies that the state police radio system will be introducing June 1 of next year.

Representing the state radio system were Clarence Hunnerdose of Des Moines, chief technician for the system; Del Hartman, supervisor of the Des Moines station; Jack Sauer, also of the Des Moines station staff; and Lynn Forshee, supervisor of the Belmond station.

Just Two Circuits in Use

It was explained to the attending officials that the two circuits on which the state system has been handling all of its traffic have become so increasingly jammed as to threaten a serious break-down in efficiency. Mr. Hunnerdose also said that the Federal Communications Commission has been dissatisfied with the Iowa set up—from an operational standpoint, not because it has been failing to perform its function satisfactorily.

To alleviate the too large traffic load that has been hampering use of the 37.1-megocycle circuit which links the state system with local law and public safety agencies, the state proposes to add an entirely new circuit at 155.37 megocycles.

Summaries Tie Up Circuit

During daytime hours, at least, local radio contact with the state system will have to be made via base stations — in the case of Wright county, at the sheriff's office. Currently, police and sheriff patrol cars are allowed to make direct contact with the state station on the 37.1 circuit.

Mr. Forshee notes that the point has practically arrived that there are not enough hours in the day for the 37.1 circuit to get all its required daily broadcasts on the air, plus handling local police messages.

The Belmond station, like others in the system, has to broadcast a morning summary of current items and cancellations and an evening resume of like information. In addition, three weather and road reports are made daily that, during the winter at least, may run 20 to 25 minutes each. The end result has been an overloaded circuit that has been extremely hard-pressed to handle local traffic.

New Equipment Required

The new, higher frequency circuit will vastly improve the speed with which local traffic can be handled, in the estimate of the state radio officials. It will necessitate installation of an additional receiver and transmitter at the base stations — at Clarion, in Wright county's case. Estimated cost of this additional equipment is around $1,000.

It was the state officials' original intention that the 37.1-megocycle circuit would not be made available for direct contact with the state stations by local officers. That, however, would have made it necessary for county base stations to be manned 24 hours a day, at a considerable increase in cost for personnel.

May Provide Night Service

To avoid that, it was suggested that the state stations receive local transmissions on the 37.1 band from 7:00 p. m. to 8:00 a. m. so only a 15-hour rather than a 24-hour watch would be sufficient at the base stations. The state personnel present at the meeting here regarded this as a reasonable amendment and suggested that it be recommended to the state authorities.

Belmond police and the Wright county sheriff's office will be affected by the addition of the new circuit more than most local agencies because their adjacency to the Belmond state station has enabled them to use its services much more extensively than more distant car units.

Mr. Forshee expresses the opinion, though, that at small sacrifice of local convenience in the case of Belmond, Wright county and a few other localities fortunate to be close to a state station, the system's over-all efficiency will be upgraded very appreciably.

Clarion Collegian Will Seek Demo' Nomination as State Representative

• • •

RICHARD L. WILSON

Richard L. Wilson has declared his intention to seek the office of State Representative of Wright county on the Democratic ticket. Mr. Wilson is the son of Mr. and Mrs. R. B. Wilson, who live on a farm northwest of Clarion.

He attended a rural school in Liberty township and then attended Clarion High school, graduating in 1956. He is a member of the Evangelical Lutheran church of Holmes. During summer vacations he has always returned to Wright county to work on the farm.

Mr. Wilson presently is a senior at St. Olaf college and will graduate this spring with a degree in political science. He attended American university, Washington, D. C., under the auspicies of the Washington Semester Program of that university.

This unusual privilege gave him opportunity to observe the operations of national government at close range. Part of the Washington plan was to write a thesis and he chose the farm situation as his topic. This afforded him an opportunity to get into many agricultural offices in Washington, D. C.

At present he is active in many political, social and religious organizations at St. Olaf, including the Young Democratic club and the International Relations club. He was a campaign chairman during Political Emphasis Week on the St. Olaf campus.

"It is my hope that the fundamental basis of our government, the two-party system, will be strengthened in Wright county by the participation of all Democrats in the Democratic primary, June 7," Mr. Wilson says.

Delegates Picked For GOP Parley

Delegates chosen to represent precincts in this area of the county at the Wright county presidential convention at Clarion on Friday, April 1, have been announced by Otto Knudsen, GOP central committee chairman. The convention starts at 10:00 a. m.

At precinct caucuses held last week, Belmond delegates were selected as follows: Ward I — Mrs. C. C. Benson, Mr. and Mrs. John Greenlander, Mrs. A. C. Lieuwen and Mrs. D. R. Schaal.

Ward II — Mrs. A. C. Hanson, Matilda Skovlin, Mrs. R. K. Bliss, Mrs. Hale Mason, C. C. Christie and R. B. Thompson.

Ward III — Mrs. Don Bunnell, Mrs. George Jenison, Mr. and Mrs. Don Faris, J. R. Gallagher, Cecil Carstens and Mrs. Lloyd Green.

Delegates from Belmond township are to be: John Davids, Sherman Oberhauser, Friend Bras; Pleasant township — Mrs. Alice Hedges, Mr. and Mrs. Walt Hotvet. Iowa township — Don Burt, Ralph Baker, Jay Knuths, Fred Frohling, W. P. Tyrrell; Norway township — Mrs. Gerhard Thompson, Lewis Tesdahl, Wiert Brower.

DES MOINES VISITORS

Mr. and Mrs. Steve Krpan, Nickie and Larry of Des Moines visited Saturday in the home of her parents, Mr. and Mrs. Henry Nuehring.

PROMOTION TO LIEUWEN

Leland Lieuwen, son of Mr. and Mrs. A. C. Lieuwen, was recently promoted from the position of plant superintendent to assistant manager of the Tip Top division of the Sunflower Tip Top Dairies. Headquarters of the division is Hillsboro, Kans.

5 From Belmond Among Speakers At "Career Day"

Five persons from Belmond offered information on their chosen fields at the 4th annual Franklin County Career Day, which was conducted yesterday at Franklin Consolidated school. Approximately 300 high school juniors from 13 schools were offered an insight into 37 different business and professional fields.

Appearing on the program from Belmond were: Dr. S. P. Leinbach, for the profession of medicine; Joan Kraus, R. N., nursing; Helen McNulty, laboratory technician; J. R. Gallagher, journalism; and L. A. Collier, on th telephone industry. Dick Mueller of Clarion was heard on photography.

Alexander High school's band, under the direction of Marilyn Junker, opened the day's program at 9:20 a.m. with a 25-minute concert. An address by Dr. Ray Bryan, head of Iowa State university's department of vocational education, also preceded the day's schedule of consultation periods. There was one 50-minute session in the morning and two in the afternoon during which the students were given the opportunity to get first-hand information about fields in which they are interested.

HOSPITAL RECEIVES $5

It is announced by Mrs. A. C. Lieuwen, memorials chairman for the Belmond Community Hospital Auxiliary, that the hospital lately received a memorial gift of $5 from friends of the late Fred Johnson.

Wed Here on March 27th, 1910—

Lieuwens Reach 50th Anniversary

The many friends of Mr. and Mrs. A. C. Lieuwen are invited to offer congratulations to the respected couple on the occasion of their Golden Wedding anniversary this Sunday. Mr. and Mrs. Lieuwen will hold open house at the home of Mr. and Mrs. R. B. Thompson from 2:00 to 5:00 p.m. No invitations are being mailed and the Lieuwens urge their many friends to consider this announcement of the event as a personal invitation to greet them at that time.

Both Mr. and Mrs. Lieuwen are natives of Belmond and have spent their entire lifetimes in this community with the exception of seven years when they farmed near Alexander. They were married on March 27, 1910, by Rev. C. H. Van Meter, then pastor of the Methodist church.

Mr. Lieuwen was the son of Mr. and Mrs. John Lieuwen and Mrs. Lieuwen, Elizabeth Baxter before her marriage, was the daughter of Mr. and Mrs. Henry Baxter.

Four children were born to Mr. and Mrs. Lieuwen. Two, Lillian Boone and Jean Carrol, died in childhood. The two surviving are Mrs. Forrest (Elizabeth Baxter) Griffen of Baton Rouge, La., and Leland Andrew Lieuwen of Hillsboro, Kans.

The Lieuwens have three grandsons and a granddaughter, all children of the Griffens: Dean, who is a pre-medical student; Dale, Fred and Betty Lou.

"Andy," as Mr. Lieuwen is familiary known, as a young man clerked for two of Belmond's early-day department stores. Tiede's and Bohning's. Subsequently, he was a rural mail carrier for 12 years before he entered the occupation of farming near Alexander. He returned to the Belmond vicinity in 1928 to operate Oak Ridge farm southeast of town.

For 12 years he operated the place as a dairy farm and he took great pride in its fine Guernsey herd. He retired from farming in 1956, building a new home in Belmond for himself and his wife at that time.

The Lieuwens joined the Methodist church in 1904 and have participated extensively in its activities over the intervening period of more than 50 years. Mr. Lieuwen was a trustee for 20 years.

"Andy" has been keenly interested in the maintenance and improvement of the Belmond cemetery over a period of more than 30 years. Since it was taken over by the city about 10 years ago he has continued his active interest in the capacity of cemetery superintendent.

Mrs. Lieuwen taught for some years in rural schools of this vicinity. She has been interested in a wide range of organizations and activities. She holds membership in the Progress club, American Legion Auxiliary, Order of Eastern Star, Rebekah lodge and the Literary Round Table division of the Federated Woman's club.

She is an original member of the city zoning and planning commission and recently accepted appointment to the board of adjustment named to hear appeals from restrictions set forth in the zoning and planning ordinance.

For eight years Mrs. Lieuwen took part in 4-H club work and she was responsible for organization of the first girls' 4-H club in Pleasant township.

Both Mr. and Mrs. Lieuwen have won not only the high regard but the deep affection of their fellow citizens for the many good works they have performed over their long period of residence in the community.

• • • • • •

MR. AND MRS. A. C. LIEUWEN

Adjustment Board Picked by Council

A board of adjustment consisting of five members has now been appointed by the city council to sit in judgment of such appeals as might be entered against the master plan set up by Belmond's new zoning and planning ordinance.

Staggered terms were assigned to the members, in accordance with the Iowa code. Members of the board and their terms are: George Hinman, five years; George Kyser, four years; Howard Jacobmeyer, three years; Clarence Hildebrand, two years; and Mrs. A. C. Lieuwen, one year.

Mr. Hildebrand and Mrs. Lieuwen are representatives of the zoning and planning commission on the board. Mr. Hinman was named by the council as temporary chairman.

It will be Mr. Hinman's responsibility to assemble the members for the board's organization meeting, at which a permanent chairman and secretary will be chosen.

Mayor L. T. Trafford says it will be up to the board of adjustment to act on appeals from the master plan, in such cases as appellants regard that they have bona fide reason for asking an exception to the plan due to hardship or other reasonable consideration.

It is not anticipated that action on appeals will likely set broad precedents in exception to the master plan. However, if irregularities in the plan are discerned — or are created by the passage of time — it will be the adjustment board's duty to correct them.

4-H Fun Night Friday at Clarion Suntken, Stoltenberg Vie for Crowns

A King and Queen will be elected from 15 king and 15 queen candidates to reign over 4-H Fun Nite which will be held Friday at the Clarion grade school auditorium.

King candidates and their clubs are: David Suntken, Pleasant Pioneers; Gary Patterson, Blaine Livewires; Clair Nerem, Boone Valley Go Getters; Ronnie Pletcher, Dayton Dynamiters; Ronnie Spangler, Eagle Grove Eager Beavers; Steve Hill, Grant Growers; John Smith, Iowa Hawkeyes.

Ronnie Anderson, Lake Leaders; Marlin Edwards, Liberty Pathfinders; Harvey Hilpipre, Lincoln Leaders; Jim Amosson, Norway Ramblers; John Hanson, Troy Toppers; Ronnie Wobbeking, Vernon Victors; Jerry Mosher, Wall Lake Beavers and Marlin Claude, Woolstock Junior Stockmen.

Queen candidates and their clubs are: Marcia Stoltenberg, Belmond Busy Bees; Katherine Vroman, Blaine Blue Ribbon Winners; Bonita Engstrom, Belles of Boone; Sharon Loux, Dayton Dandies; Kathy McKay, Eagle Top Notchers; Joan Nichols, Grant Go Getters; Lynne Arends, Iowa U-Go-I-Go; Wendy Duitscher, Lake Leading Ladies.

Kathryn Klinger, Little Liberty Ladies; Beverly Anderson, Lincoln Lassies' League; Janice Rietema, Norway Jolly Joy Makers; Barbara Moklebust, Troy Trojans; Sharon Collins, Up And Coming Vernonites; Mary Swanson, Wall Lake Wee Women; and Judy Moellering, Woolstock Willing Workers.

Crowning this year's king and queen will be the 1959 King, Carroll Spangler, Jr., and the 1959 Queen, Sandy Sellers.

A variety of entertainment is in store for those who attend this year's Fun Nite, promises Gerald K. Anderson, county extension associate. Including in the evening's program will be skits, pantomimes and vocal and instrumental musical numbers. Titles of the presentations and the township are:

"Organ and Accordian Duet," Pleasant and Belmond; "Oh, Dear, No Plans," Blaine; "Bubbles," Dayton; "Macy's 5th Avenue," Eagle Grove; "Grant Merry Notes," Grant; "Major Operation," Iowa.

"The Operation," Lake; "Me Scalp Um," Liberty; "McGoon's Travels," Lincoln; "Double Trouble," Norway; "Pantomime and Hymn," Troy; "Memories," Vernon; "The Tail of Whoa," Wall Lake and "Twirling Exhibition," Woolstock.

Presiding over this year's 4-H Fun Nite program will be Melvin Bosworth and Lynne Arends, Wright county 4-H presidents.

Special music will be provided by the Wright county girls' 4-H chorus and Stephen and Dwight Hinman of the Pleasant Pioneers.

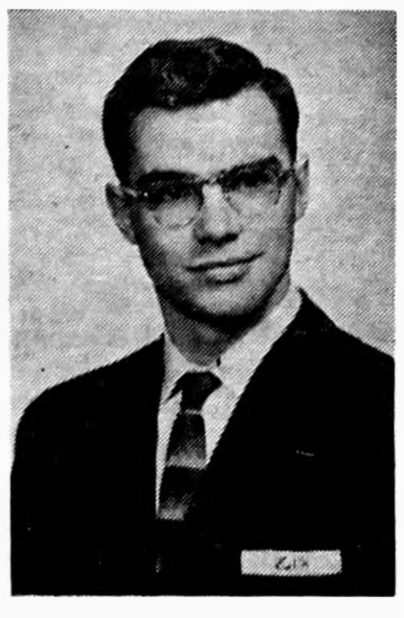
JOE TRIPLETT SEZ:



With Winter getting in its last punch this past week I was kept inside most of the time. I did get quite a pile of work out of the way in the office, though. I think some of the folks who have been sending us soil samples all along must be using a pick and shovel. I don't know how else you could get through all that snow and frozen ground.

I did get out to see Jake Boelman during a lull between blowing snow. Jake was getting that new tractor of his ready for some cold weather. He told me that he's going into the turkey business this year as a sideline to his farming. Jake gave me a nice order while I was there.

Last fall I stopped in to see Luin Cox, the local banker, and we visited about how the fertilizer program fits into the farmer's operation. Mr. Cox is in favor of good, sound fertilizer practices. It's good to have a man in his position with a well-rounded knowledge of your total farming problem.

I've found out that the woman of the house has something to say about what her husband buys even with a product like fertilizer. I was out to see Hank Pals a while back and just HAPPENED to ask him if he was going to topdress his hay again this year. "No, he is not," said the wife very emphatically before Hank could say a word. "He's going to put that extra fertilizer on the corn and really "make some hay."

It looks as if Merlin Bier is going to be leading **the field again this year in the Alexander area with** liquid starter fertilizer. There are several others who are going to give him a lot of competition when the season really gets started, though. They all like those nice looking fields of corn Merlin always has and those big yields that are there at picking time.

I stopped in to see Bill Sheriff who lives up by Goodell, a few weeks ago. We had a nice visit about liquid fertilizer. Bill tells me that he's in competition with us on the manufacturing level. He is manufacturing most of the fertilizer he uses with some 3,000 head of hogs and a few head of cattle every year. I don't know what he would charge a ton for it but I imagine you would be expected to do your own hauling and bulk spreading.

Saturday I represented the company at a Dealer's Dollar Day over at Bode. Talk about greener grass on the other side of the fence. More orders for liquid fertilizer were booked and paid for that day in six hours than I've been able to just take orders for in the past nine months, much less get any advance payment. I sure wish some of you folks would let me in on the secret of how it's done.

Those of you who are going to take advantage of our coating program for planter tanks not already coated should be thinking of getting the planter tanks in to the Ris-Van shop before the Spring rush is on. Coating those tanks inside now with a plastic coating will save you time and money later.

Folks on the rural routes received a valuable piece of literature this past week concerning your soil's fertilizer needs. I hope you take the advice in that literature and put it there with

RIS-VAN, Man,
. . . that's fertilizer!

CHURCHES

ST. JOHN LUTHERAN CHURCH

William Heinzig, Pastor
Robert Hein, S. S. Supt.

9:30 a. m. Sunday school and Bible classes.

10:30 a. m. Divine worship. Text: John 6:1-15. Theme: "Jesus was no Materialist."

7:30 p. m. on Thursday Lenten service.

9:00-11:30 a. m. Saturday — confirmation instruction.

IMMANUEL REFORMED CHURCH

Rev. Julius Brandt, Pastor
Benjamin Suntken, S. S. Supt.

9:30 a. m. — Worship service. Sermon title: "Divine Love and Human Hatred." Scripture text: John 11:1-46.

Sunday school following morning service

7:30 p m. — Worship service. Guest Lenten speaker: Rev. John Hoekstra of Alexander.

Friday, March 25 — 6:30 p. m. — Mother-Daughter banquet.

Monday, March 28 — 7:00 p. m. — Catechism classes.

Thursday, March 31, 7:30-9:00 p. m. — Choirs and Youth Fellowships.

Rev. Elmer Vander Ploeg, Pastor
John Davids, S. S. Supt.

Sunday school at 9:30.

Morning worship at 10:45. Sermon: "Today is Sunday." Text: Exodus 20:8; Luke 6:5.

Evening worship at 7:30. Rev. S. Van Gelder of Sheffield will be with us to bring the message.

Thursday evening at 7:30 — Highschool catechism. Choir practice at 8:15.

Saturday — Catechism at 1:30, 2:15 and 3:00.

SOCIETY

Mrs. Bill Swenson Hostess To East Side Birthday Club

The East Side Birthday club met at the home of Mrs. Bill Swenson Wednesday afternoon of last week. Eleven members were present. The afternoon was spent sewing baby garments for orphans' homes. Mrs. J. E. Ketchum won the contest prize. Lunch was served by the hostess.

Honor Mrs. Fred Madsen On Birthday Anniversary

Mrs. Fred Madsen was honored Friday evening by a dinner party in the Madsen home in celebration of her birthday.

Present for the occasion were the honoree and her husband, their son and daughter-in-law, Mr. and Mrs. Keith Madsen, Mr. and Mrs. Bill Layton and children, Mrs. Ardeth Paule and Sherman Oberhauser.

Frank Quigley's Birthday Celebrated At Dinner Party

Frank Quigley was guest of honor at a birthday dinner Sunday in the home of his son-in-law and daughter, Mr. and Mrs. Clifford Johnson. Other guests were Pat Quigley, Grace Quigley and Mrs. J. H. Fulton, all of Fort Dodge, the Dale Smith family of Mason City and the honoree's wife.

Literary Round Table Met With Mrs. Hulda Baker

The Literary Round Table division of the Women's Federated club met Wednesday of last week for its regular meeting in the home of Mrs. Hulda Baker, with Mrs. Marie Zook and Rhea Campbell co-hostesses.

Roll Call was answered by members stating one bad habit each would like to get rid of.

Plans were made concerning the open house at the Library in April, which the Literary Round Table will sponsor.

Mrs. Cora Greenlander reviewed one of the required books, "A Man Had Tall Sons" by Martha Ostenso.

The lesson topic was Personal Health. Mrs. Norma Early of Mason City, a representative of the American Cancer Society for this district, which includes 12 counties, discussed her work. This includes education, research and actual help in cancer cases wherever needed.

She also presented a film illustrating some of this work. Dr. S. P. Leinbach is the service chairman for Wright county in carrying out this work.

H. A. Hokels Observing 45th Anniversary Today

Mr. and Mrs. H. A. Hokel will observe their 45th wedding anniversary today (Thursday) at their home. No special observance is planned for today but plans are being made for a family gathering Sunday.

G. E. M. Club Met Monday With Mrs. Keith Chandler

G. E. M. club met Monday evening at the home of Mrs. Keith Chandler. Guests were Mrs. Ernie Schroeder, Mrs. Henry Halfwassen and Mrs. Claude Thayer. Mrs. Clarence Fleener received the birthday gifts.

The evening's entertainment was 500, with high score prize going to Mrs. Thayer, 2nd high to Mrs. Ed Stoffer and low to Mrs. Hauko Barkema. Lunch was served at the close of the evening.

Birthday Dinner Sunday Honors Gerald Ersland

Mrs. Gerald Ersland entertained at dinner Sunday honoring the birthday of Mr. Ersland.

Guests were Mr. and Mrs. Donald Nelson and children, Mr. and Mrs. Otis Nelson, Mr. and Mrs. Howard Shahan and Mary Kay, Roberta Ersland and Mr. and Mrs. William Muhlenbruch.

● Belmond Locals

Mr. and Mrs. Jelto Beenken visited Sunday afternoon in the home of Mr. and Mrs. Peter Beenken at Titonka.

Mr. and Mrs. Preston Tyrrell visited over the weekend in Cedar Rapids in the home of Mr. and Mrs. Hall Koontz and family.

Mr. and Mrs. Elmer Wessels of Klemme were Sunday evening visitors in the Mrs. Martha Riekens home.

NEW BELMOND
Film Highlights
—from—
COMING ATTRACTIONS

"Third Man on the Mountain" is the type of off-beat film the public has come to expect from the Walt Disney studios. It's an Alpine adventure, filmed in Switzerland, that will give you a lot more chills along your spine than the plentiful snow and ice of the scenery could produce. Cast in one of the lead roles is James MacArthur, son of famous Helen Hayes, first lady of the American theater. If you're tired of "standard" plots, you'll thoroughly enjoy "Third Man," playing Thursday through Saturday.

That teen-age favorite (she's made quite a conquest of a good number who long since lost their teen-age rating, too), Sandra Dee, fills the title role in "Gidget," Sunday through Tuesday. Publicity on the film boasts that Sandra displays 21 changes in wardrobe — 19 of the garments being bathing suits. That'll give you an idea that "Gidget" is a tale of today's "beach generation" — which it is. Just wholesome fun.

Harry Belafonte, the handsome troubador, does a handsome job with a highly dramatic part in "Odds Against Tomorrow," a hard-hitting drama that will fill the New Belmond screen Wednesday and Thursday. The exceptionally fine cast includes Robert Ryan, Shelly Winters, Ed Begley and Gloria Graham. The story is based on as spine-tingling a crime as you can imagine.

● Belmond Locals

Mr. and Mrs. Gene Sturgeon and family of Dows, Mrs. Florence Sturgeon and Mr. and Mrs. Duane Jenison and family were dinner guests Sunday in the Gaylen Johnson home at Kanawha.

Mr. and Mrs. Guy Barton of Buffalo Center visited Thursday afternoon in the Oren Hanson home.

Mr. and Mrs. Chester Hill and Jane accompanied by Mr. and Mrs. T. L. Thompson of Clarion were guests in Des Moines Sunday at the 10th wedding anniversary party honoring Mr. and Mrs. Hal Wabshaw, held in their home.

Lynn Jenison spent from Wednesday until Friday at Helser hall, Ames, with his brother Roland.

— I Cor. 8:1

Mayor Trafford's Leadership Will Be Missed

Recent announcement of a change in jobs that will cost Belmond the leadership of Mayor L. T. "Bud" Trafford was undoubtedly greeted with regret by a large majority of Belmond's citizens.

"Bud" has made us a GOOD mayor — and his services to the community have also far exceeded those involved in fulfilling the responsibilities of his office.

He has been an invaluable "booster" of the civic virtues of his home town. He has demonstrated faith in Belmond in a way to inculcate the same kind of faith in others.

His facile gift for em-ceeing a public gathering has enlivened many a program. His willingness to give of his talents as a speaker, as an artist, and as an "idea man" has been utilized by many who will recognize in his departure a serious loss to Belmond.

But his withdrawal as chief administrator of our city government will be the most keenly felt.

His endless prodding and constant inspiration were chiefly responsible for the instituting of zoning and planning in Belmond. If he had left his mark in no other way, this one achievement bids to make his period of administration among the most noteworthy Belmond has ever enjoyed.

Also, under his guidance Belmond has launched on an era of systematic residential expansion that holds great promise for the future; city services have been materially improved in a number of important regards; law enforcement has been raised to a new, high level of effectiveness.

"Bud" would be the last to pretend that he and his council have not benefited by some important trail-blazing for which the immediately preceding administration should be thanked. But he has capitalized to the fullest on groundwork laid by his predecessors and has materially contributed to laying a firm foundation for the continuing growth and development of this community.

Mayor Trafford will be missed. But if we keep before us the example he set for us during his two-plus years in office, his beneficial influence on Belmond will continue to be felt for a good many years to come.

Bill Nicholas Answering "Mandate"—He Says

Near Bill Nicholas' turkey farm on Highway 18 is a billboard. One side of this billboard alerts the traveler to his approach to Mason City, the "home of William H. Nicholas." The other side advises sojourners from the east that they are nearing Clear Lake, the "home of William H. Nicholas."

This sign, we firmly believe, aptly indicates not only the confusion of the latest aspirant to the Republican gubernatorial nomination as to where he is from — but hints at his ignorance as to where he is going.

We will say this . . . for a man who doesn't even know where he's from, Bill speaks with remarkable assurance on some matters that are much more hypothetical than his place of residence.

For example, in announcing his candidacy he left a multitude of contrite Republicans thinking in terms of an overdose of sleeping pills by disclosing, "Had I been on the ticket in the last general election, I not only would have been elected, but also would have carried into office many capable Republicans who were defeated by a narrow margin."

Mark you, the gentleman missed by a matter of about 26,350 votes having a sufficient total out of 198,650 Republican ballots cast to beat Bill Murray for the GOP governorship nomination in the '58 primaries. It can only be assumed that Nicholas adherents, steeped in the optimism of their chosen leader, stayed away from the primary polls in over-confident throngs. It is a pity!

But now, vox populi has spoken. Yielding "to a concerted appeal" — which no doubt includes BOTH of Bill's ardent supporters who took out nomination papers for him before a breathless public was set at ease — Mr. Nicholas has agreed to fling his fedora.

His supporters (those same two guys) attest that they had "plenty of trouble" getting Bill to say yes.

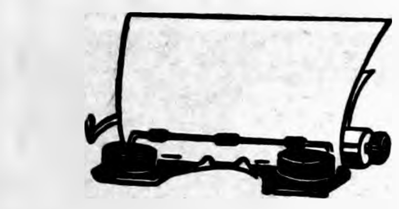
We can picture it now. . . . Supporters: "Bill, we agree — BOTH of us, that is — that you should run for governor again." . . . Bill: "Oh, I don't know. Of course, I could have won in a walk in '58 — if only I could have gotten nominated." . . . Supporters: "Well, now that you mention it, there would STILL be the problem of getting nominated. We'll understand, Bill, if you'd rather not."

Bill: "Not so fast! I'd just like to be sure, this time, of where I stand. You're sure BOTH of you feel I should run. A mandate's a mandate, of course." . . . Supporters: "Oh, we BOTH feel you should run, all right. And there MUST be some others who feel the same way." . . . Bill (with a resigned shrug of his shoulders): "Well, if you put it THAT way. Gee, fellahs, I didn't realize . . . ! I'll do it!"

With the assurance of his supporters ringing in his ears, is it any wonder that Mr. Nicholas has already declared himself "positive" that he can get more votes than any other Republican candidates now running?

Knowing, now, how differently the 1958 election would have come out with Brother Nicholas heading the state ticket, there's going to be a lot of mighty sorry Republicans lookin' to mend their ways. One thing should be pointed out to them though.

Don't kid around, this time. If you're going to vote for Bill, better do it in June. Otherwise, he may get sore again and not even show up for the general election in November. It happened that way before.



Clipped Comment

From the Typewriters of Other Editors

Federal Aid Too "Costly" to Take?

Northwood's town council has a difficult problem facing it today in the matter of a new disposal system.

The town has long since outgrown its present system, and for years the federal and state departments of health have been giving Northwood increasing pressure to do something. The same thing has been occuring all along the Shell Rock river, which has been seriously polluted. The pressure for action did not become too great, however, until recently the sources of pollution in the Shell Rock's headquarters at Albert Lea were cleaned up.

IN THE MEANTIME, NORTHwood has been getting ready. For more than 10 years a sewer tax has been collected on every water bill, and this money invested. The town has about $35,000 "in the bank" right now to help build the new plant.

Two years ago an engineer was hired to prepare preliminary plans and help the town prepare applications for federal assistance, but unsuccessfully. Last year engineers were changed, further work done on the plans and another application submitted—and just this month word was received that the town can have about $38,000 in federal funds to help with the job.

THE ONLY CATCH IS THIS: Whenever one accepts federal funds there are strings attached to the deal, and one has to follow government specifications, which sometimes are more expensive than necessary.

In fact, it has been suggested that so much money could be saved by not taking the federal grant—and not following government specifications—that a suitable sewage plant might be built for less cost to the town than if the federal money were used!

WE'RE NOT EXPERTS ON THE subject, and won't say which method is right. Offhand, our reaction would be that using federal money should help the town have a mighty fine sewage disposal plant; but we can hear others saying, who cares what sort of sewage plant the town has as long as it does the job?

This is one of the situations where our council may be both blamed and praised, whichever action it takes. It is illustrative of many problems which face town councils — and also other public bodies, school boards, library boards, etc. And the best thing for the citizens to do — especially the majority of us who aren't experts — is to have faith in the judgment of these, our elected representatives, and to support them in their decisions. — **Northwood Anchor**

Thought for the Day

If you have difficulty keeping up with the sky-rocketing federal income taxes (and who doesn't?), here are some rough calculations that more closely bring home to you the rapid rise since the first federal income tax in 1913.

That first year of the federal income tax law saw total receipts of about $35 millions. Collections in 1959 amounted to about $59 billion.

Pocahontas countyans, back in 1913, contributed about $10 a day —not per person, but all 15.000 of them. Today (all 15,000 of us) contribute in federal income taxes about $10 a minute! — **Pocahontas Record-Democrat.**

● **It is high time that everyone** give careful consideration to the Forand Bill in U. S. legislative channels — and put a stop to it "now." Certainly, any clear thinking American does not want socialized medicine! — **Garner Leader**

● **When you get hopping mad** you can't keep both feet on the ground. — **Algona Advance**

Gentlemen Prefer . . . ?

The old saying that "the grass is always greener on the other side of the fence" holds true in a lot of ways. This was recently exemplified in the answers received on a certain question by The Maquoketan's "Inquiring Reporter."

Eleven Maquoketa high school students were asked from what country should come our next foreign exchange student and whether the choice should be a boy or girl.

Eight replies came from girls — and six of them would like a boy.

HERE THE AGREEMENT ENDed. The choice was scattered between Peru, Japan, Norway, Ireland and Holland.

Only three boys were asked — but they were in complete accord. All three wanted a girl from France. It would be a shame to take a chance on disillusioning them. After all, we might get a Madamoiselle who was more interested in books than boys, and wanted to spend her evenings looking in a microscope instead of at the moon. — **Maquoketa Sentinel**

Pudding's the Proof

We are glad to see that someone in the Newspaper Advertising Executives Association has mentioned what has seemed to us the most obvious and important selling argument for newspaper advertising.

Monroe Green, advertising director of the New York Times, told the adman: "The storekeepers of our country, the people who market the manufacturer's product, know, that the one way, the infallible way to sell goods is through newspaper advertising. They have but one interest in advertising — to SELL the product. And they know from experience how to get that job done best."

The old cliche is still true — the proof is in the pudding. Retailers, the men on the front line of selling, know that newspaper advertising works, otherwise they would not use so much of it year after year, to almost the exclusion of other media. — **Humboldt Independent**

GOOD QUESTION

(Editor's note: this cartoon drawn for Industrial Press Service, which supplies most of The Independent's editorial cartoons, won for Graham Hunter a 1960 Freedoms Foundation Award)

SCANNING THE HORIZON

WITH YE ED

NOSE-COUNT STARTS SOON—

Within a short time, every household in Belmond — and the nation over — will be receiving a questionnaire intended to expedite the work of the enumerators when the 1960 decennial census of Uncle Sam's nephews and nieces starts in April.

You'll be urged from every quarter to fill 'em out and have 'em ready. There are doggoned few ways that the private taxpayer can exert any individual influence on keeping down government costs. But the more homes the enumerators can make ONE visit to, the lower the cost of the census will be.

So help save yourself a few nickels by having YOUR form filled out and all ready for the nose-counter.

THE BIG QUESTION —

The matter of biggest interest to all of us in Belmond will be, of course, what growth in our own community the census will reveal. Formulas applied by utilities firms such as the telephone company strongly suggest that the census SHOULD show us comfortably over the 2,500 mark. Goodness knows, with the amount of residential building that has been done in the past decade, the increased number of homes should be able to house a good 300 more persons than we could have accommodated 10 years ago.

However, many an optimistic hope has received a rude jolt when final census figures were released; so we're nervously biding our time and hoping that realization will measure up to anticipation.

We remember all too well how, in 1950, Mason City eagerly awaited announcement of its population count. In 1940 the M. C. census figure had stood at 27,080 and its citizens were hopeful that the new total would jump the 30,000 mark. It came as a low blow when the 1950 count came out only 27,980.

WRIGHT COUNTY'S SLIPPED —

Wright county, like most (probably all) of Iowa's mainly agricultural counties, has seen its population gradually diminish. Our largest county population was enumerated in 1920, when the total reached 20,348. It dropped to 20,216 in 1930, went down to 20,038 in 1940 and 10 years ago came to only 19,652.

Entering in some small part into the relatively large drop in 1950 was the fact that students away to school were credited to the community in which they were attending college. We'd guess that even more of our young people are enrolled in institutions of higher learning now than a decade ago, so this will be an even larger factor in 1960 that it was in 1950. Prior to the '50 census, "home towns" were permitted to count youngsters who were away at school.

IOWA BARELY HOLDING OWN—

Iowa has not reflected the "population explosion" that has sent the national population sky-rocketing far over the level predicted a quarter century ago. In fact, the Hawkeye state is not even holding its own in comparison with the national increase. Between 1940 and 1950, Iowa's numbers increased by only 82,805 — from 2,538,268 to 2,621,073.

The first census of Iowa, in 1840, included all the geographical area that was Iowa Territory at the time — including that part of Minnesota lying west of the Mississippi river and a line drawn from its source northward to the Canadian boundary. Even so, 43,112 souls was the most the enumerators could find.

First census of Iowa proper came in 1850, after its admittance as a state of the union four years earlier. The population total this time came to 192,214. The state continued to grow methodically over the next 50 years, reaching a total of 2,231,853 in 1900 But 1910 found a decline of 7,082 in population.

A relatively robust gain of 179,350 in the following decade brought the 1920 count up to 2,404,021 — but since that time the steadily diminishing rural population has found Iowa industrial development hard-pressed to compensate for the movement of rural population to urban centers where occupational opportunity is brighter.

MOST COUNTIES SHRINKING —

Between 1930 and 1940, 56 of Iowa's 99 counties gained in population. Between 1940 and 1950, only 32 registered growth. The 1960 census is expected to show even fewer holding their own or increasing in population.

If that doesn't "happen here" — in Wright — it's likely that a lion's share of the credit will be due Belmond. That would be a fancy feather in our cap . . . and give us something to live up to.

● **An election candidate was ad**dressing a crowded meeting when a heckler demanded if he were in favor of prohibition. Replied the candidate, "I am (cheers from the temperance supporters) . . . not . . . (prolonged cheers from the rest of the audience) going to tell you." Then there was silence from everyone. — **Carthage Evening Press**

From our EARLY FILES

AS REPORTED IN:
The Independent
The Herald-Press
And The
Iowa Valley Press

TEN YEARS AGO—

Mr. and Mrs. Harm Groen, Sr., on March 26 will observe their 50th wedding anniversary. They will celebrate the event next Tuesday by holding open house at the First Reformed church of Meservey.

—1950—

The Third street NE paving contract has been awarded to Central Construction company of Indianola on a bid of $50,449.75. Work on the project is scheduled to start May 15.

—1950—

Mr. and Mrs. Lewis Hauge on Tuesday of last week celebrated their Golden Wedding anniversary with a family gathering at the home of their daughter, Mrs. Gladys (W. P.) Tyrrell.

—1950—

Over $100 was contributed by persons attending the "rustic dance" held Friday as a benefit to help outfit the Veterans' Memorial hall dining room. Music was provided by an orchestra directed by Ed Spurling. Its other members were Alvin Lass, Gene Bradley and Phil Littlefield.

—1950—

Msgr. W. C. Hradecky of Duncan addressed this noon's meeting of the Chamber of Commerce, telling the members of "Conditions in Russia," based on his travels in that nation about 10 years ago.

TWENTY YEARS AGO—

Dr. R. T. Coe was elected Mayor of Belmond by a 6-to-1 margin Monday in his race against H. N. Hill. Ballots cast totalled 660. Winning council candidates were Fred Fulton, Reynold Kinseth, Stephen Hardwick, A. C. Hanson and A. J. Meints.

—1940—

Mr. and Mrs. Leo Smith are the parents of an 8¼-lb. baby girl born March 20.

—1940—

Dale Peterson, manager of the Cornelia elevator, will operate a riding academy this season just east of the elevator. He has purchased two riding horses and plans to acquire several more.

—1940—

Third winter concert of the school year will be presented by the BHS band Sunday afternoon under the direction of F. F. Griffen. Daryl Hanson is accompanist and soloists will be: Bill Cunningham, bass horn; Roger Johnson, trombone; Eugene Johnson, clarinet; and Art Leonard, baritone horn.

—1940—

Ben Hogenson will erect a new double store building on the two lots just west of the Independent office, construction to start immediately. The Coast to Coast store will occupy the east half of the building, which should be ready for occupancy about May 1.

THIRTY YEARS AGO—

At a special session of the town council Tuesday evening, an ordinance was passed and signed by Mayor T. A. Davenport to reduce the salary of the mayor from the present $400 per year to $200. Mr. Davenport has four opponents running against him in the city election to be held next Monday.

—1930—

Now on display at the museum at Pilot Knob state park are pictures of Mr. and Mrs. Anson Avery, the first white settlers in Hancock county. The pictures were provided by George Avery of Belmond, along with one of himself, the first white child to be born in that county.

—1930—

Vandals tipped over 16 monuments at the Belmond cemetery some time Friday night. They also moved another 26 enough that the lead could be taken out from under the bases.

—1930—

On Friday night the Belmond High school freshman debating team will go to Clarion to meet the county seat underclassmen in a debate On the local team are Dorothy Rowe, Maxine Nordschow, Corrine Wenzel and Doris Russell.

—1930—

Four Belmond youngsters between the ages of 10 and 13 were taken into custody after they entered the Dick Kalkwarf farm home Sunday forenoon and made off with a quantity of eatables. Mayor Davenport ordered all four to attend Sunday school weekly for a year.

FORTY YEARS AGO—

A. L. Luick returned last Wednesday from Rochester, N. Y., where he had attended the annual stockholders meeting of the Iowa Valley Sugar company. Among directors reelected were Mr. Luick, W. C. Tyrrell, Jr., and C. T. Fenton, all of Belmond.

—1920—

Officers of the high school Literary Society have been elected for the balance of the school year as follows: Howard Luick, president; Marjorie Purcell, secretary; Harry Webb, treasurer; Gerald Ersland, sergeant-at-arms.

—1920—

Edd Burk at Cornelia had a runaway with a load of hay recently. Edd outran the team and brought them back without much damage done.

—1920—

Mr. and Mrs. E. L. Haupt of Olaf Sundayed with their grand twins.

—1920—

Oscar Thayer met with quite a serious accident at school yesterday afternoon. The boys were playing with a ball by throwing it high in the air. Oscar did not notice the ball and it fell on his head, rendering him unconscious.

—1920—

Last Monday preparations for the erection of Johnson & Wright's new building began with felling of the big trees north of the First National Bank building. The new hardware building will completely surround the bank building on the north and west and will be strictly fireproof.

FIFTY YEARS AGO—

Simon Bohning took his son Sam to Mason City last Saturday to have his tonsils removed and operated on for adenoids. He returned home Sunday.

—1910—

Percy Bamford and Miss Matilda Hanson were married at the M. E. Church parsonage last Wednesday evening.

—1910—

There will be some extra fine moving pictures at the Belmond Opera House Friday and Saturday nights.

—1910—

Agent Fitts held the Rock Island passenger two hours yesterday for a funeral party on the CGW. When the bus finally arrived with only one passenger, everybody had fits.

—1910—

"Bailey of Britt" and his wife were guests at the D. E. Packard home the first of the week. The well known editor has just returned from a trip to Panama.

—1910—

Miss Daisy Cameron is assisting at the P. O.

—1910—

Nothing brightens up the home more than classy, up-to-date wallpaper. You'll find plenty of that variety to choose from at Schultz Drug Store.

—1910—

The Park association meets Saturday at the city hall at 3:30. All members should be there.

Know Your Businessmen—

Store Requires Olson to Be Jack-of-All-Trades

Friday of next week, Don Olson will have rounded out exactly seven years a proprietor of Belmond's Coast to Coast store. He came here after having done considerable bouncing around in search of a way of making a living that suited him just right.

It may be correctly assumed that he's now found the spot he'd been looking for. He says that running the Coast to Coast provides him with plenty of variety. It entails being: a bookkeeper, stock controller, receiving agent, mechanic, painter-decorator, electrician, display technician, merchandiser, perchasing agent and advertising man.

His store offers electrical supplies, sporting goods, hardware, housewares (and some furniture), paint, automotive supplies and plumbing supplies.

As a Coast to Coast affiliate, Don is one of 850 independent store owners who do the very major share of their buying from the central Coast to Coast warehouse at St. Louis Park, Minn., a Minneapolis suburb. Coast to Coast became one of the very biggest in its line when last year it bought some 200 stores belonging to the Marshall-Wells chain. Its territory, though largely midwestern, now extends to the west coast, as far north and east as Michigan and as far south as Texas.

When Don graduated from Forest City High school, he went into partnership with his brother Lloyd in operation of the furniture store and undertaking business that his father had conducted for many years.

He withdrew from this arrangement when "caught in the draft" in March of 1942. Don spent just a month less than four years in uniform and held a T/3 rating (equivalent of Staff Sergeant) at the time of his discharge. He was a supply sergeant with the Army Signal corps, but was attached to the Air Force handling radio and radar parts.

This experience in stock handling, he admits, has held him in good stead in operating his own business. He did not strike out on his own, though, until after he'd worked a couple of years for a Forest City contractor, done a stint as floor covering installer for a Hampton furniture store in which his brother had acquired an interest, and four years as a carpenter for a Hampton contractor. He helped the latter build some 25 to 30 houses. Those jobs brought him up approximately to the time of his entry into business here, when he bought the Coast to Coast stock and fixtures from the late L. B. Mackrill.

Don enjoys cabinetmaking — and carpentry, when it does not entail working out-of-doors in winter temperatures. He built a house for himself and his family at Forest City, which he sold to obtain funds to build a second one after his move to Hampton.

This home he sold to enable him to buy the residence he now owns at the north end of Fourth avenue NE. His present home stands on an acre of land which for the past three years he's rented to Homer Hammond, who raises corn on it on shares. The '59 crop brought Don 70 bushels of corn!

He has in the back of his mind that his property could be divided into five additional building lots and suspects the day might come when he'll "sub-divide." He has no present plans along this line, though.

His carpentry project of the moment involves the construction of a new one-story addition on the rear of his home. He tore down an old cook shanty to obtain much of the lumber. He also dug a 24x28 foot basement, 10 feet of which extends under the old portion of the house. He says it may take him "several years" to get the addition completed. Mrs. Olson is in a bit more of a hurry for it to be done and says, "the sooner the better."

The 14x28 addition will contain a kitchen and a laundry room to house the Olsons' automatic washer and dryer. When the time is right, the basement will make central heating of the home possible and Don plans to help install the new furnace and the required piping.

Don admits he's not a "joiner," and what time he has left over from business he likes to spend with his family. He and Mrs. Olson have five children: Anita, 10; Jennifer, nine; Wendy, eight; Kevin, six; and Timmy, five.

The Olsons belong to the Fundamental Baptist church and take an active part in its affairs. Don is currently serving both as a trustee and as treasurer.

Hafermann in 1st, Class B Singles, At State Tourney

Lois Hafermann had the top performance among a contingent of Belmond bowlers competing in the state women's bowling tournament at Waterloo over the weekend. Sunday she put together a fine 572 series in the singles to take over first place in the Class B singles.

Two local teams competed in the tournament, Joe's Skelly and Jim's Paint, and they returned home with a number of fine performances to their credit.

A relatively mediocre 470 in the doubles kept Mrs. Hafermann from ranking very near the top in Class B all-events. She had a very respectable 534 rolling for Skelly in the team event, giving her 1,576 for her nine games. This should give her a good money spot in the final rankings.

Joe's Skelly was 6th on the board among the Class B teams and had 4th high team game when they completed their turn on the alleys, with totals of 2,325 and 841 scratch.

Their team score was comprised of individual series as follows: Gladys Walters 435, Alice Busick 456, Ethel Avery 383, Donna Robertson 517 and Mrs. Hafermann 534. Their individual contributions to the "big" game were: Walters 123, Busick 176, Avery 135, Robertson 217 and Hafermann 190.

Thelma Cairns and Edna Eccles of Jim's Paint team held 3rd place in the Class D doubles with 910 on respective series of 456 and 454. Mrs. Eccles stood 3rd in Class C all-events with a 1,417 and 5th in Class C singles with a 504. Mrs. Cairns also ranked well up among the leaders in Class D singles.

Another Belmond kegler, Eleanor Robertson, was temporarily in 1st place in the Class B singles about a month ago when she rolled a 532.

12 BHS Cagers Awarded Letters

Coach Jack Steinberg at last week's Jaycee banquet honoring the 1959-60 Belmond High school basketball players announced that letters will be awarded to 12 cagers on their performances during the season just concluded.

The monograms were not on hand for presentation, because plain chenille B's had been ordered — and are now being replaced with letters that will identify the wearers as North Iowa conference champions.

Two of the eight senors who earned letters did so for the third time in basketball. They were Lynn Jenison and Dean Pals. Other seniors who lettered were Roger Ginapp, Dennis Pastour, Mark Mason, Mike Long, Ron Thompson and Dave Suntken. All were receiving basketball B's for the second time.

Only four juniors qualified for monograms: Jerry Jenison, Robbie Courson, Dennis Anderson and Bob Finn. Another three juniors failed to get in enough floor time to letter, but won Coach Steinbeck's praise for their contribution to the Broncos' successful season — Bob O'Connor, Mike Hunst and Jay Mennenga.

Many Nuptial Ties Slip Their Knots In 1st 10 Years

The first 10 years of marriage are the hardest and the first two the most crucial — at least judged by the divorces reported by the vital statistics division of the Iowa state department of health.

Statistics for 1958, the last year for which data is complete, show that 4,241 divorces were granted during the year. Of these, 799 occurred in the first 23 months of marriage, and 2,919 in the first 10 years.

The youngest wife to receive a divorce was 15; the youngest husband, 16. A total of 388 wives were under 20 at the time of their divorce; 90 husbands were in this age group.

But divorce wasn't limited to the young. According to the statistics, 371 wives and 599 husbands were 50 or over at the time of their divorce. And 20 divorces occurred between persons who had been married 40 or more years.

One happy note: There were five and a half times as many marriages as divorces.

GOODELL NEWS

BY MRS. AMOS HANSON

Mr. and Mrs. Bill Boller and Carolyn and Lorainne Fuller went to Ames Saturday afternoon and were supper guests in the home of Mrs. Boller's sister, Mrs. Galen Huhn. They stayed there until early Sunday morning when they journeyed on to Perry to meet Bill's mother, Mrs. Anton Boller. The latter has enjoyed five months in the west visiting her son Ed in Casper, Wyo., another son, H. E. Boller, and daughter, Mrs. Archie Prouty, in California.

Mr. and Mrs. Arthur Lowenberg went to Humboldt last Thursday and spent the day with their brother-in-law, Andy Johnson.

Mr. and Mrs. Victor Meyer of Clear Lake were supper guests Sunday in the Henry Brede home.

Mr. and Mrs. Warren Bier, Mrs. William Sheriff and Mr. and Mrs. Keith Nuehring and sons went to Klemme Sunday where they attended a family get together in the parental Owen Nuehring home. They celebrated Mr. Nuehring's birthday.

Mr. and Mrs. Ray Barry, Martha Ann and Mary Ann spent Sunday with her mother, Mrs. F. E. Harbecheck, at Fort Dodge.

Mr. and Mrs. Carl Green, Jon and Jerry went to Grundy Center Sunday. They were guests in the home of Mrs. Green's brother, Dale Mossman.

Church Purchases Piano for $600

A handsome spinet piano in walnut finish matching the church's new organ was purchased Thursday of last week by an EUB church committee named for that purpose.

It is a Cable piano and was bought from Carleton Stewart Music House at a cost of $600. On the purchasing committee were Rev. Donald Varce, Arthur Savogue, A. G. Ruka, Mrs. Henry Brede, Mrs. Paul Veldhouse and Mrs. John Peterson.

There was $387 in an organ fund when the church was presented with an electric organ last Christmas Eve by the Steenblock family. This amount was diverted toward purchase of the piano, with the Ladies Aid society agreeing to pay the required balance.

Arthur Savogue is the church pianist and Lester Ver Helst the organist.

Mrs. Burk Chosen Head of FB Club

Officers for the new year were elected as follows at a meeting of the Friendly Neighbors Farm Bureau club held Tuesday of last week at the home of Mrs. Harry Ostendorf, Meservey:

Mrs. Gerald Burk, president; Mrs. Vern Schluter, vice president; and Mrs. Dale Shelton, secretary-treasurer.

A lesson was presented on cross-stitching aprons.

Attending the meeting from Goodell were Mrs. V. E. Harris, Mrs. J. J. Cook, Mrs. Henry Brede, Mrs. Dale Shelton and Mrs. Amos Hanson.

This was the club's final meeting for the 1959-60 year. It will resume its regular meetings in the fall.

Levi Klotzbach's 80th Birthday Celebrated

Levi Klotzbach was 80 years old Sunday. Several relatives brought the dinner and enjoyed the day with Mr. and Mrs. Klotzbach.

Those present were their son's family, Mr. and Mrs. Walter Klotzbach, Stanley and Donald of Monona, Mr. and Mrs. Walter Braner, Lana, Douglas, David and Lavonne, Mr. and Mrs. Willis Anderson and five children of Belmond and Mr. and Mrs. George Anderson of Hampton.

EUB Church Presented Memorial Lighted Picture

The EUB church was recently given a lighted picture. It is "The Lord's Supper" and was in memory of Mr. and Mrs. Jay Griggs given by their children.

Mr. and Mrs. Paul Halfpop in company with her sister's family, Mr. and Mrs. Hauko Barkema, Randall and Russell, went to Albert Lea, Minn., Wednesday and were supper guests in the home of the formers' son, Bernard Halfpop.

Mr. and Mrs. Richard Akers, Beverly and Kenneth of Dows visited Sunday in the home of her brother, Cortland Luick.

ST. MARY'S CHURCH

Rev. R. A. Ormeby, Pastor

Early Mass at 8:00 o'clock on the second and fourth Sundays of the month.

Late Mass at 10:00 o'clock on the first, third and fifth Sundays of the month.

Confession before early Mass.

GOODELL EUB CHURCH

Rev. Donald Varce, Pastor

Sunday, 10:00 a. m. — Church service.

Sunday, 11:00 a. m. — Worship school.

Thursday at 7:30 p. m. Youth Fellowship.

Mr. and Mrs. J. J. Cook have invited the EUB choir to their home Thursday at 7:30 p. m. for the regular practice.

TWIN LAKE HUSTLERS

The Twin Lake Hustlers 4-H club held a meeting Monday night, March 14, at the Center schoolhouse. Nineteen members and one leader were present. Robert Abele, son of Mr. and Mrs. Harold Abele, will represent the club as candidate for King at Fun Night at Garner on April 9.

Larry, Gerald and David Lange gave a demonstration on "Replacing Broken Window Panes."

The lesson topic discussed at the meeting was "Arithmetic and Livestock Nutrition."

Mr. and Mrs. Glen Lange served lunch.

Bob Burk
Reporter

Mrs. W. Gabrielson Wins 5th Place In Hair Styling Contest

Mrs. Ray Barry, Mrs. Wilmer Gabrielson, Josephine Dominy and Mrs. Paul Veldhouse went to Mason City Monday evening of last week and attended the La James Beauty school style contest.

There were 55 contestants and Mrs. Gabrielson, who was one, placed 5th. She styled Mrs. Barry's hair.

Honor Mrs. George Weese On Birthday Anniversary

Mrs. C. L. Randall and children of Toledo came Friday afternoon and visited until Sunday in the parental George Weese home. Sunday, Mr. and Mrs. Allen Avery, Richard, Tom and John Doonan joined them. They celebrated Mrs. George Weese's birthday.

Rosary Society Meets This Evening (Thursday)

St. Mary's Rosary Society will meet Thursday at 7:30 p.m. in the Josephine Dominy home.

EUB Ladies Aid Met Wednesday Of Last Week

Mrs. Walter Boller and Mrs. Paul Halfpop served at the March EUB Ladies Aid meeting last Wednesday and Mrs. Melvin Sorenson presented the devotions using as her lesson "Prayer."

MRS. WEESE BREAKS ARM

Mrs. George Weese had the misfortune to fall on the ice last Wednesday afternoon and fractured her left arm at the wrist. She had it set at once at the Belmond clinic and is getting along fine.

AVERY YOUNG FARMERS

Regular monthly meeting of the Avery Young Farmers 4-H club for March was held at the home of Allyn and Arlyn Boelman, 15 members answering roll call.

Kenton Stille was elected Fun Night King candidate. Allyn Boelman gave a demonstration on germination testing.

Roy Hougen was a guest at the meeting and gave a talk on meat cuts, illustrated with slides.

The April meeting of the Young Farmers will be held at the home of Dean Burk.

Allyn Boelman
Reporter

Mr. and Mrs. T. F. Matson of Clarion enjoyed Sunday afternoon and supper in the Sandberg-Hanson home. They, with their son-in-law and daughter, Mr. and Mrs. John Erickson of Alta, had been guests at the Quanrud-Newgord wedding at Rochester, Minn. Mrs. Quanrud is a niece of the Matsons.

Mr. and Mrs. Floyd Drugg of Forest City were Sunday visitors in the Paul Halfpop home.

Mr. and Mrs. Bill Janssen went to Lidderdale Sunday to visit over night with relatives. They went especially to attend the farm sale of her brother, Henry Prill.

Barbara Peterson returned home Friday from Austin, Minn., where she had enjoyed a few days in the home of her sister, Mrs. Leslie Meres.

Mr. and Mrs. Abe Shaw of Austin, Minn., visited Saturday with her sister, Mrs. Alvis Berhow, in the Okrueg home. Mrs. Berhow accompanied them to Kanawha Sunday to attend the Golden Wedding anniversary of Mr. and Mrs. John Howlett at their farm home north of Kanawha. The latter is a cousin of Mrs. Shaw and Mrs. Berhow.

Jack Burnett of Des Moines is visiting in the Carl Madison home.

Annalee Brunes of Des Moines spent the weekend in the parental Herman Brunes home.

Mrs. Reid Chesnut, Dennis, Jimmy and Jeff went to Clarksville Friday and spent the weekend in the parental Sam Chesnut home. Mr. Chesnut is employed with an implement company at Sheffield and joined them for the weekend there.

Mr. and Mrs. Ivan Langlitz of Klemme and his mother, Mrs. George Langlitz of Meservey, visited in the Bill Boller home Saturday. The latter remained over night with her sister-in-law, Mrs. Ed Hughes.

Mr. and Mrs. Donald Carpenter and children were guests Sunday in the Harry Green home at Webster City. The ladies are sisters.

Mr. and Mrs. H. O. Sandberg of Clear Lake spent last Thursday evening in the home of his father, O. Sandberg. The Sandbergs are spending the fore part of this week in Minneapolis, Minn., where the former is attending a gas convention.

Mrs. Park Miller underwent major surgery a week ago Wednesday at Mercy hospital, Mason City, where she had been a treatment patient for a week. The Reverend Mr. Miller spent the weekend at home and on Sunday went to Galt where he serves the Congregational church. Folks will be pleased to hear Mrs. Miller is making a fine recovery.

Mesdames Ira Langlitz, Mell Ver Helst and Laton Avery were guests at a party last Wednesday afternoon in the Donald Peterson home at Burchinal. Mrs. Peterson and Mrs. Larry Langlitz were hostesses. Leon Langlitz of Burchinal accompanied them home to visit until Friday with his grandparents, the Langlitzs and Ver Helsts.

Mrs. V. E. Harris was hostess to the Contract Bridge club Tuesday evening of last week.

● Belmond Locals

Mr. and Mrs. Paul Quigley and family of West Des Moines spent Sunday with his mother, Mrs. Oranna Quigley, and grandmother, Mrs. Hena Kinseth.

Sunday dinner guests of Mr. and Mrs. Carrol Gander were their son and daughter-in-law, Mr. and Mrs. Dean Gander of Panora, and Mr. and Mrs. Raymond Beeber and Mr. and Mrs. Raymond Calbeka, all of Yale.

Mr. and Mrs. Wayne Brooker and family of Cherokee and Mr. and Mrs. Lloyd Lewis, Lonny and Spencer visited Sunday in the parental Elmer Brooker home in Forest City.

Mr. and Mrs. Roger Finn and Mark of Cedar Bluff, Ala., spent the weekend in the home of his mother, Mrs. James Finn. Sunday guests in this home were Mr. and Mrs. Richard Finn and girls of Dexter, Minn., Mr. and Mrs. Leonard Deml and family of Owatonna, Minn., the Clair Finn family of Goodell and the Orland Finn family.

● Belmond Locals

Dr. and Mrs. A. M. Larson attended the Fort Dodge district dental meeting Saturday afternoon at Fort Dodge.

Mr. and Mrs. Arlie Olson and family of Forest City were visitors Sunday evening in the John Rokke home.

Mr. and Mrs. Clarence Compton of Benson, Minn., spent Tuesday of last week in the Arnold Nodland home.

Fast drying
Northrup King
Hybrids

- The time to tell good corn is when you pick it. It has to pick clean and fast and be safe to crib. And that's a feature of NK hybrid corn . . . husks that really open up for fast fall drying, and slender quick-drying cobs—that's what you can depend on.

Come in today and pick the hybrids best suited for your farm.

Keeping Up With What's New!

Recently Asa White and Fred Ter Hark, mechanics employed by HELLAND & LONG Implement attended a three-day Diesel Service School sponsored by International Harvester Company.

Like other IH Mechanics in attendance they covered all phases of the Diesel system on the new line of

INTERNATIONAL HARVESTER TRACTORS

The principal reason for the three-day school was to better prepare each International Harvester shop so that we may give each IH tractor owner better tractor maintenance on their IH Diesel tractors.

Here at HELLAND and LONG we are now better prepared to handle all Diesel service problems with additional knowledge on the IH Diesel pump, plus additional tooling equipment that will assist the International Harvester dealer, like ourselves, in doing a better job of servicing IH Diesel pumps.

LOOK TO US — AS OTHERS DO — FOR GOOD SERVICE

BEST MEATS IN TOWN

BELMOND, IA.

Coutesy M C Globe Gazette

MORE THAN ENOUGH traffic has to be handled on the "local" circuit of the Belmond state police radio station, without having to squeeze in messages from various and sundry transmitters south of the Mason-Dixon line — and even south of the border. But calls from the latter mentioned locales nevertheless "muscle in" on the local circuit because transmissions from the southern stations "skip" off of the ionosphere with distressing regularity and pop up on the local station's receiver. The exact source of some of them that are transmitted in Spanish isn't known because none of the station staff here comprehends the lingo (all but Don Bancroft are shown above, left to right: Greydon Jenison, Emmett King and Supervisor Lynn Forshee). A story on the front page tells why the state police radio officials plan to introduce a new circuit about 14 months hence to service base stations and mobile units — police and sheriff's cars — to reduce traffic on the present general circuit. It is of higher frequency and will not be subject to "skip" interference; also, according to Supervisor Forshee, it will be more dependably available for emergency calls by local law enforcement authorities. Police radio systems of neighboring states utilize, in most cases, up to a dozen or more circuits for transmissions compared to only two used at present by the Iowa net. While introduction of the new circuit will involve some inconvenience to Belmond and Wright county peace officers — who have benefited by having a state station "in their lap," so to speak — Mr. Forshee says most local law officials believe it will be distinctly helpful to them by enabling them to get messages through faster than before. Belmond police and Sheriff Bob Blecker's staff aren't happy over the projected change, but it stacks up as a case of "majority rules.

Star Route Truck Replaces "Hi-Po"

Earlier city carrier delivery of mail will be one development of a change in mail transportation service to Belmond that went into effect on Monday of this week, Postmaster George Jenison reports

Saturday marked the last trip of the Highway Post Office that operated between Albert Lea, Minn and Tama that made daily stops here scheduled for 8:22 a.m. and 4 50 p.m.

Belmond is now serviced by a star route truck operating between Webster City and Albert Lea. Its schedule calls for departure each morning from Webster City at 5 40 o'clock, arrival here at 7:10 and at Albert Lea at 9:25.

It departs for Albert Lea on the return trip at 4 05 p.m., is scheduled to make its Belmond stop at 6 25 and get back to Webster City at 10:00 p.m

Because of the truck's earlier arrival, it will enable the carrier on the north Belmond route to leave the post office an hour earlier than before, at 8:30 a.m.; and delivery of Main street mail, formerly begun at 9:30, will also start at 8:30 instead. Deliveries on the second city carrier route will start at 10 30 insead of 11:00 o'clock

The new star route connects with the Des Moines-Blue Earth, Minn., Highway Post Office and also with the Chicago-Sioux City train on the Illinois Central that is scheduled for daily arrival at Webster City well in advance of the new star route truck's departure time.

Under the new arrangement, it is provided that the star route truck may hold up at Webster City until as late as 6 30 a.m. in case of late arrival of the IC train Local distrubution of mail will however, not be delayed when the star route truck is held up by the train being late.

Paul Verbrugge of Kanawha entered March 21 as a medical patient.

School Finances Topic of Meeting At MC March 31

One of a series of regional meetings which the Iowa Association of School Boards is sponsoring throughout the state will be held at 8:00 p. m. next Thursday at Roosevelt Elementary school in Mason City.

The board of Belmond Community School district will be represented at the meeting. All interested citizens in the counties in the Mason City area are welcome to attend.

Purpose of the meeting is to discuss means of improving Iowa's tax structure as it pertains to the financing of public education on the local level. Blythe Conn, Burlington, president of the state school board group, will address the meeting.

Mr Conn, member of the school board at Burlington, was a member of the House of Representatives in the 56th General Assembly and was also a member of the Iowa Taxation Study Commission which was created by that session of the legislature

With more than 90 per cent of public school support coming from property tax and costs rising rapidly from year to year, problems of school boards have become increasingly more difficult

Mr. Conn feels that these are not problems of school boards alone and that a frank discussion of the situation with people throughout the state will help to bring about some needed changes in the method of financing public education

Council Reduces Number of Games For Boys' Teams

Supt. Don Faris attended a meeting of the Representative Council of the Iowa State High School Athletic association held last Saturday at Iowa City in conjunction with the state boys basketball tournament.

He is one of two Class A representatives on the council from the North Central district. Two representatives from Class B schools and one from Class AA also hold positions on the council from this district.

It was the Representative Council that made the decision to combine all classes in the 1961 state boys tournament in order that Iowa shall again have a single basketball champion, instead of one from Class B and another from among the larger schools

Other action of the council set a limit of 16 games on Iowa high school schedules beginning with the school year of 1962-63 This is two less than currently allowed. However, both the present and new limits allow one additional game for teams not participating in a county or conference tournament. Since none of the North Iowa conference schools engage in either loop or county tourneys, they will be permitted 17-game schedules under the new set-up — two less than at present.

Mr. Faris believes there is not much likelihood of further reduction in the maximum number of games in the imminent future.

BOWLING MEETING MARCH 30

Annual business meeting of the Belmond Bowling association will be held next Wednesday evening, March 30, at Bowl-Mor Lanes It is scheduled for 7:00 o'clock. City tournament prizes and trophies will be awarded and officers for 1960-61 elected.

College Prospects Given Invitation To ISU Program

Wright county high school juniors, and any seniors who are interested, have been issued invitations to attend a meeting next Tuesday at Clarion to learn advantages of attending Iowa State university at Ames. The meeting will be held at the First National Bank building at 7:30 p m

Sponsor of the meeting is the Wright County Alumni club of ISU, whose president is Leland Jenison of Belmond Besides alumni of the state school, four Iowa State staff members and students will be present to talk on aspects of campus life at ISU.

A member of the home economics staff will offer information on that department and on the university's counselling program.

A co-ed will outline the offerings of the science and humanities divisions and also tell something of undergraduate life outside the classroom.

John Spellman, a member of ISU's famed "Dirty 30" of last fall s football season, will be heard on courses offered by the engineering department, in which he is enrolled He will also review the ISU athletic picture.

Jerry Ladman, formerly of Clarion and now assistant dean of the university's agriculture department, will discuss educational opportunities in that field. He will also go into the school's scholarship program and opportunities for self-help.

An added feature of the program will be a colored film entitled "Voices of Iowa State," which covers a day of study and play on the ISU campus.

During a lunch hour at the close of the program, opportunity will be given the high school guests to ask any questions that they may wish

Strasburg Rites This Afternoon

Funeral services for Mrs. Rosa Strasburg, 80, of Meservey will be held this (Thursday) afternoon at 2:00 o'clock at the Meservey EUB church. Rev. V. E. Schickell is to officiate and Johnston Funeral Home is in charge. Burial will be in the Meservey cemetery, with the following serving as pallbearers: Ronald Grosbeck, Eugene Grosbeck, Leonard Strasburg, Mervin Grosbeck, Adrian Skoda and Armour Mullin.

Mrs. Strasburg died Monday evening at Belmond Community hospital, where she had been a patient for the week preceding after falling and suffering a leg fracture.

She was born in Polk county on Nov. 13, 1879, but moved with her parents to the Meservey community when she was still a child. Here she spent most of her life, her husband Otto having been a Meservey businessman for many years.

Surviving are a daughter, Mrs. Virgil (Gladys) Schluter of Meservey; two step-sons, Ralph Strasburg of Iowa City and Otto Strasburg of Minneapolis; and two sisters, Mrs. Robert Enabnit of Clear Lake and Mrs. E. G. Thomas of Meservey.

Mrs. Strasburg was preceded in death by her husband; one daughter: Mrs C. H. Grosbeck; a brother and six sisters.

MRS. ROBERT BARTON DIES

Mrs. Dale Walrod of Clarion last Saturday attended funeral services for her aunt, Mrs. Robert (Marie Jenison) Barton, at Rockford, Ill. Mrs. Barton, a sister of Mrs. Oren Hanson, died Wednesday of last week. Mr. and Mrs. Hanson were unable to attend the rites.

● Belmond Locals

Mr. and Mrs. Leslie Tegland and Erin of Clarion and Mr. and Mrs. Robert Kalkwarf were coffee guests in the Stephen Hinman home Friday evening after the operetta.

Mr. and Mrs. Solvie Nodland of Clear Lake and Mr. and Mrs. Thomas Nodland of Klemme visited Sunday afternoon in the Arnold Nodland home.

Wright Countians Keeping Well Up With Bond Quota

Residents of Wright county invested $148,175 in United States savings bonds during February, pushing the county's two-month total to $317,107 for 24 per cent of the 1960 quota. This kept Wright well on schedule for meeting it's assigned goal for the year and surpassed the average for Iowa, which was 22 per cent of goal, and the national average of 18.5 per cent.

Robert Davison of Clarion, volunteer county chairman, said that February sales of E and H bonds in Iowa went up to $16,387,428, an increase of almost $2 million over the like month of 1959.

The chairman reported that sales for the first two months amounted to $34,449,107, more than $750 thousand greater than in the first two months of 1959. Sales of Series H current income bonds in the state during February exceeded $9 million, a five-year record.

Two-month sales and per cent of quotas made are shown for other counties in this area: Hamilton county, $109,809 for 24 per cent; Franklin, $87,269 for 22 per cent; Hancock, $128,228 for 21 per cent; Humboldt, $87,295 for 23 per cent; Cerro Gordo, $188,315 for 18 per cent; Winnebago, $108,628 for 26 per cent.

1960 Squad Boasts Gifted Talent—

Many BHS Track Marks Seem Likely to Fall

A generous re-writing of the record book is in prospect when the Belmond High school track team buckles down to its regular interscholastic schedule for the season next week.

One mark has already gone by the boards. Dave Suntken in the Junior AAU meet at Des Moins lowered his own record for the indoor 50-yard dash by one-tenth second, to :05.8.

Dave is a prospect for erasing two of the three oldest BHS records still standing, when the outdoor season gets under way. 'Way back in 1925, Bill Tyrrell set the best 100-yard dash time of :10.4 and the best 220 time of :23.0.

Suntken's improvement in the short dash suggests he might add the century and furlong marks to his laurels if he can be spared from other assignments to take a few cracks at these distances. He may very well prove capable of matching or surpassing Bill Kaufman's high jump record of six feet even, also.

Next oldest mark on the books is the fine 2:00.7 by Richard Finn in 1940. Larry Kramer got down around 2:02 last season and might very well be able to improve on Finn's standard. It is not likely, though, that Larry will be running the open 880 very many times during the campaign — in which case Finn's record could possibly stand for a good many years yet to come.

Probably the most mediocre mark that still stands as a Bronco record is Dick Elliott's :17.0 in the 120-yard high hurdles. But this season the Belmond team figures once again to be weak in the timber-topping event, so this time may not be bettered.

Except for these four events, there is not a BHS record standing that is more than five years old.

Larry Kramer almost certainly will reduce materially his previous best time in the mile, 4:27.6 — which is the present Class A state outdoor record. He established a new "best" for the indoor mile in the AAU meet with a 4:32.9 timing.

Mike Long could very well clear the record board of his existing marks of :53.8 in the 440 and 19 feet 10 inches in the broad jump. If Bob Whipple steers clear of arm trouble he might erase his best distance in the football throw of 196-9.

The same foursome that holds both the mile medley and mile relay records set last season is back in tact — Long, Suntken, Lynn Jenison and Kramer — and it will be a disappointment to them and to Coach Koolbeck if they don't improve on both of those times.

Following is the complete list of existing BHS track marks, with year they were set shown in parentheses:

50-yard dash, indoor — Dave Suntken :05.8 (1960).

100-yard dash — Bill Tyrrell :10.4 (1925).

220-yard dash — Bill Tyrrell :23.0 (1925).

440-yard dash — Mike Long :53.8 (1958).

880-yard run — Richard Finn 2:00.7 (1940).

Mile run, outdoor — Larry Kramer 4:27.6 (1959).

Mile run, indoor — Larry Kramer 4:32.9 (1960).

180-yard low hurdles — Bill Ayers :21.0 (1958).

120-yard high hurdles — Dick Elliott :17.0 (1947).

High jump — Bill Kaufman 6-0 (1958).

Broad jump — Mike Long 19-10 (1959).

Pole vault — Dean Pruisman 10-0 (1957).

Discus — Leonard Steenblock 132-8 (1957).

Shot put — Tom McNulty 42-10 (1958).

Football throw — Bob Whipple 196-9 (1959).

440-yard relay — DaDean Obrecht, Jerry Chandler, Bill Murray, Ronnie Courson :45.8 (1957).

880-yard relay — Tom Lowenberg, Jerry Chandler, Ronnie Courson, Joe Smith 1:36.8 (1956).

Medley relay — Mike Long, Dave Suntken, Lynn Jenison, Larry Kramer 3:44 (1959).

Mile relay — Dave Suntken, Lynn Jenison, Larry Kramer, Mike Long 3:38.7 (1959).

Two-mile relay — Harold Steenblock, Joe Smith, Arlo Stoltenberg, Ron Steenblock 8:35 (1955).

● Belmond Locals

Mrs. B. K. Kinseth returned to Belmond Sunday from Mercy hospital at Mason City where she underwent eye surgery.

Connie Hill and Phyllis Engebretson, both teachers at Kenyon, Minn., were weekend guests in the Henry Hill home.

Sandra Swenson of Luther college at Decorah spent the weekend in the home of her parents, Mr. and Mrs. Earl Swenson.

Mr and Mrs. Bob Feller and daughters, Cindy and Lynn Ann, and Mrs. Hazel Brooks of Clarion visited in the Bill Swenson home Friday evening.

● Belmond Locals

Mrs. Emma Leonard spent weekend before last in Mason City visiting her sister-in-law, Mrs. Gladys Meacham.

Mr. and Mrs. W. L. Muhlenbruch were weekend visitors in the Willis Muhlenbruch home near Iowa Falls.

Mr. and Mrs. R. C. Kennedy were dinner guests Saturday in the Floyd Myers home at Stratford. In the afternoon, they attended the funeral services for Mrs. Andrew Haglund held at the Lutheran church.

Biggest BHS Schedule Ever—

Tracksters Entered in 16 Meets

Belmond High school's biggest track squad ever will soon launch on its most ambitious schedule ever, under the direction of Coach Rich Koolbeck. Sixty-four boys have drawn uniforms. Sixteen meets appear on the Bronco schedule, including the North Iowa conference freshman-sophomore cinder carnival.

Actually, varsity runners have already taken part in two meets, so their season will include 17 contests in all.

Twelve lettermen are currently working out by running in the gymnasium and up and down the school stairs and running outside around the section that encompasses the City dump ground.

Three seniors who lettered a year ago are not competing in track this season, Mark Mason, John Murray and Larry Tideback. Absence of a fourth B-winner, Bob Finn, has been a considerable disappointment to Coach Koolbeck and he very much hopes that the promising junior sprinter will join the ranks soon. Koolbeck regards Finn as a very fine prospect.

Veterans who will be competing again are seniors — Larry Kramer, Dave Suntken, Mike Long, Lynn Jenison, Dean Pals, Dennis Pastour and Roger Ginapp; juniors — Bob O'Connor, Bob Whipple, Kay Stecher and Dennis Anderson; and Vernon Pastour, who is a sophomore.

Non-lettered seniors on the squad are: Tim Downs, Ron Thompson, Randy Musselman, Dennis Barkema, Marlin Stoltenberg and Stan Brandmeyer; juniors — Jerry Jenison, Bob Sheriff, Dwight Mennenga, Bob Stadtlander, Roger Meyer, Tom Middleton, Jay Mennenga, Paul Thompson, Mike Armour, Robbie Courson, David Backman and Kirk Cunningham.

Sophomore candidates are: Dennis Steenblock, Randy Braner, Bob Burk, Bill Heinzig, Merrill Kalkwarf, Wilbur Kuhlers, Kenton Stille, Emery Wenzel, Gary Luick and Jim Smith.

Reporting from the freshman class are: Douglas Steenblock, Randy Brandmeyer, Mike Luick, Allen Koppernagel, Eldon Pals, Johnny Kaduce, Tom Downs, Dennis Fuller, Dennis Gallagher, Dennis Stecher, Dennis Hauge, Dwight Hinman, Dallas Hopkey, Rick and Dick Kamm, Bill Langlitz, Tom Lerdal, Marlo Luick, Dave McNeal, Richard Meyer, Raymond Roberts, Steve Schroder, Lynn Slining and John Van Gerpen.

Coach Koolbeck will be trying this week and next to shape up the strongest possible team to compete in the Class A state indoor meet at Iowa City a week from Friday, April 2. He intends to have entries in practically all events.

Following is the complete Bronco schedule:

April 2 — State Indoor (Iowa City)
April 5 — Triangular at Eagle Grove (Belmond and Britt)
April 8 — Holstein Relays
April 12 — Triangular at Belmond (Forest City and Garner)
April 14 — Pocahontas Relays
April 16 — Valley Relays (Des Moines)
April 19 — Humboldt Relays
April 22 — Eagle Relays
April 23 — ISTC (Cedar Falls)
April 26 — Bronco Relays
April 29-30 — Drake Relays
May 3 — Dodger Relays (Ft. Dodge)
May 6 — District (Eagle Grove)
May 10 — NIC (Osage)
May 17 — NIC Fr.-Soph. (Buffalo Center)
May 21 — State Meet

Can I Rent a Hearing Aid?

At Physicians Hearing Aid Center in Mason City, you can try out a hearing aid for a small rental charge.

In many cases, it is advisable to try out a hearing aid before purchase. This gives the wearer an opportunity to test the hearing aid in actual use over a reasonable length of time. And when a purchase is made, the amount of rental paid is applied towards the cost of the hearing aid selected.

Physicians Hearing Aid Center Offers:
Professional testing and counselling facilities.
Qualitone and Acousticon hearing aids.
Vicon aids for vary hard of hearing.
If you have been told "I am sorry I cannot help you" try "Vicon."

Wright Had 171 On Old Age Aid During February

Wright county's 171 Old Age Assistance recipients received grants totaling $11,652 in February. This averaged $68.14 each and included payments made directly to doctors and druggists for services and drugs provided to recipients.

Aid to Blind payments for February totaled $489.50 and were paid to five individuals, averaging $97.90 each. These totals likewise included amounts paid for drugs and medical services.

Twenty-two Aid to Dependent Children families, including 94 individuals, received grants totaling $3,280 in February. These totals also include drugs and medical services. Grants averaged $149.11 per family, and $34.90 per individual.

There were no Wright county recipients under the new Aid to Disabled program in February.

On a state-wide basis in February, there were 34,119 Old Age Assistance cases. They received a total of $2,609,642 or an average of $76.49 each. Aid to Blind recipients totaled 1,404 and received a total of $218,814 or an average of $91.75 each.

There were 8,641 Aid to Dependent Children families composed of 32,167 individuals. They received a total of $1,193,472. This averaged $138.12 per family, or $37.10 per individual.

Aid to Disabled payments were made to 113 cases, averaging $80.84 each, or a total of $9,135.

COMPLETED as to construction, except for concrete flooring, is the new General Mills warehouse to be seen at left of picture above. More than $100,000 was spent by GMI in building the warehouse and relocating trackage to make space for it. Use of the storage building will be delayed until dirt surface inside it can be thawed to permit laying of concrete. Since the earth is frozen to a depth of about three feet, considerably less severe weather than that which has been prevailing will have to be awaited before the final step in construction can be undertaken. The Independent had hoped to find an opportunity to take a picture of the warehouse and adjoining GMI facilities at some time when the new structure was not largely hidden by freight cars. The General Mills switchyard is so continually busy, though, that this hope was finally abandoned. Scores of cars are always on the tracks — to pick up government-stored corn which GMI has had in some of its bin space; to bring in soybeans for processing; to carry away soybean meal and oil produced at the plant; and to transport bulk feed manufactured at the Larro mill directly adjacent to the new warehouse and projecting to some height at its right.

$2,368 in Commodities to Wright For $72 to Cover Delivery Costs

United States Department of Agriculture surplus foods in the amount of 6,282,476 pounds and with an estimated value of $1,569,006.40 were distributed to needy individuals and families in 70 Iowa counties during 1959.

L. L. Caffrey, member of the state board of social welfare, said that these commodities are available as a direct result of the agricultural price support program.

They are distributed through county departments of social welfare to recipients of public assistance, county relief, soldiers' relief, and to other needy persons certified as eligible by the director of social welfare in participating counties. As of Dec. 31, 1959, there were 52,598 individuals receiving commodities.

Mr. Caffrey said any county may have commodities for distribution to its needy people upon application of the county board of supervisors, and agreement to pay delivery costs.

In 1959, surplus foods distributed to the needy, and their estimated values were: 721,152 pounds of butter valued at $497,594; 6,600 pounds of cheese valued at $2,970; 958,068 pounds of dry milk valued at $421,549; 539,300 pounds of rice valued at $108,167.

Also 2,543,300 pounds of flour valued at $228,897.00; 1,296,700 pounds of corn meal valued at $103,736; and 187,356 pounds of dried eggs valued at $206,091.60. Delivery costs paid by participating counties totaled $55,788 or approximately .00888 cents per pound.

In Wright county, the following distribution was made during 1959 to needy individuals and families: butter, 1,600 pounds valued at $1,104; dry milk, 1,566 pounds valued at $689; rice 1,100 pounds valued at $209; flour, 3,000 pounds valued at $270; corn meal 1,200 pounds valued at $96.

Total value of these commodities came to $2,368 at a delivery cost to the county of only $72.47.

Suntken, Stoltenberg Vie For 4-H King, Queen Title

Advance report forms for the 1960 census of population and housing will be distributed by post office employees this week to all households in this area, District Supervisor Bill E. Algood announced today.

The advance report form is a new census-taking device which is designed to speed up the field canvass and provide more accurate statistics. Distribution of this form before the start of the house-to-house canvass gives the family a chance to assemble information about each member in advance of the census taker's visit. The district supervisor urges all residents to fill out the form and have it ready for the census takers when they start their rounds on April 1.

The advance form contains seven questions about every person in the household and six questions about the houshold's dwelling. The household information asked for is name, address, sex, color or race, month and year of birth, whether married or single, and relationship to head of the household. The information required about the dwelling is the number of rooms, cooking facilities, plumbing, and whether rented or owned.

At every fourth household, the census taker will leave a household questionnaire which contains additional questions covering population and housing characteristics which are being asked of a 25 per cent sample of the nation's population. Householders are requested to fill out the household questionnaire and mail it within three days to the local census district office. A pre-addressed, postage free envelope is being provided for this purpose.

The "sample" population questions include inquiries on country of birth, mother tongues of foreign born, schooling, employment, income and related items. The additional housing questions relate to rent or value of dwelling, heating equipment, water supply, and other facilities and equipment.

The district supervisor pointed out that information about individuals and their homes furnished to the census bureau is kept confidential under federal law. Only statistical totals and averages are published. No individual person can be identified in published reports and census information cannot be used for regulation, investigation, or taxation.

Extension Council Outlines Its Plans For Current Year

Projection of the Wright county extension program was the purpose of a meeting of the Wright County Extension Council held Tuesday of last week at the First National Bank building at Clarion. Morning and afternoon sessions were held, extending from 10:00 a.m. to 3:00 p.m.

Meeting with the council were members of the special committees that direct the boys' and girls' 4-H work, the public affairs and family living programs and other phases of extension activity in the county.

L. B. Oberhauser of Belmond, chairman of the Extension Council, opened the meeting with a review of that body's responsibility in program projection. Roger Lawrence of the state extension service at Iowa State university, Ames, answered in some detail the question, "What is Program Projection?"

Special areas of extension work were discussed as follows:

Aaron Bowman, county extension director, "The Over-all Agricultural Picture;" Mr. Bowman and Gerald K. Anderson, county extension associate, "Facts About Livestock Production."

Mrs. Geraldine Steele, county home economist, "Facts About Family Living;" Mr. Bowman and Mr. Anderson, "Facts About Land Use;" Mrs. Steele and Mr. Anderson, "Facts About Youth;" Mr. Bowman, "Facts About Public Affairs."

Mr. Lawrence then summarized with comments on the topic, "What to Do with the Facts." At the close of the program, Mr. Oberhauser made his committee assignments for the year and the special committees then met briefly before adjournment.

MRS. H. B. JANSSEN

Community Club Fetes Athletes

Alexander High school's boys' and girls' basketball squads were honored at the annual Athletic Banquet of the Community club held last Friday evening. Willard Latham, president of the club, served as em-cee of the program.

Speaker for the occasion was R. C. Betchel of Des Moines, long-time coach of girls' basketball enthusiast. As mentor of the once famed AIB cagers, Mr. Bechtel's teams won one national championship and three times were runners-up.

More than 200 guests enjoyed the meal prepared and served by the Under 80's club. The program included offering of the invocation by Rev. B. R. Price and musical selections by a quartet comprised of Ron Dirksen, Bob Latham, Duane Barkema and James Hoekstra.

Ron Dirksen and Judy Boelman expressed the thanks of the athletes for the courtesy arranged for them by the Community club.

Linda Greenfield and Ron Dirksen were announced as Alexander High school's "Athlete of the Year" from the girls' and boys' ranks.

Coach Albert Olson presented basketball letters to the following: Gilbert Schulte, Vergene Trager, Ron Dirksen, Bob Latham, Dennis Vestweber, Bob Dirksen, Jerry Modderman, Don Pals and to Clyde Janssen, manager.

Girls' letters were awarded by Coach Tom Erickson to: Judy Boelman, Frances Burger, Jerene Andrews, Tannie Pastour, Norlene Thompson, Cheryl Shott, Linda Greenfield, Delorus Hopkey, Della Rewerts, Susie Schulte, and Joyce Karstens, manager.

OTTO VOLBERDING DIES

Word has been received by friends here of the death of Otto Volberding of Latimer. Mr. Volberding died at the home of a son in Marietta, Ga. Funeral services were Wednesday in Sheffield with burial in the Hampton cemetery.

Music Festival Held at Hampton

Annual Junior Music festival of the Iowa Federation of Music clubs was held Saturday at the school house in Hampton. More than 180 youngsters participated.

The pupils of Marilyn Johnson competed, Vivian Blewett receiving an excellent rating and Brenda Blewett a superior rating in the piano solo division. Mrs. Blewett attended.

Others participating were: Elaine Schear, superior rating; Rodney Schear, excellent; Don and Tom Latham, each very good. Roy and Marilyn Arends' ratings have not been received to date.

Alexander's Band Will Play at MC

The Alexander school band has been invited to appear on the program of the spring band clinic under sponsorship of the North Central Iowa Bandmaster's association at Mason City this Saturday.

There are approximately 70 member bands in the association and eight have been selected to play.

Each group is given 30 minutes on the program, 15 to 20 minutes for playing and the remaining time to three judges to give verbal criticisms.

Delmar Hemmes of Hampton visited from Tuesday until Friday in the Dick Schmidt home. His parents, Mr. and Mrs. Delbert Hemmes, came Friday evening for a visit and took him home with them.

Mr. and Mrs. Jack Wenzel of River Falls, Wis., were callers Monday in the George Blau home.

Mr. and Mrs. John Blau visited recently in the Virgil Blau and John Armstrong homes in Ames.

Mr and Mrs. George Panhorst were Saturday visitors in the Marvin Hoppe home at Gaza, and Sunday visitors in the Otto Kock home at Paullina.

Mr. and Mrs. Bill Trampe and son of Eldora brought Mrs. Hie Folkerts of Steamboat Rock to the Mrs. Clara Harms home Sunday for an extended visit.

ALEXANDER BLUEBIRDS

Regular meeting of the Alexander Bluebirds 4-H club was held on March 14 at the home of Linda Greenfield.

The following were given: talk, "Color Cues," JoAnn Boelman; illustrated talk, "Why Good Posture?" Diana Myers; demonstration, "Seam Finishes," LuRay Price.

Roll call was answered by all 10 members. Also attending were six mothers, two leaders, and one visitor.

Lunch was served by Linda and Mrs Frederick Greenfield.

Diana Myers,
Reporter

Kent Myers Honored On 17th Birthday

Mr. and Mrs. Kenneth Myers honored their son Kent on his 17th birthday at a supper Tuesday evening at which the guests were Galen Hackbarth, Dennis and Wayne Vestweber.

UNDER 80'S MEET TONIGHT

The Under 80's will hold their regular meeting this Thursday with a pot-luck dinner and business meeting.

The Tom Erickson family of Huxley were Sunday guests in the home of Mr. and Mrs. Tom Erickson and David.

Mr. and Mrs. Will Westaby were dinner guests Wednesday in the Milton McCarthy home in Clear Lake.

Mr. and Mrs. George Blau were Sunday visitors in the Grover Arends home in Williams.

Mr. and Mrs. Orville Arends were Wednesday visitors in the Dell Friesleben home near Clear Lake.

Mrs. Bernard Karstens spent one week at Madison, S. D., with her daughter Beverly and at Elkton, S. D., with her mother-in-law, Mrs. Carrie Karstens, then to Minden, Neb., to visit other relatives. Mrs. Brinkman of Chicago, Ill., returned home with Mrs. Karstens and spent several days before returning to her home in Chicago.

Mrs. Floe Peters is spending several days in Des Moines with the Merlin Correll family while her daughter, Mrs. Correll, is in Iowa Methodist hospital, having undergone major surgery Monday.

Dr. and Mrs. Robert Myers and family of Minneapolis, Minn., were Thursday overnight guests in the Willard Latham home, en route to Oklahoma City, Okla., to make their home.

Mr. and Mrs. Harold Walsh of Hampton and Mr. and Mrs. Ben Peil were Sunday evening dinner guests in the home of Mr. and Mrs. Dallas Schear and family.

Mr. and Mrs. Richard Eckhoff and family were dinner guests Sunday in the Dean Gunderson home in Belmond honoring the birthday of Mrs. Chester Gunderson.

Mr. and Mrs. Harold Walsh of Hampton were Tuesday evening dinner guests in the Dallas Schear home. The occasion honored the Schears' wedding anniversary.

Mr. and Mrs. A. L. Hayden of Fort Dodge were Monday evening visitors in the George Blau home.

Judy Fjetland has finished her term of schooling and has accepted employment in Des Moines and will begin her work next Monday

Mr. and Mrs. Michael Miles of Austin, Minn., Mrs. Glenn Hunst and daughters of Rose Creek, Minn., Mr. and Mrs. A. K. Ketchum and family and Mr and Mrs. Leroy Green and son of Belmond were dinner guests Sunday in the parental Hero Frohling home. Mr. and Mrs Clyde Blau were afternoon callers.

Sandra Johnson of Fort Dodge was a Sunday guest at the home of her parents and sister, Mr. and Mrs. Henry Johnson and Marilyn

Mr. and Mrs. Hubert Merrick of Dougherty were Thursday visitors in the Ross Riggins home. Mrs. Riggins and Mrs. Merrick are sisters.

● Belmond Locals

A/3c Anthony Benson of Chanute Air Force Base, Ill., spent the weekend in the Stanley Shahan home. Mr. and Mrs. Shahan and daughter Karen took him to Ames Sunday to catch a ride back to his base. The Shahans also visited in the Rev. and Mrs. O. M. Severseike home at Ames.

Jim Riekens of Waterloo visited over the weekend in the home of his mother, Mrs. Martha Riekens.

Mr. and Mrs. Richard Akers, Beverly and Kenneth of Dows were Sunday dinner guests in the Mike Luick home.

TREAT YOUR SEED OATS NOW
FOR MORE VIGOROUS PLANTS, BETTER STANDS and HIGHER YIELDS

We will start our Seed Cleaning operation on April 4

OATS CLEANED and TREATED at THOMPSON HYBRID CORN CO. ARE:

Let Us Treat Your Seed NOW
We Use Du Pont
CERESAN®
Seed Disinfectants

No other step in growing crops pays as high returns for so small an expenditure.

We use Du Pont "CERESAN" . . . for over 30 years the 'magic key' to bigger, better crops. All these years Du Pont has set the pace, improving products for safer, more effective protection.

Today, Du Pont Seed Disinfectants are still setting the yield records . . . records which have prompted experiment stations to remind farmers that returns from use of proper seed disinfectants can be as much as $75 for every dollar invested.

Don't overlook this important step to higher crop returns. Let us treat your seed now . . . with Du Pont Seed Disinfectant—your "magic key" to bigger, better crops!

1. **Fed to Clipper cleaner uniformly through rubber feed rolls.**
2. **Passed over four sets of screens to take out various types and shapes of weed seeds.**
3. **Routed through separate air blasts to remove certain types of light weed seed and foreign materials.**
4. **Passed through length graders which take out hulled oats and pinned oats.**
5. **"Mysto-Matic" — treated with the NEW Ceresan "200" to control oat smuts.**

●

No long waits. With our large capacity cleaning machines we can handle all of our customers without crowding the cleaners. Phone us for an appointment and your oats will be cleaned while you do your shopping . . . or phone your local trucker and he will make the appointment.

Four or five feed bags to each hundred bushels of oats sent in are needed for bagging the hulled pin oats.

3/28/55 3-25-55

MAIN STREET

BY PAT, DICK, DUANE

Several weeks ago Mrs. M L Jones called on Ye Ed to say a bit of a feature story might be made of the fact that her father. Clarence W. Chamberlain, was a census taker back in 1900 and counts his official badge of that office as a prized possession. We promised that the week the census count was to start we'd do that very thing. Sunday, we called the Rev Mr Jones to say we were coming to the parsonage to photograph his father-in-law and the badge.

When we arrived to do our picture-taking, Mr. Jones regretfully informed us that the badge was in the bottom of his wife's purse (he'd just ascertained by a long distance call) and that his wife was in Decatur, Ill. So, we didn't "shoot" the badge.

Mrs. Jones has been helping out in the home of her son and daughter-in-law, Mr and Mrs Robert Jones, since the birth of their second child on March 13 They have a new daughter, Janilyn Renee, who weighed in a 7 lbs 2 oz Janilyn, whose papa is a school teacher at Decatur, has an 18-month-old brother, Jeffery Mrs (Maurice) Jones advised the proud grandpa that she's been so busy washing diapers the past two weeks she's had little thought for badges

If you're "on the road" tonight, you can expect a visit from one of Uncle Sam's nose-counters — since this evening, March 31, is designated as "Transients Night" for the purpose of making the 1960 census of population as complete as possible

Hotels, motels (yes, and flop houses, too, if that's your preference) will be visited by enumerators determined to see that none of Uncle Sam's nephews or nieces is overlooked in the count.

The harvest of "Transient Night" will later be checked against the local census of the wanderers' home communities to make sure there isn't a duplication — and then credited to his home town's population, if he hadn't already been chalked up.

Last weekend's promise of the imminent arrival of spring came none too soon, if one contemplates the casualties recently claimed by sun lamps among BHS personnel who couldn't wait to attain some epidermis color

Three young ladies aspiring to a healthy glow had the misfortune to fall asleep while absorbing the rays from a sun lamp, we hear.

Two of them emerged from their experience with a ruddy countenance worthy of a day at the beach. The third, a young teacher, we have on good authority did NOT suffer facial burns In fact, quite the opposite.

It's been so long since we've heard from the Animal Rescue League, we were beginning to wonder if it had gone out of business. But it hasn't. Its sponsor, Ginny Courson, gave us a ring Tuesday to advise that she's providing quarters for a black and white tomcat. It's housebroken, indicating it MUST be someone's pet. A call to 332 will get it back.

Hal Nourse is prepared to give golf lessons to anyone interested — and brave enough to risk Hal's methods of instruction. Hal was in George Swaroff's auto electric shop one day last week when George was taking a few swings at a practice ball with a No. 7 iron. Any idle moment finds George thus occupied.

Allowing as how he was quite a golfer in his day, Hal asked the use of the shilelagh to demonstrate. He carefully gripped the handle and then took a robust swing.

Francis Sandry was looking on from what he assumed was a safe distance — but he didn't allow for Hal's follow through. The iron clipped him right along side the nose and came close to lifting it like a divot off of soft turf. Francis the next day had his nose in a sling and was a sadder by wiser man.

A featured speaker at the 55th Midwest Gas Association convention held Monday and Tuesday of last week at the Twin Cities was a Belmond native son, Randall Klemme, now a "veep" of Northern Natural Gas. "Cec" Carstens, who was in attendance at the confab, reports that Randall — like a good and loyal son — spent a considerable amount of his allotted time telling about Belmond and its attributes. The Chamber of Commerce should make him an honorary member, maybe?

Incidentally, that bonus friend Carstens was promised by his boss, General Manager Duane Arnold of IEL&P, when "Cec" was named Belmond's "Man of the Year" for '59 materialized last week.

A generous check which Mr. Arnold instructed was "for fun" was received by the deserving Mr. C.

"Cec" should be duly appreciative of the gift if he contemplates the fact that being "Man of the Year" a couple of years earlier has COST Chester Luick something in the neighborhood of a half million dollars!

Hey, Diogenes! Over here! . . . Yep, the gent with the lantern could find the honest man he was looking for by casting its beam up Algona way. Columnist Julian Chrischilles told last week of a fellow who recently sold a 160-acre farm at a price that well satisfied both him and the buyer.

A few days later, the seller was checking his records and was reminded that when he'd bought the farm many years the purchase was for only 159½ acres.

He'd forgotten the fact; and there was little likelihood that the buyer would ever have learned the difference. But he immediately sent the new owner a check for the difference, amounting to $525! The real estate broker who handled the deal admits he never heard the likes of THAT before.

See This Model at C-of-C Style Revue

THIS CHARMING MODEL will be among those displaying the newest in spring apparel at the style revue that will be feature of next Tuesday afternoon's program at the Chamber of Commerce Home Show. The model is Mrs. Ervin Smith, who is president of the Belmond Women's club. Starting time of the style revue is 2:30 o'clock.

Eastgate Addition's Curb-and-Gutter Project Could Spur Similar Jobs Elsewhere in Belmond

Right at a time when Belmond s streets are at their most miserable, a glimmer of hope for better things to come made its appearance at a special meeting of the city council held Monday evening

Two representatives of Builders Land company, which is developing the new Eastgate Addition north of Barry Addition, appeared before the council seeking approval of a curb-and-gutter project. It would be undertaken in the new development within the next few months

Stanley Guth of Minneapolis and Don Sperry of Cedar Falls advised the councilmen that installation of roughly 8,000 feet of curb-and-gutter is involved in the Eastgate proposal. They described the type of construction intended and asked if the specifications would be acceptable to the city.

The construction would provide approximately a six-inch curb and 18 inch gutter, the entire width of the concrete measuring two feet. The visitors were advised that these specifications would meet city requirements satisfactorily and that Builders Land company might proceed to obtain bids on the work.

It was brought out that the anticipated cost of the curb-and-gutter is about $1.90 per lineal foot; but Mr. Guth observed that a still more economical price might be obtained if additional footage were to be laid by the contractor while all equipment was here for the Eastgate job.

Bob Churchouse, chairman of the city streets and alleys committee, questioned Tuesday by The Independent said several groups have lately expressed interest in acquiring curb-and-gutter this year.

Pete Followill, Dick Gowdy and Russell Wood, representing residents of Sunset Drive in Kirkendall Addition attended Monday's council meeting and admitted their group might be interested in a tie-in with the Eastgate project if a satisfactory contract price could be obtained.

Call City Clerk If Interested

It is understood that some propertyowners in Barry Addition have indicated interest in curb-and-gutter on Eighth avenue NE; and other individual propertyowners have in the past year or two expressed a keen desire to have curb-and-gutter along their properties when the first opportunity presents itself.

Mr. Churchouse said, "The certainty that the Eastgate developers are going to have curb-and-gutter work done opens up the possibility of interested Belmond residents taking advantage of the situation. If it proves feasible to expand the project, very likely a more economical price could be obtained all the way around.

"For that reason, I recommend that persons who would like to obtain curb-and-gutter for their property call City Clerk Lois Hammond promptly and let their interest be known.

Want Sentiment Known

"Next Wednesday night," Mr. Churchouse added, "the council plans to review the entire city street situation and map out the needs for the coming spring and summer. I'm sure that the entire council would like to know it if there is a strong sentiment favoring a curb-and-gutter program of some size that could be coordinated with the Eastgate project."

If calls to the city hall indicate a definite breadth of interest in some areas of town, the opportunity could be given to petition those areas to determine just how widely the sentiment for curb-and-gutter prevails.

"So far as I personally am concerned," Mr. Churchouse said, "I would favor council approval where a sizeable majority of home owners along several blocks of a given street are willing to pay for the benefits of curb-and-gutter."

Better Price Possible

He emphasized, though, that the Builders Land company wants to move quite rapidly in asking bids on its own project so the work can be done in good time during the up-coming construction season.

Consequently, to take advantage of the opportunity for a broader and economically priced curb-and-gutter program linked to the Eastgate project, residents should call the city hall promptly to express their interest.

Women's Club Projects Will Raise Funds to Tile Basement in Library

Proceeds from a public card party to be held Friday of next week by the Belmond Women's club will be applied on tiling the library basement floor, according to Mrs. Guy McClenahan, chairman of the event.

"This is an improvement that we're sure would be welcomed by the many groups that use the library basement," Mrs McClenahan says, "so the club urges a large turn-out for the card party."

Actually, there will be two parties An afternoon bridge for women will be held at the library basement starting at 1:15 p.m. At 8:00 p m there will be a choice of pinochle, bridge or 500 and both men and women are invited to participate.

Prizes will be awarded for both sessions and lunch will be served.

An additional feature of the women's fund-raising project will be a booth in the basement at which orders will be taken for cleverly decorated Easter eggs, centerpieces for Easter and May baskets made by members of the club

Mrs Ervin Smith, Women's club president, says, "These novelties show really amazing originality. The eggs and May baskets will delight the heart of any child; and the centerpieces will add a great deal to the family table on Easter."

Orders may be placed for specific items The novelties are currently on display in a glass case in the reading room of the library There they may be seen at any time during library hours and Mrs Faye Colby, the librarian, will be glad to take orders.

Helland to Study On Science Grant

Dave Helland, son of Mr. and Mrs L. M. Helland, has been awarded a grant under the National Science Foundation for outstanding teachers of mathematics and science to pursue his Master's degree. He will participate in the 3rd Academic Year Institute at Iowa State Teachers college, Cedar Falls, in continuing his studies.

For the past three years, Dave has been instructor in science at Nashua High school. He is one of 48 science and mathematics teachers chosen to take part in the ISTC graduate study project under the National Science Foundation program.

Purpose of the program is to enable teachers of high school mathematics and science to increase their subject matter competency and improve their teaching techniques The grants are renewable, if certain high standards are met, providing the recipient with an opportunity to continue graduate study toward a Doctor's degree

The NSF provides funds to cover the participants' tuition, fees, stipends, travel and books and also covers dependents' allowances.

DOUBLE HONORS came last week to Lynn Jenison, star cager of the BHS Broncos championship basketball team of the season just ended. "Jenny" was awarded a place on the Iowa Daily Press association's 4th all-state team and a berth on the Des Moines Sunday Register's 6th all-state five. Full stories will be found in the sports section.

SMORGASBORD NEXT TUESDAY

Biggest "eating event" of the local calendar takes place next Tuesday when the women of Trinity Lutheran church will hold their annual smorgasbord. The usual wide range of delectable table fare will be offered, including numerous Norwegian dishes rarely enjoyed by many Belmond residents except at this affair. Serving will start at 5:00 p. m.

Ohioan Will Take Charge of Larro Feed Plant Here

Frank Rotasky of Rossford, O., arrived in Belmond this week to become acquainted with the job of plant superintendent at the General Mills Larro feed mill. He will relieve Keith "Skip" Nesseth in that position. Mr. Nesseth is parting company with GMI and leaves next Wednesday for California, where he has accepted a position at Modesto with Grange Feed Mills.

When Mr Rotasky takes over the reins upon Mr. Nesseth's departure, he will find himself in familiar circumstances but with a new and more responsible job. For most of the past nine years he has been shift supervisor of a similar Larro installation at Rossford. The final six months before his transfer, he was engaged in special engineering training to prepare him for his new assignment.

The new head of the feed mill has spent his entire adult lifetime as an employee of General Mills. He is a native of Rossford and went to work for the soybean processing plant there 17 years ago, at the age of 16.

Mr. Rotasky is married and has four sons. His wife, Meredith, and boys — Michael, age eight; Raymond, seven; Martin, two; and Randolph, 10 months — will join him here after the close of the current school year.

Another change in Larro personnel next Monday will bring back to Belmond a native son of the community and former employee of the soybean processing plant, Ed Banning. He will serve as assistant to M. B. Dannewitz, head mill planner.

Ed has been a shift foreman for a Larro feed mill at Fort Worth, Tex., for the past several years. His wife has found the Texas climate harmful to her health prompting Ed's decision to return to Belmond.

Home Show Entertainment Includes Style Revue, Cooking Demonstration

Persons in the Belmond trade territory who are interested in 1 home improvements, 2 good cooking; 3 the latest fashions; 4. entertainment — which should take in just about everybody — will not want to miss the Chamber of Commerce Home Show next Tuesday and Wednesday at Veterans' Memorial hall

Twenty-three business firms will have booths demonstrating their wares. Prizes worth a total of $750 will be awarded every hour on the basis of registration, in addition to special prizes that are being offered by the exhibitors. The latter will be distributed Wednesday at 9 00 p m

A style show will be the attraction of Tuesday afternoon's program starting at 2:30 p. m. Belmond stores carrying men's apparel and women's wear will display the latest in spring finery, worn by local models.

Wednesday afternoon's program, starting at the same hour, will center around a cooking demonstration with the spotlight on local women with outstanding culinary reputations Mrs L B Kallestad will serve as master-of-ceremonies.

Favorite dishes will be prepared by Mrs. Rex Hawley, Mrs Harold "Bud" Shobe and Mrs. Ray Thompson Food prepared by these "experts" will be given away at the close of the program, and those in attendance will be able to pick up some tasty new recipes for their files

Each evening a variety of entertainment will be offered those gathered to inspect the exhibitors' booths. A western trio composed of Jerry Kaduce, Curtis Trager and Larry Hawley — who call themselves "The Shadows," but are otherwise known as the Happy Hollow Hootowls — will be heard in vocal numbers.

Randy Brandmeyer, who recently advanced to the state speech contest, will present his humorous selection, "How to be Reared by a Small Child."

Tuneful music will be provided by a swing band of BHS instrumentalists under the direction of Maurice Fahrney; and some old-time barbership harmony will be offered by a men's quartet consisting of Ed Gabrielson, George Hinman, George Sharp and Ronnie Simmons.

"Bobo, the Clown" will be circulating through the crowd both days to hand out balloons and pencils.

The doors will be open both afternoons from 1:00 to 5:00 p. m. and both evenings from 7:00 until 9:00 o'clock.

Jim Cairns, Chamber president, says, "I really believe this will be one of the finest events of its kind ever held in Belmond. Every family in the Belmond trade area should find it well worth while to attend."

House of Flowers To Open Saturday

Mr and Mrs Bill Mock of Clarion this Saturday are opening a new business in Belmond which they are calling The House of Flowers. It will be conducted in the location north of Dr. W. W. Weisbrod's office that was formerly occupied by the Beauty Box.

The Mocks say they will stock a variety of cut flowers and plants and also carry a line of gifts.

Mrs. Mock, the former Louise Pick of Clarion, has been an office employee of General Mills for the past two years Mr Mock has been employed by Morton's Frozen Foods at Webster City.

They have a home at Clarion and have been commuting to their jobs, a practice they will continue for the time being.

Mr Mock is a native of Brookings, S. D., where he was employed by a florist during the years he was attending high school. He obtained further experience in his new line of business while working for a period of some months for Weitmon's Flowers at Clarion

The House of Flowers will present free roses to the first 100 women visiting the new business place Saturday. The Mocks also will give away several attractive door prizes on the basis of registration

FARM SALE SATURDAY

Mrs Henry Traeger of Meservey announces in this issue that, due to the death of her husband, she will hold an auction of farm machinery and livestock Saturday at 1:00 p m The farm is northwest of Meservey Leonard Wiemann and Cliff Howlett are auctioneering the sale

75 Dollars Flew the Coop

Seventy-five dollars found takers Tuesday afternoon out of $400 worth of Cash Gift Day greenbacks represented by numbers posted at 2:00 and 3:00 o'clock At the earlier hour, Henry Koenen of Meservey picked off a prize of $25 and at 3:00 o'clock Mrs. Herman Beek produced a number that was worth $50. The happy smiles that lit the faces of the two winners could have been matched by 10 other persons if they'd been present with the numbers good for the remaining $325. Next Tuesday the jackpot will be kept at $400, allowing again for eight $25 awards at 2:00 p. m. and four $50's at 3:00 o'clock.

Ashpole to Run For Legislature

J. R. "Dick" Ashpole, 44, veteran railroadman and lifetime resident of Clarion, this week announced his candidacy for the Democratic nomination for Wright county state representative

He is a brakeman-conductor for the Chicago, Great Western railway and is currently general chairman for the Order of Railway Conductors and Brakeman for the CGW system.

A graduate of Clarion High school, he is a past president of the CHS Alumni association. He is a veteran of World War II and a member of the American Legion and Veterans of Foreign Wars He served with the U. S. Air Force for 26 months.

Mr Ashpole is married to the former Dorothy Olson of Eagle Grove and they have two sons, Jim, age 11, and Kenley, eight.

His affiliations also include membership in the Knights of Columbus; and he is a Clarion propertyowner.

In announcing his candidacy, Mr. Ashpole said, "I am a firm believer in the representation in government being of, for and by the people — not in behalf of monied interests, pressure groups and propagandists."

J. R. "DICK" ASHPOLE

HANSONS RETURN HOME

Mr. and Mrs. Otto Hanson returned Monday from a vacation since October in California and Arizona. They spent some time with their son Daryl and family at Hawthorne, Calif.

School Salary Raises Here For '60-61 Total $2,800

Adjustment in salaries for teachers in the Belmond Community school system for the 1960-61 school year was approved last week by the school directors. Mrs. Al Mennenga, president of the board of education, says that increases to take effect next fall will involve $2,800 in over-all raises and that tenure increments automatically applying will double that figure.

She adds that larger increases have been granted in some neighboring school districts, but that it was possible to keep raises at a moderate level here because of the favorable position local salaries held during the current year in comparison with districts Belmond has to compete with for teachers.

Largest increase was granted teachers who have less than 90 hours of college training, because the Belmond Community district faces the strongest competition in seeking teachers at this level. Instructors in this category will now start at a minimum salary of $3,500, which is $100 more than the prevailing schedule. Teachers in this group are eligible for annual tenure increments for a period of five years, until reaching a maximum of $4,000

Teachers with three years of college training, those with Bachelor's degrees and those with Master's degrees were all granted a $50 increase

This makes the starting salary of those with three years of training $3,850. Seven annual increments of $100 each adhere to teachers in this category until a top salary of $4,550 is reached.

Holders of Bachelor's degrees will now start at $4,350 and those with Master's at $4,550. Nine annual $100 increments are allowed at these two levels to bring the maximums to $5,250 and $5,450, respectively.

Contracts for 1960-61 have been issued to all teachers, and as of last week only three were known not to be planning to return next fall.

Jerald Torgerson is being granted a leave of absence in order that he may take graduate study to obtain a degree in guidance and counselling. The directors are hopeful that this popular teacher will choose to return to the faculty here after completing his graduate work.

DeEtta Brownfield, elementary vocal music instructor, and Dixie Wyborney, 6th-grade teacher, have indicated that they will not be signing contracts for next year.

Price Announces For Renomination

Myron Price, who has served as Wright county auditor for the past six years, announced this week that he will be a candidate for renomination to that office in the Republican primary on June 6

In seeking his fourth term of office, Mr. Price says, "I have made every effort to perform the duties of county auditor efficiently and promptly.

"I regard that it has been a privilege to serve the people of Wright county in this capacity. The support of the Republican voters in the primary will be greatly appreciated."

LESLIE ANDERSON HONORED AT LEADERSHIP BANQUET

Leslie Anderson, son of Mr. and Mrs. A. J. Anderson of Belmond, was among 106 Iowa State university men honored Tuesday night at Ames at the annual Men's Leadership Day Banquet.

This event is sponsored by the Cardinal Key, men's honorary society. Certificates of merit were awarded to the student leaders to whom recognition was given.

59 Receive Mention On 3rd Quarter Honor Roll

Students earning mention on the Belmond High school honor roll for the third quarter of the school year numbered only 59, in comparison with a total of 70 who made the scholarship list for the second quarter

Principal Ernest Doeringsfeld reports that exactly the same number of students made the honor roll from the junior and sophomore classes for each of the periods — 15 and 22 respectively.

But only eight seniors earned honor roll mention for the third quarter, compared to 17 for the second; and there was a drop of two in the freshman group of scholars, down from 16 to 14

On the other hand, there were 11 straight-A students during the third quarter, one more than achieved this distinction the second The A-average students were: Mary Cox, senior; Dennis Anderson, Nancy Gabrielson and Paul Thompson, juniors.

Also, Randi Dahlgran, Judy Gordon, Ronnie Heykants, Colleen Jones and Merrill Kalkwarf, sophomores; and Judy Kellerman and Nikki Killius, freshmen.

B-average students who were listed on the quarterly honor roll were: seniors — Barbara Beenken, Carol Finn, Nancy Gallagher, Linda Hauge, Clark McNeal, Bonnie Nolan and Jim Pals.

Juniors — Sharon Christensen, Kirk Cunningham, Bob Finn, Dale Gabrielson, Richard Henn, Mike Hunst, Jerry Jenison, Betty Johnson, Barbara Musselman, Linda Pickle, Kay Stecher and Marcia Stoltenberg.

Sophomores — Randy Braner, Bob Burk, Sharon Gabrielson, Nancy Halfwassen, Marcia Hattel, Bill Heinzig, Jeff Hruska, Kathy Jones, Wilbur Kuhlers, Ruth Larson, Mary Ellen Mason, Wanda Mason, Sheila Musselman, Dennis Steenblock, Ruth Ann Swaroff, David Swenson and Carnita Trager.

Freshman — Alta Bohning, Randy Brandmeyer, Kathy Finn, Dennis Gallagher, Dennis Hauge, Rick Kamm, Janis Mennenga, Janet Merck, Steve Schroeder. Dennis Stecher, JoAnn Ubben and Mark Whitty.

One Averages "A" Of 25 Junior HI Honor Roll Pupils

Twenty-five Belmond junior high students earned places on the third quarter honor roll, compared to 21 for the second quarter, Principal Paul Buck reports. Topping all the junior high scholars was Kristine Thompson, an 8th grader, with the lone A-average.

Thirteen from the 8th grade, in all, made the honor roll — two more than did so for the second quarter. B-averages were earned by: Rochelle Fuller, Stephen Hinman, Paula Kutz, Bruce Haugland, Jon Hruska, Marlys McLaughlin, Cyndy Musselman, Douglas Pals, Bill Schubert, Carolyn Stecher, Jolene Vanness and Sue Wilmarth.

In comparison with 10 7th-graders who achieved B-averages for the second quarter, a dozen attained that average for the third: Leslie Braner, Paul Hauge, Mike Granzow, Jane Hill, Susan Hill, Billie McNutt, Karen Soma, Janet Stadtlander, Twyla Stadtlander, Dennis Swenson, Neal Waddington and Bob Whitty.

Chamberlain Was Enumerator Then—

Start of Census Recalls Nose-Count of 1900

Sixty years ago a young man of 25 strode through Meadow and Lake townships in Clay county, a metal badge on his coat lapel that at first glance might have been mistaken as a policeman's insignia of office. A closer look, though, divulged that the young fellow was in fact a "Census Taker," engaged in counting noses as an enumerator in the state of Iowa's 6th decennial census.

Clarence W Chamberlain, the census taker of 1900, today makes his home with his son-in-law and daughter, Rev. and Mrs. M L Jones, as he has since the death of his wife about seven years ago. He's proud of that badge and enjoys telling of the horse-and-buggy travel — and no small amount of legwork — that was entailed in covering his assigned territory six long decades ago

This nation has done a lot of growing since his earliest forebears came to these shores 'way back in the late 1600's. His father and mother homesteaded near the village of Spencer in 1870 coming to Iowa from Vermont Only six families were living in Meadow township at the time of the Chamberlains' arrival. By 1900, though, Clay county had grown to a population of 13,401 — within 4,702 of the total which it had attained by the 1950 census.

When the 18th U S decennial census gets under way tomorrow, April 1, householders will not find the census takers equipped with metal badges that might lead them to think a law deputy is knocking on their door. This time they will be identified by a red, white and blue card on their coat lapel designating the wearer as a "Census Enumerator."

This card is such a key essential of their job that District Supervisor Bill Algood of Fort Dodge urges a prompt report to the law should be made if anyone claims to be a census taker and is NOT equipped with the official red, white and blue card

Census takers will be further identified by a brown portfolio bearing in green ink the legend "1960 Census of the United States."

When the 1960 census of population is launched tomorrow, 160,000 census takers will start on their rounds, which will take them to every dwelling unit in the United States. In covering the 3½ million square miles of land area of the 50 states, they will travel an estimated combined distance of more than 1,000 times around the world, or approximately 28 million miles.

Supervisor Algood points out that residents of this area can speed up the big count by having their advance report forms filled out and ready for the census takers.

This form was distributed to local households prior to the start of the house-to-house canvass. It contains the seven population and six housing questions which are asked of all persons The advance report form gives the family a chance to assemble information about each member in advance of the census taker's visit. It's use is expected to provide more accurate statistics, as well as speeding up the canvass.

At every fourth household, the census taker will leave a census household questionnaire which contains additional questions covering population and housing characteristics which are being asked of a 25 per cent sample of the population Householders are requested to fill out the household questionnaire and mail it within three days to the local census district office. A pre-addressed postage free envelope is being provided for this purpose.

The district supervisor emphasized that all information about individuals and their homes furnished to the census bureau is held in absolute confidence under federal law. It is used only to provide summary figures such as totals, averages, and percentages. The information about individuals cannot be examined by any other than census employees who are sworn to secrecy, and thus cannot be used for investigation, taxation, or regulation.

C. W. CHAMBERLAIN COUNTED IN CLAY COUNTY

Reports On Meetings Given At Federated Woman's Club

The Meservey Federated Woman's club met Friday afternoon in the home of Mrs. Ralph Schmidt. President Mrs. Jacob Pals presided. A report was heard from the district meeting held at Sheffield given by Mrs. Vic Nordman.

Mrs. Richard Pals presented the lesson "Festive Foods and Nutrition." Plans were begun for Guest Day, an annual event of the club. Mrs. Richard Halfpop reported on the Cerro Gordo county meeting held in Clear Lake last week. A dessert lunchon was served by the hostess.

Mr. and Mrs. John L. Brown spent the weekend in Cedar Falls as guests of Mr. and Mrs. Robert Hill. The Hills lived in Meservey several years when he served as the local superintendent of schools.

MRS. MOODY QUANDT

Legion Auxiliary Will Entertain County Meeting

Meservey American Legion Auxiliary unit met Wednesday evening in the home of Mrs. Dale J. Fischer. It was decided to entertain the Cerro Gordo county meeting on Tuesday, April 26.

The unit has accepted the opportunity to send a girl to Hawkeye Girls State again this year having been chosen from the reserve list of units in the county.

Mrs. Dale Smith, rehabilitation chairman, reported having sent clothing as requested by the department office for the unit's "assigned" child — the son of a deceased veteran — in the amount of $30.

Mrs. Louis Stadtlander is a new member of the unit. Lunch was served by the hostesses, Mrs. Dale Fischer and Mrs. Lewis Myers.

DAVID HINDMAN DIES

Marvin Hindman was called to Marion last Saturday by the death of his father, David Hindman. Mrs. Hindman and David were taken there by Avery Bier and Mrs. Winnie Smith on Tuesday to attend the funeral. The three returned that same day, Marvin returning home on Friday.

GRIMES CLOVER BELLES

On Monday evening of last week members and leaders of the Grimes Clover Belles 4-H club attended a presentation on how to select foundation garments given by Mrs. Delores Jensen from Damon's at the Mason City YWCA. An interesting film strip was shown with her talk, and also a few of the garments were modeled.

Those attending were Mrs. Wayne Shaw, Irene Butz, Bertha Shaw, Kathleen Diddy, Mary Brown, Betty Vierkant and Genelle Schlichting.

Junior Federated Club Met With Mrs. William Fischer

The Meservey Junior Federated club met Wednesday evening in the home of Mrs. William Fischer. President Mrs. Raymond Miller presided. The lesson, "Religion in Life" was given by Mrs. Richard Lauen. The special topic, "Music for Religion" was given by Janice Waddingham and all joined in singing a religious selection.

A report was heard regarding the progress of the sale of candy in which they have been engaged. Plans were made for Guest Night which will be held next month. Mrs. Leonard Pals reported on the Cerro Gordo county meeting held in Clear Lake last week. Lunch was served by the hostess.

MARRIAGE VOWS were recently exchanged by Esther Marie Blau, daughter of Mr. and Mrs. Fred Blau of Meservey, and Marvin Verle Borchart, son of Mr. and Mrs. Fred Borchardt of Rock Falls, at the First Reformed church. Rev. Charles Johnson officiated and the attendants were Mr. and Mrs. Wesley Bahnsen. The newlyweds are at home on a farm near Rock Falls. Mrs. Borchardt is a graduate of Meservey High school and Mr. Borchardt of Rock Falls High school.

Camera Club Meeting Scheduled For April 4

The Meservey Camera club will meet in the school dining rooms Monday evening, April 4th, at 7:30. Anyone wishing to attend is welcome to do so. Movies will be shown by Mr. and Mrs. Andrew Boelman. Lunch will be served at the close of the evening.

Enno Ostendorfs Report Birth Of A New Grandson

Word was received from Mr. and Mrs. Enno Ostendorf who left Tuesday and arrived in Fair Oaks, Calif., on Thursday in time for the birth of their second grandchild that he was born that evening at 8:00 o'clock. The new baby has been named James Patrick and is the son of Mr. and Mrs. John Grady. She is the former Wanda Ostendorf. They have an older son, Jay, aged two. The Ostendorfs plan to spend some time in California before returning home.

Baby Girl Born March 15 To The Cleon Prestholts

Word was received of the birth of a daughter to Mr. and Mrs. Cleon Prestholt of Redfield on March 15th. She has been named Kelly Renee and has one sister, Kim. She is the granddaughter of the George Kuhlers and Lewis Myers'. Mrs. Prestholt is the former Janice Kuhlers.

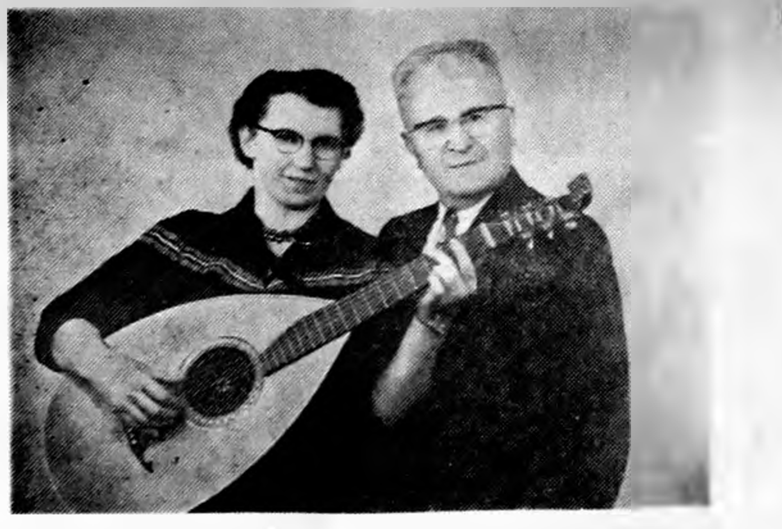
Mr. and Mrs. Albert N. Wendel were called to Osage last Sunday by the sudden illness of her brother, John Ruiter. At this writing he is much improved and has returned to his home in Lyle, Minn., following treatment in the Osage hospital. Mr. and Mrs. John Ruiter were Meservey residents more than 20 years ago. Mr. Ruiter was an agent with the Chicago Great Western railroad at the time.

Elizabeth Lemke of Osage spent the weekend with her mother, Mrs. Amalia Lemke, and brother Ferd.

Mrs. Lloyd Hughes returned to her home Saturday following surgery in Mercy hospital at Mason City.

Vernon Schmale left by plane from Minneapolis, Minn., to report for reassignment with the U. S. Navy. Mr. and Mrs. Harlan Buseman, Mickey and Kelly and Sharon Morris took him to Minneapolis. He had spent several weeks in Meservey on leave.

The Senior class of the Meservey High school held a bake sale and slave auction Saturday afternoon at the Fischer Implement store realizing a nice amount from their efforts.



EVANGELISTS Rev. and Mrs. O. N. Felberg will appear at the Meservey EUB church in a series of special services nightly that started Wednesday of this week and will extend through Easter Sunday, April 17. They have made annual tours to Germany in recent years, carrying on evangelistic work. Special singing will accompany their nightly messages. Each evening at 7:45 o'clock, Mrs. Felberg will conduct a service especially for the children.

Clubs Represented At County Parley

The Meservey Federated Woman's club and the Meservey Junior Federated club were represented at the all-day Cerro Gordo county meeting of Federated Women's clubs held Tuesday of last week at the Methodist church in Clear Lake.

Delegates were Mmes. Jacob Pals, Herman Fischer, Harland Blewett, G. E. Jurgenson, Robert Raecker, Richard Halfpop, Andrew Boelman, Vic Nordman, Jesse Althen, Mervin Morris, Don Moore, Raymond Miller, Richard Lauen, Dave Enderson, Leonard Pals, Merlin Ruiter and Lloyd Faaborg.

The meeting next year will be with the Rockwell club as hostess club. Speakers of the day included the District President, Mrs. Miller, and Mrs. Oscar Branstead of Forest City, who spoke on her tour of Europe and showed slides.

Mr. and Mrs. Robert Raecker and Greg Evan visited Sunday with Mr. and Mrs. Robert Perkins in Floyd.

Mr. and Mrs Gerald Sinclair are the parents of a baby boy. They have an older son, aged five. Mr. Sinclair is an instructor in the local High school here.

Mr. and Mrs. Everett Frink, Janice and Bruce of New Hampton spent the weekend in the parental Frank Guth home.

Mr. and Mrs. Ralph Strasburg and son Leonard of Iowa City were here to attend the funeral of Mrs. Rosa Strasburg last Thursday. They also called on Mrs. Letha Strasburg at the Waas Nursing Home at Mason City.

Mr. and Mrs. David Enderson, Rodney and Colette drove to Rembrandt Sunday to visit at the parental Enderson home.

Saturday dinner guests at the Jake Pals were Mr. and Mrs. Leo Jessen of Hampton and Mr. and Mrs. Walter Schmidt and children. Afternoon visitors were Mr. and Mrs. Ray Meyer of Hampton.

Mr. and Mrs. Otto Strasburg of Minneapolis, Minn., came Tuesday of last week to attend the funeral of Mrs. Rosa Strasburg on Thursday. They stayed at the home of his sister, Mrs. Virgil Schluter, until Friday when they returned home.

Mrs. F. A. Lemke is having some remodeling done on her house in town before she moves in, some time in April. Her son Ferd is staying on the farm. Lewis Dorenkamp and his men are doing the remodeling.

Mr. and Mrs. Harold Blewett returned home Wednesday from Las Vegas, Neb., where they spent the winter with their daughter and family, Lt. Col. and Mrs. George H. Johnson and son. They live at the Nellis Air Base.

Mr. and Mrs. Marvin Woodfill of Ames spent the weekend at the parental Ed Kuhlers home. Sunday dinner guests at the Kuhlers home were Mr. and Mrs. Marilyn Kuhlers and Dena Kuhlers.

Mr. and Mrs. Harold Blewett were at Iowa Falls Sunday to visit at the Lester Combelick home.

● Belmond Locals

Sunday dinner guests in the Mrs. Genevieve Suntken home were Mr. and Mrs. Marvin Lauen of Manly, Mrs. Teresa Hetland of Mason City, Mr. and Mrs. Bert Lauen and Mrs. Henrietta Wilkins. Joining them for the afternoon and supper were Mrs. Martha Bachman and Emma Rhodes of Kanawha.

Mr. and Mrs. Otto Tegland accompanied Mr. and Mrs. Joseph Shaw of Latimer to Britt Tuesday of last week where they visited in the Austin Hefte home.

● Belmond Locals

Mr. and Mrs. Walter Moen of Kiester, Minn., and Mr. and Mrs. Charles Snipps of Mason City came a week ago Monday for Mrs. Moen's and Mrs. Snipps' sister, Mrs. Maude Thompson, and they went to Hudson, S. D. They visited in the Leonard Groth home and with Mrs. Cora Myers who lives in the Groth home. Mrs. Groth is a niece and Mrs. Myers a sister of Mrs. Thompson, Mrs. Moen and Mrs. Snipps. They returned home last Thursday.

Mr. and Mrs. Flavel DeLancey and Mr. and Mrs. George Anderson of Anamosa visited Sunday in the Gene DeLancey home. The DeLanceys are parents and the Andersons are uncle and aunt of Gene.

Mr. and Mrs. Joe Cronin and daughters of Waukon spent the weekend in the home of Mrs. Cronin's brother, Claire Hildman.

Pfc. David Thompson of Forest City called recently on his grandmother, Mrs. Maude Thompson, before he left for camp at Cherry Point, N. C.

Mr. and Mrs. Lambert Barkema and Bryon and Mr. and Mrs. Eugene Guth and family went to Cedar Falls Sunday to attend open house at Iowa State Teachers college. The Barkemas' daughter Donna attends ISTC.

Dr. and Mrs. W. W. Weisbrod and Kimberly spent the weekend with his parents, Mr. and Mrs. D. V. Weisbrod, in St. Paul, Minn. Mrs. D. V. Weisbrod accompanied her son and family to Belmond to spend a week in their home.

Mrs. Nellie Flowers and daughter Evilo of Eagle Grove were last Thursday afternoon visitors in the H. A. Summers and Bob Cooke homes.

Mr and Mrs. Tim Trees and David of Ames spent Sunday in the parental Vern Trees home.

Mr. and Mrs. Odean Severseike and Lori Lee of Minneapolis, Minn., spent the weekend in the Archie Lee home.

Mr. and Mrs. Bennie Arends of Carlisle spent Thursday of last week in the Mrs. Nellie Leebrick home.

Mr. and Mrs. Gunnar Kling visited relatives in Des Moines over the weekend. Mrs. Kling's father, Fred Koeppel, Sr., returned home with them for a visit and also with the Hinton Stokes' in Rowan.

Mr. and Mrs. Russell Wood and Mr. and Mrs. Lloyd Lerdal attended the 40th anniversary of the Lions club of Des Moines held in the Hotel Savery Saturday evening.

REDUCE HAND WEEDING
IN SOYBEANS
WITH ALANAP-3

Kill weeds as they begin to sprout and before they emerge – by using Alanap®-3, the most effective herbicide for soybeans. You can increase your yield up to three to four bushels per acre. Plant your crops earlier and harvest them earlier, with fewer cultivations. You also get faster combining, and less combine wear. Little or no dockage. Alanap-3 is safe, easy to apply, non-irritating, costs little compared to hand and machine operations. Product of United States Rubber Company, Naugatuck Chemical Division, Naugatuck, Conn.

Old John Brown Says:
This Firm Is Now An Authorized Dealer for
RIS-VAN
Complete Analysis
LIQUID
FERTILIZER
RIS-VAN LIQUID FERTILIZER
This is the fertilizer that is made at Belmond which will cut down transportation costs of the material from their plant to our storage tanks.
We have investigated and studied Ris-Van's product for some time now, and are completely sold on it.
So If You Are Planning To Use Liquid Fertilizer This Year—Talk To Us About It—We Can Arrange Application For You—
However, for those of you who have equipment for dry fertilizer, or prefer dry fertilizer, we will continue to handle and sell North Ag and VC Organic Fertilizers.
Before you order any fertilizer, we assure you it will pay you to see us first. Get our price and see what we can do for you in service, spreading, etc.
Sincerely,
John Brown

CLEAR LAKE AUCTION CO.

Clear Lake, Iowa

Livestock Auction Every Friday
12:00 P. M.

This Friday there will be a good run of stocker and feeder cattle and calves. The market has been working lower and it looks like a good time to buy grass cattle. Also a good run of warmed-up cattle and butcher cows.

30 Angus & Hereford Str and Hfrs from one farm, wgt. 500 lbs.
34 Choice Angus Hfr. Calves, wgt. 450 lbs.
17 Choice Hereford Strs. & Calves, wgt. 485 lbs.
30 Choice Hereford Strs. & Calves, wgt. 575 lbs.
30 Choice Hereford Str. & Calves, wgt. 650 lbs.
30 Shorthorn Strs. & Hfr. Calves, wgt. 525 lbs.
10 Hereford Cows to calf in May.

—HOGS—

Breed sows and Feeder pigs are in very strong demand.

Fat Cattle Auction Every Monday

NOTICE: We are now starting at 10:00 A. M.

Last Monday was a very good auction with the market steady to 50c lower than the Monday before. There were very few choice cattle offered with a few odd steers bringing up to $27.20. The many packers and order buyers who attend the auction regularly assures you of top market prices for all your fat cattle and butcher cows.

SOME OF THE CONSIGNORS:
Larry Tibbits, Clear Lake — 20 Mixed Cattle
Virgil Ashland, Clear Lake — 21 Hereford Heifers
Don Henrickson, St. Ansgar — 10 Mixed Heifers
Louis Rice, St. Ansgar — 15 Hereford Heifers
Dixon Christensen, Sheffield — 18 Mixed Steers
Virgil McKibben, Clear Lake — 36 Mixed Heifers
John Benjamin, Buffalo Center — 11 Mixed Steers
Paul Meyer, Woden — 12 Mixed Heifers
Dean Blum, Mason City — 20 Holstein Steers and Cows
Leonard Cameron, Osage — 11 Mixed Cattle
William Peck, Crystal Lake — 12 Holstein Steers
And many more.

We Appreciate Your Consignments.

Consign your fat cattle and butcher cows to the fat cattle auction. The commission is 25c per hundred pounds.

220 Attended Open House to Honor Lieuwens on Their 50th Anniversary

The children of Mr. and Mrs. A. C. Lieuwen held a dinner at the Blue Bell tea room Saturday evening in honor of their parents' Golden Wedding anniversary. All members of the couple's immediate family were present, as were all of the honorees' surviving brothers and sisters.

In attendance were: Mr. and Mrs. Forrest F. Griffen and children, Dean, Dayle, Fred and Betty Lou, of Baton Rouge, La.; Mr. and Mrs. Leland A. Lieuwen, Hillsboro, Kans ; Mrs. George Thompson, Mr. and Mrs. Fred Gellett and Mr. and Mrs. George Baxter of Belmond; Mr. and Mrs. Theodore Lieuwen, Humboldt; Mr. and Mrs. C. W. Powers, Clarion; Mrs. Nina B. Price, Cedar Falls; and Mr. and Mrs R. B. Thompson and Dudley.

Mrs. Price and Theodore Lieuwen were attendants at the marriage of "Andy" Lieuwen and Elizabeth Baxter on March 27, 1910.

Leland Lieuwen served as master-of-ceremonies for a program whose numbers interspersed the dinner courses. Participating in the program were: Forrest Griffen, prayer; Fred Griffen, French horn solo; Mrs. Fred Gellett, original poem descriptive of the Lieuwens' courtship and marriage; Dayle Griffen, reading; and Betty Lou Griffen, organ solo, "Let Me Call You Sweetheart."

Mrs. Lieuwen, at the close, expressed appreciation for the courtesy and the enjoyable program.

About 220 guests attended the open house held in the Lieuwens' honor Sunday afternoon at the R. B. Thompson home, which was made gay by an abundance of flowers sent by relatives and friends. Many gifts and messages of congratulations were received by Mr. and Mrs Lieuwen.

Preceding the open house, the entire family attended church services and then enjoyed a special anniversary dinner at the Town House cafe.

In addition to communities already mentioned, out-of-town guests were present at the open house from Rowan, Alexander, Clear Lake, Ventura, Ames, Hampton, Aredale, Dumont, Mason City, Kanawha and Dakota City.

GOP Presidential Parley Tomorrow

Robert Maddox, Clarion lawyer who is a candidate for the office of county attorney, has been appointed temporary chairman of the Wright county Republican presidential convention to be held at Clarion tomorrow (Friday), starting at 10:00 a. m.

The appointment of Mr. Maddox was announced by Otto Knudsen of Eagle Grove, chairman of the Wright county central committee.

Principal business of the convention will be to name county delegates to the state Republican presidential convention to be held in Des Moines on April 22

"Even though there appears to be no contest for the Iowa presidential delegates, with Vice President Richard Nixon the only declared candidate to date, the choice of delegates to the state convention may turn out to be important business," Mr. Knudsen observed.

The county chairman added, "It seems that unusual interest may center in the state Republican convention in July, since with the large number of candidates running for U. S. senator and governor it appears quite likely that these nominations will have to be made at the convention."

● Belmond Locals

Mrs. Robert Mickolsen, Craig and Ranee of Des Moines visited in the James Peterson home Wednesday of last week.

Mr. and Mrs. Avron Kreitlow and family attended the Silver Wedding anniversary celebration of Mr. and Mrs. Nels Edwin held in the Lutheran church at Albert Lea, Minn., Sunday afternoon.

Dorothy McNeal To Attend Parley At U. S. Capital

Dorothy McNeal was to leave from Des Moines this morning with her daughter Kristin for Washington, D. C., where Mrs McNeal will attend the spring conference of the National Federation of Republican Women, Saturday through next Tuesday.

From Des Moines, Mrs. McNeal and Kristin are traveling with a group of 25 other delegates from Iowa via chartered bus.

In telling of her trip, Mrs. McNeal said a bit regretfully that two years ago she could have attended a similar conference on an expense-paid basis. At the time she was membership chairman for the Iowa Federation of Republican Women.

But she and Kristin have been keenly anticipating the trip together and Dorothy says the delay has very adequate compensation in the companionship she is able to enjoy on this occasion.

Mrs. McNeal has been very active in work of the Republican Women, has served as 6th District membership chairman and also was district president for the period of 1954-56

At the capital, she will have an opportunity to attend a tea at the White House, at which Mamie Eisenhower will be the hostess; to attend a reception to be given the visiting Republican women by Vice President and Mrs. Richard Nixon; and to hear messages from various members of the President's cabinet.

She and Kristin will also have sight-seeing time during which they can sit in on a session of Congress and visit numerous points of interest in and around Washington.

● Belmond Locals

FHA Presidency To Diane Fetrow

Officers for the 1960-61 school year were recently elected by the BHS chapter of Future Homemakers of America. Diane Fetrow is president-elect. She will succeed Kate McLaughlin as head of the FHA

Others who will take offices next fall are: Nadyne Johnson, vice president; Barbara Musselman, secretary; Janis Mennenga, treasurer; Sheila Musselman, parliamentarian; Nancy Halfwassen, historian; and Sharon Christenson, district representative.

Four of the newly elected officers attended the FHA state conference held at Des Moines weekend before last — Miss Fetrow, Miss Johnson, Barbara Musselman and Miss Christenson. They were accompanied by the chapter advisor, Kay Robison.

P&G Gets Ready For Aunt Jemima; Coming Saturday

The familiar face of one of America's best known kitchen characters, Aunt Jemima, will be shining over a skillet at the P&G grocery as she serves free pancakes this Saturday from 9:00 a. m. to 5:00 p m.

Phyllis Pals and Ed Gabrielson invite the public to take advantage of Aunt Jemima's presence to enjoy the wit of her patter as well as the fruits of her batter.

She will be attired in the apparel known to millions from her picture on the well known box of ready-mix pancake flour — gingham dress and red kerchief.

Ed and Phyl are setting up a portable pancake kitchen for the occasion and are preparing to accommodate a hungry throng during the day.

Aunt Jemima will have special treats for the kiddies in the form of lollipops wrapped in her picture and Aunt Jemima Breakfast Club buttons.

Dozen Have Roles In Senior Comedy

A cast of 12 will present the annual Belmond High school senior class play next Wednesday evening at 8:00 o'clock at the school auditorium, under the direction of Gertrude Hoffman.

This year's play is a comedy in three acts entitled "We Shook the Family Tree." It is based on an autobiography written by Hildegarde Dolson that was a best seller for some time after its publication several years ago.

Mary Lu Cox portrays the author, Miss Dolson, in her girlhood and Mr. and Mrs. Dolson are played by Mark McNulty and Linda Stevens

Others in the cast are: Linda Hauge, Bruce Leinbach, Richard McLaughlin, Eloise Soma, Bonnie Nolan, Ardith Pals, Jim Pals, Clark McNeal and Kate McLaughlin.

The program will include special music under direction of Ivan Kortkamp.

Serving on the committee to which selection of the class play was assigned were Mary Lu Cox, Bonnie Nolan, Bunny McKinney, Clark McNeal and Mark McNulty.

On the stage crew are Jim Crotty, Tim Downs, Mike Goecke, Mark Mason and Gary Ruka; and in charge of the ticket sales are Larry Kramer and Gary Porter.

Usherettes will be Carol Finn, Nancy Gallagher, Marjorie Koenen, Carol Kurtz, Leola Mason and Betty Mennenga.

St. John Group To Area Parley

Representatives of the Brotherhood of St. John Lutheran church this Sunday will attend a Brotherhood meeting of Area 14 to be held at St. Paul Lutheran church, Hampton.

Robert Hein of the local Brotherhood is the area secretary and consequently will be a member of the Belmond delegation.

A highlight of the meeting will be presentation of trophies won in area dartball competition during the past season. The round-robin tournament trophy will go to the Belmond church.

Major speaker of the evening will be Rev. Lyle Darnauer, a Lutheran missionary lately from India on furlough. He and his family were stationed in that country for six years and will return to their post at the end of the current year.

● Belmond Locals

Mrs. Julius Johnson accompanied Mr. and Mrs. John Christenson to Des Moines Monday where they visited in the Luther Johnson home.

Mr. and Mrs. Donald Moore and family were Sunday evening visitors in the Merlin Didio home in Clarion.

Heart Fund Drive Report Sets Total At Over $3,300

More than $3,300 has been given to date by Wright countians in response to the Heart Fund campaign conducted during the past several weeks. Mr. and Mrs. Gail Cundall of Clarion, co-chairmen of the drive, express great satisfaction with the results of this, the first countywide campaign in behalf of the Heart Fund to be conducted in Wright.

At a report meeting held Wednesday night of last week at the First National Bank building in Clarion, area chairmen from all over the county assembled to hear how the campaign had fared The Cundalls say that still further contributions have been promised and will be received before books on the drive are closed.

Certificates Awarded

Appreciation was expressed by the co-chairmen for the fine cooperation they received from all chairmen and other workers who participated in the undertaking.

Certificates of appreciation were presented to the various chairmen and also to the Belmond Independent, the Wright County Monitor of Clarion and the Wright County Reporter of Dows for the generous amounts of publicity given the campaign.

Ken Tardiff of Waverly, secretary of the North Central Heart Council of the Iowa Heart association, and John Herman of Des Moines, executive director of the state association, spoke their pleasure over the fine success of the Wright county drive.

Model Heart Displayed

Mr Herman, who is vice president-elect of the National Heart association, gave a talk on the research and education programs of the state and national associations.

Wayne Ebert, science instructor at Clarion High school, displayed the model of a human heart that was presented to the school last year by the North Central Council and explained its valuable use in the classroom.

At the conclusion of the report meeting, Mr. and Mrs. Cundall served refreshments

Wilson Attends Teacher Group's Annual Meeting

Bob Wilson, BHS science teacher who is president of the Wright County Education association, headed a delegation of four that represented this county at the annual convention of the North Central district of the Iowa State Education association held last Friday at Fort Dodge.

Other delegates were W. R. Burns and Mrs. Evelyn Tirkins of Dows and Dorothy Henry of Clarion.

Mr. Wilson continues next year as president of the county teachers' association, but a new vice president and secretary treasurer were elected at the recent annual meeting of the group held at Rowan. Filling these positions starting next fall are Don Chinberg of Clarion and Hazel Turk of Eagle Grove, respectively.

Members of the county association heard a report on the annual delegate assembly of the ISEA given by Supt E. J. Blumeyer of Goldfield.

Speaker at the county association's dinner meeting was Dr. A. Schwartz, dean of Drake university's community college. He presented an enlightening and entertaining address on the "Conant Report" and its effect on present-day American school systems.

Doris Nelson New President Of Beta Sigma Phi Sorority

Beta Sigma Phi sorority met March 7th at the Blue Bell tea room with Adele Johnson as hostess. Jo Ann Dorr gave the lesson "Music."

The annual election of officers was held Monday evening by the sorority at the home of Ethel Brunes.

Doris Nelson was elected president for the ensuing year. Other members receiving office were Genn Monson, vice president; Carol Ann Waddington, recording secretary; Jo Ann Dorr, treasurer; Diane Hanson, corresponding secretary.

The lesson "Sculpture and Painting" was given by Jean Thayer.

HELLO WORLD

A baby boy, weighing 7 lbs. 13¾ oz., was born March 26 to Mr. and Mrs. Robert Hoffman of Renwick.

Brian Mark is the name chosen by Mr. and Mrs. Gerald Sinclair of Meservey for the 9 lb. son born to them March 26.

Mr. and Mrs. Gerald Swenson are parents of a 9 lb. 4 oz. baby boy born March 26. They have named him Mark Odean.

A 6 lb. 11 oz baby girl was born March 27 to Mr. and Mrs. Howard Jacobmeyer.

Mr. and Mrs. Wayne Wenzel became parents March 27 of a baby girl weighing 7 lbs. 7½ oz.

HOSPITAL NOTES

Wallace H. Darrah of Kanawha entered March 22 as a medical patient.

Jane Jenison entered March 23 as a medical patient.

Mrs. Hilda Maland of Kanawha entered March 24 as an accident patient.

Mrs. Nancy Abbas of Kanawha entered March 25 as an accident patient.

Mrs. Rex Benway entered March 25 for surgery

Roy McNeish of Kanawha entered March 27 as a medical patient.

Mrs. Glenn Baker entered March 27 for surgery.

David Soma of Hampton entered March 28 for surgery.

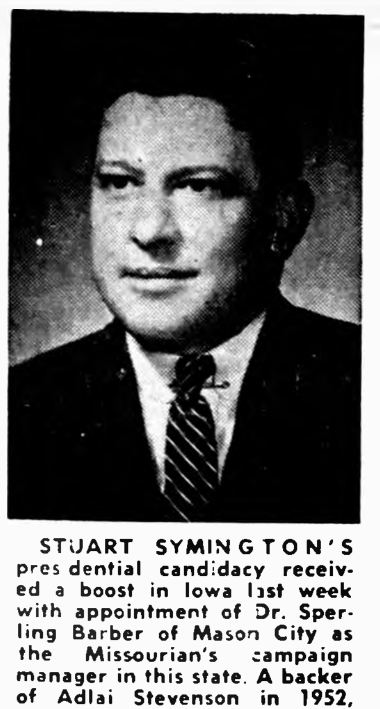
● Belmond Locals

The Luther Johnson family of Des Moines were Saturday overnight guests in the home of Mrs. Julius Johnson.

Mr. and Mrs. Donald Moore and family spent Thursday evening of last week visiting the Max Moore family at Williams.

Mrs. William Guthrie and Mrs. Elwood Iverson, the latter of Dows, spent Wednesday in Minneapolis, Minn., at market.

Mr. and Mrs. George "Coonie" Smith spent the weekend in Chicago, Ill., attending the wedding of his cousin, Jerry Meyer.



STUART SYMINGTON'S presidential candidacy received a boost in Iowa last week with appointment of Dr. Sperling Barber of Mason City as the Missourian's campaign manager in this state. A backer of Adlai Stevenson in 1952, Dr. Barber expresses the belief that Senator Symington is the present choice of "a majority of the State Democratic Central committee " He added that a first-ballot favorite son vote for Gov. Herschel Loveless at the national convention is anticipated at this time.

Harm Meints, 68, Died Last Week

Harm Meints, 68, of Sheffield, brother of A J (Jack) and William Meints of Belmond, died Tuesday of last week at the Hampton hospital Funeral services were held Friday at Zion Reformed church of Sheffield, with burial in the church cemetery.

Mr. Meints was born in Beon, Germany on July 1, 1891 He was 11 years old when his parents emigrated to Franklin county with their family. He resided in this area the remainder of his life. He had moved to Sheffield in 1950.

He was married to Alice Standtlander on Feb. 10, 1915. She survives, as do four sons — Conrad, Harold and Marvin of Sheffield and John of Hampton

Also surviving, besides the two brothers living in Belmond, are a third brother, Abbe of Thornton; and a sister, Mrs Fred Wessels of Klemme.

'60 Economy Run Of Mobilgas Will Go Through Here

Cars participating in the 1960 Mobilgas Economy Run will pass through Belmond next Wednesday. More than 50 brand-new 1960 American-made automobiles are engaging in this economy test and can be viewed at close range by Belmond residents beginning about 7:15 a. m.

Exact route of the Economy Run has been a closely-guarded secret for several weeks, to prevent contestants from making practice runs over the course; however, The Independent was given special permission by officitls of the event to break the news today, in that Belmond is one of the towns on the 2,065 mile course from Los Angeles to Minneapolis-St. Paul.

Announcement of the course was made Tuesday by Bob Summers, local dealer for the Mobil Oil Company, sponsors of the annual event

The cars will leave Los Angeles Saturday and will make overnight stops at Flagstaff, Ariz.; Tucumcari, N. M.; Wichita, Kans; and Des Moines, terminating at the Twin Cities next Wednesday.

METHODIST WSCS MEMBERS TO ATTEND DISTRICT PARLEY

A delegation from the Belmond Methodist church will attend a district meeting of the Women's Society of Christian Service next Tuesday at Fort Dodge.

Belmond is affiliated with the Algona district of the WSCS, but its annual meeting is being conducted at Estherville.

Because of the closer proximity of the Fort Dodge district meeting at Webster City, the local group is choosing to save a considerable amount of travel by attending the Webster City gathering.

COMING EVENTS —

MONDAY, APRIL 4—

Homebuilders club will meet at the home of Mrs. Leonard Collier.

TUESDAY, APRIL 5 —

Past Noble Grand circle will meet with Ruth Luick. Lucille Luick and Rosa Kling will assist her.

THURSDAY, APRIL 7—

WSCS of the Methodist church will meet at 2:00 p. m. Worship will be lead by Mrs. Harley Thompson. Lesson leader is Mrs. Jack Granzow. Committee — Mesdames Bob Misner, Donovan McCoy, James McMurray, R. Middleton, Stanley Moe, Glenn Musselman, Eugene Mosiman, William Meints, Oscar Nelson, Alan Nelson, Hale Mason, James O'Connor, James Peterson. Nursery—Mrs. Elmer Smith.

● Belmond Locals

Mrs. Edward Wilkans of Latimer and her two daughters, Eleanor Joy who teaches at Gowrie and Naomi who attends Iowa State Teachers college, Cedar Falls, called Saturday on Mrs. Wilkans' mother, Mrs. J. E. Wallace.

Cards of Thanks

We would like to express our heartfelt thanks to all who showed us kindnesses during our recent bereavement. Our thanks to Dr. Jurgenson, Dr. Leinbach and Dr. Pitcher, the hospital staff, Rev. Shickell and Mr. and Mrs. Johnston for their considerateness. The family of Mrs. Rosa Strasburg. 26t1*

I wish to thank all those who remembered me with cards, gifts and flowers while I was a patient in the Belmond Community hospital. A special thank you to Dr. Pitcher and the nurses and nurses aides for their wonderful care. Thank you, Rev. Heinzig, for the comforting words and prayers. I also wish to thank all relatives, neighbors and friends who in any way helped with the work on the farm. May the Lord bless you all. Edward Schimp. 26t1*

We wish to thank our many relatives and friends who made our Golden Anniversary such a wonderful day in our lives. The gifts, flowers, cards, and personal greetings touched us deeply. Mr. and Mrs. A. C. Lieuwen 26t1*

We wish to express our sincere thanks to all those who sent cards, flowers, gifts of money, food contributions, etc., to all those who helped in any way in our time of need. A special thanks to the Doctors, nurses and nurses' aides and to Rev. Johnson for his calls. Mrs. Henry Trager and family, Mr and Mrs. Larry Braga and family. 26t1*

In Memoriam

In memory of our beloved son and brother, Edward Barkema, who departed on March 30, 1955.

A dear son, and brother indeed
Who taught us how to live.
To share in joy with those in need,
To laugh, to help and give.
Now he has gone for fields afar,
This is the end of five sad years,
But he has left the gates ajar,
For we will some day meet him there.
And though there is an empty chair,
His lights are out and door is closed,
His memory is fresh and fair,
And shall remain forever here.

Parents, sisters, brothers and families. 26t1*

IN MEMORIAM

In loving memory of our beloved husband and father who departed from us just a year ago, April 3rd.

Tho' it's hard to understand
Why loved ones have to part,
We try to face the pain and grief
With courage in our hearts,
Finding comfort in the thought
Of happy days we knew
When he was here with us.

Sadly missed by his wife and children, Mrs. Clara Thayer and daughters. 26t1

REV. OSCAR LAAVEG AND FAMILY "AT HOME" IN LUTHERAN PARSONAGE

● ● ● ● ● ● ● ● ●

MEET THE NEWCOMERS—

Rev. Laaveg 15 Years a Minister

Rev. and Mrs. Oscar Laaveg and family next Tuesday will have the opportunity to become thoroughly "initiated" in their new association with Trinity Lutheran church by participating in the hustle and bustle connected with the church's annual smorgasbord. This is something new to them, as none of the parishes in which they have served before have undertaken a like project.

Mr. Laaveg, who next summer will reach the 16th anniversary of his entry into the ministry, assumed the pastorate of the Trinity-St. Olaf parish offective with his arrival in Belmond on Feb. 27. He preached his first sermons at the two churches the following day.

He and Mrs. Laaveg were high school classmates at Park River, N. D. He obtained his college education at Augsburg, in Minneapolis, and then graduated from Luther Seminary in St. Paul in 1944.

His first call following his ordination was to Kindred, N. D. He served the parish there until 1949, when he established a mission at Rapid City, S. D., which has since grown into a church with a congregation of between 700 and 800 members. He left Rapid City in 1953 to answer a call to Newark, Ill., where he served until 1957.

In that year he became pastor of the Lutheran church at Camrose, Alberta, Canada, which is in the heart of an agricultural area that is also dotted with oil wells. It is a community of about 6,000 population.

The Laavegs had to wait close to two weeks to "settle" in their new parsonage home, while their household furniture was catching up with them. They have four sons, all but the youngest of whom are now enrolled in school here.

Their boys are (in order pictured above): Joel, age five; Lee, four next month; Sterling, 13; and Paul, 11.

—SOCIETY—

Adolph Dorr Celebrates 79th Birthday Anniversary

Sunday, Adolph Dorr was honored on his 79th birthday. The John Chapman family and Mrs. Mary Lee Coron of Eagle Grove, Corene Dorr of Des Moines and Helene Dorr of Mason City were visitors in the afternoon. Many cards and telephone calls were received from well wishers.

Vergene Andrews Honored At W. L. Muhlenbruch Home

Guests at a birthday dinner Sunday in the W. L. Muhlenbruch home were the honoree, Vergene Andrews, his wife and their family of Alexander, Mr. and Mrs. Larry Hanson and baby and Mr. and Mrs. Everett Nelson of Dows, Mr. and Mrs. Ernest Nelson, son Arland and daughter, Mrs. Lynn Gaulke, of Rowan, Mr. and Mrs. Gerald Ersland and "Chuck" Daniels.

Farewell Party Honors Bob Erickson Family

The present and former St. Olaf church choir members and their families held a pot-luck dinner at the church Saturday evening in honor of Mr. and Mrs. Robert Erickson and family, who will soon be moving from the community.

The program included informal group singing, readings by Mrs. Thomas Mathre and devotions by Pastor Laaveg. The Ericksons were presented a gift from the group of 25 families.

Classes Attended By Census Takers

Census takers who will visit every dwelling unit in the area during the 1960 census of population and housing which starts April 1 participated in three training sessions this week, District Supervisor Bill E. Algood of Fort Dodge announces.

The training sessions, conducted by the crew leaders, were held Monday through Wednesday of this week. Each census taker received a total of approximately nine hours of instruction.

Emphasis was placed on the importance of a systematic, thorough canvass of every dwelling unit during the census to insure a complete count. Class room training also covered proper manner of asking questions, use of the census questinnaire, census definitions, and map reading.

Map reading is an important census-taking technique since, without maps, defining the limits of each district to which a census taker is assigned, the job would be a welter of confusion. About 250,000 maps have been prepared for the 1960 census.

This provides an individual map for each of the 250,000 districts into which the country has been divided for the census. Every census taker will be furnished with a map of his district. As they make their rounds, census takers will be required to canvass every street and road and visit every housing unit within the boundaries of their assignments shown on these maps.

Public Forum

Kanawha, Iowa

Belmond Independent
Dear Editor:

We have received your paper for a number of years now and consider it a fine local paper, but I was thoroughly displeased, even disgusted, at seeing a picture of the so-called "Buxom Belles" at the top of the front page.

Sure, you as an editor are expected to use the pictures and news you receive, but this is one you should have thrown in the depths of the wastebasket.

I realize you perhaps had nothing to do with putting on this type of entertainment but the fact that you put this picture and write-up in your paper made it appear as if it was perfectly alright and would be considered 'funny' by the public.

Well to me it was anything but "funny." It was enough of a disgrace for them to put this on as entertainment for the benefit of a good cause, but then to think they were disappointed that the whole community didn't see them in this indecent mockery of the opposite sex, so had you put it in your paper for all to see.

Shame on us, who are a Christian nation and thus we are Christian people. We not only dishonor ourselves by doing this but above all we dishonor God, who created us male and female and expects us to act as such. What are we teaching our children and young people?

Is it any wonder that the moral standards of our young people is at an alarming low ebb and that they are becoming a mixed-up generation when on the one hand we try to teach them that things regarding sex should only be talked about in a chaste manner so they will be understood in the right way — and then mature adults, parents perhaps, take these things and try to turn them into a "joke" for entertainment.

Let us revaluate our judgment of good entertainment. Let's wake up and let them know we want no more of it.

I know this picture is an exception to what you usually print but could not refrain from telling you how I felt about it. So please do not spoil an otherwise good paper with this type of picture. If there is a repeat of this type, please keep our issue for that week as I don't care for it to come in our home

Sincerely,
Mrs. John Rietema

GOODELL NEWS

BY MRS. AMOS HANSON

Poster Contest Winners Picked

Robbins-Christenson Legion Auxiliary will award prizes to the winners in the annual Poppy Day Poster contest conducted in the Goodell Elementary school. There were nine entries.

Winners were: Jannelle Olson, in the 4th grade; Steven King, 5th grade; and Janet Olson, 6th grade.

Mrs. V. E. Harris, Mrs. Bernard Nolte and Mrs. Amos Hanson judged the posters. The winning posters were sent to Kanawha as entries in the county contest.

Fuller Family Reunion Held Sunday At Belmond

A Fuller family reunion with pot-luck dinner was held Sunday in the social room of the Belmond library.

Folks attending were Mr. and Mrs. Everett Busse of Chicago, Ill., Charlotte Studebaker of Mason City, the Charles Studebaker family of Kanawha, Mr. and Mrs. Francis McNulty, Mr and Mrs. Max McClure, Mr. and Mrs. Carl Robbins and Merle, the Sumner Fuller and Eugene Robins families of Belmond;

Mr. and Mrs. Mac Fuller and children, Mr. and Mrs. Lee Robbins, Sr., and Maxine, Mr. and Mrs. Lee Robbins, Jr., and children and Mr. and Mrs. Alan Fuller.

Mrs. Alice Lien of Belmond spent a few days last week in the homes of her daughters, Mrs. Ed Peterson and Mrs Bill Sheriff, Jr.

GREEN ENROLLS AT A. I. B.

Jon L. Green, son of Mr. and Mrs. Carl Green, has enrolled for the spring term at the American Institute of Business in Des Moines. A graduate of Belmond Community High school, Jon is taking accounting, salesmanship and business management.

Bob Bryant and Alice Iorio of Minneapolis, Minn., spent Monday in the home of Mrs. Iorio's parents, Mr. and Mrs George Lieuwen.

Mrs. Fred Albers returned Sunday from Garner where she had spent a few days with her friend, Mrs. Martha Diekhuis, who is recovering from surgery.

Mr. and Mrs. Henry Nolte and Mr. and Mrs. Bernard Nolte, Mary Ann and June went to Waverly Sunday and enjoyed the day with relatives, Mr. and Mrs. Merle Peterson and Julie.

Mrs. C. E. La Favre accompanied her sister, Mrs. Henry Emmons of Emmons, Minn., to Decorah Friday where they attended the Dorian Music Festival held at Luther college. The latter's daughter, Sonja Emmons, had first chair in the clarinet section of the band.

Mr. and Mrs. William Janssen and Mr. and Mrs. Roy Bachman went to Rockwell Sunday and enjoyed supper and the evening in the Roy Janssen home.

Mr and Mrs. Walter Boller went to Clear Lake Sunday and were supper guests in the home of their daughter, Mrs. Elmer Bausch. Kris Rae returned home with her grandparents for a few days' visit.

ST. MARY'S CHURCH

Rev. R. A. Ormsby, Pastor

Early Mass at 8:00 o'clock on the second and fourth Sundays of the month.

Late Mass at 10:00 o'clock on the first, third and fifth Sundays of the month.

Confession before early Mass.

GOODELL EUB CHURCH

Rev. Donald Varce, Pastor

Sunday, 10:00 a. m. — Church service.

Sunday, 11:00 a. m. — Worship school.

Thursday at 7:30 p. m. Youth Fellowship. Choir rehearsal.

The Youth Fellowship will meet Thursday evening in the Donald Burk home. Lynn Ruka is lesson leader, Marilyn King is leader of the prayer service and Marilyn Ruka has charge of the games.

Mr. and Mrs. Henry Brede and Mr. and Mrs. Dale Brede went to Dows Sunday where they were guests at the wedding of their relative, Denise Kay Brede, daughter of the Bob Bredes, to Vernon Foust of Dows. The wedding was in the First Presbyterian church at 7:30 p.m. The Henry Bredes remained for an over night visit in the home of their son Bob.

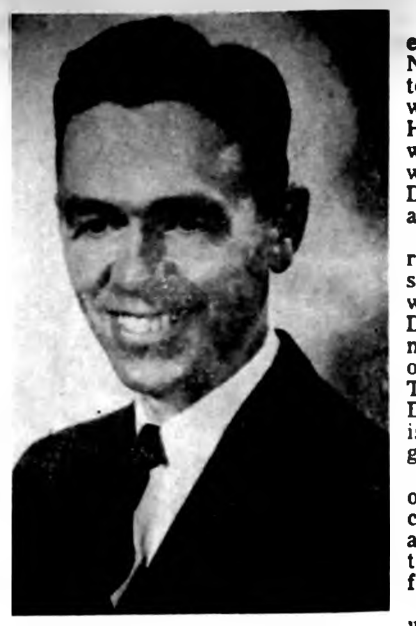
Mrs. Lee Milsap of Williams and Mrs. Pat Dillon of Belmond are spending a few days in the home of their sister, Mrs. Laton Avery.

Donald Peterson of Burchinal visited Wednesday in the home of his brother Ed, and with other relatives and friends.

Mr. and Mrs. Will Eimbrink of Belmond and Mr. and Mrs. Richard Rust and children of Mason City were guests Sunday in the Bill Boller home.

Frank Dominy went to Belmond Saturday and visited in the home of his daughter, Mrs. Leroy Smith. He enjoyed making the acquaintance of his great-grandson, Michael Leroy Smith, son of Mr. and Mrs. Leroy Smith of Ames. He was born March 13th and he weighed in at 8½ lbs.

Mr. and Mrs. Lloyd Kennedy of Clear Lake and the Harley Henn family of Belmond spent Sunday with relatives, Mr. and Mrs. S. S. Sarber.



REV. LYNN KING

• • •

Special Services To Run Six Days

Evangelistic services will be held at the Goodell EUB church from April 3 through Friday April 8 starting Sunday 11:00 a. m. and each evening at 7:30 o'clock. Rev. Lynn King of Dumont will be the evangelist. Special musical numbers wil be offered at each service.

The local pastor, Rev. Donald Varce, invites everyone to attend.

Following is the schedule of messages:

Sunday morning, "What Do I Trust?" and Sunday evening, "Is Conversion Necessary?"

Monday, "How Good Must I Be?"; Tuesday, "How Can I Find God?"; Wednesday, "Am I a Good Church Member?"; Thursday, "What Kind of Fruit am I Bearing?"; Friday, "Where Am I Now?"

WSWS Meets Friday At Stilson Parsonage

Mrs. Donald Varce will be hostess to the WSWS Friday at 2:00 p. m. in her home at Stilson. Mrs. Henry Brede is lesson leader. This is Silver Tea offering meeting.

Tom Lister and daughter Evelyn of Eagle Grove visited Sunday morning in the home of his cousin, Mrs. Laton Avery. They were en route to Mason City to spend the day with his sister, Mrs. Ida Shaner.

Howard and Josephine Dominy visited Mrs. Fred Bush at Corwith Sunday.

Mr. and Mrs. Albert Schlichting of Ventura visited relatives and friends here Sunday. They had been to Belmond to attend the golden wedding anniversary of Mr. and Mrs. Andy Lieuwen.

Mr. and Mrs. Gene Ball and children of Greene were guests Sunday in the John Peterson home. The ladies are cousins.

Several from here went to Meservey Thursday to attend funeral services for Mrs. Otto Strasburg. The deceased was an aunt of Mrs. Nico Waage of here.

Many from here attend the Spring Band concert of the Belmond Community school Sunday afternoon. Many local young folks are in the band

Donald Dorr and son Douglas and Duane Dorr of Belmond visited Tuesday in the Bill Sheriff, Sr., home.

Marilyn Mason who is employed with Bankers Life in Des Moines spent the weekend in the parental Ed Peterson home.

Beverly Sheriff who is employed in Des Moines and her friend, Nyla Nall of McComb, Ill., who attends college in Ames spent the weekend in the parental William H. Sheriff home. Maxine Robbins who had also spent the weekend with her home folks returned to Des Moines with Beverly. She is attending beauty school there.

Mr. and Mrs Dale Brede visited relatives, the Edgar Reeds, at Mason City Tuesday. Wednesday they were business callers at Fort Dodge and attended the annual meeting of the Corn Belt district of the R. E. C. at Humboldt Thursday they attended the annual Dairy Day meeting at Britt. Dale is a director in both of these organizations

The new Cable piano and picture of "The Lord's Supper" were dedicated Sunday in the EUB church at the worship hour service. Arthur Savogue played a piano solo following the dedication.

Mell Ver Helst and Donald Burk were hosts at the EUB Brotherhood meeting Monday.

Mr. and Mrs. Levi Klotzbach, in company with their son and family, Rev. and Mrs. Louis Klotzbach and six children of Zearing and their daughter's family, Mr. and Mrs. Walter Braner and four children of Belmond, were guests at an oyster supper Monday evening in the home of their grandson, Willis Anderson at Belmond. They celebrated Mr. Klotzbach's 80th birthday.

Mr. and Mrs. Henry Brede and Rev. Park E. Miller went to Mason City last Thursday and brought Mrs. Miller home. She had spent 16 days in Mercy hospital and is recovering nicely now.

The Floyd Beardsheer family of Mora, Minn., moved last week into the house on the Cashman farm three-fourths mile north of Goodell. He will work for Forest McClure who rents the Cashman farms. The Beardsheers have six children, a son and daughter who are married, Margaret, a senior in the Mora school, Helen, a junior and George, a sophomore in the Belmond Community school and Dorothy who is in the 6th grade in the Goodell Elementary school.

Folks will be pleased to know that Michael Roths has been released from the Belmond Community hospital where he had been a patient for many weeks for skin grafting. It will be remembered that he was seriously burned last summer when he and his brother started a fire when they lived southwest of Garner. He is now at the parental F. Dean Roths home in Hampton.

Jon Green, student at American Institute of Business, Des Moines, spent the weekend at the parental Carl Green home.

Local folks have learned the past few days that Ruth Talbot of Evanston, Ill., is improving since her recent illness and major surgery. Her sister Lois will be 90 years old Friday, April 1st, and Ruth is arranging a little party for her in the Presbyterian Nursing home where she is now living and being cared for. They formerly lived in Goodell.

Mr. and Mrs. V. E. Harris, Mrs. Bert Groen, Mrs. Anton Pannkuk and Barbara Peterson went to Britt Wednesday and attended the American Legion's 41st birthday party. A dinner was served, followed by state speakers.

Mr. and Mrs. Paul Lockwood of Sheffield visited Friday afternoon in the home of Rev. and Mrs. Park Miller.

Leo Gribben and Joe Weber of Clear Lake were local business callers Saturday and also called in the home of friends, the Sandbergs and Hansons.

● Belmond Locals

Mrs. Carrie Charlson of Ames visited Monday at the Arthur Homervold home.

Mr. and Mrs. Kenneth Johnson and family of Des Moines and Neoma Johnson of Minneapolis, Minn., spent the weekend in the Talferd Johnson home.

Mr. and Mrs. Leroy Beenken of Ames and Duane Beenken of Iowa City were callers Friday evening in the Jelto Beenken home.

Mrs. Lena Wasko left Saturday for her home in Clarkson, Neb., after spending several months in the home of her daughter and family, Mr and Mrs. Henry Halfwassen.

● Belmond Locals

Mrs. Ella Pierce returned to Belmond Sunday after a month's stay in the home of her daughter and family, Dr. and Mrs. Robert Buckles, at Waterloo.

Mr. and Mrs. Kenet Ginapp and Roger accompanied Mr. and Mrs. Glen Neol of Garner to Kenosha, Wis., for the weekend.

Wright Will Have Six in Delegation To Parley at ISU

"Youth in Our Time" is the theme of the 10th annual Family Life conference to be held at Iowa State university next Tuesday. According to Geraldine Steele, Wright county extension home economist, persons from the county who plan to attend include:

Mrs. James Burt, Rowan; Mrs. Cornell Deeny, Eagle Grove; Mrs. Helmar Maage, Clarion; Mrs. Darwin Roseberry, Goldfield; Mrs. J. E. Maier, Eagle Grove; and Mrs. Harold Yanney, Renwick.

All interested persons are welcome at the conference. Special invitations are extended to members of church groups and men's and women's organizations, Mrs. Steele says.

The conference opens at 8:30 a.m. with registration. An address by Dr. Kimball Romney, anthropologist from Sanford university, will follow. He will discuss "Youth in a Changing Society." In the afternoon, Dr. Romney will speak on "Youth in a Changing Family."

Following his address will be a panel presentation on "Youth in Iowa." Participating in the panel will be: Mrs. Joe Murphy, home editor, Wallace's Farmer, Des Moines, moderator; Charlene Anderson, student; Ames High School; James Balloun, student, Iowa State university, Ames; Mrs. Genevieve Craven, homemaker and Grundy county extension home economist; Dr. Glenn Hawkes, head of the child development department, Iowa State university; and Rev. W. J. Fields, pastor of Memorial Lutheran church, Ames.

The program will be climaxed by a banquet and evening entertainment. The evening speaker will be Dr. Keith Huntress, professor of English and speech at Iowa State university.

Mrs. Steele believes the program will be well worth attending and extends a special invitation to Wright county people.

ELECTRICITY
is your better way to cook!

1
CLEANER
"White glove clean" is the way things are when you cook electrically. No soot or smudge and no greasy smoke on walls, curtains or furniture.

2
FLAMELESS
Where there's no flame, there will be no soot or deposit left on utensils. Everything stays sparkling bright and surface units are so easy to clean.

3
COOLER
The "sizzle" is in the steak and not in the kitchen, for top units transfer heat directly to cooking utensils and food. The heat stays *inside* the oven, too!

4
AUTOMATIC
Set timer . . . forget it. No pot-watching, no guesswork. The perfect, automatic controls assure you of a perfectly cooked meal, *every* time.

Skarr's Service, Gas	81.68
Geo. T. Walker, Testing materials	10.50
Wessel's Repair, Welding	26.12
Water & Sewage Works, 3 yrs	10.00
Adam Zeigler, Labor	12.73

Motion adopted to table "one-way" street until next regular meeting and, after proper publication, to enforce Ordinance No. 61.

Contract signed with McKesson & Robbins for Chlorine used in Swimming Pool.

Library report for 1959 accepted and filed.

Lois J. Hammond, City Clerk

Belmond, Iowa
February 8, 1960

Special meeting of the City Council for public hearing on the Zoning Ordinance was held in the Council Chambers at 8 o'clock. Mayor Trafford presided and all council members were present.

The minutes of the meeting of February 1st, approved and read. No formal written objections were received; no oral objections were raised so the Council duly adopted Ordinance No. 117, entitled "AN ORDINANCE TO REGULATE AND RESTRICT THE LOCATION AND USE OF BUILDINGS, STRUCTURES, AND LAND FOR TRADE, INDUSTRY, COMMERCE, RESIDENCE OR OTHER PURPOSE; TO REGULATE AND RESTRICT THE HEIGHT OF BUILDINGS HEREAFTER ERECTED OR ALTERED; TO REGULATE AND DETERMINE THE AREA OF YARDS AND OTHER OPEN SPACES ABOUT BUILDINGS; TO REGULATE AND DETERMINE THE DENSITY OF USE OF LAND AND LOT AREAS; AND FOR SAID PURPOSES TO DIVIDE THE CITY INTO DISTRICTS; TO PROVIDE FOR ENFORCEMENT AND A BOARD OF ADJUTMENT, AND TO PRESCRIBE PENALTIES FOR THE VIOLATION OF ITS PROVISIONS."

No objections were received and Ordinance No. 118 was duly adopted, entitled "AN ORDINANCE REGULATING THE SUBDIVISION OF LAND; PRESCRIBING STANDARDS FOR NEW SUBDVISIONS AND FOR THE IMPROVEMENT THEREOF; AND PERTAINING THERETO; AND PROVIDING PENALTIES FOR THE VIOLATION OF SUCH ORDINANCE."

The following bills were audited and allowed:

Arwell, Inc., Rat control	$ 25.00
Robert Busick, Labor	52.65
Belmond Auto Supply, Spark Plugs	1.34
Central Telephone, Tolls	1.65
Helland & Long, Repair blade	10.00

Joe's Skelly, Service	8.70
Klipto Loose Leaf, Filing baskets	3.45
Relief Night Police, Winbigler, Dippel, Thompson	115.95

Having had two meetings in February, the one regular one of February 15th was dispensed with.

Lois J. Hammond, City Clerk

Belmond, Iowa
March 7, 1960

First regular meeting of March held in Council Chambers at 8 o'clock. Mayor Trafford presided; all council members present. Rev. Heinzig gave the invocation.

Minutes of February 8th were read and approved after amending. Treasurer's report was approved.

Taking an average from actual figures, a motion was adopted to set a flat rate of $5.00 for water used in construction during the winter months when it is impossible to install a meter.

Motion carried to record Ordinance No. 117 in the County Recorder's office, the fee being $13.50.

By resolution No. 373 duly adopted, the following were appointed to the Board of Adjustment:

Mrs. Bessie Lieuwen, 1 year; Clarence Hildebrand, 2 years; Howard Jacobmeyer, 3 years; George Kyser, 4 years; George Hinman, 5 years (temporary chairman).

Cigarette Permit issued to Carroll Gander DBA The Town House Cafe.

Quit Claim Deed of Carroll Hensel and wife, accepted.

The following bills audited and allowed:

Arwell, Inc. Rat control	$ 25.00

Expect Good Team Performance—

BHS Will Send 11 to State Meet

Coach Rich Koolbeck is taking a squad of 11 track and field athletes to represent Belmond High school in the Class A state indoor track meet at University of Iowa fieldhouse, Iowa City, this Saturday.

He confidently expects the Bronco brigade to finish with a higher team standing than BHS has ever before rated in the indoor classic. Larry Kramer in the mile run and Dave Suntken in the high jump should be strong contenders for state titles in those events, their coach believes.

Suntken will also compete in the 50-yard dash and Kramer in the 880-yard run and stack up as likely point-winners in those two races.

Mike Long will run the 60-yard low hurdles and is an entry in the broad jump. If "on form," Mike also could contribute to the team total in both events.

Bob Whipple and Bob O'Connor are the only other entries in individual events. Whipple will contend in the shot put and O'Connor will run in the open 440.

Coach Koolbeck also has entered three relays. Suntken, Lynn Jenison, O'Connor and Long will run the mile relay. The line-up for the 880-yard relay will be exactly the same.

Six different runners were entered for the two-mile relay and Koolbeck has not yet decided who he will actually use. He submitted the names of Lynn and Jerry Jenison, Dennis and Vernon Pastour, Robbie Courson and Dennis Steenblock.

One of the major highlights of the meet will be renewal of the rivalry between Kramer and John Raveling of Saydel in the mile run. Kramer is state Class A outdoor mile champion and Raveling the state Junior AAU indoor titleholder.

Both runners have consistently done better than the existing state indoor record, which is virtually certain to fall as they again "lock horns." Raveling has twice defeated Kramer indoors this season, and "Butch" is determined that it shall not happen again.

They will also meet in the 880; but Raveling has had much the better oportunity to get in shape, having been permitted to use the Drake university track for workouts since last December. Conditioning is more apt to be a decisive factor as Kramer attempts his second race of the meet.

Another spotlight event will be the high jump, in which Suntken tied with Gary Meyer and Jim Anderson of Clarion for second at 5-10 in the recent AAU meet at Des Moines. Meyer is the Class A state outdoor champion in the event.

In the AAU meet, Suntken came considerably closer than either of the Clarion boys to clearing 5-11 and sharing first place. When Meyer won the state outdoor championship last spring, Dave won a share of second place and would like to even accounts with the Cowboy leaper.

SPORTS

Jenison Makes Register's Sixth All-State Team

Lynn Jenison, the sparkplug of Belmond High's North Iowa conference basketball champions, capped a season of unmatched individual honors by being the first Bronco cager ever to make one of the Des Moines Sunday Register's all-state high school teams in basketball.

As Jack North's annual selections were published last weekend. Lynn was awarded a guard position on the 6th team. He was the only NIC player to receive a spot on one of the Register's seven all-state teams. Seven cagers from the NIC ranks, including Belmond's Roger Ginapp, were given honorable mention.

On the honor roll, along with Ginapp, were: Mickey Costigan of Buffalo Center, Al Kloppen of Lake Mills and Gene Parr of Osage at forward; Bill Roe, Garner, center; Bob Nielsen of Britt and John Van Voorhis of Osage, guards.

Players opposed by the Broncos in non-conference games who won honor roll mention were: forwards — Ken Hansen of Clear Lake, Don Hemmes of Franklin Consolidated, Allen Craig of Alden and Harlan Rice of Rockwell-Swaledale; centers — Dan Stober of Clarion and George Kraft of Franklin; guards — John Phillips of Clarion and Bob Sturges of Rockwell-Swaledale.

Other cagers from this area given honorable mention were: Ron Young and Daryl Hobbiebrunken of Thornton and Daryl Brager of Klemme, forwards; and Wesley Simmons of Rowan, guard.

Jenison was the first NIC cager to rate a Register all-state team position since Daryle Jass of Garner made North's 5th team in 1955. In the same year, Ron Hansen of Belmond was a 2nd-team choice of the Iowa Daily Press association but only made the honor roll in the Register.

Last year, Hal Johnson of Northwood made the IDPA 5th team; in 1957, Loren Moen of Lake Mills was awarded a 3rd-team berth by the IDPA; and in '54, Belmond's Ken Loats was on IDPA's 4th team. None of these men could do better than honorable mention with the Register.

R. Jones, N. Smith High In Bowl-Mor "Scotch Doubles"

Forty-eight bowlers comprising 24 mixed teams competed Sunday at Bowl-Mor Lanes in a "Scotch doubles" tournament, in which alternate balls were thrown by the feminine and masculine partners who made up the teams.

First and second place prizes of $15 and $10, respectively, were awarded winners of both afternoon and evening shifts.

In the afternoon, George Eckhoff and June Mosiman took first money with a gross for 12 games of 1,201, carrying a handicap of 196 pins for each three-game series. They put together scratch games of 148-147-172—467 and 204-188-145—537.

Second place went to John Robertson and Elsie Sherrard with 1,155 for 12 games, including handicap.

Winners in the evening were Ralph Jones and Nadine Smith with a total of 1,215 pins that included 364 total handicap. Their scratch series were 145-168-179—492 and 201-156-184—541.

Runner-up money in the evening went to Anson Avery and Eleanor Zeiger, who tumbled a total of 1,132 pins, including handicap.

Thornton Baseball Outlook "Bright"

THORNTON (Special) — Twenty baseball candidates are reporting this spring to Coach Tom Lane with the expectation of seeing the Thornton Thunderbolts field the strongest team in many a year. Last fall the THS nine chalked up 13 wins against only five defeats, and they hope to improve on this record during the spring campaign.

The Thunderbolts will boast a strong mound staff headed by Daryle Hobbiebrunken, a senior, and Ron Younge, a junior, both of whom have no-hitters to their credit.

Coach Lane says he can man every position with a competent player and has plenty of dugout strength to back up the starters.

How local fans have responded to the Thunderbolts' wealth of talent was indicated last fall when the Thornton sectional tournament was the only one in the state that better than broke even during the autumn championship series.

Thornton has lined up a spring schedule of 14 games, in addition to tournament competition. The card is one of the toughest the 'Bolts have ever faced, including among non-conference foes Clear Lake, St. Joseph and Holy Family of Mason City and Rockwell-Swaledale. They have, of course, a full slate against Iowa Westfork league rivals.

If playing conditions permit, they will open their season Thursday of next week at Clear Lake.

3 NIC Players Make All-State—

Jenison Rates IDPA Fourth Team

North Iowa conference placed an unprecedented three men on the all-state basketball teams of the Iowa Daily Press association that were announced last Friday.

Highest position allotted an NIC cager was the spot as forward on the 3rd team awarded Gene Parr, Osage's 6-2 senior center. Belmond's own all-time high scorer, Lynn Jenison, was placed on the 4th team at guard — one of only three players measuring less than 5-11 (he's 5-10) to make one of the five IDPA teams.

Bill Roe, Garner's 6-3 center who set a new NIC individual scoring mark, was placed at one of the two pivot positions on the 5th team.

In the past decade, at least, the North Iowa conference has never before drawn more than one IDPA all-state berth. Last year Hal Johnson of Northwood, a 5th-team choice, was the only NIC cager selected.

Roger Ginapp of the champion Broncos, Mickey Costigan of Buffalo Center and Bob Nielsen of Britt were repeaters on the honorable mention list. Last season they shared the distinction of honor roll mention with Monte Kloberdanz of Osage, who was unable to play most of this season due to a leg injury.

Along with Ginapp at forward on the honor roll were Vernon Brackey and Al Kloppen of Lake Mills. So in contrast to the one "team" choice and four honorable mentions allowed the NIC last year, the conference this year placed three on the all-star teams and had five honor listings.

Only one non-conference player the Broncos faced during their campaign was picked for an all-state position, Dan Stober of Clarion, who was a 3rd-team choice.

However, six other cagers who were Belmond opponents along the way were awarded honorable mention. They were: Ken Hansen of Clear Lake and Allen Craig of Alden, forwards; George Kraft of Franklin Consolidated and Harlan Rice of Rockwell-Swaledale, centers; John Phillips of Clarion and Bob Sturges of Rockwell-Swaledale, guards.

—MEMBER—
IOWA PRESS ASSOCIATION
NATIONAL EDITORIAL ASSN.

Dear Friends at Belmond, Iowa:

I'm really looking forward to meeting my many friends and loyal customers of Aunt Jemima Pancake and Buttermilk mixes, Saturday, April 2nd, at the P & G SUPER MARKET.

Oh, yes — I hope I can make many new friends, too, after they have seen how easy it is to make a mouth-watering meal with Aunt Jemima Mixes. I've also developed a lot of new special recipes, too, that I know you'll love — so come on down to the P & G SUPER MARKET, Belmond, Iowa on Saturday, April 2nd.

Be sure to bring along those little children to see me, I'll have free suckers with my picture on them plus an Aunt Jemima Breakfast Club button.

Love To All My Friends,

AUNT JEMIMA

For desert-dry wash at a finger's touch

dry clothes with natural gas

Thrifty, dependable natural gas is the ideal fuel for drying clothes. It does the job for about half the cost of other fuels. And it does the job faster.

Modern, automatic natural gas has taken so much of the work out of wash days. No more lifting, carrying, hanging, taking down. Your natural gas dryer does all this for you automatically at a turn of a dial. Today's automatic controls let you dry everything in your gas dryer . . . from heavy work clothes . . . to the sheerest blouses. Use your gas dryer for wash-and-wear and other new synthetic fabrics.

Abundant, economical natural gas works miracles at so many household tasks. Let it work its miracles for you, to give you more comfort and leisure, more time for fun and family. Start living in the modern manner — automatically — with natural gas.

Iowa Electric Light & Power Co.

Proceeds to Buy "Whirlpool"—

B Club to Hold "Slave Auction"

Belmond businessmen and farmers — or anyone else interested, for that matter — will have the opportunity next Thursday afternoon to buy some high class brawn to apply on any work of their choice. At 3:30 o'clock at the First State bank corner the Belmond High school B club plans to hold a slave auction to obtain funds for a project the members have been working on.

Proceeds from the sale will be applied on the purchase of a whirlpool bath, a piece of equipment that is used for treatment of muscular injuries sustained in sports competition.

Coach Rich Koolbeck, the club's advisor, says the Bronco athletes have had frequent need for a whirlpool and already have some money from previous projects set aside toward buying one. They need about $400 to obtain the equipment and are "ready, willing and able" to work in order to get it.

The athletes' work day will be the following Saturday, April 9, when they will be expected to labor for their buyers from 8:00 a.m. to 4:00 p. m. Mr. Koolbeck asks buyers plan to feed their "slaves" at noon, because many are farm boys who would find it inconvenient to return to their homes for lunch.

Twenty-eight manly specimens of beef and muscle will be "put on the block" and Auctioneer "Coonie" Smith will cry the sale. "Coonie" says, "This stacks up as one of the finest herds of livestock I've had the privilege of swinging a hammer on in my auctioneering career. With the spring yard work season opening up, it looks like some good prices should be brought and I'm anticipating a very successful sale."

SPORTS

The boys will, of course, be available for any type of work that their buyers wish to put them at — from "pearl diving" at a local eatery to serving as a ribbon clerk. Farmers will find strong backs capable of handling any sort of work needing to be done around the farmlot.

Gene Griffin, president of the Gridiron club, says, "I think this initiative on the part of the athletes is highly commendable and am urging Gridiron members to give the slave auction their wholehearted support."

President Jim Cairns of the Chamber of Commerce adds his blessing and says, "This is a very worthy project and I hope that Chamber members will get behind it 100 per cent."

Inactive over a period of years, the Honor B club has taken on new life the past year or two and is at present and up-and-coming organization. Larry Kramer is the current president.

He is on of 17 senior "slaves" whose services will be placed on auction. Others in the Class of '60 are: Mike Long, Dave Suntken, Lynn Jenison, John Murray, Larry Tideback, Gary Porter, Dennis Pastour, Randy Musselman, Stan Brandmeyer, Jim Crotty, Merle Robbins, Roger Ginapp, Gary Ruka, Mark Mason, Bruce Leinbach and Ron Thompson.

Juniors who will be up for sale are: Dennis Anderson, Jerry Jenison, Robbie Courson, Bob Finn, Bob O'Connor, Bob Lee, Bob Stadtlander, Mike Armour; and sophomores, Vernon Pastour and Larry Hawley.

Kaufman Reaches New High at 6-3

Bill Kaufman last weekend continued to show improvement in his favorite track event, the high jump, leaping 6 ft. 3 in. to win a tie for first place for Iowa State Teachers college in the Iowa College Indoor Relays at Cedar Falls.

This was an inch and three-eighths higher than Bill had negotiated in a meet two weeks before and was the best competitive jump of his career to date. Bill holds the BHS record of 6 ft. even, established in 1958.

The ISTC coach says Bill seems to have completely whipped a psychological obstacle that for a time had him convinced his limit was about six feet. The Tutor mentor now expects Bill to even improve on the 6-3 mark as the season progresses.

Kaufman is only a sophomore, so this is his first season as a member of the Tutor varsity squad.

NEXT TUESDAY

IOWA ELECTRIC LIGHT
AND POWER COMPANY

MR. POULTRYMAN:

1. We wish to call your attention to some facts that you may not be aware of. The total number of chicks hatched in the entire U. S. in January, 1960, was 33% less than hatched in January, 1959, and eggs in incubators February 1st, 1960, were 40% less than February 1st, 1959.

2. Two things are happening: FIRST, a lot of people are not ordering chicks, certainly not early chicks. SECOND, a lot of people plan on holding over old hens which will not lay heavily next fall and winter.

3. These two things mean that next fall the number of laying pullets will be down, the number of eggs produced will be down and hence egg prices are almost sure to be good.

4. Egg prices have advanced during the last month, and further advances are expected.

5. In view of this situation we advise you to raise enough of our Ghostly Pearl pullets to fill your houses next fall. We believe the prospects ARE for good egg prices this coming summer, fall and winter and lasting until late 1961.

6. May we invite you to stop in and see about your Ghostly Pearl pullets now!

Thank you — —

The wrath of man worketh
not the righteousness of God.
— James 1:20

If Inflation's a Phony Issue, What Is Important?

Inseparable as David and Jonathan are those two fiscal "buddies" of the present day and age — inflation and high taxes. Wherever you find the one, certain as the sun rising you'll find the other. And because containment of these two serious threats to our nation's financial stability MUST be a function of our government, you're going to be hearing a lot on both subjects during the political campaigning of the months to come.

President Eisenhower has strived valiantly to achieve a balanced federal budget. It is his sensible premise that if our country cannot live within its means, any effort to control inflation — and its inevitable companion, high taxes — is doomed from the start.

That pretty well summarizes the Republican stand on inflation as a political issue and logically prompts the question, "Then what is the Democratic stand on inflation?"

In view of the fact that Gov. Herschel Loveless is the self-admitted Moses who has led his party out of the political wilderness in Iowa, it seems logical to assume that he is qualified to serve as an "approved" Democratic spokesman. He was credited as saying at a recent press conference that he intends to campaign for the U.S. Senate on the issues of the farm problem, the hard money situation and "the Republican party's phony issue of inflation."

Phony? Ask the Iowa industrialist who has seen personal property taxes on this state's industry rise from $2,518,962 in 1948 to $17,566,530 in 1958 — while the value of its products have advanced from $1.8 billion to $4.7 billion. During the same period the assessed valuation of industrial real estate, machinery and personal property has climbed from $40,047,000 to $217,731,650.

Phony? When value of output has increased only 2½ times while assessed property valuation increased by FIVE times — and personal property taxes are almost EIGHT times what they were 10 short years ago?

Phony? Ask the question of yourself as you contemplate that YOUR share of the national debt stands today at $1,680 — that the share of a family of five is the tidy sum of $8,400. Tell any Wright county propertyowner that the county's share of the national debt ($33,105,360 by 1950 census figures) equals 60 per cent of the assessed value of ALL THE TAXABLE PROPERTY in this county — and ask HIM if inflation strikes him as a phony issue!

Sure, inflation is a tough reality to face. But we'll take sides with the party that DOES FACE IT. It's about as "phony" as those first of the month bills.

We Decline Our Share of "Broadminded" Accolade

Elsewhere on this page appears a brief editorial that appeared in last Thursday's Des Moines Register commending Wright county for "broadmindedness" in hiring "Rich" Adams as speech and hearing therapist for the county's schools.

It pointed up the fact that Mr. Adams has been readily accepted in his professional capacity, not only by the children but — more importantly — by their parents.

Because "Rich" is a Negro and the travail of integration has been so much in the public eye in the past several years, we can understand the Register's impulse to count the incidents of his employment and subsequent acceptance as noteworthy.

But it is regrettable to us that an accolade of "broadmindedness" should be deemed appropriate for accepting ANY person on the basis of his qualifications and at his face value.

Until such things can be accepted as a matter of course, there is indeed a long way to go before prejudices evolving from race, creed or color are destined to take their properly inconsequential place in the human scheme of things.

In direct contrast to the Register's editorial and the generous feature treatment of "Rich" Adams' story in the preceding Sunday's paper is its policy of rarely identifying in routine news stories Negroes who have earned favorable publicity by their achievements.

Unless their color enters into the story in some unfortunate manner, this aspect of indentification is usually disregarded. We appreciate that the policy is inspired by the intent to be "unprejudiced" — but it is our personal opinion that it defeats its own ends.

When an Italian, an Irishman, a German or — in a majority of instances — a Jew does something commendable, his name itself ordinarily reflects credit upon his nationality. But the Negro is unidentifiable by name; and as a consequence, his race is deprived of credit that is its due when this factor of identification is scrupulously avoided in publicizing a newsworthy achievement.

When "sod Irishmen" of peasant stock first emigrated in large numbers to this country to lay railroad ties and engage in similar types of rude, manual labor, the Irish held something less than a position of dignity in our citizenry. But the passing generations have elevated that nationality from the class of "common folk" to a standing equal to that of any other national group.

When a McCarthy or a McGonigle or an O'Bannion did well, you knew an IRISHMAN had made his mark. Yet, it's been a not uncommon experience for us to learn — to our surprise — that some figure in sports, entertainment or another field whose reputation we've respected over a considerable period of time is a Negro.

Perhaps we're wrong, but we feel this pretension of "unbiased treatment" that makes Negroes "raceless" as figures in the news hurts rather than helps in their struggle for deserved social equality. If the news is unfavorable, we agree color should not be a factor.

We'll have to ask "Rich" Adams what his sentiments are on this matter. We'd be inclined to value his opinion above our own.

Clipped Comment

From the Typewriters of Other Editors

Prettying Up Spuds Is Pointless

In the constant search for forward and progressive action, the Maine Potato Industry is currently cheering over a new "poly-pack" of 10 pounds of washed, graded, and superlativly-turned-out potatoes which will surely catch the eye of the housewife. This is good.

Potatoes in the raw, untutored state have been a tough nut to crack in our modern gropings for beauty. Their eye appeal runs largely to a dirty look and a low forehead, and dressing them up hasn't been easy.

WHAT I DEPLORE IS THE necessity, in our time, of going to all this trouble. The poly-pack doesn't do anything for the potatoes, it merely beguiles the housewife. She has so thoroughly lost contact with the realities of food that she thinks a polybag is a bargain. She thinks a vegetable needs glamour.

All she's doing really, is wasting her husband's hard-earned substance for a poly-bag that has neither vitamins nor calories, and will have to be thrown away.

I CAN TELL HER HONESTLY that she is getting the same old potatoes. True, they're sized and artfully laundered. But they are still potatoes, and the bag they com in is not much to go by.

The old-time potato bin, down cellar, is a thing of the past. The generation of householders and housewives who wouldn't be bothered buying 10 pounds of potatoes is gone. The kind of living, eating, and housekeeping that used to cook off 10 pounds of potatoes at a crack is also gone.

It wasn't too long ago every home, farm and town, had a potato bin. We had standing orders from about a score of villagers who expected us to grow their potatoes for them. At harvesttime, we'd run our own potatoes down cellar, including seed for next year, and then we'd bag up the rest by bushels. Burlap bags, not vain and handsome transparencies. People knew what a potato looked like.

WE'D GET OUT THE WAGON, and afterward a truck, and deliver. Most people took at least 10 bushels, some of them as many as 25. Thus the whole winter's supply of potatoes would be laid in at one time.

So nobody much planned to trot to the store after 10 pounds of potatoes at a time. The potato-bin way not only guaranteed against running out of potatoes but it saved mony. It was considered respectable, then, to save money.

CENTRAL HEATING, ALONG with home improvements, and the development of the packaged grocery helped each other along. You can't keep vegtables in a cellar that has a furnace.

Time was, there was no heat in the cellar other than a natural underground warmth, so everything was earthy. In deep winter, with the snow banked about the foundation, the cellar accumulated a flavor and smell that was close and musty, but it was a good smell.

And there was a definit potato smell dominating — where 40 or 50 bushels were proclaiming prosperity P. P. P. — Prior to Poly-Packs. —**John Gould in Christian Science Monitor**

● **Intent of the phone moguls to** give out seven-figure numbers will make things mighty confusing. It used to be you called "Central" and told her who you wanted to talk to and she got the number. This brave new world! — **Algona Advance**

● **Hearing that satellite talk back from a million miles out in space is a bit spooky. — Algona Advance**

We're "Broadminded"?

To C. W. Sankey, county superintendent of schools in Wright county, it was not a disadvantage but a positive advantage that Richard T. Adams, jr., the county school system's new speech and hearing therapist, is a Negro.

"I thought it would be very educational to bring a Negro to a county where more than 99 per cent of the children never knew one" he said.

Adams has been there since September. He has the proper academic and professional qualifications, earned at the State University of Iowa at Iowa City. He has been getting results with the boys and girls in the county who have speech problems or hearing loss. In addition, he has been making friends and broadening young minds.

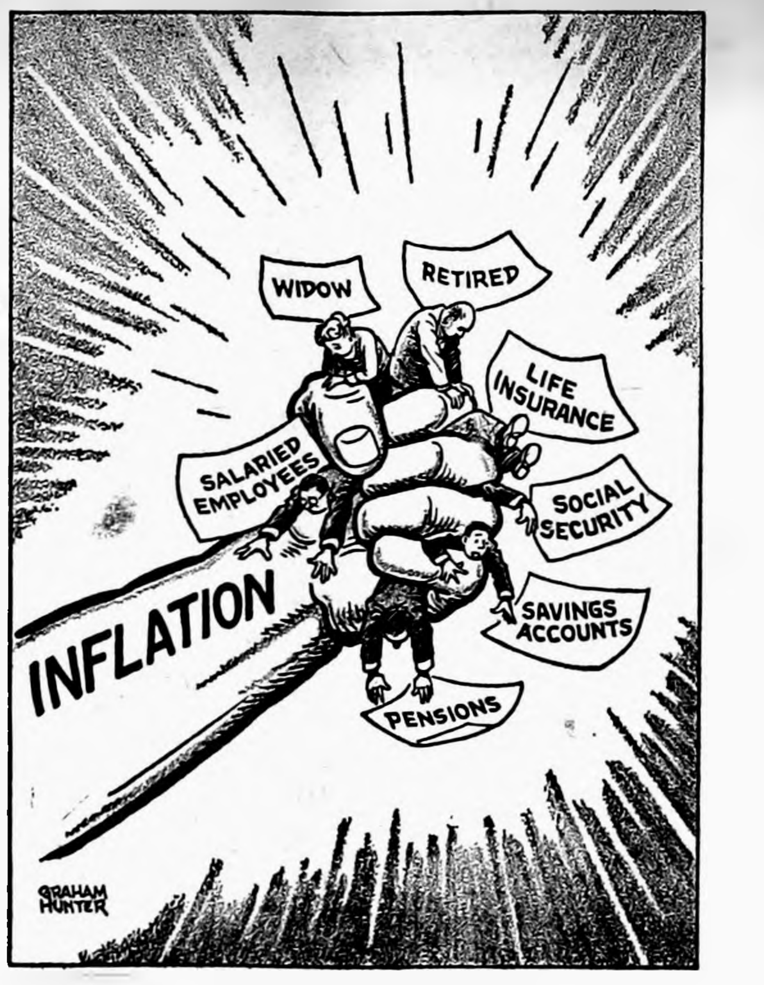
We are proud of Wright county adults. Sometimes adults raise objections in such situations when the children take it in stride. Wright county parents accepted Adams from the start. — **Des Moines Register**

● **One big trouble is that our** off days don't coincide with our days off. — **Lake Mills Graphic**

● **Iowa can take little pride in** the number of people killed on its highways. The conclusion is inescapable that some of these deaths can be prevented. — **Lake Mills Graphic**

● **You have to take your hat off** to these new cars — or have it knocked off getting in. — **Algona Advance**

● **There are many people who think anything is evil if a lot of people seem to like it. — Lake Mills Graphic**



THE BIG SQUEEZE

SCANNING THE HORIZON

WITH YE ED

RABBIT OUT OF THE HAT?—

When we had the recent opportunity of a pleasant conversation with yong Jack Schroeder, whom we regard as the Republican's best bet to be the next governor of Iowa, we tried to put him on the spot where one of his platform planks is involved.

He contends than an appreciable reduction in personal property taxes is feasible, with diversion of unneeded surplus in the state treasury serving as a temporary means — and growth of Iowa's economy providing the PERMANENT medium for raising sufficient tax funds without so great a burden being placed on personal property.

Frankly, we were a bit dubious. But the State Senator from Davenport confidently assured us that, without increases in sales tax or income tax rates, these two tax sources should automatically provide relief to propertyowners in the coming years.

He promised to mail us some figures to substantiate his contention. We haven't yet received them; but we believe a story in the March issue of Iowa Business and Industry magazine does the job for him.

LOOKS LIKE HE'S RIGHT —

This article points out: "In 1959, the state collected 38 per cent more sales tax than it did in 1950" . . . with the same two per cent levy prevailing in both years."

Also, receipts from state income tax in 1959 reached an ALL-TIME HIGH of more than $35.5 million — over $6.5 million more than ever before.

"What happened," explains the magazine article, "was that Iowa's economy expanded and her economic growth reflected itself in more tax income."

Begins to look like Mr. Schroeder "has something." But what IS the outlook for the future?

PROSPECTS LOOK GOOD —

"If we merely continue our present rate of econmic growth," Iowa Business and Industry observes, "and project the development of the '50s into the '60s we can expect our total state income to be nearly $400 million by 1969, as compared to $143 million in 1950 and $239 million in 1959."

THAT sounds good. But this sounds even better. . . . "If we can maintain a steady annual growth equal to that of 1959 over 1958, our state income would reach $517 million!"

Of course, 1958 was a pretty dismal year for Iowa agriculture, and this projection seems unlikely to hold good — UNLESS new industry continues to flow into Iowa at a pretty steady gait. And as Mr. Schroeder correctly notes, the be J prospect of this lies in REDUCING property taxes, as he proposes.

KEEPING OUR YOUNG FOLKS—

This brings up another of Iowa's big problems; encouraging its young people to find their future HERE. During the 1950s, Iowa's population increased an estimated 5 3 per cent (before the year's out, we'll know more accurately), compared to a national increase figured at 18 per cent.

It's not our birth rate that's at fault. Nor our death rate. But as matters stand, Iowa Business and Industry reports, "About six out of every 10 babies born in Iowa decide, when they grow up, to live in another state."

Why do people leave Iowa? The magazine article says, "The experts have been chewing on that bone for quite awhile and the answer seems to lie in lack of opportunity . . . the kind of opportunity that is spelled j-o-b.

"If new job opportunities are to open in Iowa, we must conclude they will be in the field of industry rather than agriculture, even though Iowa is national runner-up in agriculture, responsible for a 7½ per cent slice of our total farm production."

(In 1958 — the latest year fully reported — Iowa farmers' total take was a scant half of one per cent less than the amount grossed by California farmers, whose growing season is three times longer and whose land under cultivation exceeds all other states, Iowa Business and Industry advises.)

RIDE ON A CYCLE —

Everything considered, we're about convinced Jack Schroeder's tax proposal might logically get Iowa riding a cycle of causes and effects that is just what the state needs.

Reduced property taxes — to encourage new industry — to continue AND accelerate economic growth — to MORE than supplant tax revenues no longer obtained from property.

Clark McNeal regarded Mr. Schroeder as a sound-thinking legislator. He impresses as a sound thinker, too.

From our EARLY FILES

AS REPORTED IN:
The Independent
The Herald-Press
And The
Iowa Valley Press

TEN YEARS AGO—

A. W. Loats defeated C. C. Christie in the mayorality race in Monday's city election, 528 to 396. Ed Kennedy and A. J. Meints were elected as councilmen-at-large, and the ward winners were: I, Al Mennenga; II, Orrin Jocobson; and III, Glenn Martin.

—1950—

Belmond voters overwhelmingly approved a $36,000 bond issue toward hospital construction costs in Monday's election, 864 to 60.

—1950—

Eugene Kadolph and Matt Mehlow, proprietors of M & K Market, announce sale of their business to Albert Hein and his son John of Hubbard. The Heins will take possession next Monday.

—1950—

Peter Barendregt and his daughter, Mrs. Elizabeth Napolitano, embark tomorrow on the SS New Amsterdam for his native land, Holland. It will be Pete's first return to The Netherlands since coming to this country 37 years ago.

—1950—

Harold Yanney of Renwick has been announced as winner of the soybean yield contest sponsored locally by the Chamber of Commerce. His average yield of beans last fall was 38.2 bushels per acre.

—1950—

Grace Fletcher, who has held the office of county recorder since 1932, announces that she will once again be a candidate for that office on the Republican ticket.

TWENTY YEARS AGO—

As the town council reorganized for the new year Monday, the following city employees were appointed: R. A. Henderson, city attorney; Carrie Courtney, city clerk and matron of the ladies rest room; H. H. Rierson, day marshal and water superintendent; Earl Finn, night marshal; E. F. Bailey, water plant operator; and Ben Smith, street commissioner.

—1940—

This area will be represented at the county spelling contest Saturday by Robert Kalkwarf, Linden Proeger, Frances Braun and Dwight Tyrrell.

—1940—

Post Commander Oliver Goodwin has appointed his committees for the annual American Legion celebration on July 4th with intention of making this year's event the biggest ever.

—1940—

Betty Green of Belmond No. 5 school will compete next Friday in the Wright County Rural School declamatory contest. She is entered in the humorous division and will give as her piece, "Ma's Monday Morning."

—1940—

Mr. and Mrs. Herman Schultz entertained last Friday evening at a buffet supper in observance of their Silver Wedding anniversary.

—1940—

Dr. and Mrs. S. P. Leinbach attended the play, "Abe Lincoln in Illinois," at Des Moines Wednesday.

THIRTY YEARS AGO—

In Monday's five-way race for the mayorship of Belmond, Ed Bailey emerged as the winner with more votes than all the other candidates combined. He was favored on 274 ballots. Votes for the other candidates were: T. A. Davenport 120, J. H. Fetrow 58, H. C. Thompson 49, A. W. Russell 26.

—1930—

Three Clarion youths were found to have been responsible for the vandalism perpetrated at the Belmond cemetery last week. Lead they had obtained by tipping over 16 monuments and displacing another 26 was sold to a Clarion junk dealer for $1.50.

—1930—

The Pleasant Progressing Pals 4-H club met March 13 at the home of the leader, Mrs. A. C. Lieuwen.

—1930—

Officers of the Belmond Creamery wish to thank all the merchants who were so willing to co-operate with them by refusing to handle butter substitutes.

—1930—

A deal was closed the first of the week for a silver fox farm to be built here. Oscar Nelson and George Brady will be the owners of the ranch, which will be located a half mile north of town on Primary 15.

—1930—

Gordon Kessler is being employed at the post office during the absence of Luverne Smith.

FORTY YEARS AGO—

The Standard Oil company began work last Wednesday on its new oil station located on the old Kern House site at the corner of Spruce and Water streets. The Herald-Press understands that the station will be a very fine, commodious and artistic station and an addition to the appearance of that part of town.

—1920—

The following were Belmond callers Tuesday: Mrs. John Ahrenkiel and daughter, Miss Ina, Mrs. S. S. Matson, Mrs. J. C. Reed, Dr. and Mrs. Snearly, Mrs. Savogue, Mr. and Mrs. Church, Mr. Graber, Miss Elizabeth Cashman and nephew Mervin Sullivan, all of Goodell.

—1920—

The Burk Motor company last week sold a new Dodge to Rev. Jensen and a new Dixie Flyer to Arthur Hinman.

—1920—

President C. T. Fenton of the Iowa Valley Sugar company yesterday purchased from G. H. Richardson the latter's fine commodious home south of the public library and Mr. and Mrs. Fenton will become Belmond residents within a few weeks.

—1920—

Mayor M. C. Barry was at Cedar Rapids the latter part of last week. While there he visited John A. Reed of the electric company, who informed him that the service in Belmond will be much improved by the new lines and equipment soon to be installed here.

FIFTY YEARS AGO—

Some 30 friends of Mr. and Mrs. C. J. Dorr and their daughter Julia surprised them Sunday evening with a going away party prior to their departure for their new home at Aurora, Ill. Father McInerney presented Mrs. Dorr with a beautiful berry spoon as a token of esteem.

—1910—

C. B. Waddington of Belmond and Miss Hattie Christie of Goodell were united in marriage at the M.E. parsonage a week ago Wednesday evening by Rev. Van Metre. The groom is a prosperous young farmer and has been working the farm of his late father, north of Belmond.

—1910—

Browne Bullard was recently promoted from Forest City to Waterloo, where he is now assistant cashier of the Rock Island. Glad to see him making good.

—1910—

While sliding down from the haymow last week, Ralph Baker slid onto the tines of a pitchfork which ran nearly through his thigh.

—1910—

Miss Elizabeth Baxter and Mr. Andrew Lieuwen were married at the home of Rev. Van Metre on Easter Day. "Andy" and "Bess" are a noble couple and have a host of friends who unite with congratulations.

—1910—

E. W. Russell closed the Commercial Bank at Meservey the first of the week and packed up the fixtures. Wednesday Earnie loaded the fixtures and safe into a car and shipped them to Dakota.

Know Your Businessmen—

Pollitt's D-X Is Complete "Service" Station

Frank Pollitt, proprietor of Pollitt's D-X Service station, can show you a scar on his right temple that dates back to his extraordinary early entry into the field of car repair.

He was five years old when he received that memento. A little friend's play car broke down and Frank propped it up on a porch step to put things a-right. The vehicle slipped and gave him a good whack on the noggin.

This initiation as a mechanic didn't discourage Frank, let it be said. Twelve years later, freshly graduated from Norwood Consolidated High scool in Lucas county, Frank opened a garage of his own (with financial help from his father, Maurice Pollitt).

Frank was born and raised at Amelia, O., but the Pollitt's moved to Lucas county when he was 16. After he'd picked up his diploma a year later, Frank began his career as an auto serviceman, from which he's derived his livelihood ever since except for a period of about 29 months when he was in the sales end of the car business.

He operated his service garage at Lucas for nearly eight years, then operated a D-X station there for 18 months. He next was "on his own" as a garage operator at Osceola until July of '51, when he accepted a position as service manager for the Ford agency in that community.

This occupied his attention until August of '54 when he moved to Chariton to take a job as salesman for the Sheldon-Snyder auto agency. Mrs. Len Sheldon and Len's partner, Frank Snyder, were both Norwood High classmates of Frank, which led to this association.

Frank admits that, even as a salesman, he couldn't keep from "getting my hands dirty." But, at least by title, he was out of the mechanical end of the car business until Sheldon and Snyder dissolved their partnership the end of '53 and Len bought the Chevrolet garage here.

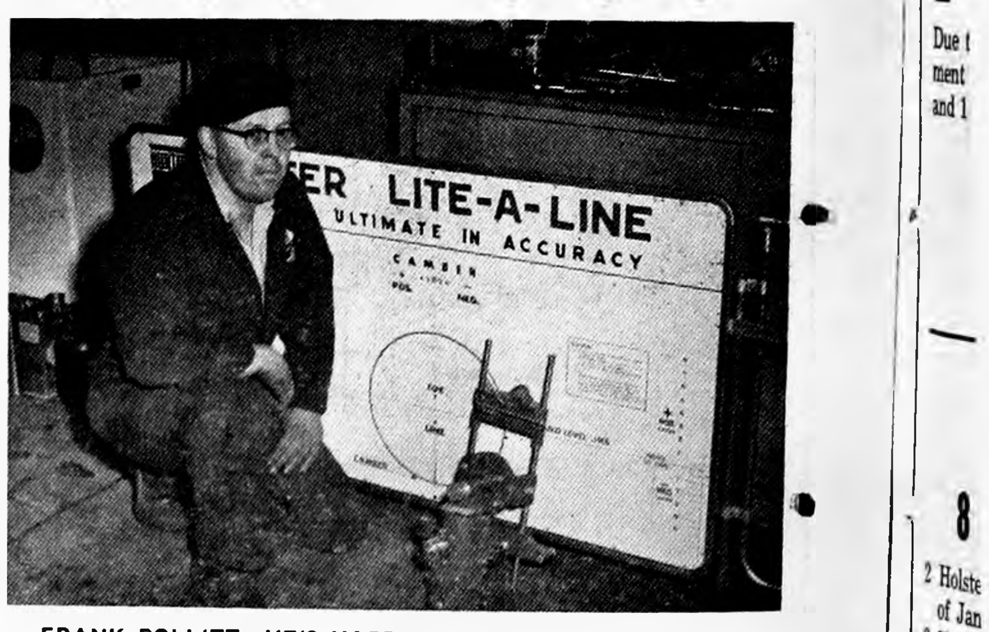
Since 1946, Frank had been making yearly trips to Belmond to hunt on the George and Foster Barkema farms east of town; and when Len started scouting for a new location Frank cast an enthusiastic vote for Belmond when Len learned that the Chevrolet dealership here was available. Frank had liked very much what he'd seen of Belmond during his hunting jaunts and thought it would be a fine place to live.

When he accompanied Len to Belmond he was given a choice of continuing as a saleman or returning to mechanical work as service manager. Frank unhesitatingly chose the later.

He resigned from the Sheldon staff in September of '58 to lease the D-X station, newly built a year earlier. He immediately set out to equip it for all types of service work short of complete overhauls.

In the 20 months since he acquired the station Frank added a front end alignment machine, wheel balancer, drum lathe and arc shoe grinder, tune-up and valve equipment.

He says that automotive trade journals stress that there is a rapidly growing trend toward making "gas stations" complete "service stations," capable of handling all types of mechanical work in addition to the sale of petroleum products. It's been his aim to comply with this trend the very best he can.



FRANK POLLITT—HE'S HAPPIEST GETTING HANDS DIRTY

Asked if he regarded it a handicap to be located on what is popularly referred to as a "gasoline alley" lined with competitors, Frank replied, "Not in the least. In fact, I consider it an advantage. Competition is the life of any business — and where competition is the stiffest, customers can expect the BEST service."

That meeting this competition hasn't hurt his business is evidenced by the fact that two weeks ago Frank added another full-time man to his staff. Marlin Mehl has worked for him for over a year. Richard White is the mechanic and attendant just lately hired.

Frank says he's had no trouble in keeping both of the young men and himself constantly busy. He adds that a recent study of his books revealed that his business volume in February was 34 per cent ahead of that for the corresponding month a year ago.

His station's transient trade, as well as local business, has been climbing steadily. Frank's so pleased about the whole thing that he says, "I sincerely hope that Belmond will prove my last stop. As matters stand, I'm pretty certain it will be."

Wright County Board Proceedings

March 7, 1960
Clarion, Iowa

The Board of Supervisors of Wright County, Iowa met in adjourned session at the court house in Clarion, Iowa with the following members present: Harland E. Hill, Ed Kennedy, Everett Nelson, Walter Weidemann, with the County Auditor in attendance. Absent: Albert W. Christopher.

In the absence of Chairman Albert W. Christopher, it was moved by Nelson, seconded by Weidmann that Harland E. Hill be acting chairman. Motion carried.

Minutes of the last meeting were read and approved.

Claims against the County were read and ordered paid.

COUNTY CONSERVATION

Wright County Rural Electric Coop. Lake Cornelia Pump and the Park Light	126.30

Motion by Kennedy, seconded by Weidemann to appropriate $150.00 for Bee Inspection in Wright County for the year 1960. Motion carried.

Motion by Nelson, seconded by Weidemann that Braden Willard of Eagle Grove be issued a refund warrant in the amount of $2.00. Reason: dog license paid twice. Motion carried.

Motion by Kennedy, seconded by Weidemann to supend the taxes of Lars and Agnes Anderson on the following described property: Lot 10, Block 3 in the town of Eagle Grove Junction, Iowa. Motion carried.

Motion by Nelson, seconded by Weidemann to approve salary increase for County Nurse as requested by the State Department of Health. Motion carried.

The following resolution was presented.

RESOLUTION

Be it resolved by the Board of Supervisors of Wright County, Iowa, that the lien of Wright County, Iowa, be released as it affects the following described real estate to-wit: Lot 6 in Block 3 in Cox's Addition to Eagle Grove Junction, Iowa.

Be it further resolved that the Chairman of the Board of Supervisors be and he is hereby authorized to execute the release of said lien, which release is hereto attached and by referance made a part hereof. It was moved by Nelson, seconded by Weidemann, that the above resolution be approved. On roll call there was follows: Ayes, Kennedy, Nelson, Weidemann and Hill. Nayes: none.

Whereupon the Chairman of the Board of Supervisors declares this resolution passed and adopted.

The following resolution was presented.

RESOLUTION

On this 7th day of March, A. D. 1960, there was presented to the Board of Supervisors of Wright County, Iowa, a proposed agreement for compromise settlement in the matter of the liability of Lucy Shupe to the County for care and support as an insane person, a copy of which said agreement is attached hereto and by this referance made a part hreof. It was moved by Ed K. Kennedy, Supervisor, seconded by Walter Weidemann, Supervisor, that the agreement as presented be accepted subject to the approval of the District Court of Wright County, Iowa, and that the Chairman of the Board of Supervisors of Wright County, Iowa, be directed and authorized to sign the same for and on behalf of Wright County, Iowa. Upon roll call for it being taken, four (4) supervisors voted aye. No supervisors voted nay. Whereupon it was declared that the motion carried and the agreement was duly signed and executed by the chairman.

The agreement reads in part.

Whereas: the administrator of the Estate of LeRoy Shupe, deceased, probate Number 7190, offered to convey certian real estate property to the County of Wright, State of Iowa, to comprise a claim in the amount of $13,513.77 of Lucy Shupe, surviving spouse of LeRoy Shupe, deceased

Real estate property described as follows: Lot 5 and the North 14 feet of Lot 6 in Block 2 in King's Addition to the town of Clarion, Iowa.

Motion by Kennedy, seconded by Weidemann to abate taxes in the amount of $2.42 of Kenneth Fitz on real estate property described as follows: West 185 feet of Lots 2 and 3 and North 12 feet Lot one and of South 15 feet Lot 4 in Young's Sub-Division Lot 16 Section 16-92-24. Reason: property owned by Wright County. Motion carried.

Motion by Kennedy, seconded by Weidemann that the Board of Supervisors of Wright County, Iowa abate and remit the sum $116.30 of 1959 taxes in 1960 upon the following described real property taxed in the name of Selma Criesy. Described as the North one half (½) of Lot number one (1) and the vacated alley lying on the north side of said lot in Block number five(5) in Morse's Addition to Belmond, Iowa and the tract of land described as follows: Beginning at a point twenty nine (29) rods North of the Southeast quarter of the Southwest quarter of section (19) Township ninety three (93) North, Range twenty three (23) West of the 5th P. M., Iowa; thence running north five(5) rods; thence west twenty eight feet (28); thence south five rods (5); thence east to place of beginning.

The building there on having been substantially destroyed by unavoidable casualty. Motion carried.

Motion by Kennedy, seconded by Nelson to adjourn. Motion carried.

FARM AUCTION

Due to the death of my husband, I will sell the following livestock and equipment to the highest bidder without reserve at the farm located 2½ miles north and 1 west of Meservey; or 6 miles east and 2 north of Goodell on

Saturday, April 2nd

SALE TO START AT 1 O'CLOCK P. M. SHARP

50 HEAD OF LIVESTOCK

INCLUDING
8 Cows - 5 Calves

- 2 Holstein cows, freshened latter part of January
- 2 Shorthorn crossed cows to freshen in May
- 1 Ayrshire cow crossed to freshen by sale day
- 1 Guernsey cow was fresh in January
- 1 Shorthorn cow to freshen soon.
- 1 Guernsey cow was fresh in November
- 1 Guernsey Heifer, weight 450 lbs.
- 2 Brown Swiss heifers
- 2 Small bull calves

INCLUDING
37 HEAD MIXED FEEDER PIGS
Weight 70 lbs.

137 Grady Crossed
Yearling Hens - Laying Good

100 Bales of Hay
MORE OR LESS

MACHINERY & EQUIPMENT

- 1950 B John Deere tractor, in good condition
- John Deere tractor mower, 1 yr. old
- John Deere manure loader on rubber
- John Deere side delivery rake on rubber
- John Deere 2-row cultivator
- John Deere 12 ft. disc
- Elevator and hoist
- 4-5 ft. section drag, good shape
- 2 wheel endgate seeder
- IHC 2 bottom plow
- IHC 1 row corn picker, good
- 8x16 ft. flat rack
- Rubber tired trailer
- Steel wheel running gear & box
- Iowa electric cream separator, in good condition
- Tank heater, self sinking
- Skill saw
- 4-10 gal. cream cans
- Refrigerator converted into milk cooler
- Wire, Olson fork, log chains and many other articles too numerous to mention

TERMS: Cash. No property to be removed until settled for. Not responsible for accidents.

TREAT YOUR SEED OATS NOW

FOR MORE VIGOROUS PLANTS, BETTER STANDS and HIGHER YIELDS

We will start our Seed Cleaning operation on April 4

OATS CLEANED and TREATED at THOMPSON HYBRID CORN CO. ARE:

Let Us Treat Your Seed NOW

We Use Du Pont CERESAN®

Seed Disinfectants

No other step in growing crops pays as high returns for so small an expenditure.

We use Du Pont "CERESAN" . . . for over 30 years the 'magic key' to bigger, better crops. All these years Du Pont has set the pace, improving products for safer, more effective protection.

Today, Du Pont Seed Disinfectants are still setting the yield records . . . records which have prompted experiment stations to remind farmers that returns from use of proper seed disinfectants can be as much as $75 for every dollar invested.

Don't overlook this important step to higher crop returns. Let us treat your seed now . . . with Du Pont Seed Disinfectant—your "magic key" to bigger, better crops!

1. Fed to Clipper cleaner uniformly through rubber feed rolls.
2. Passed over four sets of screens to take out various types and shapes of weed seeds.
3. Routed through separate air blasts to remove certain types of light weed seed and foreign materials.
4. Passed through length graders which take out hulled oats and pinned oats.
5. "Mysto-Matic"—treated with the NEW Ceresan "200" to control oat smuts.

●

No long waits. With our large capacity cleaning machines we can handle all of our customers without crowding the cleaners. Phone us for an appointment and your oats will be cleaned while you do your shopping . . . or phone your local trucker and he will make the appointment.

Four or five feed bags to each hundred bushels of oats sent in are needed for bagging the hulled pin oats.

Ronnie Pletcher and Lynne Arends Elected Fun Night King and Queen

Ronnie Pletcher, Dayton Dynamiters, and Lynne Arends, Iowa U-Go-I-Go, were elected Wright county's 4-H Fun Nite King and Queen at the 4-H Fun Nite program held Friday evening at the Clarion grade school auditorium.

The new king and queen were elected by voting delegates from the 31 Wright county 4-H clubs. All of the 15 Wright county boys' 4-H clubs had king candidates, who were voted on by the girls voting delegates, and the 16 girls 4-H clubs all had queen candidates, from whom the boys voting delegates elected the queen.

Crowning the new Fun Nite King and Queen were last year's king and queen, Carroll Spangler, Jr., Eagle Grove Eager Beavers, and Sandy Sellers, Wall Lake Wee Women.

An overflow crowd of approximately 1,200 4-H members, parents, and friends of 4-H were treated to an excellent variety of 16 skits and musical numbers presented by the boys and girls clubs of the various townships.

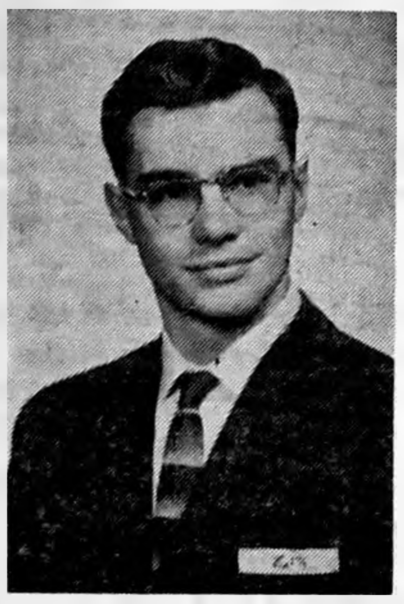
Special accordian and organ music was provided by Stephen and Dwight Hinman of Belmond.

Presiding at 4-H Fun Nite was Melvin Bosworth of the Liberty Pathfinders, boys' 4-H county president, and Lynne Arends, the girls' county president.

4-H Fun Nite is planned by the boys' and girls' 4-H county committees. Members of the boys' committee are: Bob Dawson, chairman; Cliff Bosworth, Grant Jergenson, Clarence Hokinson, Virgil Martin, Merle Poolman, Bob Hanson and Ray Aldrich.

Members of the girls' committee are: Mrs. Arthur Homervold, chairman; Mrs. Phillip Ketchum, Mrs. Melvin Richardson, Mrs. Enfred Pearson, Mrs. Roy Crawford, Mrs. Marvin Hilpipre, Mrs. Clarence Johnson and Mrs. C. C. Woodin.

JOE TRIPLETT SEZ:



I guess some people are never satisfied. Last week I was stuck in a snowbank twice and this week it'll probably be in a mud puddle. That still isn't as bad as it is to the south of us. The folks down there will probably be using rowboats before the week is out. I attended a dealers' open house this past week down at Grundy Center near Waterloo and the snow was piled as high as the car on both sides of the road in many places. They're tired of winter down there, but they're not looking forward to a lot of warm weather all at once. If this happens the folks may be growing rice in some of those flooded fields.

Back in the Belmond area I've been looking for some new prospects to call on. Met Harry Nelson through J. C.'s, so I stopped out to see him the other day. Harry was raised in town but decided he would like to farm several years ago. After visiting with him a while about his farm operation I can see why folks recognize Harry as a man who knows his job! He plans ahead of time where the money he spends will do the most for him. HOW ABOUT RIS-VAN LIQUID FERTILIZER HARRY?

Those of you who live north of town several miles have a new neighbor this year: Vernon Comstock moved on the place where his brother Charles farmed last year. Vernon and Charles both used Ris-Van Liquid Fertilizer with the planter for the first time last spring. They both had such good results that Vernon kept the planter they used last year and Charles bought another and is putting liquid attachments on it. Vernon is taking advantage of the plastic coating program we have and is getting his planter tanks coated now before the rush.

As an example of how the news of good results spreads I took a nice order last fall from each of a couple of "tough customers" across the fence from Vernon. Donald and Gerald McNulty are the two I'm speaking of. Don was the first to be convinced and he helped me work on Jerry. Actually, it isn't a very hard job to convince those who have seen what Ris-Van has done for others.

I suppose most of you in the Belmond area have heard of the McLaughlin clan. I'd heard they were a rough bunch to deal with. Actually, I think they're scared of me, though. I made an average of three trips out to see each one before catching them at home. The one with the initials V. V. has still managed to elude me. I'll fool him one of these days, though, and get out there at 5:00 A. M. before he gets a chance to get away.

Co-operation really pays! As proof, Merle Ruka and Raymond Cline of Goodell have been farming together for 15 years and are still on peaceful terms. Merle does all the planting on both places and Ray gets the ground ready. They both like the job Ris-Van does as a starter fertilizer and as plowdown fertilizer. That's a program that's easy to agree on.

Thompson Hybrid Corn Co., will also act as our local booking agent this year. Those of you who buy your fertilizer through Chuck Wilmarth can now include Ris-Van Liquid Fertilizer in your planting plans. See Chuck and tell him — "Ris-Van, Man!"

With plastic coated equipment from the tanks on the planter up through the bulk storage tanks at the plant the folks in the Ris-Van service area are going to be doing their planting the easy way this spring. The nice part about using liquid fertilizer in your planter is the time you save (from 20% to 30%) and the work you eliminate. No sacks to carry and no sacks to chase across the plowed field. Those outstanding yields at picking time are nice to put in the crib, too. So, for those of you folks that want to save time and work planting this spring and get bigger and better yields next fall better . . .

Get *RIS-VAN,* Man,

That's Fertilizer!

NEW BELMOND

Film Highlights

—from—

COMING ATTRACTIONS

Tarzans my come and Tarzans may go, but the film series based on Edgar Rice Burroughs' famous jungle character goes on forever. Latest recruit to portray Tarzan is Denny Miller, a native Indianan who gained athletic fame (that seems to be a "must" for the role) as a basketball player at UCLA. He stars in "Tarzan, the Ape Man," which headlines the New Belmond's Friday-Saturday screen fare.

Film-goers whose generation permits them to recall the Roaring 'Twenties will remember the famous author of that period, F. Scott Fitzgerald, whose books created a decided stir. "Beloved Infidel," showing Sunday through Tuesday, is based on his love affair with Sheilah Graham.

With a wife in a mental institution, Fitzgerald was barred by fate and the law from marrying Miss Graham, who has since become one of Hollywood's top columnists.

Gregory Peck and Deborah Kerr make the most of highly dramatic roles depicting the star-crossed lovers. Eddie Albert portrays "Robert Carter," who in real life was the noted humorist and close friend of Scott and Sheila, Robert Benchley, like the part was made for him.

Jules Verne's fantastic novels have provided Hollywood with some extraordinarily engrossing movies in the past several years. No exception is "Journey to the Center of the Earth," playing Wednesday through Saturday of next week. Singing idol Pat Boone and sophisticated James Mason join talents in this strange adventure tale, supported by Arlene Dahl and Diane Baker. You've NEVER seen one just like it.

Soil Bank Farms Informed Acreage For Base Crops

Every farmer who has cropland in the soil bank conservation reserve this year must be sure to comply with any acreage allotments on the farm and also observe his permitted acreage of soil bank base crops, it was emphasized this week by the Wright county ASC committee.

The committee said every Wright county farmer having a conservation reserve contract was recently notified by mail of his permitted acreage for soil bank base crops. Any contract holder who failed to receive such a notice is urged to get in touch with the county ASC office.

Generally speaking, the permitted acreage on a soil bank farm is the amount of land on which grains, oilseeds and row crops may be produced. It consists of the historical acreage of such crops less the amount of land placed in the conservation reserve.

A farmer who exceeds this permitted acreage or any acreage allotment on the farm may lose his annual rental payment and also be subject to a civil penalty.

When all eligible cropland on a farm is in the soil bank, the permitted acreage is zero. The home garden area on such a farm may be used to produce crops for home use or for non-agricultural purposes, but production of a soil bank base crop is a contract violation.

● Belmond Locals

Kate McLaughlin and Cathy Bonte spent the weekend in Ames.

Mr. and Mrs. Paul Trey and Ellen Anne of Parkersburg spent a recent weekend in the home of Mr. and Mrs. Gunnar Ahlstrom.

Mr. and Mrs. Bus Baker and sons of Ames were dinner guests Sunday in the Glenn Baker home.

Pardon Us, If We Seem A Little PROUD!

But Here's Something We'd Like For You To THINK OVER!

During The 5-Year Period of 1954-58

The BELMOND INDEPENDENT and BUYERS GUIDE Were The ONLY Medium

that merchants of this community had to carry their advertising message to customers of their trade territory. YOU be the judge of HOW WELL these twin publications DID THE JOB.

Official State Retail Sales Tax figures show that in those FIVE YEARS, Belmond's business in

TAXABLE RETAIL TRADE

(Omitting all services and other non-taxable transactions)

Increased by OVER ONE-THIRD!

Or, Money-Wise, By More Than $1,265,000

Here's How Business Has Grown:

YEAR	BELMOND TAXABLE RETAIL TRADE
1954	$3,784,300
1955	$4,197,700
1956	**$4,260,489**
1957	**$4,540,700**
1958	**$5,049,600**

State Retail Sales Tax figures for the 4th quarter of 1959 have not yet been released — but if that period only MATCHED the 3rd quarter (and the trade total will inevitably have been LARGER) the taxable retail trade for last year will stand at more than $5,355,000!

We humbly submit that advertising in The BELMOND INDEPENDENT & BUYERS GUIDE played an important role in this phenomenal growth in trade —

BECAUSE . . .

1.—Belmond's Trade Territory of Some 750 SQUARE MILES is covered EVERY WEEK — thoroughly — by these two publications.

2.—1,600 Families That Shop in Belmond PAY to have The Independent delivered to them every week of the year.

3.—2,000 Families That Shop in Belmond receive The Buyers Guide in their mail box every week of the year.

VOL. 41 NO. 27 | OFFICIAL CITY PAPER | WRIGHT COUNTY, IOWA—THURSDAY, APRIL 7, 1960 | OFFICIAL COUNTY PAPER | 4|4|85 | 12 PAGES THIS ISSUE

MAIN STREET

BY PAT, DICK, DUANE

Belmond sports fans were popping vest buttons this week over that state Class A indoor track championship that climaxed what to date has been by all odds the most successful athletic year Belmond High school has ever experienced. This latest achievement was all the more remarkable in that just four athletes reaped all the points that brought the championship trophy to BHS.

What a quartet of talented stars! Mike Long — North Iowa all-conference 1st team in football; Lynn Jenison — all-conference in basketball PLUS 4th team all-state IDPA choice and D. M. Register 6th all-state team; Larry Kramer — state mile champion both indoor AND outdoor; and Dave Suntken — a DOUBLE state indoor champ (50-yard dash and high jump)!

With this state title to add to their NIC championships in football and basketball, the Broncos have achieved just about all they could in a three-sport interscholastic program. If you enjoy sports competition, don't fail to see that track team in action every chance you get this spring. These boys are GOOD — and you'll find yourself rooting your lungs out for 'em.

One Martin Bleich of Forest City learned recently that it doesn't pay to offend the dignity of a court. He was arrested here last month for illegal parking and then wrote Mayor "Bud" Trafford, pleading for the privilege of settling the matter via mail. "Bud" is always willing to be accommodating in such cases and advised the defendant that he could square accounts with a $10 check to cover fine and costs. Along came the check.

But it was made out to the City of Belmond's "Cetchum and Hucum Dept." — and Hizzoner didn't think it a bit funny. In fact, he issued a warrant for the gent's arrest for contempt of court and ordered his appearance last Saturday morning to answer to that charge.

About that time, Bleich decided it hadn't bee much of a joke, either. He phoned "Bud" offering his apologies. So did the mayor of Forest City; and so did the president of the Chamber of Commerce. In addition, a call came from a man who employs Bleich part-time and for whom he was working when he made his stop in Belmond. Being a reasonable man, Mayor Trafford succumbed to these blandishments and said he'd settle for a more orthodox check.

Until the arrival of spring permits George Swaroff to do his golfing outdoors, instead of practicing in the rear of his auto electric shop, we suspect he may be providing us with more or less regular Main Street items. One day last weekend while George was flailing away at his plastic practice ball, one of his "buddies" took advantage of a moment's inattention to substitute a regulation golf ball. George sent it sailing right through a window pane in his west door. . . . Watch for FURTHER developments.

With all the harping that has gone on in the past year or so about continuing to operate drives independent of the Community Chest, the annual report of the Wright County Tuberculosis and Health association provides something in the way of an answer. People continue to give freely to purposes with which they are familiar and whose achievements are well publicized. The TB association qualifies on both scores.

Last Christmastime, the annual sale of seals brought in $4,914.30, compared to a goal of $4,600 — and the proceeds exceeded those of 1958 by $349.26. No public "resistance" detectable there!

Of course, the sale of TB seals (like that of Easter Seals for the crippled children) is handled exclusively by mail, so house-to-house canvassers don't have to be drafted. That helps. But a large share of Wright county's families have benefited directly by the school patch-tests, x-ray surveys or case-finding surveys conducted periodically. Consequently they have personal knowledge bf how the money's spent. That helps, too.

Members of Beta Sigma Phi sorority will be keeping an interested eye on the barometer from now until Easter morning, hoping for the best as they plan their annual Easter Egg Hunt. Mrs. John Klaassen, who is in charge, says all children eight years old or younger will be eligible to participate and are asked to be at the library corner promptly at 7:45 a. m., to be escorted from there to the hunting grounds.

President Jim Cairns reminds members of the Chamber of Commerce that bulk contributions will be made via the C-of-C to schools of the area that otherwise would be making store-to-store canvasses for funds for various purposes.

"We want to support these school projects," he says, "as we are sincerely interested in local school activities and those of our neighbors. But to assure that support is fairly distributed, it is essential that our merchants rely on the Chamber to assume this responsibility."

For that reason, he asks that any solicitors of funds for school projects be directed to Secretary Len Collier. He will see than an appropriate contribution is made in the name of ALL Belmond business places, in place of individual donations.

ATTEND GARNER MEETING

Mrs. Lois Hammond, Mrs. George ul, Mrs. Leland Barkema, Genn Monson, Ethel Brunes, Charlotte Smith, Mrs. Archie Allen and Mrs. Al Korthas attended a district meeting of the Wesleyan Service Guild of the Methodist church Sunday afternoon at Garner. The Belmond women were in charge of the worship servi

SEVEN WAS LUCKY Saturday as a contingent of that number represented Belmond at the annual Wright county spelling contest — and came home with both first and second places. Shown above (left to right) are: Runner-up Kristine Thompson, Champion Marlys McLaughlin and Jolene Jenison in front row; Bruce Haugland, Tony Mosiman, Karleen Koplin and Rochelle Fuller in back row.

• • •

Belmond Has Champion, Runner-up In Wright County Spelling Contest

Belmond had both the champion and the runner-up in the annual Wright county spelling contest held last Saturday at Clarion, top honors going to Marlys McLaughlin and second to Kristine Thompson. It was the second year in a row that Belmond has provided the county champion, the title last spring having been won by Dennis Gallagher.

Marlys is the daughter of Mr. and Mrs. Jim McLaughlin and Kristine the daughter of Mr. and Mrs. Warren Thompson. Both are in the 8th grade.

Miss Thompson was winner of the oral spell-down and Miss Thompson placed first in the written test, missing only four words out of 100 compared to five errors made by Kristine.

In order to determine the champion, the girls were required to spell orally against each other and it took 22 words to settle the issue. Kristine finally misspelled "synthetic," which Marlys spelled correctly. The champion then clinched the title by mastering "deciduous."

Competing in the oral spell-down were the 10 contestants who missed the fewest words in the written test. Jack Berryhill of Eagle Grove was runner-up in the oral competition but in the final ranking was fourth behind Jean Weir of Clarion, who had done better in the written portion of the contest.

Ten dollars in prize money was awarded the winners by the Clarion Lions club. County Supt. C. W. Sankey acted as director of the contest and pronounced the words.

Other Belmond entries, besides the two winners, were Tony Mosiman — a 7th-grader, who placed third in the oral contest, Bruce Haugland, Karleen Kolpin, Rochelle Fuller and Jolene Jenison. Teachers of the local contestants are Jeanette Hall, Michael Becker and Charline Erdman.

Club Women Will Hear Blind Woman Talk Here Monday

An unusual speaker has been obtained as program highlight of a general meeting of the Belmond Women's club that is to be held next Monday at 2:00 p.m. at the library basement.

She is Norine McNichols of Chicago, nationally known as a philosopher and humorist. Although blind, Miss McNichols, travels 100,000 miles yearly in filling speaking engagements, Her constant companion is a Seeing-Eye Boxer dog, Nipper.

Text of Miss McNichols' remarks will be "Today's Composite Woman and Her Ever-Increasing Leisure Time." She will trace how this leisure time came about and how it can be used most profitably for a richer, more worthwhile life.

A living example of how a handicapped person can rise above obstacles to lead a useful life, Miss McNichols has carved a career for herself analyzing women's wants for a leading appliance manufacturer. Her witty talks, generously salted with anecdotes, have made her in constant demand as a speaker before women's groups.

MISS McNICHOLS AND NIPPER

Four Boys Reap All Bronco Points—

Belmond Captures State Track Championship

Belmond High school's trophy case had proudly on display this week its first award emblematic of an Iowa state high school championship. The handsome piece of hardware was brought home Sunday from Iowa City, where the day before four doughty Broncos had whipped all opposition to pick off the Class A state high school indoor track title.

It was Larry Kramer, Dave Suntken, Mike Long and Lynn Jenison — who last spring amassed 44 points by their personal efforts in the North Iowa conference track and field meet here — who this time accounted for all of the 29 points that brought BHS the state championship.

There were heroics galore as the gifted four battled their way to the title. First of all, the achievements of Kramer and Suntken should be mentioned in the same breath.

Dave played the major role, point-wise. He startled "the experts" by winning the 50-yard dash by a whisker in the good time of :05.7 and then shared first place in the high jump with a leap of 6-1 — barely failing to gain an exclusive first for himself when he brushed the bar off at a half-inch higher.

Kramer Whips Raveling

Then Dave all but clinched the championship for his team by a tremendous lead-off leg in the deciding mile relay that put the BHS quartet so far ahead that their rivals stood no chance of taking up the slack.

But the top performance of the whole meet was that of Larry Kramer in the mile run. The little Bronco distance star gained a resounding victory over his arch rival, John Raveling of Saydel, and in doing so equalled the fastest indoor mile time ever run by an Iowa high school athlete. He was caught in 4:27.9, which matched the clocking of the late Tom Rivers of Sioux City in 1958.

Long 3rd in Broad Jump

Mike Long contributed a third place in the broad jump with a leap of 19 feet nine inches. He was in second place in the jump event when by oversight Gary Meyer of Clarion was allowed an illegal fourth attempt (only three tries are permitted). The talented Cowboy made the most of this break and sailed 20-5 to take the runner-up spot. Nevertheless, Long's three points were most useful toward the championship cause.

Lynn Jenison completed Belmond's scoring with a fifth place in the 440. He ran a :54.9 quarter for second in his particular heat, being barely nipped at the tape by the runner who ranked fourth in the final placings on a time basis.

Biggest conversation-maker of

(Continued on Page 3)

Fuel Bids Invited By County; Lesser Amounts Specified

There is a considerable reduction in the estimated amounts of gasoline and diesel fuel for county purposes on which contract will be let by the board of supervisors April 28 for the 1960-61 roadwork year.

Whereas the amounts were set at 150,000 gallons of gasoline and 50,000 gallons of diesel fuel over quite a period of years, the figures were reduced to 125,000 and 40,000 gallons a year ago. This year the estimates have been cut further, to 100,000 and 35,000 gallons.

Bids will be received at the county auditor's office any time up to 10:00 a. m. on the day of the letting.

'59 Bids Best Ever

Last year, despite the lower estimated amounts to be used, the bids received were the best ever. Sinclair Refining company got the contract on bids of 4.35 cents under the posted tank wagon price (at Clarion) on gasoline and 3.31 under posted price on diesel fuel.

According to the county engineer's office, the county road department's consumption of vehicle fuel has been reduced drastically in the past three years.

Gas Use Cut One Third

This is partly due to the reduction in road crew personnel, and partly because the county for a time was hauling gravel for farm-to-market and secondary road construction contractors but is now leaving gravel purchase and hauling entirely to the road builders.

In 1957-58, the county used 120,199 gallons of gasoline and 42,649 gallons of diesel fuel. Last year the corresponding amounts were 109,445 and 39,017 gallons. Estimated usage for the 12 months ending April 30 of this year is 80,000 gallons of gasoline and 33,000 gallons of diesel fuel.

NEW SUPERINTENDENT of the GMI Larro feed plant here is Frank Ratasky, who took charge of operations Wednesday of this week. He knew a number of ex-Belmondites at Rossford, O., where he was previously employed by General Mills, who assured him "You'll like Belmond." He's sure he will.

Democrat Caucus Friday Evening

The Wright county Democratic caucus and business meeting will be held Friday evening at 7:30 o'clock at the courtroom in Clarion.

All interested Democrats are urged to attend.

The meeting is called by Marion Robinson of Holmes, chairman of the party's central county committee.

ATTENDED FUNERAL

Mr. and Mrs. Cecil Carstens and Cathy attended funeral services for Frank L. Craft, uncle of Mrs. Carstens, at Marshalltown on Saturday.

Sankey Chosen Recipient Of Francis Brophy Award

C. W. Sankey of Clarion, Wright county superintendent of schools, this evening at Des Moines is to receive the Francis Brophy Award, given annually to an Iowa individual or group in recognition of outstanding volunteer service in work of tuberculosis control.

Presentation will be a highlight of the annual business meeting of the Iowa Tuberculosis and Health association. A letter from the selection committee which advised Mr. Sankey of the honor to be bestowed upon him stated:

"The service which you have given is an inspiration to our entire membership. We feel sure that Miss Brophy, who will always be remembered, would be especially delighted that recognition is going to you as a person who has made such an outstanding contribution to our tuberculosis control program."

Frances Brophy, for whom the award is named, was a native Iowan who was a county nurse in Allamakee county and later administrator of the Iowa Tuberculosis and Health association and then the national association.

Mr. Sankey has contributed much time to the work of the Wright county tuberculosis association and currently is this county's representative on the state board of directors.

C. W. SANKEY

TANDA GROUP ELECTS

Monday of last week the Tanda group of Camp Fire Girls elected new officers as follows: Judy Draper, president; Linda Hanson, vice president; Merrietta Schaal, treasurer; Patsy Miller and Pam Christenson, scribes.

Trafford to Serve Until June 30th

At the urging of members of the Belmond city council last week, Mayor L. T. "Bud" Trafford agreed to remain in office through the second quarter of the current year, ending June 30th. Mr. Trafford recently announced his departure from the staff of Ris-Van, Inc., to accept a position as public relations director for Farmers Elevator Service company (FELCO), headquartered at Fort Dodge.

It had been Mayor Trafford's suggestion that his resignation be effective as of the end of the first quarter, March 31. However, since he plans to commute to Fort Dodge for at least the remainder of the school year — and likely for several weeks longer — the councilmen prevailed upon him to remain in office for the additional three months.

Next week will be Mr. Trafford's last with Ris-Van, whom he joined just a year ago. He plans to be present for all meetings of the city council and to have cases scheduled so he can hold Mayor's court each Monday evening.

Employees of City Fete A. L. Luick

Albert L. Luick was guest of honor at a party Friday night at the library basement. Mr. Luick has been an employee of the City of Belmond for 20 years and is now retiring.

The courtesy was given by the employees of the city and joining them were their husbands and wives, about 38 in all.

After a social time, the employees of the city presented the honoree with a watch. Lunch was served at the close of the evening.

LARRY LANGLITZ INJURED

Larry Langlitz, formerly of Goodell, suffered serious injuries Monday afternoon when he fell from a tractor and was run over by a trailer it was pulling. The accident occurred on the farm of Allen Carstens, for whom Larry has been working near Burchinal. He is in Mercy hospital, Mason City, where examination revealed his injuries include a crushed vertebra.

Beef Producers' Dinner April 19

Paul S. Pattengale, extension animal husbandman from Colorado State university, Fort Collins, will be the principal speaker at Wright County Beef Producer's association's annual meeting and banquet to be held at the Eagle Grove Legion Memorial hall on Tuesday, April 19.

Pattengale will team with Robert C. deBaca, extension animal husbandman from Iowa State university, Ames, to bring before the banqueters a discussion of "Beef Cattle Improvements in Colorado and Iowa and How They Are Coordinating Their Programs With The Iowa Feeders."

Slightly over 400 tickets for the banquet are in the hands of ticket sellers. Those selling tickets in this area are: Belmond township — John Rokke, Roy McClure, Steve Hinman; Pleasant — Clair Christis and Jim Payne; Iowa — Joe Ziller and Howard Hansen; Norway — Hubert Heimstra and Olaf Eliason.

Directors of the beef producers association, who will also have tickets available, are: W. P. Tyrrell, Belmond; H. B. Vanderlip, Dows; Joe Tokheim, Eagle Grove; Clarence Larson, Clarion; and Leo Woodley, Clarion.

'59 Quota Exceeded by $349—

"TB" Seal Sale Grossed $4,914

Persons in attendance at the annual spring board meeting of the Wright County Tuberculosis association held Wednesday of last week at the Dows Methodist church were told that the sale of health seals last Christmastime brought gross proceeds of $4,914.30. That was $349.20 more than realized from the 1958 sales of seals, according to Beverly Scheppler of Clarion, seal chairman.

Cost of the mail campaign came to $212.76 and 39 per cent of the gross of $1,916.58 was sent to the Iowa Tuberculosis and Health association. After these deductions, funds in the county association's treasurery still came to $4,440.54. Of that amount, $2,163.04 is deposited in the First State bank of Belmond.

Disbursements for the business year ending April 1 came to $4,589.91. These funds financed the tuberculin patch-test program conducted in the county's schools to benefit approximately 6,000 students and school personnel and follow-up x-rays where required; the countywide x-ray survey of persons 18 years of age and over, during which 5,672 persons were x-rayed and follow-up x-rays of full size taken where need was indicated.

Also financed out of association funds was the contact program in September, during which x-rays were taken of 34 persons suspected of being infected with tuberculosis. Mrs. Harold Alleman of Eagle Grove, county nurse, assisted with all these programs and expressed her appreciation for the public support that made them possible.

A budget of $2,568.40 was set up for 1960-61.

Officers for the new year, as nominated by a committee headed by Mrs. Clarence Whitten of Rowan, were elected unanimously as follows:

Mrs. A. B. Parsons, Eagle Grove, president; Mrs. Marie Stark, Clarion, vice president; Ethel Brunes, Belmond, secretary; Jeanette McCleery, Eagle Grove, treasurer; Beverly Scheppler, Clarion, seal chairman.

Mrs. Clarence Whitten, educational chairman; Mrs. R. E. Schipull, Goldfield, publicity chairman; Mr. Sankey, representative director; Dr. G. E. Schnug, Dows, medical representative; Mrs. James Barry of Belmond and W. R. Burns of Dows, directors-at-large.

Dr. Richard Smith of Clarion, president of the Wright County Medical Society, was the program speaker and talked informally on health. He also exhibited and explained a number of unusual and interesting x-rays.

Aldrich Receives ISU Study Grant

Jerry Aldrich, son of Mr. and Mrs. R. E. Aldrich, has been awarded a stipend by the National Science Foundation that will enable him to attend the Summer Institute for High School Teachers of Mathematics and Science at Iowa State university, Ames.

He had applied for the award in order to pursue his studies of earth science. Jerry is a 1956 graduate of ISU and since has done some graduate work towards a Master of Science degree. The NSF grant is renewable for continued study until the recipient has earned his MS degree.

Mr. Aldrich is in his third year as a member of the Alden High school faculty as a teacher of science. He is also qualified by training to teach vocational agriculture.

Targets There; Nobody Hit 'em

Twelve were chosen — but none responded. That was the sad tale Tuesday afternoon as $400 in Cash Gift Day prizes were available for the taking, but nobody "took." There'll still be time to apply some of that easy CGD money on the purchase of Easter finery by being at the right place at the right time next Tuesday afternoon. The whole $400 will be posted again, divided into eight $25 targets at 2:00 and four of $50 at 3:00 o'clock. The CGD committee reminds numberholders, "You've got to be within range to hit the target."

Too Pudgy? Here's "Painless" Diet

Got a weight problem?

Keith Wiggins, office manager for the General Mills soybean processing plant, offers a suggestion as to how pounds of "ugly fat" can be pared off — without the discomfort of hunger pangs that usually accompany a reducing diet.

He suggests, though, that it might be well to consult your doctor before undertaking his dieting routine since it's so new that the medical profession has not yet studied the procedure and offered its blessing.

On March 12, Keith launched on a diet that had as its base General Mills' new Multi Purpose Food. It's well balanced as to vitamins and minerals and rich in essential protein. And in two weeks' time — supplemented only by daily rations of four cups of orange juice and sparse libations of black coffee and tea, the pioneering Mr. Wiggins got rid of 16 pounds!

He ate the MPF dry, consuming a quarter-teaspoon quantity at a time periodically through the day rather than as a gruel in larger amounts at meal time.

In a report to his "boss," Fred Hafner, who is director of protein operations of the GMI Oilseeds Division at Minneapolis, he related that the MPF diet kept him feeling "normal in all respects" throughout the two weeks.

At no time did he feel discomfort due to hunger nor was his alertness on the job diminished to any degree. Because of the method he chose for taking his daily allowances of MPF, he literally went without a meal for the entire fortnight.

His largest loss of weight occurred on the third day, when he dropped from 197 to 194 pounds. Keith's weight was 199 pounds at the outset of his dieting period and was down to 183 at its completion.

Food consumed during the two weeks, including his orange juice, coffee and tea as well as MPF, cost Keith $6.23 or 44½ cents per day. His total consumption of calories came to 12,120 or a daily average of 866.

Pudgy readers of this article will be interested to learn that Keith's waistline shrunk from 37½ to 35¾ inches, his hip girth from 42½ to 40½ inches (hear that, you girdle-wearers?) and his collar size was pared from 16 to 15½ inches.

Keith reported that he has undertaken several low-calory diets before but declared "cutting down on consumption of food on these diets was much worse than the monotony of eating MPF."

He added, "I feel this diet was much better for me than the ordinary diet because I was getting the essentials and felt full and strong through the diet.

"If I become overweight again, I certainly will not hesitate to go on another diet of MPF. The next time I would probably try and eat it in different manners, such as in chicken broth or bouillon, just for the sake of variety; although eating the same thing each day was definitely not a problem for me."

Klemme Honored As "Specialist" in Development

Recognition of the position Randall T. Klemme holds in the field of industrial development was given the former Belmond man when he was elected to a two-year term on the board of directors of the American Industrial Development Council. The action was taken at the Council's 35th annual conference held recently in Atlantic City, N. J.

Mr. Klemme, son of Mr. and Mrs. Ray Klemme, is currently a vice president of the Northern Natural Gas company and head of its department of marketing, research and area development.

The AIDC serves as a medium for idea exchange among professional people who dedicate a major or part of their time to industrial development, community planning and related functions.

Mr. Klemme has headed Northern's marketing and area development activities since 1958. Even before accepting his present position he had earned an international reputation in the fields of economics, education and area development and was a recognized authority on agricultural economics, agricultural planning and economic development.

RANDALL KLEMME

AN EDITORIAL—

Curb-and-Gutter Offers Chance to Start Street "Ball" Rolling

As a frustrated advocate of better streets for Belmond over a period of 10 years, your writer has watched hopefully for a show of bold initiative from the city hall. We've been encouraged by the progressiveness of the current municipal administration in a number of important regards and have looked toward the day when it might be directed toward solving our perennial street problem.

Last week we heard from Bob Churchouse, Ward III councilman and chairman of the streets and alleys committee, the sort of statement that we've long awaited. Said Councilman Churchouse, "So far as I am personally concerned, I would favor council approval where a sizeable majority of home owners along several blocks of a given street are willing to pay for the benefits of curb and gutter."

That is a highly significant statement in our chuck-holed, berutted, mud-ridden existence hereabouts. While there may be some question of which came first, the chicken or the egg — there is no argument over the order of progress required to give a community good streets.

First there must be adequate drainage. The present city administration and the one preceding can be complimented for much headway in the modernization of our storm sewer system — the first foundation stone for a system of good streets.

Then there MUST be curb-and-gutter (accompanied, grantedly, by proper grade). Until these essentials are obtained, all-weather "permanently" surfaced streets are but a dream.

The fatal stumbling block to all street programs that have been given passing consideration in the past has been, "SOMEBODY is going to holler!" A more complete certainty never existed. But when, in a true democracy, has the "hollering" of a minority been permitted to deprive a decided majority from enjoying the benefits of progress?

If six of eight propertyowners on a block should want to speed the day of enjoying a good, surfaced street in front of their homes by installing curb-and-gutter, should the six be forced to bow to the complaints of the two? Any community that reduces the rate of its progress to the lowest common denominator of the citizen who will not tolerate improvements is a sorry one to live in.

We have a fine, modern sewage disposal plant (admitted that the state gave us a healthy shove toward erecting it) and good sanitary sewer system; we are in the process of completing a first-class water distribution system.

We have a fine municipal hospital, a beautiful municipal swimming pool (thank you AGAIN, Mr. Luick), an outstanding city library, a far-above-average fire dpartment, handsome and well kept parks.

Why then, it seems reasonable to ask, can't we have the sort of streets that should go with these other facilities in which we take very reasonable pride?

If Bob Churchouse's fellow councilmen share his willingness to let "the tail go with the hide" where a majority of propertyowners WANT and will PAY FOR curb-and-gutter as the vital first step toward GETTING some decent streets, we believe the day is coming close at hand.

You can't finish without starting. And we aren't going to get good streets until the ice jam of minority opposition is broken. We sincerely believe that a dozen or so blocks of curb-and-gutter installed this year would lead to two or three dozen blocks following in the year to come — and a hundred blocks in all, sooner than you think.

And a decade hence, sailing smoothly on good, surfaced streets throughout Belmond, we would wonder what delayed us so long.

But this won't come about by individuals mumbling in private conversation about the atrocious condition of our chuck-holed thoroughfares. Now that the chairman of the streets and alleys committee has made way for the opening wedge, SHOUT IT!

Shout it by calling the city hall and advising City Clerk Lois Hammond, "I'm sick and tired of the thumps and the bumps, the car rattles, the mud — THE WORKS. I'm ready for curb-and-gutter . . . and GOOD STREETS, as fast as we can get 'em."

We honestly believe we have a council now that will listen. . . . It's SURELY worth a TRY.

Relatives Honor Birthday Of Mrs. Stanley Shahan

Relatives who gathered at the Stanley Shahan home Sunday afternoon in honor of Mrs. Shahan's birthday anniversary were: Mrs. Telford Simon and Curtis of Winnebago, Minn., the Gaylen, Dudley and Arland Johnson families of Kanawha, Mr. and Mrs. Don Friesleben and the Roger Shahan family. Mrs. Shahan also received a phone call Saturday evening from the Allen Shahan family in Sioux City.

Methodist Family Fellowship Sees Easter Story On Film

The Methodist Family Fellowship met Sunday evening in the church basement for a pot-luck supper. A program followed with the showing of the Easter Story on film and singing of hymns.

Committees in cnarge were Mr. and Mrs. Marvin Pals and Dr. and Mrs. R. E. Misner, coffee and Mr. and Mrs. Carroll Bamford, Mr. and Mrs. Kenneth Jenison and Mr. and Mrs. Luther Proeger, Jr., entertainment.

Culture Study Club Met Wednesday Night

Culture Study club met Wednesday evening at the Congregational church Youth Center. A program of Easter music was given by children of the members. Roll call was answered with a plant exchange. The hostesses were Mrs. Warren Thompson, Ethel Brunes and Mrs. Merle Bonte.

Honor Mrs. Gabriel Gabrielson On 80th Birthday Anniversary

Mrs. Gabriel Gabrielson was honored on her 80th birthday last Thursday afternoon at the home of Mrs. Wesley Boller.

A short devotional program was given with Pastor O. M. Severseike of Ames and Pastor O. Laavig reading Scripture pertaing to birthdays and leading the group in prayer. Mrs. Gabrielson responded.

Gifts and cards were received from many friends. Lunch was served by Mrs. Gabrielson's daughters, Mrs. Wesley Boller, Mrs. Ed Reasoner, Mrs. George Waddington and Mrs. Kenneth Boller, the latter of Goodell.

● Belmond Locals

Mr. and Mrs. Donald Olson and family, the Terry Anderson family of Clarion and the Art Schar family of Spencer met at the home of the ladies' parents, Mr. and Mrs. Reuben Olson, Sunday afternoon. They honored Mrs. Reuben Olson on her birthday anniversary.

● Legal Notice

NOTICE TO BIDDERS

Sealed bids will be received at the office of the Auditor of Wright County, Clarion, Iowa, until 10:00 A. M. April 28, 1960 for a year's requirement of the various items, materials and supplies listed below.

A certified check drawn upon a solvent Iowa bank in the amount of Fifty ($50.00), and made payable to the County Auditor of Wright County, Iowa, shall be filed with each proposal, which check, in case of a bidder receiving an award, may be cashed and the proceeds retained by the County as liquidated damages, if he fails to execute a contract containing the provisions required by the statutes of Iowa, and file an approved bond for the faithful performance thereof, within ten days after the acceptance of his bid.

Specifications and proposal forms for the materials may be seen and may be secured at the Office of the County Engineer.

All proposals filed must be on the form furnished by the County, sealed and plainly marked. Proposals containing any reservations not provided for in the forms furnished may be rejected, and the County Board of Supervisors reserves the right to waive technicalities and reject any or all bids.

The year's requirements consist of approximately 100,000 gallons of gasoline and 35,000 gallons of diesel fuel.

All bids shall be based upon Clarion, Iowa posted tank wagon price.

Dated at Clarion, Iowa,
April 6, 1960

Relay Team Clinches Title—

Kramer Equals Indoor Mile Mark

(Continued from page 1)

the meet was the battle royale between Kramer and Raveling in the mile. Larry was satisfied to let his opponent set the pace for the first three-fourths of the race. "Butch" passed Raveling as the next-to-last lap started, but was momentarily boxed by a runner he was lapping as he started his final circuit of the 220-yard oval.

Raveling took advantage of this opportunity to regain the lead, but he didn't hold the front position long. As Kramer uncorked his finishing sprint he passed the Saydel star with ease and when he reached the tape he was 20 yards ahead and pulling away. His time was about a second faster than the Class AA indoor performance last year by Ralph Trimble of Cedar Rapids, who later in the state outdoor meet set a new Iowa high school record for the mile. This is what Kramer now has his sights on.

It was after 11:15 p m. Saturday when time arrived for the final event on the program, the mile relay. Belmond was ahead in the team standings with 21 points, followed by Perry with 18, Humboldt and Waverly with 17 apiece. Red Oak and North Scott with 16 each, and Clarion with 13½. Clarion was represented by most of the same aggregation that won the Cowboys the Class A state outdoor crown last spring.

The team championship hung on the outcome of this last event, to be run in heats on a time basis — and all of the leading schools had relay teams in contention. Belmond drew lane No. 1 in the first heat, faced with the need not only of winning that heat but doing so in fast enough time that it could not be surpassed in any of the heats to follow.

Suntken was off like a flash with the sound of the gun, pulled promptly into the lead and by the time he passed the baton to Jenison the Broncos were in front by not less than 20 yards. Jenison, Kramer and Long added about 10 more yards to the winners' lead to finish in 3:38.8, only a tenth of a second over the Class A record.

Coach Koolbeck estimated Suntken's quarter at about :52.8, Jenison's and Long's at about :55 each and Kramer's — despite his mile effort — at about :56. Clarion finished in the runner-up spot to bring its total team score up to 19½, good for second in the final Class A standings. Perry, Humboldt and Waverly were unable to score in the relay and finished in third and a tie for fourth and fifth, respectively.

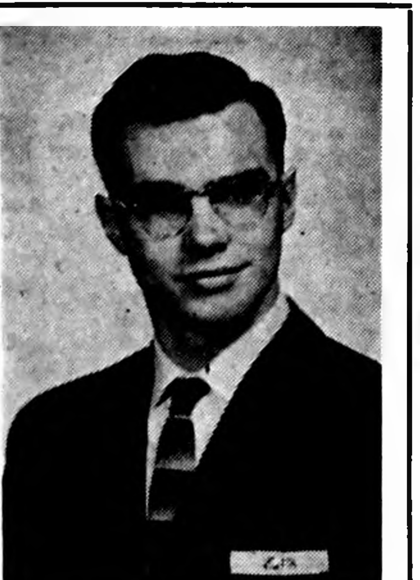
JOE TRIPLETT SEZ:



Ever since the beginning of my employment with Ris-Van last summer I've been busy trying to run down new customers. In some cases I almost succeeded. Well, this past week I finally did a "bang-up" job of running down a potential customer over in Cerro Gordo county. I never gave him a chance and I believe if we ever meet again he will never attempt an argument. He's firmly convinced that I meant business. However, as a consequence of that encounter you may never again see that beautiful blue car I had been driving up to that time. It was a faithful car and when duty called. . . .

It certainly was a relief for those of us working here in the new laboratory building to see the river finally get back within its banks last week. We had water rising up around us on three sides for several days. Bud Trafford was ready to evacuate his downstairs studio one morning after a trickle of water had backed up through the drain. After seeing those undescribable gams of Bud's exposed beneath rolled up trouser legs, the rest of us had another reason to be thankful for those receding waters.

Getting back to the business at hand, Luther Johnson was in the other day to make arrangements for his fertilizer bulk spreading needs for this spring. After explaining to me what he had in mind I can truthfully say that it will be one of the nicest single orders I've had the pleasure to write up so far. Luther also informed me that he is putting liquid attachments on his year old planter this spring. Another man gone Ris-Van.

Speaking of liquid planters, you will recall that recently I mentioned that Fred Suntken had been "almost saved" by Ris-Van. As it turned out I don't know who saved who, but I do know Fred will be planting with Ris-Van Fertilizer this spring.

When I stopped in to see Bob Kalkwarf the other day he was in the process of making several farm yard graders with his welder and some used grader blades he acquired from the county. He said he already had orders for three and was making a few extra for anyone else who might have a problem with muddy yards. He may have a very profitable business there before spring is over. Before I left Bob did give me a very nice order for his starter fertilizer this spring. He knows that using R-V Liquid Fertilizer is profitable business in his farming operation.

The other day I stopped into a place to get my direction straight and I met Joe Copper for the first time. Joe farms 320 acres of land up near Goodell. He said that last year was his first year in this community. Osage was formerly his home town. While getting my directions I happened to ask Joe about his fertilizer program and it turned out to be quite respectable. The 100 bushel plus yield that he raised last year was quite respectable, too. The next time I see Joe I won't be asking for directions, and when I do you can bet I'll say . . .

Get RIS-VAN, Man,

THAT'S FERTILIZER.

SPORTS

Indians and Cards Triangular Foes Of BHS Tuesday

Coach Rich Koolbeck will have an opportunity to test some of his more promising but as yet unproved track and field prospects next Tuesday afternoon in the first local cinder activity of the current season.

Belmond High's oval will be the scene of a triangular meet in which the Broncos will contend with Forest City and Garner. The host team is favored to rack up the highest point total by a considerable margin.

This Saturday, Belmond will make its first appearance at the Holstein Relays. This is one of the most highly regarded of the early season meets in the state and always draws a strong field.

It will provide Coach Koolbeck an opportunity to try some relay combinations that he hopes will prove point-getters during this spring's track campaign and give his individual stars a chance to compete against top-flight rivals.

Winbigler Heads Pin Association

Cecil Winbigler was elected president of the Belmond Bowling association at the pin organization's annual business meeting held Wednesday evening of last week at Bowl-Mor Lanes. He succeeds Ed Albers as head of the association.

Vern Dippel, as treasurer, was the only officer re-elected. Others chosen for the 1960-61 league bowling year were: Duan Thompson, vice president; Maynard Holmgaard, secretary.

One director was re-elected, also — Lawrence Espe of Kanawha. Others who will serve on the board, along with the officers, are: "Bud" Johnson, Kanawha; LeRoy Carolus, Goodell; Gene Doughan, Corwith; and Elmer Hopkey, Alexander.

Pearson Tumbles Maples for 696

League bowling at Bowl-Mor Lanes last week was highlighted by the establishment of a new high series total for men and the first triplicate performance of the current season

Proprietor Gene Pearson, blistering the alleys in behalf of Farmers Grain in the Boardsplitters league, posted the top series score for the present pin campaign.

He opened with a scorching 254, slacked off to a 203, then finished with a fine 239 to total 696 pins. A spare in the 10th frame, which interrupted a string of strikes and was followed by another, prevented Gene from hitting the 700 mark.

Pearson's series score surpasses Fred Gordon's previous high for the season by just one pin.

Fred Pals was responsible for the only triplicate series that has been rolled at Bowl-Mor this season. He hooked together three consecutive 167's.

Convention Picks State Delegates—

County GOP Recommends Discharge of Benson

Mrs. Dorothy McNeal and John Greenlander from Belmond and Friend Bras from Belmond township are in the delegation of 28 Republicans who will represent Wright county at the Iowa GOP presidential convention at Des Moines on Friday of next week.

These delegates were chosen at the county presidential convention held last Friday at the district courtroom at Clarion, conducted by Robert A. Maddocks of Clarion as chairman. Mrs. Dale Smith of Eagle Grove served the convention as secretary.

In addition to the three from Belmond, delegates elected to attend the state parley were:

Dr G. E. Schnugg, East Blaine township; Ed Nelson, West Blaine; C. J. Christiansen, Ben Birdsall, Newt Draheim, W. M. Trowbridge, Robert Blecker and Gene Allen, Clarion; Robert Blue, Ed Ellsworth, M. B. Crabbe, Russell Blackman, Mr. and Mrs. Otto Knudsen and Don Knudsen, Eagle Grove.

Ray Hagie, Dayton township; Mrs. Alre Watts, Grant, Floyd Whitten, Iowa; R. E. Schipull, Liberty; Mrs. Clarence McBride, Lake; O. R. Arends, Lincoln; Gerhard Thompson, Norway; A. M Otteros, Vernon; Mitchell Schroeder, Wall Lake; and Albert Moellering, Woolstock.

Committees serving convention functions were: rules and credentials — Don McGrath, Clarion, chairman; Newt Draheim, Clarion; and Harlan Larson, Goldfield; resolutions — Ben Birdsall, Clarion, chairman; W. P. Tyrrell, Belmond; Albert Moellering, Woolstock; M. R. Crabbe, Eagle Grove; and R. W. Hagie, Clarion.

Nominating committee for state delegates — C. C. Christie, Belmond, chairman; Mrs. Duane Sandage, Clarion; Ed Ellsworth and F. M Wooster, Eagle Grove; Henry Janssen, East Blaine; Robert Whyte, Goldfield; and O. R. Arends, Lincoln.

Otto Knudsen of Eagle Grove, central committee chairman, in his opening remarks, stressed the dangers of socialized government that Democrat welfare programs and extended controls have erected as an increasingly serious threat to free enterprise.

One of the major highlights of the convention was inclusion in the resolutions of a recommendation for immediate dismissal of Ezra Taft Benson, secretary of agriculture, and his replacement with a successor named from Iowa — or at least a midwestener with an understanding of the problems of the corn, hog and cattle farmer.

While crediting Secretary Benson with sincerity in his beliefs, the resolution declared that "he has failed to gain the confidence of the American farmer and others associated with agriculture in administration of the Democrat farm program."

The resolution deplored the fact that "although the Democrat party has had control of Congress for all but two sessions since 1930, no satisfactory solution for the problems of agriculture has yet been presented."

The convention went on record as favoring "an expanded conservation reserve program to provide for coverage of at least 60,000,000 acres of land."

"We favor legislation," the resolution continued, "both on the national and state level which will encourage and aid the marketing of farm products at fair prices. We believe this legislation should encourage and enable the various farm organizations to implement by methods of their own choosing their own self-help programs."

Reapportionment of the legislature by the legislature (in contrast to constitutional convention) was recommended by the convention, "with representation in one house based on population and in the other on area, similar to the organization of the Congress of the United States."

The convention also went on record as favoring increased state aid for the public schools in Iowa to facilitate and increase educational opportunities and equalize and reduce local property taxes.

Legislation to encourage continued increase in Iowa's industrial growth was also urged, with particular emphasis by the Iowa Development Commission on the work of its agricultural division.

A resolution also urged legislation to enable the voters of the counties to reorganize their county governments in order to provide more efficient and economical service.

Praise was expressed for the administration of President Dwight D. Eisenhower while "handicapped in not having Republican majorities in the Congress of the United States." Particular credit was given the administration for "fighting the forces of inflation and increased government expenditure;" and "for not forcing class against class in facing the complex problems of government"

Republican majorities in the state legislature were praised "for striving to pass legislation beneficial to all the people of the state, while handicapped by lack of cooperation from the Democrat governor."

A flurry was produced before adoption of the resolutions when three amendments were introduced by Mrs. L. B. Oberhauser which had been submitted by the Belmond township caucus as proposed resolutions.

These suggested: 1. adoption of a graduated land tax; 2. a $5,000 limit on federal farm payments allowable to any one landholder; and 3. an adjusted gross income tax levy, with increased revenues to be earmarked for school aid.

Robert Blue of Eagle Grove, former Iowa governor, moved that Mrs. Oberhauser's motion for amendment be tabled, and this action was taken when approved by a large majority of the delegates present.

While not all appointed delegates were present, there was a large turn-out for the convention and when it was called to order practically all seating space in the courtroom was filled.

COMING ATTRACTIONS

That "Journey to the Center of the Earth" is a long one. It started Wednesday—continues through Saturday. It's the Jules Verne epic, with Pat Boone, James Mason, Arlene Dahl and Diana Baker investigating what gives in the center of the globe.

Just real swell entertainment. That's "A Hole in the Head," which introduces to the screen Eddie Hodges, who originally gained fame in Meredith Willson's Broadway production of "Music Man."

Eddie has some mighty handsome support in Frank Sinatra, Edward G. Robinson, Eleanor Parker, Carolyn Jones, Thelma Ritter and Keenan Wynn.

With Frank Capra wielding the directorial spoon that mixes up this unusual batch of talent, it couldn't help but turn out as a crepe suzette to suit just about ANYBODY'S taste.

William Sheriff, Jr., Goodell — improper passing, fine $10 plus.

Gary Waters, Fort Dodge — improper passing, fine $10 plus.

Darold Murray, Mason City — improper passing, fine $10 plus.

Receive One? Get In Questionnaire On Housing Census

Bill E. Algood of Fort Dodge, district supervisor for the 1960 census of population and housing, today urged area residents who have received "sample" questionnaires to fill out the forms and mail them to the census district office promptly.

The sample questionnaires, printed on blue paper, were left at every fourth household during the first stage of the census, which is now virtually completed. These questionnaires contained the detailed population and housing questions which are asked of a 25 per cent sample of the population.

By using only a sample of the population, the census bureau is able to collect important information about the nation's people at a fraction of the cost of a complete canvass.

The success of the census depends upon the cooperation of local residents in filling out these forms and mailing them promptly, the district supervisor said. He pointed out that all information furnished to the census bureau is kept in strict confidence under federal law and cannot be used for taxation, regulation, or investigation

● Belmond Locals

Jack McLaughlin and daughter Ruth spent Sunday in Northwood. They attended the confirmation of Joanne Cook and Ruth was sponsor for her niece.

Pat Warner of Goldfield and Bob Watts of Clarion spent Saturday visiting their grandparents, Mr. and Mrs. Earl Watts.

Mr. and Mrs. Earl Swenson and Dennis and Mr. and Mrs. Dick Smit and family attended a potluck family dinner Sunday honoring the ladies' father, Charles Anderson on his birthday anniversary. It was held in the VFW hall in Clarion and between forty and fifty were in attendance.

Can I Rent a Hearing Aid?

At Physicians Hearing Aid Center in Mason City, you can try out a hearing aid for a small rental charge.

In many cases, it is advisable to try out a hearing aid before purchase. This gives the wearer an opportunity to test the hearing aid in actual use over a reasonable length of time. And when a purchase is made, the amount of rental paid is applied towards the cost of the hearing aid selected.

Physicians Hearing Aid Center Offers:

Professional testing and counselling facilities.

Qualitone and Acousticon hearing aids.

Vicon aids for very hard of hearing.

If you have been told "I am sorry I cannot help you" try "Vicon."

Hearing aid rental service.

"...the most significant engineering advance" of 1960
. . . Motor Trend Magazine
Corvair named "CAR OF THE YEAR"

"Four-wheel independent suspension totally unlike any other U.S.-built car" . . . "air-cooled aluminum engine . . . not dependent on the properties of a liquid coolant" . . . a rear-mounted transaxle "allowing a flatter floor and a lower roofline. . . ." These are some of the praises heaped upon Corvair by the editors of Motor Trend—the world's largest general automotive magazine—in announcing their coveted Car-of-the-Year award. Other cars didn't even come close. The Motor Trend experts, who evaluated every make in the country, were unanimous in their decision, published in the April issue. But, unless you have personally driven a Corvair, you can't appreciate what this engineering achievement really means in combining compact car economy and agility with big car ride, room and sure-footedness. Drop down to your dealer's, take a trial drive and then judge the Car of the Year for yourself!

GOODELL NEWS

BY MRS. AMOS HANSON

School Operetta Tuesday Evening

An operetta based on the life of "Johnny Appleseed" will be presented next Tuesday evening at 8:00 o'clock at the Goodell community hall by the children of Goodell grade school. DeEtta Brownfield is director of the musical show.

This is a new operetta, just published last summer, and Miss Brownfield promises that it will delight those attending it with its clever melodies and modern harmonies.

Tommy Finn has been assigned the title role. Others in the cast are:

Donna Hauge as Mother Chapman; and Leslie Steenblock as Father Chapman; David Henn as Grey Wolf, an Indian friend of Johnny's; Sandra Kortkamp as the Guardian Angel.

Kathy Finn plays Apple Brown Betty; Eugene Pals is Nathaniel, Johnny's brother; and Jimmy Chesnut takes the part of Bobby. Others singers are Nancy Barkema, Barbara Finn, Kathy Slining, Janell Olson, Mickey Gabrielson and David Bier.

In addition to the operetta, the evening's program will feature the youngsters of 1st and 2nd grades in "Day in Music Class."

Mrs. Laton Avery and her sisters, Mrs. Lee Milsap of Williams and Mrs. Pat Dillon of Belmond, went to Mason City Monday and visited in the home of their cousin, Mrs. Ida Shaner.

Mrs. Larry Langlitz and Leon of Burchinal visited last Wednesday in the parental Mell Ver Helst home and also called in the Mrs. J. E. Savogue home.

Mr. and Mrs. Lloyd Carpenter returned home last week. They nave enjoyed the winter in Lakeland, Fla.

Mr. and Mrs. Ralph Anderson and two children were guests Sunday in the home of his brother at Nashua. Mr. and Mrs. William Dieger accompanied them as far as Mason City and enjoyed the day in the home of their daughter, Mrs. Russell Bell.

Legion Auxiliary Meets Tonight At King Home

Legion Auxiliary will meet Thursday at 8:00 p. m. in the Emmett King home. Mrs. King and Mrs. Bernard Nolte are hostesses.

Two Local Ladies Attend Shower At Meservey Church

Mrs. V. E. Harris and Mrs. Amos Hanson attended a pre-nuptial shower Wednesday evening of last week in the EUB church social room at Meservey. Honoree was Bethel Haberkamp of Garner who will be married April 9th to Ferdinand Lemke, son of Mrs. F. A. Lemke of Meservey.

Mrs. Carroll Morris was chairman of the program and presented Dorothy Ostendorf in a trombone solo, a ladies quartet and Mrs. Mervin Morris in a reading. After the bride-to-be had opened her gifts the hostesses served lunch.

Mr. and Mrs. Nico Waage were called to Thornton Monday evening of last week by the critical condition of her brother, Harold Zieman, who passed away. The Waages attended the funeral services on Friday.

Mrs. H. O. Sandberg of Clear Lake enjoyed supper and the evening Tuesday of last week in the parental O. Sandberg home. Mr. Sandberg and Tony Young of Garner were attending a dinner and meeting in Belmond and later in the evening also visited in the Sandberg home.

WSWS Met At Stilson; May Meeting Postponed

Mesdames Henry Brede, J. J. Cook, Arthur Ruka, Robert McNutt, Melvin Sorenson, Alvis Berhow and Amos Hanson attended the April W. S. W. S. meeting Friday afternoon in the Rev. Donald Varce home at Stilson. Mrs. Brede presented the lesson on Africa and Mrs. Varce was hostess.

The May meeting will be postponed one week due to Annual Conference and will be held on May 13th. Local members plan to attend the Spring Conference to be held at the E. U. B. church in Sheffield, April 19th.

NEW CHURCH ORGAN BOUGHT BY ST. MARY'S COMMITTEE

Mrs. Ray Barry, Mrs. Leonard Anderson, Josephine Dominy, Mrs. Mac Fuller and Mrs. Clair Finn comprised a committee that went to Mason City a week ago Wednesday and purchased a new Conn electric organ for the St. Mary's Catholic church.

It was delivered Thursday by the Carleton Stewart Music company. Mrs. Finn is the church organist.

WILL HEAD CANCER DRIVE

Mrs. Dale Shelton has been appointed chairman for the Cancer crusade in Goodell. Wednesday of last week she and Mrs. Arthur Savogue attended a county meeting at Klemme. Several other local women will help with the soliciting.

Mr. and Mrs. William Janssen in company with Mr. and Mrs. Roy Janssen of Rockwell and Mr. and Mrs. Lester Nuehring of Mason City were guests of Mr. and Mrs. Wiley Weaver of Garner at the smorgasbord at Mason City last Thursday evening.

Mrs. Dick Roberts was hostess to the Contract Bridge club Tuesday evening.

Mrs. Laton Avery is spending this week in the home of her sister, Mrs. Lee Milsap, at Williams.

Edith Sandberg Succumbs Day Before 64th Birthday

A beautiful and remarkably useful life came to a close in the early hours of Saturday morning when death came to Edith Sandberg at the home she shared with her brother-in-law and sister, Mr. and Mrs. Amos Hanson, and her aged father, Ole Sandberg.

Grief was felt by a host of friends who had loved and admired Edith; but tempering their sadness was the knowledge that she had parted this life in a manner that would have been to her liking.

A life-long cripple who had resolutely "done for herself," she had been unable to walk from the age of 19. Friday night she had made a laborious ascent of the stairs in her accustomed fashion about 11:00 o'clock and had just reached the top when she called to her sister for aid. Seconds later she fell into a coma resulting from a stroke. She passed on some four hours later without regaining consciousness.

Handicapped in her early years by rickets, Edith by the age of four had undergone the process of learning to walk three times. Osteomylitis, a bone disease, deprived her of the use of her legs when a young woman and she was thereafter a complete invalid — though the most active invalid imagineable.

Her useless, lower limbs were a handicap that she determinedly disregarded; and over the succeeding years (she died just the day before her 64th birthday) she made herself unbelievably useful about the home.

Edith did all of the housework that was at the "floor level," including vacuuming and waxing the floors. She did all the household's sewing and crocheted endless yards of lace, despite a left arm left pitifully disabled by the bone ailment that had otherwise crippled her.

She lived an almost wholly independent life, rarely calling on her sister for assistance of any sort. Though her fate could have left her bitter and complaining, she was instead cheerful and always philosophical about her handicap.

Her circle of friends extended to a great number who had departed from Goodell and to whom she wrote with regularity to keep them posted on happenings in their "old home town." She kept completely up to date on those happenings through the position of correspondent for the Garner Leader, which she filled for more than 20 years prior to her death.

Edith Johanna Sandberg was the oldest child of Olander and Elna Sandberg. She was born April 3, 1894, at Dixon, Ill., moving to Goodell with her parents in 1902. She was unable to complete her education through high school because of ill health.

She was a member of the Goodell EUB church and of the American Legion Auxiliary. Her interest in helping others was demonstrated by her membership in the Belmond Community Hospital Auxiliary.

Surviving are her father, who is 94; two brothers, Henning O. Sandberg of Clear Lake and Carl of Ames; and her sister Mrs. (Selma) Hanson. She was preceded in death by her mother in 1956 and by a sister Hazel, Mrs. Earl Jenison, in 1949.

Funeral services were held Tuesday at the EUB church, Rev. Donald Varce officiating. Interment was in the Amsterdam cemetery. Pallbearers were Donald Burk, Ernest Kurtz, Ira Langlitz, Walter Boller, William Butts and Howard Dominy. Fulton Funeral Home of Belmond was in charge.

Out of town friends visiting in the Sandberg-Hanson home Saturday and Sunday were Mr. and Mrs. Fred Finske of Blue Earth, Minn., Mrs. J. E. Marek and Marianne, Mrs. Richard Kreuger, Mr. and Mrs. Gilbert Jones and Mr. and Mrs. Robert Blake of Mason City, Mr. and Mrs. Charles Christenson of Woden, Mr. and Mrs. Roger Keppers of Renwick, Mrs. Frank Pringnitz of Klemme, Mrs. Carl Robbins, Mr. and Mrs. Sumner Fuller, Mr. and Mrs. James Barry of Belmond, Mr. and Mrs. Al Enabnit, Mr. and Mrs. H. O. Sandberg and Leo Gribmen of Clear Lake, Mr. and Mrs. D. L. Wilke of Kanawha, Mr. and Mrs. Carl Sandberg, Bill and Carla and Mr. and Mrs. Arnold Jenison of Ames, Mr. and Mrs. George Jenison, Mr. and Mrs. Leland Jenison and Mrs. Bob Jenison of Belmond.

Roger Hanson of Detroit, Mich., came by plane early Sunday morning in response to a message of the death of his aunt, Edith Sandberg. He returned to his home Tuesday evening.

MR. AND MRS. HARM H. PALS

Mr. and Mrs. Harm Pals to Observe Golden Anniversary on April 12th

Mr. and Mrs. Harm H. Pals of Belmond will be honored on the occasion of their 40th wedding anniversary with an open house at their home, 508 First street SE, from 2:30 to 5:00 p.m. and 7:00 to 10:00 p.m. Tuesday of next week.

Hosts for the courtesy will be their son and daughter-in-law, Rev. and Mrs. Eldon H. Pals of La Crosse, Wis., and a second son, Ronald Pals, who is attending Midland Lynotype school at Charles City.

Mr. Pals and the former Reka Kuhlers were wed on April 12, 1920, at the home of the bride's parents, Mr and Mrs. Albert Kuhlers, Sr., at Meservey. They lived their entire married lives on a farm northeast of Belmond until their retirement in September of last year, when they moved to their present home in Belmond.

In addition to their two sons, they have two grandchildren.

No written invitations are being sent and the couple urge announcement of the anniversary open house to be regarded as a personal invitation to all their relatives and friends to greet them at that time

Mr. and Mrs. Tom Asbe Observe 55th Anniversary

Mr. and Mrs. Tom Asbe celebrated their 55th wedding anniversary Saturday and on Sunday 25 guests came to their home to honor the occasion.

The received gifts, cards and three cakes from their friends and relatives.

Present were Mr. and Mrs. Lyle Sampson and family, Harriet Sampson and Donald Geneblanc of Vincent, Mr. and Mrs. Joe Nelson of Britt, Mr. and Mrs. Hiram TerHark and family of Corwith, Mr. and Mrs. Ray Mills and family of Renwick, Mr. and Mrs. Sherman Tesdahl, Mrs. Anna Asbe and Silas Sampson of Kanawha, Bernie Asbe and Mr. and Mrs. Lismore Stole of Clarion.

Hampton's Seniors Plan Capital Trip

Hampton High school seniors who plan to climax their final year of schooling with a trip to Washington, D. C., will help finance their outing by bringing the world famous Columbus Boys' choir to Hampton this Friday.

The singing group's concert will be presented at the high school auditorium at Hampton at 8:00 o'clock. Twenty-six boys ranging in age from nine to 14 comprise the choir.

Music will be varied, ranging from 17th century church music to modern day show hits. A highlight of the program will be a one-act comic opera.

General admission is a dollar and seats in a specially reserved section are $1 50. Mrs. L. A. Osborn is in charge of ticket sales.

Students to Hear St. Olaf Singers

Belmond High school and junior high students will have the privilege next Monday morning to hear the St. Olaf Viking male chorus sing at an assembly program at the auditorium at 11:00 o'clock. Because of the limited seating of the auditorium, attendance has had to be limited to students, only.

This appearance is one of 15 being made by the St. Olaf college singing group from Northfield, Minn., in Iowa, Wisconsin and Minnesota. It is unique in being entirely student organized, directed and managed.

Two Iowa seniors are this year's manager and director, Claude Crumpton of Webster City and Robert Moninger of Clear Lake, respectively.

COMING EVENTS —

WEDNESDAY, APRIL 13 —

League of Women Voters will meet at 2:00 p. m. at the home of Mrs. J. R. Gallagher.

THURSDAY, APRIL 14—

Circles of the WSCS of the Methodist church will meet at 2:00 p. m.

Mary circle will meet with Mrs. A. C. Lieuwen. Co-hostesses are Mrs. Duane Jenison and Mrs. Stuart Kutz.

Ruth circle meets with Mrs. George Kyser and assisting her will be Mrs. George Jenison and Mrs. Cleo Wilson.

Martha circle is to meet at the home of Mrs. Arnold Wendel. Assistant hostesses are Mrs. Emma Brewer and Mrs. Luther Proeger, Jr.

Esther circle will meet at the church. Hostesses are Luella Bohning, Irene Brooks and Lucille Stoltenberg.

WEDNESDAY, APRIL 20 —

The American Home division of the Federated Women's club will meet at the home of Mrs. James Peterson. This meeting was postponed to this date from April 13.

7,000 Lives Lost In Hiway Mishap At 69 Underpass

Seven thousand lives were sacrificed in a highway mishap that occurred about 7:45 a. m. Tuesday at Solberg underpass. The victims were baby chicks being transported from Ames In-Cross Hatchery to Forest City in a panel truck driven by Irvin L. Williams of Ames.

He told Sheriff Blecker that the chicks would not be salable after the jolt they had received when the truck skidded on early morning frost, tipped over and crashed into one of the underpass supports. Williams complained of strained back and leg muscles but did not require immediate medical attention.

He put the value of the chicks, who were to be consigned to a rendering works, at $2,000. Sheriff Blecker estimated damage to the truck at $1,000.

A little more than two hours later, just 300 feet south of the site of the earlier accident, another took place when a '59 Ford driven by Faye Mewes, 24, of Goodell came a-cropper.

F. L. "Shorty" Porter, Clarion rural mail carrier, had stopped at the crest of the hill south of the underpass to deliver mail to the boxes of Amos Sann and Ernest Feller on the west side of Highway 69

As the Goodell driver came through the underpass from the north, a highway commission truck neared Porter's car from the south. She jammed on her brakes to avoid being caught between the two vehicles, lost control of her car and it rolled onto its top. Damage to the car was estimated at $250 but the driver was unhurt.

Porter was accompanied by Mel Jerde of Clarion, who because of the present soft condition of road shoulders was assisting the carrier by placing mail in the rural boxes.

Graveside Rites Here Wednesday For Keith Madsen

Graveside rites were held at Belmond cemetery Wednesday afternoon for Keith Madsen of Wellesley Hills, Mass., a native of Belmond and son-in-law of the late B. C. Hewlett. Rev. M. L. Jones of the Methodist church officiated and Fulton Funeral Home was in charge.

Mr. Madsen died last Friday from complications following surgery. He leaves his wife, the former Marjorie Hewlett; a daughter, Christine; and a son, James. Survivors also include his mother, Mrs. Louise Madsen of Swarthmore, Pa.

Earl Madsen, Mr. Madsen's father, died when Keith was a small boy.

Among relatives who came to attend the final rites, in addition to the deceased's widow and mother, included: a sister, Mrs. Joe Libee, Wilmington, Del.; Mrs. Madsen's brother, Donald Hewlett of Spencer, and wife, and her sister, Mrs. Paul Bowdle, North Little Rock, Ark.; also an uncle of Mr. Madsen, Charles Knox of Boston, Mass.

Bob Koob Elected By Peace Officers

Robert Koob, Eagle Grove's chief of police, was elected last week as president of the Wright County Peace Officers association for the coming year. He succeeds Highway Patrolman Al Sparby of Clarion as head of the organization.

Jerry Kramer, patrolman who makes his home at Belmond, was elected as vice president; Douglas Dean of the Clarion police, secretary; and Patrolman Ben Urban, Clarion, treasurer.

The officers voted to conduct the annual Car Safety-Check again this year, Sheriff Bob Blecker to serve as chairman. This project has won Wright county national recognition the past three years.

Speaker at the officers' annual election meeting, held at Gannon's party room at Clarion a week ago Tuesday, was Judge Ed Kelley of Ames, magistrate for the Wright county district court.

● Belmond Locals

Mr. and Mrs. Loran Greenfield and Laurie of Sheffield and Mr. and Mrs. Carl Greenfield were guests Sunday in the Charles Hageman home at Ames.

Janis Kalkwarf, student at Iowa State Teachers college, Cedar Falls, spent the weekend with her parents, Mr. and Mrs. Ernest Kalkwarf.

Bruce Swenson of Wilmar, Minn., was a weekend guests of Tom Hill in the Chester Hill home.

Holstein Identical Twins Again Wanted for Tests

Iowa State university's twin heifer research herd at Ankeny is now receiving the idental Holstein twin class of 1960, County Extension Director Aaron R. Bowman says.

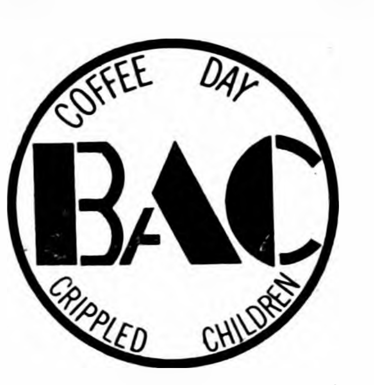
He'll appreciate a phone call or note from anyone who knows of the birth of twin heifers that have three-quarters or more Holstein breeding and that look identical. University researchers will inspect them and buy those that appear, in field tests, to be identical.

Bowman says Dairyman A. E. Freeman, supervising the identical twin research projects, points out that identical twins will look remarkably alike, but will not necessarily have identically shaped color markings. So, in case you think the twins may be identical, Bowman says he would like to have you call him even though the calves don't look quite alike.

Freeman says identical twin heifers occur in the Holstein breed about once every 1,600 births. Since the farm census shows about 5,300 dairy cows in Wright county, and it is estimated that about 60 per cent of these have Holstein breeding, Mr. Bowman says this county should be able to sell a set of identical twin heifers to this research herd every six months to one year.

Freeman says the response of dairymen last fall was "excellent" when they were asked to report births of identical twins. The researchers have been called to look at 40 pairs of calves this year so far. They were able to buy six sets as identical twins.

They are glad to look at all the calves they hear of, even though many may not prove to be identical. Buying of calves for 1960 is progressing well, but somewhat more than the 16-pair annual quota should be bought this year. The researchers are trying to make up a 1959 "shortage"



ON THIS BADGE the initials "B.A.C." stand for both "Back-A-Camper" and Buck-A-Cup." Pins so inscribed will be sold throughout the state next week as the Iowa Restaurant association conducts it's annual Coffee Day in behalf of the Iowa Society for Crippled Children. Bud Gannon, Clarion restaurateur, is Wright county chairman for the project. Iowa Junior Chamber of Commerce is assisting with the state campaign and Gannon planned to ask the cooperation of Belmond's Jaycees. The "B.A.C." button will entitle the wearer to a cup of coffee at any participating cafe on Coffee Day, Friday, April 15. Funds raised will go towards the special residential summer camp for Iowa crippled children now under construction near Ankeny. Persons not contacted earlier may buy pins from cafes joining in the "B.A.C." project.

HOSPITAL NOTES

Mrs. John Halfpap entered March 29 as a medical patient.

Mrs. Irvin Meier entered March 29 for surgery.

Dale Upmeyer of Garner entered March 30 for surgery.

Severt Jacobson of Kanawha entered March 30 as a medical patient.

Leonard Nelson of Kanawha entered March 30 as a medical patient.

Mrs. Walter Boyd entered March 30 for surgery.

Mrs. Carl Madison of Goodell entered March 31 for surgery.

Oscar Olson of Goodell entered March 31 as a medical patient.

Mrs. Louis Gethmann of Kanawha entered April 1 as an accident patient.

Marolee Neuberger of Renwick entered April 1 for surgery.

Mrs. Fred Markham of Thornton entered April 1 for surgery.

Mrs. Elmer Dorenkamp of Meservey entered April 3 for surgery.

Tom Harty, Sr., entered April 4 as a medical patient.

Mrs. Edward Ryan of Klemme entered April 4 as a medical patient.

Roberts Overseas; Given Promotion

AUGSBURG, Germany (AHTNC) — Gaylen L. Roberts, 19, son of Mr. and Mrs. Albert L. Roberts, Route 1, Belmond, Ia., recently was promoted to private first class in Germany, where he is a member of the 24th Infantry Division.

A scout observer in Company C of the division's 2nd Infantry in Augsburg, he entered the Army in June 1958, completed basic training at Fort Riley, Kans., and arrived overseas in January 1959.

Roberts is a 1958 graduate of Belmond High school.

Judges Selected For GMI Union's Scholarship Test

Elden Boyd, chairman of the scholarship committee of Local No. 25 of the American Federation of Grain Millers, announced this week that judges have now been chosen to pick a winner in the Belmond High school AFL-CIO college scholarship competition.

Scholarship examination papers and essays will be rated by: L. T. Trafford, Belmond mayor; Ernest Doeringsfeld, BHS principal; Mrs. Harold Erdman, junior high school English teacher; and Mr. Boyd, who is also a past president of Local No. 25.

59 Vying for Prizes

Fifty-nine BHS seniors next week will compete in the scholarship contest here, in which the General Mills union will award prizes of $50, $30 and $20 to the three top place winners. The first-place examination will be forwarded as an entry in the competition for a $500 college scholarship that will go to the state winner.

According to George Wieney, who is vice president of the Federation of Grain Millers and has been keenly interested in promotion of the scholarship competition, participation at Belmond High school will be wider than in any other school in Iowa.

Mr. Weiney, who's made many visits to Belmond as a union representative, says BHS will have by an appreciable margin, a higher percentage of its seniors contending for the scholarship than any other participating school and one of the largest entries on a straight numerical basis.

Cooperation Praised

He expressed high praise for the cooperation Local No. 25 has received from the high school and also commended Mr. Boyd, as chairman of the committee, for inspiring such a remarkable response.

Tuesday night of this week, a large share of the students who will take the examination attended a regular meeting of Local No. 25 held in the library basement to see just how such meetings are conducted. Mr. Boyd says that many of the boys and girls also have been reading union literature at the library to better prepare themselves for the competition.

Busick Sentenced To Term In Jail

Bob Busick was heard in the court of Mayor L. T. Trafford at 5:00 o'clock Tuesday morning on a charge of making beer available to a minor. He was sentenced to pay a $100 fine or to spend 30 days in the county jail. His fine unpaid, he started the same morning to serve the jail term.

Busick was arrested about 1:45 a.m. by Night Officer Marvin Miller. When picked up in a car near Main street business district, David Ammerman, 17, was with him. Ammerman was also hailed before Mayor Trafford, who fined him $10 and costs for consuming beer on a public highway.

ALEXANDER NEWS

MRS. H. B. JANSSEN

Alexander Musicians Receive 17 Div. 1 Ratings in State Contest

Twenty-two Alexander High school students competing in 31 events at the state music contest for soloists and small groups last Friday and Saturday at Klemme brought home 17 Division I ratings. Another 12 of the entries were awarded Division II ratings and the other two, Division III. Marilyn Junker is the AHS instructor in both vocal and instrumental music.

Vocal soloists who earned top ratings were: Ron Dirksen, Vernon Modderman, Judy Boelman, Susie Schulte, Bob Latham and James Hoekstra; and "superior" ratings also went to the following instrumental soloists: Susie Schulte, Judie Karstens and James Hoekstra.

Ensembles awarded Division I placings were: drum ensemble — Kaye Modderman, Cheryl Scott, Dixie Hopkey and Tom Ingle; clarinet quartet — Susie Schulte, LuRay Price, Randi Nagel, Sharon Hopkey; girls sextet — Kaye Modderman, Diane Eden, Susie Schulte, Randy Nagel, Judy Boelman, Norlene Thompson; girls trio — Kaye Modderman, Susie Schulte, Judy Boelman.

Boys quartet — Ron Dirksen, Bob Latham, Duane Barkema, James Hoekstra; boys double quartet — Ron Dirksen, Vernon Modderman, Bob Latham, Derald Pals, Duane Barkema, Vergene Trager, Jerry Modderman, Bob Dirksen; mixed quartet — Kaye Modderman, Judy Boelman, Ron Dirksen, Duane Barkema; brass quartet — Jerry Modderman, Norlene Thompson, Jim Hoekstra, Bob Latham.

Division II vocal soloists were: Kaye Modderman, Duane Barkema, LuRay Price, Jerene Andrews; instrumental soloists: LuRay Price, Jerry Modderman, Kirk Baker, Linda Greenfield.

Ensembles rating Division II were: sax quartet — Linda Greenfield, Jerene Andrews, Ron Dirksen, Judy Boelman; mixed octet — Kaye Modderman, Diane Eden, Cheryl Scott, Jerene Andrews, Ron Dirksen, Bob Latham, Jerry Modderman, Duane Barkema. Cornet trio — Norlene Thompson, Jerry Modderman, Diane Eden. derman. Diane Eden.

Division II ratings were to Diane Eden. cornet solo; and Randi Nagel, clarinet.

Westfork Students In Music Festival At Hansell Friday

Alexander High school musicians will participate this Friday in the Iowa Westfork Conference Music Festival at Hansell, which will be climaxed by an evening concert at 7:30 o'clock by the massed band and chorus.

In addition to Alexander, schools whose vocalists and instrumentalists will join in the festival are Thornton, Meservey, Chapin, Hansell, Geneva and Rowan.

Robert Pfaltzgraff of Dumont, a past president of the Iowa All-State Chorus, will rehearse members of the massed chorus in the morning. James Hoekstra, Alexander sophomore, will be accompanist for the chorus.

In the afternoon, the massed band will rehearse under the baton of Stanley Davis, Roosevelt Junior High school instrumental instructor at Mason City.

The evening concert will feature eight selections each by the chorus and band.

COMING MEETINGS

CEMETERY meeting will be held Thursday of this week at the Methodist church. Hostesses are Mrs. Herman Modderman and Mrs. Oscar Hensel.

SCOTT township Farm Bureau women's meeting will be held in the Lawrence Fahrmann home near Latimer. A large attendance would be greatly appreciated. The date is Thursday of this week.

WSCS will meet Wednesday afternoon, April 13, at 2:00 o'clock at the Methodist church. Hostesses are Mrs. Ted Beenan, Mary Winwood and Mrs. Nolan Colglazier.

BAND Mothers will meet at 2:00 p. m. Thursday, April 14. Hostesses are Mrs. Paul Bohning and Mrs. Chris Madsen.

Mr. and Mrs. Kenneth Myers and Kent spent several days at Ann Arbor, Mich. En route they stayed overnight in Davenport with their son Glenn, taking him with them for a visit in the home of Mr. and Mrs. Lonny Myers. While there they went sight-seeing and touring industries in Dearborn and Detroit, Mich. Lonny is assistant manager in the Robert Hall clothing store. Mrs. Myers is employed in a hospital in Ypsilanti, Mich.

Eliminate High School Sports? Such Poppycock!

Every so often, some square who has an oversized urge for publicity or preferred paper dolls to marbles and kite flying when he was a kid comes out for the abolishment of high school athletics. It happened again last week at a midwestern gathering of educators.

We're a sports enthusiast from 'way back and the poppycock aggravates us more than somewhat, even though we know that headlines on the story largely indicate a dull news day for the paper that played it up.

All the same, we feel that any man earning his living as an "educator" should have better sense. We'll grant that athletics, like anything else in this life, has its shortcomings as well as its virtues. But the benefits of sports so far outweigh their disadvantages that their value isn't a disputable point, to our notion.

The latest hero out to eliminate sports to the greater glory of America's youth says that, with an important game or track meet coming up, not only the participants but members of the student body are apt to do a little day-dreaming about the imminent excitement instead of concentrating on studies. We can tell you from personal experience that the average adolescent can find worse things to day-dream about.

And they're GOING to do some day-dreaming. Rest assured of that. Whether their thoughts are occupied by the next Saturday night's date, the opening of the fishing season, or are projected clear to the last day of school, they AREN'T going to be concentrated on studies throughout the school day.

Recent years have seen steady de-emphasis of high school athletics, and we wouldn't quarrel with the contention that some of it was called for. Sports is the tail on the dog of learning and the DOG should wag the TAIL.

It is noteworthy, though, that a majority of educational leaders readily acknowledge that sports make a very realistic contribution to the type of well-rounded training that schools should provide their young men. Initiative, leadership, self-discipline — all of these qualities and a dozen more are developed on the athletic field as they never would or could be in the classroom. This has been demonstrated dramatically in war time, when we'd have been in a bad way if we'd been depending on the bookworms to save our necks.

We believe our own, local school athletic program has proved the very real value of sports to a diversified educational program. We believe BHS turns out BETTER boys, HEALTHIER boys, and young men with a brighter future as adults because of its well directed sports program.

Probably we shouldn't get so wrought up just because a blue-nose or two goes off half-cocked at an educators' meeting. But it always riles us when a man who pretends to know enough about boys to TEACH them, actually knows so little about them as to think that sports are a dispenable part of their schooling.

"Independence" of Party Is Just Lazy Citizenship

Not because of laziness (well, not ENTIRELY because of laziness) we're giving over most of our Scanning space this week to a "Letter to the Editor" written by our good friend Marion (Mrs. L. B.) Oberhauser.

While she particularizes her remarks to apply to Belmond township, practically any committeeman or committee woman who has battled conscientiously to arouse interest in his or her particular precinct could voice the same complaint.

It is a glaring fault in our political system that the rank and file of voters simply will not bother themselves to take an active part in the organization and activities of the parties that are the foundation of our democracy.

If there is ANY place that the individual voter can exert influence over party policy and selection of candidates, it is at the caucus level. By election time it is much too late. You vote for who's available, and the party platform is long since irrevocably set.

We'll confess that not too many years ago we prided ourself, personally, in being an "independent Republican." We kept aloof of actual participation in party work and felt free to jump any political fences that we saw fit. We still don't go along with a blind adherence to policy (or faithfulness to candidates) on the basis of "my party, right or wrong." BUT — and it's a big one -- we will now concede that we've small justification for wailing our disapproval if we didn't raise our voice during the pre-election period when policy is being laboriously devised.

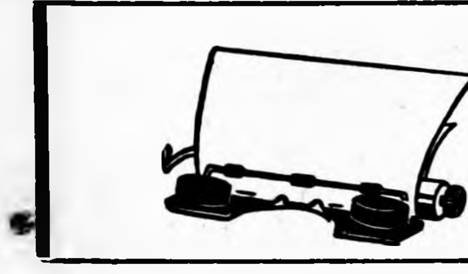
Republican influence in Wright county has been dwindling. We don't believe that Republican NUMBERS have been dwindling appreciably. Rather, it is Republican dedication and determination that has diminished. The Democrats have been giving the GOP in this county aces and spades and then whaling the tar out of the Republicans by the simple means of working twice as hard to sell their candidates and their platform.

We don't feel this is a bad thing, in itself. It's only bad to the extent that Republican party members refuse to rise to the challenge and continue to be beaten through their own indifference. But if the important checks and balances of our two-party system are made impotent through lazy citizenship — watch out, brother!

If you're excusing such laziness on your own part on the strength of unjustified pride that you are politically "independent," think it over. And don't excuse yourself by whining "the king-makers" will have their way, regardless of what is said and done at the local party level. Those hard-working party figures condemned as "king-makers" more often than not are merely conscientious men and women doing the best they can in absence of a clear mandate from the individual members of their party.

Whenever a democratic government fails to reflect the best interests of the majority of its citizens, it is because those interests have not been made manifest BY its citizens. And the medium through which their voice can BEST be heard is the political party.

We recommend Mrs. Oberhauser's remarks to your reading. And if the shoe pinches, DO something about it.



Clipped Comment

From the Typewriters of Other Editors

Why Print That Story? Here's Why

Hardly a week goes by when the employees or editors of The Press-News are asked, for one reason or another, to refrain from printing news. Sometimes threats accompany these requests, usually directly addressed, but occasionally relayed to us by others. This week's issue contains some unpleasant news and we have already been warned second hand, it is true, not to print one of the items. The news nevertheless appears.

Because these questions are raised with such frequency, it is time to answer the question, "Why Print That Story?" The editor of the Thompsonville, Conn., Press addressed himself to that problem recently and the result expresses very well the policy of The Press-News. Here is the Connecticut newspaper's answer:

"ALMOST EVERY WEEK WE receive one or more complaints about a particular item that appeared in the Press. Almost always it starts with, 'Did you have to run such and such an item? Don't you realize that this man has a family, etc.'

"How we wish that we could put that reader in our position for one week — then he would understand and through understanding, know that our sympathies for those in trouble are as deep and as sincere as his. Yet we have little choice but to run the news as it happens.

"Everyone has a family or friends whose love and good will and respect are dear to him or her. A newspaper, whether daily or weekly, can by one story, cast a shadow over that relationship. And when this happens, as it does to so many, it is hard for those affected to feel much affection for the newspaper concerned.

"IT IS USELESS TO SAY TO such parties, 'We didn't commit the act which caused your embarrassment, we didn't arrest you, we didn't even release the news to which you object. We simply collected and put it into printable form. We did this, not necessarily by choice, but because this is the reason, for our existence as a newspaper.

"Such an explanation, however, never satisfies the complaining parties. Their argument always is that a weekly should concentrate on 'constructive news.'

At first glance this argument seems reasonable. But it isn't. A weekly newspaper is the record of a town's activities week by week. Since towns, like cities, are composed of people, its newspaper should record the activities of those people — good, bad or indifferent. To the extent that a newspaper does this it answers both a social need and a human need. And to that extent it is bought and read.

"THE MOMENT AN EXCEPtion is made because of friendship or sympathy or the reputation of a person, the newspaper leaves itself wide open for other exceptions until only those who have no influence with the paper get unwelcome publicity.

"How often we have wanted to tell our reporters, 'don't write this story. It will hurt a nice fellow or his family or his job.' But experience has taught us not to do this regardless of consequence.

"Yes, folks, we have feelings. We don't want to hurt any person in town — of good reputation or bad. We want the good will of each and every one of you.

"But we can't set ourselves up as the judge and jury of who should get favorable or unfavorable publicity." — **Osage Press-News**

Laugh, or Be Dubbed

We were among those whose favorable reactions were spontaneous and unrehearsed, live and direct, when the television networks announced, a while back, that henceforth they were swearing off even the little bitty kinds of deceit.

We got a clearer, if not necessarily impressive, picture of what that meant when, after certain shows, we began hearing announcements telling us that the programs had been pre-recorded and that applause and laughter had been dubbed in.

ALTHOUGH WE ADMIRED the candor, we wondered if the honesty drive wouldn't have been better served if the laughter and applause had been left out instead of branded as fake.

Now the campaign has gone a step farther. The other night, after an alleged comedy show, it was announced that the show had been "taped before a live audience with with reaction technically augmented."

WHAT DEVICE OR DEVICES were used to augment the reactions of the live, but taped, audience, we do not know.

But our un-augmented reaction is that even the dubbed-in enthusiasm of a non-existent audience is to be preferred to the somehow hypoed enjoyment of live people who evidently didn't like the comedy enough to do what ought to come naturally. — **Denver Post**

SCANNING THE HORIZON

WITH YE ED

LETTER TO THE EDITOR —

The following communication was received as a "Letter to the Editor." But because it hits so squarely on the head a nail that desperately needs the rap of a hammer, we have chosen to devote this week's "Scanning" column to the writer's remarks.

In this letter, Mrs. L. B. Oberhauser views a "horizon" that sorely NEEDS "scanning." Read her comments and we believe you'll agree — particularly should you have the honesty to blush a bit if you decide they apply all too aptly to yourself.

POLITICS, A DIRTY WORD —

We give you Mrs. Oberhauser . . . "This is more exactly a letter to the readers, but it is doubtful if many of them will read beyond the first few lines because this letter deals with 'politics' — that dirty word, 'Politics.'

"Most people can't soil their minds or dirty their hands by being concerned with politics. They can let their sons go to war, and die . . . or live for years on foreign soil. They can let elected public officials dip their hands into the public till. They can let taxes rise and rise and rise. And they can permit Government to take over more and more of the responsibility that is theirs — the citizen's responsibility.

"But to be interested enough to participate in politics . . no, this they cannot do. They can gripe, and complain, and say that the people who are concerned with what is happening in our country are trying to run everything — that they are 'odd people, mixed up with politics.'

"But these, the vast majority of the American citizenry can't or won't be concerned enough to attend a political caucus, the ONLY place in our political set-up where the voter has a chance to express his views — to pick his representatives.

THIS IS A CAUCUS? —

"For nearly 30 years I have lived in Belmond township, a very wonderful place to live. The people in Belmond township are above the average in intelligence and capability, and even in public concern.

"But for nearly 30 years, we (the writer's family) have held Republican caucuses in Belmond township. We have sent out cards to every registered Republican — at our own expense — and have had notices in the paper . . . have telephoned, and pleaded; but in nearly 30 years, there have never been more than seven in attendance at a caucus.

"Those seven came from two families, and we are tired; tired of assuming the obligations of our fellow Republicans.

DEMOCRATS DO BETTER —

"The Democrats do it better. They, apparently, don't hold a caucus; or at least they don't publicize it. So they don't experience this deep disappointment on each election year.

"You may say that perhaps the Republicans have lost their foothold in Belmond township. Perhaps they have, but if Republican policies aren't what the Republicans in Belmond township want, they have themselves to blame.

"And this is true in EVERY township.

"ONLY" ONE VOTE—

"You may say, 'we are only one vote, and what we would say isn't important.' Well, you are privileged to live in a country where one vote is considered ALL-important. Our democracy is built on your one vote.

"What is to be the outcome of this lethargy, this complete indifference to politics ? Well, I can tell you that I feel that we are attending a wake as we have these caucuses. It is the death watch of the political party system; and with the death of the political party system, the death of our freedoms."

So ends Mrs. Oberhauser's letter.

OTHER SIDE OF THE COIN —

Ample testimony was given that there are still stirrings in the slumbering giant that WAS the Republican party in Iowa when 3,000 interested workers in its cause ate together Wednesday night of last week at Veterans Memorial auditorium in Des Moines. That their tickets had been purchased at $25 per copy was part of the dinner's significance. But that was not all.

Determination that the GOP in Iowa SHALL be rejuvinated simply effervesced from that gathering. The main speaker, Thruston Morton — a REPUBLICAN U. S. Senator from, of all places, Kentucky (!) — felt the spirit and praised it.

But if it is to materialize into more than a passing enthusiasm, that will come only because a host of voters awaken to the fact marking a ballot once every two years DOESN'T make them REPUBLICANS in any meaningful sense of the word.

From our EARLY FILES

AS REPORTED IN:
The Independent
The Herald-Press
And The
Iowa Valley Press

TEN YEARS AGO—

Bonnie Abbas of Belmond, as Wright county's representative in the state spelling contest at Des Moines last Saturday, survived longer than any other 7th grader in the oral spell-down and took seventh place.

—1950—

Mrs. Jack Shepard has been selected as chairman of a group of Belmond women who are laying plans for obtaining a charter establishing a chapter of the League of Women Voters in Belmond.

—1950—

Co-Chairmen Ted Behrends and K. C. Kickbush reported this week that it appears certain that Belmond will reach its 1950 Red Cross quota of $1,500. With three subchairmen still to report, $1,420 has been turned in.

—1950—

Including the $36,000 municipal bond issue, the construction fund for the new hospital this week stood at $164,000 in promised cash with the receipt of another $10,000 in pledges

—1950—

At its annual business meeting held last Friday evening, the Belmond Cemetery association restated its request that the city accept responsibility for future administration of the cemetery. A meeting with the council has been asked for presentation of a proposal that the cemetery be placed under municipal trusteeship.

TWENTY YEARS AGO—

Frances Braun of Belmond tied for second in the written portion of the Wright county spelling contest at Clarion last Saturday. The new county champion is Jessie Woodin, 12, daughter of Mr. and Mrs. Howard Woodin of Clarion.

—1940—

Kenneth Anderson, son of Mr. and Mrs. Orphie Anderson, has been elected president of Delta Phi Epsilon fraternity at Coe College, Cedar Rapids. He is a sophomore at Coe.

—1940—

Members of the American Legion Auxiliary gave a farewell party Monday afternoon at Komfy Kabin Kamp for Mrs. Bessie Butterfield.

—1940—

Beed's Lake at Hampton will be opened to fishing on June 15 and local anglers are already looking forward to trying their luck at this new fishing spot.

—1940—

Duran Hill has been named census enumerator for the town of Belmond and began his work last Tuesday.

—1940—

F. D. Geitz has announced his candidacy for the post of supervisor from District 1 in the Republican primary.

—1940—

Mr. and Mrs. A. E Koppernagel gave a wedding dance for about 400 relatives and friends at the IOOF hall Monday evening.

THIRTY YEARS AGO—

Belmond High school's girls glee club placed first in the district music contest held here last weekend. Second place was awarded to Lake Mills and third to Spencer.

—1930—

A lady foot doctor who did upwards of $500 worth of business during a week's time in Clarion, Galt, Rowan and Dows made a sudden departure for parts unknown when it was discovered that she had no state license to practice her alleged profession.

—1930—

Identity of a hit-and-run driver who a week ago knocked down and ran over Frances Ramsey, 16, was established when he later talked of the incident to friends. He is Durwood Norem and is employed as a farm hand near Belmond Miss Ramsey suffered no broken bones but was painfully bruised.

—1930—

Rev. J. H Mahaffy, pastor of the Congregational church, has announced his resignation from that post effective May 1.

—1930—

Mr. and Mrs. H. F. Luick are driving to Des Moines Sunday to hear a concert given by the Cornell college girls glee club, of which their daughter Muriel is a member.

—1930—

Randall Klemme left Tuesday to take up his studies at Grinnell college after spending spring vacation at the parental Ray Klemme home.

FORTY YEARS AGO—

It took March a little too long to get ready to go out like a lion with the result that March 31 was almost summer-like; but, oh boy! the weather since!

—1920—

Hilda Madsen returned to her school work at Webster City on Monday after spending spring vacation at home. She has been tendered a position in the schools at Glendale, Ariz., where Prof. McRuer is now located.

—1920—

W. A. Brewer & Son announce that they have obtained the local agency for the famous Hart-Parr tractor, manufactured right in Iowa — at Newton — and would like the opportunity to demonstrate the machine's many advantages.

—1920—

The W J. Pech family, who recently moved to Belmond from Algona, are now occupying the N. N. Johnson home on north Filbert street.

—1920—

Papers of incorporation of the Belmond Home Building company appear in this issue of the Herald-Press. It is capitalized at $50,000. W. H. Adams is president; W. T. Gfeller, vice president; and Emil Bock, secretary-treasurer. Other directors are John Berg, M. C. Barry and C. O. Fitts.

—1920—

Our Olaf reporter relates: "A flock of Fords was seen going north Sunday, a sure sign of spring."

—1920—

A fine baby girl of standard weight came to the Bernold Kinseth home at Alexander on Friday, April 2nd

FIFTY YEARS AGO—

Three accidents have occurred in recent days caused by horses becoming frightened by autos. The rigs of M. R. Pierce and Percy Bamford came out second best, but a moral victory for the horse was chalked up by Harry Brooks and his team of high-steppers. When an an auto tried to pass him, he whipped up his team and set such a pace that the auto was finally dumped into the gutter in a highly demoralized condition.

—1910—

Joe Stebleton went to considerable expense last week to advertise a hypnotist who was to give a performance in connection with the picture bill at the Lyric theater, but who skipped out and left him in the lurch.

—1910—

D. L. Veeder is census enumerator for Belmond and Norway townships and Guy J. Byers for Pleasant township and the town of Belmond.

—1910—

Maurice Dillon went to St. Paul Saturday, where he has a position with the Northern Pacific railroad.

—1910—

The Snow Auto Co. of Fort Dodge is opening a garage in the Opera House block with Ralph Kriplen in charge. They will handle Reo cars.

—1910—

Rev. Charles Nolte of Goodell informs us that he has been granted an increase in pension. He will now get $30 per month.

Know Your Businessmen—

Kinseth Has Been Plumber Nearly 25 Years

Kenny Kinseth looks back on nearly a quarter of a century of experience in the plumbing and heating business with a good deal of satisfaction in his accomplishments

His business has grown steadily, until today he has a full-time staff of nine men — in addition to himself (and it should be noted that Kenny has no reluctance to get his hands just as dirty as those of any of his employees).

It was in 1936 that he was initiated into his present trade when he went to work for his grandfather, the late Joe Oler, and uncle, Lyle Oler, at their hardware store at Dows. He's experienced no regrets over his choice of an occupation with the passing years.

Except for one year that he was sidetracked into managing a pool hall, Kenny has been in plumbing, heating and sheet metal work ever since pointing his nose in that direction. The years of World War II were no exception.

He kept at his trade, first as a civilian and later in Air Corps uniform. Kenny saw military duty on Saipan and Iwo Jima. When he returned to civilian life in the early part of 1946, he and Glen Madole had already laid the groundwork for a business partnership by correspondence; and in April of that year they opened their own plumbing and heating business here in Belmond.

This partnership was dissolved in 1951, when Glen moved to Webster City. In the following year, Kenny built the modern business building that presently houses his firm. He and Glen had only two or three men working for them during the period of their association, so the growth of the business can be appreciated from the size of his present staff.

Kenny launched on a major sideline in 1953, when he built the 11-unit Kinseth apartments in east Belmond. A couple of years later he bought the Siesta motel here and was bitten by the "motel bug."

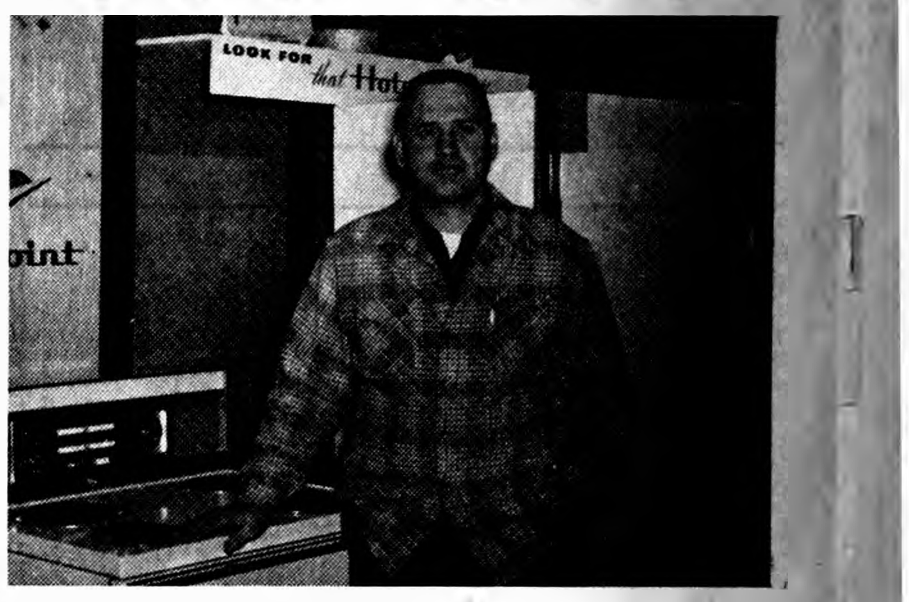
In '58 he and George Hansen, former co-publisher of The Independent, bought the Delux Motel at Decorah and found it such a profitable operation that last year they built another motel at Cresco. Kenny disposed of the apartment house as part of the deal that brought him and Hansen ownership of the Decorah motel.

He now has an interest in 48 motel units. He enlarged the Siesta by four units to a total of 11; the Delux at Decorah has 20; and the new Delux at Cresco, 17. In addition, he has seven apartments in the former Methodist church, which he bought and transformed into a surprisingly comfortable and well equipped apartment house.

The experience he gained in all this building has held Kenny in good stead. He just finished designing and overseeing the construction of a sizeable motel at New Hampton for a businessman of that community and his son.

Kenny will not deny that he keeps his eye peeled for any new and promising motel opportunity that might present itself, but he has nothing "on the fire" right at the moment. He's rejected several good propositions lately because they were too great a distance from Belmond to suit his liking.

Kinseth Plumbing and Heating has to engage in a considerable amount of contract work to keep its staff busy. In recent years it has had the plumbing and allied contracts for swimming pools built at Garner and Marble Rock (for Winnebago Council of Boy Scouts), as well as here; for a new city hall at Burt; the aforementioned Firkins



KENNY KINSETH — HE SELLS HOTPOINT PRODUCTS, TOO

Motel at New Hampton; the Belmond school bus barn; a church addition at Klemme; the General Mills Larro feed warehouse here; and the Clarmond Country club addition, to name just a few.

In addition, the firm has done the heating and plumbing installations for a great many homes during the post-war building splurge. Kenny says his biggest year saw him handling some 35 to 36 new homes; and he estimates he's averaged about 30 annually for the past seven years. Since returning to Belmond after the war, he estimates he's had a hand in building about 315 homes.

Besides work in Belmond, he's done a great deal at Clarion, Garner, Britt, Clear Lake, Alexander, Latimer and other communities in this area.

His staff has been at the level of nine for about 2½ years, and he experiences no trouble in keeping them busy. On his payroll are his three brothers, Roger, Rollie and Larry; also Ed Ackerman, Ray Ainger, Norman Pals, Bob Ausborn, Lester Kottler, Seabo Lamfers; and a nephew, Mike Armour, works Saturdays and vacations.

Belmond has been a busy place in the years Kenny Kinseth has been here since the war. Friends of his will tell you that it would be busier yet, with more businessmen of Kenny's ability keeping things stirred up.

If you should have the misfortune to suffer a sprained back or a wrenched neck, you have a perfect right, under the Workmen's Compensation and Insurance Laws of Iowa, to consult a Doctor of Chiropractic. Your present day Doctor of Chiropractic is qualified through four years of college training, accredited by the State of Iowa. He passes the same Basic Science Board examinations as candidates for the other two major healing professions. He proves his proficiency to practice before the Board of Chiropractic Examiners and is licensed under the Health Laws of Iowa. The chiropractic profession has an enviable record of taking care of insurance cases, efficiently and economically. A majority of the people of Iowa depend on Chiropractic care.

For information explaining how posture and health problems similar to your own can be helped through Chiropractic, ask your Chiropractor.

MESERVEY NEWS

MRS. MOODY QUANDT

Garden Club Will Tend Town Park

March meeting of the Meservey Garden club was held at the home of Mrs. Faye Slusher. Sixteen members responded to roll call. Plans were made for taking care of the city park this summer.

Mrs. Leland Koenen presented the junior garden promotion. Mrs. Slusher displayed "An Arrangement with a Healthy Glow" for her study. Lunch was served by the hostess.

Camera Club Meeting Cancelled For April

The meeting of the Meservey Camera club will not be held this month as formerly announced.

Cemetery Society Meets For First Time April 12

The first meeting this year of the Cemetery Society will be held at the EUB church parlors Tuesday, April 12. Mrs. Virgil Schluter will serve.

Shower Last Wednesday Honored Bethel Habercamp

A shower was held last Wednesday evening at the EUB church parlors to honor Bethel Habercamp of Garner who will marry Ferd Lemke Saturday at her church. They will live on the Lemke farm.

CARL FRITZ DIES

Dena, Henry and Edward Kuhlers received a call from their relatives that their cousin, Carl Fritz, of Amboy, Minn., had passed away. The funeral was on Monday.

Mr. and Mrs. Gary Braga of Des Moines, Mr. and Mrs. Gerald Braga of Rockford and Mrs. Anna Braga were Sunday visitors at the Mervin Morris home.

WSWS Meets This Afternoon At EUB Church Parlors

WSWS meets Thursday at the EUB church parlors. Hostess is Mrs. Frances Basener, the leader is Mrs. Clara James and the topic is "The Church in Africa Looks Ahead." Roll call — The name of a missionary to Africa.

EVANGELISTIC SERVICES

Special evangelistic services were started at the Meservey EUB church Wednesday by Rev. and Mrs. O. N. Felberg. They will continue nightly through Easter, April 17. Mrs. Felberg will conduct a children's service each evening at 7:45 o'clock in the church parlors. The public is cordially invited to attend these services.

BACK FROM EUROPE

Robert L. Fischer returned home Tuesday night of last week after 26 months in Europe with the U. S. Armed Forces. He was met in Des Moines by his parents, Mr. and Mrs. Herman C. Fischer. For the time being he is visiting his parents here and his grandmother, Mrs. Alice McCullough.

GRIMES GOLDEN GALS

The Grimes Golden Gals 4-H club held its monthly meeting at Dixie Koenen's home March 28. Eight members answered roll call. Irene Butz was a visitor.

Jan Fersth gave a talk on good grooming. Kathleen Kuhlers gave a demonstration on pressing clothing. Barbara Williams gave a talk on washing sweaters. Donna Sorenson and Dixie Koenen gave a demonstration on spot remover.

The members did not wear their uniforms this meeting because of an exchange of accessories. Janet Messelheiser led recreation and helped choose the best accessories to go with what each girl wore. Mrs. Kreitlow and Cyneva Myers served lunch.

Patty Koenen,
Reporter

Mrs. Frieda Ruigh has returned to her home after spending the past month near Hampton with her daughter, Mrs. Howard Muhlenbruch, and family. Mrs. Ruigh has been ill with virus pneumonia.

Mr. and Mrs. Franklin Fischer of Gilmore City visited Sunday with Mr. and Mrs. Herman Fischer, Mrs. Alice McCullough, as well as with Robert Fischer, who recently returned from Europe.

Visitors at the E. H. Langlitz home Sunday afternoon were Mrs. Carrie Hughes, Mrs. Catherine Boller and Mrs. Bill Boller of Goodell and Mrs. Jacob E. Pals. Mrs. Hughes is now able to walk about following a broken leg in August.

Mr. and Mrs. Charles Waddingham visited Sunday afternoon at the Lewis Dorenkamp home to wish Tommy a happy birthday. The Wayne Waddingham family visited there Sunday evening. Tommy's 13th birthday was on Saturday.

Dallas Pals and friend from Pocahontas spent Sunday at the parental Elmer Pals home.

Mr. and Mrs. Virgil Schluter were Sunday dinner guests at the Mervin Groesbeck home at Garner. Other dinner guests were Mr. and Mrs. Eugene Groesbeck and children of Klemme and Mr. and Mrs. Clarence Groesbeck. The dinner was in honor of Virgil's and Clarence's birthdays.

Albert Pals returned last Wednesday from his visit with his daughter and family in Florida. He is now living in Clear Lake where he bought a house. His daughter Jerolyn is staying in Meservey until school finishes when she will join him in Clear Lake.

Mr and Mrs Andrew Pals and children attended a program at the Latimer school Friday evening where their two nephews played in the band and solo pieces. They are the Hemmes boys.

● Belmond Locals

Mr and Mrs. C. N. Hildebrand returned Thursday from a two-month vacation in Port Aransas and McAllen, Texas.

Mr. and Mrs. H. J. Johnson returned home Friday after a month's visit with Mr. and Mrs. Norman Simonson at Pasadena, Calif.

Betty Gander and Delbert Gander of Panora and Betty's friend, Duane Tingwald of Woodward, spent Sunday at the parental Carrol Gander home.

Mr. and Mrs. Harry Sorenson and Mrs. Arnold Barkema and son, Richard Petticord went to Excelsior Springs, Mo., Monday and returned home Wednesday. Mrs. Sorenson will remain there for four months. Her friends may send cards to Mrs. Harry Sorenson, Spa-View, Inc., Elizabeth and Bluff Streets, Excelsior Springs, Mo.

MAINLY . . .

Chaff

. . . (But Not All)

A renter friend of ours says it is downright disconcerting to find yourself living in a more expensive apartment . . . when you haven't even moved.

• • • • • • • • • •

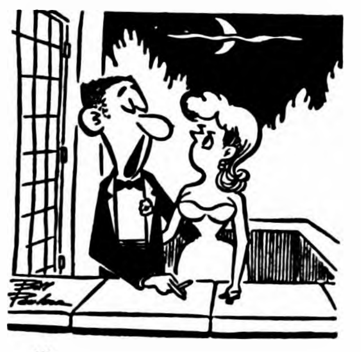
What a lot of women would most like to do with last year's dress is be able to get into it.

• • • • • • • • • •

Some students drink at the fountain of knowledge. Others just gargle.

• • • • • • • • • •

Man has more leisure today than ever before — and at the rate he goes, he NEEDS it!



"I'm hard-warking . . . thrifty . . . generous . . . good looking . . . kind — come to think of it, maybe I'm too good for you."

• • • • • • • • • •

Every politician needs TWO hats — one to toss in the ring; the other to talk through.

• • • • • • • • • •

"Moderation is the languor and sloth of the soul, as ambition is its activity and ardor."

VOL. 41 NO. 28 OFFICIAL CITY PAPER WRIGHT COUNTY, IOWA—THURSDAY, APRIL 14, 1960 OFFICIAL COUNTY PAPER 4-18-85 12 PAGES THIS ISSUE

MAIN STREET

BY PAT, DICK, DUANE

While not too many persons turned out here to see the fleet of 56 cars participating in the Mobilgas Economy Run go through on April 6th, there are probably plenty interested in how the thing came out. The Rambler (in the compact class) topped 'em all with 28.3533 miles per gallon, followed by the Valiant (27.2992) and Corvair (27.0315).

Other class leaders were: low price sixes — Plymouth Savoy (24.8265); low price eights — Plymouth Belvedere (22.8899); low mediums — Studebaker Hawk 8 (22.9899); upper mediums — Chrysler New Yorker (20.8715); and high priced — Imperial (20.5036).

It might be noted that women drivers were responsible for the performances of the Valiant and the Plymouth Savoy and Belvedere top-place winners. You men drivers, put THAT in your pipe and smoke it! In general, the 1960 models averaged almost two miles per gallon more than the '59 models in last year's Economy Run. Average for the fleet was 21.22 mpg.

It's the stops and slow-ups that play hob with good gasoline mileage. Consequently, one of the Economy Run drivers really gave a local motorist a blast on his horn when the latter pulled out from the Main street stop sign right into the path of the test car. What the touring driver had to say when the culprit seconds later pulled to a stop in front of the Belmond Co-op Creamery, after seeming in such a hurry, was probably something less that printable.

When a short-circuit under the dashboard caused an estimated $300 to $400 damage to a county truck at the local shed last Saturday, it interrupted a string of exactly 250 days during which Belmond had gone without a fire alarm. While no record is immediately available to indicate how that period compares with others of like nature, it must certainly be one of the longest stretches without an alarm that Belmond has ever witnessed.

Belmond took a prominent place in the limelight as last Friday's Des Moines Tribune gave a generous amount of front page (second section) space to Iowa libraries that are benefiting by grants of federal funds under the Library Services Act. Illustrating the story was a picture in full color showing Librarian Faye Colby and Russell Schaal, chairman of both the local library board and the Iowa State Traveling Library board, with books that have been purchased with the $5,000 federal grant received by the Belmond public library early this year.

Broncs take easy win in triangular track meet here

Coach Rich Koolbeck's Bronco track and field team gathered more points than Garner and Forest City together as the Cardinals and Indians competed against Belmond in a triangular here Tuesday afternoon. The host team posted 98½ points while the visitors divided 94½ — Garner 62½, Forest City 32.

Belmond won 13 of the 18 events in dominating the meet. Dave Suntken took the 100 and 220-yard dashes, placed first in the high jump and led off the Broncos' winning mile relay quartet.

Bill Roe of Garner won both hurdle events and finished second in the high jump; Bob Whipple took both the football throw and shot put for Belmond.

Belmond takes 2-mile

Following are the meet results:

100-yd. dash — 1st, Suntken (B), :10.4; 2nd; G. Hanson (FC); 3rd, Cataldo (G); 4th, Kemp (G).

Two-mile relay — 1st, Belmond (V. and D. Pastour, J. Jenison, Courson), 9:29.9; 2nd, Forest City.

220-yd. dash — 1st, Suntken (B), :23.7; 2nd and 3rd tie, Cataldo (G) and Hanson (FC); 4th, Stroh (G).

Mile run — 1st, Stecher (B), 5:27.7; 2nd, Christensen (G); 3rd, McCullough (FC); 4th, Steenblock (B).

120-yd. high hurdles — 1st, Roe (G), :16.2; 2nd, Musselman (B); 3rd, L. Hanson (FC); 4th, Edelen (G).

880-yd. relay — 1st, Belmond (Anderson, Mennenga, Ginapp, Long), 1:42.3; 2nd, Garner.

L. Jenison wins 440

440-yd. dash — 1st, L. Jenison (B), :55; 2nd, Brade (G); 3rd, Thompson (B); 4th, Dunbar (FC).

120-yd. low hurdles — 1st, Roe (G), :14.2; 2nd, Long (B); 3rd, Kemp (G); 4th, Hanson (FC).

Medley relay — 1st, Belmond (V. Pastour, Anderson, Mennenga, Kramer); 2nd, Garner.

880-yd. run — 1st, Dunbar (FC), 2:18.6; 2nd, Elling (G); 3rd, Steenblock (B); 4th, Gallagher (B).

440-yd. relay—1st, Garner, :49.5; 2nd, Belmond.

Mile relay — 1st, Belmond (Suntken, D. Pastour, L. Jenison, Long), 3:56.3; 2nd, Garner.

Pals discus winner

Football throw — 1st, Whipple (B), 187-7; 2nd, Nedved (G); 3rd, Fuhrman (FC); 4th, Kester (G).

Shot put — 1st, Whipple (B), 39-2½; 2nd, Kalkwarf (B); 3rd, Kester (G); 4th, Levad (FC).

Discus — 1st, Pals (B), 119-½; 2nd, Fauske (FC): 3rd, Fuller (B); 4th Brade (G).

Broad jump — 1st, Long (B), 19-3; 2nd, V. Pastour, (B); 3rd Dunbar (FC); 4th, Nedved (G).

High jump — 1st, Suntken (B), 5-8; 2nd, Roe (G); 3rd, G. Hanson (FC); 4th, tie J. Jenison (B) and Stroh (G).

Pole vault — 1st, Henderson (G), [illegible] 2nd, [illegible]ck (B); 3rd, tie Levad [illegible] and [illegible]ge (B).

REAL HIGH CLASS "livestock" fell under the hammer of Auctioneer "Coonie" Smith last Thursday afternoon in the course of BHS Honor B club's "slave auction." One of the higher prices was brought by State Mile Champion Larry Kramer, on whom "Coonie" was calling bids above. The Lions club paid $21 for Kramer. An average price of about $14.20 was paid for the 28 B club members who were sold.

• • • • • • • • •

19 bidders bought athletes—

"Slave auction" highly successful

Although not many bidders showed up for the Honor B club's "Slave Auction" last Thursday afternoon, those on hand responded so generously that proceeds of the sale exceeded the BHS athletes' fondest hopes. A number of the bidders served as agents for other buyers, so 19 individuals or businesses were credited with purchases as Auctioneer "Coonie" Smith sold the B club members for eight hours of Saturday labor.

Coach Rick Koolbeck, who clerked the sale, reports that $419 was realized from the auction. That was enough to assure the purchase of a Vibra-Whirl whirlpool bath, which the high school athletic department has been needing for treatment of muscular strains and similar injuries. Its cost, plus freight, comes to $460.

Order has already been placed for the equipment, and delivery was promised for this week. Coach Koolbeck says the bath is effective in treatment of strains and sprains "in any part of the body except the head, and I guess it'd probably work for that if you can hold your breath long enough."

Eight of the athletes were assigned by their buyers to assist Coaches Koolbeck and Jack Steinberg in putting the BHS track and jumping pits and runways in the best possible condition for Tuesday's triangular meet with Garner and Forest City. They say the track is getting into good shape and should be considerably faster than last year before the season is over.

Those who put in their licks on the track were Larry Kramer, Lynn and Jerry Jenison, Bob Finn, Bruce Leinbach, Mike Long, Ron Thompson and Mark Mason.

Top bid of the day was attracted by the Broncos' all-state cager, Lynn Jenison. His $24 price was approached by those paid for Vernon Pastour ($23), Kramer ($21) and Roger Ginapp ($20). They were bought by the Gridiron club, Hattel's Super Valu, Lions club and First State bank, respectively.

Other purchases were as follows: Mark Mason, bought by Belmond Independent, $14.50; Merle Robbins, Nolan's Drug, $10.50; Dennis Pastour, Lerdal's Standard Service, $13; Dave Suntken $15 and Dennis Anderson $16, both by Kenneth Kinseth; Jim Crotty, Helland and Long, $14; Jerry Jenison, Everett Anderson, $14.

Mike Long $17, Bruce Leinbach $13 and Bob Finn, $13, all purchased by R. W. Courson; Stan Brandmeyer $14 and Bob Stadtlander $16, both by Tomahawk Corn company; Dean Pals, Gary Porter and Larry Hawley for a lump bid of $50, by P&G grocery.

Bob Lee $11 and Bob O'Connor $11, both bought by Dr. S. P. Leinbach; Randy Musselman $12 and Marlin Stoltenberg $14, in addition to Vernon Pastour, by Hattel's Super Valu; Mark McNulty, Iowa Electric Light and Power, $14.

Robbie Courson, Dr. A. M. Larson, $16; Ron Thompson, L. B. Oberhauser, $16; Gary Ruka, Kennedy Furniture, $8; Mark Armour, Sheldon Chevrolet, $9.

SIX CONFIRMED SUNDAY

Six young people were confirmed Sunday at St. John Lutheran church. They were Larry Ackerman, Karleen Kolpin, Patricia Meyer, Kristine Thompson, Carol Watkins and Merlin Wenzel.

White arrested for recklessness on motorcycle

Richard White suffered head injuries Wednesday of last week when he tumbled from his motorcycle while he was riding past Kirkendall Addition on Third street.

On the strength of witnesses' testimony that White was standing on the seat of his 'cycle and did not have ahold of the handlebars when he came a-cropper, a reckless driving charge was filed against him by Chief of Police Ray Thompson.

Saturday, White entered a plea of "not guilty," which made it necessary to call a trial on the case. Five witnesses were lined up, all prepared to testify as to the manner in which White was driving at the time of the accident. Tuesday evening was the time set for the trial.

But Tuesday a. m. White thought better of his plea and changed it to guilty. He was fined $25 and costs by Mayor L. T. Trafford, who suspended the fine upon payment of the costs.

Lax check writing gets G. Jacobson in peck of trouble

A man whom Sheriff Bob Blecker accused of doing "a very poor job looking after his checking account" was in the county jail at Clarion this week with good prospect of remaining there for some time to come.

His name is Griffith R. Jacobson, he's from Dows — and as Sheriff Blecker notes, he pays mighty little attention to the balance in his check book.

Jacobson was arrested Sunday night by Dows Chief of Police Richard Jackson. A half-dozen Belmond individuals were interested in the man's apprehension, not to mention victims of his lax check-writing practices from Franklin, Hardin and Hamilton counties.

Hailed before Mayor L. T. Trafford Monday on two charges of false drawing of a check, Jacobson was sentenced to a fine of $100 or 30 days in the county jail on each count.

Four more complaints were filed before Justice of the Peace Cecil Winbigler. He obviously thought that Mayor Trafford had about hit it right, as he greeted Jacobson's pleas of guilty with identical sentences of $100 or 30 days.

"Grounded" when the law took his trusty checkbook away from him, the Dows man was unable to meet the fines.

To the 180 days in jail already piled up, Jacobson had another five added in Winbigler's court on a charge of operating a motor vehicle with improper license and plates. He had the alternative of paying a $10 fine, but that was just as far out of reach as the $600 assessed on the check charges.

FIVE BOYS CONFIRMED

Five boys were confirmed during the morning service Sunday at the Congregational church: Jim and Bob Cox, Blair Brandmeyer, Donald Hinman and Jeff Kessler.

Judgment award to Richard Lauen

Judge Ed Kelley found in favor of the plaintiff Tuesday of last week after hearing the case of Richard J. Lauen vs. Cloe Jenison. The magistrate issued a judgment in the amount of $334.48 against Miss Jenison.

Mr. Lauen's petition contended he had not been paid for plowing and planting 56 acres of corn, discing 15 acres and applying fertilizer. It was agreed by both parties to the case that only an oral contract existed between them.

Miss Jenison had filed a counterclaim in the sum of $1,000 based on alleged negligence of Mr. Lauen in performing the contract. In dismissing this claim. Judge Kelley said, "The defendant wholly failed to prove any negligence."

Community service winner again—

State third place to Independent

Right to the claim of being "A Community-minded Newspaper" was reestablished last week by The Belmond Independent when it was awarded third place among all weekly newspapers and smaller dailies of the state competing for the 1960 award for "Most Outstanding Community Service." Winners are determined upon the basis of community service performed the preceding year.

First place in the 1960 contest went to the Glenwood Opinion Tribune and second to the Garner Leader. Honorable mention was given the Cascade Pioneer-Advertiser. West Union Fayette County Union and Spencer Daily Reporter.

This was the fifth time in nine years that The Independent has been rated among Iowa's top weeklies from the standpoint of community service. In 1953, 1955 and 1959 The Independent was ineligible to compete in this classification due to having won first place the previous year. It was awarded fourth place in 1956.

Insofar as available records of the Iowa Press association reveal, no Iowa weekly newspaper has ever come close to matching the achievements of The Independent in the field of community service. Its three first places in a period of six years as the paper performing the "Most Outstanding Community Service" was unprecedented.

It is customary practice for Iowa papers to contend for this highly coveted award only when circumstances have given them an extraordinary opportunity to submit a strong entry. Because of the emphasis which The Independent places upon community service, it has found itself able to assemble such an entry practically every year in the past 10 that it has been eligible to compete for the award.

The Independent based its community service entry this time on: (1) its articles on the county supervisors' initial disregard of orders from the state fire marshal to eliminate fire hazards at the courthouse and the fact that Don Champlin was holding a full-time job while drawing pay as secretary of the soldiers' relief commission.

(2) The fund-raising campaigns The Independent publicized in behalf of the family of Mrs. Ronald Vanness and in behalf of "Sandy" Johnson.

(3) Publicity given the tuberculoses x-ray survey that helped to bring about a far greater than average response in Belmond.

(4) Support given the school bond election (which proved superfluous after Chester Luick's gift of an adjoining community center, but which nevertheless helped influence an extraordinarily heavy turn-out at the polls).

To its collection of plaques and certificates for community service, The Independent in 1959 added a first-place award in the Editorial Excellence contest.

As is regularly the case, newspapers of this north Iowa area figured prominently among the publications named prize winners at the Iowa Press association convention held in Des Moines last weekend. In addition to The Independent and Garner Leader, which also won first place — and an accompanying plaque and check for $100 — for Service to Good roads, the following neighboring papers earned recognition:

Humboldt Republican (John Jaqua), first for Best News Picture and honorable mention for Best Advertising Idea; Forest City Summit, honorable mention for General Excellence in Typography and for Master Columnist (Ben Carter's "Carter's Ink") and third place for Best Use of Illustrative Material; and Iowa Falls Citizen, honorable mention in "Plus Business" contest.

Democrats file only for two county offices and one supervisor position

Belmond Creamery to split $6,138 dividend June 1

Members of Belmond Cooperative Creamery will find that concern celebrating June Dairy Month this year in a manner that should well suit the members' fancy, says Manager Curtis Rise.

Directors of the creamery at a recent meeting approved payment of $6.138 in accumulated dividends owed members of the business for the period 1945-50. Individual members will receive anywhere from a few cents to as much as $100, depending upon the volume of business they did with the creamery during the period concerned.

Between 450 and 500 members will share in the "mellon" that is being split, according to Mr. Rise. Dividend checks will be mailed out June 1.

Modernization completed

This money became available at this time mainly for two reasons, Manager Rise explains. Funds due Creamery members in dividends were temporarily utilized by the business in its modernization and re-equipping program that was carried on over a period of recent years and has now been completed.

With the rehabilitation project now finished, funds in excess of the need for operation have accumulated and represent part of the money that is to be divided.

In addition, some of the cooperatives (such as State Brand Creameries) with which Belmond Co-op is associated have lately paid to it earned dividends that had been due for some time; and that cash, too, will help make up the amount to be divided among the Co-op's members.

More dividends expected

Mr. Rise says he anticipates that an accumulation of dividends due from years past will be available for payment to members with more or less annual regularity during the next few years. Whenever amounts of appreciable size have accumulated, additional dividends will be paid out in cash, he says.

Quite a number of cooperative creameries in this area are not in so fortunate a position as Belmond's, Manager Rise adds, and have no current plans for catching up on dividends owed as is intended by the local creamery directors.

MRS. GENTRY'S KIN DIES

Mr. and Mrs. Ed Gentry of Belmond and son Donald of Des Moines attended funeral services Saturday afternoon at the Kanawha Lutheran church for Mrs. Gentry's father, Tom Dahl. Mr. Dahl was 83 years old. Also in attendance at the funeral were Mr. and Mrs. Leo P. Gilligan of Belmond.

37 from Belmond take D. M. tour

Thirty-seven members and friends of the Home Study and Priscilla clubs took a chartered bus trip to Des Moines last Wednesday. In the morning the group took a "Tour of Faith" through churches in Des Moines. They enjoyed a noon luncheon and a style show at Younker's tea room. The rest of the afternoon was spent at Merle Hay Plaza shopping center, before returning to Belmond at the supper hour.

• • •

L. P. JOHNSON, JR.

As the deadline for filing nomination papers for county office arrived and departed Tuesday of this week, the extensive Democratic opposition that had been anticipated failed to develop.

Sheriff Robert Blecker faces both party opposition in June and a Democrat rival in the fall. Erwin Schroeder from Dows, former Iowa State Highway Patrolman, will seek the Republican nomination.

Mervin N. Newkirk, 34, of Eagle Grove is unopposed for the Democratic nomination. He is a military veteran, is married and has three children. At present he is operating a garage in Goldfield.

Price has opposition

Auditor Myron Price is opposed for renomination to his office on the Republican ticket by John Rowen of Eagle Grove, and will have Democratic opposition in the fall if he wins in the primary. Candidate for the Democratic nomination is Harold Henry of Clarion, a Linotype operator and printer.

Robert Maddocks, young Clarion lawyer, has no competition for the post of county attorney. Newt Draheim of Clarion, the incumbent, is not a candidate for reelection.

The three long-time veterans of county office, Treasurer H. E. Sullivan, Recorder Grace L. Fletcher and Clerk of Court Bessie Johnson, all have a clear field for reelection.

Three of the five incumbents on the county board of supervisors are up for reelection this year. A. W. Christopher of District 3 and Walter Wiedemann of District 4 both face opposition from within the Republican party.

Race in District 1

Everett Nelson of Renwick, from District 1, has both Republican and Democratic opposition. M. J. Siemens of Goldfield is a candidate for the GOP nomination and Laurence P. (Pete) Johnson, Jr., of Goldfield is unopposed for the Democratic nomination.

Mr. Johnson is 43, a native of Boone township and has been a resident of Goldfield for 25 years. He was in uniform during World War II and served overseas three years. He is married and all of his three sons are serving in the air corps. He has been in the cafe and trucking business at Goldfield the past eight years.

A. W. Christopher is opposed in District 3 by a fellow townsman from Eagle Grove, J. F. Abbott. In District 4, Walter Wiedemann of Dows has two Republican opponents — G. A. Bailey of Dows, a regular candidate for the supervisor post in the past several elections; and William C. Dexter of Blairsburg.

Beef producers' banquet Tuesday evening at EG

Two speakers not previously heard in Wright county will be featured on the program of the annual dinner meeting of the Wright County Beef Producers' association next Tuesday at the Eagle Grove Legion Memorial hall. Serving is scheduled to start at 6:45 p. m.

Teamed on the program are Paul S. Pattengale, extension animal husbandman from Colorado State university at Fort Collins, and Robert C. deBaca, extension animal husbandman from Iowa State university, Ames. Both men have devoted much study to beef improvement.

They will describe the program for the purpose of beef cattle improvement that is being jointly undertaken by Colorado and Iowa.

Mr. Pattengale has been at Colorado State since 1953, devoting most of his time to the development of beef cattle breeding herds. Before joining the university staff he managed a 1,200-head cattle ranch near Los Angeles. He holds both B. S. and M. S. degrees from the University of California.

Mr. deBaca has been at Iowa State for about a year and has charge of testing work in both beef and swine. He has inaugurated a stepped-up testing program in Iowa and is coordinating the testing of Colorado feeder cattle in Iowa with the beef cattle breeding program in Colorado.

Sale of tickets for the Beef Producers' banquet will be limited to 425, the capacity of the Legion Memorial hall.

Traditional pound servings of standing rib roast, served by chefs from Geo. A. Hormel and company, will again be the meat portion of the dinner.

Farmers will again guess the prices that the top carload of beef will bring at Chicago the week of October 3 through 8. Extension Director Aaron Bowman, who will be announcing the winners of last year's guessing contest, says that the nail was hit exactly on the head by guessers in last year's contest.

Leo Woodley, chairman of the Wright County Beef Producer's association, has appointed a committee to select nominees for three directorships. Directors are to be elected this year from the northeast, southwest and central districts of the county.

Kindergarteners' registration set

Annual registration of children who are about to start school for the first time will be held a week from Monday, April 25, School Nurse Alta Gabrielson announces. The kindergarten round-up will be held at the hot lunch room starting at 7:30 p. m.

Mrs. Gabrielson emphasizes that the children are not to accompany the parents at the time of registration. A kindergarten open house is scheduled for the morning of May 26 and at that time the youngsters will have an opportunity to visit the kindergarten room.

Parents are instructed to bring either the child's birth certificate or baptismal record to the round-up; also information on the communicable diseases the youngster has had and what diseases he or she has been immunized against.

Eligibility to enroll for kindergarten next fall requires that a child reach the age of five on or before Nov. 15.

Both mothers and fathers will be welcome at the round-up, Mrs. Gabrielson says. Coffee will be served.

Choir of Baptist Bible institute will present concert here Friday

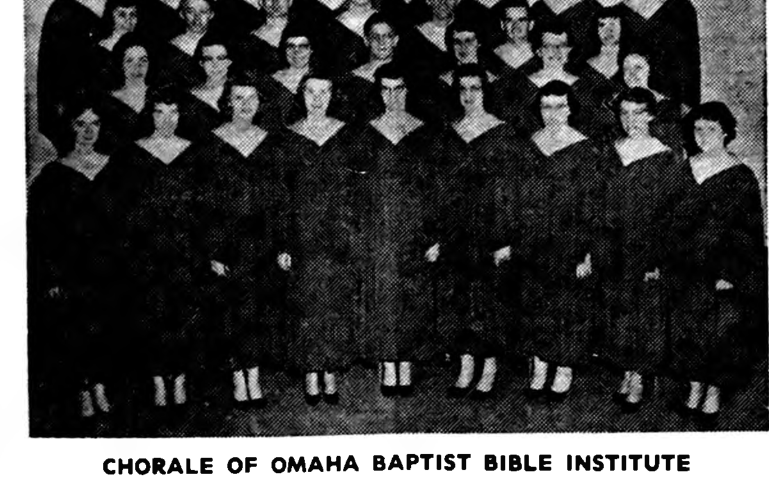
People of the community are cordially invited to hear a concert of sacred music presented Friday evening at 8:00 o'clock at the high school gymnasium by the 30-voice chorale of the Omaha Baptist Bible institute.

Rev. H. A. McKinney, pastor of the Fundamental Baptist church, which is sponsoring the choir's appearance, says the gymnasium was chosen as site of the concert because of the limited seating capacity of the church and the wide interest the group's visit here is attracting.

Approximately 150 young people from Baptist churches of this area will honor the choir at a banquet to be held at 6:00 p. m. Friday at the school hot lunch room.

There will be no charge for the concert, but a free will offering will be taken in behalf of the Bible institute.

• • •



CHORALE OF OMAHA BAPTIST BIBLE INSTITUTE

ELDERS BACK FROM TEXAS

Mr. and Mrs. George Elder returned to Belmond on Wednesday of last week from Texas, where they had spent the past 2½ months.

Meeting April 20 of Wright county Republican Women

The Wright County Republican Women's club will hold its annual spring meeting at the Belmond library basement club room next Wednesday at 2:00 p. m.

Mrs. Claude W. Sankey of Clarion, president, will be in charge. Other officers are: Mrs. John Greenlander, Belmond, vice president; and Mrs. E. R. Allen, Clarion, secretary-treasurer.

All Republican county officers and candidates have been invited to be present; also the Wright county supervisors and their wives and committee women from the 28 precincts.

Speakers will include the chairman of the Wright County Central Committee, Otto Knudsen of Eagle Grove; Ray Hagie, candidate for representative from Wright county; and Mrs. Dorothy McNeal, who recently attended the National Conference of Republican Women in Washington, D. C.

Curtis Riehm of Garner, candidate for Congress from the 6th District, has also been asked to speak.

Musical numbers will be furnished by the Belmond High school music department. The Belmond club

ISU alumni pick 2 from Belmond among directors

Mrs. R. B. Thompson and Leland Jenison, retiring president of the Wright County Alumni club of Iowa State university, were elected as directors of that organization at a recent meeting held at Clarion.

Others elected as directors were: Robert McKee and Mrs. Wendell Duitscher of Clarion, Jay Legvold of Eagle Grove, Maurice White of Galt, James Gillespie of Renwick and Dr. Stoakes of Goldfield.

This meeting was held to interest high school juniors and seniors of Wright county in attending ISU, at Ames. Although fog made driving conditions very poor, 60 young people nevertheless were on hand.

Jerry Ladman, assistant to the dean of agriculture, and Carol Schultz of the science and humanities department found a responsive audience and were called upon to answer many questions.

WIN TRIP AS PRIZE

For meeting designated quotas of new subscribers, Bob Cox and Paul Haugland enjoyed the privilege of accompanying a group of Mason City Globe-Gazette carriers to Minneapolis last Saturday to see the "Ice Follies."

Mrs. Carl Snyder victim of cancer

Mrs. F. E. Purcell learned Tuesday morning of the death April 9 of the wife of her cousin, Carl Snyder. Mrs. Snyder would have been 65 on April 10. Her death was caused by cancer.

Funeral services were held at Long Beach, Calif., where the Snyders have been living. However, the body was taken to Winona, Minn., for burial.

Mr. Snyder is son of the late Mr. and Mrs. F. E. Snyder, early-day residents of Belmond. Friends who would like to send Mr. Snyder a card may address it:

Carl Snyder, PO Box 2102, Long Beach, Calif.

PTA will hear secretary of mental health center

Paul E. Anderson, executive secretary of the Mental Health Center of North Iowa at Mason City, will be guest speaker at a general meeting of the three divisions of the Belmond Community School district Parent-Teachers association next Wednesday. The meeting is set for 8:00 p. m. at the high school auditorium.

Wright county has been affiliated with the Mental Health Center since the start of 1959 and has made generous use of its privilege of referring individuals to the center.

Mr. Anderson is well equipped to tell about the work of the center as he has been associated with it for two years and during the past year has been its executive secretary.

A native of Earlham, Mr. Anderson pursued his undergraduate work at Drake university in Des Moines and the University of Iowa, Iowa City. He continued at SUI in graduate work and obtained his Master's degree in social work in 1951.

His first professional employment in this field was as a child welfare worker in Webster county for three years after receiving his graduate degree. He was then branch director for the Lutheran Welfare Society in Waterloo for three years before accepting a position as psychiatric social worker at the North Iowa Mental Health Center in 1958.

A question period will be conducted after Mr. Anderson's formal talk, and any who wish will have an opportunity to write questions on a piece of paper for the speaker to answer.

Mothers of the freshmen students will comprise the refreshments committee and will serve cookies and coffee at the close of the program.

• • •

PAUL E. ANDERSON

County's Demo's hold convention

Wright county Democrats held their election-year caucus and spring business meeting in the district courtroom at Clarion last Friday evening. Chairman Marion Robinson reports a larger crowd than usual was present to discuss plans for the election.

Plans were initiated for holding a countywide fund-raising dinner in the relatively near future.

Chosen as precinct delegates to attend a county presidential convention on April 30 were the following:

Belmond: Ward 1, Ed Kennedy, Susan Anderson; Ward 2, Joe McLaughlin; Clarion: Ward 1, J. R. "Dick" Ashpole, Ross Stanberry; Ward 3, Dick Robson, Joe Hunst; Eagle Grove: Ward 3, Ruth Frakes, J. E. Hanson, Tom Kenefick, Jr.

Norway township — Olaf Eliason, Martin Hill, Laurence Espe; Troy — Merwin Newkirk, Roger Wilcox; Lake — Marion Robinson, Norris Ulstad; Eagle Grove — Barbara Sunner.

Liberty — Richard Wilson; Iowa — John Lager, Max Graves; Woolstock — Iris Groves, Mrs. John Frohling, Mrs. Glen Wilson; Lincoln — Betty Ketchum, Ed Arndorfer, Bertha Delano; Grant — Kenneth Fitz.

These precinct representatives will choose delegates from this county to attend the state presidential convention.

TRAVELER STRICKEN HERE

Mrs. Mary S. Campbell, 87, of Minneapolis died Sunday evening at Belmond Community hospital, after having been stricken earlier by a heart attack at a local eating place. With Mrs. Campbell at the time of her death was her daughter, Dorothy, with whom she was traveling by car. The body of Mrs. Campbell was taken Monday to Minneapolis, where final rites were to be held.

HELLO WORLD

A 9 lb. 6¾ oz. baby boy was born April 8 to Mr. and Mrs. Cecil Rotgers of Alexander. They have named him Kevin Scott.

Corrine Kay is the name chosen by Mr. and Mrs. Gerald Hansen of Kanawha for the 6 lb. 12 oz. daughter born to them April 8.

Mr. and Mrs. LeRoy Jackson of Kanawha are parents of a 7 lb. son born April 10. He has been named Joseph Kevin.

Entire $400 "stuck"

One dozen Cash Gift Day number-holders lost their last chance to pick up some Easter shopping money when they let Tuesday afternoon's drizzle scare them out of paying a visit to Main street. Not one of the prize numbers, worth a total of $400, was claimed. The CGD committee is posting the same amount in prizes again next Tuesday. It will be split into eight $25 awards at 2:00 p. m. and four $50's at 3:00 o'clock.

WOMEN'S CLUB CARD PARTY REALIZES MORE THAN $125

Proceeds of the public card party sponsored Friday afternoon and evening by the Belmond Women's club at the library basement exceeded $125 and will be used toward tiling the floor of the basement.

Prizes were donated by merchants. Easter centerpieces, favors and May baskets made by the craft's division were sold.

CHICAGOAN SPEAKER AT WOMEN'S CLUB GENERAL MEETING

A general meeting of the Belmond Women's club was held Monday afternoon at the library basement, with Norine McNichols of Chicago as the guest speaker.

Miss McNichols spoke on "Leisure Hours" and how the modern woman can use them. An 18-minute color and sound film taken at the U. S. Industrial fair exhibit in Russia was shown by the speaker.

A Vogue Style Show was held and Mrs. Hale Mason was announced as local winner. She will compete at the state meeting.

Mrs. Milton Followwill, accompanied by Mrs. Paul Jenison, sang two solos, "On the Street Where You Live" and "Wanting You."

Products of the crafts department were again on sale.

Carol Watkins honored following confirmation

Mr. and Mrs. Harold Watkins entertained guests Sunday in honor of their daughter Carol following her confirmation.

Those present were Mr. and Mrs. Clarence Vestweber, Dennis and Kenny and Mr. and Mrs. Gust Vestweber, all of Alexander, Mr. and Mrs. Merle Whipple and family of Mason City and Allen Meints.

Two birthdays honored at Erwin Smith home

A dinner Sunday at the Erwin Smith home honored the birthdays of their daughter Debbie and of Mrs. Smith's father, Peter Teig.

Guests were Mr. and Mrs. Peter Teig, Mr. and Mrs. Victor Lura and Harriet Lura of Roland, Mr. and Mrs. Harris Twedt of Ellsworth and Jo Lura of Des Moines.

Century club met at Walt Hotvet home

Century club met Tuesday evening with Mrs. Walt Hotvet. Mrs. Jack Granzow presented the lesson "Fashion".

Sunday dinner honored Larry Ackerman's confirmation

Mr. and Mrs. Edwin Ackerman entertained guests at dinner Sunday in honor of their son Larry's confirmation at St. John Lutheran church.

Present for the confirmation and dinner were Mr. and Mrs. Fred Hohensee and Mr. and Mrs. Lester Hohensee and family of Pocahontas, Mr. and Mrs. Harold Nomann and family of Plover, Mr. and Mrs. Dallas Nielsen and family of Des Moines, Mr. and Mrs. Henry Reiter of Clear Lake and Mr. and Mrs. Roger Boelman.

Larry received a cash gift and a social time was enjoyed.

COMING EVENTS —

THURSDAY, APRIL 14—

Circles of the WSCS of the Methodist church will meet at 2:00 p. m.

Mary circle will meet with Mrs. A. C. Lieuwen. Co-hostesses are Mrs. Duane Jenison and Mrs. Stuart Kutz.

Ruth circle meets with Mrs. George Kyser and assisting her will be Mrs. George Jenison and Mrs. Cleo Wilson.

Martha circle is to meet at the home of Mrs. Arnold Wendel. Assistant hostesses are Mrs. Emma Brewer and Mrs. Luther Proeger, Jr.

Esther circle will meet at the church. Hostesses are Luella Bohning, Irene Brooks and Lucille Stoltenberg.

MONDAY, APRIL 18—

Beta Sigma sorority will meet at the home of Genn Monson.

Wednesday, April 20—

Wesleyan Service Guild will meet with Genn Monson.

Homebuilders club will meet with Mrs. Jen Classick.

TUESDAY, APRIL 19—

Newcomers club will hold a couple's party at the Holiday Lounge at Clear Lake. Arrange your own transportation and plan to leave Belmond at 7:00 p. m.

American Legion Auxiliary will meet at 7:30 p. m. at the hall. Serving committee includes Iola Johnson, Ruby Lerdal, Goldie Johnson and Jen Classick. Bessie Lieuwen, Pan American chairman, will give a talk on Guatemala and Veronica Barry, Child Welfare chairman, will give her report.

WEDNESDAY, APRIL 20 —

The American Home division of the Federated Women's club will meet at the home of Mrs. James Peterson. This meeting was postponed to this date from April 13.

Culture Study club will meet with Mrs. Al Mennenga for the annual business meeting. Bring materials to make May baskets.

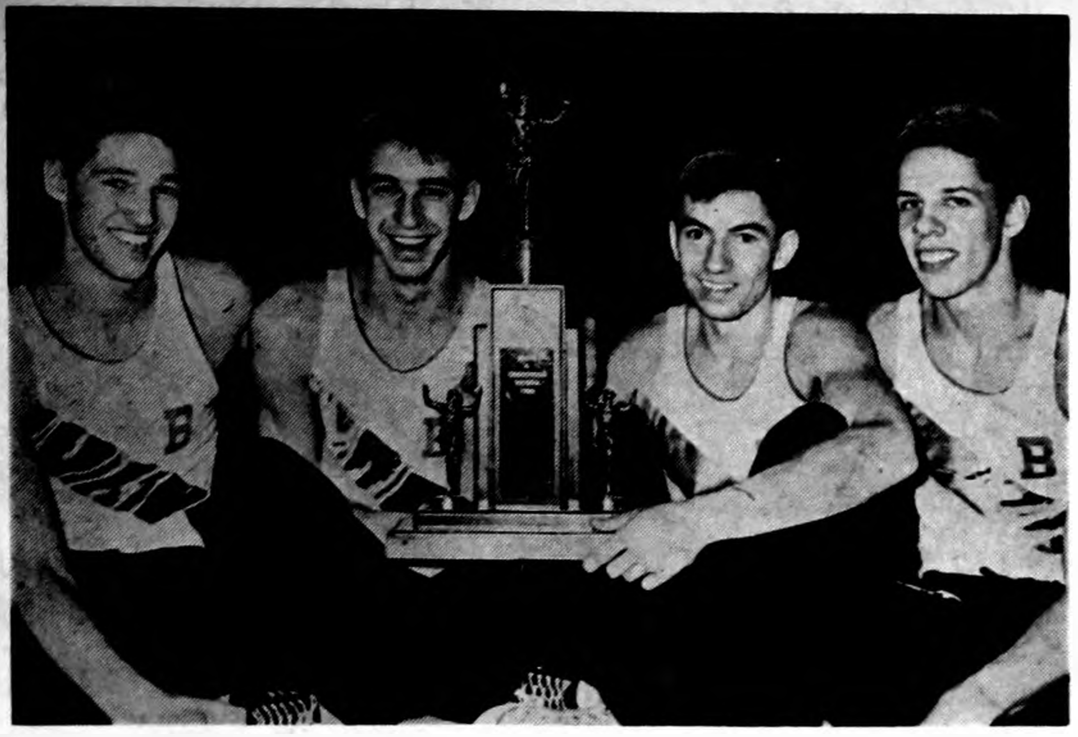
SPORTS



VICTORY SMILES on the faces of the four Belmond High school track stars above were prompted by the Class A state indoor championship which they'd won just before Brad Wilson of the Des Moines Register snapped this picture. Accounting for all the points that brought the trophy they are displaying were (left to right) Lynn Jenison, Mike Long, Larry Kramer and Dave Suntken. The Broncos had to whip Clarion, defending Class A outdoor state champions, to win on April 2nd at Iowa City. They did it in a head-on battle in the meet's final event, the mile relay, which found the Cowboys finishing second to wind up as runner-up to Belmond in the team standings.

Bantam pinsters conclude season

Bantam bowlers who have been engaged in league competition at Bowl-Mor Lanes since last fall wound up their 1959-60 season Sunday evening with their annual city tournament. Contenders were placed in one of five divisions, according to the handicaps they have established.

Eleven young keglers in the 20-37 handicap range vied for honors in the first division. Winners over the two-game route were:

Terry Winbigler, 135-131—48 handicap—314; Donny Havens, 143-119—44—306; Doug Thompsen, 121-136—42—299.

Winners in division two, also comprised of experienced bantams, were: Frank Quigley, 89-145—88—322; Mark Middleton, 137-96—80—313; Terry Nelson, 132-77—303. Eight bowlers made up this division.

Among the seven first-year pinsters in the third division, top honors went to: Jim Dickson, 84-147—102—333; Lee Gordon, 64-58—150—272; Randy Turner, 95-58—112—266.

Ages of the bantam bowlers ranged from seven to 13 years.

Sharon Bamford accompanied Mrs. Margaret Bailey and Mrs. Marie Stark of Clarion to Cedar Rapids a week ago to spend the weekend in the William Quimby home.

Mr. and Mrs. Dick Middleton and family visited in the Guy Middleton home in Eagle Grove on Monday evening of last week. They went especially to visit Dick Middleton's twin brother, Bob, from Riversdale, Calif.

For hot water...cascades of it

heat water with natural gas

Thrifty, dependable natural gas saves two ways when it heats water. First, natural gas is faster, so there's no need to invest in a large storage tank. Second, natural gas does the job for less. In fact, natural gas is the most economical fuel for use in your home.

Modern, automatic natural gas gives you glorious hot water—oceans of it—for laundering, dish water and bathing. You don't even need to think about it. Natural gas is automatically on the job—quietly and cleanly... safely and surely—providing all the hot water your family needs.

Abundant, economical natural gas works miracles at so many household tasks. Let it work its miracles for you, to give you more comfort and leisure, more time for fun and family. Start living in the modern manner—automatically—with natural gas.

Iowa Electric Light and Power Company

Kramer 1st again; Suntken matches school 100 mark

Concern over the possibilities of muscle injuries due to cold weather prompted scratching of Belmond entries in the relay events at Holstein last Friday and eliminated the Broncos from contention for the Class A team title.

Jack Steinberg, who accompanied the squad instead of Coach Rich Koolbeck, says Belmond's chances of winning both the mile and medley relays at the Holstein Relays would have been excellent; and victories in those events would have put the Broncos near or at the top of the team standings.

However, Steinberg did not want to risk pulled muscles, such as were suffered by quite a number of the competing athletes as the chill weather made it difficult for them to warm up properly.

Belmond, as a result, finished in eighth place in the Class A division with 12 1/5 points. Larry Kramer won the Tom Rivers Memorial Mile with ease, despite mediocre time of 4:44.3. He held close to a 50-yard margin over the second place finisher.

Dave Suntken took fourth in a blanket finish in the 100-yard dash and tied one of the oldest Belmond school records on the books in the process. He was timed by Steinberg in :10.4 seconds, compared to the winner's time of :10.3. The BHS record of :10.4 was established by Bill Tyrrell in 1925.

In the high jump, Suntken took it easy and settled for a share in a five-way tie for third, fourth and fifth places at 5 ft. 8 in. Mike Long got the remainder of the Broncos' points with a third place in the broad jump. His best leap was 19 ft. 9¼ in.

Both the medley and mile relays went at times far slower than the Bronco entries in those events were capable of turning in; but Steinberg was well satisfied to return from the meet with all hands unscathed after competing in the cold wind.

Tracksters have three meets now in just 5 days

Coach Rich Koolbeck plans to take good-sized squads to represent Belmond High school at two major cinder classics this week. Today the Broncos will compete at the Pocahontas Relays and Saturday they will go to West Des Moines for the highly regarded Valley Relays.

Whether the Broncos will make serious bids for team honors at either of the track carnivals will depend on the weather. If conditions are such that Coach Koolback can use his aces freely without undue concern for injuries, the BHS contenders may make as determined an effort as they can for the team crown.

While the Bronco veterans were appearing at the Holstein Relays last Friday, Coach Koolbeck intended to hold time trials among the less experienced squad candidates. The day's cold weather cancelled those plans, however, and he hoped to hold trials the early part of this week.

Koolbeck has been very pleased with the progress that a number of his runners and field event specialists have been showing. They have been coming along much more rapidly than he'd anticipated.

He regards as his biggest problem now the discovery of some dependable talent that can help toward team total in some of the meets to come by picking up "place" points that hadn't been counted on. He would particularly like to be able to put together some reasonably good relay quartets that would not draw on his veteran talent.

Belmond will also have a full team at Humboldt's Bulldog Relays on Tuesday night of next week. Because no points are given for the mile run, Coach Koolbeck plans to hold Larry Kramer out of that event and use him in a couple of relays in hope of bolstering the Broncos' point production appreciably.

It is expected that quite a large number of local sports enthusiasts will make the trip to Humboldt to see the Broncos in their first near-at-hand appearance against major opposition.

Hancock County

I wish to announce that I am a candidate for the office of supervisor, Hancock county, on the Democratic ballot at the June 6th Primaries, term beginning January 1962.

Melvon L. Thompson

Vet pin entries win state money at Estherville

Belmond teams did well in the state Veterans of Foreign Wars bowling tournament at Estherville last weekend, taking over third place in the men's division and fourth in the women's.

The 3,009 gross series posted by the men was made up as follows: Arlo Stoltenberg 544-68—612, MaynardHolmgaard 501-92—593, Cecil Mosiman 525-78—603, Jack Lobdell 525-58—583 and Ed Albers 588-30—618. The Belmond score was only two pins away from a tie for second and only 15 pins short of the first-place team's.

A 2,474, gross, was compiled in the women's division by Beulah Ahlstrom, Ann Churchouse, June Mosiman, Eleanor Zeiger and Edna Eccles.

Belmond men's doubles teams took 6th and 10th places. Stoltenberg, with 564-68—632, teamed with Bob "Ozzie" Nelson, 509-82—591, for a 1,223. Holmgaard had 554-92—646 and Albers 538-30—568 for 1,214 that was good for 10th.

With his 593 in the team event and 646 in doubles Holmgaard had a 547-92—639 that was good for a money place in the singles and an all-events total of 1,878 that also put him among the winners.

Applications due from wool sellers

Wright county's Agricultural Stabilization and Conservation committee today urged wool growers who sold wool or lambs during the 1959 marketing year which ended March 31 to file their applications for payment under the national wool program as early in April as possible.

Early filing is highly desirable, the committee said, because the information on applications is needed for use in computing the average price received by growers.

This must be done before the payment rates for shorn wool and unshorn lambs can be determined. Since April 30 falls on Saturday this year, the final date for filing applications is May 2.

The applications being filed at this time are to show all sales of wool and unshorn lambs during the period between April 1, 1959 and March 31, 1960. For a sale to be considered completed during that period, title must have passed to the buyer, the wool must have been delivered, and the last of the factors needed to determine the net sales proceeds must be available.

The committee urges growers to be particularly careful is reporting purchases of unshorn lambs on their applications. Inaccuracy on this point is the most troublesome problem in administering the wool payment program, they said.

Under the wool program, payments are made to growers as an incentive to increase wool production. The payment rate is the percentage necessary to bring the national average price received by growers up to the incentive level of 62 cents a pound. Under the precentage system, the grower who receives the highest price for his wool also receives the largest payment.

Brookwood 4-Door 6-Passenger Station Wagon

CHEVY! YOU CAN'T BUY ANY CAR FOR LESS ...UNLESS IT'S A LOT LESS CAR!

Anyone who's looked around knows the majority of Chevrolet models—6's and V8's together—list for less than comparable models of other low-priced cars. But the price tag alone is only one of a whole raft of reasons a Chevy does better by your dollars.

Nothing near Chevy's size and price can match the Full Coil cushioning of its ride, or the fine, finished workmanship of its Body by Fisher. That even applies to some cars that cost a lot more. You're up in the higher price brackets before you find a car that moves as quietly as a Chevrolet or offers the inner space that Chevrolet does.

Or look at the extras Chevy gives you —*at no extra cost*—that others in its class can't offer at any price. Shock-cushioned steering. Safety *Plate* Glass in every window. Keyless locking of all doors. Crank-operated vent windows. Chevrolet offers the widest choice of power teams, too. Drive a Chevy just once. You'll have a tough time settling for anything less.

MESERVEY NEWS

MRS. MOODY QUANDT

Meserveyan given research position

Larrie Hindman, son of Mr. and Mrs. Marvin Hindman of Meservey, has accepted a position as research assistant at the institute of Agricultural Medicine of the State univerisity of Iowa, made possible by a grant from the Kellogg Foundation.

He will do research work under L. W. Knapp, chief of the accident prevention section, and will deal with the investigation, casual relationships and legal aspects of motor vehicle-farm implement accidents on Iowa highways.

Larrie ranked in the upper three per cent of the first-year law students scholastically last semester and was one of the winners in the Law Club argument program.

Honor Mrs. Joe Stadtlander on her birthday anniversary

Saturday was Mrs. Joe Stadtlander's 83rd birthday and these came to her home to help her celebrate: Mr. and Mrs. Bertus Stadtlander, Dena Kuhlers, Anna Ostendorf, Mrs. Lizzie Hopkey, Mrs. G. Dirks, Mrs. Herman Kuhlers, Mrs. Nathan Pals and Mrs. Dan Schmidt. The self-invited guests brought the lunch.

Mr. and Mrs. Marvin Meints and family and Mrs. Harm Meints of Sheffield were Friday evening visitors at the Mrs. Joe Stadtlander home to wish her a happy birthday.

Robert Dorenkamp of Long Beach, Calif., has been visiting with relatives in Meservey en route to his new work in Omaha, Neb.

Mr. and Mrs. Cleon Prestholt, Kim and Kelly of Redfield spent the weekend in Meservey visiting relatives and friends.

Mr. and Mrs. Merlin Ruiter and Roxanna and Mr. and Mrs. Jake Pals were at the Walter Schmidt home Sunday afternoon to help their son Mike celebrate his eighth birthday.

John Kelly spent Sunday with Tom and Jim Dorenkamp. Mr. and Mrs. Walt Kelly and family spent the day with relatives in Early, Iowa.

Attending the Women's Club style show at the Methodist church in Clear Lake were Mmes. Jacob Pals, Robert Raecker, G. E. Jurgenson, Andrew Boelman, H. C. Fischer, Merlin Ruiter, John Clemons, Jake Koenen and Dale Lage. Styles were shown by the merchants of Clear Lake with women from Clear Lake as models. Children's garments were also modeled.

Mr. and Mrs. Garfield Raecker drove to Sanborn Sunday morning where they spent the day with the former's sister and husband, Mr. and Mrs. Arthur Fillenwarth.

Sunday visitors at the Mrs. Lizzie Hopkey home were Mr. and Mrs. Fred Hopkey of Webster City, Mr. and Mrs. George Steenhard and family of Rockwell, Mr. and Mrs. Ardell Hopkey and family of Belmond and Mr. and Mrs. Carl Hopkey.

Auxiliary planning for county parley

Mrs. C. J. Wendel, Cerro Gordo county American Legion Auxiliary president met this week with the county secretary, Mrs. Robert Raecker, and local unit president, Mrs. Beulah Langlitz, to plan the Cerro Gordo County Auxiliary meeting to be held here Tuesday, April 26.

Letters were written to the units in the county pertaining to the meeting and requests were also made concerning the birthday party to be held this month at the Independence state hospital, with this county as the hostess county.

The women will be taking 100 dozen cookies, which will be given to the patients at the birthday party, plus eight pounds of homemade candy for the eight veterans who are patients.

Many local folks attend Lemke-Haberkamp wedding

Attending the wedding of Ferdinand W. Lemke of Meservey and Bethel Haberkamp of Clear Lake in the Reformed church near Garner Saturday evening were: Mr. and Mrs. C. J. Wendel, Mr. and Mrs. Garfield Raecker, Mr. and Mrs. Robert Raecker, George L. Dirks, Mr. and Mrs. Dale Lage, Mr. and Mrs. Carroll Morris, Mr. and Mrs. Roger Fekkers, Mr. and Mrs. Edward G. Kuhlers.

Donald L. Dirks, Rev. and Mrs. V. E. Shickell and Jerry, Mr. and Mrs. Robert Ostendorf, Mr. and Mrs. John Van Osten and Judy, Mr. and Mrs. Vern Schluter, Sheryl and Sandra, Mr. and Mrs. Virgil Schluter and Mrs. Amelia Zimmerman, all of Meservey; Mr. and Mrs. Cleon Prestholt of Redfield, Eva Schluter of Carpenter, Betty Floy of Thornton; Jerry Suntken of Belmond; and Mrs. Amalia Lemke and Elizabeth Lemke, mother and sister of the groom. A reception followed the wedding in the church parlors.

Rev. and Mrs. O. N. Felberg show slides at WSWS meeting

The Women's Society of World Service of the EUB church met last Thursday afternoon in the church parlors with Mrs. Herbert Basener as hostess. Rev. and Mrs. O. N. Felberg of Loveland, Colo., were guests and showed slides of the EUB mission in Brazil.

The lesson on Africa was presented by Mrs. Clara James. Plans were made to attend the Spring Training Institute at Zion E. U. B. church in Sheffield on April 19. The yearly reports of the various chairmen were heard. Lunch was served by Mrs. Basener with Mrs. Clara James pouring.

AVERY SUNBEAMS

Fifteen members of the Avery Sunbeams 4-H club answered roll call for the meeting held with Barbara and Sonja Ahlstrom on Saturday, April 2.

Margaret La Favre was program chairman. A talk was given by Gwen Butler on good posture. Another talk was given by Rosalyn Pearson on the care of the skin.

A demonstration on turning and stitching a hem was given by Sonja Ahlstrom and Marlene Koehler. Wendy Doble led in recreation.

At this meeting the good grooming contest was held, with Mrs. Carl Willie and Elaine Jurgemeyer as judges. Sheryl Schluter was winner of the Intermediate division, with Nancy Reinhart as runner-up. Aryls Arnold was the winner in the Junior division.

Lunch was served by Mrs. Ahlstrom, Barbara and Sonja.

Marlene Koehler
Reporter

Elizabeth Lemke, who teaches at Osage, spent the weekend at the parental Frs. Amalia Lemke home. The latter moved into her house in town this past week.

Mrs. Clarence Groesbeck and Mrs. Mervin Groesbeck and baby of Garner and Mrs. Eugene Groesbeck and baby of Klemme came Tuesday to the Virgil Schluter home and helped her paint a room and also to visit.

William Hartfelder of Mason City was a Meservey caller Saturday. Mr. Hartfelder has a farm here which he came to look after.

Mr. and Mrs. Harold Blewett returned home last Monday from spending a few days at the home of their son Byron and family at Durant.

Mr. and Mrs. Engle Fekkers and Mr. and Mrs. Onno Suntken and family were Saturday evening visitors at the Smallfoot home at Garner. Audre stayed overnight to attend Sunday school with their children. Delbert and Dennis Suntken attended the Fun Night at Garner that evening.

Mrs. Alida Pals has returned to her home after staying at the home of her son Elmer and family for several months.

Mr. and Mrs. Leonard Pals and boys and Mr. and Mrs. Nathan Pals were at Clear Lake Friday evening to visit at the parental Albert Pals home. Jerolyn Pals, who stays at the Nathan Pals home to go to school in Meservey, spent the weekend at home in Clear Lake with her father.

Pauline Meints' funeral Tuesday

Funeral services were held Tuesday afternoon at the First Reformed church of Meservey for Mrs. Alfred Meints, 57, of rural Thornton. Rev. Charles Johnson officiated and Johnston Funeral Home of Belmond was in charge. Burial was in the Meservey cemetery.

Pallbearers were Merlin Ruiter, Lawrence Gruis, Duane Trager, Luverne Ruiter, Leland Koenen and Clarence Kuhlers.

Mrs. Meints died very suddenly last Friday evening while on a shopping trip to Mason City her death being caused by a heart attack.

Pauline Gruis was born in Wright county on July 2, 1902,the daughtre of Jacob and Louise Gruis. She wed Alfred Meints at Meservey on March 29, 1922, and for the past 30 years they have farmed near Meservey.

Mr. Meints and seven children survive. The children are: Mrs. Leonard (Phyllis) Kennedy and Ardell Meints, Clear Lake; Donald Meints, Meservey; LaVonne Meints, Mason City; Mrs. Bill (Shirley) Dieger, Belmond; Jerry and Gene, at home.

Other survivors, in addition to 10 grandchildren, are: Mrs. Meints' mother, Mrs. Louise Wolters of Mason City; two sisters, Mrs. Fred (Tena) Ruiter and Mrs. Kermit (Minnie) Stille; four brothers, Herman Gruis of Kansas City, Mo., John (Louie and Bernard Gruis; and a half brother, Clarence Wolters.

Her father preceded Mrs. Meints in death; also two children, who died in infancy.

Mr. and Mrs. Leonard Pals and boys went to Belmond Tuesday evening to the Harvey Pals home where they helped Iva Jean Pals celebrate her 16th birthday. Others there were the Louie Pals, Clarence Pals and Willie Pals families.

Charlotte Dorenkamp and Marianna Vierkant attended a Red Cross meeting and Kathleen Diddy and Dixie Lee Koenen attended a Future Teachers meeting at Mason City Thursday at the Garfield school. Dixie Lee was appointed the county reporter for the year.

● Belmond Locals

Mr. and Mrs. Norris Soma attended the confirmation services in the Lutheran church at Ventura Sunday morning. Their granddaughter, Deanna Barekma, the daughter of Mr. and Mrs. Lyle Barkema, was a member of the class confirmed. The following were dinner guests in the Barkema home: Mr. and Mrs. Norris Soma, Mr. and Mrs. Arlen Pals and son, the Gilman Soma and Alvin Pals families, all of Belmond, Mr. and Mrs. Jim Beisner of Williams and the Donald Dorenkamp family of Meservey.

Mr. and Mrs. Lloyd Lewis and children and Mrs. Maude Thompson visited Sunday afternoon in the Elmer Brooker home at Forest City.

JOE TRIPLETT SEZ:

Ris-Van has got it's local satellite into orbit to stay. I know it's in orbit because the signals are coming through steadily, loud and clear. "I'll take 10 tons," "Give me 15 tons," "Eight tons will do for now," "75 tons is about what it will take for me," "150 tons should just about do it." These are the signals we are receiving that point toward a successful launching. The loudest and clearest signal we've received from this satellite to date is the order that Ris-Van's president, Kenneth Van Duzer, and I signed up this past week within 10 miles of Belmond. The total order for fertilizer material came to $12,000.00 Man, as far as satellites go, that's way out.

One of the truly stalwart backers of the Ris-Van satellite program is Earl Swenson. Just as regular as clockwork Earl is back again this year for his fifth straight season as a user of R-V Liquid Fertilizer. A true pioneer in a rapidly growing industry.

Besides supplying old customers, looking up promising new customers is still a project high on my list. Merlin Braun of Alexander was given a good recommendation, so I stopped in to see him the other morning. Merlin and his hired man were busy building a couple of new wagon boxes. With 480 acres to farm this spring they weren't wasting any time. Merlin did take out a few minutes to discuss his fertilizer program and R-V 32% nitrogen fits in as a sidedress for corn very nicely. He wanted to take soil samples of several fields, so I left the necessary materials. Soil tests are a good base to start from in planning a sound fertilizer program.

Plowing is going to be a big project for most farm folks this Spring. Sherman Oberhauser estimated that he had about 300 acres to be turned over before planting corn. Sherman and his father, L. B., used R-V for sidedressing their corn this past season. The results were so good that they are looking forward to plowing down R-V as well as using it for sidedressing this coming season. Results speak louder than words.

Getting ready for spring work isn't the only thing being done since the weather has warmed up. I caught Ernest Kalkwarf painting the dining room ceiling when I stopped in to see him last Tuesday. I did some painting of my own in word picture form in the five minutes Ernest allowed me. I know he liked the color of those nice green cornfields and those big, big loads of beautiful yellow corn that come as a result of using Ris-Van Liquid Fertilizer. If word pictures are not enough for you folks, try R-V and paint your own picture for real.

Some rather pointed requests to leave their names out of print from now on were passed on to me this past week. Therefore, a blank space such as this will be used in place of their names whenever I mention them in the future. It matters not whether you're a blank space or in full print, the important thing is to

Students return home for holiday

Many college students will be spending Easter vacation or the weekend with their parents.

These include Janice Flanagan and Jerry Chandler . of Winona (Minn.) State Teachers college; Eloise Kirkendall and Doug Nodland St. Olaf college, Northfield, Minn.; Janis Kalkwarf, Judy Larson, Donna Barkema, Kenneth Hawley and David Long, Iowa State Teachers college, Cedar Falls;

Cynthia Saunders, Hamilton Business college, Mason City; Mary Alice Studebaker, Clarke college, Dubuque; Alan Flanagan, Loras college, Dubuque; Donna Nolan and Sandy Hildman, Marycrest, Davenport; Bill Halfwassen and Da-Dean Obrecht, State University of Iowa, Iowa City.

Linda Bonte, John Henn, Marlin Pals, Roland Jenison and Larry Flanagan of Iowa State university, Ames.

ATTENDS PARLEY AT D. M.

Dr. W. W. Weisbrod was at Des Moines on Thursday of last week to attend an Insurance Relations Conference of Chiropractors of Iowa. Purpose of the meeting was to discuss matters concerned with accident and health insurance and the practice of chiropractic.

Rogalla chosen dorm councellor

SIOUX CITY (Special) — Gloria Rogalla, daughter of Mr. and Mrs. Rogalla of Belmond, has been chosen as a dormitory counselor at Morningside college for the 1960-61 college year.

Counselors are selected for their maturity, leadership ability, scholastic competence and ability to meet the schedule of a counselor which calls for her to be in the dormitory a specified amount of time during the week. Fourteen women were chosen to be counselors.

Miss Rogalla is in her freshman year at Morningside majoring in music education. She is a member of the college choir.

WORN-OUT SHEETS WANTED

Old sheets that may be torn into strips for use in making bandages are once more needed by missionaries who are supplied by the Fundamental Baptist church. Any such sheets available will be picked up if the person offering them will phone Mrs. Harm Pals (7897) or Mrs. H. A. McKinney (524).

Eagle Grove man to head county's Cancer Crusade

It was announced this week that Harry Shortenhaus of Eagle Grove has volunteered to serve in the capacity of chairman for the American Cancer society's annual Crusade in Wright county. Mr. Shortenhaus is a special agent for Farm Bureau insurance and the owner of the Sandman motel in Eagle Grove.

Mrs. Lynn Thompson of Clarion, chairman for the year-round program of the Wright chapter, made known the appointment of Mr. Shortenhause. He succeeds John N. Kaplan of Eagle Grove, chairman of the Cancer Crusade last year.

Volunteers are being appointed to head the Crusade in each town and township in the county. Announcements covering these appointments will be made at a later date.

Mrs. Thompson also reported that, by Presidential proclamation and Congressional declaration, April will be cancer control month throughout the nation. The goal for the state of Iowa in April will be $916,666 66

Upon hearing of Mr. Shortenhaus' acceptance, Iowa's State Crusade Chairman Dr. Jack Spevak, pediatrician from Des Moines, expressed his appreciation He stressed the research needs of the society to continue the fight against cancer and said, "We sincerely believe the generous citizens of our state will actively support the Crusade, and that we will achieve our vitally needed goal."

HOSPITAL NOTES

Scott Braner entered April 6 for surgery.

Douglas Pals entered April 6 for surgery.

Richard White entered April 6 as an accident patient.

YOUR NERVES and WHAT THEY DO FOR YOU

Nerves are like wires over which messages and energy are conducted to control growth, nutrition, movement, and blood supply of the body. Nerves also conduct messages of feeling, pressure, heat, cold and pain from the body to the brain. Important protection of the nerves is provided by the spine. However, it has been found that slightly displaced vertabrae can cause disturbance in the flow of nerve energy that affects remote parts of the body.

To learn whether or not your health problem is in this specialized field, a chiropractic examination is the best health investment you can make.

ALEXANDER NEWS

MRS. H. B. JANSSEN

Alexander's large music ensembles in final concert

The large music groups of Alexander Consolidated school will appear in their final concert of this school year next Tuesday evening at 8:00 o'clock at the high school gymnasium.

Thes groups are the concert band, mixed chorus, girls glee club, and boys glee club. James Hoekstra will accompany the vocal groups.

The program will include selections which the groups will present at the state music contest at Goldfield on April 30, under the direction of Marilyn Junker.

Mr. and Mrs. Marlo Westaby and children were Wednesday evening birthday dinner guests in the Peter Helvick home at Humboldt in honor of Mrs. Helvick, mother of Mrs. Westaby.

Mr. and Mrs. Harold Vanness and two daughters were guests Sunday in the home of Mr. and Mrs. Edd Parle and two daughters in Fort Dodge.

Mr. and Mrs. Max Stephens and children of Waterloo were Sunday afternoon and dinner guests in the Willard Scott home.

Birthday dinner held at John Halfwassen home

A birthday dinner honoring the seventh birthday of Christin Bryan was held Sunday in the John Halfwassen home. Other guests were the Harold Bryan family of Plainfield, Alvin Orpen family of Kensett, Mr. and Mrs. Loren Tinkey of Latimer, Mr and Mrs Will Tinkey and Mr and Mrs Marvin Jaacks and family.

90TH BIRTHDAY HONORED

Mr and Mrs John Hill and Mr and Mrs Harry Hill and children were in Sheffield Monday to celebrate the 90th birthday of W. H. Yaw, father of Mrs John Hill. Mrs. Hill baked and decorated a cake with 90 candles for her father.

Funeral services were held Monday afternoon at the Alexander Reformed church for Mrs. Ted Vierkant, 56, who died Thursday of last week at a Mason City hospital. Her death was caused by cancer, discovered only two months before her passing.

Rev. John Hoekstra officiated over the final rites and Johnston Funeral Home of Belmond was in charge. Burial was in the Alexander cemetery. Pallbearers were William Dirks, Dennis Pals, Marlin Blau, Duane Blau, Dean Lauen and Roger tSoffer.

Tillie Blau was born April 5, 1904, daughter of Jerry and Grace Blau. She attended the Alexander school and was a lifetime resident of the community. She wed Ted Vierkant on Feb 23, 1932, and they farmed near Alexander throughout their married life.

Surviving in addition to Mr Vierkant are two sisters of the deceased, Mrs Gussie Stoffer of Belmond and Mrs Herman Riekens of Meservey; and three brothers, George, Dick and William Blau, all of Alexander Both of Mrs Vierkant's parents preceded her in death.

Mr and Mrs John Schulte were guests Sunday in the Dale Anderson home celebrating their grand daughter Marla's second birthday

Jim Barkema returned Monday to Orange City to resume his school work in the college there, after a several days' vacation in the home of his parents, Mr and Mrs George Barkema.

Mr and Mrs Merlin Correll and daughters of Des Moines were Sunday visitors in the Mrs Floe Peters home Mrs Peters returned home with them to spend several days

Mr and Mrs Will Jacobs of Iowa Falls were Thursday overnight guests in the home of Mr. and Mrs Will Westaby

Mr and Mrs J D Burman and children of Hansell were Sunday afternoon and dinner guests in the Willard Scott home

Mr and Mrs John Hill were Thursday visitors in the home of their son and family, Mr and Mrs John Hill in Adams, Minn

Who is a wise man and endued with knowledge among you? Let him shew out of a good conversation his works with meekness of wisdom.
—James 3:13

High hopes held for GMI's Multi-Purpose Food

If you talk to any of the local General Mills staff who have had personal experience with the Multi-Purpose Food being manufactured here, you will find an ardent missionary for this vitamin-enriched, mineral-supplemented protein formula.

What a marvelous food it is was suggested by a front page story in The Independent last week, telling of a two-week MPF diet that Keith Wiggins recently completed. For 14 days, no solid food passed Keith's lips except nibbles of this wonder concoction. Four glasses of orange juice per day, plus an occasional cup of black coffee or tea completed his fare. He emerged from the diet 16 pounds slimmer than before — but as fit, alert and full of energy as when he started on the MPF regimen.

General Mills officials see in MPF a potential asset to this nation's health that is something to conjure with. While it is not unpleasant to the taste, it's greatest potentiality lies not in its use as a food in itself, but as a supplement to dozens of favorite family dishes to which it can be beneficially — and economically — added.

How important is it that food on the average family table BE enriched with the nutritional supplements that MPF has to offer? Well, the U. S. Department of Agriculture reports that the diets of four out of every 10 boys of school age are-POOR, and those of SIX out of every 10 girls! This is due in part to the fact that appetites are sometimes more finicky in childhood than in later years. But it is also partly explainable by the fact that many FAMILIES simply do not have the balanced diet that they should.

A USDA study of the type of breakfast eaten by a cross-section of 1,888 Iowa school children revealed that less than five per cent could be rated "good." Breakfasts eaten by 30 per cent of the girls and 40 per cent of the boys were deemed "fair;" and those eaten by over 60 per cent of the girls and 55 per cent of the boys were declared downright "poor."

It is easy to see why GMI officials regard that nutritional wonders could be performed if MPF were to be made a basic ingredient in all school lunch programs. Its presence in gravies, meat dishes, desserts or as a supplement in any number of other regularly served foods would ASSURE every student of at least ONE nutritionally sound meal per day.

When our new high school is completed, it will be possible to serve hot lunch at noon to every student in our local schools — and that is the plan. Our school administration is already keenly interested in incorporating MPF as a standard ingredient in every day's meal, believing that the health benefits will be tremendous.

MPF will lend itself similarly well to all types of institutional and other large-scale food serving programs. Because a sound diet can go a long way toward preserving good health, MPF's attractions to companies operating their own cafeterias. to administrators of jails and prisons and other such institutions are easy to anticipate.

Civil Defense authorities have been showing increasing interest in MPF as a "priceless ingredient" in all stockpiles of food held in reserve against emergency need. While a campaign to advertise nationally MPF's virtues has only just been opened (an ad in the current Fortune magazine tells MPF's story), there is good reason to believe that it may win a place as one of the most important innovations in the field of food and nutrition in many years.

Meanwhile, the wonderful stuff is being made here at Belmond — and here alone. By special dispensation, it is available to local families at the very nominal price of $1.50 for a 4½-pound can that provides the nutritional equivalent of 24 full-course meals! (Try feeding a family of four for two days on a buck and a half!)

We predict the day will come when Belmond will take immense civic pride in being known as "the home of MPF." But while that day is on its way, why not invest in a can and give your family the benefit of its blessings?

Can this industrial "David" humble "Goliath"?

It's an old story — that of the ingenious "little fellow" who gets robbed of a patented device by the big corporation that simply takes what it wants. Consequently, friends of a Hardin county farmer were cheering last week as he won the first round of a battle against a major manufacturer of farm implements which, he claims, has stolen a device he invented to enable mechanical balers to tie better, firmer bales.

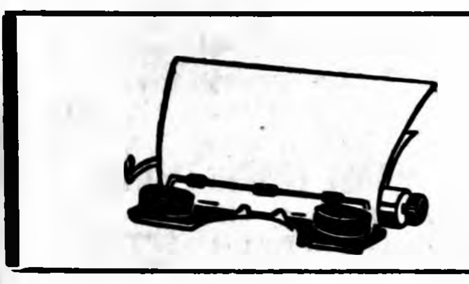
John England patented his invention eight years ago and since that time has sold more than 20,000 units of his baler attachment. Not long after he'd perfected his device and had it patented, the implement producer bought a pair of them. Subsequently the manufacturer added a baler to its line of machines — and Farmer England claims it is equipped with twine holder identical to the one he invented.

Represented by a firm of Washington, D. C., patent attorneys, the Iowa inventor brought suit in district court, seeking to have the usurper of his invention declared guilty of piracy. The case was heard right in the county where the parent plant of the huge implement concern is located — and the judge agreed that the manufacturer has infringed upon the Iowan's patent.

Mr. England is not so naive as to think that that is the end of the story. So long as he keeps winning, he anticipates that the matter will be carried to higher and higher courts and may very conceivably go all the way to the U. S. supreme court.

The defendant firm calmly declares that the inventor's patent was "invalid." It has produced to date more than 90,000 balers that utilize the bale-tying contraption — so if Mr. England can make the piracy decision "stick," he should have a pretty penny coming in damages, not to mention future royalties if the implement manufacturer wants to continue use of the device.

Most often, the "little fellow" ends up with an empty sack when he challenges a giant corporation in a contest of this kind. It's encouraging, though, to see one of them bow his neck and determine to fight the battle out. Farmer England will have a lot of rooters in his corner as the fight progresses, hoping that THIS time the "little fellow" will end up with his foot on the "heartless corporation's" chest.



Clipped Comment

From the Typewriters of Other Editors

"Delinquents" produce delinquents

Said J. Edgar Hoover, director of the FBI, recently:

"I should like to emphasize that the juvenile problem in any community . . . regardless of size and location . . . stems primarily from parental neglect and adult indifference."

The Christian Science Monitor commented on Hoover's statement:

"Surely a people who have made a democracy practical in its political life can learn how better to strike a blance between individuality and responsibility in homes."

IT OFTEN APPEARS TO US that our society does not have a clear picture of the type of home conditions and family that breed these misfits.

For so often we write and we speak as if these were average or normal homes in which something misfired while raising the children.

The normal, average home rarely, if ever, produces the social misfit who is constantly in trouble with the law. . . .

Carmen Santor, Clinton County's probation director, did a fascinating analysis of the spring grand jury cases which involved teenagers and older men and women. . . .

(HE) FOUND THAT IN MOST cases, the parents of these young people have been involved with the law at one time or another. So the parents were misfits and simply producing another generation of troublemakers.

In many cases, the parents were divorced or separated. The teenagers were troublemakers in school, poor in their studies even though some had the mental capacity to do their work. They rarely attended church.

The cases bore out Hoover's observation that the young people were the result of parental indifference and neglect.

BUT THE POINT WE WANT to stress is that they do not come from average or normal homes. They came from very abnormal home situations in almost all cases.

We can't appeal to the parents of these young people to be responsible. Most of them don't know what the word means. We can't ask them to ease up on their desire to be individualists for they wouldn't know what we are talking about.

They are people who are struggling for survival. And in this struggle they haven't learned moral principles or ethics, nor do they understand the role of education in helping them to make a better life for themselves. . . .

WE APPROACH THIS WHOLE problem of delinquency and adult crime on a bookish level, phrasing the problem in terms of "responsibility" and "individuality" and "lack of discipline."

It seems to us that if we ever hope to stem the tide of crime and reduce the criminal element, we'll have to roll our sleeves and go to work.

Santor's study shows that we will have to do something to break the endless cycle of criminaly inclined families raising children to be similarly inclined. And this is a tough nut to crack.

But there must be some answers to this if those who are truly concerned dig into the problem with sincere intent to finding them. A society that truly wants to lick the problem can do so. — **Plattsburgh (N.Y.) Press-Republican.**

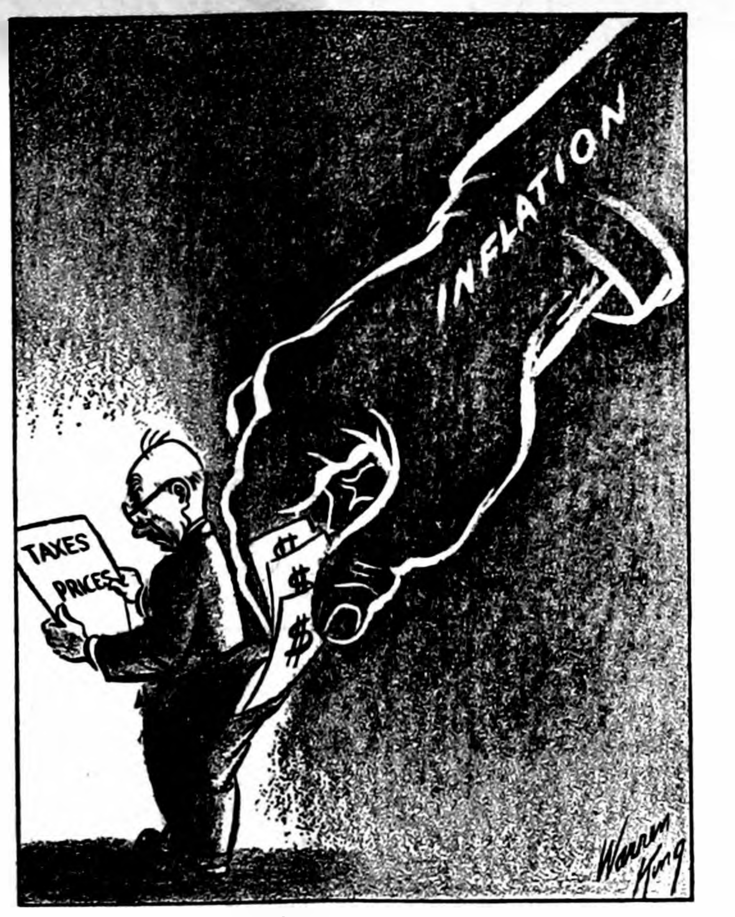
Back SOME Party

We are not entirely in sympathy with the "independent" approach to politics. Granted that there are many times when political activity assumes certain farcical aspects, our cherished system of government is nevertheless built upon the premise of two or more political parties. These parties in opposition to each other serve as a check and balance to prevent government planning and operation from being carried to extreme degrees.

There is nothing unwholesome about having a political affiliation . . . indeed, it is most desirable because it helps to promote a broader interest and understanding of the functions and directions of government. None of us can afford to be so aloof that we do not care what our government does or plans to do. We would be woefully neglecting our responsibilities as citizens of a democracy if we did. — **M. E. Grady in Maquoketa Sentinel**

- **Children are growing up when** they ask questions that their parents can answer. — **Lake Mills Graphic**

- **The human nose, says a physiologist,** is nine-tenths for breathing and one-tenth for smelling — which leaves not a fraction of a fraction for sticking into other people's business. — **Cumberland (Wis.) Advocate**



THE INVISIBLE PICKPOCKET

SCANNING THE HORIZON

WITH YE ED

THOSE DAY-BRIGHTENERS—

Is there ANYTHING that brightens YOUR day more than being on the receiving end of a bit of kindness or thoughtfulness from a source that you least expected it? A word of praise for yourself or a member of your family . . . a word of encouragement, if you've been feeling a little downhearted . . . even a cheerful greeting, supplemented by a remark or two that made you feel the greeter values your friendship?

We're all alike from the standpoint of appreciating any show of interest in ourselves. But isn't it odd that, grateful as we are when we're the recipients of a bit of attention, we rarely think to give the SAME lift to others?

Particularly, we are thoughtless of those who are apart from the main stream of our daily lives. Have you ever read regretfully of the passing of someone you admired — perhaps even felt genuine affection for — with the misgiving spoken by Edwin Arlington Robinson in the lines:

"Strange that I did not know him
then,
That friend of mine.
I did not even show him then
One friendly sign . . .
I never knew the worth of him
Until he died."

"THIS HAPPENS HERE" —

What put us on this line of thought was receiving last week from a reader of The Independent a clipping from Sunshine Magazine. It was a letter voicing the same regret as the verse above.

On the clipping our subscriber had written in patient sorrow, "This happens in our town. If you print this, don't mention my name. I am a shut-in, too."

A DOLLAR FOR FLOWERS —

Here's what the correspondent had written to the editor of Sunshine Magazine . . .

"My doorbell rang, and upon opening it I found my neighbor. She had a pencil and paper in her hand. 'Have you heard that Grandma Taylor down the street passed away last night? I think the neighbors should send flowers, don't you?'

"'Oh, sure,' I agreed: 'How much is everyone giving?' She said, 'About a dollar each, and if I can get ten, it should make a very nice spray.'

"I gave her my dollar, signed my name and address. Then she went on her way, and I went back to my ironing. . . .

"Now I thought about the little old lady, Grandma Taylor. She'd been quite a care for a long time. I used to see her sitting on the porch in the summer I'd wave to her as I passed, but I never seemed to have time to stop. Oh, I had reasons—dozens of them! 'I will stop sometime, though,' I would promise myself.

"Well, now, let's see about my dollar. My friend will call in the order for the flowers. The florist will send out the flowers in time for the funeral. They will look beautiful for the thirty minutes of the service. The funeral director will give the list of names to the family, and in a few days I will receive a little printed thank-you note.

"Now if I could go back awhile in time, and have my dollar again, what could I do with it? First, I could stop and sit with Grandma Taylor for a few minutes. Even if she was deaf and couldn't hear my voice, I could hear hers. I think my family would not have suffered if I had taken out a few minutes now and then to visit with Grandma Taylor.

"The dollar would have bought a small heart-shaped box of candy for Valentine's Day, or two pink carnations to pin on her flannel nightgown for Mother's Day. Or, it would have bought a nice red Christmas candle to set on her bedside table, or two or three magazines with pretty pictures.

"Or I could have sent her ten greeting cards at different times. I wonder if her face would have lighted up when someone announced, 'You got some mail today'? Or I could have taken her a big piece of my special strawberry cake, or a bouquet of flowers from our yard.

"What chances I missed to cheer an old lady, to have given her a little extra joy! And I could have had such happiness in making her happy! How much better it would have been if I had given her a little of myself along the way—not just a dollar to get my name on a card!"

SOMEONE YOU KNOW?—

Do you wonder, just a little, if the "shut-in" who mailed this to us is someone you know? Perhaps someone in YOUR block? Maybe someone you've been promising yourself you MUST stop around and see?

Will you, sooner than you like to think, be chipping in "a dollar for flowers" — filled with regret that you hadn't done something better . . . sooner?

Rather a bothersome thought, isn't it?

- **Sign of the times — A third** grade teacher carefully explained that a group of sheep is a flock and a group of quail is a bevy . . . then she asked the names of other groups of animals . . . when she came to camels, a little fella' in the back of the class timidly suggested: "A carton." — **Julian Chrischilles in Algona Advance**

The Independent
The Herald-Press
And The
Iowa Valley Press

TEN YEARS AGO —

Belmond Future Farmers' parliamentary procedure team won a gold rating last Saturday at the North Central FFA District FFA contest conducted here. Making up the team that will now advance to the state contest are Alvin Halfpap, Ronald Ketchum, Lawrence Ziller, Fred Loats and Jim Riekens.

—1950—

Dale Walrod, 22, last week was appointed by Mayor A. W. Loats as Belmond's day marshal. He has been employed at Berns D-X station. He saw 15 months of duty as a Shore Patrolman during a postwar hitch in the U. S. Navy.

—1950—

Monday night's benefit basketball game between the BHS faculty and a team of Main Street merchants was easily won by the tutors, 35 to 21. "Slim" Scott led the winners with 15 points.

—1950—

Mr. and Mrs. Harry W. Green last Sunday afternoon celebrated their 55th wedding anniversary at the home of a granddaughter, Mrs. Ray Pals. Present for the occasion were the couple who stood with the Greens at their wedding, Harry's brother and sister-in-law, Mr. and Mrs. Charlie Green of Nashua.

—1950—

A. P. "Dutch" Thompsen is giving a new hat to the person who can come the closest to guessing Belmond's population according to the 1950 census.

TWENTY YEARS AGO—

Harold J. Williams, former superintendent of Belmond's schools, has been named to the same position at Fort Dodge. He goes to Fort Dodge from Spencer, where he has served since leaving here in 1933.

—1940—

Mr. and Mrs. Pat Dillon celebrated their Golden Wedding anniversary Sunday at Clarion.

—1940—

Belmond's Broncos opened their baseball season here Tuesday afternoon with a 9-to-1 victory over Klemme. Bill Walrod pitched one-hit ball for the winners. Reese Townsan was the other end of the battery.

—1940—

H. C. Simerson of Belmond has been appointed to the position of state compliance supervisor for the AAA in Iowa. He will have jurisdiction over the entire state.

—1940—

Belmond's last reminder of the horse and buggy days, a string of hitching posts just south of the Independent office, are now concealed by a string of tractors.

—1940—

Donald Nielsen and Keith Madsen students at the University of Minnesota, and Orvis Fitts, who attends St. Olaf college at Northfield, were home over the weekend to visit with friends.

—1940—

Mrs. R. E. Courson entertained 25 friends at a tea at her home Friday in honor of a house guest, Mrs. Martha Sterns of Remsen.

THIRTY YEARS AGO—

At the Belmond Opera House last Thursday night, Henry Kolln defeated Professor Takahashi, the Japanese jiu jitsu champion, in one of the best wrestling matches ever seen here.

—1930—

In the BHS girls intramural basketball tournament finals Tuesday, the juniors pulled an upset by defeating the seniors 19 to 17. On the winning team were Hildegarde Thorman, Ethel McMannus, Freda Peterson, Mildred Frohling, Lois Trafford and Frances Quinlan.

—1930—

Retribution caught up with the three Eagle Grove youths who recently upset a number of tombstones at the local cemetery. The older two were each sentenced to eight months in jail and ordered to pay fines of $400 and the youngest was sentenced to the industrial school at Eldora. The father of two of the boys paid for re-setting the monuments.

—1930—

Jean Ann, little daughter of Mr. and Mrs. C. C. Christie, had no sooner recovered from the measles than she became ill last week with scarlet fever.

—1930—

Preston Tyrrell suffered a painful accident Saturday when a horse kicked him in the face. Four stitches were required to close the wound.

FORTY YEARS AGO—

Last Saturday Belmond physicians diagnosed a number of cases of illness as smallpox. Quarantine measures have been taken accordingly to check the epidemic.

—1920—

Margaret Gallagher, teacher of Pleasant township No. 8 rural school, announces a basket social to be held this Friday evening.

—1920—

H. C. King, former publisher of the Lyons County News at George, has bought the Clarion Clipper from H. M. Harwood.

—1920—

Kanawha and Klemme both claim to have learned the population of their towns according to the 1920 census, though how the information was obtained is not said. Kanawha claims 660, a gain of 144 since 1915; and Klemme 468, a gain of 64.

—1920—

The Frank McNutt family has purchased the John Ralph hotel at Goodell and took possession Monday.

—1920—

W. S. Pritchard of Garner and Henry Larsen of Belmond went to Minnesota on Monday to look for some livestock to put on Walt's farm. The two men are in partnership in the stock on the place.

—1920—

M. J. Thoe, Leland Finn and J. S. White left last evening for Flint, Mich., to drive back three Buicks for Nordschow Motor company.

—1920—

The Rowan Telephone company agreed last week to sale of its property to the Belmond Telecompany.

FIFTY YEARS AGO—

The Quigley nine of Belmond township and the Olaf ball team will play next Sunday at Quigley's pasture.

—1910—

Albert Fetrow is the new clerk at Jacobson's store.

—1910—

Mrs. J. C. McGuire entertained 12 of the little folks in honor of Adeline's 4th birthday yesterday. The little ones were invited to bring their mamas. A jolly time is reported.

—1910—

Miss Henrietta Pals returned to her school duties at Rock Rapids last Saturday after spending Easter vacation at home.

—1910—

The high school teams of Belmond and Iowa Falls will open the season with a game on the local diamond (in Luick's Pasture) Saturday. The Iowa Falls team won every game last year and Belmond lost only one, so the boys will be apt to put up an interesting game.

—1910—

Henry Pruell of Luni had a runaway with a team hitched to a disc one day last week. One horse was badly hurt.

—1910—

John Huyck of Kanawha has bought the team of big mules that Cap Tyrrell brought from the south, paying $450 for the pair.

Know your businessmen—

When bank moved out (in '31), Benson stayed

• • • • • • •

Among the senior members of the Main street business fraternity is Claude Benson, whose office has been located in the former Belmond Savings bank building for 29 years.

In 1931 the bank, like so many of its contemporaries, "went to the wall." For three years prior, he and the late H. F. Luick — who was also on the bank staff— had operated an insurance partnership on the side. That was a prevailing practice of the day.

Claude recalls with a smile (though it was anything but funny at the time), "When the bank moved out, I stayed."

"Hal" Luick relinquished his interest in the insurance business after the bank's failure, and Claude has conducted it ever since. He has written for Aetna Fire and Casualty and the Insurance Company of North America (originally National Security) practically from the time he entered the insurance line.

Travelers is another company he's represented for a great many years; and Western Mutual claims him as a 25-year veteran.

Claude's parents moved to Belmond from Alexander (they were Mr. and Mrs. I. H. Benson) when their son was ready for high school, because Alexander did not provide schooling in the 9th through 12th grades. Claude graduated from BHS in 1914, took a nine-month course at Highland Park college in Des Moines and then kept books for Clothier Charley McGuire for a time before joining the bank staff in 1916.

In high school, Claude made quite a name for himself as a baseball shortstop during a time when BHS had some of its finest diamond teams. He was also an ardent musician during those days. As a cornetist he played with both the school band and orchestra.

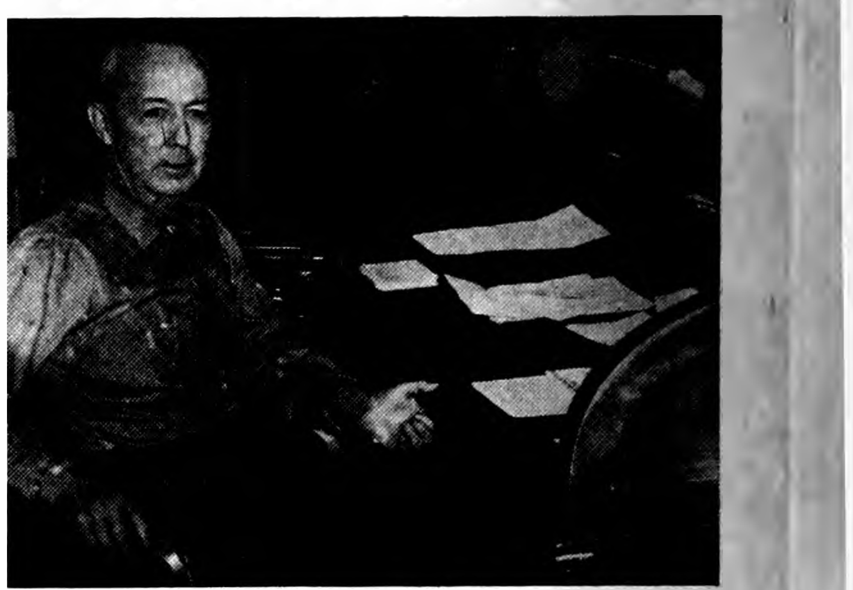
His interest in music prompted him to keep his lip in shape by playing as a member of the town band for some 10 or 15 years. He continued as the "official" blower of taps for military funerals in Belmond up until only two or three years ago.

His banking career was interupted by about 20 months service in the U. S. Army during World War I. He was in the quartermaster corps and spent most of his time in France, much of it on the south coast at Bordeaux. He admits it was "real good duty," the climate being wonderful and the actual fighting far to the north. He was discharged as a staff sergeant.

Claude is a charter member of Eimbrink post of the American Legion, to which he has belonged for 39 years. He is a past commander; in fact, he has held virtually every Legion office at one time or another. While he was commander, he received a citation for achieving the largest membership the post had attained up to that time.

His civic duties have been varied and he has also served other organizations besides the Legion loyally and well over the years. He put in four or five years as a member of the Soldiers Relief commission, finally resigning in disapproval of laxness that prevailed in meeting claims that he regarded questionable.

He served two terms on the city council and since the death of Dr. H. L. Gowdy in 1954 has been treasurer of Belmond Communty School district. This is a job that has grown decidedly in recent years until it is now what he describes as "really big business."



C. C. BENSON—BEEN WRITING INSURANCE SINCE '28

For more than 25 years, Claude was treasurer of the Masonic lodge; and for some 15 years he served the Methodist church in a similar capacity.

Claude confesses that he paces himself these days, in conduct of his insurance business. He can afford to because of the many faithful patrons he has acquired during his long career. He guesses that 75 per cent of his volume is renewal business that good service over a long period of time has won him.

Most of his memories of his long residence in Belmond are pleasant ones. More on the painful side, is his recollection of tearing the ligaments in his leg one fall as a high school baseball player sliding into home plate. Back in action the next spring, he chose to protect his leg by a headfirst slide into second. He emerged from that effort with a broken collarbone!

By and large, though, Claude regards that Belmond has been mighty good to him. In view of his many unselfish services the community could well return the compliment and acknowledge that Claude has been equally good to Belmond.

ACP cost-share funds available

Funds are available to share the cost of carrying out certain soil and water conservation practices on farms in Wright county, it was reported this week by the county ASC committee.

The committee has already received and approved many requests for ACP cost-sharing work to be carried out this spring, but more applications can be handled at this time.

Under the ACP plan, the government shares with the farmer the cost of establishing needed soil and water conservation practices. For most practices, the government pays at least 50 per cent of the total cost.

Such practices as establishment or improvement of permanent pastures and construction of sod waterways which require seeding are very desirable springtime projects, the ASC committee notes. They add that constructing livestock ponds and erosion control dams, terracing, contouring and spreading limestone are other practices which can be done to advantage in the spring.

All farmers are eligible to request participation in the cost-sharing program; but any farmer who expects to participate in cost-sharing must file an application at the county ASC office before the proposed practice is started.

All farmers interested are urged to call at the county ASC office in Clarion for complete information on eligible practices and requirements to participate.

How 2 out of 5 feeders cut cost of producing pork $3.18 per 100 lbs.

Recent studies made by research workers from a leading Midwestern state college disclose that only *2 out of every 5 feeders* are using enough supplement with their grains to make a balanced ration. If you are among the 3 out of 5 feeders who *do not* feed enough supplement, the results of this study can mean extra dollars in your pocket. Today—right now—you can take immediate steps to cut your cost of gain by as much as $3.18 when you take advantage of Purina's Check-R-Mix Service. See us today.

A simple turn of the Purina Check-R-Mixer dial gives these 2 farmers the latest research-proven formulas—suited exactly to their grains, and to their type of livestock and poultry. Check-R-Mix is today's scientific approach to low-cost production.

NEW BELMOND
Film Highlights
—from—
COMING ATTRACTIONS

You'll look a long while before finding a picture with more famous names in the cast than "Girls Town," playing Thursday through Saturday. It perhaps should be mentioned, though, that the names are not borne by the stars who made them famous.

There's Cathy (daughter of Bob, niece of Bing) Crosby, Jim (son of Robert) Mitchum, Harold Lloyd, Jr., and Charles Chaplin, Jr.

Mamie Van Doren and Mel Torme, who play the leads are — well, just Mamie Van Doren and Mel Torme. Same for Ray Anthony, The Platters, Dick Contino and a bunch of others whose names are familiar. This is a story of today's youth and their search for "kicks."

"The FBI Story," which is the New Belmond's Sunday through Wednesday film fare, is a hard-hitting thriller you won't forget in a hurry. With Jimmy Stewart in the lead role, you can rest assured there's abundant warmth and humor to relieve the grimmer moments of the picture. This one is labeled "the first complete, authentic drama of the world's greatest crime fighters."

● Belmond Locals

Mrs. Lena Bayliss accompanied her brother, James Peterson, to Mason City Saturday to attend funeral services for Nicholas Hommerding held at Patterson-James funeral home.

Donna Swenson of Lennox, S. D., was a weekend guest in the Alonzo Brandmeyer home.

Mr. and Mrs. J. E. Ketchum visited over the weekend in the Garold Vestweber home at Clearfield.

WRIGHT COUNTY BOARD PROCEEDINGS

March 21, 1960
Clarion, Iowa

The Board of Supervisiors of Wright County, Iowa met in adjourned session at the courthouse in Clarion, Iowa with the following members present: Albert W. Christopher, Harland E. Hill, Ed Kennedy, Everett Nelson, Walter Weidemann, with the County Auditor in attendance.

Minutes of the last meeting were read and approved.

Motion by Hill, seconded by Weidemann to approve application and bond for a cigarette permit for General Mills Mens Club, Belmond, Iowa. Motion carried.

Motion by Nelson, seconded by Kennedy that Joe L. Larson be appointed Weed Commissioner for the year 1960. Motion carried.

Motion by Hill, seconded by Nelson to approve the contract of Morgan Construction Company of Fort Dodge, Iowa on road project number T-197 (10) in the amount of $128,188.30 and road project number T-1219 (10) in the amount of $156,800.30. Motion carried.

Motion by Kennedy, seconded by Weidemann to approve contractor performance bond which is Morgan Construction Company, Fort Dodge, Iowa on road projects number T-197 (10) and road project number T-1219 (10). Motion carried.

Motion by Nelson, seconded by Weidemann that the County purchase a cable bull dozer and a P.O.U. cost to $3,250.00. Motion carried.

Motion by Hill, seconded by Nelson to approve the following resolution.

RESOLUTION

Concurring in Recommended Award of contractor for Farm to Federal Aid Secondary number S-444 (3), Wright County, Iowa.

Whereas the Board of Supervisors of Wright County, Iowa has considered the bids received by the Iowa State Highway Commission on March 8, 1960 for construction work on Federal Aid Secondary project number S-444 (3) Wright County.

Now therefore be it resolved that the said Board of Supervisors of Wright County, Iowa, concurs in the commissioners recommendation that contractor for said work be awarded to the low bidders as follows: Project no. S-444 (3) Asphalt concrete pavement and Morgan Construction Company Inc., Fort Dodge, Iowa $141,053.78. Motion carried.

Motion by Hill, seconded by Nelson to adjourn. Motion carried.

MYRON PRICE, Auditor

Public Forum

Britt, Iowa

Belmond Independent
Dear Sirs:

In reading the paper this week, I greatly admired Mrs. Rietema for her letter of response to the recent sexy picture, classed Front Page News. I certainly had to strain pretty hard to find anything to chuckle about. The more I studied the picture, the more sour the taste I had in my mouth.

Mrs. Rietema is to be commended for speaking out against such adult behavior (funny or not). Being afraid to speak out against things like this is what's wrong with three-fourths of our country today.

While we're speaking our minds about the morals of our people, something might be said about "the CRUD" the film industry is producing for the public (especially our young people) to see. Our young people really want adult guidance, but when "some" of these films and magazines are blasted up for them to view, how are they to know any different?

When parents object to them, the younger generation rebels, saying, "Well, if these things are blown up for all to see, it must be alright." So it puts parents in the "Old fogy, out-of-date, stick in the mud" class.

Mrs. Rietema did so well expressing her thoughts on this matter, there's nothing more I could add. I think perhaps a lot of people felt the same way, but couldn't find the courage to say so.

We do enjoy receiving the Independent from Belmond, having grown up in that community. I felt you were doing an exceptional job, excluding the one issue, so keep up the good work of editing a clean paper which makes for good reading to us as subscribers.

Mrs. Wayne Klinge

● Legal Notice

NOTICE TO BIDDERS

Sealed bids will be received at the office of the Auditor of Wright County, Clarion, Iowa, until 10:00 A. M. April 28, 1960 for a year's requirement of the various items, materials and supplies listed below.

A certified check drawn upon a solvent Iowa bank in the amount of Fifty ($50.00), and made payable to the County Auditor of Wright County, Iowa, shall be filed with each proposal, which check, in case of a bidder receiving an award, may be cashed and the proceeds retained by the County as liquidated damages, if he fails to execute a contract containing the provisions required by the statutes of Iowa, and file an approved bond for the faithful performance thereof, within ten days after the acceptance of his bid.

Specifications and proposal forms for the materials may be seen and may be secured at the Office of the County Engineer.

All proposals filed must be on the form furnished by the County, sealed and plainly marked. Proposals containing any reservations not provided for in the forms furnished may be rejected, and the County Board of Supervisors reserves the right to waive technicalities and reject any or all bids.

The year's requirements consist of approximately 100,000 gallons of gasoline and 35,000 gallons of diesel fuel.

All bids shall be based upon Clarion, Iowa posted tank wagon price.

Dated at Clarion, Iowa,
April 6, 1960

Farm-stored oats of 1958 eligible now for resealing

Farm-stored oats that were raised in 1958 and are now under reseal may be stored for another 12-month period, ending April 30, 1961, the Wright county ASC office announced today.

Farmers who elect to extend these loans will hold the grain for another year instead of delivering it to the government at the end of the original extended period on April 30 of this year. Eligibility requirements will be the same as for the original loan.

Farmers will earn storage payments for the period of extended reseal in line with the new storage rates which are to be effective July 1.

Reseal provisions have been announced previously on farm-stored 1959-crop corn, wheat, barley and grain sorghums, 1958- and 1957-crop corn and wheat, 1958-crop grain sorghums and barley, and 1956-corn.

Under the price support reseal program, farm-stored feed grains are retained on the farm under price support loans in areas where they can be safely stored for a longer period and where it is advantageous to farmers to do so.

● Belmond Locals

Mrs. F. A. Muyres of Minneapolis, Minn., arrived Saturday to spend a week visiting in the home of her mother, Mrs. Lewis Hauge.

● Belmond Locals

Mrs. Ethel Papousek of Clear Lake spent last Tuesday with Mrs. George Brady.

Mrs. George Brady will spend Easter with her son, Father Duane Brady at Waterloo.

Last Sunday the J. C. Brady family of Des Moines visited in the home of Mrs. George Brady.

Mrs. Millie Schulte of Clarion was a Sunday afternoon visitor in the home of Mrs. Zella Russell.

GOODELL NEWS

BY MRS. AMOS HANSON

Jess Thoresons Bound for Japan

Mr. and Mrs. Jess Thoreson of Chambersburg, Pa., were weekend visitors in the home of her sister, Mrs. Ira Langlitz. Mr. Thoreson works for the government and is assigned to work in Tokyo, Japan, for the next two years.

Mrs. Thoreson is to go with him and they left from Ames on Wednesday and will spend three days in California with the Earl Finns, [illegible]rdie and Harvey Wilsons before flying to Japan.

Sunday, the Langlitzes invited in relatives to enjoy the day with them. Those present were the Thoresons' daughter and family, Prof. and Mrs. John Lacey, Kevin and Cynthia of Ames, the Lester Gobeli family of Meservey, the Leonard and Darrell Gobeli families of Mason City.

LETTERS REQUESTED

Word has been received by the local American Legion post that a member, Harve Christenson of Cicero, Ill., is in the Veterans' Hospital at Hines, Ill., and would appreciate mail from members and friends here.

Rev. and Mrs. Clyde Scott and Mr. and Mrs. Fred Spaniard of Williams visited Mrs. Lee Milsap and Mrs. Laton Avery in the latter's home Thursday.

Mrs. H. O. Sandberg of Clear Lake spent several days last week in the parental O. Sandberg home.

Folks will be pleased to hear that the Glenn Weese and Merle Olinger families ar now nicely located at Rivera Beach, Fla. Glenn and Merle are working at the Navy Base there.

Al Whitaker of Milford visited Thursday with relatives, the E. C. Kienenbergers and Robert McNutts.

Mrs. George Stille is taking the census in Goodell, and the rural areas of Avery and Twin Lake townships.

Sunday, the Leslie Meres family of Austin, Minn., Ernie Woiwoods of Garner and Fred Bells of Klemme spent Sunday with the ladies' sister and brother, Barbara and Christie Peterson.

Mr. and Mrs. J. J. Cook went to Britt Sunday to see Allen Lau who is an accident patient in the hospital there. Mrs. Lau is a patient in the Mercy hospital at Mason City.

Howard and Josephine Dominy accompanied by Mrs. E. J. Schneider of Belmond and Bob of Humboldt went to Forest City Saturday evening and were guests at the wedding of Ruth Hays, daughter of Mr. and Mrs. Gerald Janssen, to Lewis Peterson whose home is in Minnesota. It was held at the Lutheran church. They will live at Forest City where Mr. Peterson is a member of the Waldorf college faculty.

Mrs. C. L. Randall, Steve and Mary of Toledo spent the weekend in the parental George Weese home.

Mr. and Mrs. Mac Fuller, Lorainne, Glenn and Bruce went to Storm Lake Sunday and spent the day in the home of Mrs. Fuller's brother, Gregg Holmes.

Mrs. Cortland Luick is spending this week in the home of her daughter, Mrs. Donald Shaw, in Creston.

Several from here attended Damon's Style show at the Hanford hotel in Mason City Saturday. Merrie June Reinhart of here styled a dress which she made.

J. J. Cook is enlarging his garage and doing extensive improving on it. He is a seed corn salesman and will use it for his storage and office.

The Bollers took Mrs. Ed Hughes (Aunt Carrie) to her home at Hampton Monday. She broke her hip in August and for many months has been recovering in the Bill Boller home. Mrs. Anton Boller and Mrs. Hughes are sisters.

The Lyle Andersons and Merle Andersons of Webster City and the Everett Andersons of Olaf spent Sunday in the parental Jess Anderson home. Last week Thursday, the Jess Andersons went to Faribault, Minn., and spent the day with their daughter, Mrs. Irvin Pate.

BABIES BAPTIZED

Nancy Sue Burrs, daughter of Mr. and Mrs. John Burrs of Kanawha, and Dean Lee VerHelst, son of Mr. and Mrs. Earl VerHelst, were baptized Sunday at the worship hour in the E. U. B. church by Rev. Donald Varce.

Sunday guests in the O. W. Myers and Oscar Olson homes were these relatives, Wade Johnston of Estherville, Eva Cook of Forest City, Mrs. Lester Bergeson, Julie, Ellen and Vivian and Dean Koenecke of Gruver.

Sunday guests in the Mell Ver Helst home were the Arthur Carters of Webster City, Kenneth Ver Helsts of Denhart, Dick Ver Helsts of Belmond and Earl Ver Helsts.

Mr. and Mrs. Earl Ver Helst, Dennis, Debra and Dean visited Thursday in the Pat Bridges home at Dows. The ladies are sisters.

Mr. and Mrs. Henry Brede went to Kanawha Sunday and visited in the Marvin Nuehring home.

Mr. and Mrs. Herman Brunes in company with their daughter Ethel of Belmond were supper guests Sunday in the Stanton Brunes home. They celebrated the former's birthday.

The Orville Hinton family of Fort Dodge spent Sunday with relatives, the Frank Kemps.

Mrs. Alvis Berhow was a guest at a Berhow gathering in the Raymond Michaelson home at Klemme. A turkey dinner celebrated Mrs. Scott Davis' birthday.

Mac Dresbachs parents of baby boy March 29

Mr. and Mrs. Mac Dresbach of Mason City are the parents of a sone, Rodney Paul, dating March 29. Local grandparents are Mr. and Mrs. George Stille and the mother will be remembered as Maxine Stille.

Folks received word from Mr. and Mrs. A. M. Graeber, who have wintered in the home of her brother, Arthur Moore in Mountain Home, Ark., that they are now visiting relatives in Harvey, Ill., before going to Flint, Mich., where they make their home with their niece, the former Eoline Moore.

Mr. and Mrs. Anton Pannuk, who have lived in the Sol Krass property east of the tracks, moved last Thursday to Belmond. They are living in the Gunderson property on Highway 69 near the M. & St. L. tracks.

Mr. and Mrs. George King of Amboy, Ill., Mrs. Charles Nelson of La Grange, Ill., and Mrs. Ed Johnson of Evanston, Ill., spent the fore part of the week in the Sandberg-Hanson home, coming to attend funeral rites for their cousin, Edith Sandberg. While here they were overnight guests, the Kings in the J. J. Cook home and Mrs. Johnson in the William Janssen home.

C. Hanson of Garner has purchased the late Bill Mongahen property west of Frank Kemp and will move in soon.

GOODELL EUB CHURCH

Rev. Donald Varce, Pastor

Sunday, 10:00 a. m. — Church service.

Sunday, 11:00 a. m. — Worship school.

Thursday at 7:30 p. m. Youth Fellowship. Choir rehearsal.

ST. MARY'S CHURCH

Rev. R. A. Ormsby, Pastor

Confession before early Mass.

Cancer film shown at auxiliary meeting

American Legion Auxiliary met last Thursday evening in the Emmett King home with Mrs. Bernard Nolte as co-hostess. Mrs. Bert Groen, Mrs. V. E. Harris and Barbara Peterson gave a report on the Legion Birthday Party they attended in Britt.

The spring conference will be at Humboldt April 30 and the county meeting will be in Corwith April 26. Following the business meeting, Norma Early of Mason City showed a film on cancer. Norma is a former local girl. A social time followed with the serving of lunch.

RECORD OF PROCEEDINGS OF TOWN COUNCIL, GOODELL, IOWA

April 4, 1960

Regular meeting of Town Council called to order by Mayor King. All Councilmen were present. The following bills were presented and approved:

Henry Nolte, salary	$ 60.00
William Butts, quarterly salary	32.50
O. Sandberg, gas & cylinder	18.15
L. W. Holley, ledger forms	2.60
US Check Book Co., Town Warrants	5.27
Iowa Elec. Lt. & P. Co., St. Lights	72.87
Iowa Elec. Lt. & P. Co., pumping	20.68
Nat'l Disinfectant Co., spray	68.05
Kurtz Electric, rewiring	43.79
Jack Burnett, labor	6.00

Motion to adjourn. Carried.

Receipts for March

Street fund	$281.72
Utility Water fund	128.07

William P. Butts, Town Clerk

Mr. and Mrs. James A. Hanson of Hartland, Minn., Mr. and Mrs. Howard Hanson and daughter, Mrs. Norman Drescher of Albert Lea, Minn., were out of state folks attending the Edith Sandberg funeral a week ago Tuesday. They are relatives of Amos Hanson.

Many ladies from this community were guests of the Klemme elevator and were taken by bus to Fort Dodge where they visited the Felco Feed company, other places of interest and served dinner.

Mr. and Mrs. H. L. Carpenter returned home a week ago Tuesday from Florida where they have spent the winter. While there they purchased a lot at Lake Wales and built a four room house. Mr. and Mrs. O. C. Evenson of Northwood, former Goodllians, recently spent a month in Florida and purchased a nice property consisting of a house and lot in Lake Wales only 20 feet from the Carpenters.

Rev. and Mrs. W. T. Boston of Kensett visited Tuesday of last week in the Sandberg-Hanson home, coming for the funeral. The Bostons are now serving the Bolan church but will retire in May and move to their property in Cedar Falls. Her aged mother, Mrs. W. B. Richardson of Stilson, makes her home with them.

Belmond Independent

4-18-85

VOL. 41 NO. 29 | OFFICIAL CITY PAPER | WRIGHT COUNTY, IOWA—THURSDAY, APRIL 21, 1960 | OFFICIAL COUNTY PAPER | 12 PAGES THIS ISSUE

MAIN STREET

BY PAT, DICK, DUANE

All the way from Japan, Marson and Verla Nelson last month received a clipping of the business feature that appeared early this year in The Independent telling of their 10 years of ownership of the Belmond cafe. Apparently a former fellow teacher — and patron of the Nelsons — had sent Ed Brunner a copy of the story.

The former Belmond teacher simply changed attire, not professions, when he entered the U. S. Navy. For in Japan, he teaches the children of American personnel stationed over at Yokohama.

Ed noted that the occasion of the "write-up" not only marked the 10th year of the Nelsons in the cafe business, but also Ed's 10th year as a teacher. "We both started out in Belmond together," Ed observed. His fond recollection of the meals he used to enjoy at the Belmond cafe strongly suggested he isn't eating equally well these days.

Sheriff Bob Blecker issues a warning that the county's mobile radar unit is going to be put to work on various secondary roads and in Wright county towns as the whim of the moment strikes him and his deputies. They are out to tag you as "it," if they can — but regard it only fair to announce their intentions. So if you're buzzing along a gravel road one of these nights and suddenly find you've buzzed $10 or $15 worth, you'll have no one to blame but yourself. Forewarned is (or should be) forearmed.

While those missionaries for MPF (Multi-Purpose Food) down at the General Mills plant have been happy with the publicity The Independent has been giving this unique concoction of protein, vitamins and minerals, they caught us UNDERstating our case in last week's editorial — and wouldn't stand for it.

We observed that one of those 4½-lb. cans that sell for $1.50 contain the equivalent of 24 full-course meals (from a nutritional standpoint).

Fact of the matter is, one such can is the equal of 36 full meals — or enough to take care of a family of four for three full days. Anywayway, our point now holds more than ever. How else, these days, can you put the equivalent of 36 meals on the table at a cost of very little over four cents per meal? No answer?

Our circulation department slipped up and mailed Robert W. Rowen a notice that his Independent subscription was about to expire, when actually it had a full year to go. He graciously called it to our attention via a letter from Oakland, Calif., saying:

"I accept your apology in advance." To get matters balanced up, we herewith submit that pre-accepted apology and assure our good friend RWR that we won't dun him now until a year hence.

We could imagine the twinkle in Mr. Rowen's eye as he wrote, "Please don't let it happen again, as I might get mad and that would not be good for my hypertension." For a fellow as sturdy as he is, and just a few days shy of his 91st birthday, HE should worry about hypertension!

Since Ye Ed would not like to see the middle Mainstreeter doing his own cookin' and cleanin' while his frau "does time" for snitching on Belmond's census count, we can't claim knowledge of what the unofficial total was. Miriam Gowdy and Helen Miner, the two local nose-counters, wound up their enumerating last Saturday. Their combined totals, barring some discovered omissions, will represent Belmond's official population for the next 10 years.

District Supervisor Bill Algood of Fort Dodge says he is now starting a "Were You Counted?" campaign, via forms that have been distributed to newspapers in the district. If you feel quite sure you were overlooked, come in to The Independent and we'll provide you with a form to mail in to the supervisor.

Preliminary figures presenting the total population of incorporated places of 10,000 or more population, and for counties, will be issued as soon as the district supervisor is convinced that a complete count has been made. In these Federal Aid Days, allotments of funds to states and counties are on a per capita basis, so a short count means a short allotment. . . . Incidentally, if you got one of those blue "household" forms, it's time to be getting it in, too.

Ye Ed's youngest son may be asking Father Robert Ormsby a rather perplexing question one of these days, so we decided we'd best prepare the good priest for what's coming.

Walking by the rectory last week, small-fry noted the decorative urn in the east yard resplendent in a coat of gilt paint. H pulled to a sudden stop, bug-eyed with admiration.

"Boy! Wonder what Father Orngby (it always comes out that way) did to win THAT trophy?" breathed the wondering youngun. "It's so big, he can't even get it in the house!"

EG man to head NFO of Wright

Wright county was presented with a National Farmers Organization charter at a meeting held last Friday night at the First National Bank building, Clarion. Presentation was made by Wayne Laird of Otho, national staff organizer for the NFO.

Roger Wilcox of Eagle Grove was elected president of the Wright chapter for a one-year term. Others elected to offices were:

Bernard Siemens, Goldfield, vice president; Refine Rossman, Renwick, secretary; Russell Martin, Clarion; treasurer; and as trustees — Leland Wilson and Adrian Schumacher of Clarion, Morse Nielsen of Eagle Grove.

Those present at the meeting were told by Dale Cochran of Eagle Grove, national publicity director, "Over 90 per cent of the farmers that are familiar with the NFO plan for collective bargaining for agriculture believe it will work, but too many are waiting until they can see dramatic, positive results before joining."

He declared the sooner large numbers of farmers join together and put a price on their products, the sooner they will receive a "decent price."

Plans were discussed in regard to organizing an NFO women's auxiliary in the county and it was agreed to hold future meetings on the third Monday of each month.

Serving as publicity chairman for the Wright county NFO is Marion Robinson of Holmes, chairman of the Wright county Democratic central committee.

Salary Increases to Jones, McCoy

Ten per cent raises in salary were granted Haydn Jones and Merritt McCoy of the Wright county engineer's staff by action of the county board of supervisors taken Monday of this week.

Mr. Jones was receiving pay at the rate of $5,800 annually and Mr. McCoy at the rate of $5,200, so their respective increases in pay will come to $580 and $520.

City library will hold open house on Wednesday evening of next week

Annual open house at the Belmond public library is planned for Wednesday of next week between the hours of 7:00 and 9:30 p. m. Librarian Faye Colby says a number of special displays are being prepared in honor of the occasion by various school and civic organizations and by boys' and girls' groups.

Also on exhibit will be book jackets made by boys and girls in the 3rd and 4th and in the 5th and 6th grades in competition for two books to be given as prizes.

The jackets may be for any book the student has personally read and the one judged best from each of the two sets of grades, 3rd-4th and 5th-6th, will be awarded the prizes.

A book will also be the prize awarded to the school class that has the largest number of parents registering at the open house. A point will be allowed for each registration, with the exception that a parent signing for a borrower's card for the first time will give his or her child's class a five-point credit.

Any new borrowers' cards issued by the library from Saturday through the open house on Wednesday evening will be counted in this manner in determining which classroom wins the prize book.

Mrs. Colby says that she and the library trustees issue an especially cordial welcome to residents of the surrounding townships and Goodell who by lately made tax arrangements may now borrow books from the library at no personal cost.

During the course of the open house, coffee and cookies will be served by the Literary Round Table division of the Federated Women's club.

JUDY OBERHAUSER ENJOYS EASTER JAUNT AS REWARD

Judy Oberhauser, daughter of Mr. and Mrs. L. B. Oberhauser, the early part of this week returned to her studies at Quincy (Ill.) college after enjoying Easter vacation in Florida.

Her southern holiday was a reward from her parents for rating in the top five per cent of the student body on grade average for the first semester of the school year.

Just before the school's Easter vacation, Judy had accompanied the college on its annual spring tour, during which concerts were given at Chicago, Peoria and other points in the state.

Double mat honor to Les Anderson

AMES (Special) — Twenty-seven Iowa State university men are to be honored today (Thursday) at an Athletic Banquet in Ames.

President and Mrs. James Hilton and Athletic Director and Mrs. Gordon Chalmers will be guests of the Iowa State Pep Council as it honors 15 wrestlers and 12 swimmers.

This is the second Athletic Banquet this year sponsored by the Iowa State University Pep Council under the direction of Ray Donels, of the Iowa State athletic staff.

"Athlete of the Week" trophies will be presented to four men by Selection Chairman Chuck Ehrhardt of Elkader, including a double citation to Les Anderson, son of Mrs. Albert J. Anderson and the late A. J. Anderson of Belmond, for the Minnesota wrestling meet and the National championship meet.

Christie accepts investments post

Stanton E. Christie, 45, son of Mr. and Mrs. J. Ralph Christie, has recently resigned a position he had held the past six years with the National Bank of Burlington to accept vice presidency of the L. C. Berendsen company, also of Burlington.

The Berendsen company deals in investments and is in the process of expanding its facilities. It is setting up a new office which will have a direct wire to the Mid-West Stock Exchange in Chicago.

A graduate of Belmond High school and of Iowa State university, Ames, Mr. Christie held government agricultural positions of one sort or another during most of his adult lifetime up to joining the Burlington bank in 1954.

He was employed for a number of years as a county agricultural agent and later was associated with the Farm Security administration. He was farm loan manager for the Burlington bank.

VICKI MUSSELMAN HOME

Vicki Musselman of Chicago was a weekend visitor in the Glen Musselman home.

Pre-Kindergarten round-up Monday

A reminder is offered by School Nurse Alta Gabrielson that the annual pre-school registration of youngsters who will be entering kindergarten next fall is to be held Monday at the hot lunch room. Registration will start at 7:30 p. m. and parents should bring with them birth certificates or baptismal records to attest to their youngster's birthdates.

Parents are asked not to bring their children to this registration round-up; and to bear in mind that a child must reach the age of five on or before next Nov. 15 to be eligible for enrollment in kindergarten for the 1960-61 school year.

Hampton officer wins pistol shoot

Mel Allen of Hampton, state highway patrolman who is driver's license inspector for this area, won the pistol shoot of the Wright County Peace Officers association that was conducted Thursday afternoon of last week. He was just one point short of perfection, scoring 274 out of a possible 275. In second place was Marvin Miller of the Belmond police force with a total of 273 points.

Twelve members of the peace officers' association each fired 55 rounds with the 38 caliber revolver from seven stations of varying distances and positions.

Herman Helmstra also wins hat—

Christie has bull's-eye guess on beef price

C. C. Christie, Belmond stockbuyer, and Herman Helmstra, Norway township farmer, both hit exact bull's-eyes with the guesses they made a year ago on the top carload price that would be paid for cattle on the Chicago market for the period of Oct. 5-10.

It was announced Tuesday night at the annual banquet meeting of the Wright County Beef Producers' association that each of these "experts" predicted to the penny the $29.25 top price per hundredweight that was paid at Chicago Oct. 5 for six carloads of steers.

New hats were awarded to both Mr. Christie and Mr. Helmstra for their accuracy. Guesses were entered at the banquet last spring by 339 men. The average guess was a rather optimistic $32.83 (just a penny higher than the average guess a year earlier).

While the averages of the price guesses for the two years were nearly identical, the range this past year wasn't nearly so wide as the range of guesses registered at the 1958 banquet. Two years ago there was a spread of $26.15 between the high and low guesses; last year there was a spread of just $18.45.

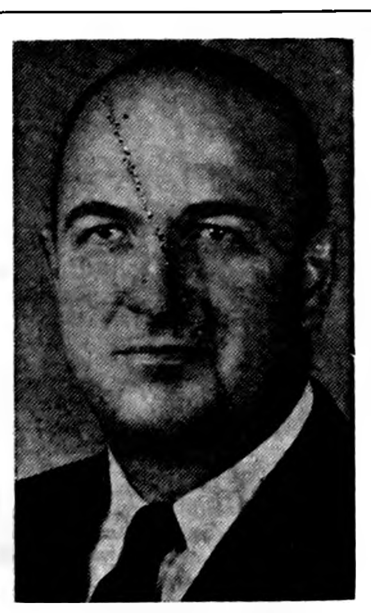
It was noted by Extension Director Aaron Bowman that, as a group, the cattlemen and their guests had a little tighter rein on their optimism last year than the year before. For 1958 their average guess was $3.81 per cwt. too high, whereas last year their average was only $3.57 too high.

As voting was held on the election of three new directors, W. P. Tyrrell of Belmond asked that his name be withdrawn as a nominee from the Northeast District of the county. Ira Studebaker, Jr., candidate from Pleasant township, was elected to the directorship.

Mr. Tyrrell noted that he is currently a director of the Iowa Beef Producers' association and that he has been on the county association board since it was first organized, and said he felt the directorship should be passed around.

Leo Woodley of Lincoln township, opposed by Don Rieman of Lake, was elected director from the Central District; and Joe Tokheim of Eagle Grove township, opposed by Martin Nervig of Troy, was elected as director from the Southwest District.

That diners at the annual beef banquet ate "high off the steer" was made clear by an announcement that the 425 banqueters consumed 562 pounds of standing rib roast of prime beef, which was purchased at a price of $590. Chefs from George A. Hormel company prepared and served the meat, as is their annual custom.



HARRY SHORTENHAUS

• • •

Cancer Crusade starts this week

Harry Shortenhaus of Eagle Grove, Wright county chairman for the 1960 Cancer Crusade, announces that Mrs. Robert Foss and Sondra Stoltenberg have agreed to serve as co-chairmen for the cancer fund canvass in Belmond.

Supplies have been delivered to the co-chairmen and they have selected four area captains to be responsible for the solicitation in separate divisions of town.

Captains for the town canvass are Mrs. Carroll Bamford, Mrs. C. E. Carlson, Mrs. Robert Wilson and Mrs. Len Collier.

Since April has been designated as "Cancer Crusade Month," the organizers of the local drive are making every effort to have the canvass here completed within the next 10 days' time.

Workers are expected to get their canvassing well started before the end of the current week and to complete their calls as soon after the first of next week as possible.

Nine B.H.S. seniors, seven juniors elected charter members of National Honor Society

Nine Belmond High school seniors and seven juniors were installed as charter members of Chester P. Luick chapter of the National Honor Society as installation services were conducted here Wednesday afternoon by the NHS chapter at Osage High school. In addition, three sophomores were named as probationary members.

Comprising the initial list of BHS students elected to full membership in the National Honor Society were: seniors — Mary Lu Cox, Carol Finn, Nancy Gallagher, Linda Hauge, Lynn Jenison, Clark McNeal, Bonnie Nolan, Ardith Pals and Eloise Soma.

Juniors—Dennis Anderson, Sharon Christensen, Diane Fetrow, Jerry Jenison, Barbara Musselman, Kay Stecher and Paul Thompson. The three sophomores given probationary membership were Randi Dahlgran, Judy Gordon and Nancy Halfwassen.

On the faculty committee that judges the qualifications of those students given consideration for NHS membership are: Jerald Torgerson, Kay Robison, Rich Koolbeck, Bob Wilson and Cecil Elgin. Principal Ernest Doeringsfeld is an ex officio member.

Making up the installation team from Osage High school were Jere Mackin, Donald Ahrens, Marijane Clark, Jon Witt, Sylvia Dieterichs, Rick Stearns and Cara Christiansen. Supt. C. T. Johnson from Osage and Principal Doeringsfeld also took part in the ceremony.

Belmond is only the third North Iowa conference school to acquire an NHS chapter. Britt has one, but it serves only as a medium for paying recognition to the school's outstanding scholars. Osage's, in contrast, is distinctly a service organization and wields considerable influence for good.

Mr. Doeringsfeld says it is intended that the Belmond chapter shall actively promote, as well as recognize, scholarship, leadership, service and character at BHS by all means that appear appropriate.

Rowan to have new P. O. built with local financing

Postmaster General Arthur E. Summerfield announced today that a contract has been signed for the construction and lease to the Post Office Department of a new post office building at Rowan. The successful bidder was M. W. Azeltine of Rowan. Ground-breaking and construction of the new post office is expected to begin immediately, with completion due about Aug. 1.

This modern post office structure will provide 1,756 square feet of interior space, an outside loading platform, and ample hard-surfaced space for parking and truck maneuvering. Specifications call for new modern lighting and equipment, including a low, open patron-service counter.

Postmaster General Summerfield stated, "this is another step in the Post Office Department's modernization program authorized in the last session of the Congress to improve postal services for the public by providing new buildings and equipment, designed for efficient and economical mail-handling."

He said that "under the Post Office Department's unique commercial leasing program, the department now is awarding contracts for new postal facilities at the accelerated rate of over five buildings every working day. To achieve complete modernization of the postal plant, a total of 12,000 post offices must be modernized or replaced due to lack of space and obsolescense."

Adding further details concerning postal service today, he noted that, "our more than 35,000 post offices are handling more than 24 per cent above the approximately 50 billion pieces handled only 10 years ago."

He pointed out that the postal facility to be built in Rowan is typical of many others going up elsewhere throughout the country. "These new post offices," he said, "contain not only the modern patron-service counters and eye-saving fluorescent lighting, but provision is made for patron service after regular business hours."

The Postmaster General also pointed out that the new post office in Rowan, one of 1400 new post offices to be built in fiscal 1960 will remain under private ownership while leased to the Federal Government, and hence will pay local real estate taxes to bear its share of the cost of local government.

28-oz. baby dies at hospital here

Burial rites were conducted last Friday at Memorial Park cemetery, Mason City, for Cindy Kae Westendorf, newly born daughter of Mr. and Mrs. Roger Westendorf. Johnston Funeral Home was responsible for the arrangements.

The tiny infant was born prematurely the day before at the Merlin Braun farm near Alexander, where her father is employed as a farmhand. The baby was tucked snugly into a plastic dishpan for her trip to Belmond Community hospital.

A new Isolette, the latest in baby incubators, was recently acquired by the hospital and as a consequence the hospital staff held hopes that the little one might survive, despite her prematurity. She weighed only 28 ounces at birth.

It was about 8:40 a. m. last Thursday that little Cindy Kae was placed in the Isolette. She lived for just 10 hours after her arrival at the hospital.

Cindy Kae was the Westendorfs' first-born child.

Miss Nolan takes "Brigadoon" part

DAVENPORT (Special) — Donna Nolan, daughter of Mr. and Mrs. Donald Nolan of Belmond, is a member of the musical cast of the lively Broadway musical, "Brigadoon," to be presented by Marycrest and St. Ambrose colleges April 23-25 in the Assumption High school auditorium, Davenport.

Based on a story and setting in the Scottish Highlands, the two-act production has a cast including 14 dancers and an on-stage chorus of 75 voices from the St. Ambrose glee club and the Marycrest semi-chorus.

"Brigadoon," second major musical to be produced by the combined college groups, promises to duplicate the success of last year's "Kismet," with tickets completely sold out for all three preformances. Noting the strong popular demand, officials of the two colleges are considering a four-night run for next year's musical.

Garner man faces 3rd OMVI count

Clifford Clark, 46, of Garner was arrested last Thursday about 7:00 p. m. by Chief of Police Ray Thompson and charged with operating a motor vehicle while intoxicated. By the time of his preliminary hearing before Mayor E. F. Bisbey at Clarion on Friday, a check on Clark's record revealed two previous convictions for OMVI, one in 1954 and another in 1956.

He was bound over to the grand jury and detained in the county jail upon failure to post $1,500 bond.

Clark advised Sheriff Bob Blecker that he would like to appear before Judge Harvey Uhlenhopp on Wednesday of this week and plead guilty, rather than await indictment by the grand jury. Clark had not yet made his appearance in district court when the last section of this week's Independent went to press.

Trio of escapees from Eldora end up at Eagle Grove

Three Eldora training school inmates who started out about 4:00 a.m via truck for the institution's cattle farm and then just kept going were picked up 17 hours later last Sunday at the Eagle Grove home of one of the escapees.

The trio who "went over the hill" were: Percy Brady, 18, Eagle Grove; Ronald Miller, 15, Washington; and Philip Hewbaker, 17, Boone. After they had hopped off the truck that was taking them to work, they "borrowed" a state-owned pickup truck which they started by means of a jump wire.

This vehicle they abandoned a few miles south of Eagle Grove, making their way by foot to the home of Brady's mother, Mrs. Dessie Brady. It was there that they were picked up about 9:00 p. m. Sunday by Bob Koob, Eagle Grove chief of police, and Deputies Dale Walrod and Ben Speedling from the sheriff's office.

Tuesday of this week, the three escapees were in detention at the Wright county jail, awaiting arrival of Hardin county authorities to return them to Eldora.

HELLO WORLD

Mr. and Mrs. Orval Thayer of Rockwell are parents of a 7 lb. 13 oz. baby girl, April Lorraine, born April 6. She has two brothers, Billy Jo, age 3, and Lynn, age 6.

Mr. and Mrs. Daryl Boelman of Austin, Minn., announce the birth of a 5 lb. 11 oz. baby girl on April 12. They have named her Jolene Diane and her local grandparents are Mr. and Mrs. Will J. Boelman.

Clayton Alan is the name chosen by Mr. and Mrs. John Pohlman of Renwick for the 8 lb. 7¾ oz. son born to them April 17.

HOSPITAL NOTES

Mrs. Ella Cleveland entered April 14 as a medical patient.

Mrs. J. L. Abele of Garner entered April 14 as a medical patient.

Mrs. Loran Hadley of Rowan entered April 15 as a medical patient.

Theo Larsen of Clear Lake entered April 15 for surgery.

Roy Johnson entered April 15 as a medical patient.

Clifford Eliason of Kanawha entered April 16 as a medical patient.

Beth Ann Erickson of Latimer entered April 16 as a medical patient.

Mrs. Fred Wenzel, Jr., entered April 17 as a medical patient.

Roxanne Sherrard entered April 18 as a medical patient.

Mrs. Bert Heykants entered April 18 for surgery.

Monty Friedow of Kanawha entered April 19 as a medical patient.

Mrs. Anna Gugisburg of Renwick entered April 19 as a medical patient.

Mrs. Ruth Whitford of Klemme entered April 19 as a medical patient.

Ronnie Brooks entered April 19 as a medical patient.

Smash four meet records—

Broncos take Humboldt "B" title

Belmond High school's track and field team lived fully up to expectations in taking the Class B championship Tuesday night at the 4th annual Humboldt Relays. Not only did they take the title in their class without difficulty, but the Broncos posted three new relay records, established one new individual mark and tied another on their triumphal way.

Lynn Jenison had a hand in all three of the record-breaking relay performances, Dave Suntken, Larry Kramer and Mike Long in two each. In addition, Suntken tied the Class B 100-yard mark of :10.5, besides winning the high jump at 5-8. The other individual record turned in by a Bronco was a toss of 127 feet and one inch in the discus by Dean Pals, two feet and nine inches better than the former standard.

In both the mile and medley relays, Belmond improved on records held by Bronco runners. Suntken, Bob O'Connor, Jenison and Long wound up the night by taking 2½ seconds off the mile relay mark with a joint effort of 3:36.2. In the medley, Long turned in a :52.4 quarter, Suntken and Jenison 220's of :23.3 and :24.4 respectively, and Kramer a 2:04.9 half mile for a combined time of 3:45.5. This was a robust 6.9 second lower than the previous record.

Belmond's two-mile team turned out to be appreciably stronger than anticipated. With Vernon Pastour running his half mile in a shade better than 2:13 and Robbie Courson his in slightly over 2:12, Jenison and Kramer wound up with 2:07.9 and 2:03.9 respectively for a new record of 8:37.2. This was 2.2 seconds better than the mark posted by Britt's fine two-mile foursome of last spring.

Bob Whipple took Belmond's only other first place with a 169-ft. 10-in. toss in the football throw. He also contributed a fourth place in the shot put.

Belmond placed on every event on the card — including the open mile run in which both Class A and B runners competed but no team points were awarded.

The Bronco 880-yard relay team picked up a third place and the 440 team a fourth. Dennis Anderson, Jay Mennenga, O'Connor and Long ran on the first-named and Vernie Pastour, Mennenga, Ginapp and Anderson on the shorter sprint team.

BHS wins by 15½ points

A tie for third in the pole vault achieved by Bob Burk and a fourth in the broad jump by Long helped Belmond amass a total of 24½ points in the field events that their Class B foes were never able to overcome as the running portion of the program progressed.

Randy Musselman got Belmond "in the money" with a fifth place in the high hurdles and Dennis Pastour with a fourth place in the low hurdles. Dennis Gallagher, a freshman running his first competitive mile, placed fifth with a respectable time of 5:08.4 in that open event.

The Broncos finished with a 15½-point edge over their nearest competitor in the team scoring, with 73½ points to Emmetsburg's 58. Manson followed with 49½, Prairie View (Gowrie) 47½, Britt 38 and Twin Rivers 26½.

Broncos had stars a-plenty

It was difficult to pick out Belmond "heroes," since there were so many fine performances. Particularly noteworthy, though, were Kramer's two 880's in less than 2:05 timings—run less than a half hour apart; Long's two 440's in better than :53 time, plus a 220 anchor on the 880 relay team; and Jenison's "iron man" stint that included a well run 220, 440 and 880.

Certainly on a par with these efforts would have to be classed Suntken's two individual championships, plus contributions to the new records in the medley and mile relays.

Between 100-150 youngsters defy chill, hunt eggs

An estimated 100 to 150 youngsters ranging from pre-school to eight years of age descended upon the swimming pool grounds early Sunday morning in search of Easter eggs hidden there by members of Beta Sigma Phi sorority.

Although the weather came close to being bitterly chill, the youngsters did a thorough job of tracking down the 40 dozen hardboiled, colored eggs and 30 pounds of candy eggs that had been secreted on the grounds.

The hunt attracted one of the largest turn-outs — particularly in the pre-school bracket — ever to participate in the Beta Sigma Phi Easter event.

Three pre-schoolers and three in the higher age division won special prizes by finding prize eggs. The lucky hunters were: Jill Steinberg, Kathy Stockseth and Mike McFarlin, in the pre-kindergarten group; James Jacobmeyer, Vicki Suntken and Steven Pitcher in the older group.

JOHNSON GETS DISCHARGE

Howard Johnson has been discharged from active duty with the National Guard and is spending a few days with his parents, Mr. and Mrs. Gerhard Johnson, before resuming his work at Ames with the state highway commission.

Women will hear John Healy speak

Annual Wright County Rural Women's Day will be observed next Wednesday at the Eagle Grove Legion Memorial hall with a program scheduled for 1:45 p.m.

Major speaker of the program will be John Healy of Mason City. He is executive secretary of the Iowa division of the American Cancer Society, but it is not in that capacity that he will address the farm women.

Mr. Healy, before accepting his present position, was active in U. S. foreign service for the state department and the U. S. Information agency. He saw extensive duty both in Europe and the Far East.

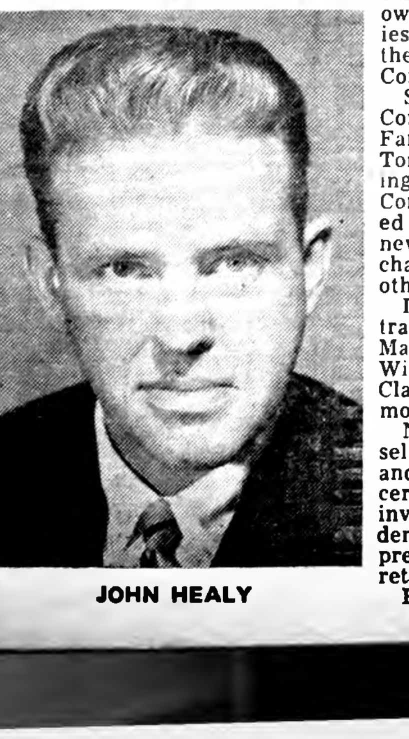
Basing his remarks on his personal experiences as a foreign service officer, Mr. Healy has chosen as his topic, "Random Thoughts on Foreign Policy."

Special guests will be Ray Hagie of Clarion, Republican candidate for state representative from Wright county, Richard L. Wilson and J. R. "Dick" Ashpole, also of Clarion, who are contending for the right to be Democratic candidate for the same office.

These men will be asked to give their views on present state tax bases and on the subject of reapportionment.

At an earlier meeting of Farm Bureau township chairmen, those women voted in favor of Rural Women's Day following a program of this nature. The committee in charge endeavored to follow their recommendations as closely as possible.

• • •



JOHN HEALY

SP/4 ROBERTS TAKES PART IN VII CORPS EXERCISE

VII CORPS, GERMANY (AHTNC) — Army Specialist Four Gaylon L. Roberts, son of Mr. and Mrs. Albert L. Roberts, Route 2, Belmond, Iowa, recently participated with other personnel from the 24th Division's 2nd Infantry in providing communications support for a VII Corps training exercise in Grafenwohr, Germany.

Roberts, a driver in the infantry's Combat Support Company, entered the Army in June 1958, completed basic training at Fort Riley, Kan., and arrived overseas in February 1959. The 20-year-old soldier is a 1958 graduate of Belmond High School.

Town and Country Day set for EG Tuesday, May 3rd

The Family Living committee of the Wright County Extension Service will sponsor a "Town and Country Day" Tuesday, May 3, at 2:00 p. m. at the Clarion Congregational church basement. All Wright county homemakers are welcome to attend.

The week of May 3 is set aside across the nation as time to recognize homemakers for their contribution to the family in today's changing world. Approximately 94 women in Wright county have taken part as local leaders this past year both in the 4-H and family living programs. These leaders will be recognized during the program for their useful leadership.

Homemakers will show garments they had made at the March sewing workshops. The extension council, which is the county governing board, will be represented by L. B. Oberhauser, chairman.

Dr. and Mrs. Wahby from Egypt will be guest speakers. Dr. Wahby is a post doctoral student in agricultural economics at Iowa State university, Ames. Dr. Wahby's father is a farmer.

The program will be followed by coffee served by the Family Living committee composed of: Mrs. George Kyseth, chairman; Mrs. Helmar Maage, vice chairman; Mrs. Harold Yanney, secretary; Mrs. George Bernard, Mrs. Galen Johnson, Mrs. John Evans, Mrs. Dwight Tyrrell, Mrs. Cornell H. Deeny, Mrs. Darwin Roseberry, Mrs. James Burt and Mrs. J. E. Maier.

BOYD BERGHEFERS VISIT

Mr. and Mrs. Boyd Berghefer of Estherville, Mr. and Mrs. Carroll Beenen and family of Clear Lake and Mr. and Mrs. Pete Kroeger of Waterloo were guests in the Augusta Berghefer home on Easter Sunday.

Thompson finishes recruit training

SAN DIEGO, Calif. (FHTNC) — Marine Pvt. Daniel R. Thompson, son of Police Chief and Mrs. Ray Thompson of Belmond, Ia., completed recruit training April 6 at the Marine Corps Recruit Depot, Calif.

The 11-week course included instruction in all basic military subjects and infantry weapons.

Upon completion of training new Marines are assigned to a unit for further infantry training, or to one of the many Marine Corps schools.

Two pick off $25 apiece

The "first green" in several weeks showed Tuesday afternoon as two Cash Gift Day number-holders showed up with numbers that were good for greenbacks. Both Mrs. LuVern Stadtlander of Klemme and Mrs. Bob Robertson had digit arrangements that were worth $25 at 2:00 o'clock. In the two previous weeks, not one out of 24 lucky numbers had been turned in. A dozen more numbers worth cash in the bank will be posted next Tuesday afternoon. Eight at 2:00 will be worth $25 apiece and four at 3:00 o'clock, $50 each.

Stock trade giving Tomco ownership of subsidiaries

Tomco, Inc., which was formerly the Tomahawk Corn company, is in the process of a stock trade that will make Tomco, Inc., sole owner of four subsidiary companies and possessor of 80 per cent of the stock in Thompson Hybrid Corn Co., Inc., of Belmond.

Sole ownership of Clarke Hybrid Corn company, Inc., and Clarke Farms company, both of Conrad; Tomahawk Seed company of Lexington, Ill.; and Carlson Hybrid Corn company of Audubon is gained by Tomco, Inc., through the new issue of stock that will be exchanged for stockholdings in these other companies.

Individuals involved in the stock trade are R. B. Thompson, his wife Margarette E. Thompson and C. E. Wilmarth, all of Belmond; Hugh H. Clarke, Conrad; and the latter's mother, Ruth H. Boeke of Hubbard.

None of these stockholders is selling any of his or her holdings and there is no change as to officers or directors of the companies involved. Mr. Thompson is president of Tomco, Inc.; Mr. Clarke vice president; and Mr. Wilmarth, secretary-treasurer.

President Thompson gave as reason for the consolidation of stock holdings that it will enable the company's management to better coordinate its long range planning to the end of vigorous, company growth.

More than a quarter of a million dollars has been budgeted for a building program that is to be started within the next few weeks and completed by Sept. 1. Most of the building is planned at Belmond, but a new structure will go up at Lexington, Ill., to house ear corn sorting and shelling equipment.

Here, on the grounds of the north plant, a new ear corn dryer and shelled corn dryer will be erected. The summer months will also see completion of the new office building and production laboratory on Highway 69 at the north edge of Belmond.

Mr. Wilmarth estimates that seed corn production at the various Tomco plants this year will approximate 8,000 acres, of which about 3,000 acres will be in the Belmond production area. This would represent an increase of 1,900 acres over the total planted in 1959.

● Belmond Locals

Mr. and Mrs. John Rokke and daughter Charlotte Ann attended the wedding of Sharon Vold and Noel Owenson in the Lutheran church at Jewell Easter Sunday afternoon.

Mrs. Carl Patchen of Lindsay, Calif., is visiting in the home of her parents, Mr. and Mrs. Chris Norby.

Mrs. Margaret Connor of Hampton spent Easter weekend in the home of her brother-in-law and sister, Mr. and Mrs. Chris Norby.

Mr. and Mrs. Merle Helgeland, John and Eric and Mr. and Mrs. Alvin Miller, all of Iowa City, were Easter weekend guests in the parental S. M. Helgeland home.

F. A. Muyres of Minneapolis, Minn., spent the weekend in the Mrs. Lewis Hauge home. Mrs. Muyres, who had been visiting her mother, Mrs. Hauge, and Luella Dixon returned to Minneapolis with Mr. Muyres.

NOTICE OF HEARING ON THE ISSUANCE OF $50,000.00 OF WATER REVENUE BONDS OF THE CITY OF BELMOND, IOWA

Public notice is hereby given that in the Council Chambers in the City Hall in Belmond, Iowa, at 8:00 o'clock P. M. on the 2nd day of May, 1960, the City Council of the City of Belmond, Iowa, will hold a public hearing on the matter of the issuance of Water Revenue Bonds of said City in the amount of $50,000.00 to be used for the purpose of paying the cost of the construction of additions and extensions to the Municipal Waterworks System of said City, consisting of a new elevated water tank and necessary appurtenances.

This Notice is given by order of the City Council of the City of Belmond, Iowa.

Lowell T. Trafford
Mayor

ATTEST:
Lois J. Hammond,
City Clerk of Belmond, Iowa

29t1

NOTICE OF BOND SALE

Notice is hereby given that in the Council Chambers in the City Hall at Belmond, Iowa, on the 2nd day of May, 1960, at 8:00 o'clock P. M. bids will be received for Water Revenue Bonds of said City, in the amount of $50,000.00; sealed bids will be received, after which open bids will be received and thereupon the sealed bids will be opened and the bonds will then be sold to the highest bidder for cash.

That said bonds will be dated May 1, 1960, and will mature as follows:

$8,000.00 on May 1, 1961
$8,000.00 on May 1, 1962
$8,000.00 on May 1, 1963
$8,000.00 on May 1, 1964
$9,000.00 on May 1, 1965
$9,000.00 on May 1, 1966

Interest on said bonds will be payable on November 1, 1960, and semiannually thereafter. Principal and interest will be payable at the office of the City Treasurer of Belmond, Iowa. These bonds are not general obligations of the city but are payable solely and only out of the future earnings of the Municipal Waterworks System of the City of Belmond, Iowa.

The obligation of the bonds will constitute a lien on the improvements for which said bonds are issued to pay, and will also constitute a first lien on the net earnings of the Municipal Waterworks System of Belmond, Iowa.

All bids shall specify the rate or rates of interest, and all other things being equal, the bid at par and accrued interest and bid for lowest interest rate will be given preference. The bonds will be awarded to the bidder offering the lowest interest cost, which will be determined by aggregating the interest payable by the City over the life of the bonds in accordance with the terms of each bid presented, and deducting therefrom the premium, if any, stipulated in said proposal. Said bonds will be sold subject to the approving opinion of Bannister, Carpenter, Ahlers & Cooney, Attorneys, of Des Moines, Iowa, as to the legality, and their opinion will be furnished, together with the printed bonds, and all bids will be so conditioned.

The City reserves the right to reject any or all bids.

Lois J. Hammond
City Clerk of Belmond, Iowa

NOTICE

Resolution for the Destruction of Noxious Weeds.

To all Property Owners:

BE IT RESOLVED, by the Board of Supervisors of Wright County, Iowa:

That pursuant to the provisions of Chapter 317, Code of Iowa, 1958, as amended by Chapter 213 Acts 58 G. A., it is hereby ordered:

1. That each owner and each person in the possession or control of any lands in Wright County, shall cut, burn, or otherwise destroy all noxious weeds thereon, as defined in this chapter, at such times in each year and in such manner as shall prevent said weeds from blooming or coming to maturity, and shall keep said lands free from such growth of any other weeds as shall render the streets or highways adjoining said land unsafe for public travel. Noxious weeds shall be cut or otherwise destroyed on or before the following dates and as often thereafter as is necessary to prevent seed production:

The Following dates are suggested for the first cutting or destruction of the eighteen noxious weeds:

Group 1. June 10, 1960 for Leafy Spurge, Perennial Pepper Grass, Sour Dock, Smooth Dock, Sheep Sorrel.
Group 2. June 5th, 1960, for Canada Thistle, Russian Knapweed, Buckhorn, Wild Mustard.
Group 3. July 1st, 1960 for Field Bind. weed, Wild Carrot.
Group 4. July 15th, 1960 for Horse Nettle, Perennial Sow Thistle.

2. That each owner and each person in the possession or control of any lands in Wright County infested with any noxious weeds including quack Grass, Perennial sow thistle, Canada Thistle, field bindweed, horse nettle, leafy spurge, perennial pepper-grass, Russian Knapweed shall adopt a program of weed destruction, described by the Weed Commissioner, which in five years may be expected to destroy and will immediately keep under control such infestations of said noxious weeds.
3. That if the owners or persons in possession or control of any land in Wright County fail to comply with the foregoing orders, the weed commissioner shall cause this to be done and the expense of said work, including costs of serving notice and other costs, if any, to be assessed against the real estate.
4. That the County Auditor be and is hereby directed to cause notice of the making and entering of the foregoing order by one publication in each of the official newspapers of the county. Five day notices, to be served by the Weed Commissioner, his deputies, or the County Sheriff or his deputy.

Board of Supervisors
Wright County, Iowa

29t1

Wright purchases of bonds surpass state, U.S. levels

Wright county led Iowa and the nation in attainment of U. S. savings bonds sales quotas for the first three months of the year, reaching 34 per cent of the 1960 goal.

Iowa's percentage for the period was 32, while the national average was 27 per cent. March sales in Wright county amounted to $134,067, making a first-quarter total of $451,769.

Bob Davison of Clarion, volunteer chairman of the savings bonds program, said that March sales for all of Iowa came to $14,416,856, lifting the first-quarter total to $48,865,760 — almost one-third of the annual goal.

Three-month sales and per cent of quotas made are shown for other counties in this area: Hardin county, $684,014 for 41 per cent; Hamilton, $506,047 for 37 per cent; Hancock, $343,164 for 31 per cent; Humboldt, $294,402 for 31 per cent; Franklin, $264,275 for 26 per cent; Cerro Gordo, $512,421 for 24 per cent.

BELMOND BUSY BEES

Regular meeting of the Belmond Busy Bees 4-H club was held Saturday, April 2, at 1:30 p. m. There were 29 members, three leaders and seven guests present.

The following demonstrations were given: plain seams, Glenda Cunningham; filled seams, Molly Hruska; false filled seams, Kathy Jenison; French seams, Timatha Campbell.

Jane Studebaker was chosen as the club's candidate for county office.

Judges for the Better Grooming contest were Mrs. L. W. Sellers and Mrs. McKee of Clarion, Mrs. Gerhard Thompson of Belmond and Mrs. I. Pearson, Renwick.

The winners were: juniors — Molly Hruska, 1st; Karen Loth, 2nd; intermediates — Rochelle Fuller, 1st; Pam Smith, 2nd; seniors — Faye Homervold, 1st; Marcia Stoltenberg, 2nd.

Blue ribbons went to other juniors as follows: Diane Shobe, Linda Thompson and Candace Trees; to intermediates, Sharon Fuller and Sue Wilmarth; and to seniors, Jane Studebaker, Lynda Hinman and Theresa Quigley.

Red ribbons for juniors went to Suzanne Anderson, Timatha Campbell, Glenda Cunningham, Kathy Jenison, Kay Soma and Joan Soma; to intermediates, Cheryl Smith, Karen Soma, Janet Stadtlander, JoAnn Svensen, Julie Zook, Merry Bamford and Diana Baker.

Hostesses were Timatha Campbell, Karen Loth and Diane Shobe. Assistant hostesses were Kaye Homervold and Candace Trees.

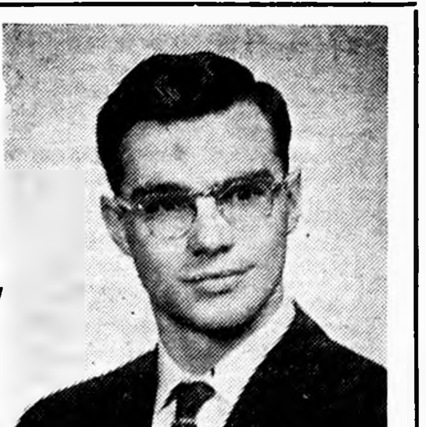
Robert McLaughlin, who attends Iowa State university, Ames, spent Easter vacation in the parental Eugene McLaughlin home.

Mr. and Mrs. Lewis Bell and Mr. and Mrs. Hilko Pals of Alexander and Mrs. Nellie Leebrick attended the funeral of Mrs. Ed Tucker at Iowa Falls one day last week.

Mr. and Mrs. Henry Nuehring and niece, Catherine Nuehring, were Easter Sunday dinner guests in the Steve Krpan home in Des Moines.

JOE TRIPLETT SEZ:



Soil samples, soil samples, and more soil samples. Coming in by the hundreds. There are enough coming in every day to keep three very good technicians busy all the time. Many of you folks know all three by name: Beulah Reasoner and Ruth Boller of Belmond and Ruby Boller of Goodell. All three are sisters and all three are as good at cooking in the laboratory "kitchen" as they are at home in their own kitchen.

Those of you folks who are planning on testing your own land this spring may be interested in what it would cost you to have it done here at the R-V soil testing laboratory. Generally it will range from 5c to one million dollars per acre, depending upon how thorough you want to be. One sample to every 20 acres will run about 5c an acre. One entire acre sent in to be tested will cost around a million dollars. For those who would like to do it quickly and profitably the first method will be a few cents cheaper. For fast, efficient service take your soil samples now. The returns will be back in your hands within 10 days to two weeks.

The next few weeks are going to be busy ones for you folks in the field. That means long hours for us here at Ris-Van, too. For best service for your bulk spreading and starter fertilizer needs now is the time to get your orders in. Just pick up your phone and ask for Joe and then say

Get Me *Ris-Van,* Man,

THAT'S FERTILIZER.

Broncos miss class title by point at Pocahontas

SPORTS

Coach Rich Koolbeck entered Belmond in seven events at the Pocahontas Relays last Thursday evening. The Broncos won six of them (tying for first, in one case) but fell a point short of the Class A team championship, collecting 38 1/3 to Sac City's 39 1/3.

Dave Suntken broke the Belmond High school record for the 100-yard dash by winning that event in :10.3. That was the official timer's clocking. Of several other times caught for the performance by watches at the finish line, none was more than :10.2. At any rate, the :10.4 time set by Bill Tyrrell in 1925 was done away with.

Only disappointment in the Broncs' performance was that of Mike Long in the broadjump, and Coach Koolbeck felt that this one failure was not Mike's fault. The broadjumpers were given no chance to warm up and get their stride, and instead of alternating jumps each was required to take all three qualifying leaps in succession.

Mike was among the earlier contestants called and never did succeed in getting his step right. As a consequence, his best leap was about two feet short of what he's been doing this season and he did not even qualify for the finals, which would have permitted him three additional chances.

Belmond's chances for the team title also were hurt by the fact that it took quite a while longer to run off the high jump than scheduled, with the result that Dave Suntken had to make his final jumps right after having run a 440 in the mile relay. He cleared 5-10 all right, which gave him a share of first place, but he missed by a narrow margin at six feet.

Bad breaks weren't the Broncos' whole lot, however. Bob Whipple produced a pleasant surprise in the football throw. Entrants in this event were required to throw a ball provided by the relays committee, and all the boys had trouble with its slipperiness.

Bob barely qualified for the finals, getting only a little better than 160 feet on the best of his first three tosses. It wasn't until his final throw that he really got ahold of one. This time the ball sailed 180 feet — good for first place.

Larry Kramer had things very much to himself in the open mile event, winning easily in the relatively slow time of 4:44.2. Because Kramer had been fighting a cold all week, Coach Koolbeck used Larry in no other events.

Bob O'Connor ran on Belmond's two winning relay teams and performed very creditably in each case. In the medley, Long ran the 440, Suntken and O'Connor the 220's and Lynn Jenison the 880. The Broncos had a time of 3:56 in this event.

In the mile relay, Suntken was already tired from a strenuous evening behind him and left O'Connor with quite a sizeable deficit when the big red-head took the baton. Bob turned on a burst of speed near the end of his lap that put the Broncs ahead to stay, with Lynn Jenison and Long finishing off the BHS triumph in time of 3:44.5.

CORVAIR BY CHEVROLET

DRIVE IT! GET OUR DEAL!!!!

A pair of Corvairs recently recorded 27.03 and 26.21 miles per gallon in the 2,061.4-mile Mobilgas Economy Run. That's certified proof that Corvair skimps on gas costs. It saves other ways, too. Corvair is the only U. S. compact car that never needs antifreeze or costly radiator repairs. Come in and drive the compact car that outdoes them all.

Things Corvair gives you that America's other compact cars can't:

Practically flat floor . . . real foot room for the man in the middle. **Fold-down rear seat** gives 17.6 cu. ft. of extra storage space. **Four-wheel independent suspension** for a smoother, flatter ride. **Rear-engine traction** . . . that comes with the engine's weight bearing down on the rear wheels.

You probably realize already that the mileage figures Corvairs recorded in the Mobilgas Run are higher than the average driver can expect. But because the cars met every kind of driving condition—rugged mountain grades, long country straightaways, congested city traffic—those mileage figures prove Corvair's inherent ability to save. Operating costs take a nose dive the day you take delivery of a Corvair.

Meet in 2 classes this year—

3rd Bronco Relays here Tuesday

SPORTS

Third annual running of the Bronco Relays will be held at the BHS track next Tuesday afternoon and evening, with 14 schools competing in two classes. The host Broncos will have as their Class A rivals Britt, Garner, Forest City, Nevada and St. Edmond's of Fort Dodge.

In the two previous Bronco Relays, all teams competed in a single class. This time, however, the eight smaller schools will contend in Class B and a championship trophy will be given for both Class A and B. In Class B will be: Northwood, Buffalo Center, Kanawha, Sheffield, Boone Valley, Ventura, Klemme and Dows.

Only Two '58 Marks

All existing records will be regarded as Class A marks, so new records will be established in all Class B events. Only two marks set in 1958 stood up under last year's assaulty on the record book, Tom McNulty's 42-2 in the shotput and Belmond's 440-yard relay time of :47.9.

One new event has been added to the program this year, the 120-yard low hurdles. Of the 14 existing records, the host Broncos hold claim to seven; Britt, Nevada and Buffalo Center each own two and Garner, one.

Given good running conditions, Coach Rich Koolbeck expects contenders in Tuesday's Relays to improve on quite a number of the existing marks.

Belmond "A" Favorite

Belmond stacks up as favorite in Class A, but the likeliest title candidate among the Class B teams is more open to question. On the strength of past performances, the nod likely should go to Buffalo Center — but whether the Bison have enough squad depth to cop the championship remains to be seen.

Scoring in all events will be for five places — in the individual events, 6-4-3-2-1; and in the relays, 10-8-6-4-2.

Throughout the program, the Class B running of each event will precede Class A.

Meet Records Listed

Following are the existing records for the relays:

100-yd. dash — M. Costigan (Buffalo Center), :10.8 ('59)

120-yd. high hurdles — Roe (Garner), :16.2 ('59)

Mile run — Kramer (Bel.), 4:48.2 ('59)

Two-mile relay — Britt, 8:44.3 ('59)

880-yd. relay — Belmond, 1:38.6 ('59)

Medley relay — Belmond, 3:56 ('59)

440-yd. relay — Belmond, :47.9 ('58)

Mile relay — Belmond, 3:40.5 ('59)

Broad jump — Lande (BC), 19-8 ('59)

High jump — Suntken (Bel.), 5-9 ('59)

Football throw — Tillotson (Nevada), 186-4 ('59)

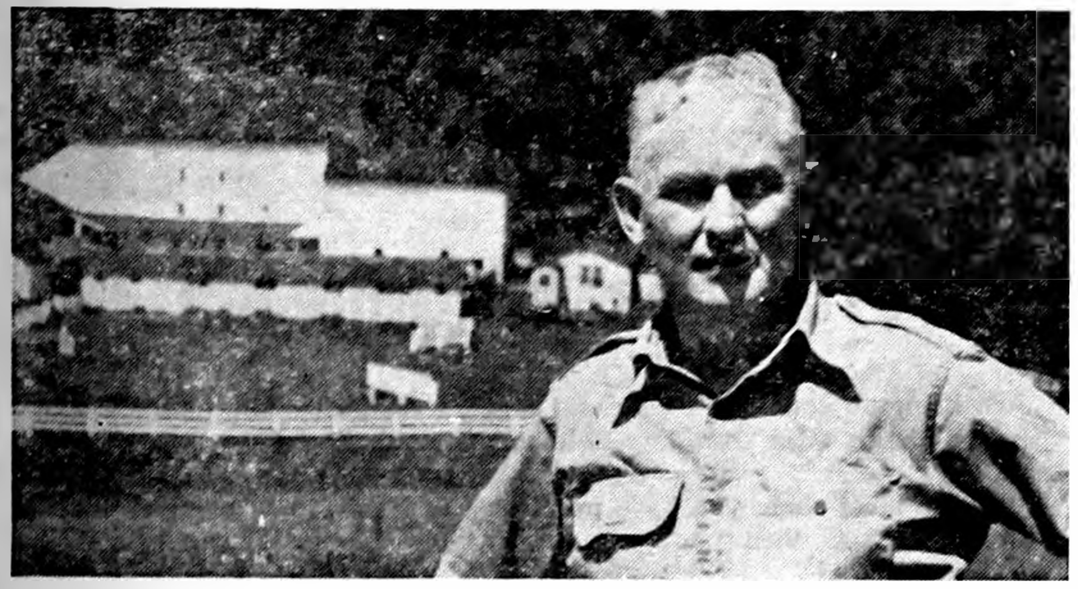
Shot put — McNulty (Bel.) 42-2 ('58)

Pole vault — Hochhaus (Br.) 10-0 ('59)

Discus — Samson (Nev.), 116-3 ('59)

No. 2 of a Series

PEOPLE MAKE IOWA GREAT



...the farmer

Hats off to the Iowa farmer. He has made this the greatest farming state in the nation . . . champion of them all.

Back of this record are hard work, of course, plus modern farm science, and a broad and continuing demand for the products of his acres.

The brewing industry is proud of its position as a major consumer of farm products. Last year, it was one of the farmer's best customers. It bought over $250,000,000.00 worth of farm products for use in making beer. And, ranking second on the list was Iowa's No. 1 crop . . . corn!

For agriculture, as for so many other phases of our economy, we all know . . .

Broncos to shoot at EG "B" title

Coach Rich Koolbeck plans to take a complete squad to the Eagle Grove Relays tomorrow night and the Broncos will be taking deliberate aim at the Class B team championship Belmond will have entries in all events.

Clarion figures to give the Broncos their sternest opposition for the team championship, although other of the Class B schools like Eagle Grove and Hampton will have some top-flight individual contenders.

At the Iowa Teachers Relays on Saturday at Cedar Falls, Belmond will compete in four and possibly five individual events and may run in as many as four relays.

Larry Kramer will run in the mile, Dave Suntken in the 100 and take part in the high jump and Mike Long will broad jump. Either Dean Pals or Bob Whipple, or possibly both if their try-outs this week are good, may compete in the discus.

Kramer will anchor the medley relay. Mike Long running the opening 440, Suntken and Lynn Jenison performing the 220's. Bob O'Connor will substitute for Kramer in running the mile relay with Suntken, Jenison and Long. Coach Koolbeck said the first of the week that personnel in the 440 and two-mile relays would depend largely on who is available.

A separate story on the annual Bronco Relays, to be held here next Tuesday evening, will be found elsewhere on this page.

Junior pin laurels in singles to Tom Downs, Betty Just

Tom Downs and Betty Just were winners in the boys' and girls' divisions of the city junior bowling tournament conducted Sunday at Bowl-Mor Lanes. The doubles championship went to Margaret Downs and Tom Middleton.

Outstanding single game of the day was turned in by Neal Waddington, who rolled a 220 in the doubles event after starting out with four consecutive strikes.

Actual pins of 132-162-185 were tumbled by Tom Downs and to his 479 scratch series he had a 126-pin handicap to add for a gross of 605. Miss Just had lines of 155-146-144—435, which with a 144-pin handicap gave her 579.

In the doubles, Tom Middleton turned in a 137-180-157—474. He was allowed to add 105 as handicap for a total of 579. Miss Downs rolled 126-122-145—393 and had a handicap of 159 pins for a gross of 552. The winning duo's total was 1,131.

Suntken wins 100 at Valley Relays

Belmond had only a four-man squad at the Valley Relays at West Des Moines last Saturday, and even that small group pulled stakes early and left for home as icy sheets of rain blew in from the north.

Coach Rich Koolbeck had decided several days in advance of the meet not to let Larry Kramer compete at Valley, since the Bronco distance ace has been fighting off a chest cold.

Consequently, the next meeting between "Butch" and his arch rival John Raveling of Saydel was postponed until the Drake Relays a week from tomorrow. Raveling won the mile at the Valley classic with ease in the time of 4:41.5.

Dave Suntken accumulated Belmond's only points in the meet with a first place in the Class B 100-yard dash at :10.5. Those six points gave the Broncos a share of a three-way tie for 8th place in the team standings, Winterset being the Class B champ with 57½ points.

Besides Suntken, Koolbeck had taken Lynn Jenison, Mike Long and Long and Bob O'Connor with the intention of entering a relay event or two, in addition to several individual events. When the rain started, though, the coach decided it wisest not to take a chance of developing some new colds among his star performers.

BHS ALUMNI WIN POINTS

A pair of BHS alumni were among the point-winners at the annual Cornell Relays held Saturday on the Cornell college track at Mount Vernon. Bill Kaufman, competing for Iowa State Teachers college, was second in the high jump with a leap of 6-2. Third place in the broad jump went to Ron Courson, an entry of the host school.

NEW BELMOND Film Highlights —from— COMING ATTRACTIONS

If the Nearsighted Mr. Magoo is one of your favorite characters — and he seems to be a favorite of about everyone who's ever witnessed his good-intentioned bumbling — "1001 Arabian Nights" will be your dish. Mr. Magoo gets things in Aladdin's day no less fouled up to a fare-thee-well than he's been familiarly known to do in this present day and age. This charming fantasy shares billing Thursday through Saturday with a thrilling drama of life under the Big Top — "The Flying Fontaines."

Sandra Dee, the popular teen-age star, has a made-to-order role in "A Summer Place," which will occupy the New Belmond screen Sunday through Wednesday. It's the story of the goings-on at a summer colony inn.

"A Summer Place" is from the pen of Sloan Wilson, author of "The Man in the Gray Flannel Suit."

Besides a fine performance by young Miss Dee, there are some excellent dramatics by Richard Egan, Dorothy McGuire, Arthur Kennedy, Beulah Bondi and Troy Donahue, a promising newcomer to the Hollywood ranks.

Now... try the motor oil that Surpasses Carmakers' Toughest Tests!

SUPER Permalube
MOTOR OIL
STANDARD

If you drive a car, you should know this: leading automobile manufacturers agreed on a series of tough tests to rate motor oils for MS (Maximum Severity) service.

STANDARD SUPER PERMALUBE surpassed every test! What does this mean to you?

1. You get lower oil consumption with multi-grade SUPER PERMALUBE. As a result—you'll go lots farther without adding oil.

2. You get better gasoline mileage! For most cars, SUPER PERMALUBE saves up to two gallons in every tankful, up to 15% more miles per gallon!

3. You get more useable power! SUPER PERMALUBE cuts combustion-chamber deposits, actually restores lost power.

4. You get smoother anti-knock performance! SUPER PERMALUBE reduces the octane requirement increase of your engine—in effect, adds octane numbers to your gasoline.

5. You get a quieter-running engine! SUPER PERMALUBE helps silence annoying hydraulic valve-lifter chatter—stops valve sticking.

6. You get doubled piston ring life! SUPER PERMALUBE lubricates so perfectly it helps piston rings last twice as long.

That's why we say SUPER PERMALUBE is the best protection for your car. Change over to STANDARD SUPER PERMALUBE MOTOR OIL at your Standard Oil Dealer's.

You expect more from STANDARD and you get it!

MR. AND MRS. JAMES WENZEL

Joyce Bruns, James Wenzel married on April 9th at Alexander church

Miss Joyce Bruns, daughter of Mr. and Mrs. Edd Bruns of Latimer, became the bride of James Wenzel, son of Mr. and Mrs. Fred Wenzel, Sr., Saturday evening, April 9, at 7:00 o'clock at the Reformed church with Rev. John Hoekstra performing the ceremony.

The attendants were Gladys and Robert Wenzel, sister and brother of the groom.

The bride wore a street-length dress of white Moire taffeta with white accessories and a red rose corsage. The bridesmaid's dress was light blue and identical to the bride's. Her corsage was of white carnations and pink roses.

Following the ceremony, a reception was held in the Methodist church parlors for about 125 guests. Dorothy Trowbridge of Mason City was in charge of the guest book and Mrs. Gerald Johnson of Latimer, cousin of the groom, presided at the punch bowl.

The four-tiered wedding cake was cut and served by Mrs. Oliver Kothenbeutel of Hampton, aunt of the bride, and Mrs. John Johnson, aunt of the groom. Mrs. Willis Meyer of Sheffield, aunt of the bride, and Mrs. Tony Servantez of Mason City, sister of the groom, poured.

Mrs. Dean Bruns, cousin of the bride, was dining room hostess. Arranging the gifts were Phyllis Wenzel, sister of the groom, and JoAnn Bruns of Latimer, sister of the bride. The waitresses were Janice Olk of Latimer, Karen Jensen of Coulter, Mardean Korth of Dows, Carol Christiansen of Coulter and Carol Dohrman of Hampton.

Two birthdays honored at Walter Schmidt home

Mr. and Mrs. Richard Schmidt and children of Latimer, Mr. and Mrs. Russell Barrick and three sons of Hampton and Mr. and Mrs. Dick Schmidt were Saturday evening guests in the Walter Schmidt home, celebrating the birthdays of Mrs. Dick Schmidt and Michael Schmidt.

Mrs. John Schulte and Suzanne were weekend guests in the home of Mrs. Ed Packard at Council Bluffs.

John Santee of Iowa Falls and Mr. and Mrs. Ted Steenblock and girls of Belmond were Sunday visitors in the Herman Modderman home.

Rowan wallopped in baseball 11-2

Hackbarth hurled Alexander High school's baseball nine to an 11-2 victory over Rowan last Thursday afternoon.

The winning pitcher gave up only one hit and retired Trojan batters 12 times on strikeouts.

Alexander accumulated a total of 12 hits.

Sectional tournament play is to begin this weekend and continue through the middle of next week, but Alexander's tourney assignment was not yet known the early part of this week.

Mr. and Mrs. George Anderson and children of Clear Lake were Sunday evening guests in the Art Peters home.

Young folks spend holiday at home

Many college students and other young people were guests in the homes of their parents for Easter Sunday. Among them were: Dorothy Barkema of Algona, Don Barkema of Ames, Bill Latham of Ames, Janean Barkema of Clarion, Jim Barkema of Orange City, Audrey Schulte of Des Moines, Margaret Janssen of Hampton, Rosemary Trager of Cedar Falls and Marilyn Burger of Mason City.

DON DIRKSEN, FRIEND ON FURLOUGH FROM FT. KNOX

Don Dirksen and a friend, Harry Watson of Philadelphia, Pa., both stationed at Fort Knox, Ky., spent from Saturday until Tuesday morning at the Jelto Dirksen home.

All were Easter dinner guests in the Loren Kalkwarf home near Belmond.

Dick Knutson of Riceville accompanied the boys home, his parents meeting him at the Dirksen home.

JIM JOHNSON VISITS HOME

Jim Johnson of Fort Story, Va., and two buddies, Lloyd Prather of Dallas, Tex., and Howard Johnston of Little Rock, Ark., spent Saturday and Sunday with Mr. and Mrs. Henry Johnson and Marilyn Johnson. With the Johnsons, the servicemen were dinner guests Easter Sunday in the Mrs. Ben Arends home at Blairsburg. Sandra Johnson of Fort Dodge met the Johnsons there and returned home with them for the evening.

Mrs. Grace Richards returned Saturday from spending the winter months in Lakeland, Fla.

Mr. and Mrs. Virgil Blau of Ames were Sunday guests in the John Blau home.

Mr. and Mrs. Art Peters attended funeral services Saturday in Parkersburg for John Schoneman.

Mr. and Mrs. Leroy Green and son of Belmond and Mr. and Mrs. Hero Frohling were dinner guests Easter Sunday in the home of Mr. and Mrs. Glenn Hunst and family at Rose Creek, Minn.

Mr. and Mrs. Delbert Hemmes and Delmar and Mr. and Mrs. Martin McCoy of Hampton were Sunday dinner guests in the Dick Schmidt home, in honor of the birthday of Mrs. Schmidt.

Mrs. Paul Finger, Jeff, Mark and Laura of Cedar Rapids visited a few days in the Art Peters home this week.

● Belmond Locals

Mrs. Ava Withers spent from Sunday until Tuesday of last week visiting in the Jerry Beenen home at Alexander.

Mr. and Mrs. W. L. Muhlenbruch visited over the weekend in the Robert Dishman home in Hampton. They, with the Dishman family, were Easter Sunday dinner guests in the Willis Muhlenbruch home at Iowa Falls.

Mr. and Mrs. Ernest Nelson and daughter, Mrs. Lynn Gaulke, of Rowan were visitors in the W. L. Muhlenbruch home Friday evening.

Sandra Swenson of Luther college, Decorah, spent the Easter vacation in the home of her parents, Mr. and Mrs. Earl Swenson.

Mrs. Ava Withers and daughter, Mrs. Albert Luick, visited in the John McAlpine home in Dows last Wednesday.

Cindy Cox of St. Louis, Mo., spent from Tuesday of last week until Monday in the home of her parents, Mr. and Mrs. Luin B. Cox.

The Willard Johnson family of Rochester, Minn., and Mr. and Mrs. Malcolm Scott of Madison, Wis., were weekend guests in the Jens P. Johnson home.

Mrs. Carrie Charlson of Ames spent the weekend in the Arthur Homervold home.

The DuWayne Kalkwarf family were dinner guests Sunday in the home of Mr. and Mrs. I. H. Ainslie at Aredale.

Pfc. Charles Didio of Fort Leavenworth, Kan., spent the weekend with his parents, Mr. and Mrs. C. A. Didio.

Hy-Line® LAYERS Earned Popularity

Hy-Line white-egg layers earn their position as the world's most popular by improving your chances for egg profits.

These harder-working layers consistently prove their superiority in thousands of laying houses and in official Random Sample Laying Tests. Compared to the average of 9 other nationally-sold layers entered in 18 Random Sample Tests during 1957 and 1958, Hy-Line layers showed these advantages: 17½ more eggs per bird; 4.2% higher livability; .3 pound less feed per dozen eggs; ½¢ higher market price per dozen eggs.

Hy-Line layers . . . by excelling in these 4 important income factors . . . can improve *your* profit chances. Order now.

Hy-Line® PRECISION GENETICS . . . creates a harder-working layer

LIVESTOCK AUCTION
FRIDAY, APRIL 22ND AT 12:00 NOON

We are receiving very good runs of 400 to 600 lb. steer and heifer calves each week. Also many stocker and feeder cattle. Personal attention is given every consignment for sorting and handling to the best advantage.

If you are in the market for light weight cattle, breeding cows or warmed-up cattle, be with us this Friday.

The butcher cow market is very active. Sell those cows now before turning on grass.

SPECIAL CONSIGNMENTS FOR THIS WEEK:
40 Hereford heifer calves, wgt. 425 to 500 lbs.
20 Hereford steer calves, wgt. 450 to 525 lbs.
10 Hereford cows, springing, and many more.

—HOGS—
Feeder pigs and breed sows are in broad demand.

Fat Cattle Auction Every Monday
10:00 A. M.

The market last Monday was a good steady market with choice cattle selling higher. The cow market was very active. Remember when you sell your cattle at Clear Lake, you have less trucking, less shrink, and many buyers. You rceive more net dollars.

SOME OF THE SALES WERE:
13 Blk whiteface steers top the sale wgt. 1168 at $27.55.
29 whiteface hfrs., wgt. 1095 at $26.95
28 whiteface hfrs., wgt. 1026 at $26.90
James Ballard, Forest City, 39 hfrs.
Walter Schmidt, Ventura, 27 Strs.
Melvin Pearson, Meservey, 31 Hfrs.
Elmer Peterson, Rockwell, 21 Steers.
Fred Paul, Greene, 34 Strs.
Fred & Don Feldman, Greene, 40 Strs.
Burt Anderson, Thompson, 15 WF hfrs. wgt. 1015 at $26.00.
AND MANY MORE.

Consign your fat cattle and butcher cows to the fat cattle auction. The commission is just 25c per hundred pounds.

MESERVEY NEWS

MRS. MOODY QUANDT

Women's club has Mason City pastor as guest speaker

The Meservey Federated Woman's club held its annual Guest Day last Friday afternoon at the EUB church, with Dr. George Truman Carl of the Mason City Methodist church as the guest speaker. His topic was, "Growing Old Gracefully."

Music was presented by Dorothy Ostendorf, Darlene Stadtlander, Susan Jurgenson, Mrs. Richard Halfpop and Mrs. Elmer Dorenkamp.

Gifts to the oldest woman and man present went to Mrs. Cora Ralston of Meservey and O. Brekke of Iowa Falls. Pouring at the tea table were president of the club, Mrs. Jacob E. Pals, and Mrs. Harold Blewett, a charter member.

Mr. and Mrs. Victor Nordman and family and Donald Dirks spent Sunday at the parental Harris home at Clarksville.

Sunday dinner guests at the parental Edward Kuhlers home were Mr. and Mrs. Marvin Woodfill of Ames, Mr. and Mrs. Edward Kuhlers, Jr., and Mr. and Mrs. Marilyn Kuhlers.

Postmasters meet at FC for dinner

Mrs. Robert Raecker and Mrs. C. John Clemons drove to Forest City a week ago Tuesday evening to attend the dinner meeting of the North Central Postmasters at the Hotel Forester. They were accompanied by Postmaster Lula Wilkins of Goodell.

Guests of the evening were Mrs. L. Gwen Lemley, field service officer from Waterloo, and Charles E. Price, assistant postmaster of Mason City, who both spoke briefly. A discussion and social hour followed.

GRIMES CLOVER BELLES

Regular meeting of the Grimes Clover Belles 4-H club was held April 5th at the home of Mary Brown, with nine members and two leaders present.

Janice Trampel gave a talk on the "Care of Shoes." Bertha Shaw gave a talk on "Storage of Winter Clothes." Diane Mennenga gave a demonstration on "Sewing on Fastenings." The girls then sewed on their skirts.

The club was glad to have Mrs. Brown and Bridgette as guests. Lunch was served.

Reporter

REFORMED CHURCH

Rev. Charles Johnson, Pastor
Worship service at 9:30 a. m.
Sunday school at 10:30 a. m.
Evening service at 7:30 o'clock.

Monday evening — Teachers' training for all teachers and substitutes.

Thursday, 2:00 p. m. — Guest Day at Dorcas society. 7:30 p. m. — Youth Fellowship.

April 26 at 8:00 p. m. — A mass meeting of five churches of this area at this church.

April 28 — Women's Spring Missionary conference at Dumont.

THREE BABIES BAPTIZED

Three babies were baptized at the Reformed church Sunday morning. They were Dana Andrew, son of Mr. and Mrs. Harry Kuhlers; Kurt Alan, son of Mr. and Mrs. Milton Kuhlers, and Michael Lee, son of Mr. and Mrs. Elmer Dorenkamp. Mr. and Mrs. Milton Kuhlers also became members of the Reformed church during the services.

Junior Women's club will exhibit furnishings

"A DARING ADVENTURE in residential design" is the description of the "dream house" designed by Edward Durell Stone, internationally known architect, shown in part above. It features 12 glass pyramid roof structures supporting hanging gardens, landscaped terraces, enclosed patios, plastic and fabric sliding panel room-dividers.

This is one of 48 different room settings in "The American Idea" home furnishings program which will be presented for the public next Wednesday at 8:00 p. m. by the Junior Federated Women's club at the Meservey school dining room.

Mrs. Ray Miller will read the commentary on the 56 slides. In addition to the dream house, the program includes 20 more room settings featuring special window treatments and fabrics, all functional, practical and keyed to present-day living.

A feature of "The American Idea" program presentation will be the award of a dress length of material to some member of the audience. The program will also include two films on cancer, shown by Mrs. Nathan Pals, the cancer chairman. Lunch will be served by the club members.

E. U. B. CHURCH

Rev. V. E. Shickell, Minister
Sunday school at 9:30 a. m.
Worship service at 10:30 a. m.
Evening service at 7:30 p. m.

Helping Hand Society meets Thursday. Devotions, Mrs. Elizabeth Fischer; hostesses, Ruth Koehler, Gloria Lage and Jeanette Shickell

Youth Rally, April 24 at Dumont church. The 117th Annual Conference of our church will be held in the Fort Dodge church May 3-6.

Mr. and Mrs. Eldon Shickell and Tamra of Nashville, Ill., visited Thursday at the parental Rev. and Mrs. V. E. Shickell home.

Mrs. Leonora Conlon of Clarion and Eva Schluter were dinner guests Sunday of Mrs. Amelia Zimmerman.

Donald Dirks, Joyce Nordman, Glen Greer and a college friend came last Thursday from Iowa State university at Ames to spend until Monday evening at their parental homes.

Mrs. Billy Smith accompanied by Mrs. Arnold Groen and Diann left Thursday morning for Edgerton, Wis., where they spent over Easter with the Harry Smith and Har- Woight families also with the John Miles family of Indiana.

Mrs. Harm Suntken, Mrs. A. Fred Sprau, Sharon Morris and Marianna Vierkant drove to Rochester, Minn., Tuesday of last week where they visited with Bonnie Lou Suntken who was a medical patient there. Bonnie returned home Saturday.

Jimmy Pals, son of Mrs. Vergene Pals, is the new Mason City Globe-Gazette carrier boy.

Mr. and Mrs. Enno Ostendorf returned home Friday from several weeks spent in Fair Oaks, Calif., in the home of their daughter, Mrs. John Grady.

Easter guests of Mr. and Mrs. Dave Enderson, Rodney and Colette were Mr. and Mrs. Louis Foss of Hampton, Mr. and Mrs. Enno Ostendorf, Mr. and Mrs. Henry B. Wendel and Mr. and Mrs. C. John Clemons.

Mr and Mrs. Garfield Raecker drove to Osage Sunday morning where they attended morning worship services at the Methodist church. They were guests of their daughter, Mrs. James E. Hungerford and family. Cheryl Hungerford joined the church during the services.

Guests in the Mervin Morris home Easter were Mr. and Mrs. Harlan Buseman and children of Thornton; Mr. and Mrs. Carroll Morris and family; Mrs. Anna Braga and Mr. and Mrs. William Morris.

Mr. and Mrs. Larry Braga and family of Mason City visited Sunday with his grandmother, Mrs. Anna Braga. They also called on Mrs. Grace Trager and sons in Belmond and in the Joe Kaduce home.

The Helping Hand Society of the EUB church purchased three Easter lilies for the Sunday church services after which they presented the lilies to Mr. and Mrs. G. Lauster, Theodore Wendel, both of Meservey, and to Mrs. Letha Strasburg, who is a patient in the Waas Nursing Home in Mason City.

Mrs. Lizzie Hopkey wnt to Latimer Tuesday and visited relatives there until Sunday when her nephew brought her home.

Sunday dinner guests at the Mrs. F. A. Lemke home were Mr. and Mrs. Harold Haberkamp and Mrs. Tillie Lemz of Garner, Mr. and Mrs. Ferd Lemke and Elizabeth Lemke. Afternoon visitors were Mrs. Leonora Conlon of Clarion, Mrs. Amelia Zimmerman and Eva Schluter.

Mrs. Edward (Bud) Kuhlers visited at the Clyde Smith home near Clear Lake Monday. She went to visit her former roommate and cousin, the former Vivian Smith, who was at the parental Smith home over Easter.

Sunday dinner guests at the parental Charles Waddingham home were Mr. and Mrs. Elmer Pals, Larry and Gary, Mr. and Mrs. Wayne Waddingham, Dorothy, Allen, Janice and Mr. Logan, Mr. and Mrs. Roger Monson of Alden, Lewis Dorenkamp and children and Grandma and Grandpa Kolb.

Sunday dinner guests at the Frank Guth home were the Everett Frink family of New Hampton, the Evertt Guth family of Klemme and the Eugene Guth family.

The Jake Pals entertained Sunday Mr. and Mrs. Walter Schmidt and children of Alexander and Mr. and Mrs. Merlin Ruiter and Roxie.

2 out of 5 feeders earn an extra 60¢ per hen per year

Recent studies made by research workers from a leading Midwestern state college disclosed that only 2 out of every 5 feeders are using enough supplement with their grain to make a balanced ration. This means that 3 out of 5 feeders are not feeding a balanced ration . . . are feeding a ration that results in lowered production and a deflated pocketbook. Feeders who rely on Purina Check-R-Mix automatically obtain a balanced ration . . . and can earn as much as an extra 60¢ per hen per year. Come in today, and let us prove it.

A simple turn of the Purina Check-R-Mixer dial gives these 2 farmers the latest research-proven formulas—suited exactly to their grains, and to their type of livestock and poultry. Check-R-Mix is today's scientific approach to low-cost production.

The profit of the earth is for all: the king himself is served by the field.
—Eccl. 5:9

Hampton's doin' it; Clarion ditto; let US do it, too!

From what City Clerk Lois Hammond tells us, street improvement is no dead issue so far as a considerable number of local propertyowners are concerned. Our front page editorial urging readers to call the city hall if sincerely interested in curb-and-gutter elicited a response from at least six dozen residents from all parts of Belmond. In more than a few cases, they declared that their interest in improved streets was shared by a number of neighbors.

There is not much question but what the response would have been greater except that persons living in a "questionable" block — one in which less than a majority of the propertyowners seemed likely to go along with a curb-and-gutter plan voluntarily — just didn't bother to make their own interest known.

What prompts us to persist in publicizing the opportunity that exists to get some curb-and-guter construction done here this summer — as an adjunct to that planned for Eastgate Addition — is the fact that both Hampton and Clarion have this month publicized street improvement programs surpassing the most ambitious Belmond has ever undertaken. And considering that these two neighboring communities (and trade rivals) already have streets that are generally for superior to ours, it strikes us as a point of reasonable envy.

Next Wednesday, Hampton is to hold hearing on a curb-and-gutter project involving about 100 blocks. When this undertaking was first announced several weeks ago. additional householders immediately wanted to have their streets included. As a result, the project has grown about 25 per cent in size and has been expanded to allow for some street widening as well as the originally planned curb-and-gutter.

The Hampton city council has clearly decided that improvements of this nature can be achieved only by honoring the sentiment of the progressive majority that favors the improvement. By awaiting a day when there would be no "hardship" cases or other minority objectors, Hampton has permitted 32 years to pass since its last, major street improvement project.

(Belmond has gone 41 years without permanent street improvement. The only street building done since 1919 was the Third street farm-to-market job, financed primarily with federal and state funds.)

Clarion calls its street project for this summer its "biggest residential paving project." May 6 has been set as the date for hearing on the paving of 62 blocks.

Just as in the case of Hampton, a smaller-scale project was initially planned — but as word got about that a street paving program was being formulated, a number of additional blocks insisted on being included.

Clarion last undertook a paving program in 1948-49 when about 40 blocks were surfaced. Prior to that, it had done its first paving in 1923. The Wright county seat now has 181 paved blocks and about 137 without. The new project will reduce the latter figure by about half.

. . . So that's how things are going elsewhere in the neighborhood. What Hampton and Clarion can do, we can do. It's as simple as that. A touch of aggressive leadership from our council, to give the "fors" a chance to express their opinion in a way that COUNTS, is what we need next.

Free medical aid—a bouquet too prickly to handle

Just where does the mysterious throng exist that seems to have the very bejabbers scared out of Congress on the matter of the Forand Bill — or some substitute legislation intended to socialize medicine for a sizeable portion of our elderly citizens?

We cannot think that people who lack the intelligence to see the fallacies in the Forand Bill and its like would ever be likely to mount a sufficiently well organized campaign of revenge to unsettle the sensible majority of legislators who are opposed to this greatest step yet toward socializing our government.

This thorny-branched nosegay of federal aid would be about the most expensive bouquet that John Q. Public has yet accepted as a gift from himself.

The medical profession has learned that, with the rapid spread of private hospital and medical insurance, many persons afflicted with minor or even imaginery ills seek frequent examinations and treatment simply because they are "entitled" to it. Frequent publicity on the effect of this hypochondriasm on the premium paid by the offender, himself, has been a deterrent to keep the practice from running entirely out of hand.

What the effect would be on the medical profession and the nation's hospital facilities if virtually all persons of age 65 and over felt "entitled" to luxuriate in unneeded medical attention and hospital care is a prospect unpleasant to contemplate. We don't mean to imply that all eligible persons would take unfair advantage, by any means; but this would constitute a problem far greater than the serious one which private insurance has created.

It is estimated (and when have not such estimates always erred on the conservative side?) that the cost of administrating would be counted in terms of several billions — billions that would have to be chalked up against the cost of maintaining our elderly citizens in good health but would actually contribute nothing directly to that end.

Even President Eisenhower has been talking in terms of a "substitute" for the Forand Bill, which would include hospital and medical benefits among those derived under Social Security by those reaching retirement age. We hope that this is only a delaying action on the President's part, to help consolidate the level-headed lawmakers in Congress against being stampeded into election-year foolishness.

Experience has proved all too conclusively that once a proposal such as the Forand Bill sets forth becomes law, it's pretty likely to REMAIN law forevermore.

"Fixin" streets a common pastime

The matter of chuck-holes in city streets continues to be a topic of some conversation. It is every spring. The subject is good for about a four to six weeks run. Then, after a week or so of dry weather and worst of the holes have been patched, the subject is pretty well forgotten.

Essentially the problem is, of course, that most town and city streets, including those in Iowa Falls, were hard surfaced long before our major highways were surfaced. Furthermore the city streets frequently carry a concentration of traffic much higher than those on the main highways. The combination of these two factors mean that these city streets are bound to show signs of deterioration — in the form of chuck-holes every spring — before your state and federal highways begin to break up.

WHEN THIS SITUATION DEvelops every spring there are cries, "We must do something about these streets; no matter what it costs we've got to do it."

Well, as a matter of fact, we have got to do something about our streets. And we are, in Iowa Falls. Last fall the strip on Rocksylvania from Oak street on past the hospital was resurfaced. Also the city has recently acquired some equipment which it believes will make the maintenance of our city streets, particularly during the winter and spring season, much more effective. In the past it has been necessary to wait for warm weather to do any real repair. With the new equipment it is hoped to be able to carry on maintenance work through the colder weather.

BUT THERE ARE STREETS that are beyond any help with a patching machine. There is nothing left to patch. To look after those situations city manager Don Nichols hopes to have enough extra money to carry on a little resurfacing work on at least occasional intervals. Maybe that will not be enough. Maybe we will have to grit our teeth, float a bond issue and really do our streets up in one fell swoop. Clarinda has recently announced plans along that line by floating $145,000 bond issue to resurface 95 blocks of its city streets.

What we are talking about when we say "fix the streets" is something between $1,000 and $2,000 per block. Whether by some improved maintenance and doing a little work each year (which is not easy because buying resurfacing in little dabs is not easy) will keep up with the deterioration of the streets remains to be seen. If it doesn't we'll have to grit our teeth and do what people say: "fix the streets." — **Iowa Falls Citizen**

Likes Jack Schroeder

The political parties have brought forth many candidates. Some have been brought out by their friends. Some are entering the race because they believe they can do a good job in the office they seek.

Both parties are beginning to settle to some extent on their favorites. In the Republican party race for nomination as the party's choice for Governor, Jack Schroeder seems to be taking the lead.

Jack Schroeder is a State Senator, has been in the legislature 10 years, and during the last session was the Majority Floor Leader for the senate. Thus he has the experience to make a good Governor.

He now seems to be taking the lead as his party's choice as Republican candidate for the Governor's office. There are others who seek the nomination but we believe that Schroeder is the leading candidate. — **Humboldt Republican**

"Southern" Iowan?

Maybe it is just what seventh district voters like, but if so they have forgotten all about why we fought a war between the states 100 years ago. I am referring to the vote by Congressman Ben Jensen on the civil rights bill.

Ben was the only Iowa congressman to vote with the South. He was one of 15 Republicans who did so. May the unknown dead on the great Shiloh battlefield rise up to haunt our congressman come Nov. 8.

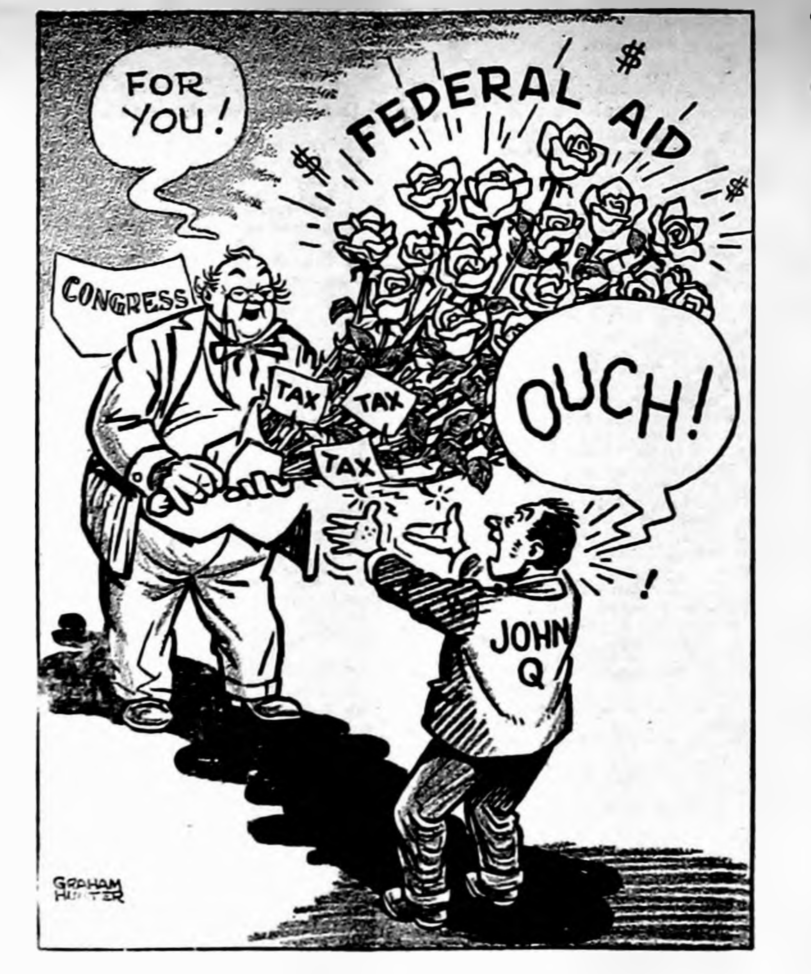
JENSEN WROTE HIS REPUBlican cohorts after the close general election of 1958 saying, "I will now rturn to Washington to vote with the Southern Democrats to save the nation from Fabian Socialism."

I know little of the Fabian Socialism he is saving us from, but I do know how dangerous it is for our country to maintain two classes of citizens.

How in the world can voters in this district hold up their heads and vote for a man who has cast his lot with the South to deny equal rights to colored men? — **Willard Archie in the Shenandoah Journal**

● **Well, this is a free country.** We'd prefer, however, that the voters could name the candidate by casting 35 per cent or more votes for him in the primary (rather than having it done in convention). One never knows when a scrap goes into convention whether the best man or the shrewdest politician will bring home the bacon! — **W. C. Jarnigan in Storm Lake Pilot-Tribune**

● **Since taste stems from the** sense of smell, the best way to keep your saliva flowing is to get into politics. — **Dale Ahern in Decorah Public Opinion**



SOME BOUQUET!

SCANNING THE HORIZON

WITH YE ED

THE OLD ORDER CHANGETH—

This year it finally happened. It's been somewhat a point of pride with Ye Ed to make out his own income tax returns. It wasn't the saving of a few bucks that prompted our determination to outwrestle the thing ourself (more than once we had a nagging suspicion that our do-it-yourself eccentricity was more probably COSTING us dough).

For sveral years we'd been having to play that federal form strictly by ear. We sure couldn't read the music. We knew WHAT Uncle Sam wanted. It was where and how that perplexed us.

Seemed like new forms began to make their appearance in that volume of tax data we got each year. We certainly didn't want to make Uncle Sam unhappy by disregarding the ingenuity of the Internal Revenue Service in dreaming up new forms. Consequently, we'd try to slop up this one and that one a little bit, just to show that our intentions were good.

Apparently whoever has been checking over our federal tax returns has been impressed by the natural justice of it all, because no one has come storming up to our front stoop red-eyed and breathing hard to scream, "You call THIS a tax return?"

We've tried to make it evident that we're a good loser — that we hold no rancor toward the IRS over this thing they've been doing to us yearly — and that we wouldn't keep a PENNY that Uncle Sam feels he has a better right to. Only a real clod could take any offense at the self-effacing way we've filled out those forms.

But year by year, the experience was becoming more terrifying. We've had the same sort of sensation traveling timidly through a pea-soup fog on a well traveled highway. Each new move may be the one that lays you by the heels — but you never know until it's too late.

This year, the deadline still a week away, we snapped a finger at our missus to assemble the evidence (usually we don't treat her in such cavalier fashion, but she learned by experience to let us exercise a few prerogatives when working on income tax). We'd just gotten things well spread around the dining room table, when a wave of revulsion struck us.

We'd had it! (The same thing happened to us with storm windows a couple of autumns ago.) We calmly announced to our helpmate that never again, so long as we live, were we EVER going to tussle with another income tax return. A weight roughly approximating that of the pyramid of Cheops lifted itself from our shoulders.

We smiled benignly at our two youngest as they blasted by like a pair of satellites leaving the launching pad. A moment before, our decision not yet made, we'd have sent them cringing to bed wondering what gave with the old man.

Now that we've made up our mind, we wonder why we didn't decide this long ago. Tangling with those confounded forms always loused up what otherwise might have been the advent of a perfectly lovely spring. We suffered for weeks by delaying the inevitable ordeal — so our unhappiness was compounded by desperation by the time we finally got at it.

Well . . . . No more, by golly! And we can already see one of the little extra dividends of having someone else make out those returns for us. When we did it to ourself, there seemed to be little satisfaction in taking offense at the tax figure ultimately arrived at. Now, when we call on our agent to pick up our completed form, we'll take a slow look at the tax amount — then we'll GLARE at the son-of-a-gun who worked it out.

We can think of few smaller satisfactions in life than going to the mirror and glaring at YOURSELF after filling out an income tax form — though we used to feel like doing it.

From here out, the only painful thing about OUR income tax is going to be the size of the bill.

ONE BRAG TOO MANY—

Guess Ye Ed bragged one time too often regarding the fact that in 10½ years here at Belmond the flu bug had been able to knock the pins out from under him only once — and then, for just a half day.

A week ago Monday, we were losing our pep; on Tuesday, we got to the point that we didn't much care if a paper got out or not; and after doing some final proof-reading and making up the front page Wednesday a. m., we crawled into the sack at noon and pretty much stayed in one spot until 7:00 o'clock the next morning.

Thursday and Friday we went through ineffectual motions at the office, in between occasional catnaps at home. By Saturday noon, we had the smallest amount of copy set in type that we've had for any issue since we took up the editorial reins here in late October of 1949.

The cough produced by this particular bug is a doozy; for about four nights we got only fitfull slumber, spending most of our time hacking like a poorly adjusted steam engine. Saturday afternoon we asked our "doc" for some palliatives — and, particularly — for something that would permit us to get a bit of sleep that night.

He sure did it! From the time we started on those medications, we probably haven't had over 30 lucid minutes in a row. Trying to read the paper Sunday we'd find we'd dropped off in the middle of a sentence, rousing to finish it maybe half or three-quarters of an hour later.

As we bat out these few remarks Sunday night at the office, we can't see how we'll manage to get a paper out this week. At the same time, we KNOW it will come about . . . May be a heck of an issue, though.
